As we move to meet the educational needs of working adults in a mobile society, our conception of the university must extend beyond place and embrace process. An adult university cannot be campus bound, rather its borders must be defined by the lives of its students.

Dr. John G. Sperling
Founder

Annual Security Report Notice

The University of Phoenix annual security report includes statistics for the previous three years concerning reported crimes that occurred on campus, in certain off-campus buildings or property owned or controlled by the University, and on public property within, or immediately adjacent to and accessible from, the campus. The report also includes the sex offender registry, institutional policies concerning alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, and other related matters. You can obtain a copy of this report by contacting your local Campus Security Authority or by accessing the following Web site: http://www.phoenix.edu/about_us/campus-safety.html.
ADDENDUM - SUMMARY OF POLICY UPDATES ADDED TO THE CATALOG ON MAY 1, 2016

GENERAL POLICY UPDATES
• The Corporate Partnerships-Credit Recommendation Guide and Prior Learning Assessment Submission Posting and Fees sections were updated. (see UNDERGRADUATE PROGRAMS)
• The State and International Licensures section was updated. (see CONSUMER INFORMATION)

PROGRAM POLICY UPDATES
• The Professional Focus for the AA/PF was updated. (see UNDERGRADUATE PROGRAMS- COLLEGE OF HUMANITIES AND SCIENCES)
• The Additional Admission Requirements for the MAED/TED-E (Utah) were updated. (see GRADUATE PROGRAMS- COLLEGE OF EDUCATION)
• The Candidacy Status for the MAED/TED-E (Utah) was updated. (see GRADUATE PROGRAMS- COLLEGE OF EDUCATION)
• The Additional Admission Requirements for the MAED/TED-S (Utah) were updated. (see GRADUATE PROGRAMS- COLLEGE OF EDUCATION)
• The Candidacy Status for the MAED/TED-S (Utah) was updated. (see GRADUATE PROGRAMS- COLLEGE OF EDUCATION)
• The Additional Admission Requirements for the MAED/SPE (Utah) were updated. (see GRADUATE PROGRAMS- COLLEGE OF EDUCATION)
• The Candidacy Status for the MAED/SPE (Utah) was updated. (see GRADUATE PROGRAMS- COLLEGE OF EDUCATION)
• The Additional Admission Requirements for the BSED/E (Utah) were updated. (see UNDERGRADUATE PROGRAMS- COLLEGE OF EDUCATION)
• The Candidacy Status for the BSED/E (Utah) was updated. (see UNDERGRADUATE PROGRAMS- COLLEGE OF EDUCATION)
• The course title for ADMIN 510 was updated. (see GRADUATE PROGRAMS-COLLEGE OF EDUCATION)
• The course title for EDU 430 was updated. (see UNDERGRADUATE PROGRAMS-COLLEGE OF EDUCATION)
• The course title for MTE 503 was updated. (see PROFESSIONAL PROGRAMS)

Beginnings -- A Brief History

In 1976, the leading edge of the Baby Boom generation was just turning 30. That same year saw the introduction of the first personal computer, the Apple I -- an event that signaled the birth of a new economic system in which intellectual capital would eventually supplant industrial might as the dominant economic force. These milestones marked the beginning of a sea of change in higher education, though many (perhaps even most) within that system did not recognize it at the time.

Considered together, these phenomena suggested that the jobs that would make up the workforce of the future were only just beginning to be created or imagined. In order to fill those jobs, the bulk of the new workforce would require higher-level knowledge and skills than those needed in a manufacturing economy. At the same time, the largest-ever age cohort of the population, adult learners, would be going through the stages of life during which they would be most affected by the coming economic dislocation and would need advanced education to adapt to these changes.

It was in this historical context in 1976 that Dr. John Sperling, a Cambridge-educated economist and professor-turned-entrepreneur, founded University of Phoenix. Sperling anticipated the confluence of technological, economic, and demographic forces that would in a very short time herald the return of ever larger numbers of adult learners to formal higher education.

In the early 1970s, at San Jose State University in San Jose, California, Sperling and several associates conducted field-based research in adult education. The focus of the research was to explore teaching/learning systems for the delivery of educational programs and services to adult learners who wished to complete or further their education in ways that complemented both their experience and current professional responsibilities. At that time colleges and universities were organized primarily around serving the needs of the 18-22 year-old undergraduate student. That is not all that surprising, given that the large majority of those enrolled were residential students of traditional college age, just out of high school. According to Sperling adult learners were invisible on the traditional campus and were treated as second-class citizens.

Other than holding classes at night (and many universities did not even do this), no efforts were made to accommodate their needs. No university offices or bookstores were open at night. Students had to leave work during the day to enroll, register for classes, buy books or consult with their instructors and advisors. Classes were held two or three nights per week and parking was at the periphery of a large campus. The consequence, according to Dr. Sperling was that most adult learners were unable to finish a four-year program in less than eight years, or a two-year program in less than four years (Tucker, 1996, p. 5).

Sperling’s research convinced him not only that these underserved learners were interested in furthering their educational goals, but also that this group differed from their more traditional counterparts in significant ways. He saw a growing need for institutions that were sensitive to and designed around the learning characteristics and life situations of a different kind of learner population. He suggested ways for institutions to pioneer new approaches to curricular and program design, teaching methods, and student services. These beliefs eventually resulted in the creation of University of Phoenix, and they continue to this day to inspire the University’s mission, purpose, and strategies. As an institution, University of Phoenix is unique in its single-minded commitment to the educational needs of non-traditional students, who in fact today make up the majority (73 percent) of all college enrollees. This focus informs the University’s teaching and learning model approach to designing and providing student services, and academic and administrative structure. It also guides the institution as it plans and prepares to meet the needs of the next generation of learners. Over the last three and a half decades, the University of Phoenix has been cause-driven working to build an institution with the agility to address directly the shifting economic and academic challenges that many students face. Dr. Sperling’s predictions concerning the innovations higher education would be required to make have come to pass. Today roughly 45 percent of all college students work at least part-time and approximately one quarter of all students have dependent children. The educational tenets set forth by Dr. Sperling in 1976 now apply to the majority of college students in the United States.

The University’s growth has been fueled by constant innovation, and ongoing efforts to improve the learning experience through advanced technology. The University has grown from a degree-completion institution serving an audience of mostly middle managers wishing to complete their education and excel in the workplace, to a comprehensive university serving students of all ages from the associate through the doctoral degree levels.

Official School Colors

University of Phoenix Official School Colors are University of Phoenix Red and University of Phoenix Platinum. These are custom colors and proprietary to the University.

Ownership Information

University of Phoenix, Inc. is a wholly-owned subsidiary of Apollo Education Group, Inc. (the “Parent”). The Parent’s voting stock (Class B Common Stock) is 100 percent held by management. The Parent has one class of non-voting stock (Class A Common Stock) which is publicly traded on the NASDAQ Stock Exchange under the symbol “APOL”. The Parent files quarterly and annual financial statements with the Securities and Exchange Commission and these are available to the general public. The University’s central administration offices are located in Phoenix, Arizona.

Our Mission Statement

University of Phoenix provides access to higher education opportunities that enable students to develop knowledge and skills necessary to achieve their professional goals, improve the performance of their organizations, and provide leadership and service to their communities.

Our Purpose

- To facilitate cognitive and affective student learning-knowledge, skills, and values- and to promote use of that knowledge in the student’s workplace.
- To develop competence in communication, critical thinking, collaboration, and information utilization, together with a commitment to lifelong learning for enhancement of students’ opportunities for career success.
• To provide instruction that bridges the gap between theory and practice through faculty members who bring to their classroom not only advanced academic preparation, but also the skills that come from the current practice of their professions.
• To provide General Education and foundational instruction and services that prepare students to engage in a variety of university curricula.
• To use technology to create effective modes and means of instruction that expand access to learning resources and that enhance collaboration and communication for improved student learning.
• To assess student learning and use assessment data to improve the teaching/learning system, curriculum, instruction, learning resources, counseling, and student services.
• To be organized as a private institution in order to foster a spirit of innovation that focuses on providing academic quality, service, excellence, and convenience to the working student.

Accreditation and Affiliations

Regional Accreditation
University of Phoenix is accredited by The Higher Learning Commission (http://hlcommission.org).
The Higher Learning Commission
230 South LaSalle Street, Suite 7-500,
Chicago, Illinois 60604-1413

College of Education and Education Programs
The College of Education has approval for education programs through the following state agencies:
• Arizona Department of Education
• California Commission on Teacher Credentialing
• Colorado Department of Education
• Florida Department of Education
• Hawaii Teacher Standards Board
• Indiana Department of Education
• Missouri Department of Elementary and Secondary Education
• New Mexico Public Education Department
• Nevada Department of Education
• Texas Education Agency
• Utah State Office of Education

Programs vary by state. Not all programs are approved in all states.

College of Social Sciences and Counseling Programs
The Master of Science in Counseling Mental Health Counseling (offered at physical campus locations in Utah) and Master of Science in Counseling Clinical Mental Health Counseling (offered at physical campus locations in Arizona) are accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP®). For additional information, visit cacrep.org.

(CACREP)
1001 North Fairfax Street, Suite 510
Alexandria, VA 22314
(703) 535-5990
http://www.cacrep.org

The University also maintains voluntary memberships with numerous educational organizations, including the American Council on Education, the Association of American Colleges, the American Association for Adult and Continuing Education, the American Association for Higher Education, National Association of Schools of Public Affairs and Administration, the Council for Adult and Experiential Learning, the College and University Personnel Association, the Pacific Association of Collegiate Registrars and Admissions Officers, the American Association of Collegiate Registrars and Admissions Officers, the Independent Colleges and Universities of Arizona, the American Association of Colleges of Nursing, National League for Nursing, the National Board for Certified Counselors, the National Association for Foreign Student Admissions, Association of International Educators, the National Association of Veterans Program Administrators, the Service Members Opportunity College, and Defense Activity for Non-Traditional Support. Additionally, the University maintains memberships in various professional, program specific organizations.

Academic Programs

Undergraduate and graduate programs at University of Phoenix are offered in business and management, nursing and health sciences, education, criminal justice, social sciences, natural sciences, humanities, and information technology. Undergraduate students are required to complete general education requirements that are distributed across traditional liberal arts categories and interdisciplinary components. General Education requirements are described in greater detail in the Undergraduate Programs section of the catalog. Not all programs are offered at all campuses. Specific programs offered are listed later in this catalog.
Enrollment and Student Profile

As of the second quarter ending February 28, 2014, University of Phoenix had an enrollment of 250,300 students and had expanded to in excess of 190 campuses and learning centers in 40 U.S. States as well as locations in the District of Columbia and Puerto Rico. Additionally, University of Phoenix offers degree programs globally through its online delivery system.

According to students responding to a registration survey during fiscal year 2013, the average student is in his or her mid-thirties. Gender of entering students is approximately 66 percent female and 34 percent male. Approximately 48 percent of entering students reporting belonged to an ethnic minority.

University Library

The University of Phoenix Approach to Library Services

As busy working professionals, our students and faculty members know how difficult it can be to travel to a distant library and match their schedules to library building hours. To accommodate student and faculty needs, University of Phoenix offers library services online. This online distribution of information is well suited to the needs of today’s “knowledge workers” and offers a functional version of the types of information systems University of Phoenix students and faculty will be expected to use throughout their careers. The core of our library web site is a collection of digital resources available to all students and faculty at any time and from virtually any location where an Internet connection is available. In addition to our University Library, the library maintains selected links to other worthwhile sites on the web and provides user education and research assistance.

The online distribution of information is not only optimally matched to the needs of working professionals, but also allows for equitable sharing of library resources among students and faculty members at all University of Phoenix learning centers and in our distance education programs. Instead of encountering disparities in library resources between large and small learning centers and between on-campus and online students, all library users enjoy access to the same broad spectrum of resources regardless of where and how they attend class.

For more information, please see your Library Handbook or contact the University Library at library@phoenix.edu.

What is in the University Library?

Access to hundreds of thousands of eBooks, reference materials, scholarly journals, and periodicals all selected for their relevance to each University of Phoenix degree program are contained in the University Library’s resources. Financial reports on over 10,000 public companies and a variety of directories and other reference publications are also available. In addition, the University Library has a collection of multimedia available, including videos, images, and audio files, on a variety of topics. Many of the resources found in the University Library are academic products made available through license agreements with content providers and are not accessible to the general public like web pages found through an Internet search engine.

Getting Started with the University Library

To get started using the University Library, students and faculty members should follow these steps:

- Visit the student and faculty website https://ecampus.phoenix.edu/
- This is the same website used to obtain course modules, grades, and other University of Phoenix resources and services.
- After logging into the student and faculty website, select the Library tab and then the Library Library link to enter the University Library.
- Select an appropriate resource and begin research.

Electronic Reserve Readings

In addition to the University Library resources for research by topic, University of Phoenix staff members also maintain Electronic Reserve Readings for individual courses. These pages provide links to materials relevant to the course curriculum. Links to Electronic Reserve Readings, when available, are listed on course pages within eCampus.

Additional Resources for Help

- Reference services allow users to receive direct and in-depth reference assistance from accredited librarians.
- Interlibrary loan and documents retrieval services allow users to request a document or book not available in the University Library. Specific timelines and rules apply to this service.
- Video based research tutorials provide users with timely information which build research skills.
- Resource recommendations by subject can be found by utilizing our Choose Resources by Subject and Subject Guides on the library homepage.
- The FAQs on the homepage of the University Library contain answers to “Frequently Asked Questions” received by the library.
- The Library Handbook includes detailed information on the library collection as well as helpful tips on conducting research.

How to Contact the University Library

Student Technical Support 1-877-832-4867
Email library@phoenix.edu

International students and faculty can reach Tech Support at 1-602-387-2222. Callers should identify themselves as international students or faculty and give a call back number. Tech Support will call back to minimize phone charges.

Current Resources of the University Library

For a current list of resources in the University Library, please refer to the Library Handbook. Students, staff, and faculty can also view the full listing of the University Library’s resources by clicking the View All Resources Alphabetically link on the University Library homepage.
The University of Phoenix, 2015-2016
THE UNIVERSITY’S TEACHING AND LEARNING MODEL

The mission of University of Phoenix is to provide access to higher education opportunities that enable students to develop the knowledge and skills necessary to achieve their professional goals. As a result, the University’s teaching and learning model is grounded in the theoretical and empirical literature of learning and cognitive psychology. The University employs best practice from recent education literature, as well as best service practices that enhance the academic experience for students who are new to higher education. This combination increases student retention and successful degree completion.

Active Learning

The model is based first on the assumption that the learner’s active involvement in the learning process is essential to good practice. Thus, in all modalities University of Phoenix classrooms are intended to be dynamic learning spaces. Instructors are expected to serve as facilitators of learning who manage the learning process by engaging learners in a variety of activities (lectures being but one) that lead students to an understanding of course content and the development of academic and professional competence. By involving students in a variety of learning activities, respect is demonstrated for diverse ways of learning and knowing. Interaction and participation in classes and Learning Teams is expected of those students in the bachelor and master degree programs. Students pursuing an associate degree at the Online Campus (excluding AACR & AAPF) are involved in collaborative learning activities, and a small number of courses may require participation in formal Learning Teams.

Collaboration

The effectiveness of cooperation and collaboration in enhancing learning is well and widely documented. Structures that encourage and facilitate collaboration are central to the University’s teaching and learning model. Working students frequently come to formal learning activities with greater life and work experience. This means that learners themselves can be invaluable resources in enhancing their own and others’ learning. Traditional pedagogy emphasizes a top-down, vertical transfer of information. Students with rich and varied experience find benefit in instructional practices that encourage collaboration. This adds a robust horizontal dimension to the learning exchange as students teach and learn from one another. Good practice in education capitalizes on this dimension to the students’ advantage.

Emphasis on Application and Relevance

There is wide agreement in the literature that students learn best when bridges are built between new knowledge and the learners’ experience. Practices that encourage reflection and application are based on the recognition that a learner’s experience provides a context through which he or she is more able to construct meaning from new information. It also makes learning relevant to the learners. In University of Phoenix courses, students’ experiences and current circumstances are interwoven with subject matter in class discussions as well as in individual, team and other collaborative assignments. Real-world relevance is critical to basic comprehension as well as to maintaining student interest. Students very often say they are able to apply at work the next day what they learned in class the night before.

University-Wide Learning Goals

The University’s faculty leadership has established five broad learning goals that guide curriculum development, instruction, learning assessment, and program evaluation and improvement. The University Learning Goals are:
1. Professional Competence and Values
2. Critical Thinking and Problem Solving
3. Communication
4. Information Utilization
5. Collaboration

The intent is to help all University graduates attain levels of theoretical and practical disciplinary knowledge appropriate to the levels of degrees or credentials they are earning, while developing competence in essential intellectual and social processes that will enable graduates to practice their professions successfully.

Curriculum

The University’s curriculum is faculty-developed and centrally managed by a team of college staff and instructional designers with objectives and outcomes that are carefully defined. Individual instructors have the responsibility to expand and enhance the basic curriculum by augmenting it with current resources and practices. The curriculum is under continual content and quality review.

Awarding Credit Hours

Credit hours are awarded in accordance with common practice among institutions of higher education. Course content and outcomes are determined by faculty and are delivered in a format informed by adult learning principles and aligned to Carnegie unit guidelines. Achievement of outcomes related to the awarding of credit hours is measured using standard national benchmarks. The curriculum at University of Phoenix is faculty-developed and centrally managed. Instructional strategies include the use of synchronous and asynchronous activities inside and outside the online and/or physical classroom and are designed to be outcome-focused and engaging. To ensure the appropriate level of curriculum coverage and rigor, students are required to participate in weekly classroom-based learning activities including direct faculty instruction and collaborative activities, and/or additional hours of faculty-directed student engagement using a variety of instructional strategies and online learning activities, which are designed to support the course topics and objectives.

The table below summarizes the minimum required number of hours of faculty-directed (instruction) and student directed (homework) learning activity engagement for each credit award value at all credential levels. Additionally, the table includes the minimum course duration (in weeks) for each credit value necessary for faculty to effectively cover course content, and for students to reasonably assimilate the information, based upon federal guidelines and commonly accepted practices in higher education. All courses which award college credit shall conform to these minimum required hours.

</tbody>
</table>

*Average hours per week, assumes student is generally taking one class at a time.  
Doctoral residencies, laboratory work, internships, practica, studio work, student teaching, clinical hour, and other course formats as established by the University may deviate from the minimum required duration of a course in total weeks. However, alternatives of these course types leading to the award of credit hours must still reflect at least an equivalent amount of work (i.e., time on task) as outlined in policy.

Program length is determined by faculty in accordance with common practice among institutions of higher education. The following list reflects the minimum number of credits generally required at each credential level.

**Degree Level & Minimum Total Semester Credits:**
- Associate Degree: 60 credits
- Bachelor Degree: 120 credits
- Master’s Degrees: minimum 30 credits beyond the Bachelor Degree
- Ph.D. or Applied Doctorate: minimum 30 credits beyond the Master’s Degree

**Access and Convenience of Time and Place**

The University’s goal is to make access to programs and services available to all those who wish to avail themselves of them and to work to completion of a degree program.

University of Phoenix campus-based programs are offered at times and in places that are convenient to adult learners. Classes are held primarily in the evening and on weekends when learners are most likely to need access. Wherever possible, campuses and learning centers are located at strategic locations near major freeways and thoroughfares that permit convenient access.

Access in the 21st Century means many different things. To the student in rural America or the working parent with children at home, access may be possible only through an Internet connection. Those students usually work toward their degrees through courses offered Online or via FlexNet®, a combination of classroom and online learning.

**Program Format**

University of Phoenix is a non-term institution and does not operate according to a traditional academic calendar. New student cohorts can begin at any time. Typically, graduate courses at University of Phoenix meet for six consecutive weeks and undergraduate courses meet for five weeks. Classes delivered via the online modality meet asynchronously throughout each course week. Campus-based classes meet once per week for four (4) hours. When a course ends, the next course usually begins the following week. This intensive calendar allows students to achieve their educational goals in a more time-efficient manner. The University’s low student/faculty ratio and class size that averages 13-15 students facilitate active learning and collaboration and encourage time-on-task. As a rule, bachelor and graduate degree seeking students take only one course at a time. This allows them to focus attention and resources on one subject, a structure that enhances learning and helps students balance ongoing professional and personal responsibilities.

**Class Size**

Minimum and maximum class size may vary by college, course, and location. Some Schools and Colleges may determine a specific minimum and maximum class size given the curriculum and learning model.

**Learning Teams**

In addition to regular course instructional sessions, bachelor’s and master’s level students work in Learning Teams. Learning Teams are small groups of three to six students drawn from within the larger cohort. Learning Teams are an essential design element in the University’s teaching and learning model through which students develop the ability to collaborate -- an ability expected of employees in information-age organizations and one of the University’s primary learning goals. Due to the unique teaching and learning model and objectives, students enrolled in an associate degree program at the Online Campus (excluding AACR & AAPF) usually do not participate in Learning Teams, but are encouraged to collaborate and participate in classroom assignments.
All students enrolled in degree programs and/or designated certificate programs using the learning team model must meet learning team attendance policies. Teams may meet in person or via teleconference, real-time electronic conferencing, or asynchronous meeting in the classroom team forums. Students must indicate their participation in the learning team meetings and/or assignment deliverables. Students are expected to actively participate in the team's activities. Students attending a local campus must acknowledge participation in their learning team each week in the Assignments section of eCampus. At the end of each course, students are given the opportunity to evaluate the contributions of each team member to the accomplishment of team goals.

**Faculty**

University of Phoenix faculty members are accomplished managers, technology leaders, professional educators, corporate executives, financial officers, healthcare and human services professionals, and leaders in other professional arenas. A listing of faculty may be obtained at each local campus and/or in the appendix pages at the end of this catalog. Faculty Lists are also published for each college and school on www.phoenix.edu.

**Staff Screening**

All external candidates must have a new background check submitted each time they are being considered for a position with the University. The background check must be completed prior to the start date.

**Student Technology Recommendations and Competencies**

In an effort to assist students with adequate preparation for their course work at the University of Phoenix, technology recommendations and competencies have been established. These recommendations and competencies are in effect for the School of Advanced Studies, School of Business, College of Education, College of Information Systems and Technology, College of Health Professions, College of Security and Criminal Justice, College of Humanities and Sciences, College of Social Sciences, and the School of Continuing Education. To that end, students will need to access and use the hardware and software as described below. Additional recommendations and competencies may be required for particular courses/programs. Students using software and hardware other than that recommended must still meet the technology competencies. Please note that due to the rapid rate of change in information technology, hardware and software competencies will be updated on a regular basis. Some courses in the College of Information Systems and Technology may require additional software.

**Technology Recommendations**

**Hardware and Peripherals**

You need access to a computer with the following.

- A processor of 2 GHz or faster
- 4 GB RAM or greater
- A high speed internet connection with a connection speed of 1.5 MB/s or better.
  - The use of satellite and cellular connections may result in slowness or errors (timeouts, access problems) when accessing the classroom and course materials
- The use of public access computers and internet (for example, at restaurants and public institutions such as libraries) may result in slowness or errors (timeouts or access problems) when accessing the classroom and course materials. Public access computers may not permit any access to certain course materials or systems due to security limitations.
- Monitor and video card with 1024x768 or greater resolution
- Speakers/Headphones and Microphone
  - Public access computers may not permit usage of speakers, headphones or microphones.
- A web camera capable of video web conferencing
  - Public access computers may not permit usage of web cameras.

A DVD/CD-ROM drive may be needed to install software in select courses

**Software and Applications**

You need access to and familiarity with the following items.

<table>
<thead>
<tr>
<th>Operating System</th>
<th>Minimum</th>
<th>Recommended</th>
</tr>
</thead>
<tbody>
<tr>
<td>Microsoft® Windows®</td>
<td>Windows 7</td>
<td>Windows 8 or higher</td>
</tr>
<tr>
<td>Apple® MacOSx</td>
<td>MacOSx 10.9</td>
<td>MacOSx 10.10 or higher</td>
</tr>
</tbody>
</table>

**Web Browser**

<table>
<thead>
<tr>

<tr>
<td>Google Chrome</td>
<td>35 or higher</td>
<td>39 or higher</td>
</tr>
<tr>
<td>Mozilla Firefox</td>
<td>31 or higher</td>
<td>34 or higher or 31 ESR</td>
</tr>
</tbody>
</table>

Please note that newer browser versions incorporate security fixes and newer technologies, which may often lead to a better user experience.
Current browser versions are recommended when the option is available.

**Additional Software**
- Microsoft® Office 2010 or later for a personal computer (PC), Microsoft® Office 2011 for a Mac.
- An up to date installation of Adobe® Reader
- An up to date installation of the Adobe® Flash plug-in
- An up to date installation of Java® may be required for some courses
- A system enabled to allow installation of browser plug-ins as required
- Local administrative privileges to operating system may be required
- A current antivirus application (updated regularly)

Some courses may require the purchase of additional software including
- Microsoft® Visio
- Microsoft® Project

**Mobile Devices**

Students are required to have access to a PC or Mac but may use a mobile device such as a phone or tablet as a secondary means of access with the University of Phoenix mobile app.

Access to website functionality and required course materials may be limited on mobile devices.

**College Specific Requirements**

**The College of Information Systems and Technology**

The College of Information Systems and Technology may require access to additional software. Software currently provided by the University on the student website is subject to change and may require students to purchase or obtain access to the software.

Please look for updated software requirements in your course. Students must have access to a Mac computer to complete iOS mobile coursework or the latest Windows operating system to complete Windows mobile coursework. These courses are options in the BSIT/Mobile Development concentration and the Advanced Mobile Development Certificate and as individual courses as electives.

**School of Advanced Studies**

The School of Advanced Studies requires doctoral learners to bring a laptop computer to residencies.

**College of Education**

The College of Education may require access to additional software and hardware for the purpose of meeting individual state mandates. You may be required to submit video clips during your program to meet assignment, assessment, and licensure requirements.

You may be required to purchase or obtain access to relevant software and hardware. Please look for updated software/hardware state specific requirements in your courses, including student teacher practicum.

**eCampus: Student and Faculty Portal**

Ecampus is a secure multifunctional electronic gateway to student services, the University Library, class schedules, course materials, the electronic class environment, assignment feedback and grade reports, as well as transcripts. eCampus is accessible 24/7 and requires no special software. Students can login to eCampus from any computer and Internet Service Provider. Student resources on eCampus include the University Library, eBooks, Media Library, Center for Writing Excellence, Center for Mathematics Excellence, student workshops, Life Resource Center, and Phoenix Career Services.

When students are admitted to a program, they are provided with all the information needed to connect to eCampus. Each student’s eCampus login credentials are unique; students must not share their login credentials with anyone.

University of Phoenix students attend class on-campus, online, or in a hybrid modality known as FlexNet®. Regardless of modality, all students use the same materials for a specific course, have access to all student resources available on eCampus, and turn in assignments by accessing assignment links on eCampus.

Discussions and participation during online class weeks are asynchronous, so there is no need to be online at a specific time during each online class week. Class discussions are private, limited to members of the class.

University of Phoenix authorizes Directors of Academic Affairs, Campus Academic Directors, Campus College Chairs, and certain university administrators as well as certain faculty to review submissions to the electronic class environment and to assignment links to assist in the resolution of grade disputes, grievances, and charges of academic dishonesty, as well as to confirm and/or investigate other academic-related issues as necessary.

**Classroom Recording Policy**

Students may only make audio and/or video recordings of University of Phoenix class presentations, activities, and discussions if they meet one or more of the following criteria:
- the recording occurs with the prior written consent of the faculty teaching the class and of all students in the class at the time of the recording
- there is a documented University of Phoenix Disabilities Service Office authorized accommodation requiring recording of specific parts of a class session

Faculty wishing to make audio or video recordings of class presentations, activities, and/or discussions must obtain prior written permission of the campus Director of Academic Affairs and of all students in the class at the time of the recording.

If a class recording is made with appropriate authorization, unless there is clear and unambiguous prior written approval to the contrary, the recording must not be copied or shared with others, posted on a website to which others have access, or disseminated in any other manner, but shall be used for personal class-related study purposes only by the individual who made the recording.
UNIVERSITY POLICIES

Calendar
The educational mission of the University of Phoenix is to provide access to higher education opportunities that enable students to develop the knowledge and skills necessary to achieve their professional goals, improve the productivity of their organizations, and provide leadership and service to their communities. A student could begin a degree program in virtually any month of the year. This calendar allows the adult student to balance the demands of career, family, and education.

Students qualifying for financial aid may receive a new award each academic year. An academic year is defined as the period of time in which a student completes at least 24 credit hours and 30 weeks of instructional time. Therefore, students may have their eligibility assessed for grants and/or loans several times during their program of study. The average processing time for financial aid is 90 days. Students should reapply for financial aid prior to the start of each new academic year.

Course Equivalencies
Equivalent courses are University approved courses that act as an acceptable alternative to a required course, as determined by the College and may apply to a program in place of a required course. Courses must have substantially similar content, course objectives, and/or learning outcomes. The equivalencies are subject to change based on program update or College need. Equivalent courses must be an equal level or higher, and have the same number of credit hours or higher.

Combination equivalencies are used when the content of two or more courses taken together are deemed to have substantially similar content, course objectives, and/or learning outcomes to the content of one course. Unless stated, when a combination of multiple courses is used to satisfy an equivalency with a course, the excess credits from the combination may apply towards the Additional Liberal Arts, Interdisciplinary, and/or Elective requirements for the program.

If all courses needed to satisfy a combination equivalency are not completed, the equivalency will not be satisfied. Students should complete the required course as outlined in the program policy. When two equivalent courses are completed, only the most recent course completed will be counted for credit and grade point average calculations.

The College may also provide course options which are not direct equivalencies to the required course, but which the College has determined to be acceptable alternatives to a required course for a specific program.

Course Cancellation
The University of Phoenix may be required to cancel courses or programs when necessary. In addition, courses or programs may not begin on their scheduled start dates in the event of certain circumstances, such as faculty unavailability or insufficient enrollment. In such situations, the University will work with students in an effort to provide them with the opportunity to reschedule or to transfer to a comparable University course or program if available. Any payments made for cancelled courses will be refunded or applied to another University course or program. All attempts will be made to address such cancellations with registered students as early as possible.

Directed Study
With approval of the Campus Director of Academic Affairs or designated appointee, students may complete Dean approved courses, as available, via Directed Study delivery as outlined below:

- Degree program enrollment: a maximum of twelve (12) completed credits in the program
- Credit bearing certificate program enrollment consisting of four or more courses: a maximum of three (3) completed credits in the program
- Deployed active duty military students: a maximum of (15) completed credits per academic year upon providing official documentation of the deployment timeframe to their local campus

Concurrent Enrollment
Concurrent enrollment is defined as simultaneous enrollment. This refers to enrollment in any two University courses. Students enrolled in courses outside the University are excluded from the definition. Courses will be considered concurrent when start and/or end dates overlap.

- Students enrolled in an undergraduate or graduate degree program may not enroll in more than two credit bearing courses concurrently.
- Students enrolled in an Online Associate degree program may not enroll in more than three credit bearing courses concurrently.
- Concurrent enrollment in the first four courses is prohibited for all new students.

Dual Enrollment
Any student planning to complete both an associate of arts degree
and a baccalaureate degree must complete all required credits of the associate degree and meet admission requirements for their chosen degree before enrolling in any University baccalaureate degree program.

There is no dual enrollment between Degree Seeking Students from University of Phoenix and Online Associate programs with the exception of AAPF.

**Multiple University Degrees**

Students may earn multiple credentials from the University of Phoenix. The following policies apply:

- Only one degree in a specific discipline may be earned at each program level (i.e., associate, undergraduate, graduate); however, students can earn multiple degrees in different disciplines.
- Students may earn only one certificate in a specific discipline at each course level (lower division, upper division, graduate).
- Programmatic residency must be met for each credential through the completion of a prescribed minimum number of unique University of Phoenix credits.
- Graduate degree-seeking students must complete a minimum of 18 credits toward an additional degree. Exceptions are outlined within programmatic policies.
- Bachelor degree-seeking students must complete a minimum of 30 unique credits of the additional degree’s required course of study in order to meet residency.
- Residency requirements that do not fall within the above guidelines are outlined in specific program policies.

Students may only earn one associate degree.

Students may not complete more than one program from the School of Advanced Studies with the exception of Educational Specialist (EdS) graduates who may return and receive the Doctor of Education in Educational Leadership (EDD) or Doctor of Education in Educational Leadership/ Curriculum and Instruction (EDD/CI).

Unless otherwise stated within a program policy, students may receive a certificate in the same area of focus as the specialization, concentration, or emphasis in their degree program.

**Maximum Credit Limits**

The University has identified the maximum number of credits a student may complete during a 12-month period. This limit is determined based on from the student’s actual start date in their program at the University. The number of credits completed within a 12 month period is limited by the program level of study the student is actively pursuing.

- All undergraduate students may complete a maximum of 45 UOPX credits in a 12 month period.
- Graduate students may complete a maximum of 39 UOPX graduate credits in a 12 month period.

Students who are enrolled in both graduate and undergraduate programs are limited by the undergraduate credit maximum.

**Course Credits**

All credits issued for successfully completed University of Phoenix course work are in semester credits. Courses numbered 100-299 carry undergraduate, lower division credit. Courses numbered 300-499 carry undergraduate, upper division credit. Courses numbered 500-599 carry graduate credit. Professional courses numbered 600-699 may be applied to either undergraduate or graduate credit requirements. Courses numbered 700-799 carry doctoral credit.

Most courses are three semester credits. In a typical three-credit course, and consistent with federal and accreditation requirements regarding the award of college credit, students can expect to engage in a minimum of 45 hours of faculty directed learning activities including classroom-based instruction/discussion, learning team projects, and/or additional learning activities (e.g., simulations, tutorials, videos, etc.). Additionally, students can expect to engage in a minimum of 90 hours of faculty recommended homework (i.e., reading, research, assignment development, and class preparation). These faculty-directed and student-directed expectations are intended to ensure a minimum level of content coverage and overall curriculum rigor is achieved in addressing the course objectives.

**Student Identification Numbers**

All students are assigned a unique student identifier called an Individual Record Number (IRN). This is the primary number students use to obtain campus, web and voice response services. A letter and ID card will be mailed upon request.

**Name and Social Security Number Changes**

The University requires documentation of legal name and social security number changes. The following primary forms of identification will be accepted for a legal name change:

<table>
<thead>
<tr>
<th>List A or List B and List C</th>
</tr>
</thead>
<tbody>
<tr>
<td>Court Ordered Name Change</td>
</tr>
<tr>
<td>Social Security card</td>
</tr>
<tr>
<td>Passport/Passport Card</td>
</tr>
<tr>
<td>Permanent Resident Card</td>
</tr>
<tr>
<td>Certificate of Naturalization</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>List A or List B and List C</th>
</tr>
</thead>
<tbody>
<tr>
<td>State ID</td>
</tr>
<tr>
<td>Driver’s License</td>
</tr>
<tr>
<td>Voter’s Registration Card</td>
</tr>
<tr>
<td>U.S. Citizen ID Card</td>
</tr>
</tbody>
</table>

These forms must illustrate the name exactly how it is requested on the Name Change form. A signed social security card issued by the Social Security Administration is required for changes in social security numbers.

**Letter Request**

All student letter request must be processed by the Registrar’s Office. Students may contact the Admissions and Records Service Center (ARSC) to request letters and will be required to verify their identity per FERPA guidelines.

A FERPA release form may be required if the letter is to be faxed, mailed, or emailed to a third party.

The Registrar’s Office is unable to provide letters of recommendation or assist with scholarship letters or scholarship nominations. Students who are requesting letters of recommendation or nominations regarding scholarships should contact scholarships@phoenix.edu for assistance.

In lieu of providing a letter of recommendation, the Registrar’s Office can provide a University of Phoenix approved letter or a
customized letter based on information in the student’s record that can be validated by a member of the Registrar’s Office. Students may call the National Student Clearinghouse at (703)742-4200 to verify information related to their enrollment. If the National Student Clearinghouse has sent information to lenders within the last 30 days, an enrollment verification letter is not required by the lender.

**Forms**

The Registrar’s Office is the University’s designated department to review and route forms requiring a school official’s signature. If the Registrar’s Office cannot complete a form, the form will be routed to the appropriate department for completion.

University of Phoenix cannot comply with or complete certain forms.

**Record Maintenance**

University of Phoenix requires students to complete and sign all student-related documents in connection with their education record. Nobody other than the student may sign forms (wet signature or e-signature) on behalf of a student.

**Duplication of Credit**

Duplication occurs when students take the same course more than once or take a course that duplicates the content of a satisfactorily completed course. The grade and credit earned for the most recently completed course will apply toward academic standing and the total number of credits required for degree completion. The previously completed course will remain on the permanent transcript, but will not be applied toward academic standing or the total number of credits required for degree completion.

**Course Audit Policy**

With approval of the Campus Director of Academic Affairs or designated appointee, students may register for and audit University courses.

Auditing students are passive participants in the class and are not held accountable for Study Group Task/Team work nor for assignment submission unless otherwise negotiated with the faculty member.

Auditing students are governed by all University policies and procedures that apply to non-auditing students.

Auditing students who have met the minimum attendance requirements for the course will receive a grade of “AU” on their permanent record which will not carry any academic credit.

Students who have selected to audit a course may not change their auditing status after the start of the course.

**Military Deployment and Readmission**

The Higher Education Opportunity Act (HEOA) provides that an institution may not deny admission or readmission to a service-member of the uniformed services for reasons relating to that service. An affected servicemember is any individual who is a member of, applies to be a member of, or performs, has performed, applies to perform, or has the obligation to perform, service in the uniformed services. This applies to service in the uniformed services, whether voluntary or involuntary, on active duty in the Armed Forces, on active duty for training, and full-time National Guard duty under Federal authority for a period of more than 30 consecutive days under a call or order to active duty of more than 30 consecutive days. A call/order to active duty includes state-side deployment of active duty military personnel and deployment outside of the country. This does not include National Guard service under authority of State law.

The policies outlined below support and assist University of Phoenix with the deployment and readmission of students who are servicemembers.

- Upon receipt of deployment orders, students should be advised to notify the University’s Military Division either orally or in writing. It is recommended that a copy of the military deployment paperwork or a signed official letter from the commanding officer be submitted to the student’s campus. Although this formal documentation is not required at the time of deployment, students should be advised that it will be necessary in order to be readmitted. If documentation is provided, the campus must fax the documents to ExP for inclusion in the student’s file for future reference.

- Prior to deployment, students should be advised of FERPA policies as the University is unable to coordinate decisions regarding the student’s record or take action on the student’s record through a third party without appropriate authorization granted through a Power of Attorney. The Power of Attorney form must be housed in the student’s ExP file.

- Students enrolled in a course at the time of deployment are eligible to receive excused absences in accordance with the excused absence policies. Campuses should use discretion and take such action only if the excused absences would benefit the student by allowing the student the opportunity to complete the course instead of being automatically dropped from the course for not meeting the University course attendance requirement.

- If the student will be unable to complete the course due to military deployment, the student may drop from the course and receive a full refund of tuition and mandatory fees for the course and a withdrawal “W” grade may be issued.

- If the student would like an opportunity to complete the course while deployed, an incomplete “I” grade can be issued instead of a “W” grade. The “I” grade may be issued with an initial extension of six (6) weeks beyond the traditional five (5) week extension. The campus practice of requiring final grades to be lowered by one full letter grade as a result of the incomplete “I” grade shall be waived for deployed students.

- Students scheduled to be deployed for active military duty should be advised to contact their campus Financial Representative regarding the status of their account and/or financial aid.

- Program completion deadline and re-entry policies will be suspended to cover deployment time provided the student’s cumulative absence from the University does not exceed five years.

Any student whose absence from the University is necessitated by reason of service in the uniformed services is entitled to readmission if the following criteria are met:

- The student (or an appropriate officer of the Armed Forces or official of the Department of Defense) gives verbal or written notice to the University’s Military Division verifying that the student’s absence from the University was necessitated by service in the uniformed services.

- The cumulative length of the absence and of all previous absences from the University by reason of service in the uniformed services does not exceed five years.

- The student submits verbal or written notification of intent to reenroll.
• A separation of such person from the Armed Forces (including the National Guard and Reserves) with a dishonorable or bad conduct discharge, OR
• A dismissal of such person permitted under section 1161(a) of Title 10, USC, OR
• A dropping of such person from the roles pursuant to section 1161(b) of Title 10, USC.

With the same number of credit hours completed previously by the student, unless the student is readmitted to a different program or program version to which the completed credit hours are not transferable.

• With the same academic standing (SAP) the student previously had.

If the student is readmitted to the same program, the student will be assessed the same tuition and fee charges for the first academic year of return that he/she would have been assessed during the academic year when the student left the university. For subsequent academic years, a student admitted to the same program will be charged no more than the institutional charges that other students in the program are assessed for that academic year.

If the student is admitted to a different program he/she will be charged no more than the institutional charges that other students in the program are assessed for that academic year.

If the student is not prepared to resume the program at the point where he/she left off, or will not be able to complete the program, the University will make reasonable efforts to help the student become prepared to enable the student to complete the program including, but not limited to, providing refresher courses at no extra cost and allowing the student to retake a pretest at no extra cost.

• Re-entry policy for Servicemembers Opportunity Colleges (SOC): Students out for a period of more than three years, with current, active or prior military experience in the Army, Coast Guard, Marine Corps, and Navy are covered under the Servicemembers Opportunity Colleges (SOC) guidelines, and therefore will be permitted to continue in their original program/version of study. These students are required to complete all degree requirements within the graduation deadline period. Students are granted five (5) years to complete an associate degree and eight (8) years to complete an undergraduate degree from the first date of positive attendance with the University. If the student is unable to complete their degree requirements within the deadline, the University is not obligated to uphold the agreement of the SOC Degree Network.

Transient Student Policy

A transient student is an individual who is enrolled in a degree program at an outside institution but is approved to complete non-degree coursework at University of Phoenix (UOPX) to fulfill program requirements at their home institution. Prior to being scheduled for coursework at UOPX, Transient students must have an approved transient student request form on file.

Students attending the University as transient students:

• Will be held accountable for, and be governed by, all University classroom, conduct, and other associated policies regarding student behavior and academic progression as set forth in the University’s Academic Catalog.

• Will not be reviewed for the specific University admission requirements as a degree-seeking student.

• Are held to their home institution’s academic preparedness requirements and will not be individually reviewed for satisfying University pre-requisite requirements for the courses they are entering.
Acceptable Transfer Activity

The following completed transfer activity types will be reviewed for transfer into the university:

1. Credit-bearing coursework in which students earn a minimum grade of “C-” or grades of credit, pass, or satisfactory may be accepted towards student’s degree requirements.

2. Acceptable transfer activities will be transferred as semester hour credit.

3. The University will accept courses that are numbered as non-remedial, college level, transferable, or degree applicable, as determined by the issuing institutions transcript key.

4. Lower and upper division credit is transferred as awarded by the issuing institution.

5. Physical Education activity credits are limited to four credits.

6. Application of transferable credit and limitations are determined by program requirements and by state or jurisdiction of the student’s residence.

Specific regulatory requirements regarding credit limit applications are listed in the grid below and apply to residents regardless of modality of study. Use this grid for the given states only.

Coursework earned in the following manners will not be accepted in direct transfer towards University degree requirements:

1. Credit is not awarded for transfer activity that duplicates or is regressive to previously completed transfer activities, either at the same or a different transferring institution. If a transcript is received by the University following initial evaluation that shows that a transfer activity duplicates an activity that has already been accepted in transfer, only the credit awarded to the initial transfer activity will be accepted and reviewed for applicability to the student’s program.

2. Professional development level or vocational courses as determined by the issuing institution's transcript key or program description.

Associate degree transfer policy: Students transferring to University of Phoenix into an undergraduate bachelor degree program (excluding BSN, LPN/BSN, LVN/BSN, P/VN/BSN, BLS, BS, BSIT, BA/BIO, BA/ENG, BS/EVS, BS/HIS, BS/HST, BSED, and BSIIT) with a previously completed regionally accredited Associate of Arts degree from a Community College will be considered as satisfying their lower division elective and general education requirements making the student Required Course of Study ready at University of Phoenix. Students utilizing this policy will still need to meet all pre-requisite or state specific content requirements as outlined in the Academic Progression and General Education Requirements policy sections for their chosen program.

California block transfer policy: Students transferring to University of Phoenix into an undergraduate baccalaureate degree program (excluding BSN, LPN/BSN, LVN/BSN, P/VN/BSN, BLS, BSED, BS/BIO, BA/ENG, BS/EVS, BS/HIS, BS/HST, and BSIIT) with a previously completed CSU (California State University) or IGETC (Interssegmental General Education Transfer Curriculum) certification from a regionally accredited California College or University will be considered as satisfying their General Education liberal arts component for their degree program. Students utilizing this policy will still need to meet all pre-requisite or state specific content requirements as outlined in the Academic Progression and General Education Requirements policy sections for their chosen program.

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION

The transferability of credits you earn at University of Phoenix is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the degree, diploma, or certificate you earn is also at the complete discretion of the institution to which you may seek to transfer. If the credits or degree, diploma, or certificate that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you
University of Phoenix, 2015-2016

should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending University of Phoenix to determine if your credits or degree, diploma or certificate will transfer.

Servicemembers Opportunity College

University of Phoenix is a current member of the Servicemembers Opportunity Colleges Degree Network System (DNS). The DNS is a group of institutions selected to provide servicemembers and their eligible family members the opportunity to complete college degrees without losing credit because of frequent changes in duty station. For example, many courses offered by member institutions have two-way guaranteed transferability to provide more flexibility and options in order to satisfy degree requirements. The SOC DNS Student Agreement issued to all eligible students at member institutions provides a complete evaluation of the servicemember’s prior learning, including courses from other colleges and universities, military training courses, military occupational experience, nationally-recognized exams, and other non-traditional credit, as well as clearly identifying requirements for completing the degree. Current SOC Degree Network System membership and participating degree information is available at http://www.soc.aascu.org. Although University of Phoenix is currently a member of the SOC Degree Network System, membership or participating degrees may change at any time.

Nondiscrimination Policy

University of Phoenix is guided by the principle of equal opportunity and respect for others. The University is firmly committed to providing equal opportunity in its educational programs and activities, including admission, and employment practices and will not tolerate any discrimination or harassment of any kind with regard to race, color, religion, sex (including pregnancy or childbirth), sexual orientation, gender identity, gender expression, nonconformity with sex stereotypes, age, national origin, disability, veteran status, or any other category protected by federal, state, or local law. More specifically, the University complies with Title IX of the Education Amendments of 1972, Titles VI and VII of the Civil Rights Act of 1964 and regulations, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, the Age Discrimination in Employment Act of 1974, and any other applicable federal, state, or local law. Conduct deemed to be in violation of this policy is prohibited and will not be tolerated by the University of Phoenix. Retaliation, in any form, against the person raising such a concern will also not be tolerated by the University of Phoenix.

Discrimination Grievance Procedures:

1. Students, faculty, or staff alleging discrimination should present their grievance as soon as possible after the incident(s) that gave rise to the allegation(s). In most cases a student must present the grievance within six weeks after the alleged incident(s). (E1, E2)

2. Allegations of sex discrimination (including discrimination based on sex, sexual orientation, gender identity, gender expression, and nonconformity with sex stereotypes) must be presented to Camie Pratt, Vice President and Title IX Coordinator, 4025 S. Riverpoint Parkway, Mailstop CF-5907, Phoenix, AZ 85040, 602.557.3391, TitleIX@phoenix.edu. Title IX concerns will be processed according to the Title IX/VAWA Policy (http://cdn.assets-phoenix.net/content/dam/altcloud/doc/UOPX-Title-IX-and-VAWA-Policy-accessible-final.pdf).

3. All other discrimination claims must be presented to the Campus Director of Academic Affairs, Campus Director of Operations, Campus Director of Student Services, or their respective designee.

   a. Campus Director of Academic Affairs, Director of Operations, or Director of Student Services, or their respective designee will conduct a prompt, thorough and impartial investigation and make a determination on whether the student presented a factual connection between the allegation of discrimination and the alleged actions.

   b. If the appropriate director or designee finds that there is a factual connection between the allegation of discrimination and the alleged actions then one of the following procedures will be followed:

      i. If the accusation is against a faculty then the Faculty Code of Conduct procedures apply.

      ii. If the accusation is against a student then the Student Code of Conduct procedures apply.

      iii. If the accusation is against an employee then the Title IX Coordinator or their designee will contact Human Resources and human resources policies for processing claims of discrimination will be followed.

   iv. In the event that the University finds that the discrimination was not caused by an individual’s actions, but rather by a discriminatory policy or practice, the University will take steps to remedy the discrimination and prevent its reoccurrence. These steps may include revising a policy or practice that has resulted in discrimination, eliminating the policy or practice, and/or addressing any effects of the discrimination on the individual filing the grievance.

Harassment Policy

The environment at each of the University’s locations must be free of all forms of improper or unlawful harassment, including sexual harassment or sexually offensive conduct. This policy applies in the online environment, as well as all learning centers and central administration locations. Harassing behavior can range from inappropriate to illegal. Conduct on the part of faculty, staff, or students which would violate this policy includes, but is not limited to:

- Unwelcome or unwanted advances, sexual or otherwise,
- Requests for favors, sexual or otherwise,
- Any suggestion, whether overt or subtle, that a grade or other academic achievement is dependent upon the granting of favors or submission to requests, sexual or otherwise,
- Unwelcome physical contact, including patting, pinching, hugging, kissing, fondling, etc.,
- Offensive verbal conduct, including sexually or otherwise explicit jokes, comments, innuendo, or other tasteless action that would offend a reasonably sensitive person,
- The display of sexually or otherwise offensive pictures, posters, illustrations, or objects,
- Slurs, jokes, or ridicule based on race, ethnic or national origin, religion, gender, or disability.

Conduct deemed to be in violation of this policy is prohibited and will not be tolerated by the University of Phoenix. Retaliation, in any form, against the person raising such a concern will also not be tolerated by the University of Phoenix.
**Harassment Grievance Procedures**

Students, faculty, or staff alleging harassment should present their grievance as soon as possible after the incident(s) that gave rise to the allegation(s). In most cases, a grievance must be presented within six weeks after the alleged incident(s).

The following is an exception to the six-week limitations period:

- If the alleged harassment occurs in the context of a student's involvement in a particular course, the student may file a grievance within six weeks after the student's grade in that particular course has been issued, even if the last act of alleged harassment within that course occurred more than six weeks prior to the presenting of the grievance.
- Additionally, an exception to the six week limitation period will be granted upon a showing of good cause, including the existence of extenuating circumstances that prevented the student from filing the grievance (e.g., incapacitation).

Allegations of sexual harassment must be presented to Camie Pratt, Vice President and Title IX Coordinator, or designee, 4025 S. Riverpoint Parkway, Mailstop CF-S907, Phoenix, AZ 85040, 602.557.3391, TitleIX@phoenix.edu.

- The Title IX Coordinator or their designee will manage efforts to conduct a prompt, thorough and impartial investigation and make a determination on whether the party presented a factual connection between the allegation of sexual harassment and the alleged actions.
- If the Title IX Coordinator finds that there is a factual connection between the allegation of sexual harassment and the alleged actions then one of the following procedures will be followed:
  - If the accusation is against a faculty then the Faculty Code of Conduct procedures apply.
  - If the accusation is against a student then the Student Code of Conduct procedures apply.
  - If the accusation is against an employee then the Title IX Coordinator or their designee will contact Human Resources and the policies of the Human Resources Department for processing claims of harassment will be followed.
- In instances where it is determined that a formal process is not appropriate the student, faculty or employee may be warned or counseled regarding the allegation.

**Timeframe for Conducting Title IX complaints:**
- Investigation - a prompt, thorough, and impartial investigation will be conducted within 60 days barring any unusual complexity.
- Opposing parties will receive notice of the outcome of the complaint within 30 days of the close of the investigation barring any unusual complexity.
- Opposing parties shall be afforded the opportunity to appeal within 10 days of receiving notice of the outcome.

All other harassment claims must be presented to the Campus Director of Academic Affairs, Campus Director of Operations, Campus Director of Student Services, or their respective designee.

- Campus Director of Academic Affairs, Director of Operations, or Director of Student Services, or their respective designee will conduct a prompt, thorough and impartial investigation and make a determination on whether the student presented a factual connection between the allegation of harassment and the alleged actions.

- If the appropriate director or designee finds that there is a factual connection between the allegation of harassment and the alleged actions then one of the following procedures will be followed:
  - If the accusation is against a faculty then the Faculty Code of Conduct procedures apply.
  - If the accusation is against a student then the Student Code of Conduct procedures apply.
  - If the accusation is against an employee then the appropriate campus director or their designee will contact Human Resources and the policies of the Human Resources Department for processing claims of harassment will be followed.
- In the event that the University finds that the harassment was not caused by an individual's actions, but rather by a discriminatory policy or practice, the University will take steps to remedy the harassment and prevent its recurrence. These steps may include revising a policy or practice that has resulted in harassment, eliminating the policy or practice, and/or addressing any effects of the harassment on the individual filing the grievance.

**Disability Services**

The University recognizes and accepts its obligations under the Americans with Disabilities Act of 1990 (ADA), Section 504 of the Rehabilitation Act of 1973, and the ADA Amendments Act of 2008, prohibiting discrimination on the basis of a disability and requiring the University to provide reasonable accommodations to otherwise qualified disabled students in all University programs and activities.

Determination of reasonable accommodations and compliance with the ADA and the Rehabilitation Act for students are managed by the Disability Services Office with oversight by the University Office of Compliance. No student shall be retaliated against for seeking accommodation under this policy or for participating in any complaint procedures brought against the University for its noncompliance with the policy.

**Disability Services Office Contact Information**

The Disability Services Office provides students with the opportunity to contact a Disability Services Advisor, via e-mail, 24 hours a day. For more information, please visit: http://www.phoenix.edu/students/disability-services.html. The department's mailing address and phone number is:

4025 S. Riverpoint Parkway  
Phoenix, AZ 85040  
Mail Stop CF-S907  
Phone: 800.366.9699  
Fax: 602.735.4671

Students needing assistance with accessibility questions or concerns can get more information at http://www.phoenix.edu/accessibility.html, or can contact Robert.Becker@Phoenix.edu or
Student Organizations

It is the policy of University of Phoenix (UOPX) to provide our students with opportunities to form student organizations that are recognized under the University's Conditions of Recognition for Student Organizations (RSO).

Conditions of Recognition for Student Organizations

The University has established the following minimum criteria that each student organization must meet to be recognized by, and to function within, the University of Phoenix community:

- Recognized Student Organizations are independently installed, organized, and managed by students enrolled and actively attending at the University.
- All student members of a University Recognized Student Organization must be enrolled in and must have posted positive attendance within the last 90 days.
- Recognized Student Organizations must operate under the appropriate bylaws and/or policies to ensure that their student members remain in good academic and financial standing with the University and are free from code of conduct violations and related disciplinary action.
- Recognized Student Organizations are recognized by, but not official units of University of Phoenix or Apollo Education Group, Inc.
- Recognized Student Organizations must have a published purpose/mission, provide education, and maintain membership rosters, financial statements, meeting minutes, etc. Said items shall be submitted upon initial application and upon annual review or more frequently, as required or requested.
- Recognized Student Organizations must have a University-approved Campus Liaison. The role of the Campus Liaison is voluntary and intended to serve as a liaison between the campus-based student organization and the University and to provide general guidance related to installing, organizing, leading, managing, and sustaining a healthy and productive student organization. If it becomes necessary for a student organization to be dissolved, the Campus Liaison will provide guidance/support to ensure a seamless exit strategy for the participating students, student organization, and the University. (Information pertaining to the minimum University of Phoenix Campus Liaison criteria is provided on pages 11-12).
- Recognized Student Organizations may not possess any financial ties or result in any financial impact to University of Phoenix or any other subsidiaries of Apollo Education Group, Inc. All expenses related to installing, organizing, leading, managing, and/or sustaining a student organization are the sole responsibility of the student organization.
- The tax status of the University does not extend to student organizations. Student organizations must follow all local, state, and federal guidelines. Student organizations have sole responsibility for securing, maintaining, or demonstrating that they operate under the appropriate nonprofit tax exemptions (i.e., 501(c)(7) or tax employer identification numbers, as appropriate. Under no circumstances are student organizations allowed to utilize the federal tax numbers or designations of University of Phoenix or any other subsidiaries of Apollo Education Group, Inc.
- Recognized Student Organizations must be open to all students who meet the membership requirements. Recognized Student Organizations may not limit membership based on race, color, gender, age, religion, disability or perceived disability, veteran status, sexual orientation, gender identity, national origin, or any other category protected by federal, state, or local law.
- Recognized Student Organizations must meet one of the approved Campus Liaison. The role of the Campus Liaison is typically by invitation and criteria-based. Recognized Student Organizations must meet the minimum standards outlined in the Recognized Student Organizations Handbook.

Approved Recognized Student Organization Types

- Academic excluding Honor Societies - Academic organizations are generally intended for students with common academic interests, pursuing a particular field of study, and/or students who are interested in academic engagement and support beyond the classroom.
- Honor Societies - Honor Societies are generally geared toward students who demonstrate a high level of academic achievement. Membership in honor societies (e.g., Delta Mu Delta) is typically by invitation and criteria-based.
- Professional -Established professional associations are generally intended for students with a specific program, interest area, and possibly occupational aspirations in a professional field (e.g., Project Management Institute [PMI], Society for Human Resource Management [SHRM]).
- Service - Service organizations are generally intended for students seeking opportunities to participate in community service and/or philanthropic activities.
Approved Recognized Student Organization Recognition "Statuses"

- University-Level Recognition - Student organizations, which have been approved by the University and the participating student organization’s corporate office to install an institutional-level charter/chapter under which all local campus sites would operate. For example, University of Phoenix installed the Delta Mu Delta Lambda Sigma institutional charter in 2009, under which all campus sites are eligible to apply to install a local area co-chapter.
- Local Campus-Level Recognition - Additional local campus sites that have been approved by the University to operate under the governance/oversight of the University-Level recognized charter/chapter. For example, the Boise Campus has been approved to install a “co-chapter” which operates under the University’s Delta Mu Delta Lambda Delta institutional-level charter.
- Single Site Recognition - Student organizations which have been approved by the University and the participating student organization’s corporate office to install a charter/chapter to operate separately and independently at one of the University’s local campus sites.
- Non-Standard Recognition - Student organizations, which do not fit any of the other recognized affiliation statuses, may apply for affiliation under this status. These requests are considered on a case-by-case basis.

Acceptable Use of University Computing and Communication Resources

University computing and communication resources are for approved business and educational purposes consistent with University policies and procedures.

- Computing and communication resources comprise all components of the University’s computer information systems, including, but not limited to, facilities, hardware, software, network infrastructure, and related devices, including those used for voice and video communication.
- The University’s computing and communication resources are the property of the University. Use of University computing and communication resources is a privilege and is provided as a service to the University’s users. Among other purposes, these resources are provided for the delivery of curriculum and related materials; for conducting online classes; for conducting educational research; for communication between and among students, faculty, and staff; and for accessing and obtaining the University’s services.
- Students and faculty using these resources without authorization, or in excess of their authorization, will be subject to appropriate review processes and sanctions. In addition, all activity and information, including personal activity and information, on University systems may be monitored and recorded. Any individual accessing University computing and communication resources expressly consents to such monitoring and is advised that if such monitoring reveals unauthorized or criminal activity, members of the Apollo Group Information Security and Compliance Office (ISCO) (or other personnel designated by ISCO) will provide the evidence from monitoring to the appropriate University officials for investigation and possible release to law enforcement authorities.

General Requirements of Users

Users of University computing and communication resources must:

- Comply with this policy and all applicable local, state, and federal laws and regulations.
- Not intentionally compromise the confidentiality, integrity or availability of University computing and communication resources.
- Not attempt to circumvent the University’s physical, technical, or administrative security measures.
- Abide by the provisions of the Student Code of Conduct (for students) or the provisions of the Faculty Standards (for faculty members).
- Be truthful and accurate in personal identification.
- Respect the rights and privacy of others.
- Maintain the security of their user resource accounts.
- Comply with the terms of use of any University of third-party service provider website(s).

Intellectual Property

Users must adhere to applicable intellectual property law, and the terms and conditions of any and all software licenses agreements and/or copyright laws as specified by the vendor or licensor. Explicitly:

- Unauthorized use of University trademarks or logos and other protected trademarks and logos is prohibited.
- Infringing upon the copyright, trademark, patent, or other intellectual property rights of others in computer programs or electronic information (including plagiarism and unauthorized use or reproduction) is prohibited.
- The unauthorized storing, copying or use of audio files, images, graphics, computer software, data sets, bibliographic records and other protected property is prohibited except as permitted by law.

Privacy & Security

The University strives to maintain the confidentiality, integrity, and availability of its systems, networks, and data. The University implements policies to ensure that access to sensitive data is restricted to those individuals who have a need-to-know. The following sections describe how ISCO personnel may monitor computing and communication resources for violations of this acceptable use policy.

Monitoring

System and network activities of users are routinely logged and monitored. These activities include:

- Use of accessed accounts
- Time and duration of network activity
- Web pages accessed and duration of access
- Network software accessed
- Volume of data storage and transfers

In the case of a suspected violation of this policy, University officials may authorize ISCO personnel to conduct a more detailed investigation to gather evidence on the suspected violation.

Restriction of Access to Computing and Communication Resources

Access to University computing and communication resources is a privilege that may be wholly or partially restricted without prior notice and without consent of users:

- If required by applicable law or policy.
• If a reasonable suspicion exists that there has been or may be a violation of law, regulation, or policy.
• If required to protect the confidentiality, integrity, or availability of computing and communication resources.

Conditions for Permitting Inspection, Monitoring, or Disclosure
The University may permit the inspection, monitoring, or disclosure of e-mail, computer files, and network transmissions when:
• Required or permitted by law, including public records law, or by subpoena or court order
• The University or its designated agent reasonably believes that a violation of law or policy has occurred
• Necessary to protect the confidentiality, integrity, or availability of computing and communication resources.

Confidentiality
Confidentiality of e-mail and other network transmissions cannot be completely assured. Therefore, all users should exercise caution when sending personal, financial, confidential, or sensitive information by e-mail or across the Internet.

Responsibility to Inform User of Unauthorized Access or Disclosure
If the University believes unauthorized access to or disclosure of private user information has occurred, the University will make reasonable efforts to inform the affected user, except when notification is impractical or when notification would be detrimental to an investigation of a violation of law or policy.

Violations and Enforcement

Reporting Violations
Any actual or suspected violation of this policy should immediately be brought to the attention of the system administrator of the equipment or facility most directly involved. Alternatively, a report may be made directly to the University Office of Dispute Management or Apollo ISCO.

Office of Dispute Management
4025 S. Riverpoint Parkway, Mail Stop: CF-S907
Phoenix, AZ 85040
602-557-5566
Email: uofphoenix@phoenix.edu

Apollo Group Information Security & Compliance
4025 South Riverpoint Parkway, Mail Stop: CF-L601
Phoenix, AZ 85040
FAX: (602) 557-6606
e-mail: infosec@apollogroup.edu

Response to a Reported Violation
Upon receiving notice of a violation, the University may temporarily suspend a user’s privileges or move or delete the allegedly offending material pending further investigation.
A person accused of a violation will be notified of the charge and have an opportunity to respond before the University imposes a permanent sanction. Appropriate cases will be referred to the University disciplinary process appropriate to the violator’s status (i.e., faculty member or student) or to appropriate law enforcement authorities.
In addition to sanctions available under applicable law and University policies, the University may impose a temporary or permanent reduction or elimination of access privileges to computing and communication resources.

The University may temporarily suspend any account, whether or not the account user is suspected of any violation, if it is believed to be necessary to preserve the integrity of University computing and communication resources. The University will provide appropriate notice to the account user. Servers and computers that threaten the security of University systems will be removed from the network and allowed to reconnect only with the approval of ISCO Personnel.

In the event of any inconsistency or conflict between this policy and any other terms or conditions students may be subject to, the University reserves the right to resolve such conflicts in its sole discretion.

Violation Examples
• This list below contains examples of actions considered to be a violation of this policy. It is not intended to be all-inclusive, nor does it represent all possible violations in a particular circumstance or the applicability of any other law or policy to those facts.
• Unlawful communications, including threats of violence, obscenity, pornography, and harassing communications.
• Unauthorized, anonymous communication is prohibited. (All users are required to cooperate with appropriate University personnel or other authorized personnel when investigating the source of anonymous messages.)
• Misrepresenting or forging the identity of the sender or the source of electronic communication.
• Altering the content of a message originating from another person or computer with intent to deceive.
• Use of University computing and communication resources for fund-raising or advertising on behalf of non-University organizations.
• Unauthorized reselling of University computing and communication resources.
• Unauthorized acquisition attempts to acquire and use the user id or passwords of others.
• Interference with or disruption of the computer or network accounts, services, or equipment of others.
• The intentional propagation of computer “worms” and “viruses,” the sending of electronic chain mail, denial of service attacks, and inappropriate "broadcasting" of messages to large numbers of individuals or hosts.
• Failure to comply with requests from appropriate University officials to discontinue activities that threaten the operation or integrity of computers, systems or networks, or otherwise violate this policy.
• Revealing passwords or otherwise permitting the use by others (by intent or negligence) of personal accounts for computer and network access without authorization is prohibited.
• Altering or attempting to alter files or systems without authorization.
• Unauthorized scanning of networks for security vulnerabilities.
• Attempting to alter any University computing or networking components (including, but not limited to, bridges, routers, and hubs) without approval or beyond one’s level of authorization.
• Negligent or intentional conduct leading to disruption or damage of University data, systems or networks.
Do Not Call Policies

• The University recognizes and complies with the Federal Trade Commission’s (FTC) Telemarketing Sales Rule (TSR) which gives consumers a choice about whether they want to receive most telemarketing calls. Additionally, the University follows the guidelines of the Telephone Consumer Protection Act (TCPA) of 1991 as maintained by the Federal Communications Commission (FCC) and honors the National Do Not Call Registry.

• Consumers who are listed on the National Do Not Call Registry may not be called for sales or solicitation purposes unless:
  - Consumer Inquires about a service UOPX offers - UOPX may call a consumer for up to three months (90 days) after the consumer makes an inquiry or submits an application to the University even if the consumer’s number is on the National Do Not Call Registry.
  - Consumer has established a business relationship with UOPX - UOPX may call a consumer with whom it has an established business relationship for up to 18 months after the consumer’s last purchase, delivery, or payment, even if the consumer’s number is on the National Do Not Call Registry.
  - Written Permission - If a consumer has given UOPX written permission, the University may call even if the consumer’s number is on the National Do Not Call Registry.

• If a consumer asks the University not to call or to be placed on the University’s internal do not call list, the University may not call and must honor the request, even if there is an established business relationship. This applies regardless of whether the consumer’s number is on the National Do Not Call Registry.

• The policies and procedures to ensure compliance with the TSR and TCPA is are managed by the University of Phoenix Office of Compliance.

Institutional Review Board

• The University of Phoenix Institutional Review Board (IRB) will review all studies, pilot studies, policies and legal/regulatory requirements that involve human subjects research before any study or sponsored or non-sponsored research begins. Research that has been conducted or is to be conducted using human subjects will be reviewed on a regular basis depending on the IRB decision rendered to ensure compliance with all federal and state laws. No researcher can begin collecting data before receiving IRB approval for the study.

• The IRB is expected to review a research study design presented by the researcher to determine risk (including physical, psychological/emotional, social, social desirability, and economic risk) as there may be ethical issues that affect the rights and welfare of research participants that are beyond methodological or design questions.

• The University of Phoenix (UOPX), holds a Federal Wide Assurance filed with the U.S. Department of Health and Human Services (FWA: 00004202) and maintains an Institutional Review Board (IRB) to assure that all University human subjects research complies with federal regulations.

• The UOPX IRB follows the ethical principles set forth in The Belmont Report: Ethical Principles and Guidelines for the Protection of Human Subjects of Research and guidance from the federal Office of Human Research Protections (OHRP).

• UOPX has charged the Institutional Research Board (IRB) with ensuring that all legal/regulatory and ethical codes are upheld at all institutional and non-institutional sites of this institution both domestic and foreign.

• All students, staff, faculty, and external researchers who engage with UOPX and are conducting human subject research under the auspices of the University are required to complete an IRB review before they begin any research activities involving human subjects. Researchers must complete human subjects’ ethics training through the Collaborative Institutional Training Initiative (CITI) Program and receive CITI certification prior to submitting an IRB application for review and beginning research activities. Researchers’ CITI certification must be in place throughout all aspects of the research study.

Required Procedures: IRB Review, Research and Reports

• IRB Review: The UOPX IRB conducts an initial review of the research protocol using the IRBNet application and all protocol forms based on the federal categories for human subject protections. The protocol forms address both federal and institutional requirements for the study. The initial review of research determines which research studies require full-board, expedited, or exempt review and which may be reviewed via expedited, exempt, or non-human subject research processes.

• IRB Research: The UOPX IRB provides annual oversight of studies that are determined Expedited or Non-Exempt. Researchers are to file a Continuing Review of Research if the study has not been completed within 364 days of the approval date on the IRB letter received through IRBNet. Exempt studies are to be completed within three (3) years of the approval date on the IRB letter received through IRBNet. The Continuing Review of research form is found in the UOPX IRBNet system.

• IRB Reports: The UOPX IRB may reach out to researchers if the following situations occur: Serious or continuing noncompliance with 45 CFR 46 or institutional policies, and if study participants contact the University or the IRB Office with a complaint about a study. Researchers are to contact the UOPX IRB Office if unanticipated problems or adverse effects occur during a study being conducted. Unanticipated problems are unexpected incidents (in terms of the nature, severity, or frequency) where an IRB-approved research protocol and informed consent documents are not followed; such incidents relate or possibly relate to participation in the research (possibly relate means there is a reasonable possibility that the incident or experience or outcome may have been caused by the procedures involved in the research) and the research places participants or others at a greater risk of harm (physical, psychological, economic, or social harm) than was previously known or recognized. Based on an IRB review of the unanticipated problem based on the criteria listed, consideration of substantive changes in the research protocol or informed consent process or other corrective actions may need to occur up to and including suspension or termination of IRB approval. Researchers are to contact the UOPX IRB Office as soon as possible if an unanticipated problem or adverse effect occurs during the study.
Research, Scholarship, and Surveys

General Research Policies

- University of Phoenix (UOPX) encourages student, faculty, and staff research and scholarship efforts. To support faculty and staff research efforts, the Office of Scholarship Support (OSS) oversees a series of Research Centers launched by University of Phoenix to support all research.

- Research for purposes of this policy is defined as scholarly and scientific inquiry projects focused upon the collection and analysis of empirical data and facts.

- All individuals associated with or conducting research at the University level must gain approval prior to conducting all research, scholarship, and/or surveys, in or on University of Phoenix.

- Researchers are student, faculty, staff, or external constituents of University of Phoenix who plan to systematically collect and analyze data for public dissemination.

- This policy applies to students, faculty, and staff associated with the University, all external requests that include University records, data, or materials, and all associated University systems, websites, and/or tools.

- Failure to Comply: Those found doing research related activities and not following these policies, including failure to provide the resulting data, analysis and research instrumentation to the OSS may be subject to appropriate disciplinary action, including, but not limited to, those documented in the Student Code of Conduct and/or Employee Handbook.

- All UOPX focused research requires Committee on Research (COR) approval prior to Institutional Review Board (IRB) approval. IRB will not approve any UOPX focused studies without COR approval. COR is a university-wide committee run by the Office of Scholarship Support.

- If the subject of any proposed research is UOPX, the COR shall be responsible for the review and approval of any and all research and scholarship, for public dissemination conducted on University of Phoenix students, faculty, staff, or data regardless of the researchers affiliation with University of Phoenix.

- All research conducted by any student, faculty, or staff of UOPX is subject to IRB approval. The IRB is a federally required review of all research requests to determine:
  - if the work is research,
  - if the research is on human subjects, AND
  - if human subjects are involved, the overall risks and if they are protected and treated fairly.

- IRB and COR are two separate and distinct groups operating within the structure of Academic Affairs. While the IRB is a federally mandated committee, with the mandate of protecting human subjects from unethical research practices, the development and use of COR is entirely internal to the University of Phoenix. If a person or group has received permission from COR to pursue research activities at the University and their activities will impact protected populations, as defined under federal law, they must still submit their proposed research to UOPX’s IRB or they must show that they have received approval from another university's IRB. Approval by COR shall not be misconstrued as approval by an Institutional Review Board. Further approval from another, non-UOPX IRB prior to COR submission shall not be misconstrued as approval by COR.

Required Procedures: Conducting Research on University of Phoenix Students, Faculty, Staff or Data

- All researchers using University of Phoenix as a subject (i.e.: using UOPX students, faculty, staff, or data) for their research, must submit a formal request to the Committee on Research (COR) for approval prior to conducting research.

- The COR can be found at https://research.phoenix.edu/content/committee-research.

- Examples situations for submittal include:
  - When the person or group wanting to perform the research has no active affiliation with the University of Phoenix (e.g. a professional researcher connected to a higher education organization other than UOPX), and/or
  - When the research being pursued falls outside the UOPX person’s normal scope of responsibility or authority, and/or
  - When the results of the research being pursued will be provided to a person, organization, or audience external to the University and/or when the provision of this information would fall outside standard institutional processes and/or the normal responsibilities for the person or group doing the research.
CONSUMER INFORMATION

All institutions participating in federal financial aid programs are required to provide enrolled and potential students and current and prospective employees available consumer information. This guide provides you with important information and institutional policies. Where applicable, each section lists specific locations where additional information is available. To request and receive this information in writing, contact the campus director or designee at each University of Phoenix location during regular business hours. A list of campus locations is available at http://www.phoenix.edu/campus_locations.html

Accreditation, Licensures, Reviews and Approvals

University of Phoenix is accredited, reviewed and/or approved by federal, state and international agencies, as well as private accreditation bodies.

Federal
U.S. Department of Education, Certificate of Eligibility
The University of Phoenix has been approved by the Department of Education to participate in each of the following listed Title IV HEA programs:
- Federal Pell Grant Program
- Federal Direct Student Loan Program
- Federal Supplemental Educational Opportunity Grant Program
- Federal TEACH Grant Program

Regional Accreditation

Program Accreditation

School of Business/Business Programs
The University of Phoenix School of Business offers the following programs that are accredited by the Accreditation Council for Business Schools and Programs (ACBSP): Associate of Arts in Business Foundations, Associate of Arts in Accounting Foundations, Bachelor of Science in Business, Bachelor of Science in Accounting, Master of Business Administration, Master of Management, Master of Science in Accountancy, Doctor of Business Administration and
College of Health Professions: School of Nursing
The Bachelor of Science in Nursing and Master of Science in Nursing programs are accredited by the Commission on Collegiate Nursing Education (CCNE).

CCNE
One Dupont Cir. NW, Ste. 530
Washington, DC 20036-1120
Phone: 202.887.6791
http://www.aacn.nche.edu/ccne-accreditation

College of Education/Education Programs
University of Phoenix initial degree programs lead to teaching certification (Early Childhood, Elementary, Middle Level, Secondary and Special Education) in certain states. The College of Education offers state-approved initial programs in Arizona, California, Colorado, Florida, Hawaii, Nevada, New Mexico, Texas and Utah. The College of Education offers state-approved advanced programs in Arizona, California, Colorado, Florida, Nevada, New Mexico, Texas and Utah. Individual programs vary by state, and not all programs are available at all locations or in both online and on-campus modalities.

Candidates may request an institutional recommendation upon successful completion of their program (academic and program requirements). Candidates should check with their state agency for any state-specific requirements, including the acceptability of the University’s initial programs in any state in which they intend to seek licensure or certification. Program requirements are subject to change based on state certification requirements. Please speak to a campus representative for a listing of programs available at each campus location.

College of Social Sciences/Counseling Programs
The Master of Science in Counseling program with a specialization in Clinical Mental Health Counseling (Phoenix and Southern Arizona Campuses) and the Master of Science in Counseling program in Mental Health Counseling (Utah Campuses) are accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP).

CACREP
1001 North Fairfax St., Ste. 510
Alexandria, VA 22314

http://www.cacrep.org

Academic Programs, Facilities and Instructional Personnel Information
Academic program offerings and instructional facilities vary according to geographic area and delivery mode at the local campus or online campus. Not all programs are available at all locations.

Academic Programs
University of Phoenix offers undergraduate and graduate programs in business and management, information systems and technology, security and criminal justice, nursing and health services administration, social sciences, humanities and sciences, and education. Detailed information regarding academic programs offered at specific instructional facilities is located at http://www.phoenix.edu/programs/degree-programs.html and the appropriate Academic Catalog at http://www.phoenix.edu/programs/degree-programs/academic-catalog.html. Admissions and program requirements vary by state. Please refer to the Academic Catalog for state and/or program-specific information.

Academic Program Improvement
University of Phoenix pursues a strategy of continuous improvement in relation to its academic programs. This strategy is implemented through assessment processes designed to measure student learning at various levels within the University. Multiple direct and indirect outcomes-based assessment and evaluation measures are utilized to create a comprehensive picture that reflects the strengths and potential challenges to student learning. Resulting data is used to evaluate and improve academic programs and enhance the overall academic experience.

For University of Phoenix, the purpose of outcomes-based assessment of student learning is to generate information to the faculty, program, college and school, and University about the efficacy of its curricula and educational practices in enabling students to achieve exit-level expectations at the course, program and institutional levels. Assessment answers the question: How well are University of Phoenix students meeting the general education, programmatic and institutional learning outcomes underscored by the University’s mission? Its findings inform opportunities for curricular and pedagogical improvement, decision-making processes for policy consideration and resource allocation, and accountability. The process for outcomes-based assessment of student learning uses the following conceptual framework:

- Assessment Planning
- Collecting Evidence and Analyzing Data
- Implementing Improvement
- Monitoring Effectiveness of Improvements

By utilizing this assessment process, the colleges and schools establish clear, measurable outcomes and ensure that students have sufficient opportunities to achieve outcomes; systematically gather, analyze and interpret evidence to determine how well student learning matches stated expectations; use assessment findings to improve student learning; and monitor improvements by measuring changes in student learning over time.

Articulation Agreements
A list of institutions that University of Phoenix has established articulation agreements with can be viewed at http://www.phoenix.edu/admissions/transfer_information/transfer-guides.html

Corporate Partnerships- Credit Recommendation Guide
The University will endeavor to create Corporate Partnerships with other corporations as appropriate in order to enhance transfer credit options for students coming to University of Phoenix. Transfer credit recommendations will be created in the format of a Credit Recommendation Guide (CRG). CRGs will define transferability, applicability, and individual credit...
recommendations of partner corporations' professional training/seminars, deemed by assessment as comparable to college level learning, to University undergraduate degree program credit requirements. Credits indicated on a CRG are only a recommendation and not a guarantee of credits to be awarded as professional training programs and content may change over time. Evaluation and determination of credit award for activities listed on the CRG will follow the Credit Assessment Guidelines as indicated in Prior Learning Assessment Credit Assessment. A list of corporations with which University of Phoenix has established corporate partnerships can be viewed at http://www.phoenix.edu/admissions/transfer_information/transfer_credit/corporate_articulation.html

Credit Transfer

Information regarding criteria used to evaluate the transfer of credits earned at another institution is located at http://www.phoenix.edu/admissions/transfer_information/previous_college_education.html

The University Credit Transfer Policy can be viewed at http://www.phoenix.edu/tuition_and_financial_options/policies/credit_transfer_policy.html

Reverse Transfer Agreements

University of Phoenix has established reverse transfer agreements with partnering institutions. With a reverse transfer agreement in place, University of Phoenix will notify the partner transfer institution and provide them with education record information for students meeting certain criteria whom authorize its release by completing the Reverse Transfer Transcript Release form. Only students whom meet certain credit requirements that indicate they may be eligible to earn an associate degree from the transfer institution will be submitted to the partner transfer institution. The transfer institution may pursue communication with the student to discuss requirements and may award the associate degree to the student per its discretion.

Disability Services

University of Phoenix recognizes and accepts its obligations under Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act (ADA) of 1990 and the ADA Amendments Act of 2008, prohibiting discrimination on the basis of a disability and requiring the University to provide reasonable accommodations to otherwise qualified disabled students in all University programs and activities.

The University of Phoenix Disability Services Office provides services to students with appropriate documentation for temporary health issues or a permanent disability.

Students with a temporary or permanent disability seeking disability services from the University must: (1) disclose their disability to the Disability Services Office and (2) request accommodation through the Disability Services Office. Confirmation through documentation from a health care provider may be required prior to accommodations being determined and fulfilled.

Obtain Information

The disability services advisor is responsible for managing the accommodation process, including any negotiations regarding services, and finalizing appropriate student accommodations. Additional information and a list of disability services advisors are located at http://www.phoenix.edu/students/disability-services.html

Faculty

University faculty members are accomplished managers, technology leaders, professional educators, corporate executives, financial officers, human services professionals and leaders in other professional areas who also possess advanced degrees. A list of faculty may be obtained from each local campus. To find a local campus, go to http://www.phoenix.edu/campus-locations.html Faculty profiles can be found at http://www.phoenix.edu/faculty/our_faculty.html

Graduation Rates

In accordance with the Higher Education Act (HEA) of 1965, as amended, each postsecondary educational institution must publish information regarding graduation rates as defined by the National Center for Education Statistics (NCES). This graduation measure includes the cohort of full-time, first-time (FTFT) degree/certificate-seeking undergraduate students and tracks their completion status at 150% of the normal time to complete all requirements of their program of study. A first-time student is defined as a student who has no prior postsecondary experience attending any institution for the first time at the undergraduate level.

Data are collected on the number of students entering the institution as FTFT degree- and/or certificate-seeking undergraduate students in a particular cohort year. Graduation rates are disaggregated by race and ethnicity, gender and federal financial aid grant or loan funds. The graduation rates shown below represent students from the 2008–2009 cohort and the percentages of those students who graduated within 150% by Aug. 31, 2014. The table below shows FTFT undergraduate students and is derived from the IPEDS graduation rate survey, although shown in aggregate rather than by degree/award type. The University is a
nontraditional institution that caters to a wide variety of students, including many who have previously attended another institution of higher education, and would not be classified as first-time students. Data includes recipients of Pell Grants or subsidized loans, or neither type of aid during the 2008–2009 cohort years (September 1 – August 31).

Retention Rates

In accordance with the Higher Education Act (HEA) of 1965, as amended, each postsecondary educational institution must make available information regarding retention rates of degree- and/or certificate-seeking first-time, full-time (FTFT) undergraduate students entering the institution. Retention rate is a measure of the rate at which students persist in their educational program at an institution, expressed as a percentage. The table shown below is the percentage of FTFT undergraduate degree-seeking students from the previous fall who were still enrolled in the next fall.

Student Diversity

In accordance with the Higher Education Act (HEA) of 1965, as amended, each postsecondary educational institution must make available information regarding student diversity as defined by the IPEDS. Data reported are for enrolled full-time students. Table 1 represents all enrolled students from July 1, 2013, through June 30, 2014. Of the total enrolled students, those who received Pell Grant funds during the July 1, 2013, through June 30, 2014, timeframe are shown in Table 2.

Note: Information reported on student diversity for all enrolled students is from the IPEDS 12 Month Enrollment Survey (July 1, 2013, to June 30, 2014). Pell recipients were those students from the 12 Month Enrollment Survey who were disbursed Pell funds during the July 1, 2013, to June 30, 2014 timeframe.

Types of Education in Which Graduates Enroll

In accordance with the Higher Education Act (HEA) of 1965, as amended, each postsecondary educational institution must make available information regarding the types of graduate and professional education in which graduates of the institution’s four-year degree programs enrolled. Approximately 14% of students who completed a bachelor’s degree from University of Phoenix between July 1, 2013, to June 30, 2014, went on to enroll in a graduate or professional program at University of Phoenix. The most common programs students enrolled in are as follows:

- Master of Business Administration
- Master of Science in Psychology/Behavioral Health
- Master of Science in Psychology
- Master of Science in Administration/Human Resource Management
- Master of Health Administration

The data is derived from the IPEDS Completions Survey (July 1, 2013 to June 30, 2014 data) and the IPEDS Fall Enrollment Survey (Aug. 1, 2014 to Oct. 31, 2014 data).

Alumni Attending Graduate School

Fifty-five percent of University of Phoenix alumni indicated they are attending, or plan to attend, graduate school. Of this 55%, 19% are currently pursuing a graduate degree at University of Phoenix. Forty-three percent of University of Phoenix master program graduates indicated they planned to attend a doctoral-level program. Of this 43%, 4% are currently pursuing a doctoral degree at University of Phoenix.

Sixty-five percent of University of Phoenix bachelor program graduates indicated they planned to attend a master-level program. Of this 65%, 15% are currently pursuing a master’s degree at University of Phoenix.

**Title II of Higher Education Act-Academic Year 2012-2013**

In compliance with Title II of the Higher Education Act (HEA), University of Phoenix has submitted institutional questionnaires that detail the University’s program offerings, student demographics and student performance in those states where the University has teacher education programs that have produced program completers, also known as graduates. University of Phoenix provides professional preparation for teachers in multiple states. This is an overview of the information contained in the Institutional Report for University of Phoenix.

**Title II HEA Pass-Rate Information**

Program completers achieved the following scores for academic year 2013–2014:

**Arizona**

Federal Financial Aid Application Process

Student Aid (FAFSA), available at http://www.fafsa.gov. This is the first step to determining a student’s eligibility for federal financial aid.

Federal financial aid will be processed after submitting an application for admission and registering for courses in an eligible degree program. Admissions and program requirements vary by state. Please refer to the Academic Catalog for state- and/or program-specific information at http://www.phoenix.edu/programs/
Federal, State and Institutional Financial Aid Programs

During the federal financial aid application process, the following forms may be completed for federal financial aid grants and loans:
- **Free Application for Federal Student Aid (FAFSA)**
- **University of Phoenix Loan Request form**
- **Federal Direct Loan Master Promissory Note (MPN)**
- **Entrance counseling**
- **Financial Aid Authorization form if, and only if, a student chooses this option**

The University highly recommends using the online financial aid application website. This website allows a student to complete and electronically sign financial aid documents, and directs them to complete the FAFSA and MPN.

Students interested in utilizing financial aid programs should complete all required application materials each academic year. A student should reapply for financial aid prior to the start of each new academic year.

The average processing time for financial aid awards is 90 days.

**Statement of Educational Purpose**

The parent or student signing a Free Application for Federal Student Aid (FAFSA) certifies the following:
1. use federal and/or state student financial aid only to pay the cost of attending an institution of higher education,* (2) is not in default on a federal student loan or has made satisfactory arrangements to repay it, (3) does not owe money back on a federal student grant or has made satisfactory arrangements to repay it, (4) will notify college if defaulting on a federal student loan, and (5) will not receive a Federal Pell Grant from more than one college for the same period of time.

The parent or student signing the FAFSA agrees, if asked, to provide information that will verify the accuracy of the completed form. This information may include federal or state income tax forms filed or that are required to file. In addition, the parent or student certifies and understands that the Secretary of Education has the authority to verify information reported on this application with the IRS and other federal agencies. If the parent or student signs any document related to the federal student aid programs electronically using a personal identification number (PIN), username and password, and/or other credential, that person certifies that he or she is the person identified by the PIN, username and password, and/or other credential to anyone else. If the parent or student purposely gives false or misleading information, he or she may be fined up to $20,000, sent to prison or both.

**Referrals to the Office of Inspector General**

University of Phoenix is required by law to make referrals to the Office of Inspector General, if, and only if, a student or evidence that an applicant (student) may have engaged in fraud involving federal financial aid programs. The average processing time for financial aid awards is 90 days.

**General Eligibility Requirements**

Students may also be eligible to receive funding through state grant or scholarship programs in their states where available. Students should contact a Finance Advisor at 866.766.0766 for additional information on the financial aid programs available at each campus. A list of campuses is available at http://www.phoenix.edu/campus-locations.html

**Student/Parent Eligibility Policy**

Students interested in utilizing financial aid programs should complete the FAFSA and MPN.

**Federal, State and Institutional Financial Aid Programs**

Degree-seeking students who are U.S. citizens or eligible noncitizens enrolled in an eligible academic program can apply for federal financial aid as a means of assisting with financing their education. Certificate programs may also be eligible for federal financial aid. Depending on the program, student eligibility may be need-based, non-need-based, credit-based or dependent on other specific conditions.
Students in any graduate (non-doctoral) degree program who meet all admission requirements, except the minimum GPA requirement for their program, may be admitted on a provisional status if they earned a GPA between 2.0 and 2.49 on the undergraduate degree posted transcript, unless otherwise noted in academic policy.

**High School Diploma or Equivalent**

Students must be qualified to study at the postsecondary level. For students attending the University, one of the following criteria must be met and appropriate documentation provided:

- High school diploma
- A copy of the student’s high school diploma
- Recognized equivalent of a high school diploma
- General Education Development (GED) certificate
- California High School Proficiency Examination (CHSPE)
- HiSET Completion Certificate
- Documentation provided by the state or appropriate Department of Education in the student’s state or jurisdiction indicating that the student has earned a secondary completion credential that has the same rights, privileges and rigor of a normal high school diploma
- An academic transcript indicating the student successfully completed at least a two-year program that is acceptable for full credit toward a bachelor’s degree
- A homeschool diploma that is conferred by the state in which it was completed or by an entity that is accredited by an approved body

**Loan Limits**

A student is ineligible for federal financial aid if annual or aggregate loan limits made under any federal financial aid HEA loan program have been exceeded or has property subject to a judgment lien for a debt owed to the United States.

**Drug Convictions**

Students become ineligible for Title IV federal financial aid if convicted of possession or sale of drugs for any offense that occurred during any period of enrollment for which the student was receiving federal financial aid funds. Any conviction that was reversed, set aside or removed from the student’s record does not count; nor does a conviction received when the student was a juvenile, unless the student was tried as an adult. If the student was convicted of both selling and possessing illegal drugs and the periods of ineligibility are different, the student will be ineligible for the longer period.

The University will make available to all students, through consumer information, details regarding the penalties for these types of drug violations.

Other departments will send notification to Student Financial Services — Operations (SFS-O) once aware a student has been convicted of any offense involving the possession or sale of illegal drugs, to cancel future federal financial aid disbursements. SFS-O will notify the student of lost eligibility due to a drug violation and provide information regarding the specific penalties, along with information on how to regain eligibility for federal financial aid.

**Incarcerated Students**

University of Phoenix must ensure that no more than 25% of its regular students are incarcerated. This percentage will be monitored for the latest completed award year.

An incarcerated student is someone serving a criminal sentence in a federal, state or local penitentiary, prison, jail, reformatory, work farm or other similar correctional institution. A student in a less formal arrangement, such as a halfway house, home detention or sentenced to serve only weekends, is not considered to be incarcerated.

**Title IV Eligibility for Incarcerated Students**

All incarcerated students are:

- Not eligible for Title IV federal financial aid loans
- Eligible for FSEOG

Students incarcerated in federal or state penal institutions are not eligible for Pell Grants.

Students incarcerated by jurisdictions defined as a state in the law, such as the District of Columbia, are considered to be in a state penal institution and are not eligible for Pell Grants.

Students incarcerated in local penal institutions (local or county jails, penitentiaries, correctional facilities and juvenile justice facilities) are eligible for Pell Grants.

Students who are subject to an involuntary civil commitment following incarceration for a sexual offense are not eligible to receive Pell Grants.

**Cost of Attendance for Incarcerated Students**

Cost of attendance includes an allowance for tuition, course materials fees, books and supplies, if required in the program of study. No other expenses are included. Allowable costs are assessed at the rate designated in the University’s Student Financial Aid budgets.

**Regaining Title IV Eligibility for Incarcerated Students**

The University may accept a written self-certification indicating the student is no longer incarcerated. The student becomes eligible for federal financial aid funds as of the date his or her incarceration has ended.

**Citizenship**

All students must be a U.S. citizen or national or U.S. permanent resident or other eligible noncitizen to receive federal financial aid. A citizen of the Federated States of Micronesia, Republic of the Marshall Islands, or the Republic of Palau is eligible to receive federal financial aid under the Federal Pell Grant but is not eligible for Direct Loans. Citizens of Palau are also eligible for FSEOG.

**Secondary Confirmation**

If a student indicates an eligible noncitizen on the FAFSA and provides an A-Number, identifying information will be automatically sent to the Department of Homeland Security (DHS) for primary and, if necessary, secondary confirmation. If the University receives an SAR/ISIR with a secondary confirmation match flag of P, the DHS will continue to check its records in a process called automated secondary confirmation. The University will wait at least five, but no more than 15, business days for the result of automated secondary confirmation. If the result is not received by that time, the University will begin the paper process of secondary confirmation.

The University has 10 business days after receipt of the documents for immigration status to undergo paper secondary confirmation. The University will notify the student of the final decision based on the secondary confirmation results.

**Default**

Any student applying for federal financial aid must not be in default on a loan made under any federal financial aid program or HEA loan program.

**Overpayments**

A student must not currently owe an overpayment of federal grant funds or Federal Perkins Loan to be eligible for federal financial aid.
Selective Service
The University requires men who are age 18 through 25 to register with the Selective Service System. Students who are exempt or waived from this requirement are asked to provide the University with supporting documentation for review. The review process is documented along with the supporting documentation provided. If, after the review, the student is not clearly exempt or waived from the requirement to register, the University will ask the student to provide a Status Information Letter from the Selective Service.

Unusual Enrollment History (UEH)
The University resolves an Institutional Student Information Record (ISIR) that reports a UEH flag prior to awarding a student Title IV funds. The UEH flags are:
• N — No resolution is required by the university; the student’s enrollment pattern is not unusual.
• 2 — The University reviews the student’s enrollment and financial aid records to determine if, during the three-award-year review period (award years 2011/2012, 2012/2013 and 2013/2014), the student received a Pell Grant at the University.
• 3 — The University reviews the student’s academic records to determine if the student received academic credit at the University during the three-award-year period (award years 2011/2012, 2012/2013, 2013/2014). In addition, the University reviews the National Student Loan Data System (NSLDS) to identify all schools where the student received Pell Grant funding over the past three award years.

The University will determine, for each of the previously attended schools, whether academic credit was earned during the award year the student received Pell Grant funds. This determination is based upon academic transcripts already obtained by the University or by asking the student to provide academic transcripts or grade reports.

Students who do not show earned credit for the Pell Grant awards received in the past three years, and who may have special circumstances, may submit a request through the Professional Judgment (PJ) Team for approval. Students who do not meet any of the above criteria are immediately not eligible for federal aid.

Approval of Continued Eligibility for UEH
If the student’s continued eligibility for federal financial aid funds is approved, and in order for the student to remain eligible for federal financial aid funds, the student must successfully complete one payment period at the University.

Denial of Continued Eligibility for UEH
If the student did not earn academic credit at one or more of the relevant schools and does not provide acceptable documentation, the University will deny the student any additional federal financial aid funds.

Regaining Eligibility for UEH
The student is required to successfully complete one payment period at the University to regain federal financial aid eligibility. During this time, the student is required to use an alternate method of payment for tuition and fees. Upon regaining eligibility, loans may be awarded retroactively back to the beginning of the AY, but Pell Grants are only awarded going forward/starting with the next payment period.

Parental Nonsupport
Although students whose parents refuse support are not eligible for a dependency override, the University has the authority to offer a dependent student a Direct Unsubsidized Loan without requiring the parent(s) to file a FAFSA provided supporting documentation is obtained. Supporting documentation consists of a completed parental nonsupport confirmation form or a signed and dated verification statement from the parent(s) specifying the following:
• The parent(s) do not provide any financial support and the date the financial support ended,
• The parent(s) will not provide any financial support in the future; and
• The parent(s) refuse to complete the parental section of the FAFSA.

The University may accept documentation from a third party (e.g., teacher, counselor, clergy, court, etc.) describing the student’s relationship with the parent(s) if the parent(s) will not provide the required verification statement.

Students who are offered the Direct Unsubsidized Loan without parental data on the FAFSA are only eligible to receive the loan limit based on dependent undergraduate student annual maximums. For example, a first-year undergraduate student cannot receive more than $5,500 ($3,500 base plus $2,000). The parent(s) cannot later apply for a PLUS Loan, unless the parents are separated or divorced, in which case the noncustodial parent can apply for a PLUS Loan. If the noncustodial parent is subsequently denied the PLUS Loan, the student’s Direct Unsubsidized Loan eligibility is not increased. The student will not be eligible for any other Title IV financial aid programs.

Dependency Overrides
A student who does not meet the definition of independent may be designated as independent if the University makes a documented determination of independence due to special circumstances. The U.S. Department of Education interprets a special circumstance as one that makes it inappropriate to expect a parental contribution. Examples of special circumstances include inability to locate parents, an abusive family environment or abandonment by parents. Generally, the documentation of special circumstances will come from a third party who knows the student’s situation (such as a teacher or member of the clergy), but in cases where this is not available, the University will accept a signed statement from the student detailing the special circumstance.

Professional judgment is not used to change the status of a student from independent to dependent. However, the University may use professional judgment to account for parental support where special circumstances warrant.

Dependency overrides do not carry over from one year to the next. If the student is not independent for some other reason noted on the FAFSA, the University will reaffirm each year that the special circumstance persists and an override is still justified.

PLUS Exceptional Factor
Dependent students whose parents are unable to borrow PLUS Loans due to adverse credit or other exceptional circumstances may receive additional Direct Unsubsidized Loans for the same amount as independent undergraduate students. The PLUS exceptional factor is not a dependency override, as parent information is provided on the FAFSA. Examples include:
• The parent is incarcerated.
• The parent’s whereabouts are unknown.
• The parent has filed for bankruptcy and has provided a letter from the bankruptcy court stating that as a condition of the bankruptcy filing, the parent may not incur any additional debt.
Eligibility for Direct and PLUS Loans

A student is eligible to receive a Direct Subsidized Loan, a Direct Unsubsidized Loan or a combination of these loans if the student meets the following requirements:

- The student is enrolled, or accepted for enrollment, on at least a half-time basis in a school that participates in the Direct Loan Program.
- The student meets the requirements for an eligible student.
- In the case of an undergraduate student who seeks a Direct Subsidized Loan or a Direct Unsubsidized Loan at a school that participates in the Federal Pell Grant Program, the student has received a determination of Federal Pell Grant eligibility for the period of enrollment the loan is sought.
- The annual loan limit for graduate and professional students is $20,500. This amount is limited to Direct Unsubsidized Loans only.

In the case of a borrower whose previous loan or TEACH Grant service obligation was cancelled due to total and permanent disability, or discharged after a final determination of total and permanent disability, the borrower:

- Must obtain certification from a physician that the borrower is able to engage in substantial gainful activity;
- Must sign a statement acknowledging the Direct Loan the borrower receives cannot be discharged in the future on the basis of any impairment present when the new loan is made, unless that impairment substantially deteriorates; and
- If the borrower receives a new Direct Loan, other than a Direct Consolidation Loan, within three years of the date that any previous Title IV loan or TEACH Grant service obligation was discharged due to a total and permanent disability, the student must resume payment on the old loan before receipt of the new loan or TEACH Grant.

In the case of a borrower whose prior loan under Title IV federal financial aid was conditionally discharged after an initial determination that the borrower was totally and permanently disabled based on a discharge request received prior to July 1, 2010:

- The suspension of collection activity on the prior loan has been lifted;
- The borrower complies with all requirements;
- The borrower signs a statement acknowledging the loan that has been conditionally discharged prior to a final determination of total and permanent disability cannot be discharged in the future on the basis of any impairment present when the borrower applied for a total and permanent disability discharge or when the new loan is made, unless that impairment substantially deteriorates; and
- The borrower signs a statement acknowledging that the suspension of collection activity on the prior loan will be lifted. A graduate/professional student or parent is eligible to receive a Direct PLUS Loan if the following requirements are met:

- Student completes a current award year Free Application for Federal Student Aid (FAFSA).
- The parent borrower is the student’s biological or adoptive mother or father or the student’s stepparent if his or her income and assets are taken into account when calculating the student’s EFC.
- The parent borrower is borrowing to pay for educational costs of a dependent undergraduate student who meets the requirements for an eligible student.
- The parent borrower provides a Social Security number for his or herself and the student.
- Student or parent borrower meets the requirements pertaining to citizenship and residency.
- Student or parent borrower meets the requirements concerning defaults and overpayments.
- Student or parent borrower is not incarcerated.
- The federal government does not have a judgment lien on the parent’s property.
- Complies with the requirements for submission of a Statement of Educational Purpose for the student, except for the completion of a Statement of Selective Service Registration Status.
- Student or parent borrower does not have an adverse credit history.
- Student or parent borrower has an adverse credit history but has obtained an endorser who does not have an adverse credit history; or has an adverse credit history but documents to the satisfaction of the Secretary that extenuating circumstances exist. (Note: Effective March 29, 2015: PLUS Loan counseling must be completed by the applicant [parent or graduate/professional student] with an adverse credit history who qualifies for a Direct PLUS Loan by obtaining an endorser who does not have an adverse credit history, or who documents to the satisfaction of the Department of Education that there are extenuating circumstances related to the adverse credit information.)

Grant Programs

University of Phoenix participates in the following federal grant programs:

Federal Pell Grant

A Federal Pell Grant, unlike a loan, does not have to be repaid. Pell Grants may be awarded to undergraduate students who have not earned a bachelor’s or a professional degree. The amount of aid students can receive varies depending on their financial need, cost of attendance and other eligibility criteria.

Students can receive the Federal Pell Grant for no more than 12 semesters or the equivalent: http://studentaid.ed.gov/types/grants-scholarships/pell/calculate-eligibility

For more detailed information on eligibility and how to apply for the Federal Pell Grant, visit http://studentaid.ed.gov/types/grants-scholarships/pell

Federal Supplemental Educational Opportunity Grant (FSEOG)

The FSEOG program is for undergraduate students with exceptional financial need. Pell Grant recipients with the lowest expected family contributions (EFCs) will be considered first for an FSEOG.
The FSEOG does not have to be repaid. For more detailed information on eligibility and how to apply for the FSEOG, visit http://studentaid.ed.gov/types/grants-scholarships/FSEOG.

**Iraq and Afghanistan Service Grant (IASG)**
A student whose parent or guardian was a member of the U.S. Armed Forces and died as a result of service performed in Iraq or Afghanistan after Sept. 11, 2001, may be eligible to receive the Iraq and Afghanistan Service Grant. For more detailed information on eligibility and how to apply for the IASG, visit http://studentaid.ed.gov/types/grants-scholarships/iraq-afghanistan-service

**Teacher Education Assistance for College and Higher Education (TEACH) Grant Program**
The Teacher Education Assistance for College and Higher Education (TEACH) Grant Program provides grants of up to $4,000 per award year to students who are completing or plan to complete coursework required to start a career in teaching. Students receiving the grant must sign the agreement to serve and agree to teach:
- In a high-need field
- At an elementary school, secondary school or educational service agency that serves low income students
- At least four complete academic years within eight years after completing the course of study the grant was received for

For all students in a TEACH-eligible program at the University will be sent a notification letter of their potential eligibility and information on how to apply for the TEACH Grant. Students must have a cumulative GPA of at least 3.25, sign an Agreement to Serve (ATS) at https://teach-atos.ed.gov/ats/index.action, and complete all required counseling each year they wish to be considered for a grant. The actual amount of state grants awarded to any student is contingent on the availability of funds. The University makes no representation or warranty as to whether a grant or scholarship programs. A list of campuses is available at http://www.phoenix.edu/campus-locations.html

For more detailed information on eligibility and how to apply for the TEACH Grant, visit http://studentaid.ed.gov/types/grants-scholarships/teach

**TEACH Grant-Eligible Programs**
The University has latitude to designate TEACH-eligible programs provided it meets criteria set forth by the U.S. Department of Education. TEACH-eligible programs are as follows:

- MAED/SPE Master of Arts in Education/Special Education
- MAED/TED-S Master of Arts in Education/Secondary Teacher Education
- MAED/TEDHS (Oregon) Master of Arts in Education/Secondary Education — High School/ Middle Level
- MAED/TEDMM (Texas) Master of Arts in Education/Teacher Education Middle Level Mathematics
- MAED/TEDMS (Texas) Master of Arts in Education/Teacher Education Middle Level Science
- MAED/TEDMG (Texas) Master of Arts in Education/Teacher Education Middle Level Generalist
- MAED/TEDSS (Texas) Master of Arts in Education/Teacher Education Secondary Level Generalist
- MAED/TEDSM (Texas) Master of Arts in Education/Teacher Education Secondary Level Mathematics

**State Grant Programs**
Students may also be eligible to receive funding through state grant or scholarship programs where available. Depending on the program, student eligibility may be need-based, non-need-based, credit-based or dependent on other specific conditions. Contact a Finance Advisor at 866.766.0766 for additional information on state grant and/or scholarship programs. A list of campuses is available at http://www.phoenix.edu/campus-locations.html

The FSEOG does not have to be repaid. For more detailed information on eligibility and how to apply for the FSEOG, visit http://studentaid.ed.gov/types/grants-scholarships/FSEOG.

**Iraq and Afghanistan Service Grant (IASG)**
A student whose parent or guardian was a member of the U.S. Armed Forces and died as a result of service performed in Iraq or Afghanistan after Sept. 11, 2001, may be eligible to receive the Iraq and Afghanistan Service Grant. For more detailed information on eligibility and how to apply for the IASG, visit http://studentaid.ed.gov/types/grants-scholarships/iraq-afghanistan-service

**Teacher Education Assistance for College and Higher Education (TEACH) Grant Program**
The Teacher Education Assistance for College and Higher Education (TEACH) Grant Program provides grants of up to $4,000 per award year to students who are completing or plan to complete coursework required to start a career in teaching. Students receiving the grant must sign the agreement to serve and agree to teach:
- In a high-need field
- At an elementary school, secondary school or educational service agency that serves low income students
- At least four complete academic years within eight years after completing the course of study the grant was received for

For all students in a TEACH-eligible program at the University will be sent a notification letter of their potential eligibility and information on how to apply for the TEACH Grant. Students must have a cumulative GPA of at least 3.25, sign an Agreement to Serve (ATS) at https://teach-atos.ed.gov/ats/index.action, and complete all required counseling each year they wish to be considered for a grant. The actual amount of state grants awarded to any student is contingent on the availability of funds. The University makes no representation or warranty as to whether a grant or scholarship programs. A list of campuses is available at http://www.phoenix.edu/campus-locations.html

For more detailed information on eligibility and how to apply for the TEACH Grant, visit http://studentaid.ed.gov/types/grants-scholarships/teach

**TEACH Grant-Eligible Programs**
The University has latitude to designate TEACH-eligible programs provided it meets criteria set forth by the U.S. Department of Education. TEACH-eligible programs are as follows:

- MAED/SPE Master of Arts in Education/Special Education
- MAED/TED-S Master of Arts in Education/Secondary Teacher Education
- MAED/TEDHS (Oregon) Master of Arts in Education/Secondary Education — High School/ Middle Level
- MAED/TEDMM (Texas) Master of Arts in Education/Teacher Education Middle Level Mathematics
- MAED/TEDMS (Texas) Master of Arts in Education/Teacher Education Middle Level Science
- MAED/TEDMG (Texas) Master of Arts in Education/Teacher Education Middle Level Generalist
- MAED/TEDSS (Texas) Master of Arts in Education/Teacher Education Secondary Level Generalist
- MAED/TEDSM (Texas) Master of Arts in Education/Teacher Education Secondary Level Mathematics

**State Grant Programs**
Students may also be eligible to receive funding through state grant or scholarship programs where available. Depending on the program, student eligibility may be need-based, non-need-based, credit-based or dependent on other specific conditions. Contact a Finance Advisor at 866.766.0766 for additional information on state grant and/or scholarship programs. A list of campuses is available at http://www.phoenix.edu/campus-locations.html

The actual amount of state grants awarded to any student is contingent on the availability of funds. The University cannot guarantee any funding from the state grant sources listed, as the list is subject to change without notice based upon changes in state budgetary constraints, state law or regulation, and/or University participation. Where work or other requirements are included in order to preclude the conversion of a scholarship or grant to a loan, the University makes no representation or warranty as to whether a graduate will be able to obtain such employment or fulfill such other requirements.

For information regarding the grants offered by states — how to apply, eligibility, deadlines, etc. — see the list of programs and their respective websites and phone numbers below. For additional specific eligibility information, the institution may contact you directly when determining grant eligibility. Please note that states sometimes change eligibility requirements for existing grant programs or even eliminate programs for a period of time. The list below is deemed complete, but please confirm with your state.

**Arizona**

Institutional Grants Programs
University of Phoenix is committed to providing financial assis-
tance opportunities through institutional grant programs for potential and current students. Various institutional grants are offered throughout the year. For a complete list of current institutional grant offerings, please visit http://www.phoenix.edu/institutional-grants

Scholarships

The Center for Scholarship Excellence (CSE) is a department of University of Phoenix. The CSE is committed to assisting with financial support through institutional and external scholarship programs. The CSE encourages students to borrow responsibly as they work toward their educational goals.

University of Phoenix has a comprehensive scholarship website at http://www.phoenix.edu/tuition_and_financial_options/scholarships.html to meet the needs of students. This website features scholarships offered by University of Phoenix, scholarship resources, tips, suggestions, articles, an external scholarship search engine and much more.

Institutional Scholarships
University of Phoenix offers a number of institutional scholarships, which are listed at http://www.phoenix.edu/tuition_and_financial_options/scholarships/institutional-scholarships.html. The University often partners with organizations to promote scholarship programs. These scholarships are available to potential students or alumni. The CSE website, http://www.phoenix.edu/tuition_and_financial_options/scholarships/institutional-scholarships.html, is updated regularly for institutional scholarships, qualifications, and selection criteria specific to University of Phoenix current and potential students as opportunities become available.

External Scholarships
Private outside entities develop and fund external scholarships, some of which are listed at http://www.phoenix.edu/tuition_and_financial_options/scholarships/external-scholarships.html. External scholarships are available to the general public, which may include University of Phoenix students.

Your eligibility for external scholarships depends on qualifying requirements that vary from scholarship to scholarship. The Center for Scholarship Excellence (CSE) evaluates external scholarship programs, determines applicability to the University student populations, and communicates these opportunities to students and campuses. The website is updated regularly as opportunities become available.

Loans

Federal Direct Loan (DL) Program
Direct Loans, from the William D. Ford Federal Direct Loan Program, are low-interest loans for eligible students to help cover the cost of higher education. Eligible students borrow directly from the U.S. Department of Education at participating schools.

Direct Subsidized Loans — Direct Subsidized Loans are for students with financial need. The University will review the results of the FAFSA and determine the amount a student can borrow. The student is not charged interest while enrolled in school at least half-time. Federal regulations limit a first-time borrower’s eligibility for Direct Subsidized Loans to a period not to exceed 150% of the length of the borrower’s educational program. Under certain conditions, the provision also causes first-time borrowers who have exceeded the 150% limit to lose the interest subsidy on their Direct Subsidized Loans. For more detailed information on Direct Subsidized Loan Time Limitation, visit https://studentloans.gov/
Degree Students

Federal Direct PLUS Loan for Graduate and Professional students can borrow a Direct PLUS Loan to help cover education expenses at a fixed interest rate. Direct PLUS Loan eligibility is dependent upon the applicant’s credit history. If it is determined that the applicant has adverse credit history, the applicant will have the option to appeal the credit decision or to obtain an endorser.

Note: Only first-time borrowers on or after July 1, 2013, are subject to the new provision. Generally, a first-time borrower is one who did not have an outstanding balance of principal or interest on a Direct Loan or on an FFEL Program Loan on July 1, 2013.

Direct Unsubsidized Loans — Direct Unsubsidized Loans are available to students with and without financial need. Like subsidized loans, the University will review the results of the FAFSA to determine the amount a student can borrow. Interest accrues (accumulates) on an unsubsidized loan from the date the loan is initially disbursed. The student can pay the interest while in school and during grace periods and deferment or forbearance periods, or can allow it to accrue and be capitalized (that is, added to the principal amount of the loan). If a student chooses not to pay the interest as it accrues, this will increase the total amount to be repaid because the student will be charged interest on a higher principal amount.

Federal Direct PLUS Loan for Parent(s)

Parents of dependent students may apply for a Direct PLUS Loan to help pay their child’s education expenses as long as certain eligibility requirements are met. Direct PLUS Loan eligibility is dependent upon the applicant’s credit history. If it is determined that the applicant has adverse credit history, the applicant will have the option to appeal the credit decision or pursue an endorser. If a parent is unable to secure a Direct PLUS Loan, the dependent student may be eligible for additional unsubsidized loans.

Terms and Conditions — Students whose parent(s) receive a PLUS Loan are subject to the terms and conditions disclosed on the Federal Direct PLUS Loan Application and Master Promissory Note (MPN) at http://www.direct.ed.gov/mpn.html.

For information regarding Federal Student Loan Interest Rates, including Direct PLUS Loans, please visit http://studentaid.ed.gov/types/loans/plus.

Federal Direct Subsidized and Unsubsidized Annual Loan Limits

Federal Direct Subsidized and Unsubsidized Annual and Aggregate Loan Limits are as follows:

<table>
<thead>
<tr>
<th>Grade Level</th>
<th>Dependent Undergraduate Student</th>
<th>Independent Undergraduate Student</th>
<th>Graduate/Professional Student</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 Freshman</td>
<td>$5,500 - No more than $3,500 of this amount can be subsidized loan</td>
<td>$9,500 - No more than $3,500 of this amount can be subsidized loan</td>
<td>$20,500 - Unsubsidized Loan only* The aggregate amounts for graduate students include loans for undergraduate study.</td>
</tr>
<tr>
<td>2 Sophomore</td>
<td>$6,500 - No more than $4,500 of this amount can be subsidized loan</td>
<td>$10,500 - No more than $4,500 of this amount can be subsidized loan</td>
<td></td>
</tr>
<tr>
<td>3 &amp; 4 Junior and Senior</td>
<td>$7,500 - No more than $5,500 of this amount can be subsidized loan</td>
<td>$12,500 - No more than $5,500 of this amount can be subsidized loan</td>
<td></td>
</tr>
<tr>
<td>Maximum total loan debt (aggregate loan limits)</td>
<td>$31,000 - No more than $23,000 of this amount may be in subsidized loans.</td>
<td>$57,500 - No more than $23,000 of this amount may be in subsidized loans.</td>
<td>$138,500 - No more than $65,500 of this amount may be in subsidized loans. The aggregate amounts for graduate students include loans for undergraduate study.</td>
</tr>
</tbody>
</table>

Award Amount — Students are eligible to receive a Graduate PLUS Loan award up to their academic year cost of attendance (COA) minus any other financial assistance received.

Terms and Conditions — Students who receive a PLUS Loan for Graduate and Professional programs are subject to the terms and conditions disclosed on the Federal Direct PLUS Loan Application and Master Promissory Note (MPN) at http://www.direct.ed.gov/mpn.html.

Federal Direct PLUS Loan for Graduate and Professional Degree Students

Graduate and professional degree students can borrow a Direct PLUS Loan to help cover education expenses at a fixed interest rate. Direct PLUS Loan eligibility is dependent upon the applicant’s credit history. If it is determined that the applicant has adverse credit history, the applicant will have the option to appeal the credit decision or to obtain an endorser.
Undergraduate certificate programs — Loan limits are based on the length of the program. For certificates that are less than an academic year, the $9,500 loan limits would be prorated by the lesser fraction of the weeks or credits in the program, divided by the University academic year definition of weeks or credits. Students in undergraduate certificate programs that are greater than an academic year cannot borrow more than the Grade Level 1 loan limits for each academic year. For final academic years less than 24 credits (graduating students in undergraduate degree or certificate programs that are greater than an academic year), loan limits will be prorated based on the number of credits in the final academic year divided by 24. Please note students may also receive less funding if they receive other financial aid used to cover a portion of cost of attendance.

* Graduate and professional students are not eligible to receive Direct Subsidized Loans for loan periods beginning on or after July 1, 2012.

A student whose parent cannot obtain a PLUS Loan is allowed to borrow additional unsubsidized federal Direct amounts. Student dependency status will be determined based on answers to questions on the FAFSA.

Federal Education Loan Interest Rates and Origination Fees
For information regarding Federal Student Loan Interest Rates and Origination Fees, please visit http://studentaid.ed.gov/types/loans/interest-rates

Interest Rate Cap for Military Members
During military service, students who qualify under the Service-members Civil Relief Act may be eligible for 6% interest rate cap on the loans obtained before entering military service. Qualifying students must contact their loan servicer to request this benefit. In addition, no interest is charged (for a period of no more than 60 months) on Direct Loans first disbursed on or after Oct. 1, 2008, while a borrower is serving on active duty or performing qualifying National Guard duty during a war, other military operation or national emergency, and serving in an area of hostilities qualifying for special pay. Qualifying students should contact their loan servicer for eligibility details and to request this benefit.

Prior Federal Loans and Financial Aid History
Federal financial aid borrowers can check the interest rate, servicer information and other financial aid history via the National Student Loan Data System (NSLDS) at http://www.nslds.ed.gov/ Student Loan Data System (NSLDS) at http://www.nslds.ed.gov/

Private Student Loans Understand your rights and responsibilities when considering private loan options. Clear and accurate information can help you make informed choices, so you borrow only what you need and can reasonably repay.

The University encourages that private loans be considered only after all federal and state financial aid options are exhausted. Private loans are made through third-party lenders and other financial institutions and are subject to a credit review and individual lender terms and conditions. These loans are not subsidized or guaranteed by the federal government. For more information on the difference between federal and private loans, please visit http://www.consumerrights.gov/paying-for-college/choose-a-student-loan/

Private student loans may be available to both students and parents. Each student loan is subject to interest rates and terms set by the lender. Rates and terms are subject to change. Please refer to the lender’s website or phone number for complete loan details.

Financial Aid Awarding
For students who have completed all required financial aid materials, the University will evaluate student eligibility for federal, state and institutional aid programs. If a student is eligible, Student Financial Services — Operations calculates an estimated financial aid award and provides notification to the student. The notification includes eligibility information for each financial aid program awarded, as well as the amount and anticipated disbursement dates. This notification may be electronic. Generally, financial aid awards are divided into two payment periods. Payment periods are based on individual course schedules and follow academic year requirements.

Federal Pell Grant eligibility for an undergraduate student is estimated before originating a Direct Subsidized or Unsubsidized Loan. In addition, a Direct Unsubsidized Loan is not originated without first determining the eligibility for a Direct Subsidized Loan. However, if the amount of the Direct Subsidized Loan is $200 or less and the amount can be included as part of a Direct Unsubsidized Loan, the University is not required to originate a separate Subsidized Loan.

For a dependent student, the University may originate and disburse Parent PLUS funds without determining Federal Pell Grant and Direct Subsidized Loan eligibility. For a graduate student, the University must determine graduate/professional maximum Direct Unsubsidized Loan eligibility before originating a Graduate/Professional PLUS Loan.

Federal Supplemental Educational Opportunity Grant (FSEOG) eligibility for undergraduate students is determined by the expected family contribution (EFC) for the current award year. Awards are made beginning with the lowest EFC until program funds are obligated.

State grant program eligibility is determined by each state authority. The University is notified of student eligibility by the state authority.

Institutional grant and scholarship eligibility determination will vary.

Schedule Requirements
The University defines its academic year as follows:

- Associate programs are a minimum of 24 credits and 36 weeks of instructional time.
- Bachelor’s programs are a minimum of 24 credits and 40 weeks of instructional time.
- Master’s programs are a minimum of 24 credits and 48 weeks of instructional time.
- Doctoral programs are a minimum of 24 credits and 48 weeks of instructional time.

Note: The academic year definition may vary based on program level, version and course length.

The academic year begins with the first eligible course of a degree program and ends when a student successfully completes both the credits and weeks of instructional time requirements. An academic year has no calendar time constraints and continues through periods of nonattendance that are less than 180 days until both the credit and weeks requirements are met. A week of instructional time is a week (a consecutive seven-day period) in which one day
of instruction occurs. Instructional time does not include periods of vacation, orientation or homework. An academic year that begins before a previous existing academic year has ended is considered an overlapping academic year. Students who overlap courses or take courses concurrently may be required to complete additional credits to meet the number of weeks of instructional time required to complete the academic year. The academic policy of the University prohibits a student from taking more than two courses concurrently without written approval from the Campus Director of Academic Affairs. Federal regulations prohibit payment for auditing a course or payment for any course for which an assigned grade is not used in computing requirements for graduation. This includes repeats of grades D or better, unless a higher grade is required, withdrawals and courses that are not applicable to the declared degree objective. This does not apply to repeats of required courses that a student has failed.

**Advancing Programs Policy**

The purpose of this policy is to document the University’s treatment and determination of federal financial aid eligibility for students who advance programs (aka finish one program and begin another program) at the University. If the student begins a new program at the University before the expiration of the prior program’s end of program (EOP) academic year, the University will award all federal financial aid to complete the remainder of the prior program’s EOP academic year.

**Advancing Programs**

A student who graduates from one program at the University and begins another program at the University is a student who is advancing programs. Federal financial aid awards for students who advance programs will be based on whether or not the student has begun a new academic year or has an overlapping academic year with the prior program.

**New Academic Year**

A student who graduates from one program at the University and begins another program after the expiration of the prior program’s EOP academic year is a student who is advancing programs with a new academic year. For these scenarios, the University will award the student all federal financial aid based on a full academic year as defined by the new program of study. (Refer to the Federal Pell Grant — IASG Policy, Direct Loan Policy, and Campus-Based Policy for further information on awarding and the Academic Year Definition Policy for further information on defined academic years.)

**Overlapping Academic Years**

A student who graduates from one program at the University and begins another program prior to the expiration of the prior program’s EOP academic year is a student who is advancing programs with overlapping academic years. If an overlapping academic year exists, the student is required to complete the academic year in terms of both instructional weeks and credits in the prior program. For these scenarios, federal financial aid awards are determined as follows:

**FEDERAL PELL GRANT AWARD**

A student cannot receive more than his or her scheduled Federal Pell Grant award for a federal award year. (Refer to the Federal Pell Grant — IASG Policy for further information.) When a student has already received a Federal Pell Grant during the same federal award year, the University determines the percentage of the scheduled Federal Pell Grant award that the student has received in order to calculate the student’s remaining eligibility (if any) for a Federal Pell Grant award. To calculate the student’s remaining eligibility, the University uses the following formula:

\[
 \text{Pell disbursed in prior program} \div \text{Scheduled award in prior program} = \% \text{ of scheduled award used}
\]

The University then determines the maximum percentage of the scheduled Federal Pell Grant Award the student may receive in the new program by using the following formula:

\[
(100\% \text{ of scheduled award}) \div (\% \text{ of scheduled award used})
\]

Maximum \% of scheduled Pell award student may receive

When calculating the student’s Federal Pell Grant award, the University also ensures the student does not exceed the Pell Lifetime Eligibility Used (Pell LEU).

The remaining Federal Pell Grant award amount is not divided equally across the payment periods in the new program. Instead, the Federal Pell Grant funds may be disbursed in an amount up to the student’s remaining eligibility for each payment period, except that no payment period disbursement can exceed 50\% of the scheduled annual award.

**Federal Pell Grant Example**

A student graduates from the AAB program and advances to the BSBA program at the University. It is determined the student’s academic year for the AAB program overlaps with the academic year for the BSBA program.

**Pell Data from the Prior Program at the University**

<table>
<thead>
<tr>
<th>Scheduled Pell award</th>
<th>$4,000</th>
</tr>
</thead>
<tbody>
<tr>
<td>Pell award disbursed</td>
<td>$1,500</td>
</tr>
</tbody>
</table>

The University must now determine the student’s remaining Pell Grant eligibility for the federal award year to determine the amount it may actually award to the student.
Pell Calculations by the University

<table>
<thead>
<tr>
<th>Scheduled Pell award</th>
<th>$4,000</th>
</tr>
</thead>
<tbody>
<tr>
<td>Percentage of Pell award already used in the prior program</td>
<td>$1,500 $4,000 = 37.5%</td>
</tr>
<tr>
<td>Percentage of remaining Pell eligibility</td>
<td>100% – 37.5% = 62.5%</td>
</tr>
<tr>
<td>Student’s remaining Federal Pell Award</td>
<td>$4,000 X 62.5% = $2,500</td>
</tr>
</tbody>
</table>

The student’s remaining Federal Pell Grant eligibility is $2,500. Since this amount is more than half of the scheduled Federal Pell Grant award, the award must be disbursed in two payment periods. The student may receive half of the scheduled Federal Pell Grant award in the first payment period as long as the first payment period is half an academic year, and the remainder of the amount in the second payment period. If the first payment period is not at least half an academic year, the Pell is disbursed based on the remaining credits in the academic year.

Pell Disbursements in the New Program at the University

| First payment period | $2,000 |
| Second payment period | $500 |

FEDERAL DIRECT LOAN AWARD

The University will award a Direct Loan in the new program for the remainder of the prior program’s EOP academic year as long as the student is enrolled at least half-time — i.e., at least six credit hours. (Refer to the Student/Parent Eligibility Policy for further information.) The loan period will cover the remaining credits and weeks of the overlapping academic year. The Direct Loan funds will not exceed the remaining balance of the student’s annual loan limit at the loan level associated with the new program.

Direct Loan example: A student graduates from the AAB program and advances to the BSBA program at the University. It is determined the student’s academic year for the AAB program overlaps with the academic year for the BSBA program. In the BSBA program, the student is a third-year, independent undergraduate student with a maximum annual Subsidized Loan eligibility of $5,500 and Unsubsidized Loan eligibility of $7,000.

Direct Loan Data from the Prior Program at the University

| Subsidized Loan disbursed | $1,688 |
| Unsubsidized Loan disbursed | $2,250 |

The University must now determine the student’s remaining Subsidized and Unsubsidized Loan eligibility for the overlapping academic year in the BSBA program.

Direct Loan Calculations to Determine Remaining Eligibility for

Overlapping AY

Remaining Subsidized Loan eligibility for overlapping AY
(Annual Subsidized Loan limit – Subsidized Loan funds already disbursed)

$1,688

Remaining Unsubsidized Loan Eligibility for Overlapping AY
(Annual Unsubsidized Loan limit – Unsubsidized Loan funds already disbursed)

$2,250

These remaining loan fund amounts will be disbursed based on the payment periods in the loan period at the University. (Refer to the Disbursements Policy for additional information.)

OTHER FEDERAL AID AWARDS

All other federal financial aid, including the Federal Supplemental Opportunity Grant (FSEOG) and Federal TEACH Grant, follow the same awarding process of finishing out the prior program’s academic year.

External Transfer Policy

The purpose of this policy is to document the University’s treatment and determination of federal financial aid eligibility for students who transfer to the University from another school.

External Transfers

Students who transfer to the University with or without accepted credits and who have overlapping academic years (AYS) with a prior school are referred to as external transfers. An overlapping AY exists if the student begins a program at the University prior to the expiration of the prior school’s AY. If the prior school’s AY length is less than 30 weeks, the University contacts the prior school to confirm the dates are correct or requests the school correct the dates in common origination and disbursement (COD).

The loan period (LP) — or payment period (PP), in the case of all other federal financial aid — to finish out the overlapping AY begins on the first day of courses at the University and ends on the inherited AY end date of the prior school. If this date falls in the middle of a course at the University, the LP/PP and AY end dates are extended to reflect the end date of the last course on the student’s schedule that the student began prior to the inherited AY end date. If the inherited AY end date falls between courses scheduled, the inherited AY end date and the LP/PP end date to finish out the overlap reflects the inherited end date of the prior school.

When awarding federal financial aid for the overlapping AY, the University determines the number of credits required to complete the overlapping AY. The student must be enrolled at least half-time — i.e., at least six credit hours in the LP that is finishing out the overlapping AY — in order to be eligible for Direct Loans. (Refer to the Student/Parent Eligibility Policy for additional information.) The student must successfully complete the required number of credits in order to progress to the next AY and LP. The AY and LP are extended, as needed, until the student earns these credits. Therefore, if the student receives a W or F for courses in the overlap, the end dates of the overlapping AY and LP are extended, as needed, until the student earns these credits. Similarly, if the student receives an I grade or is granted an extension on time to complete coursework, the required number of credits are not successfully earned, and the overlapping AY and LP must be extended.

Federal Pell Grant Award

Students who transfer to the University after receiving a Federal Pell Grant award, the award must be disbursed in two payment periods. The student may receive half of the scheduled Federal Pell Grant award in the first payment period as long as the first payment period is half an academic year, and the remainder of the amount in the second payment period. If the first payment period is not at least half an academic year, the Pell is disbursed based on the remaining credits in the academic year.

Direct Loan example: A student graduates from the AAB program and advances to the BSBA program at the University. It is determined the student’s academic year for the AAB program overlaps with the academic year for the BSBA program. In the BSBA program, the student is a third-year, independent undergraduate student with a maximum annual Subsidized Loan eligibility of $5,500 and Unsubsidized Loan eligibility of $7,000.

Direct Loan Data from the Prior Program at the University

| Subsidized Loan disbursed | $1,688 |
| Unsubsidized Loan disbursed | $2,250 |

The University must now determine the student’s remaining Subsidized and Unsubsidized Loan eligibility for the overlapping academic year in the BSBA program.

Direct Loan Calculations to Determine Remaining Eligibility for

Overlapping AY

Remaining Subsidized Loan eligibility for overlapping AY
(Annual Subsidized Loan limit – Subsidized Loan funds already disbursed)

$1,688

Remaining Unsubsidized Loan Eligibility for Overlapping AY
(Annual Unsubsidized Loan limit – Unsubsidized Loan funds already disbursed)

$2,250
Pell Grant at a previous school during the same award year may receive a Federal Pell Grant only if:
- The student submits a valid SAR to the University; or
- The University obtains a valid ISIR.

A student cannot receive more than his or her scheduled Pell award for a federal award year. (Refer to the Federal Pell Grant — IASG Policy for additional information.) When a student has already received a Federal Pell Grant during the same federal award year, the University determines the percentage of the scheduled Federal Pell Grant award that the student has already received in order to calculate the student’s remaining eligibility.

To calculate the student’s remaining eligibility, the University uses the following formula:

\[
\text{Maximum Pell award} = \frac{(\text{Maximum of scheduled award remaining})}{\text{Scheduled award at university}} \times (\text{Scheduled award at prior school})
\]

The University then subtracts the percentage of scheduled award used from 100 to calculate the maximum percentage of the scheduled award the student may receive at the University. The University determines the Federal Pell Grant Award the student is eligible for by using the following formula:

\[
\text{Student’s remaining Federal Pell Grant Award} = \text{Scheduled award at University} \times \text{Percentage remaining eligibility}
\]

When calculating the student’s Federal Pell Grant award, the University also ensures the student does not exceed the Pell Lifetime Eligibility Used (Pell LEU).

The remaining Federal Pell Grant award amount is not divided equally across the PP’s in the new program. Instead, the Federal Pell Grant funds may be disbursed in an amount up to the student’s remaining eligibility for each PP, except that no PP disbursement can exceed 50% of the scheduled annual award.

**Pell Grant example:** A student received a portion of a Federal Pell Grant at a community college, and then transferred to the University during the same federal award year. The community college performed a Return to Title IV (R2T4) calculation and returned a portion of the student’s Federal Pell Grant award.

**Pell Data from the Community College**

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Scheduled Pell award</td>
<td>$3,000</td>
</tr>
<tr>
<td>Pell award disbursed</td>
<td>$1,500</td>
</tr>
<tr>
<td>Amount of Pell funds returned</td>
<td>$300</td>
</tr>
<tr>
<td>due to R2T4 calculation</td>
<td></td>
</tr>
<tr>
<td>Net amount of Pell funds disbursed to student</td>
<td>$1,200</td>
</tr>
</tbody>
</table>

The University’s cost of attendance is higher than the community college, which increases the student’s scheduled Federal Pell Grant to $4,000 for the federal award year. The University must now determine the student’s remaining Federal Pell Grant eligibility for the federal award year to determine the amount it may actually award to the student.

**Pell Calculations to Determine Remaining Pell Eligibility**

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Scheduled Pell award at the University</td>
<td>$4,000</td>
</tr>
<tr>
<td>Percentage of Pell award already used (Net Pell disbursed ÷ Scheduled Pell</td>
<td></td>
</tr>
<tr>
<td>award at prior school)</td>
<td>$1,200</td>
</tr>
<tr>
<td>Percentage of remaining Pell eligibility (100% - Percentage used)</td>
<td>60%</td>
</tr>
<tr>
<td>Student’s remaining Federal Pell Grant Award (Scheduled award at University</td>
<td></td>
</tr>
<tr>
<td>X Percentage remaining eligibility)</td>
<td>$4,000 X 60% = $2,400</td>
</tr>
</tbody>
</table>

The student’s remaining Federal Pell Grant eligibility is $2,400. Since this amount is more than half of the scheduled Federal Pell Grant award, the award must be disbursed in two payment periods. As long as the student’s first PP in the new program is at least half of an AY (in both credits and weeks), the student may receive half of the scheduled award in the first PP. If the second PP in the new program falls in the same federal award year, the student will receive the remainder of the Federal Pell Grant amount in the second PP.

**Pell Disbursements at the University**

<table>
<thead>
<tr>
<th>Payment Period</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>First payment period</td>
<td>$2,000</td>
</tr>
<tr>
<td>Second payment period</td>
<td>$500</td>
</tr>
</tbody>
</table>

**FEDERAL DIRECT LOAN AWARD**

The loan at the University may not exceed the remaining balance of the student’s annual loan limits after the disbursements at the previous school are considered. If the balance of the program is less than an AY, those Direct Loans originated for a single PP are disbursed in two disbursements. (Refer to the Disbursements Policy for additional information.)

**Direct Loan example:** A student received a portion of a Direct Loan at a community college, and then transferred to the University during the same AY, creating an overlapping AY at the University. When the student transferred, the community college performed a Return to Title IV (R2T4) calculation and returned a portion of the student’s Direct Loan funds. The student is enrolled at the University as a first-year independent undergraduate student with maximum annual Subsidized Loan eligibility of $3,500 and Unsubsidized Loan eligibility of $6,000.
Direct Loan Data from the Community College

<table>
<thead>
<tr>
<th>Loan Type</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Subsidized Loan originally disbursed</td>
<td>$1,750</td>
</tr>
<tr>
<td>Subsidized Loan funds returned due to R2T4 calculation</td>
<td>$0</td>
</tr>
<tr>
<td>Net Subsidized Loan funds disbursed</td>
<td>$1,750</td>
</tr>
<tr>
<td>Unsubsidized Loan originally disbursed</td>
<td>$3,000</td>
</tr>
<tr>
<td>Unsubsidized Loan funds returned due to R2T4 calculation</td>
<td>$1,000</td>
</tr>
<tr>
<td>Net Unsubsidized Loan funds disbursed</td>
<td>$2,000</td>
</tr>
</tbody>
</table>

The University must now determine the student’s remaining Subsidized and Unsubsidized Loan eligibility for the overlapping AY. Direct Loan Calculations to Determine Remaining Eligibility for Overlapping AY

Remaining Subsidized Loan eligibility (Annual Subsidized Loan limit – Net Subsidized Loan funds disbursed) $3,500 – $1,750 = $1,750

Remaining Unsubsidized Loan Eligibility (Annual Unsubsidized Loan limit – Net Unsubsidized Loan funds disbursed) $6,000 – $2,000 = $4,000

These remaining loan fund amounts will be disbursed based on the PPs in the LP at the University. (Refer to the Disbursements Policy for additional information.)

OTHER FEDERAL AID AWARDS
All other federal financial aid, including the Federal Supplemental Opportunity Grant (FSEOG) and Federal TEACH Grant, will follow this same awarding process of finishing out the overlapping AY.

Program Changes Policy
The purpose of this policy is to document the University’s treatment and determination of federal financial aid eligibility for students who change programs during an open payment period at the University.

Program Changes
Federal regulations require the University to evaluate the federal financial aid award for a student who has changed programs during an open payment period to determine whether or not the student may remain in the same payment period or if the student will be required to begin a new academic year (AY) and payment period. For a student to be considered in the same payment period, all five (5) of the following conditions must be met:

- The student is continuously enrolled at the University.
- The courses in the payment period the student is transferring out of are substantially similar to the courses the student will be taking in the new program, and credits associated with the courses transfer to the new program.
- There are little or no changes in tuition and fee charges associated with the payment period.
- The credits successfully completed and earned in the payment period for the program the student is transferring out of are accepted for credit in the new program.
- There is no credit hour difference between the payment periods.

If all five (5) conditions are met, the student will remain in the original payment period and AY. However, adjustments to disbursement dates, payment period start and end dates, and the AY end date may be made to address any changes to when the student will complete the required credit hours and weeks of instructional time of the AY.

If All Five Conditions Are Not Met
If all five (5) conditions are not met, the University will perform a Return to Title IV (R2T4) calculation to withdraw the student from the payment period for the program the student is transferring out of and update the program’s AY/loan period (LP) accordingly. (Please refer to the Return to Title IV Policy for additional information.)

Once the Return to Title IV (R2T4) calculation has been completed and all required federal aid funds returned as required, the University will package the student for the new program based on a new AY/LP as follows:

FEDERAL PELL GRANT AWARD
If the student is eligible for the Federal Pell Grant, the University must identify the amounts of Federal Pell Grant already received for the federal award year in the program the student transferred out of and determine the percentage of the student’s annual scheduled Federal Pell Grant award already used.

To calculate the student’s remaining eligibility, the University uses the following formula:

\[
\text{Pell disbursed in prior program} \div \text{Scheduled award in prior program} = \% \text{ of scheduled award used}
\]

The University then determines the maximum percentage of the scheduled Federal Pell Grant award the student may receive in the new program by using the following formula:

\[
\left(100\% \div \text{Pell disbursed in prior program}\right) \times \left(100\% \div \text{Scheduled award in prior program}\right) = \% \text{ of scheduled award used}
\]

When calculating the student’s Federal Pell Grant award, the University will also ensure the student does not exceed the Pell Lifetime Eligibility Used (Pell LEU). The remaining Federal Pell Grant award amount is not divided equally across the payment periods in the new program. Instead, the Federal Pell Grant funds may be disbursed in an amount up to the student’s remaining eligibility for each payment period, except that no payment period disbursement can exceed 50% of the scheduled annual award.

Federal Pell Grant example: A student transfers from the AAB program to the BSBA program at the University and all five condi-
Pell Data from the Prior Program at the University

Scheduled Pell award $4,000
Pell award kept as a result of the R2T4 calculation $1,500

The University must now determine the student’s remaining Pell eligibility for the federal award year to determine the amount it may actually award to the student.

Pell Calculations by the University

<table>
<thead>
<tr>
<th>Scheduled Pell award</th>
<th>$4,000</th>
</tr>
</thead>
<tbody>
<tr>
<td>Percentage of Pell award already used in the prior program (Pell award disbursed / Scheduled Pell award)</td>
<td>$1,500 / $4,000 = 37.5%</td>
</tr>
<tr>
<td>Percentage of remaining Pell eligibility (100% – Percentage used)</td>
<td>100% – 37.5% = 62.5%</td>
</tr>
<tr>
<td>Student’s remaining Federal Pell award (Scheduled award at University X Percentage remaining eligibility)</td>
<td>$4,000 X 62.5% = $2,500</td>
</tr>
</tbody>
</table>

The student’s remaining Federal Pell Grant eligibility is $2,500. Since this amount is more than half of the scheduled Federal Pell Grant award, the award must be disbursed in two payment periods. The student may receive half of the scheduled Federal Pell Grant award in the first payment period, and the remainder of the amount in the second payment period as long as the second payment period falls in the same award year.

Pell Disbursements in the New Program at the University

| First payment period | $2,000 |
| Second payment period | $500 |

Direct Loan Data from the Prior Program at the University

| Subsidized Loan disbursed | $1,688 |
| Unsubsidized Loan disbursed | $2,250 |

The University must now determine the student's remaining Subsidized and Unsubsidized Loan eligibility for the overlapping academic year in the BSBA program.

Direct Loan Calculations to Determine Remaining Eligibility for New Loan Period in New Program

| Remaining Subsidized Loan Eligibility for New Programs LP (Annual Subsidized Loan limit – Subsidized Loan funds already disbursed) | $5,500 – $1,688 = $3,812 |
| Remaining Unsubsidized Loan Eligibility for New Programs LP (Annual Unsubsidized Loan limit – Unsubsidized Loan funds already disbursed) | $7,000 – $2,250 = $4,750 |

These remaining loan fund amounts will be disbursed based on the payment periods in the new program’s loan period at the University. (Refer to the Disbursements Policy for additional information.)

Program Change After Payment Period Is Completed
If the student changes programs after successfully completing a payment period and prior to starting another payment period, regardless of the five (5) conditions, the University will not perform an R2T4 calculation because the student completed the payment period for which funds were disbursed. Students in these scenarios will remain in the same AY/LP and will be required to complete the remaining credits and weeks of the AY/LP.

Program Change Effective Date
The program change effective date will be the start date of the first course the student will attend in the new program. This is also known as the program begin date.

Program Version Changes
A student enrolled at the University who changes versions of a program is not a student who is changing programs for federal financial aid purposes. Therefore, the University will not reevaluate payment periods for students changing versions of the same program at the University.

Re-entry Policy

Federal regulations require certain procedures take place when a student withdraws from the University and re-enters the same program within 180 days, or withdraws from the University and re-enters after 180 days. The 180-day break is determined by counting the days between the student’s official last date of attendance (OLDA) and the course start date when the student returns. This federal financial aid Re-entry policy is separate from the institution’s Academic Program Re-entry policy.

Re-entry Within 180 days
When a student withdraws from the University and re-enters within 180 days to the same program at the University, the student remains in the same payment period the student was in when originally withdrawn.
The cost of attendance (COA) for a student who re-enters within 180 days will reflect the original educational costs associated with the payment period from which the student withdrew. The student is immediately eligible to receive all federal financial aid funds returned when the student withdrew. The University will take the following actions, if applicable, for a student who re-enters the same program within 180 days:

- Re-disburse federal financial aid that was disbursed and returned under the Return of Title IV (R2T4) provisions.
- Disburse federal financial aid the student was otherwise eligible for that had not yet been disbursed at the time the student withdrew.
- Cancel any overpayments assessed to the student as a result of the prior withdrawal that were disbursed on re-entry.

The student becomes eligible for subsequent federal financial aid payments when the payment period for which he or she was paid is completed. If the date of a student’s return is outside the period for which the loan was originated, the University will extend the original loan period (LP) and originate a new loan. Additionally, if the scheduled date for a second disbursement is outside the period the loan was originated, the University will extend the LP and the date(s) for the second and any subsequent disbursement.

If a student returns to the University within 180 days and before federal financial aid funds are returned due to an R2T4 calculation, the University will not return the funds. If a student withdrew, had a previous overpayment referred to Debt Resolution Services, and reenters within 180 days, the University will send Debt Resolution Services a fax identifying the student overpayment. The fax will state the overpayment should be made void as the student has returned to the University.

**Re-entry Within 180 Days and in a New Federal Award Year**

If a student re-enters the University within 180 days and was originally enrolled in a payment period that began and was scheduled to end in one federal award year, but returns after the end of that federal award year, the University will disburse any remaining funds using the original federal award year. The University will follow this process as long as the original federal award year is still open. If the original federal award year is closed and the student is due additional Pell funds from the closed federal award year, the University will request the Pell Grant funds through the COD website.

If the student was originally awarded campus-based funds and the funds are no longer available from the original federal award year, the University may award funds from the current federal award year if funds are available. However, this does not increase the annual maximum campus-based funds award a student may receive.

If the student was awarded Direct Loan (DL) funds and the original federal award year is still open, the University will recover the DL funds from that federal award year. If the original federal award year is closed, the University will award the student remaining DL funds using current federal award year paperwork. However, the original LP dates along with original cost of attendance and expected family contribution will be used to award the remaining DL funds.

**Re-entry After 180 days or Re-entry into a Different Program**

When a student withdraws from the University and re-enters after 180 days have elapsed or reenters into a different program of study at any time, the University will award the student based on new payment periods. The length of the program will be the number of credit hours and weeks of instructional time remaining in the program the student re-enters. If the remaining credit hours and weeks of instruction constitute one-half of an academic year (AY) or less, the remaining hours will constitute one payment period. If the start of the new AY overlaps with a previous AY, meaning the start of the new program begins before the calendar end date of the previous program’s AY, prior funds disbursed will be taken into consideration when packaging the student for the new program.

**Consortium Agreements**

**Purpose**

Written arrangements consist of consortium and contractual agreements. The purpose of this policy is to document the University’s position on participating in consortium agreements with other institutions for the purpose of receiving or processing federal financial aid funds.

**Policy**

The University chooses to not participate in consortium agreements, defined as written agreements between two or more federal financial aid (Title IV) eligible institutions. Therefore, the University will not provide signature or approval on any consortium agreement submitted, whether as a host or home institution.

**Verification**

A federal financial aid student may be chosen to participate in the verification process by the U.S. Department of Education Central Processing System. The Central Processing System prints an asterisk next to the expected family contribution (EFC) on the Student Aid Report (SAR) or SAR Acknowledgement to identify the student has been selected for verification. The purpose of verification is to maintain the integrity of federal financial aid programs by verifying the information provided by students and parents on financial aid applications. If a student is selected for verification, the University will request the student provide all applicable documentation, which may include, but is not limited to, the following:

- IRS-issued federal tax return transcript(s)
- IRS W-2 form for each source of employment income
- Verification worksheet
- Verification of household member(s) receiving Supplemental Nutrition Assistance
- Program (SNAP) benefits
- Verification of child support paid
- Verification of untaxed income
- Documentation of high school completion
- Government-issued photo identification
  - To comply with 18 USC § 701, the University is unable to make or accept photo copies of military identification cards. Copies of military identification cards will not be accepted.
- Statement of Educational Purpose

Additional documents may be required by the University to complete the verification process. A student will receive written notification from the University of verification requirements, required documentation and the timelines for completion of the process. The student must return any requested verification documents within 30 days of receiving written notification from the University. If verification documents are not received within this timeframe, the University will cease processing his or her financial aid request.

Applicants selected for verification must complete the process by
the federally published deadline, Sept. 26, 2016, or 120 days after the last day of the student’s enrollment, whichever is earlier.

Cost of Attendance Policy

A student’s cost of attendance (COA) is established solely for use in calculating federal financial aid eligibility and awarding financial aid, for a specific period of enrollment. The University reviews and, if necessary, updates each component annually, referencing the College Board website at http://professionals.collegeboard.com/higher-ed and actual institutional data. The University uses estimated monthly living expenses, and an average cost of tuition, electronic course materials and books. Amounts used in this year’s federal cost of attendance (COA) are as follows:

Ground Campuses

<table>

<td>$21,304</td>
<td>$31,848</td>
</tr>
</tbody>
</table>

Note: Military is assumed as all active for average weighting of tuition.

For detailed information regarding actual tuition fees for programs and locations, contact a Finance Advisor or visit the tuition and fees calculator web page at http://www.phoenix.edu/tuition_and_financial_options/tuition_and_fees.html

Policy

The University uses an average monthly cost of living expense, based on the following:
- Seven months for certificate-seeking students
- Nine months for associate degree-seeking students
- Ten months for bachelor’s degree-seeking students
- Twelve months for graduate students

The University COA consists of the following components:
- Tuition
- Electronic Course Materials and Books (resource fees)
- Living Expense
- Housing
- Transportation
- Miscellaneous (school supplies and personal expenses)
- Loan Fees

If a student is attending less than half-time, the COA is made up of the following components:
- Tuition
- Electronic Course Materials and Books (rEsource Fees)

Tuition

Average tuition rates are obtained annually for online programs, and programs for each certificate and degree level. The tuition expense for the COA is an average based on modality and certificate and degree level. The University documents how averages are calculated and makes this information available upon request. Exceptions include professional judgment decisions and elimination of an overaward using actual tuition costs. If a student’s period of enrollment is less than a full academic year, costs are adjusted to match the period of enrollment.

Electronic Course Materials and Books

This mandatory fee encompasses course electronic textbooks and electronic materials, the University library, eBook collection, math labs, programming software, the Centers for Math and Writing Excellence, and Phoenix Career Guidance System™.

Living Expense

The monthly living expense component is based on the low budget for a 12-month academic year, as published by the College Board at http://professionals.collegeboard.com/higher-ed/financial-aid/living-expense. This is used to calculate a monthly living expense amount used for students of all regions and states. The monthly living expense is multiplied by the months in the loan period, based on the degree level. Students receiving military housing assistance will have a reduction in living expenses in the amount of
the housing allowance.

End of Program Periods

The end of program (EOP) COA is based on the credits required to complete the program and the weeks of instructional time, converted to months, needed to complete those credits. The months are rounded up and multiplied by the monthly living expense amount to determine the EOP COA. The COA will not increase if a remaining period needs to be extended due to the student failing or withdrawing from a course(s) in the prorated period.

Loan Fees

The University calculates an average loan fee by performing a separate calculation for undergraduate and graduate students.

Incarcerated Students

The COA for incarcerated students is limited to tuition, course material fees, and books and supplies, if required in the program of study. (Refer to the Student/Parent Eligibility Policy for further information.)

Tribal Budget

The University prepares a separate tribal budget for students who receive tribal funding. The tribal budget consists of actual tuition rates for the tuition component and may include a child/dependent care average component obtained from the National Association of Childcare Resource and Referral Agency (NACCRRA). The University averages each childcare type for weekly and hourly cost for each state. Documentation is available for review, upon request.

Grade-Level Determination

Determination of grade level is an important part of calculating eligibility for federal and state financial aid. The University determines the student’s grade level by calculating the total number of credits that have been completed at the beginning of an academic year. For example, a student with 12 transfer credits at the start of his or her program at the University will be considered a grade level 1 student.

After the completion of one academic year of 24 credits, the student will have a total of 36 credits completed, making the student eligible for grade level 2 loans in his or her second academic year. The following chart illustrates the number of credits required to complete each grade level.

<table>
<thead>
<tr>
<th>Grade Level</th>
<th>Credits Applied in Primary Program (includes Transfer Credit)</th>
</tr>
</thead>
<tbody>
<tr>
<td>GL 1 (freshman)</td>
<td>0-24</td>
</tr>
<tr>
<td>GL 2 (sophomore)</td>
<td>24-48</td>
</tr>
<tr>
<td>GL 3 (junior)</td>
<td>49-72</td>
</tr>
<tr>
<td>GL 2 (senior)</td>
<td>73+</td>
</tr>
</tbody>
</table>

Note: A student in a two-year program cannot receive more than a grade level 2 (GL 2) annual loan limit in any given year, no matter how long it takes to complete the program. A student in an undergraduate certificate program cannot receive more than a grade level 1 (GL 1) annual loan limit in any given year, no matter how long it takes to complete the undergraduate certificate. For information on academic year definitions, please see the Financial Aid Awarding section.

Conflicting Information

If the University has conflicting information concerning a student’s eligibility or has any reason to believe a student’s application information is incorrect, the University will resolve such discrepancies before disbursing student financial aid funds. If discrepancies are discovered after disbursing student financial aid funds, the University will reconcile the conflicting information and require the student to repay any funds for which he or she was ineligible. Examples of conflicting information may include, but are not limited to, the following:

- Social Security numbers
- Date of birth
- Legal name
- Discrepant tax data (including whether or not the student/parent was required to file a tax return)
- Household size or marital status
- Citizenship status

Other Resources

Examples of other resources include, but are not limited to, the following:

- External grants and scholarships
- University grants and scholarships
- Tuition assistance
- Military tuition benefits
- University tuition discounts and waivers
- University administration tuition and/or student account adjustments
- Income from insurance programs that pay for the student’s education
- Private loans
- Private and state grants
- Tribal aid
- Other financial assistance paid directly to the University

Note: Adjustments to tuition due to an approved leave of absence, early payment discounts and cash payments made by the student will not count as other resources.

A student must have financial need to receive all federal financial aid funds except for Direct Unsubsidized and PLUS Loans under the Direct Loans program. As such, a student’s expected family contribution and other resources will be subtracted from the cost of attendance when determining eligibility for federal financial aid (Title IV). All awards, including need and non-need-based aid, cannot exceed a student’s annual cost of attendance.

If the University receives additional other resources that cause the student to exceed the cost of attendance, it will adjust the awards appropriately to eliminate the overaward. This may include reducing future disbursements for a second or subsequent payment period or returning awards to the funding source. Funds will be returned in the order most beneficial to the student.

Satisfactory Academic Progress

Information regarding University academic progress standards for
individual programs and information regarding the University’s Program and Cumulative Grade Point Average policy may be found under the Academic Policies section of the appropriate University Academic Catalog at http://www.phoenix.edu/programs/degree-programs/academic-catalog.html

**Satisfactory Academic Progress (SAP) for DVA Education Benefits**

To receive Department of Veterans Affairs (DVA) education benefits, a student must maintain satisfactory academic progress (SAP) and conduct. Accordingly, benefits will be terminated for individuals who are disqualified, suspended or expelled from the University.

**Academic Probation**

Academic probation (AP) shall occur when a grade point average (GPA) falls below acceptable levels for the program. Probation lasts for a period of four consecutive program-applicable courses. Concurrent enrollment is prohibited during the four-course AP sequence.

Associate degree students enrolled at the online campus should continue traditional block scheduling format with concurrent enrollment in two courses (excluding AACR and AAPF). In graduate programs, the four-course sequence excludes any undergraduate prerequisite courses.

Financial aid students will continue to receive funds during the probationary period.

Veteran students will continue to receive DVA education benefits during the probation period. The veteran will be informed of the probation, and a notation to the student DVA file will be recorded when the probationary period commenced.

**Academic Disqualification**

Academic disqualification (AD) will result if a student fails to clear an academic probation status within four courses from the onset of probation. Veteran students will not be eligible for DVA educational benefits after disqualification. The DVA and student will be notified of the disqualification. To reapply, a formal application for admission must be submitted in accordance with University admission procedures. In addition, applicants should explain the reasons for the scholastic deficiencies; the manner in which the intervening time has been spent; and why they should be given favorable consideration for readmission.

The readmission file will be reviewed by the Student Appeals Center and a decision reached regarding readmission. If approved, the student would be required to complete all program requirements in effect at the time of readmission. An application for DVA education benefits will also be necessary to re-establish benefits with University of Phoenix. If readmission to the University is approved, please contact your Academic Advisor to determine if your chosen program remains eligible for DVA education benefits.

**Federal Financial Aid Satisfactory Academic Progress**

**Purpose**

Federal regulations require institutions to establish a reasonable satisfactory academic progress (SAP) policy for determining whether an otherwise eligible student is meeting SAP in an educational program and may receive financial aid under the Title IV HEA programs. The policy must be as strict as the policy the institution applies to a student who is not receiving federal financial aid under the Title IV HEA programs.

**Policy**

Students must maintain SAP throughout the duration of their academic program to remain eligible for federal financial aid. SAP is assessed by qualitative and quantitative measures and is evaluated at the end of each completed payment period in the student’s academic program.

**Qualitative Measure**

**GRADE POINT AVERAGE**

Undergraduate students must have a cumulative program grade point average (GPA) of 2.0 at the end of each completed payment period, unless otherwise defined by academic policy. Graduate students must have a program GPA of 3.0 at the end of each completed payment period.

A student’s cumulative program GPA is calculated using only those grades earned at the University for the current program of the student. The program GPA is computed by adding the program applicable cumulative grade quality points earned (calculated by multiplying the credit hours and the weight of the grade earned in the course) and dividing it by the program applicable cumulative total number of credit hours completed.

Courses from which the student withdraws are not included in the program GPA calculation for the qualitative measurement.

**Qualitative Exclusions**

The following are excluded from the qualitative computation:

- Waivers
- National Testing Programs
- Courses with the following grades:
  - In Progress Extension (IX)1 (provided there is no formal grade)
  - Audit (AU)
  - Incomplete (I)
  - In Progress (IP)
  - No Grade Awarded (QC)2
  - Passing (P)
  - Withdrawal (W)
  - Withdrawal/Failing (WF)
  - Waived with Credit (WC)
  - No Credit (NC)
- Orientations with the following completion statuses:
  - Orientation Complete (OC)
  - Orientation Not Complete (ON)
  - Orientation Extension (OX)
- Assessed Credits

**Quantitative Measure**

Each academic program has a published standard credit load for completion. Pace of completion is automatically evaluated for all periods of attendance at the University, including periods the student did not receive federal financial aid.

**MAXIMUM TIMEFRAME**

The maximum timeframe to complete the program cannot exceed 150% of the published length of the program measured in credit hours attempted for undergraduate and graduate students. Progress is evaluated cumulatively at the completion of each payment period for a student’s primary program of study to ensure completion of the program within the 150% maximum timeframe. If a student cannot complete the program of study within the maximum timeframe (as determined at the end of the payment period), the student will be placed on financial aid disqualification (FD) status without the ability to appeal.

**PACE OF COMPLETION**

The quantitative measure for the pace of completion is calculated...
using the following formula:

\[
\text{Cumulative number of credit hours the student successfully completed} \div \text{Cumulative number of credit hours the student attempted}
\]

At the end of each payment period, the student’s pace of completion is evaluated. Students must earn at least 67% of the credit hours attempted toward completion of the primary program of study. Credit hours taken at other institutions and accepted toward a student’s primary program of study at the University are included in both attempted and completed credit hours when measuring pace of completion.

Courses from which the student withdraws are counted as attempted credit hours when calculating the quantitative measurement or program pace.

INCLUDED IN PACE OF COMPLETION
The following are included as attempted in the pace of completion calculation:
- Courses that are waived with credit (WC)
- Assessed credits
- Withdrawal (W)
- Withdrawal/Failing (WF)
- Courses completed with the following grades: A, B, C, D and F (+/–)
- In progress (IP)
- Incompletes (I, IX and IF)
- No grade awarded (QC)

EVALUATION
The University evaluates SAP for the student’s primary program of study, based on a completed payment period (generally, at least 12 credit hours). As a result of the evaluation, a student is assigned a Federal SAP status.

FINANCIAL AID WARNING
Undergraduate students with less than a cumulative 2.0 GPA, or the minimum as stated in policy, and graduate students with less than a 3.0 OR who do not earn 67% of their attempted credits (cumulatively) at the end of a completed payment period, are automatically placed on financial aid warning (FW) status. The University can disburse federal financial aid funds to students on FW status for one payment period.

FINANCIAL AID DISQUALIFICATION
If a student on FW status does not meet SAP at the end of the subsequent completed payment period, the student is not eligible for additional federal financial aid and will be placed on an FD status. Students who are placed on an FD status are ineligible for federal financial aid.

FINANCIAL AID PROBATION
Students who are granted an appeal will be placed on financial aid probation (FP) status and will have their financial aid eligibility reinstated based on the appeal. The University can disburse federal financial aid funds to students on FP status for one probationary payment period, provided all other eligibility requirements are met. The student must meet the University’s SAP standards to maintain federal financial aid eligibility.

STUDENT NOTIFICATION
The University will notify students at any point during their enrollment if they are placed on or taken off the FW, FP, FD or Regular Student (RG) statuses, as these affect student eligibility to receive federal financial aid.

STUDENT FINANCIAL AID APPEALS
Students placed on FD status due to a violation of the qualitative and/or quantitative standards during the financial aid warning period may appeal the disqualification to regain eligibility for federal financial aid. Students may do so by submitting an appeal to the Student Financial Services — Operations Professional Judgment (SFS-OPJ) Team. The SFS-OPJ form is located on the University’s financial aid website. If there are unusual circumstances that should be considered during the appeal process, federal financial aid reinstatement may be possible during a financial aid probation period.

Approval and/or reinstatement of federal financial aid eligibility are not guaranteed. The SAP PJ Team reviews all appeals on a case-by-case basis. Approval is only granted when there are significant extenuating circumstances. All decisions made by the SAP PJ Team are final.

The University allows a student to have a maximum of two approved appeals during his or her time at the University. These appeals cannot be consecutive and are only considered if unusual circumstances exist. Examples of unusual circumstances may include, but are not limited to, the following:
- Death of a relative
- An injury or illness of the student
- Other special circumstances

Students must explain in the appeals process why the nature and timing of their unusual circumstance(s) directly prohibited them from maintaining SAP, and what has changed in their situation that would allow them to demonstrate SAP at the next evaluation. If students have more than 12 credits remaining in their program of study, they must demonstrate the ability to graduate within the maximum timeframe allowed and meet the GPA requirements. If students have 12 or less credits remaining, they must demonstrate the ability to complete the remaining credits successfully.

REGAINING ELIGIBILITY AFTER PAYMENT PERIOD OF INELIGIBILITY
A student who is not making SAP regains eligibility only when the student is in compliance with the University’s SAP requirements. Therefore, if a student loses eligibility for federal financial aid as a result of not meeting SAP requirements, the student must pay for the ineligible payment period using non-federal financial aid funds. If the student meets all SAP criteria after the ineligible payment period, the student’s borrow-based academic year (BBAY) will start at the beginning of the eligible payment period following the period of ineligibility. The BBAY is packaged for a full 24 credits and 30 weeks of instructional time.

If the ineligible payment period is the second payment period of an academic year/loan period already established, any federal financial aid awarded for the second payment period will be canceled and, if necessary, returned to the funding source.

MAXIMUM TIMEFRAME
If at any time during the evaluation period it is determined a student is not going to complete the program of study within the maximum timeframe of 150% of the length of the educational program, the student becomes ineligible for federal financial aid. This determination cannot be appealed.

TRANSFER CREDITS-QUALITATIVE
A student’s program GPA is calculated using only grades earned at
the University in courses that are applicable to the program. Therefore, transfer credits do not apply when calculating the student’s GPA at the University. Transfer credits include credits for all courses not completed at the University that are applied toward the completion of the student’s degree program.

TRANSFER CREDITS-QUANTITATIVE

Credits taken at other institutions and applied toward the student’s program/version at the University are included in both attempted and completed hours when measuring the student’s pace toward completion. Students who change program/versions at the University will be re-evaluated to determine which credits apply to the new program/version.

PROGRAM CHANGES

Students who change programs at the University are re-evaluated to determine which credits apply to the new program. The student’s SAP status will be reset with an effective date of the program change and will be evaluated at the end of each completed payment period in the new program. If the student changes back to a program he or she was previously in, the student’s SAP status will reflect the status of the original program.

REPEAT COURSES

Grades for prior attempts are excluded when calculating the quantitative component. However, credits from all attempts are included when assessing if the student meets the quantitative component. Although a student may successfully complete a course more than once, only the first passing grade is counted as a completion when calculating the quantitative component.

CONCURRENT ENROLLMENT

The University evaluates SAP for the primary program based on completed weeks and credits of a payment period, regardless of whether or not the student is enrolled concurrently. All credits completed at the University applicable to the primary program will apply toward the primary program’s GPA.

Professional Judgment

The University may exercise discretion to accommodate special circumstances, with respect to some aspects of eligibility, using professional judgment. Professional judgment allows the University to treat a student individually when the student has special circumstances not sufficiently addressed by standard procedures. The University uses professional judgment on a case-by-case basis. Special circumstances will include conditions that differentiate an individual student from a whole class of students. The University will not accept professional judgments made for a student by another school, but will independently review the circumstances and, if appropriate, document the professional judgment decision. The decision of the University regarding professional judgment is final and cannot be appealed to the U.S. Department of Education. A student should contact a Finance Advisor if interested in submitting a professional judgment request.

Note: The University will complete verification before exercising professional judgment for students who have been selected for verification.

Determining Enrollment at the University

Active enrollment is determined by a student’s continuous attendance at the University. A student is considered to be in continuous attendance as long as no more than 14 days exists between academically related activities (ARAs). For exceptions to this 14-day requirement, please refer to Withdrawing from the University. For additional information, please see Academically Related Activities below. Students may have one of the following active enrollment statuses based upon the academic workload for his or her program:

Active Full-Time: The student’s required academic workload for his or her program is at least 6 credits for an academic year, the student is actively attending class and the student's official last date of attendance based on ARAs does not exceed 14 days. Institutionally Scheduled Breaks and In Progress Extensions are excluded from the 14 day out of attendance calculation.

Active Less Than Half Time: The student’s required academic workload for his or her program amounts to less than the 6 credits for an academic year, as determined by the institution. In addition, the student is actively attending class and student's official last date of attendance based on ARAs does not exceed 14 days. Institutionally Scheduled Breaks and In Progress Extensions are excluded from the 14 day out of attendance calculation.

Academically Related Activities

ARAs are used to determine a student’s official last date of attendance and corresponding enrollment status at the University. ARAs are also used to determine the effective date of active and withdrawn enrollment statuses. The following activities that occur on or after the course start date and on or before the course end date will be considered academically related activities by the University:

• Postings/Messages in a course (online, directed study and online weeks of FlexNet® courses)
• Assignment submissions posted via the online classroom
• Quiz/Exam submissions recorded by the system via the online classroom
• Learning Team acknowledgements via the online classroom
• Physical attendance verified by a signed attendance roster (local campus courses only)

Exception: ARAs will not generate for activities in Audited (AU) courses.

Institutionally Scheduled Break

Course Attendance Policy

Attendance at all scheduled class meetings is required. Students are responsible for scheduling and planning ahead for any absences that may occur during a course to the extent possible. For more information, please see Unexcused Absence Policy.

Local Campus Class Attendance

Students must physically attend the local campus workshop meeting during the scheduled class and sign the attendance roster in order to be in attendance. Most local campus courses meet four hours per week.

Directed Study Class Attendance

Attendance in directed study courses is tracked in the same manner for both the local campus and online modalities. A directed study student receives automatic attendance for a class week if she or he posts one (1) message, assignment submission or quiz/exam submission that is recorded by the system in the online classroom during the scheduled class week. Deadlines for attendance are based on Mountain Standard Time. Attendance is tracked automatically in all directed study courses.

FlexNet® Class Attendance

FlexNet® students are in attendance at a local campus workshop if they physically attend the local campus workshop meeting during the scheduled class hours and sign the attendance roster. A
FlexNet® student receives automatic attendance for an online class week if she or he posts one (1) message, assignment submission or quiz/exam submission that is recorded by the system in the online classroom on two (2) separate days during the online week. Deadlines for attendance are based on Mountain Standard Time. Attendance is tracked automatically in all online weeks of FlexNet courses.

Counseling Residency Courses
Online week: Students must post at least one message, assignment submission, or quiz/exam submission that is recorded by the system in the online classroom on two separate days during the online week.

Three day residency: Students must physically attend the face to face workshop meetings during the scheduled class and sign the attendance roster each day.

Rockit Bootcamp-Web Development Courses
Students must physically attend the local campus workshop meeting during the scheduled class and sign the attendance roster each workshop.

Unexcused Absence Policy
Attendance is mandatory in all University courses; however, circumstances do occasionally arise which prevent a student from attending class. The University’s unexcused absence policy allows unexcused absence(s) to be granted based on the number of workshops within a course (refer to the chart below). An unexcused absence may affect the final course grade due to the missed opportunity to earn participation points. Unexcused absences will result in a Withdrawal (W) or Withdrawal/Failing (WF) grade if students miss more than the maximum allowed absences.

Students may submit a request for an excused absence for one of the following reasons with supporting documentation:

- **Military deployment**
- **Documentation can consist of military orders.**
- **Extreme serious illness or hospitalization of student or family member**
  - Family members for hospitalization or serious illness include: mother, father, spouse, and child.
  - Documentation can include a note from the Doctor or release from the hospital. The documentation does not need to contain specifics of the medical condition and/or injury, etc.
  - **Title IX - Pregnancy and Childbirth**
  - A student must be excused for medically necessary absences due to pregnancy, pregnancy-related conditions or childbirth for as long as the doctor deems the absence(s) medically necessary.
  - Documentation can include a note from the doctor, release from the hospital, and any other documentation that would typically be required for other medically necessary absences.
- **Death of immediate family member**
  - Immediate family members include: father, mother, spouse, domestic partner, child, grandparent, brother, sister, aunt, uncle, father-in-law, mother-in-law, brother-in-law, and sister-in-law.
  - Documentation can consist of a copy of the deceased’s obituary.
- **Jury Duty**
  - Documents can consist of a copy of the jury summons.
- **Other extenuating circumstances**
  - Students may request an “E” excused absence based on extenuating circumstances, as approved by the University.
  - **Natural disaster, inclement weather, or emergency situations** which requires campus(es) to cancel classes.

**Leave of Absence**

**Purpose**
The University must have a written formal leave of absence (LOA) policy. The University and students must comply with the stated policy as well as governing regulations when requesting, approving and processing LOAs.

**Policy**
This policy is applicable to all students enrolled in degree programs at University of Phoenix.

If a student is not actively enrolled in a program, the student is not eligible to apply for a leave of absence.

Students may be approved by the University for multiple LOAs in a 12-month period. The total of all approved LOAs may not exceed 180 calendar days in the 12-month period. During an approved LOA, the student is not considered withdrawn and no Return to Title IV (R2T4) calculation is required for financial aid recipients.

**Required Documentation**
An LOA may be approved if the University determines there is a reasonable expectation the student will return. Students must follow the University’s LOA Policy when requesting an LOA, by providing (on or before the start date of the LOA) a written, signed and dated request, including the reason for the LOA, to the Finance Advisor. All requests will be forwarded to Student Financial Services – Operations (SFS-O).

If unforeseen circumstances prevent a student from providing a request to the campus on or before the start of the LOA, the University may grant the LOA if the campus has documented the reason and decision. The campus must collect the signed LOA request form from the student at a later date and provide it to SFS-O within a reasonable amount of time from the student’s last date of attendance. Unforeseen circumstances may include, but are not limited to, medical and family emergencies, military, jury duty, business travel, University course cancellation and/or facility closure, and natural disasters.

If a student is out of attendance due to an unforeseen circumstance and considered an unofficial withdrawal and the campus can doc-
An LOA will NOT be approved if a student requests the LOA after 14 consecutive days of nonattendance, is in an unofficial withdrawal (UW) status and the request is not due to unforeseen circumstances that occurred prior to the UW status.

If a student requests an LOA start date in the future and is officially withdrawn, unofficially withdrawn, or administratively withdrawn, the University prior to the start date of the LOA, the LOA is not valid and will be negated.

HEROES Act
The Higher Education Relief Opportunities for Students (HEROES) Act of 2003 was created to ensure students who are receiving federal financial aid are not adversely affected because of their military status, a natural disaster or a national emergency, and to minimize the administrative burden placed on such individuals. If an affected student has difficulty providing a written LOA request because of affected status, a verbal LOA request may be approved. Affected students include those who:
- Are serving on active duty during a war or other military operation, or national emergency
- Are performing qualifying National Guard duty during a war or other military operation, or national emergency
- Reside or are employed in an area that is declared a disaster area by any federal, state or local official in connection with a national emergency

The University will document the decision for granting an approved LOA to an affected student if that student has difficulty providing a written LOA request because of affected status. The documentation will include both the reason for the LOA and the reason for waiving the requirement that the LOA be requested in writing. For additional information, students should contact their Finance Advisor.

Length
In determining the length of the LOA, the LOA start date is the first day of the LOA, and the LOA end date is the day before the start date of the course the student is returning to at the University. The first day of the student’s initial LOA is used when determining the start date for the 12-month period. If a student is granted an LOA due to unforeseen circumstances, the beginning date of the approved LOA, as recorded by the student on the LOA form, is the date the student was unable to attend class because of the unforeseen circumstance.

The course start date will cease the LOA day count; however, the University’s academic system of record will use an active enrollment status effective date as determined by the date the student posts an academic related activity (ARA) in the course the student returns to at the University. NSLDS Enrollment Reporting will use the standard effective date for an active enrollment (i.e., course start date). A new LOA request form will be required for any additional LOAs.

Note: At the time of the LOA approval, the University will review the LOA dates requested by the student and may adjust those dates based on ARAs, classes scheduled, etc.

Extending an LOA
A student may request an LOA extension as long as the request is made before the scheduled end date. Students must follow the University LOA Policy when requesting the LOA extension, by providing on or before the scheduled end date, a written, signed, and dated request, including the reason for the LOA extension to the Finance Advisor. All requests must be forwarded to Student Financial Services – Operations (SFS-O).

Institutionally Scheduled Breaks
If a student submits an LOA request with a start date being the same day as the start of an institutionally scheduled break or a start date that falls within an institutionally scheduled break, the University will update the LOA start date to the first day after the institutionally scheduled break ends.

If a student’s LOA is scheduled to end on or within an institutionally scheduled break, the University will update the LOA return date to the start date of the course that is scheduled to begin after the institutionally scheduled break, as long as the student is registered for a course set to begin when the institutionally scheduled break ends.

If a student’s LOA request completely overlaps an institutionally scheduled break, all days of the institutionally scheduled break and the LOA days will count toward the length of the LOA and apply toward the maximum of 180 days in a 12-month period. The University will not allow a student to take two consecutive LOAs separated by an institutionally scheduled break.

Disbursements During an LOA
The University may disburse Pell, JASG and FSEOG funds to a student on an LOA during certain times of the year. Federal financial aid funds that are part of a credit balance created before a student began an LOA may be paid to a student, since those funds were disbursed before the student went on the LOA.

Completion of Coursework upon Return
If a student takes an approved LOA in the middle of a course, the University must ensure no additional charges are incurred when the student returns. To ensure no additional charges are incurred, the University will issue the student an LOA Credit (LOC). This LOC will be applied to the course scheduled after the LOA end date.

Failure to Return
The University will advise the student, prior to granting the LOA, the effect that failure to return from an LOA may have on loan repayment terms, including the expiration of the student’s grace period. If a student does not return from an approved LOA, the withdrawal date and beginning of the grace period will be the student’s last date of attendance.

If the student reenters, after withdrawing from the University, the previously approved LOA days will count toward the student’s LOA maximum of 180 days in a 12-month period.

Financial Aid Disbursements

Federal Funds
A student is eligible to receive the first disbursement of federal financial aid when the University confirms the student is enrolled in courses for the payment period and is eligible to receive the funds. The student becomes eligible to receive a disbursement of federal financial aid for the second payment period when the student successfully completes one-half the weeks of instructional time and earns one-half the credit hours in the defined academic year (AY). Typically, the University disburses funds once the stu-
First-time, first-year undergraduate borrowers will not have the first installment of the Direct Loan disbursed until 30 calendar days after the program of study academic year begins.

**Application of Funds**

Federal financial aid and/or state assistance funds are retained at the time of disbursement to pay allowable academic year or payment period charges owed to the University. Allowable charges are defined as tuition (including independent study and state sales tax) and electronic course material.

Federal financial aid funds may only be used to pay for costs the student incurs for the period for which the federal financial aid funds are provided. However, the University may use current-year federal financial aid funds to satisfy prior award year allowable charges for a total of not more than $200.

**Financial Aid Authorization to Hold Funds**

The University may obtain a student (or parent in the case of a PLUS Loan) written, voluntary authorization through the University’s financial aid application process to hold a federal financial aid credit balance. The University does not require or coerce the authorization and notifies the student (or parent in the case of a PLUS Loan) that the authorization may be canceled at any time. If the student (or parent in the case of a PLUS Loan) chooses to cancel the authorization, the cancellation is not retroactive. Funds held for incurred allowable charges and prior year charges prior to the University receiving the authorization cancellation will remain on account.

At any time, the University will accept a signed statement from a student (or parent in the case of a PLUS Loan), canceling or modifying the authorization initially provided. The Financial Aid Authorization form is available to students on the University’s financial aid web (FAW) site.

The University will accept an authorization provided by the student (or parent in the case of a PLUS Loan) orally, rather than in writing, if the student (or parent in the case of a PLUS Loan) has been affected by a federally declared natural disaster and is prevented from providing a written authorization based on status. If a student (or parent in the case of a PLUS Loan) cancels an authorization to apply a federal financial aid credit balance, the funds will be paid directly to the student (or parent in the case of a PLUS Loan, or student if authorized by the parent) as soon as possible, but no later than 14 days after the University receives the notice. The University automatically holds funds for invoiced allowable charges for the current payment period as well as Direct Loan funds for any prior loan period charges for tuition, electronic course material fees and directed study for a total not to exceed $200. If both the first and second disbursements are received simultaneously, allowable charges may be withheld for both payment periods provided those charges have been charged to the student account.

**Application of Funds**

The University applies funds received from a federal financial aid disbursement in the following order:

1. Invoiced and unpaid allowable charges for the current payment period or prior payment period of the loan period;
2. If authorization has been obtained from the student (or parent in the case of a PLUS Loan), future allowable charges in the payment period of the applicable loan period; and
3. Direct Loan funds to any unpaid allowable charges for a prior loan period, not to exceed $200.

Note: There may be instances where a disbursement of Direct Loan funds is received and there are no current invoiced or future allowable charges on the student’s account. In these instances, the University first applies the Direct Loan funds to any unpaid allowable
charges for a prior loan period, not to exceed $200. Any remaining credit balance funds are disbursed to the student (or parent in the case of a PLUS Loan, or student if authorized by the parent) no later than 14 days after the date the balance occurred on the student’s account.

Notwithstanding any authorization, the University pays any remaining balance on loan funds to the student (or parent in the case of a PLUS Loan, or student if authorized by the parent) by the end of the loan period (Refer to the Federal Financial Aid Credit Balance Policy for additional information).

**Disbursement for Books and Supplies**

Pell-eligible students may use Pell funds to purchase books if those funds could have been disbursed 10 days prior to the beginning of the payment period and disbursed funds would create a federal financial aid credit balance. These students are notified of the University’s book voucher request process. If a student requests a book voucher, the student will be provided with the lesser of the amount of the credit balance or the amount needed for the books and supplies, as determined by the University. These funds will be issued to the student no later than the seventh day of the payment period. Students may opt out of this offer by not requesting the book voucher.

**Cancellation of Federal Financial Aid**

The student (or parent in the case of a Parent PLUS Loan) must inform the University if all or a portion of federal financial aid funds are to be canceled. Once the loan is disbursed, the University sends the student/parent a Right to Cancel letter, which includes the time given to respond should the student and/or parent borrower wish to cancel their loan request(s). This notification is mailed after the loan disbursement has been credited to the student’s account. Borrowers who wish to cancel all or a portion of their loan must inform the University within 30 days from the date the University sends the disbursement notification. Any requests received after the 30 days but prior to 110 days will be honored as a partial cancellation based on Title IV funds that are currently unapplied. The University notifies the student/parent in writing of the outcome of his or her request regardless of when the cancellation request is received.

**State Funds**

A payment period is defined according to individual state requirements. The payment period determines when funds are disbursed and the exact amount to be disbursed.

**Federal Financial Aid Counseling**

The University ensures loan entrance counseling is conducted using an online counseling module for students borrowing Federal Subsidized/Ursubsidized Loans or PLUS Loans for the first time. A link to the iGrad entrance counseling module is displayed within the online financial aid application process for student borrowers. Entrance counseling generally includes the following:

- An explanation of the use of a Master Promissory Note (MPN)
- Importance of repayment obligation
- Description of consequences of default
- Sample repayment schedules
- Information in reference to a borrower’s rights and responsibilities
- Information on the National Student Loan Data System (NSLDS), http://www.nslds.ed.gov/nslds_SA/

- Information on possible loss of eligibility for additional Direct Subsidized Loans
- Information on how a borrower’s maximum eligibility period, remaining eligibility period and subsidized usage period are determined
- The potential for a borrower becoming responsible for all accruing interest on Direct Subsidized Loans during in-school periods, grace periods and periods of authorized determent
- Impact of borrower responsibility for accruing interest on the borrower’s total debt
- Other terms and conditions

The goal of entrance counseling is to help the borrower understand what it means to borrow federal student loans.

**Federal Direct Loan Exit Counseling**

The University notifies students to complete loan exit counseling online at the U.S. Department of Education website (https://studentloans.gov/myDirectLoan/index.action) within 30 days of completion of a program, withdrawal from the University or when a student ceases to be enrolled at least half-time. Exit counseling generally includes the following:

- An explanation of the use of a Master Promissory Note (MPN)
- Importance of repayment obligation
- Description of consequences of default
- Sample repayment schedules
- Information in reference to a borrower’s rights and responsibilities
- Information on the National Student Loan Data System (NSLDS), http://www.nslds.ed.gov/nslds_SA/
- Information on possible loss of eligibility for additional Direct Subsidized Loans
- Information on how a borrower’s maximum eligibility period, remaining eligibility period, and subsidized usage period are determined
- The potential for a borrower becoming responsible for all accruing interest on Direct Subsidized Loans during in-school periods, grace periods and periods of authorized determent
- Impact of borrower responsibility for accruing interest on the borrower’s total debt
- Other terms and conditions

A letter is sent to students advising them of the exit counseling requirement. This letter includes an attachment with all required exit information. The attachment can be found at http://www.direct.ed.gov/pubs/exitcounselguide.pdf

**Federal Perkins Loan Counseling**

Perkins Loans exit counseling is conducted online at the Mapping Your Future Online Counseling website at http://mappingyourfuture.org/oslc/. Perkins Loan counseling generally includes the following:

- Importance of repayment obligation
- Explanation of repayment terms
- Consequences of delinquency and default
- Sample repayment schedules
- Information in reference to a borrower’s rights and responsibilities
- Other terms and conditions

**Federal Teacher Education Assistance for College and Higher Education Grant Counseling**

The University ensures initial and subsequent Teacher Education Assistance for College and Higher Education (TEACH) Grant
counseling is conducted online at http://www.nslds.ed.gov/nslds_SA/
Within 30 days of learning a TEACH Grant recipient is no longer in attendance, a letter is sent to the recipient advising him or her of the exit counseling requirement. This letter includes an attachment that can be found at https://teach-ats.ed.gov/ats/images/gen/teachExitCounselingGuide.pdf

Federal Loan Repayment

Prior Federal Student Loan Deferments (Postponing Payments)
A student who is registered and attending classes at the University can postpone making payments on federal student loans from previous colleges by requesting a deferment from the loan holder or servicer. Return all deferment forms to a Finance Advisor, who forwards the forms to the Registrar’s Office for processing. The loan holder or servicer makes the final determination to grant a deferment request.

Students receiving federal student loans may also obtain deferments for several reasons including serving in the Peace Corps, under the Domestic Volunteer Service Act and as a volunteer for a tax exempt organization of demonstrated effectiveness in the field of community service.
Receiving a deferment is not automatic; therefore, the student or parent(s) must apply for it. Borrowers must formally request a deferment through the procedures established by the holder of their loan(s). Detailed information regarding deferments may be viewed at http://www2.ed.gov/offices/OSFAP/DirectLoan/postpone.html

Loan Payment Calculator
Loan payment calculators may be used by students or potential students to calculate monthly payments under the different student loan repayment plans available. The Repayment Estimator at https://studentloans.gov/myDirectLoan/mobile/repayment/repaymentEstimator.action allows students to estimate their payment under all available repayment plans.

Sample Standard Repayment Calculator Detail

<table>
<thead>
<tr>
<th>Loan Amount</th>
<th>$12,000</th>
</tr>
</thead>
<tbody>
<tr>
<td>Interest Rate</td>
<td>6.80%</td>
</tr>
</tbody>
</table>

Repayment Summary

<table>
<thead>
<tr>
<th>Months in Repayment</th>
<th>120</th>
</tr>
</thead>
<tbody>
<tr>
<td>Monthly Payment</td>
<td>$138</td>
</tr>
<tr>
<td>Total Interest Payment</td>
<td>$4,572</td>
</tr>
<tr>
<td>Total Loan Payment</td>
<td>$16,572</td>
</tr>
</tbody>
</table>

With the standard plan, a fixed payment amount is due each month until loans are paid in full. Monthly repayments will be at least $50, and have up to 10 years to repay.

Graded Repayment Detail — 120 months starting at a payment of $80 and a final monthly payment amount of $239. Total interest paid would be $5,832, for a total of $17,832.

Extended Repayment — Only available for loan amounts greater than $30,000
Payment amounts under the Pay As You Earn, Income-Based and Income-Contingent repayment plans will be available in the Repayment Estimator after you enter tax filing status, adjusted gross income, family size and state of residence.

Federal Student Loan Consolidation
A Direct Loan consolidation allows a borrower to combine multiple federal student loans into one, which results in one bill, and one lender. It can also lower monthly payments by giving borrowers up to 30 years to repay their loans; however, by increasing the length of the repayment period, you will also make more payments, and pay more in interest. Most federal student loans, including the following, are eligible for consolidation:

• Direct Subsidized Loans
• Direct Unsubsidized Loans
• Subsidized Federal Stafford Loans
• Unsubsidized Federal Stafford Loans
• Direct PLUS Loans
• PLUS Loans from the Federal Family Education Loan (FFEL) Program
• Supplemental Loans for Students (SLS)
• Federal Perkins Loans
• Federal Nursing Loans
• Health Education Assistance Loans
• Some existing consolidation loans

When considering consolidation, it is important to consider the pros and cons. Consolidation could give borrowers access to alternative repayment plans, which they did not have before, and enable them to switch from a variable interest rate loan to a fixed interest rate. Consolidation may also cause borrowers to lose benefits offered with the original loans such as interest rate discounts, principal rebates, or some loan cancellation benefits, which can significantly reduce the cost of repaying loans.

More information regarding loan consolidation is located at http://studentaid.ed.gov/repay-loans/consolidation

Federal Student Loan Forgiveness, Cancellation and Discharge
In certain situations, borrowers can have their federal student loans forgiven, canceled or discharged. Below is a list of the type of forgiveness, cancellation and discharges available.

• Total and Permanent Disability Discharge
• Death Discharge
• Discharge in Bankruptcy (in rare cases)
• Closed School Discharge
• False Certification of Student Eligibility or Unauthorized Payment Discharge
• Unpaid Refund Discharge
• Teacher Loan Forgiveness
• Public Service Loan Forgiveness
• Perkins Loan Cancellation and Discharge (includes Teacher Cancellation)

Detailed information on these options is available at http://studentaid.ed.gov/repay-loans/forgiveness-cancellation

Veterans Educational Benefits

Students who are entitled to U.S. Department of Veterans Affairs (DVA) education benefits must make initial contact with a campus veterans affairs certifying official. A formal application for admission to the University should be completed before applying for
DVA education benefits. Applications for veteran education benefits should be sent to a local campus-certifying official for submission to the DVA. Each University of Phoenix program segregated by instructional modality (classroom-based or distance education) requires separate State Approving Agency (SAA) approval for the training of veterans or eligible persons. A student should contact a local campus for information on current approvals.

DVA education benefit eligibility and payment rates vary depending on each individual’s military history and the educational program being pursued. Only the DVA can determine eligibility of DVA education applications. For information, a student should contact a DVA representative at 888.GI.BILL.1 (888.442.4551) or review http://www.gibill.va.gov

Students may need to withdraw from the University and should provide official notification of their intent to withdraw. Withdrawing may impact DVA education benefits for the current course as well as the availability of DVA educational benefits in future courses. Please contact your Academic Advisor to verify program eligibility.

Directed study courses have Defense Activity for Non-Traditional Education Support (DSST-DANTES) approval for tuition reimbursement. For more information on this program, a student should contact the Educational Service Officer on the military base.

University of Phoenix does not participate in the DVA education advanced payment program. More information about veterans’ benefits can be reviewed at: http://www.phoenix.edu/colleges_divisions/military.html Visit the Department of Veterans Affairs website, http://www.gibill.va.gov, for additional information on educational entitlements.

On April 27, 2012, the President of the United States signed Executive Order 13607, Establishing Principles of Excellence for Educational Institutions Serving Service Members, Veterans/Spouses, and Other Family Members. This executive order addresses key areas relating to federal military and veterans educational benefits programs. Military or affiliated students may qualify for federal assistance or student loans under federal financial aid programs (Title IV). Additional information for military tuition benefits can be viewed at: http://www.phoenix.edu/colleges_divisions/military/military-military-financial-options.html

Credit for Prior Education and Training
Credit for prior education or training must be evaluated and reported to the U.S. Department of Veterans Affairs (DVA) prior to the start of week 25 of enrollment. The DVA may not always pay DVA education benefits after week 24 if the DVA records indicate the student has a large amount of transfer credits.

Please ensure all prior education transcripts and Joint Services Transcripts (JST) (Army, Navy, Marine), Coast Guard Institute transcripts, or DD-295 and DD-214 forms are submitted for evaluation in a timely manner. The student is responsible for ensuring all transcripts are submitted to the University. Academic credits earned for courses appearing on an official transcript from a regionally accredited or candidate-for-accreditation college or university will be evaluated according to University policies, and accepted subject to the approval of the University Office of Admissions and Evaluation.

Transfer credits based on a different unit of credit than the one prescribed by University of Phoenix are subject to conversion before being transferred. Only the official transcript and course evaluations performed by the University Office of Admissions and Evaluation or Prior Learning Assessment Center are final. Any preliminary reviews by campus personnel are unofficial, not binding and subject to change.

Military Tuition Assistance
To obtain federal military tuition assistance, visit your education or Navy College Office to receive college counseling and develop an education plan. From that point, a student can submit a military tuition assistance request; for more information, visit http://www.phoenix.edu/colleges_divisions/military/military-financial-options/tuition-assistance.html

A student can currently receive 100% of federal tuition assistance from military service, with a $250 cap per semester hour, and a $4,500 annual limit. If a student wants to apply for military tuition assistance, that student will need to submit a completed authorization form to a Military Advisor at least two weeks before a course start date.

DVA Tuition Assistance Top-Up Benefit
Active-duty students who request to use the Tuition Assistance Top-Up (TATU) benefit program should direct all questions or concerns to the DVA at 1.888.GI.BILL.1 (1.888.442.4551) or online at http://www.gibill.va.gov/

For more information about VA Tuition Assistance and financial options, go to http://www.phoenix.edu/colleges_divisions/military/military-financial-options/tuition-assistance.html

Readmission of Servicemembers
Any student whose absence from the University is necessitated by reason of service in the uniformed services is entitled to readmission if the following criteria are met:

- The student (or an appropriate officer of the Armed Forces or official of the Department of Defense) gives verbal or written notice to the University’s Military Division verifying that the student’s absence from the University was necessitated by service in the uniformed services.
- The cumulative length of the absence and of all previous absences from the University by reason of service in the uniformed services does not exceed five years.

Note: A student who submits an application for readmission to the University must provide documentation to establish that the student has not exceeded the specified service limitations and that the student’s eligibility for readmission has not been terminated. Examples of documentation to verify that the student is still within the acceptable service limitations include the student’s deployment paperwork or a letter from the commanding officer that includes the student’s dates of service. Exception: The University may not delay or attempt to avoid readmission of a student under this section by demanding documentation that does not exist, or is not readily available, at the time of readmission.

- The student submits verbal or written notification of intent to re-enroll.

Note: If the student’s last date of attendance with the University is more than 365 days in the past, the student must complete an updated admissions application and Enrollment Agreement in accordance with the University re-entry policy. The Military Division should then submit these completed documents along with the servicemember’s readmission form. The student may remain in the original program/version without appeal, provided the cumulative length of absence does not exceed five
years and that the program has not been expired.

A student’s eligibility for readmission under this section by reason of such student’s service in the armed services terminates upon the occurrence of any of the following events:

• A separation of such person from the Armed Forces (including the National Guard and Reserves) with a dishonorable or bad conduct discharge, or

• A dismissal of such person permitted under section 1161(a) of Title 10, USC, or

• A dropping of such person from the roles pursuant to section 1161(b) of Title 10, USC

Note: If the student does not submit a notification of intent to re-enroll within the time limits, the student is subject to the University-established leave of absence policy and general practices.

Re-entry Policy for Servicemembers Opportunity Colleges (SOC)

Students out for a period of more than one year, with current, active or prior military experience in the Army, Coast Guard, Marine Corps and Navy are covered under the Servicemembers Opportunity Colleges (SOC) guidelines, and therefore will be permitted to continue in their original program/version of study. These students are required to complete all degree requirements within the graduation deadline period. Students are granted five (5) years to complete an associate degree and seven (7) years to complete an undergraduate degree from the first date of positive attendance with the University. If the student is unable to complete his or her degree requirements within the deadline, the University is not obligated to uphold the agreement of the SOC Degree Network.

Note: A student with a SOC agreement who changes program, major or concentration is required to update to the most current program/version offered in his or her state or jurisdiction. A new SOC agreement will be created for the student when the student is admitted to the new program/version, and the student will be given a new five (5) year (associate) or seven (7) year (undergraduate) timeframe in which to complete the degree.

Student Financial Responsibilities, Policies and Options

Student Financial Responsibilities

The student is responsible to ensure all tuition and electronic course materials fees are paid whether in attendance or not. The student is responsible for knowing the account balance. Student account information is available on the student website. When the student is considered administratively, officially or unofficially withdrawn from his or her program, the University may cancel any federal financial aid in process. The student may receive a refund for or may owe payment to the University depending upon the student’s account balance.

Changing Finance Plans

The student can change a finance plan if in compliance with the current finance plan. To change a finance plan, the student must contact a Finance Advisor and complete all necessary documents. All changes must be approved by University of Phoenix to become effective.

Meeting Financial Plan Obligations

Students who primarily attend a physical University of Phoenix campus are subject to finance approval by their primary campus prior to enrolling in a course. Tuition and all applicable fees for each course must be paid according to the terms and conditions outlined in the primary financial option selected on the Student Financial Agreement form. Students who do not comply with the primary financial option term will not be allowed to attend classes. Students are required to be in compliance with University financial policies before grades and transcripts will be issued or the degree awarded.

A student may be administratively withdrawn for failure to make payment in a timely manner, preventing the student from attending future class sessions, until the amount owed is paid in full or satisfactory payment arrangements are made. All costs of collection, court costs and reasonable attorneys’ fees will be added to delinquent accounts collected through third parties. University of Phoenix may obtain a current credit report as needed to support decisions to defer tuition payment or to assist in the collection of amounts owed.

Electronic Course Materials and Books Fees

Electronic course materials and books for each course must be paid at the time they are ordered or in accordance with a student’s stated payment option. Electronic course materials fees are nonrefundable, unless prohibited by law. The student who drops a course will be granted access to the electronic course materials for that course without additional charge if the course is retaken within 180 days of the course’s original start date.

State Tax

Various states require universities to collect a tax on tuition, fees, digital goods or access to digital information. The University will collect the appropriate tax on tuition, fees and electronic course materials fees charged to the student in these states. Contact a Finance Advisor for the current list of states requiring tax be collected.

Financial Policies

Multiple-Tuition Discount Policy

For instances in which a student may qualify for multiple tuition discounts, the discount that provides the greatest benefit to the student will be applied to the tuition amount.

General Refund Policy

A tuition refund may be granted to those who qualify, based on the state refund policy. A complete list of state refund policies is located in the Academic Catalog and the Consumer Information Guide. All other fees are nonrefundable, unless prohibited by law.

Payment Policies

Payments are accepted on the student website (https://ecampus.phoenix.edu/portal/portal/public/login.aspx) by check, credit card or debit card. Finance Advisors can also process credit card or debit card payments. The student can mail a check, certified check or money order payment to the following address:

Apollo Education Group / Corporate Processing

P.O. Box 29887

Phoenix, AZ 85038-9887

If a credit card or a debit card is provided with a completed Authorization to Charge form, tuition and electronic course materials fees will be charged to that card. Automatic payments are set prior to each course upon request. The University is not responsible for fees or penalties incurred as a result of payment with a debit card or other restrictive payment cards. The student should contact his or her financial institution for account balances, daily transaction limits and other restrictions.

Returned Check Fees

Returned checks will result in an additional processing fee of $25,
Financial Options

Third-Party Billing Plan

Federal Financial Aid Plan

Notice

Late Payment Fees

Payments must be made in accordance to the selected finance plan. If tuition payment is not received within the terms and conditions of the selected finance plan, fees up to $25 will be assessed to the student account, unless otherwise restricted by law. Late fees are due immediately upon invoice.

Finance Advisor with any questions regarding financial options tuition_and_financial_options/tuition_and_fees.html or contact a web page at http://www.phoenix.edu/fees for programs and locations, visit the tuition and fees calculator cumulative information regarding actual tuition fees to be paid in full prior to the start of each course. For more detailed information regarding actual tuition and scholarships.

Financial Options

Understanding and choosing the right finance plan is critical to the successful completion of the student’s selected program. University of Phoenix offers a number of finance plan options to assist the student in managing financial obligations. The student can utilize one or more of the plans listed below, depending on personal circumstances. For more detailed information regarding actual tuition fees for programs and locations, visit the tuition and fees calculator web page at http://www.phoenix.edu/tuition_and_financial_options/tuition_and_fees.html or contact a Finance Advisor with any questions regarding financial options and scholarships.

Cash Plan

The Cash Plan requires all tuition and electronic course materials fees to be paid in full prior to the start of each course. For more information, please visit http://www.phoenix.edu/tuition_and_financial_options/financial_options/cash-plan.html

Federal Financial Aid Plan

The Federal Financial Aid Plan is available to students receiving federal grants, federal loans or both to pay for tuition in an eligible degree or a certificate program. To learn more, please visit http://www.phoenix.edu/tuition_and_financial_options/financial_options/federal_financial_aid.html

Military or Government Billing Plan

Under the Military or Government Billing Plan, University of Phoenix directly bills the military or other government agency for a student’s tuition. For more information, please visit http://www.phoenix.edu/colleges_divisions/military/military-financial-options.html

Third-Party Billing Plan

Under the Third-Party Billing Plan, University of Phoenix directly bills an approved employer for a student’s tuition. To learn more, please visit http://www.phoenix.edu/tuition_and_financial_options/financial_options/third_party_billing.html

Tuition Deferral Plan

The Tuition Deferral Plan is available for students whose employers offer to repay some or all of their employees’ tuition. The plan is also available to students receiving benefits from the U.S. Department of Veterans Affairs or U.S. Department of Defense. For more information, please visit http://www.phoenix.edu/tuition_and_financial_options/financial_options/tuition-deferral-plan.html

Tribal Funding

Several American Indian tribal nations provide funding for the tuition of a student who is a recognized member. For more information, please contact tribalrelations2@phoenix.edu

Withdrawing from the University

Circumstances may necessitate withdrawal from the University. A student who received, or is eligible to receive federal financial aid funds provided certain criteria are met, and subsequently officially or unofficially withdraws is subject to a Return of Title IV (R2T4) Calculation as required by federal regulations.

Official Withdrawals

There are two ways a student can provide official notification of the intent to withdraw from the University to be considered an official withdrawal:

2. Notify the designated campus offices of Enrollment Services, Academic Services and Financial Services.

Withdrawal Date

The withdrawal date for an official withdrawal is the last date of academic attendance or attendance of an academically related activity (ARA) determined from University attendance records. This date is always earlier than or equal to the date the student notifies the University of his or her withdrawal.

Date of Determination

The date of determination (DOD) for students who officially withdraw from the University is the latter of the student’s withdrawal date or the date of notification. The University will return the amount of federal financial aid for which it is responsible no later than 45 days after the date the University determines the student has withdrawn. (See Return of Federal Financial Aid for additional information.)

Rescission of Official Withdrawal

Students who rescind their intent to withdraw must provide an electronic or written statement to the University stating their intent to participate in ARAs and complete the payment period. Students may rescind the intent to withdraw by completing the Official Withdrawal Rescind request via the University eCampus website. Rescissions may be requested up until the time a Return of Title IV (R2T4) calculation has been completed. The student may also submit an electronic or written statement to the University stating his or her intent to return to the University, remain in academic attendance and continue to participate in ARAs through the end of the payment period.

If the student subsequently withdraws after rescinding the intent to withdraw, the withdrawal date is the last date of academic attendance or academically related activity determined from University attendance records.

The DOD for students who rescind their intent to withdraw and subsequently withdraw from the University, without official notification, is no greater than 15 days after the student’s official last date of academic attendance or attendance at an academically related activity.

Unofficial Withdrawals

Students who do not provide official notification to the University of their intent to withdraw are considered unofficial withdrawals (UWs) after 14 days of consecutive nonattendance in an ARA.
Exceptions
The University allows the following exceptions when counting the 14 days of consecutive nonattendance in an ARA:

I Grades — If a student is granted an extension of the course he or she is currently attending and the intent is to complete the course, the days in the extension period will not count toward the 14 days of consecutive nonattendance in an ARA. During this time, a student in an extension period will remain in active status. An extension of the course is indicated by the issuance of an I (Incomplete), IP (In Process) or IX (In Progress Extension) grade.

Institutionally Scheduled Breaks — Students on institutionally scheduled breaks will not have the days of the break count toward the 14 days of consecutive nonattendance at an academically related activity. The following are different types of institutionally scheduled breaks at the University:
• Holidays
• Inclement Weather
• Administrative

Withdrawal Date
The withdrawal date for students who unofficially withdraw from the University, including a student who does not return from an approved leave of absence, is the last date of academic attendance or attendance in an ARA determined from University attendance records. In the case of a student who has received an approved leave of absence, the University will review the student record on or after the original approved return date. The University review determines if the student reentered as scheduled, or did not reenter as scheduled and must be withdrawn for the purposes of the Return of Title IV (R2T4) calculation and deferment processing.

Date of Determination
The DOD for students who unofficially withdraw from the University is no greater than 15 days after the official last date of attendance; or when a student fails to return from an approved leave of absence. Students granted an extension (I, IX, IP grades) have the period of the extension excluded when counting the 14 days of consecutive nonattendance. For example, if the student was out of attendance (OOA) for 5 days prior to the extension, once the extension is completed the days continue to count from day 6 until the next ARA posts. If the student does not post an ARA, then at 14 days (excluding the extension period) the DOD will populate. The University will return the amount of federal financial aid funds for which it is responsible no later than 45 days after the date the University determines the student has withdrawn.

Administrative Withdrawals
Students who are withdrawn from the University for failure to meet admission, academic, candidacy, financial or code of conduct policies are considered administrative withdrawals (AWs).

Withdrawal Date
The withdrawal date for students who are AW is the last date of academic attendance or attendance in an ARA that occurred prior to the decision to administratively withdraw the student.

Date of Determination
The DOD for students who are AW from the University is the date the University determines the withdrawal. The University will return the amount of federal financial aid for which it is responsible no later than 45 days after the date of the AW.

Academic Related Activities That Occur During an Institutionally Scheduled Break
The University does not recognize any ARA that occurs during an institutionally scheduled break as attendance for federal financial aid purposes only.

Withdrawal Date
If a student posts an ARA during an institutionally scheduled break, the University will look for the most recent ARA that occurred prior to the start of the institutionally scheduled break. This date will be used as the withdrawal date for Title IV purposes.

Date of Determination
The DOD for students who post ARAs during an institutionally scheduled break will be no greater than 15 days after the end date of the institutionally scheduled break.

For example: A student attends class on December 19th. An institutionally scheduled break occurs December 20 – January 4. The student posts an ARA on December 29th, which is during the scheduled break. The DOD is January 19th (the 15th day after the end date of the institutionally scheduled break).

Return of Federal Financial Aid

A federal financial aid (Title IV) recipient who withdraws from the University is subject to a Return of Title IV (R2T4) calculation. For the purpose of R2T4 calculation requirements, a recipient is a student who has actually received federal financial aid funds or has met the conditions that entitled the student to a late disbursement of federal financial aid funds. The University is required to review the amount of federal loan and grant aid a student received for the payment period, to determine what percentage of federal financial aid the student earned prior to withdrawal. The percentage of federal financial aid determined to be unearned for the payment period must be returned to the appropriate federal financial aid program(s).

Policy
When a federal financial aid recipient withdraws from the University prior to the end of a payment period, an R2T4 calculation must be performed to determine the amount of federal financial aid funds earned as of the date of withdrawal. If the total amount of federal financial aid funds earned is less than the amount of federal financial aid funds disbursed to the student or on behalf of the student in the case of a parent PLUS Loan, the difference between these amounts is returned to the applicable federal financial aid programs. If federal financial aid funds earned is greater than federal financial aid funds disbursed, the difference between these amounts is treated as a post withdrawal disbursement. An R2T4 calculation is not performed if the federal financial aid recipient withdraws after successfully completing the payment period and all funds awarded for that period have been disbursed.

Return Calculation
The amount of federal financial aid earned is calculated by determining the percentage of aid earned and applying this percentage to the total amount of aid disbursed and that could have been disbursed for the payment period. The payment period is defined as the period of time it takes the student to complete at least one-half of the weeks and credits in the student’s academic year. For purposes of determining earned federal financial aid, a student’s aid is considered disbursed if it is disbursed as of the student’s last date of attendance. As long as conditions for a late disbursement (described below) are met prior to the date the student became ineligible (the student’s last date of attendance), any undisbursed federal financial aid will be counted as aid that could have been disbursed.

Conditions for a Late Disbursement (Including Post
Withdrawal Disbursements

- The Department of Education (ED) processed a Student Aid Report (SAR) or Institutional Student Information Record (ISIR) with an official Expected Family Contribution (EFC) for the student (except in the case of a parent PLUS Loan).
- The University originated a Direct Loan (DL).
- The University made the award to the student for a Federal Perkins Loan or Federal Supplemental Educational Opportunity Grant (FSEOG).
- The University originated the award to the student for the TEACH Grant program.

The University does not include as a post-withdrawal disbursement any funds the University was prohibited from disbursing on or before the date the student withdrew, which would apply to the following:

- Second or subsequent disbursements of DL funds unless the student has graduated or successfully completed the loan period.
- Second disbursements of DL for the period that the University is prohibited from making until the student successfully completes one-half of the weeks of instructional time and one-half the credit hours in the academic year.
- Disbursements of DL or Perkins Loan funds for which the borrower has not signed a promissory note.
- Disbursements of Federal Pell Grant, Iraq Afghanistan Service Grant and TEACH Grant funds to a student for whom the University did not receive a valid SAR or a valid ISIR by the deadline date established by the Secretary in the Federal Register.
- Federal Pell Grant, Iraq Afghanistan Service Grant and TEACH Grant funds for a subsequent payment period when the student has not successfully completed the earlier payment period for which the student has already been paid.
- Disbursements of DL funds to a first-year, first-time borrower who withdraws before the 30th day of the student’s program of study.

Inadvertent Overpayments

An inadvertent overpayment occurs when the University disburses funds to a student no longer in attendance but prior to the date the University determines the student withdrew from the program. This would include any federal financial aid fund disbursements made after the student’s last date of attendance but prior to the University’s determination that the student was withdrawn. These inadvertent overpayments are included in the R2T4 calculation as aid that could have been disbursed. Only students who meet late disbursement criteria are entitled to keep federal financial aid funds disbursed as an inadvertent overpayment. If an inadvertent overpayment cannot be made as a late disbursement, the University returns only the unearned portion of the inadvertent overpayment within 45 days of the University’s date of determination that the student withdrew. Unearned inadvertent overpayments are returned according to the requirements for the return of unearned funds.

Verification and the Return Calculation

If a student provides required verification documents after withdrawing from the University, but within 30 days of the date of the notification informing the student of the requirements, and in time for the University to meet the 30-day Return deadline, the University performs the R2T4 calculation based on all federal financial aid the student had established eligibility for prior to the withdrawal.

For the Federal Pell Grant Program, if the student provides the verification documents after the 30-day deadline but before the earlier of 120 days after the student’s last date of attendance or the deadline established by ED each award year, the University reviews and addresses eligibility as required.

If a student does not provide all verification documents in time for the University to complete verification and meet the R2T4 deadlines, the University includes in the R2T4 calculation only the federal financial aid that was not subject to verification (unsubsidized and PLUS Loan funds) and for which the conditions of a late disbursement were met prior to the withdrawal.

Institutionally Scheduled Breaks

Institutionally scheduled breaks of five or more consecutive days are excluded from the R2T4 calculation. This includes all holiday, inclement weather and administrative breaks of five or more consecutive days.

When Funds Are Disbursed Using Different Payment Periods

When the University disburses different types of aid using different payment periods, e.g., one payment period for disbursing grant funds and another payment period for disbursing DL, only one payment period is used in determining earned funds. The payment period ending later is used for the R2T4 calculation.

Percentage of Federal Financial Aid Earned

The calculation of Percentage of Federal Financial Aid Earned includes all financial aid disbursed or that could have been disbursed to a student. This percentage is equal to the percentage of the payment period completed by the student as of the student’s last date of attendance in the payment period. This percentage is determined using the University’s rate of progression calculation.

If the student withdraws after successfully completing the payment period, 100% of the federal financial aid funds are earned and no calculation is required. If the withdrawal date occurs after the student completes more than 60% of the payment period, the student earns 100% of the federal financial aid funds.

Rate of Progression Calculation

The percentage of the period completed is calculated as follows:

\[
\text{Rate of Progression} = \frac{\text{Number of calendar days completed in the payment period}}{\text{Total number of calendar days in the payment period}}
\]

Total Calendar Days Completed in the Payment Period

The total number of calendar days completed in the payment period (numerator) is the count of calendar days from the payment period start date to the student’s last date of attendance.

Required Adjustments to Calendar Days Completed in the Payment Period

Calendar days are removed from calendar days completed in the payment period if any of the following occurred between the payment period start date and the student’s last date of attendance:

- Institutionally scheduled breaks of five (5) consecutive calendar days or more
- Holidays
- Inclement weather
• Administrative
• Student scheduled or selected breaks of five (5) consecutive calendar days or more between courses
• All approved Leave of Absence calendar days
• Unapproved breaks of less than 180 days

Total Calendar Days in the Payment Period

The total number of calendar days in a payment period (denominator) is determined based upon the number and type (credential level and modality) of credits awarded in the payment period.

Required Adjustments to Calendar Days in the Payment Period

Additional calendar days will be added to the payment period for unsuccessful course(s) completions with grades of I, IX, IP, QC, F or W that occurred in a course prior to the course the student’s last date of attendance occurs within.

If the payment period needs to be extended, it is extended by a defined number of days based upon the following credential levels and modalities:

• Associate Program (9-week courses) — 63 days if one or two courses are needed, 126 days if three or four courses are needed
• Associate Program (5-week courses online) — 35 days if one course is needed, 70 days if two courses are needed, 105 days if three courses are needed, etc.
• Associate Program (5-week courses ground) — 29 days if one course is needed, 58 days if two courses are needed, 87 days if three courses are needed, etc.
• Bachelor’s Program Online — 35 days if one course is needed, 70 days if two courses are needed, 105 days if three courses are needed, etc.
• Bachelor’s Program Ground — 29 days if one course is needed, 58 days if two courses are needed, 87 days if three courses are needed, etc.
• Master’s/Doctoral Program Online — 42 days if one course is needed, 84 days if two courses are needed, 126 days if three courses are needed, etc.
• Master’s/Doctoral Program Ground — 36 days if one course is needed, 72 days if two courses are needed, etc.

Note: Additional calendar days are NOT added for the course(s) in which the student’s official last date of attendance falls within. This includes any course(s) the student was enrolled in, but did not complete at the time of withdrawal.

Calendar days are removed from the calendar days in the payment period if any of the following occurred or is scheduled to occur from the payment period start date to the payment period end date:

• Institutionally scheduled holiday breaks of five (5) consecutive calendar days or more
• Student scheduled or selected breaks of five (5) consecutive calendar days or more between courses
• All approved Leave of Absence calendar days
• Periods of non-enrollment of five (5) consecutive calendar days or more due to administrative and inclement weather closures
• Unapproved breaks of less than 180 days

Rate of Progression Examples

The following examples illustrate the rate of progression calculation outlined above. The figures provided are examples only; actual amounts may vary for each student.

Bachelor’s Program Online

Title IV Credit Balance and the Return Calculation

A Title IV credit balance created during the period is not released to the student nor returned to federal financial aid programs prior to performing the R2T4 calculation. The University holds these funds even if, under the 14-day credit balance payment requirements, funds are otherwise required to be released.

In the R2T4 calculation, the University includes any federal financial aid credit balance as disbursed aid. Although not included in the R2T4 calculation, any federal financial aid credit balance from a prior payment period in the academic year that remains on a student’s account when the student withdraws is included as federal financial aid funds for purposes of determining the amount of any final federal financial aid credit balance when a student withdraws. Upon application of any applicable refund policies, a federal financial aid credit balance is allocated first to repay grant overpayments owed by the student as result of the current withdrawal.

Within 14 days of the date that the University performs the R2T4 calculation, the University pays any remaining federal financial aid credit balance in one or more of the following ways:

• Pay authorized charges at the University
• To the student (or parent for a PLUS loan)

The University applies its own refund policy before allocating a federal financial aid credit balance. However, the University does
Return of Unearned Aid

In the R2T4 calculation, the total Amount Disbursed plus Amount that Could Have Been Disbursed to the student or on the student’s behalf, minus the Amount of Federal Financial Aid Earned by the Student determines the amount of federal financial aid funds unearned and required to be returned to the funding source. When a return of federal financial aid is required, the University and the student may both need to return funds. The University returns the lesser of the following amount to the appropriate federal financial aid program(s):

- The total amount of unearned aid; or
- The amount equal to the total University charges incurred by the student for the payment period multiplied by the percentage of unearned aid.

University (institutional) charges incurred by the student include tuition, fees, books and directed study (including state sales tax) initially assessed to the student for the entire payment period. Initial charges are only adjusted for changes the University makes prior to the student’s withdrawal. The amounts of institutional charges included in the R2T4 calculation are those charged or anticipated to be charged to the student’s account. Although institutional charges may not have actually been charged due to the student’s withdrawal, the University uses the actual charges to date, to include full tuition, fees, books and directed study (including sales tax) for each course in the payment period, and estimate remaining charges based on the students’ primary campus. Institutional charges include all invoiced and scheduled charges, as well as any adjustments made to correct these charges, that occur prior to the beginning of the course from which the student withdrew.

Tuition waivers for military students and Campus Footprint initiative are not counted as Estimated Financial Aid (EFA) and will be subtracted from institutional charges in the R2T4 calculation. If after the student withdraws, the University changes the amount of institutional charges it assessed, or decides to eliminate all institutional charges, those changes do not impact the charges or aid earned in the calculation.

The University returns federal financial aid funds to programs in the following order up to the net amount disbursed from each:

- Unsubsidized FFEL/Direct Unsubsidized Loan
- Subsidized FFEL/Direct Subsidized Loan
- Federal Perkins Loans
- Federal Direct PLUS (Graduate Student)
- Federal Direct PLUS (Parent of Dependent Student)
- Federal Pell Grants
- FSEOG
- TEACH Grants
- Iraq & Afghanistan Service Grant (IASG)

After the University allocates its portion of unearned funds, the student must return federal financial aid owed in the same order specified above for the University. The amount of federal financial aid the student is responsible for returning is calculated by subtracting the amount returned by the University from the total amount of unearned federal financial aid funds to be returned. The student (or parent in the case of funds due to a parent PLUS Loan) must return or repay, as appropriate, the calculated amount to any federal financial aid loan program in accordance with the terms of the loan; and any federal financial aid grant program as an overpayment of the grant. The amount of a grant overpayment due from a student is limited to the amount by which the original grant overpayment exceeds one-half of the total federal financial aid grant funds received by the student.

The University may round final repayment amounts, for which the University and student are responsible, to the nearest dollar.

Timelines for Return of Funds

The University completes a student’s R2T4 calculation within 30 days of the University’s date of determination. The University returns the amount of federal financial aid funds for which it is responsible as soon as possible but no later than 45 days after the date the University determines the student has withdrawn.

Deceased Student

If the University receives reliable information indicating an individual borrower or student for whom a parent received a PLUS Loan dies, the University suspends further awarding and disbursements. An original or certified copy of the death certificate or accurate and complete photocopy of the original or certified copy of the death certificate is requested and forwarded to the Secretary of Education (Secretary). Under exceptional circumstances and on a case-by-case basis, the Secretary may approve a discharge based upon other reliable documentation supporting the discharge request.

DETERMINATION OF WITHDRAWAL OF A DECEASED STUDENT

The withdrawal date for a deceased student is the last date of academic attendance or attendance at an ARA determined from University attendance records. The date of determination is the date the University becomes aware of the student’s death. (Refer to Withdrawing from the University for further information.)

RETURN OF TITLE IV FUNDS FOR A DECEASED STUDENT

The amount of federal financial aid funds earned by the student is calculated according to the Return of Title IV Funds (R2T4) calculation. If the calculation indicates the amount of funds earned is less than the amount disbursed to the student, or on behalf of the student in the case of a PLUS Loan, the difference between these amounts is returned to the appropriate federal financial aid programs. The University does not report grant overpayments for deceased students to NSLDS or refer a grant overpayment to Debt Resolution Services, as the student’s estate is not required to return any federal financial aid funds.

The following represents procedures the University follows if a credit balance of federal financial aid funds, created from funds disbursed before the death of the student, exists after the completion of the R2T4 and the University’s refund calculations:

- Pay authorized charges owed to the University.
- Return any federal financial aid grant overpayments owed by the student for previous withdrawals from the University.
- Return any remaining credit balance to the federal financial aid programs.

If the University previously referred a grant overpayment to Debt Resolution Services, documentation will be forwarded by the University indicating the student is deceased. Based on this information and documentation, Debt Resolution Services will remove the overpayment from the student’s records.

Although the student may be eligible to receive a post withdrawal or late disbursement, the University is prohibited by federal financial aid Title IV regulations from further disbursements and will...
therefore not request additional funds from federal financial aid programs nor send out a post withdrawal letter.

Tuition Refund Policy

Institutional

The following provisions pertain to all refund policies applied by the University unless specifically stated otherwise. When a student begins a program under Registered (R) status, pending the completion of the student admission file, and is subsequently denied admission, the student is eligible for a full tuition refund. The University does not refund tuition for any completed course. A tuition refund can be requested in writing from a local campus.

Students who withdraw from a course prior to the start date will receive a 100% refund for that course. Students who have completed 60% or less of the course are eligible for a pro-rata refund. The pro-rata refund percentage will be calculated by dividing the number of weeks remaining by the total number of weeks in the course.*

Here are a few examples of common course lengths:

* Attendance for doctoral residency is submitted after the student has attended and completed all days in the residency.

State

If a student attends a class in one of these states, the specific state refund policy will be applied in addition to the University Institutional Refund Policy. In the event that there is a conflict in the policies, the state policy will supersede the general University policy, unless the University policy is better for the student’s situation. These policies are outlined below.

Arizona

Students have the right to a full refund of all monies paid, including application and materials fees, if they withdraw within three business days after signing the Enrollment Agreement. Otherwise, students in Arizona will have tuition refunded using the University Institutional Refund Policy.

California

Students in the state of California will have tuition refunded using the University Institutional Refund Policy with the following exception:

- Students have the right to cancel the Enrollment Agreement and obtain a refund of charges paid through attendance at the first class session or the seventh day after enrollment, whichever is later.
- To cancel enrollment, the student must submit a written request postmarked on or before the applicable time period to the campus director of finance at the appropriate address listed below:
  - Refund Administrative address for students attending any of the five California Campuses (Southern California, San Diego, Bay Area, Central Valley and Sacramento Valley)
  - University of Phoenix
  - 3090 Bristol Street
  - Costa Mesa, CA 92626

Florida

Students in the state of Florida will have tuition refunded using the University Institutional Refund Policy with the following exceptions:

- Students have the right to a full refund of all monies paid, including application and materials fees, if they withdraw within three business days after signing the Enrollment Agreement.
- The University will retain $45 of the application fee for students who withdraw from the University prior to the start of their program and after the three-day cancellation period.
- Refunds will be paid within 30 days of a student’s official withdrawal.

Georgia

Students in Georgia will have tuition refunded using the University Institutional Refund Policy with the following exceptions:

- Students have the right to a full refund of all monies paid, including application and materials fees, if they withdraw within three business days after signing the Enrollment Agreement.
- Students providing written notification of withdrawal prior to the first class session or who have been out of attendance for more than 14 days will receive a full refund of tuition paid for the unattended course.
- Refunds are paid within 30 days of a student’s official withdrawal.
• A student who is out of attendance for more than 14 days is considered withdrawn from the course.

**Indiana**

Indiana has established refund policies that differ from the University Institutional Refund Policy. If a student attends a class in Indiana, the state’s refund policy will be applied. The University must make the proper refund no later than 31 days after the request for cancellation or withdrawal.

A student is entitled to a full refund if one or more of the following criteria are met:

- The student cancels the Enrollment Agreement within six business days after signing.
- The student does not meet the University minimum admission requirements.
- The student’s enrollment was procured as a result of a misrepresentation in the written materials utilized by the University.

If the student has not visited the University prior to enrollment and, upon touring the University or attending the regularly scheduled orientation or classes, the student withdrew from the program within three days, he or she will not have a financial obligation.

A student withdrawing from an instructional program after starting the instructional program at the University and attending one week or less is entitled to a refund of 90% of the cost of the financial obligation, less an application or enrollment fee of 10% of the total tuition, not to exceed $100.

A student withdrawing from an instructional program, after attending more than 25% but equal to or less than 50% of the duration of the instructional program, is entitled to a refund of 50% of the cost of the financial obligation, less an application or enrollment fee of 10% of the total tuition, not to exceed $100.

A student withdrawing from an instructional program, after attending more than 50% but equal to or less than 60% of the duration of the instructional program, is entitled to a refund of 40% of the cost of the financial obligation, less an application or enrollment fee of 10% of the total tuition, not to exceed $100.

A student withdrawing from an instructional program, after attending more than 60% of the duration of the instructional program, is not entitled to a refund.

**Iowa**

Students in the state of Iowa who withdraw from a course prior to the start date will receive a 100% refund of tuition for that course. Students who withdraw from a course after the start date will receive a pro-rata refund of tuition for the course until they have attended 100% of the course. Refunds will be paid within 30 days of a student’s official withdrawal.

**Kansas or Missouri**

Students in Kansas or Missouri will have tuition refunded using the University Institutional Refund Policy with the following exceptions:

- Students have the right to a full refund of all monies paid if they withdraw within three business days after signing the Enrollment Agreement.
- To cancel enrollment, a student must notify the local campus in writing on or before the three-day period. After the three-day period, all fees, including applications fees, assessment fees and book fees, are nonrefundable.
- A tuition refund must be requested in writing to the student’s local campus.

**Kentucky**

Students in the state of Kentucky will have tuition refunded using the University Institutional Refund Policy with the following exceptions:

- A student who cancels enrollment any time before the start of the first class session will receive a full refund of all monies paid.
- The University may retain 10% of the tuition agreed upon in the Enrollment Agreement or $100, whichever is less, for students who fail to attend in the enrollment period for which advanced payment was made.
- Refunds will be paid within 30 days of a student’s official withdrawal.
- A student who is out of attendance for more than 30 days is considered withdrawn.

**Louisiana**

Students in the state of Louisiana will have tuition refunded using the University Institutional Refund Policy with the following exceptions:

- Students who cancel enrollment any time before the start of the first class session will receive a full refund of all monies paid, except the application fee, which is nonrefundable.
- Refunds will be paid within 30 days of a student’s official withdrawal.
- The University may retain an administrative fee, not to exceed 15% of total tuition and fees paid.

**Minnesota**

Students in the state of Minnesota will have tuition refunded using the University Institutional Refund Policy with the following exception:

- Refunds for state aid programs and non-state aid programs are calculated on a proportional basis using the state mandated or institutional refund policy.
- To calculate the minimum refund due to the State Grant Program, the SELF Loan Program and other aid programs (with the exception of the state Work Study Program), the Higher Education Services Office Refund Calculation Worksheet of the Minnesota State Grant manual is used.

**Nevada**

Students in the state of Nevada will have tuition refunded using the University Institutional Refund Policy with the following
exceptions:
• Students who cancel enrollment any time before the start of the first class session will receive a full refund of all monies paid.
• The University may retain 10% of the tuition agreed upon in the Enrollment Agreement or $150, whichever is less, for students who fail to attend in the enrollment period for which advanced payment was made.
• Refunds will be paid to the person or entity that paid the tuition within 15 calendar days after one of the following, whichever is applicable:
  • The date of cancellation by a student of his or her enrollment
  • Termination by the University of the enrollment of the student
  • The last day of an authorized leave of absence, if a student fails to return after the period of authorized absence
  • The last day of attendance of a student
• For purposes of this refund calculation, the period of attendance must be measured from the first day of instruction, as set forth in the Enrollment Agreement, through the last day of actual attendance, regardless of absences. In addition, tuition must be calculated using the tuition and fees set forth in the Enrollment Agreement and does not include books, educational supplies or equipment listed separately from tuition and fees. Books, educational supplies or equipment for individual use are not included in the policy for refund, and a separate refund will be paid by the University to the student if those items were not used by the student.
• If the University cancels or discontinues a course or educational program stated in the Enrollment Agreement, the University will refund all monies paid for that course or program.

New Mexico
Students have the right to a full refund of all monies paid, including application and materials fees, if they withdraw within three business days after signing an Enrollment Agreement. To withdraw, a student must provide written notice to the University or appear personally at the University.
• If a student withdraws following the expiration of the three-day cancellation period, but prior to the first class, the University may retain up to $200.
• Following the beginning of the first class, refunds will be provided according to the University Institutional Refund Policy.
• Refunds must be made within 30 calendar days of the University’s receipt of written notice of withdrawal or the University’s termination of the student’s enrollment, whichever is earlier.

Ohio
Students in the state of Ohio will have tuition refunded using the University Institutional Refund Policy with the following exceptions:
• Students have the right to a full refund of all monies paid if they withdraw within five calendar days of signing the Enrollment Agreement.
• A student who withdraws before the first class and after the five-day cancellation period is obligated for the registration fee.

Oregon
Students in the state of Oregon will have tuition refunded using the University Institutional Refund Policy except all fees, including application fees, assessment fees, student service fees and book fees, are nonrefundable.

South Carolina
Students in the state of South Carolina will have tuition refunded using the University Institutional Refund Policy with the following exceptions:
• Students have the right to a full refund of all monies paid, including application and materials fees, if they withdraw within 72 hours, excluding weekends and legal holidays, after signing the Enrollment Agreement.
• A full refund of all monies will be made to any applicant not accepted by the University.
• After the 72-hour cancellation period, the University may retain up to $100 if the student does not attend a course.
• The University may retain an administrative fee up to $100.
• Refunds will be paid within 40 days of a student’s official withdrawal.

Wisconsin
Students in the state of Wisconsin will have tuition refunded using the University Institutional Refund Policy with the following exceptions:
• Students have the right to cancel enrollment until midnight of the third business day after receipt of notice of acceptance and are entitled to a full refund of any tuition paid.
• Refunds will be paid within 30 days of a student’s official withdrawal.
• If the University cancels or discontinues a course or educational program stated in the Enrollment Agreement, the University will refund all monies paid for that course or program.

Online
The refund policy of the state where online campus students reside will be used to calculate their refund amount. The refund policy of the state where local campus students attend class will be used to calculate their refund amount.

Consumer Policies and Codes of Conduct

University of Phoenix Family Educational Rights and Privacy Act
University student records are confidential for all schools receiving funding under programs administered by the U.S. Department of Education in accordance with the Family Educational Rights and Privacy Act (FERPA) of 1974. Generally, information pertaining to a student record is not to be released to a third party without written or authorized electronic consent via a FERPA release form, judicial order or lawfully issued subpoena.

The University is required to provide students a copy of its FERPA policy annually and upon written request from students. Current students can obtain a copy of the FERPA policy in the appropriate online Academic Catalog at https://www.phoenix.edu/programs/degree-programs/academic-catalog.html

Under FERPA, a student is defined as an individual who is or has attended an educational institution. Students with at least one academically related activity (or one positive attendance “Y” posted, whichever happens sooner) in a university course are considered students at University of Phoenix.

Access to Education Records
University student records are confidential for all schools receiving funding under programs administered by the U.S. Department of Education in accordance with the Family Educational Rights and Privacy Act of 1974 (FERPA). Generally, information pertaining to students’ records shall not be released to a third party without
written or authorized electronic consent, via a FERPA Release form, judicial order or a lawfully issued subpoena.

Education records are defined as all records, files, documents and materials that contain information directly related to a student, and maintained by an educational institution.

The following are not interpreted as education records:
- Personal records maintained by an individual; must be kept in the sole possession of the individual and are not accessible to others
- Records of the law enforcement unit of an educational institution
- Personnel records; records related to a person as an employee not used for any other purpose
- Medical records
- Records created after the student is no longer a student; alumni records

Exception: The Student Health Insurance Plan Enrollment/Acknowledgment form completed by local campus students in New Jersey and Massachusetts is defined as an education record.

Releasable Information - Directory

In compliance with FERPA, a University-designated representative without prior written or authorized electronic consent of the student can release the following educational record information, provided the student does not have a FERPA Hold Request form on record.
- Student name
- Home address
- Email address
- Home telephone number
- Year of birth
- Dates of attendance at the University
- Dates of admission to the University
- University programs of study
- University degree completion dates and type of degrees earned
- Current enrollment status
- Most recent previous institutions attended and degree(s) earned
- Grade level (freshman, sophomore, junior or senior)
- Photographs
- Honors and awards received
- Participation in officially recognized activities

Information Not Released - Non-Directory

In compliance with FERPA, the following student information shall not be released by the University without prior written or authorized electronic consent of the student, a judicial order or a lawfully issued subpoena. The student’s signature on the written requests shall be verified before acting upon the request.

Information that must not be released:
- Place of birth*
- Month and day of birth*
- Social Security number (SSN), individual record number (IRN) or personal identification number (PIN)**
- Grades or grade point averages
- Course schedules
- Employment information including: employer, position held, work address or work telephone number
- Academic performance information, such as academic suspension, probation disqualification or academic dishonesty charges
- Admission information, including test scores or entry grade point averages
- Financial and accounting information
- Gender*
- Race*
- Ethnicity*
- Citizenship*
- Country of origin*

Non-directory information can only be released to third parties via telephone or in person if the student has provided written or authorized electronic consent including a security word. If the student does not complete the release information, including security word, information is not released via telephone or in person.

Note: All third parties, including parents, with inquiries require a FERPA Release form on file unless the third party meets one of the definitions under FERPA allowing access without prior written or authorized electronic consent from the student.

Exceptions: The University may release personally identifiable information (PII), directory and nondirectory information without the student’s consent under the following conditions:
- School officials with legitimate educational interests, which include any University employee acting within the scope of her or his University employment, and any duly appointed agent or representative of the University acting within the scope of his or her appointment
- Person or company with whom the University has contracted as its agent to provide a service instead of using University employees or officials such as Apollo Education Group, Inc., Nelnet Scholarship Management, Aptomis, Prooviti, ACS, ECMC Solutions, National Student Clearinghouse, iParadigms, LLC, Taylor Corporation, Education Services Management, Double Positive, Hills Consulting Group, SCRP-SAFE, Student Outreach Solutions, i3, Inside Track, Salesforce, Iron Mountain, Outsell Y-Connecting, Cenzeo, IntraEdge, ITC InfoTech, TK20, Microsoft, Western International University, iGrad, HCL Technologies, Echosign, Regent Education, Google, College Board, and other services.
- Other schools to which a student seeks or intends to enroll
- Specified officials for audit and evaluation purposes
- Appropriate parties in connection with financial aid to a student (The disclosure is in connection with financial aid for which the student has applied or received, if the information is necessary for such purposes as to determine the following: eligibility for aid, amount of aid, conditions for aid and/or enforcement of terms and conditions of the aid.)
- Organizations conducting studies for, or on behalf of, the school
- Accrediting organizations
- Authorized representatives of the Comptroller General of the United States, Secretary of Education, or state and local educational authorities
- To comply with a judicial order or lawfully issued subpoena
- Appropriate officials in cases of health and safety emergencies
• State and local authorities, pursuant to state law
• To appropriate officials to comply with federal law (e.g., the USA Patriot Act, Solomon Amendment, SEVIS program)
• Under the Campus Sex Crime Prevention Act, institutions are permitted to disclose information concerning registered sex offenders who are required to register under the Violent Crime Control & Law Enforcement Act.

The institution may disclose the results of a disciplinary proceeding if the student is an alleged perpetrator of a crime of violence or nonforcible sex offense and he or she has been found to have violated the institution’s policies and procedures with respect to the allegation. Disclosures may only be made if the institution determines the student did violate its policies and such disclosures must only include the name of the student, violation committed and any sanction imposed by the institution against the student.

The institution must, upon written request, disclose to the alleged victim of a crime of violence, or a nonforcible sex offense, the results of any disciplinary hearing conducted by the institution against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, the institution must provide the results of the disciplinary hearing to the victim’s next of kin, if so requested.

The disclosure is to organizations conducting studies for, or on behalf of, educational agencies or institutions.

If a student initiates legal action against an educational institution, the institution may disclose to the court, without a court order or subpoena, the student’s education records that are relevant for the institution to defend itself.

The disclosure is to parents of a dependent student as defined in Section 152 of the Internal Revenue Code or to parents of students under the age of 21 when laws or university policies regarding alcohol or drugs are violated.

A school official is defined as:
• A person employed by the University in an administrative, supervisory, academic, research or support staff position.
• A person employed by or under contract to the University to perform a task.
• A person serving on an institutional governing body or committee.
• A school official has a legitimate educational interest if:
  • Performing a task specified in his or her job description or contract.
  • Performing a task related to a student’s education.
  • Providing a service or benefit related to a student or a student’s family.
  • Representing a school in which a student seeks to enroll.
  • Disclosing information to federal and state authorities auditing compliance of federal or state support programs.
  • Disclosing information in connection with financial aid, to determine financial aid eligibility, amount of aid, conditions for the aid, or to enforce the terms of conditions of the aid.
  • Disclosing information to state and local officials to whom this information is specifically allowed to be disclosed pursuant to state laws if the allowed disclosure concerns the juvenile justice system and the system’s ability to effectively serve the student whose records are released.
  • Performing studies on behalf of educational institutions.
  • Disclosing information to accrediting organizations carrying out their function.
  • Complying with a judicial order or lawfully issued subpoena provided notification to the student is made before complying with the subpoena.
  • The University can disclose personally identifiable information (PII), directory and non-directory, without student consent if the disclosure meets one of the following conditions:
    • This disclosure is to other school officials, whom the University determines have legitimate educational interests.
    • The disclosure is to officials of other schools where the student seeks or intends to enroll.
    • The disclosure is, subject to requirements of 34 CFR 99.35, to authorized representatives of the Comptroller General of the United States, Secretary, or state and local educational authorities.
  • The disclosure is in connection with financial aid for which the student has applied or received, if the information is necessary for such purposes as to determine the following:
    • Eligibility for aid
    • Amount of aid
    • Conditions for aid
    • Enforce terms and conditions of the aid

Financial aid means a payment of funds (or a payment in kind of tangible or intangible property to the individual) that is conditioned on the individual’s attendance at an educational agency or institution [authority: 20 U.S.C.1232g (6)(0)]. Students requesting demographic or PII on other University of Phoenix students for survey or research purposes must contact the appropriate director of operations and Academic Affairs after it has been approved through the University’s Human Subjects Committee and/or Committee on Research as appropriate.

The University shall retain a record of disclosure of student information disclosed to a third party. This information will be stored on the University computer system and will contain dates, names and reasons for release. Students shall have reasonable access to their educational records, may request to review their educational records and may challenge the contents of their educational records if they feel the contents to be inaccurate, misleading or otherwise in violation of their privacy or other rights.

FERPA Challenges Process

Students alleging that their University records are inaccurate or misleading, or who allege violations of FERPA, may present their challenges to the University Registrar. Students have the right to correct record-keeping errors, but not to seek to overturn administration decisions and assessments. The Registrar shall review students’ challenges and, when appropriate, amend students’ records accordingly. Students will be notified within 14 days of the Registrar’s actions and, based on the action, may request a formal hearing.

A student must submit a request for amendment in writing to the Registrar identifying the specific portion of his or her record he or she wants changed and why he or she believes it’s inaccurate or in violation of his or her privacy. The Registrar will respond to the request within 14 days.

If the University denies the request to change the record, the Registrar will notify the student within 14 days of the decision and advise the student of his or her right to challenge the information. A student’s request for a formal hearing must be made in writing and submitted to the Office of Admissions & Records. The Regis-
The University will arrange for a hearing, and notify the student within 14 days from the receipt of the request of the date, place and time of the hearing. Students may present relevant evidence and may be assisted or represented at the hearings by one or more persons of their choice, including an attorney, at the student’s expense. The University shall be represented by a hearing panel appointed by the Registrar. The panel will be comprised of individuals that do not have a direct interest in the outcome of the hearing. The panel shall consider all relevant evidence supporting students’ allegations of inaccurate or misleading information in students’ records. Decisions of the panel will be final.

The University will provide a written decision within 14 days of the hearing based on evidence presented at the hearing, and will include a summary of evidence presented and the rationale for the decision.

If the University decides that the challenged information is not misleading, inaccurate or in violation of the student’s privacy rights, it will notify the student within 14 days of his or her right to place in the record a statement commenting on the challenged information or a statement of reasons for disagreeing with the decision.

The statement will be maintained as a part of the student’s record as long as the contested portion is maintained. If the University discloses the contested portion of the record, it must also disclose the statement.

If the University decides the information is inaccurate or in violation of the student’s right of privacy, it will amend the record and notify the student within 14 days, in writing, that the record has been amended.

Students may not inspect and review the following absent a judicial order or legally issued subpoena:

- Confidential letters and recommendations for which they have waived their rights of inspection
- Educational records containing information about more than one student
  (Access is permitted only to that part of the record concerning the inquiring student.)
- Records of instructional, supervisory, administrative and certain educational personnel, which are in the possession of the originator
- Records connected with an application to attend the University if the application was denied
  (For example, a student is enrolled in an undergraduate program and applies for admission to a graduate program but is denied.)
- University of Phoenix cannot deny students access to their records. Copies do not need to be provided, unless by not providing copies, the students’ rights are denied. Exception: The University may release foreign transcripts to students.

The University reserves the right to deny transcripts or copies of records not required to be made available by FERPA in any of the following situations absent a judicial order or legally issued subpoena:

- The student is not in compliance with his or her UOPX financial plan.
- There is an unresolved disciplinary action against the student.

Transcripts will be issued as an exception to the above if one of the two following exception criteria is met:

- A student has filed for bankruptcy and has provided UOPX with a copy of the bankruptcy petition filed with the courts.
- A student has graduated from a previous UOPX program on record as that student had previously satisfied his or her financial obligation for that program.

If a student believes he or she qualifies for one of the aforementioned policies or exceptions but is unable to order a transcript on the University student website, the student should contact the Admissions and Records Service Center at 800.866.3919 for assistance.

Students have the right to file a complaint with the FERPA. Inquiries should be directed to:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Ave., SW
Washington, DC 20202-5920

For a period of 25 years following the death of a student, educational records of deceased students may only be released to the executor of the estate (written authorization required) or immediate family members (notarized affidavit required) defined as: spouse or legally recognized domestic partner, parents, children (over the age of 18) and siblings. Beyond this time, requests for these records may be released to anyone after review and approval from the Registrar’s Office.

The University is required to provide students a copy of its FERPA policy annually and upon written request from the student.

Student Right to Access

Students wishing to review their educational records shall submit a written request to the Registrar specifying the records to be reviewed. Only records covered by FERPA will be made available. If necessary, the Registrar’s Office will work with a campus designee so that the student can review the record.

FERPA regulations require the University to comply with the students’ right to inspect and review their academic records by responding within 45 days from the time the University receives a written request to access their records. However, the Office of Admissions & Records will respond to students’ requests to review their records within 14 days from receipt of the request. Students should submit their request to the University Registrar and specify the record or records they wish to have a copy of or to inspect.

Students who wish to review their records at a campus location must present photo identification before access to educational records is allowed. For copies of records from a student’s file, the student must fill out and submit the Student Request for Information from Files form. Distance education students must submit a written request specifically outlining which record they would like to review.

A designated University official must be present when a student wishes to review his or her records at a campus location. This includes documents on file or student history notes that do not reference other student information. Printed files requested by the student and mailed from the Registrar’s Office will not include history notes from any record systems.

Solomon Act

University of Phoenix complies with the Solomon Act, which provides certain information to military recruiters. Information that may be released includes the following:

- Student name
- Home address
- Telephone listing
- Age (date of birth)
We will not sell, rent or lease your personal information to others except as provided in this policy. We may collect, use and disclose personal information for the following purposes:

• To determine your admissibility and to register you for your selected educational programs
• To contact you regarding your status with the University
• To provide requested products and services
• To respond to your inquiries and provide customer support
• To administer promotions in which you have indicated an interest
• For our internal marketing purposes, which includes, but is not limited to, sending you material about products, services, updates, etc. that we think may be of interest to you
• For fostering communication and collaboration among members of your University community through social networks
• For sharing with our Educational Partners who may contact you with respect to their educational or other services
• For sharing with our Educational Partners or Business Associates who are performing services on our behalf
• To analyze how Sites and services are being accessed and used
• For investigation of information security and information asset protection-related incidents
• To test, correct and improve our content, applications and services
• To develop new applications, products and services
• For Online Behavioral Advertising purposes
• To improve Site and service performance and delivery
• To prevent potentially illegal activities (including illegal downloading of copyrighted materials in accordance with our Copyright Infringement Policy)
• To investigate suspicious information that denotes illegal activity such as financial aid fraud
• To analyze academic and learning outcomes and preferences
• For external academic research and scholarship
• To analyze risk and business results
• To obtain payment for services that we provide to you
• To provide you with information concerning arrangements and other options for the repayment of funds loaned to you for your education
• To maintain business records for reasonable periods
• To enforce our Terms of Use
• To provide to Educational Partners, Business Associates or Unrelated Entities in connection with the contemplated or actual reorganization, merger, acquisition, financing, securitization, insuring, sale or other disposal of all or part of our business or assets, including for the purposes of determining whether to proceed with such transaction or fulfilling any records or other reporting requirements to such parties. In the event of any actual reorganization, merger or acquisition, such information may be transferred as part of the transaction to the acquirer.
• And/or as may be required or permitted by legal, regulatory, industry self-regulatory, insurance, audit or security requirements applicable to Apollo Education Group, Inc., our Educational Partners or our Business Associates.

State Authorization and Contact Information for Filing Complaints

University of Phoenix is regulated by a large number of state regulatory bodies across the country for filing complaints in the state that a student resides. If a student chooses to file a complaint, he or she can submit an internal complaint to the University’s Office of Dispute Management or file an external complaint with the designated state regulatory agency. For Online students who reside in Arizona, Georgia, Washington or Wisconsin, students can file a complaint with their own state regulatory agency.

State Authorization Reciprocity Agreement (SARA)

University of Phoenix is approved by the National Council for State Authorization Reciprocity Agreements (NC-SARA) as a SARA member institution. (http://nc-sara.org). The University has reciprocity with other SARA states for its distance education programs. Please visit the NC-SARA website for the most current list of states that participate in SARA.

Online students residing in a SARA state may appeal a complaint to the Arizona SARA Council (AZ SARA) for review after exhausting the institution’s internal complaint process. SARA complaints must first be submitted internally for resolution through the University’s Office of Dispute Management. The Arizona SARA Council will not review complaints regarding student grades or student code of conduct violations. For more information visit the AZ SARA Council website (http://azsara.azsara.edu).

All other Online students should file external complaints with the Arizona State Board for Private Postsecondary Education. The following is a list of the contact information for those regulatory bodies.

Alabama: The student may contact the Alabama Department of Postsecondary Education, PO Box 302130, Montgomery, AL 36130-2130; telephone 334.242.2959.

Arizona: The student may contact the Arizona State Board for Private Postsecondary Education, 1400 W. Washington, Room 260, Phoenix, AZ 85007; telephone 602.542.2399.

Arkansas: The student may contact the Arkansas Department of Higher Education, 114 East Capitol, Little Rock, AR 72201-3818; telephone 501.371.2065.

California: The student may contact the California Bureau for Private Postsecondary Education, C/O Department of Consumer Affairs, PO Box 980818, W. Sacramento, CA 95798-0818; telephone 916.431.6959, 888.370.7589.

Colorado: The student may contact the Department of Higher Education, Commission on Higher Education, 1300 Broadway Road, Second Floor, Denver, CO 80203; telephone 303.866.2723, 303.866.4209.

Delaware: The student may contact the Delaware Department of Education, The Townsend Building, 401 Federal St., Suite 2, Dover,
North Carolina: The student may contact the Board of Governors of the University of North Carolina, General Administration, 910 Raleigh Road, Chapel Hill, NC 27515-2688; telephone 919.962.4558.
Ohio: The student may contact the Ohio Board of Regents, 25 South Front Street, Columbus, OH 43215; telephone 614.466.6000.
Oklahoma: The student may contact the Oklahoma State Regents for Higher Education, 655 Research Parkway, Suite 200, Oklahoma City, OK 73104-3603; telephone 405.225.100, 405.225.9142.
Oregon: The student may contact the Oregon Office of Degree Authorization, 1500 Valley River Dr., Suite 100, Eugene, OR 97401; telephone 541.687.7478.
Pennsylvania: The student may contact the Pennsylvania Department of Education, 333 Market Street, Harrisburg, PA 17126-0333; telephone 717.783.6785.
Puerto Rico: The student may contact the Consejo de Educación Superior de Puerto Rico/ Puerto Rico Council on Higher Education, PO Box 19900, San Juan, Puerto Rico 00910-1900; telephone 787.724.7100 ext. 2022 or ext. 2016.
South Carolina: The student may contact the Nonpublic Postsecondary Institution Licensing, 1333 Main Street, Suite 200, Columbia, SC 29201; telephone 803.737.2281.
Tennessee: The student may contact the Tennessee Higher Education Commission, Parkway Towers, Suite 1700, 404 James Robertson Pkwy, Nashville, TN 37243-0830; telephone 615.741.3605.
Texas: The student may contact the Texas Higher Education Coordinating Board, P.O. Box 12788, Capitol Station, Austin, TX 78771; telephone 512.427.6520.
Utah: The student may contact the Utah Division of Consumer Protection, 160 East 300 East, 2nd Floor, Salt Lake City, UT 84111; telephone 801.530.6601, or toll-free in Utah 800.721.SAFE.
Virginia: The student may contact the Commonwealth of Virginia Council of Higher Education, James Monroe Building, 101 North Fourteenth Street, Richmond, VA 23219; telephone 804.225.2600.
Washington: The student may contact the Washington Student Achievement Council, PO Box 43430, Olympia, WA 98504-3430; telephone 360.753.7869, 360.753.7866.
Wisconsin: The student may contact the Wisconsin Educational Approval Board, 201 West Washington Avenue, 3rd Floor, Madison, WI 53703; telephone 608.266.1996, 608.266.1996.
Wyoming: The student may contact the Wyoming Department of Education, Hathaway Bldg., 2 Floor, 2300 Capitol Avenue, Cheyenne, WY 82002-0050; telephone 307.777.5712.

Copyright Infringement and Peer-to-Peer File Sharing Policy

Copyright Law and Infringement

Copyright is a form of legal protection provided by U.S. law, Title 17 United States Code 512(c)(2), which protects an owner’s right to control the reproduction, distribution, performance, display and transmission of a copyrighted work. The public, in turn, is provided with specific rights for fair use of copyrighted works. Copyrighted works protect original works of authorship and include:

• Books, articles and other writings
• Songs and other musical works
• Movies and television productions
• Pictures, graphics and drawings
• Computer software
• Pantomimes and choreographic works
• Sculptural and architectural works

The copyright law provides the owner of a copyright the exclusive right to do the following:
• Reproduce the work in copies.
• Prepare derivative works based upon the work.
• Distribute copies of the work to the public by sale or other transfer of ownership, or by rental, lease or lending.
• Perform the work publicly.
• Display the copyrighted work publicly.
• Perform the work publicly by means of a digital audio transmission in the case of sound recordings.

The copyright law states, “Anyone who violates any of the exclusive rights of the copyright owner is an infringer of the copyright or right of the author.” Generally, under the law, one who engages in any of these activities without obtaining the copyright owner’s permission may be liable for infringement.

Specific information on copyright law and fair use may be found at the following sites:
The U.S. Copyright Office: http://www.copyright.gov
The Electronic Frontier Foundation fair use frequently asked questions: http://w2.eff.org/IP/eff_fair_use_faq.php

Peer-to-Peer File Sharing
Peer-to-Peer (P2P) file sharing is a general term that describes software programs that allow computer users, utilizing the same P2P software, to connect with each other and directly access digital files from one another’s hard drives. Many copyrighted works may be stored in digital form, such as software, movies, videos, photographs, etc. Through P2P file sharing it has become increasingly easy to store and transfer these copyrighted works to others, thus increasing the risk that users of P2P software and file-sharing technology will infringe the copyright protections of content owners. If P2P file-sharing applications are installed on your computer, you may be sharing someone else’s copyrighted materials without realizing you are doing so. As a user of the University network, recognizing the legal requirements of the files that you may be sharing with others is important. You should be careful not to download and share copyrighted works with others.

The transfer and distribution of these works without authorization of the copyright holder is illegal and prohibited.

Violations and Penalties Under Federal Law
In addition to University sanctions under its policies as more fully described below, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or statutory damages affixed at not less than $750 and not more than $30,000 per work infringed. For willful infringement, a court may award up to $150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys’ fees. For details, see Title 17, United States Code, Sections 504, 505.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to $250,000 per offense.

University Methods to Effectively Combat Unauthorized Distribution of Copyrighted Material and Student Sanctions
A student’s conduct in the University classrooms and websites is subject to and must fully conform to the University Student Code of Conduct policy, its Acceptable Computer Use for Faculty and Students policy and any other applicable University policies.

The University may monitor traffic or bandwidth on the networks utilizing information technology programs designed to detect and identify indicators of illegal P2P file-sharing activity. In addition to, or as an alternative, the University may employ other technical means to reduce or block illegal file sharing and other impermissible activities.

The University will also provide for vigorous enforcement and remediation activities for those students identified through the University Digital Millennium Copyright Act policy as potential violators or infringers of copyright.

Disciplinary sanctions will be based on the seriousness of the situation and may include remediation based on a comprehensive system of graduated responses designed to curb illegal file sharing and copyright offenses through limiting and denial of network access or other appropriate means. These sanctions may be in conjunction with additional sanctions through the University Student Code of Conduct, its Acceptable Computer Use for Faculty and Students Policy and any other University policy applicable to the particular situation. Students who are subject to professional codes of conduct that apply to their enrollment at the University shall be sanctioned according to the requirements of the respective code.

Education and Awareness
The University uses a variety of means to inform students, faculty and other network users about copyright laws and the response to copyright infringement claims by the University.

The University informs its campus community through the Consumer Information Guide and other periodic communications that unauthorized distribution of copyrighted material, including unauthorized P2P file sharing, may subject students and faculty to civil and criminal liabilities and their possible extent.

The Consumer Information Guide is available on the University website, is provided to potential students and employees, and is sent by email on a yearly basis to current students, faculty and employees.

Link to Consumer Information Guide: http://www.phoenix.edu/about_us/regulatory/consumerinformation.html

Legal Sources for Online Music and Videos
The legal sources for online music and videos are reviewed annually by the University’s Sr. Director of Governance, Risk and Compliance. The following links are online sources that provide information on legal access to copyrighted music and videos:

EDUCAUSE is an association of colleges and universities, which maintains a list of legal media sources:
http://www.educause.edu/legalcontent

The Recording Industry Association of America (RIAA) provides a list of legal music sources:

Digital Millennium Copyright Act Policy (DMCA)

The University computer networks, including its online library and classroom environment, are critical assets. Accordingly, University of Phoenix respects the rights of the copyright owners and expects its faculty, staff, students and other network users to comply with U.S. copyright laws. Federal law prohibits the reproduction, distribution, public display or performance of copyrighted materials over the Internet without permission of the copyright owner, except in compliance with fair use or other copyright applicable statutory exceptions. Please refer to the University’s Copyright Infringement and Peer-to-Peer File Sharing policies for more information.
University of Phoenix may terminate the network accounts or access to users who have repeatedly infringed on the copyrights of others. In addition to sanctions that may be applicable under the University Student Code of Conduct, the Acceptable Computer Use for Faculty and Student, or other policies. The University of Phoenix, in compliance with the federal Digital Millennium Copyright Act (DMCA), has established a mandated process for receiving and tracking alleged incidents of copyright infringement. The University has designated an agent who will investigate notices of alleged copyright infringement and take appropriate actions. Such actions may include terminating repeat infringers’ accounts under the DMCA.

Copyright infringement notices must be given in writing, preferably by email, or by U.S. mail to the agent listed below:

University of Phoenix
Attn: Copyright Agent
Subject: Copyright Compliance
4025 S. Riverpoint Pkwy.
Mail Stop: CF-K612
Phoenix, AZ 85040
Email: CopyrightAgent@apollo.edu

If a valid DMCA notification is received, the University will respond under the 'Process for Filing Notice of Alleged Infringement' by taking down the infringing content found on our networks. When taking down content under the DMCA, the University will take reasonable steps to contact the owner of the removed content so that a counter notification may be filed. Upon receiving a valid counter notification, the University will generally restore the content in question, unless the University receives notice from the notification provider that a legal action has been filed seeking a court order to restrain the alleged infringer from engaging in the infringing activity.

The DMCA provides that a person who falsely claims that someone is infringing on his or her copyright may be liable for damages including costs and attorneys’ fees. Alternatively, an individual can also be liable for damages including attorneys’ fees if materially misrepresenting that an activity is infringing on the copyright of another. Therefore, the University recommends contacting an attorney to confirm whether a work is protected by copyright laws.

Pursuant to the DMCA, unless the University receives notification that legal action to seek a court order restraining the alleged infringer from further engaging in the infringing activity has been filed, upon receiving a valid counter notification, the University will:

• Provide the person who filed the original notification with a copy of the counter notice
• Inform him or her that the material will be reinstated or access to it restored between 10 and 14 business days following receipt of the counter notice.

Process for Filing Notice of Alleged Infringement

Below is the process for filing a notification under the DMCA when an individual believes their work has been infringed upon. Notice must be given in writing to the designated agent as specified above and contain the following information:

• Identify in sufficient detail the copyrighted work that you believe has been infringed upon; for example, describe the work that you own.
• Identify the material that you claim is infringing on your copyright as set forth in number one and provide detailed information that is reasonably sufficient to locate the infringing item; for example, provide the link to the infringing material.
• Provide sufficient contact information: phone number, address and email address.
• If possible, provide information that allows the University to notify the alleged infringing party of notice of the alleged infringement.
• The following statement must be included in your notice: "I have a good faith belief that the use of the copyrighted materials described above and contained on the service is not authorized by the copyright owner, its agent, or by protection of law."
• The following statement must be included in your notice: "I swear, under penalty of perjury, that the information in the notification is accurate and that I am the copyright owner or am authorized to act on behalf of the owner of an exclusive right that is allegedly infringed."
• The notice must be signed.

Process for Filing Counter Notification of Alleged Infringement

The person or provider of the alleged infringing material may present a counter notification pursuant to the DMCA. Upon proper counter notification, the University may reinstate the removed content. Notice must be given in writing to the designated copyright agent as specified above and contain the following information:

1. Identify the material that has been removed. This may include providing the location or the URL when possible.
2. Provide your name, address, telephone number, and email address if available.
3. Provide a statement that you consent to the jurisdiction of Federal District Court for the judicial district in which you reside, or for any address outside the United States or any judicial district, in which the service provider may be found, and that you will accept service of process from the person who provided notification to the University of the alleged infringement or an agent of such person.
4. Provide the following statement: "I swear, under penalty of perjury, that I have a good faith belief that the material identified above was removed or disabled as a result of a mistake or misidentification of the material to be removed or disabled."
5. The notice must be signed.

Vaccinations and Immunizations

Information regarding program admissions requirements, including immunization requirements for designated states, is located at http://www.phoenix.edu/admissions/admission_requirements.html

Register to Vote

The National Mail Voter Registration Form can be used to register U.S. citizens to vote, to update registration information due to a change of name, make a change of address or to register with a political party. You must follow the state-specific instructions listed for your state. After completing the form, you must sign your name where indicated and send it to your state or local election office for processing.

The national form also contains voter registration rules and regulations for each state and territory. For more information about registering to vote, contact your state election office at http://www.eac.gov/voter_resources/contact_your_state.aspx

Register to vote by following your state-specific instructions and
Campus Safety Policies
The University of Phoenix has established a comprehensive Campus Safety Policies at http://cdn.assets-phoenix.net/content/dam/altcloud/doc/about_uopx/Campus-Safety-Policies.pdf to increase University of Phoenix community’s awareness of current programs that exist to protect its members’ safety and well-being. The information included relates to the following:
- Sexual violence policy and prevention
- Sex offender registry
- Legal effects of alcohol and other drug use
- Penalties and sanctions regarding the unlawful use, sale, possession or distribution of illegal drugs and alcohol
- Emergency mass notification
- Reporting criminal activities
- Information related to campus safety programs
- Annual crime statistics
- Available counseling and assistance resources
- Crime prevention measures
- Annual crime statistics
- Available counseling and assistance resources
- Crime prevention measures
- Reporting criminal activities
- Information related to campus safety programs
- Annual crime statistics
- Available counseling and assistance resources
- Crime prevention measures
- Reporting criminal activities
- Information related to campus safety programs

Campus Crime Statistics
This report is compiled in conjunction with University of Phoenix’s Campus Safety Policies. The following statistics are in accordance with definitions used in the Uniform Crime Reporting System of the Department of Justice and FBI, as modified by the Hate Crime Statistics Act. The data includes all crimes reported to the police or a University of Phoenix campus security authority over the previous three years that occurred on campus, in certain off-campus buildings or property owned or controlled by the University, and on public property within or immediately adjacent to and accessible from the campus. If a crime has occurred but has not been reported, it cannot be reflected in the following statistics. For this reason, University of Phoenix encourages everyone to report all crimes to their designated campus security authority and local law enforcement agency.

Specific campus location statistics are available electronically at http://www.phoenix.edu/about_us/campus-safety/campus-crime-statistics.html or by requesting a printed copy from your local campus security authority. (Contact information can be viewed at http://www.phoenix.edu/about_us/campus-safety/campus_safety_contact_list.html)

University of Phoenix expressly reserves the right to modify or to adopt additional campus policies and procedures relating to campus safety, at any time without notice.

Note: Please use the latest version of your Internet browser when reviewing the campus crime statistics. Google Chrome is recommended.

Statement of Policy on Sex Offender Registration
The federal Campus Sex Crimes Prevention Act requires colleges and universities to issue a statement advising the campus community where state law enforcement agency information concerning registered sex offenders may be obtained. This Act also mandates that sex offenders who are already required to register in a state provide notice of each institution of higher education in that state at which the offender is employed or is a student. This notice should be directed to the campus security authority at their campus.

To learn the identity of registered sex offenders on or near a campus, or anywhere in the United States, visit the Sex Offender databases at http://www.sexoffender.com or http://nsofw.gov/. You can search by city, county or ZIP code. This information is collected by other agencies, and this institution cannot guarantee this information is correct or complete. The information provided here is intended to be in compliance with the Clery Act and for campus safety purposes only. It should not be used to intimidate, threaten or harass. Misuse of this information may result in prosecution.

Emergency Mass Notification Policy
Apollo Education Group (Apollo) and University of Phoenix (UOPX) have established an emergency mass notification process that includes emergency escalation processes, mass notifications and supporting systems. These processes enable Apollo and UOPX to contact or send notices, alerts or warnings to employees, faculty and students in the event of an emergency, dangerous or otherwise high-risk situation at a UOPX site.

Apollo and UOPX maintain emergency management policies, procedures and systems to protect lives and property, and to continue necessary critical functions and essential services. An emergency is defined as a situation that poses an immediate threat to the health or safety of someone in the University community at a UOPX site or that significantly disrupts programs and activities.

The Emergency Mass Notification Policy applies to all employees, faculty and students in the event of an emergency, dangerous or otherwise high-risk situation at a UOPX site.

The policy can be viewed in its entirety in the Campus Safety Policies at http://cdn.assets-phoenix.net/content/dam/altcloud/doc/about_uopx/Campus-Safety-Policies.pdf or by requesting a printed copy from your local campus.

Campus Security Authority Contact List
University of Phoenix campus security authorities assist in the safety of the University community by serving as contacts for University security issues. A current list of security contacts can be viewed at http://www.phoenix.edu/about_us/campus_safety/campus_safety_contact_list.html

Alcohol and Other Drug Abuse Prevention
Drug abuse affects all aspects of life. It threatens the workplace as well as our homes, our schools and our community. The U.S. Department of Education requires institutions of higher education to implement a drug prevention and awareness program for their students and employees. University of Phoenix abides by federal Drug-Free Workplace and Drug-Free Schools and Communities Act regulations regardless of individual state legalization.

Students are expected to conduct themselves ethically, honestly and with integrity as responsible members of the University’s aca-
The University community must adhere to a code of conduct that recognizes the unlawful manufacture, sale, delivery, unauthorized possession or use of any illicit drug is prohibited on property owned or otherwise controlled by University of Phoenix. If an individual is apprehended for violating any alcohol- or other drug-related law while at a University location or activity, the University will fully support and cooperate with federal and state law enforcement agencies. The University enforces a “zero tolerance” policy regarding underage drinking. Underage possession or consumption of alcoholic beverages is not permitted on property owned or controlled by the University, and the state laws will be enforced. Also, intentionally or knowingly selling, or intentionally or knowingly furnishing alcoholic beverages to persons under the age of 21, or to persons obviously inebriated, is not permitted on property owned or controlled by the University.

Federal Financial Aid Penalties for Drug Violations

According to the Higher Education Act (HEA), students convicted for a drug offense that occurred during a period of enrollment while they were receiving federal financial aid may lose eligibility for federal aid. Federal aid includes Federal Pell and FSEOG Grants, Federal Work Study, Federal Perkins Loans, Federal Stafford Loans, Federal PLUS Loans, Graduate PLUS Loans and other financial assistance.

The Free Application for Federal Student Aid (FAFSA) asks students if they have been convicted of a drug-related offense. If the student answers “yes” to the question, then he or she will be sent a worksheet by the federal processing center in order to determine whether the conviction affects eligibility for aid. Should the financial aid office be notified that a student has been convicted of sale or possession of illegal drugs, financial assistance will be suspended immediately. If a conviction was reversed, set aside or otherwise rendered invalid, it does not count. Convictions occurring during periods of non-enrollment also do not count. In addition, any conviction received as a juvenile does not count, unless the student was tried as an adult.

Failure to answer the question automatically disqualifies students from receiving federal financial aid. This question falsely could result in fines, imprisonment or both. More information about federal penalties and sanctions is located at http://www.justice.gov/dea/druginfo/ftp3.shtml

Penalties for Drug Convictions

If a student is convicted of a drug-related felony or misdemeanor that took place while he or she was receiving federal student aid, the student will become ineligible to receive federal financial aid for one year from the date of conviction. According to the Higher Education Act (HEA), students convicted for a drug offense that occurred during a period of enrollment for which he or she was receiving federal student aid. If the student was convicted of both possessing and selling illegal drugs during a period for which the student was receiving federal student aid, and the periods of ineligibility are different, then the student will be ineligible for the longer period.

POSSESSION OF ILLEGAL DRUGS

- First offense: Loss of eligibility for federal financial aid for one year from the date of conviction.
- Second offense: Loss of eligibility for federal financial aid for two years from the date of conviction.
- Third offense and subsequent offenses: Indefinite ineligibility for federal financial aid from the date of conviction.

SALE OF ILLEGAL DRUGS

- First offense: Loss of eligibility for federal financial aid for two years from the date of conviction.
- Second offense and subsequent offenses: Indefinite ineligibility from the date of conviction.

How to Reduce the Period of Eligibility or Regain Eligibility

The student may shorten the period of ineligibility by:

- Successfully completing an approved drug rehabilitation program that includes passing two unannounced drug tests;
- Passing two unannounced drug tests administered by an approved drug rehabilitation program; or
- Having the conviction reversed, set aside or otherwise rendered invalid.

The student may regain eligibility the day after the period of ineligibility ends.

Students denied eligibility for an indefinite period can regain it after successfully completing a qualified rehabilitation program, passing two unannounced drug tests from such a program, or if a conviction is reversed, set aside or removed from the student’s record so that fewer than two convictions for sale or three convictions for possession remain on the record (in such cases, the nature and dates of the remaining convictions will determine when the student regains eligibility).

Students who regain eligibility during the award year should notify the financial aid office immediately so that they might receive any eligible financial aid which they are entitled to receive. It is the student’s responsibility to certify that a rehabilitation program was successfully completed, as with the conviction question on the FAFSA, the University is not required to confirm the reported information unless conflicting information is determined.

Qualified Drug Rehabilitation Program

A qualified drug rehabilitation program must include at least two unannounced drug tests and must satisfy at least one of the following requirements:

- Be qualified to receive funds directly or indirectly from a federal, state or local government program.
- Be qualified to receive payment directly or indirectly from a federally or state-licensed insurance company.
- Be administered or recognized by a federal, state or local government agency or court.
- Be administered or recognized by a federal or state-licensed hospital, health clinic or medical doctor.

Constitutions for Offense That Occurred During Enrollment

Federal regulations require an enrolled student convicted of a drug offense after receiving federal financial aid to notify Student Financial Services immediately. The student may be ineligible for further aid in that academic year and required to pay back all federal aid received after the date of the conviction. Student Financial Services will work with the student regarding all of the available options.

Institutional Sanctions for Alcohol and Drug Violations

Any member of the University community found possessing or
selling illegal drugs on University property shall be subject to discipline on a case-by-case basis.

- Discipline will be based on the seriousness of the situation.
- A case may result in dismissal from the University.
- In all cases, the University will abide by local, state and federal sanctions regarding unlawful possession of drugs and the consumption of alcohol.
- Additional state penalties and sanctions may also apply.
- The University has adopted a zero-tolerance policy regarding alcohol and drug violations.

STUDENTS’ RIGHTS AND RESPONSIBILITIES

Policy on Nursing Ethics and Professional Competence

The University of Phoenix Policy on Nursing Ethics and Professional Competence is defined as compliance with the following nursing guidelines:

- University of Phoenix Professional Nursing Responsibilities.
- American Nurses Association Code for Nurses.

The policy sets forth expectations and regulations for professional and ethical conduct by students enrolled in the Bachelor of Science in Nursing and Master of Science in Nursing degree programs. The policy states that all forms of unethical behavior or professional incompetence are to be reported and reviewed. Reported violations will be addressed through a formal process to the Campus Ethics Committee.

Expectations for conduct and the standards are discussed in the beginning classes for either the baccalaureate or graduate degree programs. Content supporting this information is provided to students in their program handbooks.

Policy on Counseling Ethics Standards

The University of Phoenix Policy on Counseling Ethics Standards is defined as compliance with the American Counseling Association Code of Ethics, Standards of Practice, and the American Association for Marriage and Family Therapy Code of Ethics. The policy sets forth expectations and regulations for conduct by Master of Science in Counseling students who enroll in the University.

The policy states that all forms of unethical behavior are to be reported and reviewed. Reported violations will be addressed by a Counseling Ethics Committee. Expectations for ethical conduct are discussed in the Student Program Handbook.

Students determined to be in violation of ethics standards may be sanctioned, which may include expulsion from the University.

Students’ Right to Privacy

The University of Phoenix maintains compliance with the Family Educational Rights and Privacy Act of 1974 (FERPA), as amended. FERPA defines requirements which are designed to protect the privacy of student records maintained by the University. The law requires that:

1. Students should be provided access to official records directly related to them. Students who wish to see their records must make an appointment or submit a written request through the University Registrar’s Office or local campus office.
2. Students may not remove any materials, but are entitled, at their expense, to one copy of any materials contained in their file, unless a disclaimer appears on the document indicating that the student is not to be given a copy, or if the student waived the rights to the document.
3. Students be given the opportunity for a hearing to challenge such records on the grounds that they are inaccurate, misleading, or otherwise inappropriate. The right to a hearing under the law does not include any right to challenge the appropriateness of a grade as determined by the faculty member.
4. Students’ written or authorized electronic consent must be received prior to releasing personally identifiable student data from their records to other than a specified list of exceptions.

The University is authorized to release public directory information concerning students. Directory information includes the student’s name, address, phone number, year of birth, program of study, dates of attendance, dates of admission, degree completion dates and types of degrees earned, enrollment status, grade level, photographs, honors, and awards received, participation in officially recognized activities and the most recent previous educational agency or institution attended by the student. Directory information is subject to release by the University at any time unless the Registrar has received a prior written request from the student specifying that the information not be released.

The University is authorized to provide access to student records to University officials and employees who have legitimate educational interests for such access; these are persons who have responsibilities in the University’s academic, administrative, service, or research functions.

A copy of the University’s FERPA policy is available to students through the Registrar’s Office or the student ecampus website at: http://ecampus.phoenix.edu.

Education records also will be released pursuant to a judicial order or a lawfully issued subpoena, but only after the student is given reasonable and necessary notification of the University’s intent to comply with the subpoena before release of the records.

Students have the right to restrict disclosure of directory information by submitting a FERPA Hold Request Form to the Registrar’s Office. Requests are valid throughout student’s enrollment unless otherwise notified. Please send or fax your request to: Registrar, University of Phoenix, 4025 South Riverpoint Parkway, Mail Stop CF-A206, Phoenix, AZ 85040, Fax (480) 643-1600.
STUDENT CODE OF CONDUCT

The University of Phoenix has established a Student Code of Conduct. Students are expected to conduct themselves ethically, honestly, and with integrity as responsible members of the University's academic community. This requires the demonstration of mutual respect and civility in all University-related academic and professional discourse.

As part of the Student Code of Conduct, in addition to the information listed here, the University maintains conduct-related policies and procedures for violations that are specific to the following:

1. Code of Academic Integrity
2. Student Records Violations
3. Title IX and Violence Against Women Act Policy

Students are accountable for their actions and are required to work independently and collaboratively with teams in achieving learning goals and objectives. As a member of the University's academic community, students acknowledge and accept an obligation to abide by the Student Code of Conduct. Conduct on or off campus which is determined to be illegal or illicit, or that disrupts the mission, processes, or orderly functions of the University, will be deemed misconduct. A violation of the Student Code of Conduct will be subject to disciplinary action.

Misconduct for which students are subject to disciplinary action includes, but is not limited to, the following:

1. Actions, oral statements, and written statements which threaten or violate the personal safety of any member of the faculty, staff, or other students.
2. Harassment that has the effect of creating a hostile or offensive educational environment for any student, faculty, or staff member.
3. Sex discrimination/sexual harassment that has the effect of creating a hostile or offensive educational environment for any student, faculty, or staff member. This includes, but is not limited to, sex discrimination, sexual harassment, unwelcome conduct of a sexual nature, unwelcome sexual advances, requests for sexual favors, and other verbal and nonverbal, or physical conduct of a sexual nature including sexual violence.
4. Stalking or persistently pursuing another person that has the effect of imposing unwanted contact and/or communication.
5. Disruptive behavior that hinders or interferes with the educational process.
6. Failure to promptly comply with any reasonable directive from faculty or University officials.
7. Failure to cooperate in a University investigation.
8. Carrying of weapons on campus, at campus-sanctioned events, or when meeting with campus personnel. (This policy is not applicable to students who are law enforcement officers required by law to carry firearms at all times).
9. Using, dealing in, or being under the influence of alcohol, other substances, or illegal drugs or use of tobacco or electronic cigarettes while in class, at campus-sanctioned events, or when meeting with campus personnel.
10. Failure to maintain confidentiality and respect for the privacy of personal or professional information communicated about clients, one's employer, other students, or their employers.
11. Falsification, alteration, or invention of information, including, but not limited to, any third party document used to apply for financial aid or lying during a University investigation.
12. Violation of the policy on Acceptable Computer Use for Faculty and Student.
13. Hazing (any action which recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any University-sanctioned organization).
14. Violation of federal, state, or local laws or regulations that impacts the University's educational environment.

Alleged Student Code of Conduct violations are subject to a fair and impartial process and may result in a warning or charge.

Procedure for Processing Alleged Violations of the Student Code of Conduct:

1. Investigation - alleged violations will be investigated in a prompt, thorough, and impartial manner. The investigation will gather relevant evidence, including, but not limited to, pertinent documents and statements from witnesses.
   a. During an investigation a student may be removed from class, campus-sanctioned events, and other University functions after review and consultation with the Office of Dispute Management.
2. Notification - Following the investigation, if there is sufficient evidence to indicate that a violation has occurred, the student will be notified of the specific charge(s) in writing.
   a. In those instances where it is determined the conduct does not warrant a Charging Letter, a Warning Letter and/or counseling to the student will be provided. Note: A Warning Letter is not appealable.
   b. If this is a drug and/or alcohol related offense the campus must also notify the Office of Dispute Management.
   c. If this is an allegation of sexual assault, domestic violence, dating violence, or stalking, then timely notice should be provided to both the Accuser and the Accused and they should be given equal access to any information that will be used during informal and formal disciplinary meetings and hearings.
3. Student Response - A student will be given ten (10) calendar days to submit a written response to the designated University official.
   a. Failure of a student to respond to the Charging Letter will result in suspension from the University following completion of the current course (if the student is actively attending classes) and is not subject to immediate suspension.
4. Processing Student Response -
   a. A student response admitting guilt will be sent to the Director Grievances and Appeals or their designee who will determine the appropriate sanction(s).
   b. A student response denying the charge(s) will follow the Ethics Committee process outlined below.
      i. An Ethics Committee will be convened to review the file and provide findings of fact and recommendations to the Director.
Grievances and Appeals (or designee).

ii. The Ethics Committee will be facilitated by an impartial University administrator and composed of three impartial individuals who have no prior involvement with the student or the investigation. The Committee members include: a faculty member and two staff members: one from Student Services and one from Academic Affairs.

iii. The preponderance of the evidence standard of proof (more likely than not) will be used to weigh the evidence and make a recommendation to the Director Grievances and Appeals or designee whether a violation occurred and what sanction, if any, is warranted.

iv. Students will be afforded the opportunity to address the Committee via teleconference to make a statement in their defense.

v. Students are not entitled to representation by an attorney or any other third party at any point in the process. If the violation involved allegations of sexual assault, domestic violence, dating violence or stalking, then the Accused and the Accuser are entitled to the same opportunity to have others present during a disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by an advisor of their choice.

vi. Tape, digital, or other electronic recording of the committee meeting is not permitted.

vii. The Committee members are given a Case Packet with all relevant information for the committee meeting, including any written response received from the student.

viii. The Committee members sign a Confidentiality Statement for Committee Members and, after the Committee’s deliberations, the Case Packets are required to be destroyed in order to maintain confidentiality.

5. Decision - the administrator delivers a summary report, generally containing findings of fact and recommendations, to the Director Grievances and Appeals or designee, who has the ultimate authority to accept, reject, or modify the recommendations of the Ethics Committee and render the decision. All tasks related to the Student Code of Conduct procedure must be completed in the appropriate system by the Campus Director or designee within 45 days.

a. The decision will be communicated in writing to the student by the decision maker.

b. In accordance with the requirements under the Higher Education Opportunity Act (HEOA), upon written request, the University of Phoenix will disclose to an alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the institution against the student(s) who is/are the alleged perpetrator(s) of the crime or offense. If the alleged victim is deceased as a result of the alleged crime or offense, the University will notify the Accused and the Victim of the procedures to appeal the results of the disciplinary hearing or, if death occurs prior to the time that such results become final; and when such results become final. Appeals must be requested in writing to the Office of Dispute Management (ODM) within ten (10) days of receiving the campus decision.

c. If the student is sanctioned with expulsion, the review of the appeal will be conducted by the Senior Management Review Committee (SMRC) in the Office of Dispute Management. The SMRC is comprised of the Provost, a Vice President of the Office of Admissions & Records, and the Dean of the accused student’s college (or their respective designees). The decision of the SMRC is final and will be communicated in writing directly to the student and the campus.

d. For matters of allegations of sexual assault, domestic violence, dating violence or stalking, the University will notify the Accused and the Victim of the procedures to appeal the results of the decision; and of any change to the results that occurs prior to the time that such results become final; and when such results become final.

6. Sanctions - If a violation is found, disciplinary sanctions will be based on the seriousness of the situation and may include, but are not limited to, documented counseling by a University staff member, loss of academic credit, a failing grade on assignments or for the course, suspension, and/or expulsion.

a. A recommendation of expulsion by the decision maker will be automatically reviewed by the Student Discipline Review Committee (SDRC) in the Office of Dispute Management (ODM) and must be endorsed before the campus communicates that sanction to the student.

7. Appeals - In the event the Ethics Committee finds a student to be in violation of the Student Code of Conduct, the student may request an appeal of the decision to the SDRC.

a. Appeals must be requested in writing to ODM within ten (10) days of receiving the campus decision. Appeals will only be accepted if the student can demonstrate one or more of the following:

1) new information which was unavailable at the time of the hearing, or

2) procedures were not followed.

b. The SDRC is comprised of an administrator from the University, a Director of Academic Affairs, and an Associate or Assistant Dean from the accused student’s college or their respective designee.

The decision of the SDRC is final and shall be communicated in writing directly to the student, except in the case of a decision by the SDRC supporting a campus recommendation of expulsion.

c. If the student is sanctioned with expulsion, the review of the appeal will be conducted by the Senior Management Review Committee (SMRC) in the Office of Dispute Management. The SMRC is comprised of the Provost, a Vice President of the Office of Admissions & Records, and the Dean of the accused student’s college (or their respective designees). The decision of the SMRC is final and will be communicated in writing directly to the student and the campus.

d. A violation of the Student Code of Conduct - Code of Academic Integrity will be subject to appropriate disciplinary action. Academic integrity violations include all forms of academic dishonesty, including but not limited to:

1. Plagiarism - Intentional or unintentional representation of another's words or ideas as one's own in an academic exercise.

Examples of plagiarism include but are not limited to:

a. The exact copy of information from a source without
proper citation and without use of quotation marks or block quotation formatting. When a student copies information from a source, he or she must acknowledge the source with quotation marks or block quotes irrespective of whether or not the source has been formally published.

b. Paraphrasing statements, paragraphs, or other bodies of work without proper citation using someone else's ideas, data, language, and/or arguments without acknowledgement.

c. Presenting work as the student's own that has been prepared in whole or part by someone other than that particular student. This includes the purchase and/or sharing of work.

d. Failure to properly cite and reference statistics, data, or other sources of information that are used in one's work.

2. Self-plagiarism, double dipping, or doverdetailing - Submission of work that has been previously prepared and submitted for credit without fair citation of the original work. The use of one's previous work in an assignment requires prior approval from the current faculty member and citation of the previous work.

3. Fabrication - Falsification or invention of any information, citation, data, or document. This includes the invention or alteration of data or results or relying on another source's results in any assignment without proper acknowledgment of that source. Fabrication includes citing sources that the student has not actually used or consulted.

4. Unauthorized assistance - Use of materials or information not authorized by the faculty member to complete an academic exercise or the completion of an academic exercise by someone other than the student. This includes, but is not limited to, providing or receiving answers to an exam, use of faculty materials or answer keys, or a student having someone take his or her exam.

5. Misrepresentation - Falsely representing the student's situation to faculty; for example when justifying an absence or the need for an incomplete grade or requesting a makeup exam, a special due date, or extension of a syllabus or class deadline for submitting a course requirement.

6. Collusion - Helping or allowing another student to commit any act of academic dishonesty.

7. Copyright infringement - Acquisition or use of copyrighted works without appropriate legal license or permission. Any unauthorized distribution of copyrighted material, including peer-to-peer file sharing and/or illegal downloading or unauthorized distribution of copyrighted materials using the University information technology system may subject a student to civil and criminal liabilities.

   a. For more information, refer to: http://www.copyright.gov/title17/92chap5.pdf for information on federal copyright infringement and remedies. Students may also access the University's Copyright Infringement and Peer-to-Peer File Sharing policies.

Alleged Code of Academic Integrity violations are subject to a fair and impartial process and may result in a warning or charge.

Procedure for Processing Alleged Violations of the Student Code of Conduct - Code of Academic Integrity:

1. Investigation - alleged violations will be investigated in a prompt, thorough, and impartial manner. The investigation will gather relevant evidence, including, but not limited to, pertinent documents and statements from witnesses.

   a. During an investigation a student may be removed from class, campus-sanctioned events, and other University functions after review and consultation with the Office of Dispute Management.

2. Notification - Following the investigation, if there is sufficient evidence to indicate that a violation has occurred, the student will be notified of the specific charge(s) in writing.

   a. In those instances where it is determined the conduct does not warrant a Charging Letter, a Warning Letter and/or counseling to the student will be provided. Note: A Warning Letter is not appealable.

3. Student Response - A student will be given ten (10) calendar days to submit a written response to the designated University official.

   a. Failure of a student to respond to the Charging Letter will result in suspension from the University following completion of the current course (if the student is actively attending classes) and is not subject to immediate suspension.

4. Processing Student Response -

   a. A student response admitting guilt will be sent to a representative of the student's college or designee who will determine the appropriate sanction(s).

   b. A student response denying the charge(s) will follow the Ethics Committee process outlined below.

   i. An Ethics Committee will be convened to review the file and provide findings of fact and recommendations to a representative of the student's college (or designee).

   ii. The Ethics Committee will be facilitated by an impartial University administrator and composed of three impartial individuals who have no prior involvement with the student or the investigation. The Committee members include: a faculty member and two staff members: one from Student Services and one from Academic Affairs.

   iii. The preponderance of the evidence standard of proof (more likely than not) will be used to weigh the evidence and make a recommendation to the a representative of the student's college or designee whether a violation occurred and what sanction, if any, is warranted.

   iv. Students will be afforded the opportunity to address the Committee via teleconference to make a statement in their defense.

   v. Students are not entitled to representation by an attorney or any other third party at any point in the process.

   vi. Tape, digital, or other electronic recording of the committee meeting is not permitted.

   vii. The Committee members are given a Case Packet with all relevant information for the committee meeting, including any written response received from the student.

   viii. The Committee members sign a Confidentiality Statement for Committee Members and, after the Committee's deliberations, the Case Packets are required to be destroyed in order to maintain confidentiality.

5. Decision - the administrator delivers a summary report, generally containing findings of fact and recommendations, to a representative of the student’s college or designee, who has the
ultimate authority to accept, reject, or modify the recommenda-
tions of the Ethics Committee and render the decision. All tasks
related to the Student Code of Conduct procedure must be com-
pleted in the appropriate system by the Campus Director or design-
ee within 45 days.

- The decision will be communicated in writing to the
  student by the decision maker.
- Any decision which affects a student’s admissions,
  enrollment, or academic status will be communicated to the
  Registrar’s Office for records update.

6. Sanctions - If a violation is found, disciplinary sanctions will be
based on the seriousness of the situation and may include, but are
not limited to, documented counseling by a University staff member,
loss of academic credit, a failing grade on assignments or for the
course, suspension, and/or expulsion.

- A recommendation of expulsion by the decision maker
  will be automatically reviewed by the Student Discipline
  Review Committee (SDRC) in the Office of Dispute
  Management (ODM) and must be endorsed before the
  campus communicates that sanction to the student.

7. Appeals - In the event the Ethics Committee finds a student to be
in violation of the Code of Academic Integrity, the student may request an appeal of the decision to the SDRC.

- Appeals must be requested in writing to ODM within ten
  (10) days of receiving the campus decision. Appeals will only be accepted if the student can demonstrate one or more of the following:
  1) new information which was unavailable at the time of the hearing, or
  2) procedures were not followed.

- The SDRC is comprised of an administrator from the
  University, a Director of Academic Affairs, and an
  Associate or Assistant Dean from the accused student’s
  college or their respective designee. The decision of the
  SDRC is final and shall be communicated in writing
directly to the student, except in the case of a decision by the
  SDRC supporting a campus recommendation of expulsion.

- If the student is sanctioned with expulsion, the review of the
  appeal will be conducted by the Senior Management
  Review Committee (SMRC) in the Office of Dispute
  Management. The SMRC is comprised of the Provost, a
  Vice President of the Office of Admissions & Records, and
  the Dean of the accused student’s college (or their respective designee). The decision of the SMRC is final and will be communicated in writing directly to the student and the campus.

Student Records Violations

The University of Phoenix Student Code of Conduct requires that students submit complete and accurate information regarding their student records. Full and accurate disclosure by the student allows appropriate advisement to occur. An alleged violation of the Student Code of Conduct that relates to student records will be forwarded in writing to the Registrar. Alleged Student Code of Conduct - Student Records violations are subject to a fair and impartial process and may result in a warning or charge.

Procedure for Processing Alleged Violations of the Student

Code of Conduct - Student Records Violations:
1. Investigation - alleged violations will be investigated in a
   prompt, thorough, and impartial manner. The investigation will gather relevant evidence, including, but not limited to, pertinent documents and statements from witnesses.

a. During an investigation a student may be removed from class, campus-sanctioned events, and other University functions after review and consultation with the Office of Dispute Management.

2. Notification - Following the investigation, if there is sufficient evidence to indicate that a violation has occurred, the student will be notified of the specific charge(s) in writing.

a. In those instances where it is determined the conduct does not warrant a Charging Letter, a Warning Letter and/or counseling to the student will be provided. Note: A Warning Letter is not appealable.

3. Student Response - A student will be given ten (10) calendar days to submit a written response to the designated University official.

a. Failure of a student to respond to the Charging Letter will result in suspension from the University following completion of the current course if the student is actively attending classes and is not subject to immediate suspension.

4. Processing Student Response -

   a. A student response admitting guilt will be sent to the Registrar, or their designee, who will determine the appropriate sanction(s).
   b. A student response denying the charge(s) will follow the Registrar's committee process outlined below.

   i. After the Apollo Ethics and Compliance Department's investigation is completed and the student has responded to the Charging Letter and denied the charge, a Registrar's Committee will be convened to review the file and provide findings of fact and recommendations to the Registrar (or designee).
   ii. The Registrar's Committee will be facilitated by a Manager or Senior Investigator from Apollo Ethics and Compliance. The facilitator must be impartial and have had no prior involvement with the investigation or student.
   iii. The Registrar's Committee composition will be three impartial individuals who have no prior involvement with the student or the investigation: an Associate Registrar (or designee); a Director or Operations Manager from the Registrar's Office (or designee), and a Director from the Office of Admissions & Records or a Director of Finance.
   iv. The Registrar's Committee will use the preponderance of the evidence standard of proof (more likely than not) to weigh the evidence and make a recommendation to the Registrar (or designee) about whether a violation occurred and what sanction, if any, is warranted.
   v. Students will be afforded the opportunity to address the Registrar's Committee via teleconference to make a statement in their defense.
   vi. Students are not entitled to representation by an attorney or any other third party at any point in the process.
   vii. Tape, digital, or other electronic recording of the committee meeting is not permitted.
   viii. The Registrar’s Committee members are given a Case
Packet with all relevant information for the committee meeting, including any written response received from the student.

ix. The Registrar’s Committee members sign a Confidentiality Statement for Committee Members and, after the Committee’s deliberations, the Case Packets are required to be destroyed in order to maintain confidentiality.

5. Decision - the administrator delivers a summary report, generally containing findings of fact and recommendations, to the Registrar (or designee), who has the ultimate authority to accept, reject, or modify the recommendations of the Registrar’s Committee and render the decision.

a. The decision will be communicated to the student in writing by the decision maker.

b. In accordance with the requirements under the HEOA, upon written request, the University of Phoenix will disclose to an alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the institution against the student(s) who is/are the alleged perpetrator(s) of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, the University of Phoenix will provide the results of the disciplinary hearing to the victim’s next of kin, if so requested. For cases of alleged domestic violence, dating violence, sexual assault, or stalking, both the accuser and the accused shall be simultaneously informed in writing of the outcome of any institutional disciplinary proceeding. Compliance of this disclosure does not constitute a violation of FERPA.

6. Sanctions -

a. If a violation is found, disciplinary sanctions will be based on the seriousness of the situation and may include, but are not limited to, documented counseling by a University staff member, loss of academic credit, a failing grade on assignments or for the class, campus-sanctioned events, and other University functions.

b. The investigation, any hearing and appeals and any sanctions or action as a result of the process may take up to sixty (60) days. Extensions of the timeframes may be allowed for good cause with written notice to the Accuser and the Accused of the delay and the reason for the delay. It will also be a fair and impartial investigation conducted by officials who receive annual training on the issues related to domestic violence, dating violence, sexual assault, and stalking and how to conduct an investigation that protects the safety of victims and promotes accountability.

c. During an investigation, after review and consultation with the Office of Dispute Management, a student may be removed from class, campus-sanctioned events, and other University functions.

7. Appeals - In the event the Registrar Committee finds a student to be in violation of the Student Code of Conduct the student may appeal the decision to the SDRC.

a. Appeals must be requested in writing to ODM within ten (10) days of receiving the Registrar’s decision. Appeals will only be accepted if the student can demonstrate one or more of the following:

1) new information which was unavailable at the time of the hearing, or
2) procedures were not followed.

b. The SDRC is comprised of an administrator from the University, a Director of Academic Affairs, and an Associate or Assistant Dean from the accused student’s college (or their respective designees). The decision of the SDRC is final and will be communicated directly to the student and the Registrar, except in the case of a decision by the SDRC supporting a Registrar recommendation of expulsion.

c. If the student is sanctioned with expulsion, the review of the appeal will be conducted by the Senior Management Review Committee (SMRC) in the Office of Dispute Management. The SMRC is comprised of the Provost, a Vice President of the Office of Admissions & Records, and the Dean of the accused student’s college (or their respective designees). The decision of the SMRC is final and will be communicated directly to the student and the campus.

d. In cases of alleged domestic violence, dating violence, sexual assault, or stalking, the institution must simultaneously inform the accused and the victim in writing of the following: the procedures to appeal the results of the institutional disciplinary proceeding, of any change to the results that occurs prior to the time that such results become final, and when such results become final.

Title IX and Violence Against Women Act (VAWA) Policy

The University recognizes its responsibility to adhere to Title IX of the Education Amendments of 1972.

An alleged violation of the Student Code of Conduct - Title IX and VAVA which relates to sex discrimination, sexual harassment, sexual violence, dating violence, domestic violence, sexual assault, or stalking is subject to a prompt, thorough, impartial review process which may result in a warning or charge.

Procedure for Processing Alleged Violations of the Student Code of Conduct - Title IX and VAWA Policy:

1. Investigation - An alleged violation of Title IX or an allegation of domestic violence, dating violence, sexual assault, or stalking will be forwarded to the University’s Title IX Coordinator, Camie Pratt, Associate Vice President, Office of Dispute Management, 4025 S. Riverpoint Parkway, Mailstop CF-S907, Phoenix, AZ 85040, 602.557.3391, TitleIX@phoenix.edu.

   a. An investigation will gather relevant evidence, including, but not limited to, pertinent documents and statements from witnesses.

   b. The investigation, any hearing and appeals and any sanctions or action as a result of the process may take up to sixty (60) days. Extensions of the timeframes may be allowed for good cause with written notice to the Accuser and the Accused of the delay and the reason for the delay. It will also be a fair and impartial investigation conducted by officials who receive annual training on the issues related to domestic violence, dating violence, sexual assault, and stalking and how to conduct an investigation that protects the safety of victims and promotes accountability.

   c. During an investigation, after review and consultation with the Office of Dispute Management, a student may be removed from class, campus-sanctioned events, and other University functions.

2. Notification - Following an investigation, if there is sufficient evidence to indicate that a violation has occurred, the student will be notified of the specific charge(s) in writing.

   a. In those instances where it is determined the conduct does not warrant a Charging Letter, a Warning Letter and/or counseling to the student will be provided. Note: A Warning Letter is not appealable.

   b. The complainant(s) shall be notified of when and if a Charge Letter or warning is sent to the respondent(s).

3. Student Response - A student will be given ten (10) calendar days to submit a written response to the designated University official.
a. Failure of a student to respond to the Charging Letter will result in suspension from the University following completion of the current course if the student is then actively attending classes and is not subject to immediate suspension.

4. Processing Student Response -

a. A student response admitting guilt will be sent to the Title IX Coordinator (or designee), who will determine the appropriate sanction(s).

b. A student response denying the charge(s) will follow the Title IX Committee process outlined below:

i. After the investigation is completed and the student has responded to the Charging Letter and denied the charge, both the Complainant/Accuser and the Respondent/Accused will be given notice of the Title IX Committee meeting and afforded the opportunity to appear at the meeting telephonically and/or present written witness statements for inclusion in the Title IX Case Packet.

ii. The Title IX Committee will be convened to review the file and make findings and recommendations to the Title IX Coordinator, Assistant Title IX Coordinator, or Deputy Coordinator (a designee may be appointed if the Coordinator has recused himself/herself).

iii. The Title IX Committee will be facilitated by a fair and impartial administrator from the Office of Dispute Management.

iv. The Title IX Committee composition will be three fair and impartial individuals who have no prior involvement with the parties or the investigation: a faculty member, and two staff members; one from student services and one from academic affairs. The Committee will have received annual training on the issues related to domestic violence, dating violence, sexual assault, and stalking and how to conduct a hearing process that protects the safety of victims and promotes accountability.

v. The Title IX Committee will use the preponderance of the evidence standard of proof (more likely than not) to weigh the evidence and make a recommendation to the Title IX Coordinator, Assistant Title IX Coordinator, Deputy Coordinator, or designee about whether a violation occurred and what sanction, if any, is warranted.

vi. Respondents/Accused and Complainants/Accuser will be afforded the opportunity to separately address the Title IX Committee. This may be done via teleconference.

vii. Students are entitled to have third parties present during the committee process. The Complainant/Accuser and the Respondent/Accused are entitled to the same opportunity to have others present during a disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by an advisor of their choice. The University permits each party to have at least one support person present. This support person may be an attorney; however, this person may not speak on behalf of the student.

viii. Tape, digital, or other electronic recording of the committee meeting is not permitted.

ix. The Title IX Committee members are given a Case Packet with all relevant information for the committee meeting, including any written response received from the Complainant/Accuser or Respondent/Accused, all evidence discovered during the investigation, and any written witness statements the parties have submitted.

x. The Title IX Committee members sign a Confidentiality Statement for Committee Members and, after the Title IX Committee’s deliberations, the Case Packets are required to be destroyed in order to maintain confidentiality.

5. Decision - the administrator delivers a summary report, containing findings of fact and recommendations, to the Title IX Coordinator, Assistant Title IX Coordinator, or Deputy Coordinator (or designee), who has the ultimate authority to accept, reject, or modify the recommendations of the Title IX Committee and render the decision. Any publicly available records will not include identifying information about the victim to the extent permissible by law.

a. The decision will be communicated in writing simultaneously to both the Complainant/Accuser and the Respondent/Accused by the Title IX Coordinator or designee. The result must also include the rationale for the result and the sanction. Compliance of this disclosure does not constitute a violation of FERPA.

b. In accordance with the requirements under the Higher Education Opportunity Act (HEOA), upon written request, the University of Phoenix will disclose to an alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the institution against the student(s) who is/are the alleged perpetrator(s) of the crime or offense. If the alleged victim is deceased as a result of the alleged crime or offense, the University of Phoenix will provide the results of the disciplinary hearing to the victim’s next of kin, if so requested.

c. Any decision which affects a student’s enrollment or academic status shall be communicated to the Registrar’s Office for records update.

6. Sanctions: - If a violation is found, disciplinary sanctions will be based on the seriousness and/or frequency of the situation and may include, but are not limited to, documented coaching by a University staff member, counseling by a contracted third-party provider, suspension and/or expulsion.

a. A recommendation of expulsion by the decision maker will be automatically reviewed by the Student Discipline Review Committee in the Office of Dispute Management and must be endorsed before the Title IX Coordinator communicates that sanction to the student.

7. Appeals - The University will notify the Respondent/Accused and the Victim of the procedures to appeal the results of the decision to the Student Discipline Review Committee (SDRC) and of any change to the results that occurs prior to the time that such results become final; and when such results become final.

a. Appeals must be requested in writing to the Office of Dispute Management (ODM) within ten (10) days of receiving the Title IX Coordinator’s decision. Appeals will only be accepted if one or more of the following can be demonstrated:

1) new information which was unavailable at the time of the hearing, or

2) procedures were not followed.

b. The SDRC is comprised of a senior manager from the University, a Regional Director of Academic Affairs, and an Associate or Assistant Dean from the accused student’s college (or their respec-
 Candidates in the School of Nursing are subject to greater scrutiny because of their anticipated interactions with students, families, patients and clients in the community. These degree candidates participate in one or more clinical rotations, practicum, and/or preceptorships as part of their academic program. University of Phoenix faculty members have a legal, ethical, and academic responsibility to ensure degree candidates refrain from unsafe or unprofessional nursing practices. Candidates in the School of Nursing are expected to represent the University as professionals and adhere to the ethics and standards of their profession, irrespective of where the conduct may occur.

The following Professional Standards apply to Candidates in the School of Nursing Programs before, during, and after clinical rotations, practicum, and/or preceptorships. The Professional Standards address a candidate’s affective attributes and disposition to be nurses, nurse practitioners and/or healthcare providers. Monitored behaviors may extend outside the classroom to off-site activities and locations when the candidate’s behavior infringes upon the reputation of University of Phoenix, School of Nursing. The School of Nursing adheres to the broader nursing community’s ethical standards as well as additional professional standards put forth by the School of Nursing administration.

### University of Phoenix Professional Standards for Candidates in the School of Nursing

Candidates in the School of Nursing are subject to greater scrutiny because of their anticipated interactions with students, families, patients and clients in the community. These degree candidates participate in one or more clinical rotations, practicum, and/or preceptorships as part of their academic program. University of Phoenix faculty members have a legal, ethical, and academic responsibility to ensure degree candidates refrain from unsafe or unprofessional nursing practices. Candidates in the School of Nursing are expected to represent the University as professionals and adhere to the ethics and standards of their profession, irrespective of where the conduct may occur.

The following Professional Standards apply to Candidates in the School of Nursing Programs before, during, and after clinical rotations, practicum, and/or preceptorships. The Professional Standards address a candidate’s affective attributes and disposition to be nurses, nurse practitioners and/or healthcare providers. Monitored behaviors may extend outside the classroom to off-site activities and locations when the candidate’s behavior infringes upon the reputation of University of Phoenix, School of Nursing. The School of Nursing adheres to the broader nursing community’s ethical standards as well as additional professional standards put forth by the School of Nursing administration.

1. **University of Phoenix Student Code of Conduct**
   - Guidelines for acceptable student behavior, including academic integrity, at University of Phoenix can be identified in the Student Code of Conduct, available in the academic catalog.

2. **American Nurses Association (ANA) Code of Ethics for Nurses**
   - The School of Nursing adheres to the ANA Code of Ethics for Nurses. Students are expected to read, understand, and perform in compliance with this Code. Candidates can locate the ANA code of Ethics here: http://www.nursingworld.org/codeofethics

3. **Nurse Practice Act (by state)**
   - Because nursing care poses a risk of harm to the public if practiced by professionals who are unprepared or incompetent, the state, through its police powers, is required to protect its citizens from harm. That protection is in the form of reasonable laws to regulate nursing. Students are required to read, understand, and perform in compliance with their state’s nurse practice act. Candidates can locate this information here: https://www.ncsbn.org/nurse-practice-act.htm

4. **ANA Principles for Social Networking and the Nurse**
   - ANA’s Principles for Social Networking and the Nurse: Guidance for the Registered Nurse provides guidance to registered nurses on using social networking media in a way that protects patients’ privacy and confidentiality and maintains the standards of professional nursing practice. A copy of the ANA Principles for Social Networking and the Nurse can be found here: http://www.nursingworld.org/principles

5. The candidate is sensitive to community and cultural norms that pertain to the University classroom, clinical rotations, practicum, and/or preceptorships.

6. The candidate appreciates and values human diversity and shows respect for others’ varied talents and perspectives.

7. The candidate refrains from engaging in nursing practice for which the student has not been authorized or for which the student has not been educated/validated at the time of the incident.

8. The candidate refrains from disrupting the programs of the School of Nursing or its affiliates.

9. The candidate will participate in or complete clinical work consistent with professional nursing practice, including satisfactory performance of all critical behaviors specified.

10. The candidate will adhere to College, School, Clinical, and Agency site policies and procedures.

11. Candidates will refrain from aiding, abetting or inducing another to commit a violation of the Student Code of Conduct or Professional Standards.

12. Candidates in the School of Nursing will assume responsibility for their own health as well as their own behavior.
   - a. Transportation: Candidates in the School of Nursing are responsible for personal transportation to and from health agencies and/or clinical sites.
   - b. Personal Electronic Devices: Candidates in the School of Nursing are responsible to be aware of and comply with agency policies regarding personal electronic devices.

A Candidate’s ability to satisfactorily meet the Professional Standards is a matter of ongoing academic judgment made by faculty, campus staff and campus management. When it is determined by faculty, campus staff, or campus management that a candidate falls short of meeting any of the above Professional Standards, they may file a “Referral Form” with the Campus College Chair, Regional or Campus Director of Academic Affairs, or designee. Any candidate who receives one or more referral(s) shall be counseled, remediated, or withdrawn from his/her program as appropriate.

Candidates who are separately charged with violating the University of Phoenix Student Code of Conduct shall be subject to the policies, procedures, and sanctions issued by that office.

### Procedure for Processing Referral Forms

The School of Nursing has instituted processes to ensure candidates are regularly evaluated by the faculty and have access to guidance and advisement on professional requirements. These processes are conducted through collaboration between faculty, campus staff, and campus management who understand the profession and who can offer constructive feedback. It is the intention of the Referral Process to identify a candidate’s deficiencies and promote dialogue on how the candidate can improve and move forward in their program.

During the course of his/her program, faculty members, through a
review of grades and dispositions, will monitor a candidate's academic progress. The Campus College Chair (CCC), Regional or Campus Director of Academic Affairs or Designee, will serve as the primary point of contact for remediation plans and/or Candidate.

A. One Referral

a. Notification of a Referral Form is sent to the candidate in writing through the ecampus letter center by the Campus College Chair or designee identifying the candidate's deficiencies in meeting the above Professional Standards.

b. The candidate shall be provided with ten (10) days to respond to the notification. If the student does not respond within ten (10) days the student will receive a suspension letter pending his/her response.

c. The candidate must meet with the Campus College Chair or designee to discuss why the referral occurred and whether or not a formal remediation plan or other corrective action is needed. At times this will result in the student being unable to resume classes until the requirements of the violation are fulfilled.

d. The Campus College Chair or designee may convene a meeting of the Candidate Retention Committee ("CRC") if deemed necessary. If the CRC will be convened, the notification to the candidate shall specifically describe the issue(s) to be discussed and the possible recommendation options available to the CRC.

e. If the CRC meeting is held, the Committee members shall discuss with the candidate the issues or problems that appear to be hindering his/her success and make one of the following recommendations:

   i. Take no action;
   ii. Institute a formal remediation plan; or
   iii. Programmatically withdraw the student

f. The candidate will have 30 days to complete any remediation plan or other corrective action decided on with the CCC, CRC, or designee. Failure to complete the plan within 30 days will result in a suspension.

g. The CRC shall issue a report explaining the basis for its recommendation.

h. If the candidate was placed on a status hindering academic progression during this process, that status will be removed once the candidate has fulfilled the requirements of the remediation plan and/or corrective action and will be able to resume coursework.

B. Two or More Referrals (of the same nature)

a. Notification of a Referral Form is sent to the candidate in writing through the ecampus letter center by the Campus College Chair or designee identifying the candidate's deficiencies in meeting the above Professional Standards.

b. Notification shall specifically describe the issue(s) to be discussed and the possible recommendation options available to the CRC. At times this will result in the student being unable to resume classes until a meeting with the CRC and the subsequent actions are fulfilled.

c. The candidate shall be provided with ten (10) days to respond to the notification.

d. After the candidate has the opportunity to respond, the Campus College Chair or designee shall convene a meeting of the Candidate Retention Committee.

e. The CRC members shall discuss with the candidate the issues or problems that appear to be hindering his/her success and make one of the following recommendations:

   i. Take no action;
   ii. Institute a formal remediation plan; or
   iii. Programmatically withdraw the student

f. The candidate will have 30 days to complete any remediation plan or other corrective action decided on with the CRC or designee. Failure to complete the plan within 30 days will result in a suspension.

g. The CRC shall issue a report explaining the basis for its recommendation.

h. If the candidate was placed on a status hindering academic progression during this process, that status will be removed once the candidate has fulfilled the requirements of the remediation plan and/or corrective action and will be able to resume coursework.

Appeals

If the CRC recommends that the candidate be withdrawn from the program, and this recommendation is endorsed by the Campus Director of Academic Affairs, the candidate has the right to appeal this decision to the Central Administration Appeals Committee (CAAC) within 10 days of receipt of the decision. The CAAC is generally comprised of at least the Dean and an Associate Dean from the School of Nursing or designee(s), and a Regional Director of Academic Affairs (RDAA). The decision of the CAAC is final.

Who is the Candidate Retention Committee?

1. The CRC is comprised of the Campus College Chair or designee and at least two faculty members.
2. The candidate will be expected to participate in a dialogue with the Committee to exchange ideas on remediation or withdrawal from the program.
3. The candidate will not be permitted to have representation by an attorney or any other third party in this academic meeting.

University of Phoenix Supplemental Standards for Candidates in College of Social Sciences Counseling and Human Services Programs

Candidates in College of Social Sciences programs leading to certi-
University of Phoenix, 2015-2016

Supplemental Standards

The following Supplemental Standards for Candidates in College of Education Programs ("Supplemental Standards") apply to these degree candidates before, during, and after their field placements, practicums, and/or internships as part of their academic program. As prospective human services workers or counselors, College of Social Sciences candidates are expected to represent the University as professionals and adhere to the ethics and standards of their profession as well as the University’s Student Code of Conduct.

The College of Education has instituted processes to ensure that candidates demonstrate the appropriate behavioral and programmatic skills required of the profession. As such, candidate interactions with staff, faculty, fellow students, and external placement constituents are observed throughout their attendance. Additionally, candidates are regularly evaluated by the faculty and have access to counseling on professional requirements. These processes are conducted through collaboration between faculty, campus staff, and campus management who understand the profession and who can offer constructive feedback. It is the intention of the Referral Process to identify a candidate’s deficiencies and promote dialogue on how the candidate can improve and move forward in their program. The Referral Process is not intended as punitive, but rather as a corrective measure to ensure candidates are prepared to enter their profession.

During the course of their program, including general education courses, candidates are expected to conduct themselves in accordance with the Student Code of Conduct, Professional Dispositions Rubric, and Supplemental Standards criteria. Faculty members will closely monitor a candidate’s academic progress through a review of grades and dispositions. Should a student be reported for academic or behavioral issues at any time during their period of attendance, a student may be issued a Referral under the Supplemental Standards. A referral may be issued with or without a corresponding Student Code of Conduct action.

Supplemental Standards

The following Supplemental Standards for Candidates in College of Education Programs ("Supplemental Standards") apply to these degree candidates before, during, and after their field placements. The Supplemental Standards address a candidate’s affective attributes and disposition to be a human services worker or counselor. A corresponding Professional Dispositions Rubric provides additional guidance. A candidate’s ability to satisfactorily meet the Supplemental Standards is a matter of ongoing academic judgment made by faculty, campus staff, and campus management.

1. The candidate contributes to a positive climate in the University classroom and all field placements, practicums, and internships.
2. The candidate demonstrates mastery of written and spoken language for self-expression, as well as for effective interaction in all settings.
3. The candidate is a thoughtful and responsive listener.
4. The candidate is committed to reflection, assessment, and learning as an ongoing process.
5. The candidate is willing to give and receive help.
6. The candidate is sensitive to community and cultural norms of the counseling and/or human services industry, the University classroom, and all field placements, practicums, and internships.
7. The candidate values human diversity and shows respect for others’ varied talents and perspectives.
8. The candidate values the development of critical thinking, independent problem solving, and performance capabilities in himself/herself and those with whom he/she interacts.
9. The candidate demonstrates a commitment to keeping abreast of new ideas and understanding in the human services and/or counseling field.
10. The candidate demonstrates a level of responsibility and ethical judgment consistent with professional guidelines developed for these fields and appropriate for a professional human services worker and/or counselor. These guidelines are outlined in the National Organization for Human Services (NOHS) Code of Ethics, the American School Counselor Association (ASCA) Ethical Standards for School Counselors, and the American Counselors Association (ACA) Code of Ethics.
11. The candidate maintains the highest ethical standards in interactions with faculty, students, staff, and clients as well as in preparation and submission of required course work, and the completion of assignments.
12. The candidate maintains a pattern of consistently meeting academic and professional standards in courses, field placements, practicums and internships.

When it is determined by faculty, campus staff, or campus management that a candidate falls short of meeting any of the above Supplemental Standards, they may file a "Referral Form" with the

Campus College Chair, Campus Director of Academic Affairs, or designee. Any candidate who receives one or more referral(s) shall be counseled, remediated, or withdrawn from their program, as appropriate.

Candidates who are separately charged with violating the Student Code of Conduct shall be subject to the policies, procedures, and sanctions for processing such charges. However, a charge under the Student Code of Conduct may also be the basis for a referral on separate academic grounds under these Supplemental Standards. Similarly, an observation under the Referral Process may be the basis for a Student Code of Conduct charge.
The following policy and procedures are to be used to resolve disputes by both current and former students of the University. The policy applies to all students who applied to the University for the purposes by both current and former students of the University. The following policy and procedures are to be used to resolve disputes.

Student Code of Conduct charge. Allegations of sex discrimination or sexual harassment: Camie Academic Affairs, or designee. Any candidate who receives one or more referral(s) shall be counseled, remediated, or withdrawn from their program, as appropriate. Candidates who are separately charged with violating the Student Code of Conduct shall be subject to the policies, procedures, and sanctions for such charges. However, a charge under the Student Code of Conduct will also be the basis for a referral on separate academic grounds under these Supplemental Standards. Similarly, an observation under the Referral Process may be the basis for a Student Code of Conduct charge.

**DISPUTE RESOLUTION POLICY AND PROCEDURES**

The following policy and procedures are to be used to resolve disputes by both current and former students of the University. The policy applies to all students who applied to the University for the purposes by both current and former students of the University. The following policy and procedures are to be used to resolve disputes.

Steps for resolution:

1. Students are encouraged to bring the concerns outlined below to the attention of the appropriate individual/department, as set forth in Step One below. These individuals/departments will conduct an initial review and may be submitted to the formal Dispute Resolution Procedures set forth in this section if not satisfactorily resolved through the prior intervention of Step One.

2. In connection with the University policies identified in Step One below, this policy is intended to address disputes between a student and the University. The University strongly recommends utilization of the resources identified in Step One to resolve such disputes, the only dispute resolution policy that is mandatory is the arbitration policy. Arbitration is the exclusive means by which all covered disputes asserted by either a student (whether current or former) or the University, involving justiciable disputes and/or any justiciable matter arising from the student’s interactions with the University, shall be decided and finally resolved.

3. Claims and/or disputes covered by this policy fall into one of two levels:

   - Level One disputes involve alleged violations of state or federal law, any statutory or common law tort claim or alleged breach of contract claim, claims of discrimination or harassment pursuant to state or federal law, or any other issue of a substantial nature. If not resolved sooner, Level One disputes may be processed through all three steps of the following Dispute Resolution Procedures.

   - Unless such issue involves a violation of law, unless of a lesser nature — for example, Student Code of Conduct violations, general student grievances, academic issues and grade disputes, etc. — are considered Level Two disputes and, if not resolved sooner, may be processed only through Step One of the following Dispute Resolution Procedures.

**Step One: Internal Resolution**

Students should first attempt to resolve any dispute or issue related to the following subject matters, or like subject matters, by contacting the following individuals/departments, and utilizing the process set forth in the corresponding section(s) of the Academic Catalog, as referenced below. Please note that the information provided below represents only the initial contact with whom such disputes should be reported. Students should carefully consult the Academic Catalog (https://www.phoenix.edu/programs/degree-programs/academic-catalog.html) to gain a fuller understanding of the processes associated with reporting and resolving disputes related to these subject matters.

- Allegations of sex discrimination or sexual harassment: Camie Pratt, Associate Vice President and Title IX Coordinator, Office of Dispute Management (“ODM”). See Nondiscrimination Policy and Harassment Policy in Academic Catalog.

- Policy and Harassment Policy in Academic Catalog.
• Allegations concerning all other forms of discrimination: Campus Director of Academic Affairs, Campus Director of Operations, Campus Director of Student Services, or their respective designee. See Nondiscrimination Policy and Harassment Policy in Academic Catalog.
• Student Code of Conduct violations, other than sex discrimination and sexual harassment: Registrar. See Student Code of Conduct section in Academic Catalog.
• General student grievances (other than sex discrimination and sexual harassment): Office of Dispute Management. See General Student Grievances section in Academic Catalog.
• Student grievances relating to financial aid, account balances or collections: Campus Management. See General Student Grievances section in Academic Catalog.
• Allegations concerning all other forms of discrimination: Office of Dispute Management. See Nondiscrimination Policy and Harassment Policy in Academic Catalog.
• Student grievances relating to financial aid, account balances or collections: Office of Dispute Management. See General Student Grievances section in Academic Catalog.
• Academic issues: Student Appeals Center in ODM. See Student Appeals Center Section in Academic Catalog.
• Grade disputes: Director of Academic Affairs or designee. See Grade Disputes section in Academic Catalog.

Step Three: Binding Arbitration

1. This Binding Arbitration provision ("Arbitration Agreement") is governed by the Federal Arbitration Act 9 U.S.C. § 1 et seq., and evidences a transaction involving commerce. This Arbitration Agreement is a condition of becoming enrolled with the University. This Arbitration Agreement applies to any covered dispute arising out of or related to the student’s interactions with the University. Nothing contained in this Arbitration Agreement shall be construed to prevent or excuse the student from utilizing the University’s existing internal procedures for resolution of complaints, as set forth in Step One above, and this Arbitration Agreement is not intended to be a substitute for the utilization of such procedures. Except as it otherwise provides, this Arbitration Agreement is intended to apply to the resolution of disputes that otherwise would be resolved in a court of law, and therefore this Arbitration Agreement requires all such disputes to be resolved only by an arbitrator through final and binding arbitration and not by way of court or jury trial. Such disputes include without limitation disputes arising out of or relating to interpretation or application of this Arbitration Agreement, including the enforceability, revocability or validity of the Arbitration Agreement or any portion of the Arbitration Agreement. Regardless of any other terms of this Arbitration Agreement, claims may be brought before an administrative agency if applicable law permits access to such an agency notwithstanding the existence of an agreement to arbitrate. Such administrative claims include without limitation claims or charges brought before the U.S. Department of Education, State Boards of Education or the Office of Federal Contract Compliance Programs.

2. Notwithstanding any other language in this Arbitration Agreement, a student’s Enrollment Agreement, the Academic Catalog or any other University policy or practice, this Arbitration Agreement will not be unilaterally revised, modified or eliminated by the University with respect to any covered dispute after that dispute has been submitted to arbitration pursuant to this Arbitration Agreement.

3. The parties shall select the neutral arbitrator and/or arbitration sponsoring organization by mutual agreement. If the parties cannot mutually agree to an arbitrator and/or arbitration sponsoring organization, the arbitration will be held and the arbitrator selected under the auspices of the American Arbitration Association (AAA). Except as provided in this Arbitration Agreement, the arbitration shall be held in accordance with the then current Commercial Arbitration Procedures of the AAA. The AAA rules are available at http://www.adr.org. However, nothing in said rules or procedures and/or any modification thereto shall affect the enforceability and validity of the Class Action Waiver, including but not limited to the provision that the enforceability of the Class Action Waiver may be determined only by a court and not by an arbitrator. Unless the parties jointly agree otherwise, the arbitrator shall be either an attorney who is experienced in the subject matter at issue and licensed to practice law in the state in which the arbitration is convened, or a retired judge.

4. The party bringing the claim must demand arbitration in writing and deliver the written demand by hand or first class mail to the other party within the applicable statute of limitations period. Any demand for arbitration made to the University shall be provided to the Legal Department, University of Phoenix at 4025 S. Riverpoint Parkway, Mail Stop: CF-KX01, Phoenix, AZ 85040. The arbitrator shall resolve all disputes regarding the timeliness or propriety of the demand for arbitration. A party may apply to a court of competent jurisdiction for temporary or preliminary injunctive relief in connection with an arbitrable controversy, but only upon the ground that the award to which that party may be entitled may be rendered ineffectual without such provisional relief.

5. In arbitration, the parties will have the right to conduct adequate civil discovery, bring dispositive motions, present witnesses and evidence as needed to present their cases and defenses, and any disputes in this regard shall be resolved by the arbitrator.

6. CLASS ACTION WAIVER: There will be no right or authority for any dispute to be brought, heard or arbitrated as a class, collective or representative action or as a class member in any purported class, collective action or representative proceeding (Class Action Waiver). Notwithstanding any other clause contained in this Arbitration Agreement, the preceding sentence shall not be severable from this Agreement in any case in which the dispute to
be arbitrated is brought as a class, collective or representative action. Notwithstanding any other clause contained in this Arbitration Agreement, any claim that all or part of the Class Action Waiver is unenforceable, unconscionable, void or voidable may be determined only by a court of competent jurisdiction and not by an arbitrator.

7. Each party will pay the fees for his, her or its own attorneys, subject to any remedies to which that party may later be entitled under applicable law. The University shall initially bear the administrative costs associated with the conduct of the Arbitration, subject to: (1) a one-time payment by the student toward these costs equal to the filing fee then required by the court of general jurisdiction in the state where the student in question attended the University; and (2) any subsequent award by the Arbitrator in accordance with applicable law.

8. The Federal Rules of Evidence shall apply. The arbitrator shall have jurisdiction to hear and rule on prehearing disputes and is authorized to hold pre-hearing conferences by telephone or in person, as the arbitrator deems necessary. The arbitrator shall have the authority to entertain a motion to dismiss and/or a motion for summary judgment by any party and shall apply the standards governing such motions under the Federal Rules of Civil Procedure and applicable federal common law.

9. Within 30 days of the close of the arbitration hearing, any party will have the right to prepare, serve on the other party and file with the arbitrator a brief. The arbitrator may award any party any remedy to which that party is entitled under applicable law, but such remedies shall be limited to those that would be available to a party in his or her individual capacity in a court of law for the claims presented and decided by the arbitrator, and no remedies that otherwise would be available to an individual in a court of law will be forfeited by virtue of this Arbitration Agreement. The arbitrator will issue a decision or award in writing, stating the essential findings of fact and conclusions of law. Except as may be permitted or required by law, as determined by the arbitrator, neither a party nor an arbitrator may disclose the existence, content or results of any arbitration hereunder without the prior written consent of all parties. A court of competent jurisdiction shall have the authority to enter a judgment upon the award made pursuant to the arbitration.

10. It is against University policy for any student to be subject to retaliation if he or she exercises his or her right to assert claims under this Arbitration Agreement. If any student believes that he or she has been retaliated against by anyone at the University, the student should immediately report this to the ODM.

11. This section entitled “Binding Arbitration” is the full and complete agreement relating to the formal resolution of student-related disputes in arbitration. Except as stated in paragraph 6, above, in the event any portion of this Arbitration Agreement is deemed unenforceable, the remainder of this Arbitration Agreement will be enforceable. If the Class Action Waiver is deemed to be unenforceable, the University and the student agree that this Arbitration Agreement is otherwise silent as to any party’s ability to bring a class, collective or representative action in arbitration.
ACADEMIC POLICIES

Academic Advisement
All students are provided the opportunity to communicate with a representative throughout the duration of their program. This advisement can provide students with a preliminary evaluation of their academic status prior to admission and the requirements they must satisfy for both admission to and the completion of their degree program. All students are notified of their official transfer of credits at the time of matriculation and may view their official transfer credit evaluation and progress toward degree completion at any time on their student website. Student services available on the student website include transfer credit summaries, official grades, program GPA, access to update demographic information, and the ability to request transcripts. Guidance on degree completion progress and options may also be discussed at any time with a representative.

Registration
Students must sign an Enrollment/Disclosure Agreement for the program of study which they intend to pursue. The student’s Enrollment/Disclosure Agreement defines the student’s curriculum and degree requirements. The executed Enrollment Agreement will be effective for a one year from the date signed. Students who register in an eligible program may qualify for financial aid in accordance with federal regulations.

Admission Statuses

There are thirteen types of admission statuses at the University of Phoenix representing a student’s standing: Registered, Orientation Pending, Admitted with Condition, En-Route Credential, Admitted, Deferred Admission, Graduate Provisional, Registered International Credentials, Non-Degree, Denied for Cause, Denied Admission, Admission Deadline Exceeded, and Re-Entry. Applicants to certain degree programs are permitted to begin their course of study under Registered, Registered with International Credentials and Provisional admissions statuses, but are not considered unconditionally admitted until the Office of Admissions and Evaluation grants a status of Admitted and all transfer credits are reviewed for applicability to the degree program. Official decisions regarding admission and academic statuses may be delivered to students via the student website or US Mail.

Registered (RR) Status
Students qualify for registered status upon completion of the application for admission and payment of the application fee (if applicable). Qualified degree-seeking students in the business, human services, management, education, counseling, computer information systems, psychology or nursing programs may attend a maximum of four courses under registered status. The University makes no guarantees of a favorable admission to students enrolled in course work under registered status.

Orientation Pending (OP) Status
Undergraduate degree applicants with less than 24 credits of previous college credit/experience as listed on their admissions application will be granted Orientation Pending (OP) admitted status after all admission documents have been received, the admission file has been reviewed, and all admission requirements for the chosen program have been met. As a condition of admission, students on Orientation Pending (OP) admitted status must satisfactorily complete the University Orientation prior to gaining unconditional admission status.

Admitted with Condition (AC) Status
Undergraduate degree applicants participating in a university sponsored trial period will be granted Admitted with Condition admission status after all admission documents have been received, the admission file has been reviewed, and the minimum admission requirements for the chosen program have been met. As a condition of admission, students on Admitted with Condition (AC) admission status must meet class attendance requirements in the fourth week of their first course (or after) and have all transfer credits evaluated prior to being unconditionally admitted.

En-route Credential (EC) Status
Students who are pursuing an en-route credential on the way to earning a higher level degree program will be placed on En-route Credential (EC) admission status for the lower level program being earned en-route. Student's admissibility as a regular student will be enforced and maintained under the degree program of pursuit associated with the student's enrollment agreement.

Admitted (AM) Status
The Office of Admissions and Evaluation in Office of Admissions & Records grants a student unconditional admitted status after all documents have been received, the applicant’s admission file has been officially reviewed, and all admission requirements and conditions for the chosen program have been met. Students in all programs must attain admitted status and be officially evaluated by the completion of their fourth University course. This provides the University the necessary information to develop individualized program schedules for each student and provides an opportunity for an admission decision to be made early in the program. Students who are unable to obtain an official admission status by the completion of their fourth University course will be administratively withdrawn from the University and placed on Admission Deadline Exceeded (DE) admission status.

Deferred Admission (DF) Status
Students will be granted deferred admission (DF) if documents or information required for admission (AM) are missing from the file. Students will remain on DF status until the required documents or information is received. Students on DF status cannot attend class and will be administratively withdrawn from the university until the status is resolved.

Graduate Provisional (PV) Status
Students who meet all admission requirements in graduate programs except the minimum GPA requirement of 2.50 or 3.00 (see program specific admissions requirements) may be admitted on Provisional status if their entrance GPA is between 2.0 and 2.49 or 2.50 and 2.99 depending on the program of interest. Students admitted on provisional status must achieve a GPA of 3.0 in their University of Phoenix course work at the end of their fourth completed program applicable course to be unconditionally admitted and placed on Admitted status. Failure to meet the minimum grade point average (GPA) of 3.0 by the fourth completed program applicable course will result in a DA (Disqualified for Admission) student academic status.

Registered International Credentials (RI) Status
Students using copies of international academic credentials qualify for registered with international credentials status upon comple-
tion of the application for admission and payment of the application fee (if applicable). Students will not be granted unconditional admission using copies of international credentials until verification of the credentials or an original international academic record is received. Qualified degree-seeking students in the business, human services, management, education, counseling, computer information systems, psychology or nursing programs may attend a maximum of four courses under registered status. The University makes no guarantees of a favorable admission to students enrolled in course work under registered with international credentials status.

**Non-Degree (ND) Status**
Individuals interested in taking coursework at the University, but not interested in pursuing a degree, may register as non-degree students. Non-degree students enrolling in single courses within a degree or certificate program must meet the admissions requirements for the respective college or school. An approved list of courses is available on www.phoenix.edu under Individual Courses.

Students may also register for single courses for credit that are not currently part of a degree program or for non-credit bearing courses resulting in Continuing Education Units (CEU), Professional Development Units (PDU), or Contact Hours. Non-degree status may be granted upon completion of the application. Placement on this status for a student is determined by the campus in which the student seeks to complete non-degree coursework.

**Denied for Cause (DC) Status**
Applicants for admission who have violated a University policy or procedure or committed some other act which, if he or she were already a student, would pose a risk to the University or would subject him or her to sanctions for violating the Student Code of Conduct, will be placed on Denied for Cause status (DC) and will be administratively withdrawn from the university.

**Denied Admission (DN) Status**
Applicants who do not meet the minimum requirements for admission to a program will be placed on denied admission status and be administratively withdrawn from the university.

**Admission Deadline Exceeded (DE) Status**
Students who are unable to attain admitted status by the completion of their fourth university course will be placed on Admission Deadline Exceeded (DE) status and be administratively withdrawn from the University.

**Re-entry Required (RE) Status**
Students who were previously admitted (AM, PV, IV, OP) into a program but have not posted positive attendance in a course for the amount of time designate by the re-entry policy will be placed on Re-entry Required (RE) admission status. Students placed on Re-entry Required (RE) status will be required to re-enter the most current program/version in their state or jurisdiction and submit an admission application, enrollment agreement and any other documents as required by the new program.

**Student Academic Standing**

The University recognizes the following Student Academic statuses for degree and certificate seeking students:

**Regular (RG)**
Student is in compliance with applicable academic standing and progression based on program requirements.

**Disqualified for Admission (DA)**
Disqualified for Admission results when provisionally-admitted students fail to achieve the minimum-required grade point average at the conclusion of the provisional period. The date of disqualification is determined by the course end date of the final course completed within the Provisional Admission (PV) period. Students placed on DA status:
- will be administratively withdrawn from the University and are not eligible to re-enroll until six months from the date of disqualification.
- must be granted approval by the Student Appeals Center to re-enroll at the University and may not appeal to return prior to the end of the six month disqualification period. There will be no exceptions.
- may not transfer to another program or major until they have fulfilled the six month disqualification period and have received approval through a student appeal.
- must meet all conditions of the appeal decision and may be required to retake or replace the course(s) with the lowest grade(s) earned.

**Academic Disqualification (AD)**
Academic Disqualification results when students on Academic Probation (AP) fail to achieve the minimum-required grade point average (GPA) at the conclusion of the probationary period. The date of disqualification is determined by the course end date of the final course completed within the AP sequence. The University will note the date a student is placed on and removed from Academic Disqualification on the permanent transcript.

Students placed on AD status:
- will be administratively withdrawn from the University and are not eligible to re-enroll until six months from the date of disqualification.
- must be granted approval by the Student Appeals Center to re-enroll at the University and may not appeal to return prior to the end of the six month disqualification period. There will be no exceptions.
- may not transfer to another program or major until they have fulfilled the six month disqualification period and have received approval through a student appeal.
- must meet all conditions of the appeal decision and may be required to retake or replace the course(s) with the lowest grade(s) earned.

**Scholastic Disqualification (SD)**
Scholastic Disqualification results when a student does not meet the minimum grade requirement for a designated course in their program. If the minimum grade is not earned, the course will be treated as a non-passing grade (F) and will be awarded zero (0.00) credit. The course will be counted in the calculation of the GPA based on attempted credits. The University will note the date a student is placed on and removed from Scholastic Disqualification on the permanent transcript.

Students placed on SD status:
- will be administratively withdrawn from the University and are not eligible to re-enroll until six months from the date of disqualification.
- must be granted approval by the Student Appeals Center to re-enroll at the University and may not appeal to return prior to the end of the six month disqualification period. There will be no exceptions.
- may not transfer to another program or major until they have fulfilled the six month disqualification period and have received approval through a student appeal.
- must meet all conditions of the appeal decision and may be required to retake or replace the course(s) with the lowest grade(s) earned.

**Scholastic Suspension (SS)**
Scholastic Suspension occurs when a student is suspended for a period of time or indefinitely from the University. The student will be administratively withdrawn and the University will note the
dates of suspension on the permanent transcript. Students placed on SS status will not be allowed to continue in their program or transfer to another program or major without an approved appeal. Students who are placed on Scholastic Suspension must use the following respective appeal processes:
- Student Code of Conduct Violation - Appeal to the Student Discipline Review Committee. (SDRC)
- Program Progression Requirements - Appeal to the Student Appeal Center (SAC), except were specifically noted in program policies
- Supplemental Standards Withdrawal from Program - Appeal to the Central Administration Appeals Committee (CAAC)

Expulsion (EX)
Expulsion occurs when a student is administratively withdrawn from the university and not permitted to return under any circumstances. The date of expulsion is noted on the official transcript.

Program Academic Standing
The University recognizes the following Program Academic statuses for degree and certificate seeking students.

Regular (RG)
Student is in compliance with applicable academic standing and progression based on program requirements.

Academic Probation (AP)
Students will be placed on Academic Probation when their program grade point average (GPA) falls below the minimum GPA required in their program. (R1) Students on Academic Probation status are restricted to a period of four consecutive completed program-applicable courses to bring their GPA to the minimum requirement for their degree program. Only courses that start and end after the course that placed the student on AP (Academic Probation) status will apply toward Academic Probation Concurrent enrollment is prohibited in this status.

Course Statuses

Administrative Withdrawal (AW)
Student is removed from a course due to certain academic, admissions, and/or financial statuses.

Audit (AU)
Student has received appropriate approvals to observe the course and will not receive a letter grade.

Completed (CO)
Student has attended enough workshops to meet minimum attendance requirements and to receive a letter grade.

Dropped (DR)
Student was in a SC or EN course status and requested to be removed from the course. The student has not met the minimum attendance requirements in the course.

Enrolled (EN)
Student has satisfied at least one week of positive class attendance and continues to actively meet class attendance requirements.

Obsolete (OB)
Student has been scheduled for a course that has been retired and that will no longer be offered by the University.

Scheduled (SC)
Student is registered for a course and no class attendance has been posted.

Insufficient Attendance (TA)
Student has been automatically removed from the course due to not meeting minimum class attendance requirements.

Withdrawn for Admissions (WI)
Student not matriculated or student has been removed from admissions (AM) status after completing five courses.

Waived with Credit (WO)
Student has processed a waiver request through the Office of Admissions & Records.

Withdrawn for Prerequisite (WP)
Student has failed to meet the course and/or program prerequisite requirement.

Exemption (WV)
Course waived without credit.

Candidacy Statuses

Level 1 Candidate Status
Level 1 Candidate status is determined at the time of admission and is based on the admissions requirements for the desired program. Not all programs have a candidate status requirement.
- 1S: Level 1 Candidate Status Satisfied: Student has met the admissions requirements and has been admitted.
- 1N: Level 1 Candidate Status has not been satisfied: Student has not met the admissions requirements, has been denied admission, and therefore does not meet the requirements to achieve Level 1 Candidate Status. Students in a 1N Candidate Status should not attend class.

Level 2 Candidate Status
Level 2 Candidate status is a review of additional requirements needed for the student to progress in their program past a certain point, as designated in program policy.
- 2S: Level 2 Candidate Status Satisfied: Student has met the additional requirements by the specified deadline indicated in the program requirements.
- 2N: Level 2 Candidate Status Not Satisfied: Student has not met the additional requirements by the specified deadline indicated in the program requirements. A candidate status of 2N restricts the student from attending any future courses until the requirements are met and the student will be administratively withdrawn from the university.
Enrollment Status
The University recognizes the following enrollment statuses:

**Program Level Enrollment Status**

<table>
<thead>
<tr>
<th>Enrollment Status</th>
<th>Code</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Active Full-Time</td>
<td>F</td>
<td>The student's required academic workload for his/her program is at least 6 credits for an academic year, the student is actively attending class and the student's official last date of attendance based on Academically Related Activities (ARAs) does not exceed 14 days. Institutionally Scheduled Breaks and In Progress Extension (IX) grades are excluded from the 14 day out of attendance calculation.</td>
</tr>
<tr>
<td>Active Less Than Half Time</td>
<td>L</td>
<td>The student's required academic workload for his/her program amounts to less than the 6 credits for an academic year, as determined by the institution. In addition, the student is actively attending class and student's official last date of attendance based on Academically Related Activities (ARAs) does not exceed 14 days. Institutionally Scheduled Breaks and In Progress Extension (IX) grades are excluded from the 14 day out of attendance calculation.</td>
</tr>
<tr>
<td>Leave of Absence</td>
<td>A</td>
<td>The student is on an approved Leave of Absence (LOA).</td>
</tr>
<tr>
<td>Withdrawn</td>
<td>W</td>
<td>The student has been withdrawn from the University. Withdrawal can be unofficial, official or administrative.</td>
</tr>
<tr>
<td>Academic Complete</td>
<td>C</td>
<td>Academic program requirements have been satisfied, as identified by the academic complete date field in the academic system of record; however, the student's program has not been officially audited nor has the University's Registrar's office officially conferred the degree.</td>
</tr>
<tr>
<td>Graduated</td>
<td>G</td>
<td>The student has completed all program requirements and degree is conferred.</td>
</tr>
</tbody>
</table>

**Student Level Enrollment Status (Overall Enrollment Status)**
The program level enrollment status determines a student's overall enrollment status with the University. If there are multiple programs on record, the overall enrollment status will reflect the enrollment status of the program with the highest priority based on the hierarchy below:
1. Deceased
2. Approved Leave of Absence
3. Full Time
4. Less Than Half Time
5. Withdrawn
6. Graduated
7. Academic Complete
8. Not Started

**Student Falsification of Information**
All students applying for admission to the University have the responsibility to submit a complete and accurate application package including all academic and professional credentials required. Submitting incomplete, false, or misleading information may be grounds for dismissal at any time.

**On-Camera Conduct Policy**
Students, faculty and staff of University of Phoenix may have reason to utilize electronic camera communication. Any person engaging in a University of Phoenix related activity who activates a camera presence, whether intentionally or unintentionally, must comply with the following guidelines. Failure to comply with these guidelines may result in a Student Code of Conduct violation.

- All persons appearing on camera must be dressed appropriately, as if present in a physical classroom or office setting. Examples of prohibited conduct include but are not limited to appearing on camera without appropriate covering, having exposed undergarments, and wearing clothing which is sexual, discriminatory, or otherwise unprofessional in nature.
- The area visible by the other party must be free from all items which may detract from or be disruptive to the educational environment. Examples of prohibited items include but are not limited to firearms, drugs (legal or illegal), drug paraphernalia (legal or illegal), tobacco products, and material which is sexual, political, discriminatory, or otherwise unprofessional in nature.
- The area in use by all parties must be free from general distractions. Examples include, but are not limited to, children, animals, electronics, appliances, and other adults.
- Parties appearing on camera are to conduct themselves at all times in a professional manner. Either party to on-camera communication may end their video presence at will.

**General Grievances**
The University has established specific processes for students who wish to submit a grievance or appeal. These processes are outlined...
within the respective policies.
Grievances relating to financial aid, account balances, or collections must be reviewed by campus management before being submitted to the Office of Dispute Management (ODM). When such a grievance is received in the ODM, the student will be provided with guidance on filing a formal grievance via this office.
Student grievances and appeals not addressed in policy can be submitted in writing to the ODM, which will determine the appropriate course of action.

Academically-Related Appeals - Student Appeals Center (SAC)

Requests for exceptions to academic policy must be submitted via appeal to the Student Appeals Center (SAC). SAC decision-makers have the authority to make exceptions to University policy based upon a student’s individual circumstances. Decisions are based upon maintaining the academic integrity of the institution. It is incumbent upon the student to provide his/her campus representative with an appeal letter and all relevant documents and statements of support for the request. SAC Decisions are ineligible for appeal through any other entity within the University.

Grading Procedures

Course grades can be viewed on the student website (https://ecampus.phoenix.edu) on the Schedule and Grades page. In addition, students may view their grades on the official and unofficial transcript available on the home page by selecting Order Transcripts under the Quick Links listing. Faculty members are required to post final grades within seven days of completion of the course.

The University has established the following grading guidelines to be complied with by all faculty.

Grade Definitions

<table>
<thead>
<tr>
<th>Grade</th>
<th>Quality Points</th>
<th>Grade</th>

<td></td>
</tr>
</tbody>
</table>

The following grades are not issued quality points and do not calculate into the GPA:

- I = Incomplete
- IP = In Progress
- IX = In Progress extension
- W = Withdrawal
- W/F = Withdrawal failing
- P = Passing
- AU = Audit
- QC = No grade awarded
- NC = No credit

WC = Waived with credit
The minimum passing grade for a University course is D–; however, some University programs and courses require higher minimum grades. Minimum grade requirements are documented within policy for those specific programs. Students who receive a grade below the minimum passing grade established for a course will not earn quality points, as the grade is considered a failing grade.

- A = Outstanding achievement. Student demonstrates intellectual initiative in accomplishing course goals and objectives through high levels of originality and creativity.
- B = Very good work. Student performance meets designated course goals and objectives by demonstrating understanding of the course materials at an acceptable level.
- C = Average work. Student performance demonstrates average comprehension and satisfactory achievement of the course goals and objectives.
- D = Unacceptable work. Student performance demonstrates minimum acceptable performance in accomplishing course goals and objectives.
- F = Failing. Student performance demonstrates unsatisfactory or below minimally acceptable achievement in accomplishing course goals and objectives.

I = INCOMPLETE Student granted extension to complete assignments. A student who receives an incomplete is given up to five (5) weeks, at the discretion of the faculty, from the scheduled course completion date to complete the course requirements and receive a grade.
- The student’s final grade will be reduced by one full letter grade by the faculty member, regardless of the circumstances under which the Incomplete was granted. Students who do not complete any additional course requirements prior to the new deadline will be awarded the grade earned for the entire course, as though an incomplete grade had not been requested. Faculty members are required to produce completed Incomplete Grade Contracts as needed to enforce the new course completion deadline date.
- Incomplete grades shall be granted for active duty military personnel, regardless of component and including reserve and National Guard personnel who are deployed in operational war zones or in adjacent geographic areas in support of operational war zones. An “operational war zone” is, for purposes of this policy, defined as an area of operations where military personnel are engaged in active conflict or in post-conflict activities. If the student would like an opportunity to complete the course while deployed, an incomplete “I” grade can be issued instead of a “W” grade. The “I” grade may be issued with an initial extension of six (6) weeks beyond the traditional five (5) week extension. The practice of requiring final grades to be lowered by one full letter grade as a result of the incomplete “I” grade shall be waived for deployed students.

IP = IN PROGRESS An IP grade may be awarded in the following instances:
- IP grade can only be awarded in qualified courses by the instructor. The IP grade allows the student additional time to complete requirements. IP grades will default to a QC or an F, depending on the course, if a letter grade is not posted by the instructor by the end of the IP timeframe. Faculty are not required to subtract one letter grade for IP grade awards.

IX = IN PROGRESS EXTENSION An IX grade may be awarded in the following instances:
• This grade is only awarded to eligible students who are approved for reasonable accommodations under American Disabilities Act (ADA).

• A new IX course completion date must be determined by the Disability Services Advisor.

• Students who are approved for reasonable accommodations will not be penalized one letter grade after completing the course to comply with an academic adjustment granted by the University in accordance with the ADA.

• IX grade will default to an F when the course exceeds its expiration date and no grade has been submitted.

QC = No grade awarded. A QC is awarded in the following instances:
• This grade may be used for zero credit courses once the attendance requirement has been satisfied.
• A QC grade may automatically post for certain Doctoral and Counseling courses when the IP period expires and no formal grade has been submitted.
• This grade allows students to repeat a course without penalizing their GPA in eligible courses.

AU = AUDIT Students will receive a designation of “AU” on their permanent record which will not carry any academic credit because there is no measurement of the student’s performance.

W = WITHDRAWAL Student withdrew due to exceeding the maximum allowable absences from the course or has been administratively withdrawn by the university. A “W” grade will be issued in the following scenarios:
• The student recorded positive class attendance in at least one scheduled week and did not meet the class attendance requirements due to exceeding the maximum allowable absences.
• The student recorded positive class attendance in at least one week and has been administratively withdrawn from the University and/or program during the course.

WF = WITHDRAWAL/FAILING Student withdrew from the course and the faculty member determined that the student was failing the course at the time of the withdrawal. The student attended at least one week of a course and reached the maximum allowable number of absences. Quality points are 0.00; the grade is not calculated in the GPA.

P = PASSING
Student satisfactorily completed the course.

NC = NO CREDIT
Student withdrew from the course; no grade was issued.

WC = WAIVED WITH CREDIT
University of Phoenix required course, waived with credit.

Program and Cumulative Grade Point Average

Program GPA is calculated using all University of Phoenix (UOPX) courses applicable to the student’s degree program.

UOPX cumulative GPA is a calculation of all completed UOPX courses.

The following quality points are associated with the respective grades below:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Quality Points</th>
<th>Grade</th>
<th>Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.00</td>
<td>C–</td>
<td>1.67</td>
</tr>
</tbody>
</table>

The following quality points are associated with the respective grades below:

</tr>
</tbody>
</table>

Program applicable coursework that may not apply towards the program in terms of credit, but is needed to fulfill a proficiency, prerequisite, or other degree requirement will be included in the Program GPA.

Grade Reports and Transcripts

Grade Reports and Transcripts

At the end of each course, the faculty member submits and posts grades for each student. Students can view their course information including grades, GPA, program information and scheduled courses online at https://ecampus.phoenix.edu. The student’s official transcript is prepared by the Registrar’s Office. The official transcript will show the current enrollment status, all program(s) and GPAs as well as courses, grades, credits, and dates of instruction for all graded for-credit courses taken at University of Phoenix. Credits awarded from the Prior Learning Assessment will be recorded on the transcripts as the credits are awarded and assessment fees are paid. Only a summary of credits transferred by institutions will be included on the transcript. If itemized information for these credits are needed, the student must contact the school where the credits were completed.

NOTE: Students may repeat courses. Only the grade and credit for the most recent repetition is used in calculating total hours earned and total cumulative grade-point averages. However, the original and repeated grades remain on the transcript bearing a symbol to show that a particular course has been repeated. Transcripts will be released only to students who are in good financial standing with the University.

Students may request official transcripts from the student website (https://ecampus.phoenix.edu) on the home page by selecting Order Transcripts under the Quick Links listing and by following the directions for requesting a transcript. Students may also request transcripts by phone, fax or mail by contacting the Office of Admissions and Records Service Center at 800-866-3919. Transcript Request Forms are also available at any University of Phoenix campus. Completed forms should be mailed to the Office of the Registrar, University of Phoenix, 4025 S Riverpoint Parkway CF-A206, Phoenix, AZ 85040. The Family Education Rights and Privacy Act of 1974 requires that all mail-in transcript requests be submitted in writing and be signed by the student.

All student academic records are retained, secured, and disposed of in accordance with local, state, and federal regulations. All student record information is maintained on the University computer system, paper and/or microfiche, microfilm, disc or electronic imaging system.
Grade Disputes and Grade Corrections
The University has established a dispute process for students who believe a grade has been awarded incorrectly. Requests or disputes related to grades must be resolved by the faculty member, whose decision is final, unless the dispute alleges discrimination or harassment.

- Disputes challenging the accuracy of a grade must be submitted by the student to the faculty member, with a copy to the campus Director of Academic Affairs, or designee, within six weeks from the grade posting date. Grade disputes based on work submitted, class participation, or claiming a calculation error are to be resolved solely by the faculty member, whose decision is final.
- Disputes challenging a grade which also allege discrimination or harassment by the faculty member are addressed according to the Non-Discrimination and Harassment policies.

Student grades represent the work and knowledge level attained within the regularly scheduled course dates. Students are not allowed to submit extra work to raise their grade after the course has ended because this grade would no longer reflect the level of competency achieved upon completion of the course.

Student grades may not be changed by the faculty member after the grades have been submitted unless the student initiates the formal grade dispute process or if the faculty member determines the original grade was improperly calculated.

Disputes challenging a grade that also allege violation of an established University policy (other than discrimination or harassment) are addressed by the Director of Academic Affairs, or designee, who may mediate a resolution between the student and faculty member. However, the decision regarding whether to change the grade rests solely with the faculty member.

Decisions for grade disputes must be rendered prior to the student being degree conferred.

Program Changes
Students wishing to change their program/version must enter into the most current program or version offered in their state or jurisdiction. Students must do this through consultation with appropriate campus personnel as some other institutional requirements or restrictions may apply. Students changing into a new program must have documentation on file that meets all admission requirements for the new program being entered. Students who are changing programs to a new program that has employment/work experience/access to work environment requirements must submit a Program Change Addendum. Previously transferred or completed University of Phoenix coursework may not apply to the new program requirements due to differences in degree and content requirements for the new program being entered.

Diploma Application and Degree Conferral
University diplomas and certificates are issued to students who have completed all program requirements, are in good academic and financial standing, and whose credential has been officially conferred.

Upon completion of all program requirements, students must submit a diploma application (for a degree program) or certificate application (for a certificate program) in order to be considered for credential conferral.

Following credential conferral, the University will issue one complimentary diploma or certificate.

The date documented on the diploma will reflect the last day of the month in which all program requirements were completed and applied.

The date documented on the certificate will reflect the date on which all program requirements were completed and applied.

Braille Embossed Diplomas
Students may submit a request for a braille embossed diploma to the Disability Services Department. Requests for braille embossed diplomas should be submitted to Robert Becker, Disability Services Manager/Accessibility & Usability at Robert.Becker@phoenix.edu. Approved requests will be routed to the Registrar's Office for fulfillment. Students must provide appropriate documentation and be officially degree conferred.

Posthumous Degrees
The University may present posthumous degrees for deceased students who were enrolled and posted positive attendance, and were in good academic standing in a University program at the time of their death.

Posthumous degrees may be presented to immediate family members who submit a notarized Affidavit of Family Member of Deceased Student or to the executor of the estate with official written authorization.

Degree Posting
Degrees are conferred and posted to students' academic record and transcript on a monthly basis. A student's degree will be posted on his or her academic record and transcript with the last day of the month in which all degree requirements are completed. Degree requirements are considered to be met when all credit has been posted to the academic record. The student's individual program completion date is recorded on the academic record and transcript, indicating that all academic requirements for the degree were fulfilled on that date.

Diplomas are ordered bearing the last day of the month in which all degree requirements were completed for all students who have completed the degree requirements and who have paid all tuition and fees.

Students who are not eligible for degree conferral are notified by their Academic Representative of their degree deficiencies.

Graduation with Honors
Bachelor degree students who complete their degree program with a program grade point average of 3.85 or higher will graduate with "Honors". The "Graduated with Honors" designation will appear on the University diploma and permanent transcript.

Participation in Commencement Ceremony
Commencement ceremonies are held by the majority of campuses. Students who have met all of the requirements and completed a program with University of Phoenix (UOPX) are eligible to participate in commencement.

Students who have not yet completed degree requirements are eligible to participate in commencement ceremonies when they meet the requirements as outlined below.

- Regular (RG) student academic status by the ceremony registration deadline date
- Regular (RG) program academic status by the ceremony registration deadline date
- Satisfaction of all financial obligations to the University
• Completion of degree requirements within the specific credit limits outlined below by the final registration deadline:
  • Associate students- successful completion of all but 6 credits
  • Bachelor’s and Master’s students- successful completion of all but 9 credits
  • Doctoral students - successful completion of all credit and non-credit bearing degree requirements, including a completed dissertation approved by the Dean, prior to commencement eligibility.
  • Certificate students - successful completion of all but 3 credits

Students who do not meet the eligibility requirements will not be allowed to participate in commencement ceremonies. Campuses are not permitted to grant exceptions to these policies and no appeals will be accepted.

Students who attend commencement ceremonies prior to completing their degree requirements are not guaranteed a University Degree. Academic standards must be met in order for a degree to be awarded. Students may fail to meet these standards after attending the commencement ceremonies.

Any student who meets the eligibility requirements may participate in a commencement ceremony at any UOPX campus location. Registration information and a complete listing of scheduled commencement ceremonies may be accessed via the student website.

All Bachelors level students who have met the University Honors requirements, and have been degree conferred, will be recognized at commencement ceremonies with the University honor cord (Students must be degree conferred before the ceremony date).

Program Completion Deadlines

The following program completion deadlines outline the maximum timeframes allotted to students who have remained in continuous attendance according to the University’s re-entry policy to complete all requirements for their selected program version.

<table>
<thead>
<tr>
<th>Program</th>
<th>Years for Completion</th>
</tr>
</thead>
<tbody>
<tr>
<td>Certificate</td>
<td>within 5 years</td>
</tr>
<tr>
<td>Associate of Arts</td>
<td>within 5 years</td>
</tr>
<tr>
<td>Associate of Arts (Credit Recognition)</td>
<td>within 2 years</td>
</tr>
<tr>
<td>Bachelors</td>
<td>within 8 years</td>
</tr>
<tr>
<td>Masters</td>
<td>within 5 years</td>
</tr>
<tr>
<td>Doctoral except for PHD/IO &amp; EdS</td>
<td>within 8 years</td>
</tr>
<tr>
<td>PHD/IO</td>
<td>within 9 years</td>
</tr>
<tr>
<td>EdS</td>
<td>within 3 years</td>
</tr>
</tbody>
</table>

Program completion deadlines are calculated based on first date of positive recorded class attendance in the student’s program version. Changes to a selected major, concentration, emphasis, or en-route credential in which a student remains in the same program version will not result in a change to the student’s program completion deadline.

A student who changes their program and/or version will have a new program completion deadline calculated based on the first date of positive recorded attendance in the course beginning after the student signature date on the most recent enrollment agreement on file.

• A student who posts positive class attendance in a program version, changes their program and then reverts back to their prior program version will be held to their original program completion deadline for that program version.

Disclaimer on Job Placement

The purpose of the degree programs offered by the University of Phoenix is to extend the nature and range of careers available to its students by providing a quality education that integrates theory with practical application. However, the University cannot offer guarantees of job placement, advancement, or continued employment.
ACADEMIC QUALITY AND OUTCOMES ASSESSMENT

Academic Quality and Outcomes Assessment—Ensuring Consistent Quality

Ensuring Consistent Quality
Over the last three decades, University of Phoenix has made significant investments in developing and maintaining systems to ensure academic quality. These systems enable the institution to measure and evaluate the University’s effectiveness in meeting its mission and purposes and to use the evidence to continuously improve students’ educational experiences and institutional processes. The comprehensive nature of the academic quality systems and the data produced provide the University with significant and meaningful input that is used to review and improve every aspect of the institution. Data gathered from course evaluations and student learning assessment are used in the curriculum development process and in the creation of faculty professional development tools. Data gathered from the continuous evaluation of institutional processes and systems are used to streamline processes and to make administrative support systems more user-friendly, continuously building on the analysis of information gathered.

Academic Quality Improvement and Outcomes-based Assessment

Academic quality is an integral part of the culture of continuous improvement at University of Phoenix. The University’s focus on academic quality improvement ensures that the institution is meeting its mission through continuous assessment and evaluation of faculty, curriculum, and processes.

Curriculum Development
University of Phoenix curriculum is designed to integrate adult learning theory, constructivist learning theory, brain-based learning research, and professional practice. Programs of study are defined and guided by professional standards, competencies, and/or proficiencies for student achievement of learning outcomes. Curriculum is designed to facilitate the acquisition of theoretical content and useful knowledge and skills identified as essential to the academic and professional success of working adults. The curriculum is designed to integrate academic theory, skills, dispositions, lifelong learning, and professional practice in a manner applicable to students’ work and life experiences.

Assessment of Student Learning
For University of Phoenix, the purpose of outcomes-based assessment of student learning is to generate information to the faculty, program, college and school, and University about the efficacy of its curricula and educational practices in enabling students to achieve exit-level expectations at the course, program, and institutional levels. Assessment answers the question: How well are University of Phoenix students meeting the general education, curriculum and pedagogical improvement, decision-making processes for policy consideration and resource allocation, and accountability. The process for outcomes-based assessment of student learning uses the following conceptual framework:

- Assessment Planning
- Collecting Evidence and Analyzing Data
- Implementing Improvement
- Monitoring Effectiveness of Improvements

By utilizing this assessment process, the colleges and schools establish clear, measurable outcomes and ensure that students have sufficient opportunities to achieve outcomes; systematically gather, analyze, and interpret evidence to determine how well student learning matches stated expectations; use assessment findings to improve student learning; and monitor improvements by measuring changes in student learning over time.

Academic assessment provides the means for monitoring the educational experience of our students and gathering evidence of student learning. The University’s academic assessment processes include an ongoing combination of direct measures, such as course-embedded assignments, portfolios, and exams, and indirect measures that gather information from students, alumni, and employers. The instruments and measures are designed to provide valid and reliable evidence to support continuous improvement of academic programs.

Assessment of Students’ Educational Experiences and Administrative and Educational Support Units

Another major component of ensuring academic quality improvement is the assessment of students’ educational experiences and the processes of administrative and educational support units. A cadre of instruments and measures are used to monitor the day-to-day educational systems involving student, faculty, curriculum, and administrative services. By performing interim program review, evaluating faculty adherence to program standards and practices, and making small-scale resource decisions, information from academic quality improvement resources is used for assessing overall quality and compliance.

Multiple Measures of Effectiveness Academic Program Review

Academic Program Review (APR) at University of Phoenix is designed to foster academic excellence at all levels of the University. The APR affords UOPX faculty and college/school leaders the information to support the improvement of student learning; the structure to assess program quality, relevancy, and currency; the opportunity to reflect on the alignment of program goals with institutional mission and strategic initiatives; and the provision of data and evidence to support college/school and institutional planning, budgeting, and decision-making. The APR is a key component of the University’s assessment system and reflected within the University Program Life Cycle (UPLC).

Beginning of Program Survey (Registration)

During the registration process, students are asked to provide basic background information about themselves. Much of the information from this Registration Survey is used for analyzing outreach trends and for regulatory reporting. However, the Registration Survey also contributes to assessment in two important ways. First, it is used to obtain basic demographic information about students: age, gender, race/ethnicity, work experience, occupation, and income. Second, students are asked to provide information about their goals in attending the University: to identify major academic and professional objectives, to rate the importance of factors influencing their decision to choose the University of Phoenix over alternative institutions, and to indicate what instructional methods are most effective in helping them assimilate and retain knowledge. The Registration Survey is also used to discover how students learned about the University, how they are financing their education, where they live and work in relation to University facilities, and whether they are satisfied with the recruitment and regis-
Student End-of-Course Survey (SEOCS)

Students in all courses complete an End-of-Course Survey, which focuses on students’ evaluation of the curriculum, educational effectiveness, learning teams, time allocation, University Library, administrative and support services, facilities and equipment, and faculty skills and abilities. These measures are of significant value in diagnosing how well each component of the University’s teaching/learning model is functioning in meeting student needs.

Faculty End-of-Course Survey (FEOCS)

Faculty complete an End-of-Course Survey, which focuses on curriculum evaluation, educational effectiveness, time allocation, administrative and support services, facilities, and access to technology. Because faculty are required to be highly qualified practitioners of the subjects they teach, they serve as an invaluable resource for evaluating programmatic curriculum. Faculty are also the University’s best resource for determining whether students are professionally and academically prepared to benefit from their educational experiences.

Faculty Grading Practices

Accurate and fair evaluation of student academic performance is an important attribute of an effective educational program. Accordingly, measures of grade variance are reported by program. Grade variance for campus and individual faculty members are reported as elements of feedback for self-improvement and compliance with University standards of good practice.

End-of-Program Survey

Students finishing their degree programs complete an End-of-Program Survey. This survey asks graduating students to evaluate their overall University of Phoenix experience in areas such as quality of the education they received, skills and knowledge, and workplace application, as well as career advancement and progression. University officials use the information from this survey to continually enhance curriculum, instruction, student services, and overall university operations.

Academic Alumni Questionnaire

Graduates are asked to evaluate the effectiveness of their University of Phoenix education after they have had sufficient time to integrate their learning with the demands of their career and personal responsibilities. Using measures driven by the University’s mission, the alumni identify factors that influenced their decision to attend the University of Phoenix, the major personal and professional goals they achieved as a result, the quality of their educational experience according to the stated program student learning outcomes, how effective the University’s teaching/learning model was in helping them achieve their educational goals, and their employers’ opinions of the programs’ benefits. Data gleaned from the Questionnaire is used in program evaluation.

Persistence, Retention, and Graduation Studies

Numerous special studies are undertaken to explore trends and issues of potential significance to academic decision-makers in program evaluation. These studies may include enrollment by campus by academic program, persistence and graduation rates by admission status (first-time; lower-and upper-division transfers), gender and race/ethnicity, class size by rating of faculty and educational effectiveness, etc. Emphasis is placed on examining the nature and extent to which students’ educational needs and expectations are being met during the enrollment process, throughout their coursework, when they graduate, and in their continuing professional development as alumni.

Classroom Performance Review

The University is committed to providing excellent instructors, which necessarily calls for an ongoing system of faculty evaluation. Faculty members receive periodic Classroom Performance Reviews and feedback from Student End-of-Course Surveys. Faculty members also have an opportunity to provide the University with input about course curriculum, University services, and other related topics at the end of each course. Campus staff review and follow up on all input and feedback from students and faculty. A periodic Classroom Performance Review is completed for each active faculty member at least once every two years. The review represents one method of faculty evaluation based on a class observation.

Each review is conducted with a standardized form by a trained reviewer. Based on the observation, campus academic leadership and the faculty member discuss strengths and areas for improvement related to the faculty member’s facilitating skills, assessment and feedback practices, coverage of course objectives, and overall class management.
Whether you are a recent graduate or a long-time University of Phoenix alumnus, the Alumni Association is an exclusive benefit of University of Phoenix. You are automatically a lifetime member, and no fee or registration is required.

To get the most out of your membership, visit the alumni website at alumni.phoenix.edu and update your profile. You may also print your Alumni Membership Card from your profile page to use as proof of graduation for discounts and more. Begin connecting with the association and your fellow graduates, and start exploring the benefits available to you:

**Career Resources**
- **Phoenix Career Guidance System™** Continue accessing the entire suite of career tools you enjoyed as a student. Use it throughout your career to conduct labor market research, attend workshops and explore job openings. Learn more at alumni.phoenix.edu/career-resources.
- **Phoenix Career Corner™** Get the latest career advice from recognized social experts at alumni.phoenix.edu/career-resources.

**Alumni Services**
- **Alumni Locator Tool** - Find and connect with other graduates of University of Phoenix who have public profiles, and build a foundation that promotes communication and networking. Visit alumni.phoenix.edu/search-alumni.
- **Alumni Mentor Program** - Join forces: knowledge + experience = power. The program connects University of Phoenix students to UOPX alumni volunteers for one-on-one online mentorships. Alumni mentors share success stories, industry insights and provide motivation and support. You can apply to be a mentor today or request a mentor for yourself. Find out more on the Alumni Association website at alumni.phoenix.edu/mentor.
- **Alumni Business Directory** - Are you an entrepreneur? Promote your business to fellow alumni. Not an entrepreneur? Support the businesses of your fellow alumni. alumni.phoenix.edu/bizdirectory
- **Alumni Chapters** - There are Alumni Chapters in cities across the country. Share experiences, advice and contacts informally by joining a chapter near you. To learn more about specific locations and chapter events, visit alumni.phoenix.edu/chapters.
- **Benefits & Savings** - Save money on brand-name items through University Marketplace, featuring discounts and cash-back offers from hundreds of retailers. Visit uopxalumnimarketplace.com. University of Phoenix also has partnerships with several businesses to bring discounts to UOPX alumni. You can find these special offers on the Benefits and Discounts page of the Alumni Association website.
- **Scholarships** - The Center for Scholarship Excellence and the Alumni Association have scholarships specifically designed for alumni. Take a look at the scholarship opportunities available to help you continue your education. Visit alumni.phoenix.edu/scholarships.
- **Social Media** - When our network grows, so does yours. Connect and stay in touch with fellow graduates near and far through Facebook®, Instagram®, LinkedIn®, Pinterest® and Twitter® online communities.
- **Homecoming** - The Alumni Association hosts Homecoming festivities across the country every year. Visit with old friends and make new connections. Other local networking and career events are held throughout the year. alumni.phoenix.edu/events
- **Phoenix Focus** - Be in the know with Phoenix Focus, your alumni magazine, featuring alumni profiles, career advice and in-depth articles to inspire you. Read the latest edition of Phoenix Focus at alumni.phoenix.edu/pf.
- **Share Your Story** - Tell others how education played a part in your success. Email your story to alumni@phoenix.edu.

**Financial Services**
- **Student Loan Resources** - Manage your student loan repayment options and make better financial decisions with iGrad, our complimentary financial planning tool. Visit alumni.phoenix.edu/iGrad.

**Academic Resources**
- **Complimentary online resources** - Keep learning and brush up on skills you use in the workplace with continued 24/7 access to the University Library phoenix.edu/library, the Center for Mathematics Excellence phoenix.edu/mathematics-excellence and the Center for Writing Excellence phoenix.edu/writing-excellence.
- **Transcripts** - Need a copy of your transcript? Visit phoenix.edu/students/transcripts to order one.

Admission Procedures

Application Process
Potential students applying for admission to the University’s undergraduate degree programs begin the admission process by submitting a complete and accurate application. An application which is later verified to contain incomplete, false or misleading information may be grounds for dismissal and administrative withdrawal. Once the application has been received by the University, applicants are responsible for ensuring the completion of their admission file. No applicant will be formally accepted for admission until their admission file is complete and officially evaluated. Formal written notice is provided by the central Office of Admissions & Evaluation upon formal acceptance. The University will advise students which admission file documents are required in order to begin a program of study. Students may attend their first four courses under Registered status. Students, however, must submit all admission documentation and gain unconditional admission status prior to the start of their fifth course. Students failing to submit all documentation prior to the end of the required time frame will be administratively withdrawn until formally admitted by the central Office of Admissions & Evaluation. The University cannot guarantee that a student who begins course work under Registered status will be admitted to the degree program.

Undergraduate students who have served in the United States military must submit their Joint Services Transcript (JST) or a transcript from a regionally accredited military university or college (Community College of the Air Force and US service academies). If these documents are unavailable, American Council on Education Registry Transcripts (AARTS and SMARTS) or discharge papers (DD-214) will be accepted. This is a requirement if students will be applying for VA educational assistance.

Applications of individuals who have not gained admission to, or enrolled in the University, will be kept on file for one year. After that time, the applicant is required to submit a new application and materials for admission review.

Transcript Requests of Other Institutions
Because institutions vary in the time they take to respond to transcript requests, all transcripts should be requested immediately upon submission of an application. University staff will process all requests for transcripts on behalf of the student unless the transferring institution does not accept third party requests. However, it remains the student’s responsibility to ensure that all transcripts are submitted to the University. Students must sign a “Transcript Request Form” for each transcript being requested from educational institutions and national testing programs.

Official Transcript Time Limits
All official transcripts must show an issuance date not more than one year prior to receipt by the University. This is to ensure that all prior course work is reflected on the transcript. Official foreign records do not have the same time limit issuance requirements, as these documents may be difficult to obtain. This exception does not apply to Canada or U.S. territories.

General International Admissions Information
Graduate applicants relying on educational credentials from an institution outside of the United States to meet admission requirements may enroll in University of Phoenix courses prior to the student being officially admitted only if they meet all the following requirements:

- If residing in the United States, have an appropriate immigrant or nonimmigrant status which does not prohibit educational studies
- Graduate applicants must have a professional evaluation report (or pre-eval completed by the Office of Admissions and Records from a country that the Office of Admissions & Records evaluates in-house) indicating that the student has the appropriate academic background to meet the admission requirements, and
- All other program specific admission requirements must be met.

An applicant who has earned an undergraduate degree, or other transfer credit, from an institution outside of the United States, but has earned a Master’s degree from a regionally accredited or approved nationally accredited institution is eligible to enroll in the University at the graduate level provided all program specific policies have been met by the previous credential earned without requiring an evaluation of the previous international credentials.

Undergraduate applicants relying on educational credentials from an institution outside of the United States may enroll in University of Phoenix courses upon the completion of their admission application and enrollment agreement provided that they meet all admission requirements for their selected program.

For applicants with academic records from colleges or universities earned outside of the United States, the University will accept copies of academic records issued from international institutions to conduct a pre-evaluation to determine comparability of previous academic studies for unofficial placement and advisement purposes.

For official admission and transfer credit evaluation purposes previous academic credentials earned outside of the United States must meet the University’s verification standards prior to an official admission or transfer credit decision being rendered. Verification of previous academic credentials earned outside of the United States can be satisfied by the following methods.

- Receipt and verification of official academic credentials issued directly to University of Phoenix by the student’s previous institution, or
- Receipt and verification of official academic credentials held in possession of the student as the official record of academic studies conducted in the student's specific country, or
- Receipt and verification of official correspondence issued directly to University of Phoenix by the student’s previous institution indicating copies of academic credentials and/or level study is valid, or
- Receipt of an official professional evaluation issued directly from a professional evaluation agency that is approved to satisfy verification requirements as indicated by the Office of Admission and Records.

For applicants with academic records from colleges or universities earned outside of the United States from a regionally accredited or approved nationally accredited institution, academic credentials will be subject to the same policies as credentials issued from a domestic institution.

Secondary completion credentials earned outside of the United
States are considered comparable to United States secondary completion credentials and do not need to be validated unless required by the student's state or jurisdiction.

Applicants who completed high school/secondary school outside of the United States, in a country where English is not the official language, must meet the English language proficiency requirement for admission. Specific English language proficiency policies will be listed in the admission requirements section for each program.

If documents are issued to University of Phoenix in a language other than English, the student will be required to obtain an official translation and submit it to University of Phoenix. Translations must be completed/verified by an official translation service, a foreign language department of an accredited college or university, the country’s embassy/consulate or by the Office of Admission and Records at University of Phoenix if translation services are provided for that specific language.

The University is authorized under Federal law to enroll nonimmigrant students. University of Phoenix only issues Forms I-20/A-B to Border Commuters and approved doctoral learners during their residency in the United States. Form I-20/A-B is required by students who need to obtain F-1 (Student) visas to attend school in the United States. The University is only authorized to issue the I-20 for students attending specific campus locations and programs recorded with DHS.

Admission Deadlines
The University cannot guarantee that a student who begins coursework will be admitted to his/her degree or credit-bearing certificate program. Students in all programs must be officially admitted by the completion of their fourth University course. Students who are unable to be admitted by the completion of their fourth University course will be administratively withdrawn from the University and placed on Admission Deadline Exceeded (DE) admission status.

Admissions Appeal Process for Expelled Students
Expelled students are not eligible for admission to University of Phoenix. No appeals will be accepted for students expelled from University of Phoenix. Appeals will be reviewed for students who were expelled from other institutions. Applicants for admission are not eligible to begin classes until formal approval of the appeal is obtained. Students who fail to disclose all prior colleges and universities attended on their Application for Admission may result in a charge under the Student Code of Conduct if it is discovered after their admission to UOPX that they were expelled from an undisclosed institution.

Undergraduate Admission Requirements

Most undergraduate programs have additional admission requirements listed within the program specific information. All applicants are expected to meet the following admission requirements:

- Applicants who completed high school/secondary school outside of the United States, in a country where English is not the official language, must meet one of the following exceptions in order to meet the English Language Proficiency Requirement:
  - achieved a minimum score of 213 on the computer-based test (cBT), or a score of 79 on the internet-based test (iBT), or a score of 550 on the written-based test (wBT) on the Test of English as a Foreign Language (TOEFL) within two years of application to the University.
  - achieved a minimum passing score of 750 on the Test of English as an International Communication (TOEIC) within two years of application to the University.
  - achieved a minimum passing score of 6.5 on the International English Language Testing System (IELTS) within two years of application to the University.
  - achieved a minimum score of 69 on the Berlitz Online Test of Reading and Listening Skills - English or a minimum score of 550 on the Berlitz Online English Proficiency Exam within two years of application to the University.
  - successful completion of the approved ESL series of courses completed at: Canadian College of English Language (CCEL), International Language Schools of Canada (ILSC) or Kaplan.
  - achieved a minimum score of 59 on the Pearson Test of English Academic Exam within two years of application to the University.

- The following may exempt a non-native speaker from having to take the TOEFL/TOEIC/IELTS, however official documentation may be required:
  - The applicant has successfully completed thirty (30) transferable, academic semester credits at a regionally or nationally accredited college or university in the United States.
  - The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized college or university in a country in which English is the official language.
  - The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized institution where English is the medium of instruction.

- The applicant has previously earned, prior to applying for admission to the University of Phoenix, a U.S. high school diploma or G.E.D. Applicants that list any language other than English as their native language on the admission application and G.E.D is taken, must submit a copy of the G.E.D to verify it was taken in the English version format.

- The applicant has earned the equivalent of a U.S. high school diploma in a country in which English is the official language.

- The applicant has earned the equivalent of a U.S. high school diploma at an institution where English is the medium of instruction.

- Applicants who reside in the United States must meet one of the following requirements:
  - Be a legal resident of the United States
  - Have been granted permanent residency
  - Have a valid visa that does not prohibit educational studies
  - Have been granted temporary protected status and has been verified through Citizenship and Immigration Service that the country is eligible for TPS status at the time of application sign date. Student must list TPS as the visa type on the admissions application in order for US to verify TPS status.
  - Have been granted asylum or refugee status.
Experiential Learning (essay) credit is not eligible to waive courses outside of standard course waiver policy requirements to facilitate seamless transfer for Associate degree completers.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student's required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy.

**Residency Requirements and Course Waivers for**

**Residency Requirements and Course Waivers for Bachelor Programs**

Please see the program for any additional program specific residency requirements and course waivers. The following does not apply to nursing and education programs.

- Students must meet the established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits (as a part of the final 60 credits of the program) come from a combination of the Required Course of Study, General Education, and Electives must be completed at University of Phoenix.

- In order to be granted a waiver for a course in the required course of study, the student must have completed a previous credit bearing activity in transfer which meets the following criteria:
  - The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
  - The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.

- The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

- Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.

Please see the program for any additional program specific residency requirements and course waivers. The following does not apply to nursing and education programs in addition to the AACR.

- Students must meet the established University residency requirement for degree conferral. The University requires that the majority of coursework, 15 credits (as a part of the final 30 credits of the program) from a combination of Required Course of Study and General Education courses must be completed at University of Phoenix.

- In order to be granted a waiver for a course in the required course of study, the student must have completed a previous credit bearing activity in transfer which meets the following criteria:
  - The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
  - The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.

- The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

- Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.

- Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.
Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student’s required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy.

University Orientation Workshops

Applicants to designated undergraduate programs requiring the Workshop for admission who list less than 24 previous college credits as recognized by the University on the admissions application are required to successfully complete a three week University Orientation Workshop (UNIV 100 for Online or UNIV 101 for local campus) prior to attending a credit bearing degree applicable course.

The following define the University Orientation Workshop statuses:

- Orientation Complete (OC): Applicant has attended all three weeks and successfully submitted all assignments.
- Orientation Not Complete (ON): Applicant has not successfully completed all Orientation requirements and will remain on Orientation Pending (OP) admission status. Applicants will be allowed two attempts to successfully complete the Orientation. After a second unsuccessful attempt, participants are required to sit out for a period of six months after the last posted attendance in the second attempt.
- Orientation Extended (OX): An extension has been awarded to eligible applicants who require reasonable accommodations under Americans with Disabilities Act (ADA). If an applicant does not fulfill the Orientation Workshop requirements at the end of the extension period, the OX status will default to Orientation Complete (OC) or Orientation Not Complete (ON) status. Orientation Complete (OC) and Orientation Not Complete (ON) completion statuses are not considered grades and will not be calculated in the grade point average (GPA). Students who were previously admitted to the University are not required to complete the University Orientation Workshop.

Risk Free Period Policy

Students enrolled in programs that are eligible for the risk free period policy* are not required to complete a University Orientation Workshop. The first three weeks of the first course constitute the trial period for programs that are eligible for the risk free period policy. First time attendees who indicate less than 24 previous college credits (as recognized by the University) on the admission application, have not previously been admitted as a regular student to the University, and who are intending to pursue such programs will participate in the trial period and will be conditionally admitted. This trial period will apply to all repeated attempts to successfully complete the first course in the program while students are in Admitted with Condition status. Students will be eligible for unconditional admission to the University after meeting class attendance requirements in the fourth week of their first course (or after the fourth week) and after having transfer credits evaluated.

Students will not be eligible for Title IV, HEA funds until they are admitted as a regular student after the trial period has completed. Once admitted as a regular student, students become eligible for Title IV, HEA program funds back to the beginning of the payment or loan period, as applicable, including the trial period. Students who decide not to continue in the trial period may opt out with no financial obligation prior to meeting class attendance requirements for their fourth week in their first course with the University. Students who withdraw after the trial period and do not continue enrollment will not be eligible for Title IV, HEA program funds for the trial period.

Students who successfully complete all university Orientation Workshop requirements will be admitted as a regular student after the trial period has completed. Students who do not meet the class attendance requirements for the trial period will default to Orientation Extended (OX) status. After a second unsuccessful attempt, participants are required to sit out for a period of six months after the last posted attendance in the second attempt.

First-Year Sequence

- Applicants disclosing 24 or more previous college credits on the admissions application, enrolling in designated undergraduate programs must successfully complete the entry course as outlined in the individual program policy as the first course with University of Phoenix, and are not required to enroll in the First-Year Sequence.
- Applicants disclosing fewer than 24 previous college credits on the admissions application, enrolling in designated undergraduate programs, are required to complete the First-Year Sequence.
- Prior Learning Assessment and credits earned through National Testing Programs are not included as previous college credits when determining placement in the First-Year Sequence.
- First-Year Sequence students must satisfy all seven (7) required courses from the First-Year Sequence prior to enrolling in any other program applicable course.

Some courses require prerequisites. Prerequisites and course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

University of Phoenix, 2015-2016
Critical Thinking and Creative Problem Solving

PSY 211 ~ ................................................................. 3 credits

Essentials of Psychology

SCI 163 ~ ............................................................... 3 credits

Elements of Health and Wellness

FP 120 ~ ................................................................. 3 credits

Essentials of Personal Finance

• SOC 110 is an optional course that may be taken prior to the completion of the First-Year Sequence. Students choosing to take SOC 110 may take the course any time after GEN 195.

• With the exception of GEN 195, FP 120, and HUM 114, First-Year Sequence course requirements may be satisfied by any of the following means:
  • University of Phoenix coursework,
  • Regionally or nationally accredited transfer coursework (C- or higher grade),
  • National Testing Programs
  • ACE evaluated Military credits.

• Transfer activity used to satisfy a First-Year Sequence course must be comparable in content to the University of Phoenix course it is replacing, must be at least 2.67 credits, and must be equivalent level or higher.

• Concurrent enrollment is prohibited during any of the courses in the First-Year Sequence.

Course Descriptions for First-Year Sequence

GEN 195 ............................................................... 3 credits

Foundations of University Studies

The essential information, skills, tools, and techniques necessary for academic success and personal effectiveness at the University of Phoenix are introduced in this course. The course develops and applies practical knowledge and skills immediately relevant to first-year university students. Course topics include goal setting and working with personal motivation, understanding and using University resources, developing efficient study habits, making the most of personal learning styles, and how best to manage time and reduce personal stress levels.

COM 170 ............................................................... 3 credits

Elements of University Composition and Communication I

This course addresses the key elements necessary for effective academic writing in college. The course begins with focus on pre-writing strategies and builds to drafting and revising essays. In addition, the course includes skill development at the sentence and paragraph level.

COM 172 ............................................................... 3 credits

Elements of University Composition and Communication II

This course builds upon the foundations established in Com155. It addresses the various rhetorical modes necessary for effective college essays: narration, illustration, description, process analysis, classification, definition, comparison and contrast, cause and effect, and argumentation. In addition, requirements for research essays, including the use of outside sources and appropriate formatting, are considered.

HUM 114 ............................................................... 3 credits

Critical Thinking and Creative Problem Solving

This course focuses on developing the critical and creative thinking skills necessary to analyze and solve problems, make decisions, implement strategies, and formulate well supported points of view on key academic, social, and professional issues. The principles of creative thinking are essential to critical thinking skills. Students will learn how to evaluate their ideas and how to communicate their points of view persuasively.

PSY 211 ................................. 3 credits

Essentials of Psychology

This course overviews the foundations of psychology as the field applies to everyday life. The physical and mental aspects of psychology are traced through lifespan development with emphasis on psychological health and wellness. Further study focuses on personality; thinking, learning and memory; motivation and emotions; and gender and sexuality. Based in various historical traditions, the course is set in the context of contemporary psychological principles.

SCI 163 ................................. 3 credits

Elements of Health and Wellness

This course reinforces the concept that learning effectively and living well involves both the mind and body. It presents the fundamentals of wellness and preventive health including strategic planning to attain and maintain personal optimal health. In addition, physical and mental diseases are discussed along with the dangers of environmental pollution, stress, addiction, and other negative factors that can affect personal health.

FP 120 ............................................................... 3 credits

Essentials of Personal Finance

This course provides an overview of the elements necessary for effective personal financial planning and the opportunity to apply the techniques and strategies essential to this understanding. Primary areas of study include creating and managing a personal budget, understanding and paying taxes, working with financial institutions, wise use of credit cards and consumer loans, financing automobiles and homes, and the use of insurance for protecting one’s family and property.

SOC 110 ............................................................... 3 credits

Teamwork, Collaboration, and Conflict Resolution

This course provides an applied approach to teambuilding, collaboration, and conflict resolution. Students will understand and apply these concepts within academic and professional settings. Students will develop structures, processes, and strategies to create and maintain effective teams. Gender, cultural, and individual considerations in team dynamics will also be explored.

Waivers

The University defines a waiver as the substitution of a required course at the University with a course of the same level listed on an official transcript from another institution. Students may find specific course waiver information for their program after the applicable required course of study. Students requesting course waivers must have formal written requests submitted to the central Office of Admissions & Evaluation, utilizing the Request for Course Waiver Form citing the courses requested to be waived, the courses to be transferred into the required course of study, and the university where the transfer courses were completed.

An official catalog course description must accompany the request. The official transcript from the institution where the course was completed must also be submitted, unless it has previously been submitted to the University as part of the application process.
General Education

In its commitment to help working adults achieve their professional and personal goals, the University of Phoenix endorses the role of general education in ensuring student success in the classroom, the workplace, and the community. The general education curriculum, which is developed through the College of Humanities and Sciences, provides instruction that focuses on skills in communication, critical thinking, and computation, and fosters a philosophical orientation that enables students to function as productive members of society. The University’s general education program embraces four goals:

- To refine students’ abilities to apply problem-solving skills in many settings and contexts.
- To promote students’ active awareness of their relationships to the natural, social, and cultural environments.
- To develop students’ appreciation for and commitment to lifelong learning.
- To prepare students with competencies needed to fully benefit from and successfully complete their professional programs of study.

Undergraduate general education requirements emphasize the mastery of competencies within the respective frameworks of mathematics and physical sciences, life sciences, technology, communication arts, social sciences, and humanities. Students are required to demonstrate proficiency in written and oral communication, in the handling and use of quantitative information, and in the application of analytic and synthetic-creative thinking skills. This background provides students with the perspectives needed for meaningful self-examination of personal and social values, as well as enhanced ability to understand and cope with social, technological, and cultural change.

If elective curriculum is taken to satisfy graduation requirements, the courses taken cannot duplicate credits earned in the required course of study, credits earned at other institutions, credits earned through national testing programs, or credits awarded through Prior Learning Assessment.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, students should be able to demonstrate the following learning outcomes by the time they complete this program:

- Students will apply scientific reasoning and knowledge, and use basic research methods in science to explain key concepts in the physical and life sciences.
- Students will develop the necessary writing skills to share knowledge, present analysis and engage effectively in daily workplace communication.
- Students will employ appropriate technology to collect, analyze, synthesize and disseminate information.
- Students will use mathematical principles to interpret and represent information in various mathematical forms, and perform computation and quantitative analyses to solve problems and draw appropriate conclusions.
- Students will incorporate essential knowledge, theories and research methods in social sciences, history and behavioral sciences to analyze and propose solutions for social, political and economic problems.
- Students will use information literacy principles to locate and evaluate information for relevancy, reliability and currency.
- Students will evaluate the role of diversity, including culture, class, ethnicity and gender identity, in human affairs.
- Students will analyze works of art and literature as aesthetic and cultural expressions of specific historical and social contexts to demonstrate artistic involvement in society.

Liberal Arts Components

The liberal arts component of the General Education Program is comprised of traditional liberal arts categories. The number of credits required in each category varies by program and may be found after each program. The purpose of this component is to ensure that students are exposed to a breadth of traditional liberal arts essential to a baccalaureate experience, and is distributed as follows:

**Communication Arts**, credit requirements vary by program

Course work in the Communication Arts primarily focuses on the development and application of writing, speaking, group process, and interpersonal communication skills.

**English/Language Arts**, credit requirements vary by program

Course work in the English/Language Arts primarily focuses on the development and application of writing, speaking, group process, and interpersonal communication skills.

**Mathematics**, credit requirements vary by program

Course work in the mathematics area develops quantitative and analytical skills in the fields of mathematics and advanced logic.

**Social Sciences**, credit requirements vary by program

Course work in the social science promotes understanding of human behavior as well as the structure and dynamics of social systems. Emphasis is on the discovery of patterns in social processes and institutions, both past and present. Courses in anthropology, sociology, ethnic and gender studies, geography, political science, psychology, history, and certain communications courses focusing on mass media and society typically satisfy these requirements.

**Humanities**, credit requirements vary by program

Course work in the humanities focuses on the development of ideas and values, appreciation of cultural and artistic achievements, and the evaluation of human experience. Courses in general humanities, philosophy, literature, fine arts, music, theater, and religious studies normally satisfy requirements in this area. Certain courses in political science and intellectual history emphasizing the development of cultural thought processes may also satisfy humanities requirements.

**Fine Arts**, credit requirements vary by program

Course work in the fine arts focuses on the development of ideas and values, appreciation of cultural and artistic achievements, and the evaluation of human experience. Courses in general humanities, philosophy, literature, fine arts, music, theater, and religious
studies normally satisfy requirements in this area. Certain courses in political science and intellectual history emphasizing the development of cultural thought processes may also satisfy humanities requirements.

Science/Technology, credit requirements vary by program
Course work in the sciences provides students with an understanding of nature and the physical world, along with knowledge of the methods scientists use to study the world around them. Courses in astronomy, biology, chemistry, physics, anatomy and physiology, geology, and environmental science typically satisfy requirements in this area. All students must complete a minimum of three credits in the physical/biological sciences as part of the six credit Science/Technology requirement. Certain courses in geography or aerospace studies which emphasize the earth’s physical characteristics, weather, and climate are included in the science category, along with highly specialized course work in the social sciences such as physical anthropology, archaeological field methods, and psychology courses which focus on human physiological processes.

Technology refers to the application of scientific knowledge in making and using tools to enhance materials culture. Course work in the area of technology which satisfies general education requirements includes engineering, materials science, electronics courses that emphasize theory and design, and computer science courses that focus on programming languages and hardware/software engineering. Courses which focus primarily on the social and environmental conflicts which arise over the uses of technology usually satisfy requirements in the social sciences and humanities.

Liberal Arts, credit requirements vary by program
Students will pursue more depth in the liberal arts by selecting two different courses in any of the liberal arts categories listed above.

Interdisciplinary Component
Interdisciplinary, credit requirements vary by program
To fulfill this requirement, students may select additional general education courses, or they may select from any University courses other than those in their major field. The intent of this requirement is to further increase students’ exposure to the liberal arts and to facilitate their exposure to a field of study beyond the necessarily narrow scope of their professional interest. Students are encouraged to explore diverse content areas to add depth to their academic and professional knowledge base.

General Education at the University Level
In addition to the General Education requirements, each degree program at the University of Phoenix includes courses (elective and core-required) that integrate general education principles. The University of Phoenix’s educational philosophy is based on the integration of theory and practice. Within that philosophical framework, a number of the courses required for the professional programs have a strong general education component.

Prior Learning Assessment
Prior Learning Assessment Eligibility Guidelines
University of Phoenix offers Prior Learning Assessment (PLA) as an option by which students can earn assessed credits toward degree completion requirements.

All prior learning must have academic equivalence to college-level learning to be awarded credit.

• All coursework, professional training, and Experiential Learning must be of sufficient academic merit and must be determined to have learning, rigor and breadth of knowledge at the postsecondary level as defined by the University’s acceptable transfer activity policy.

• Credit is granted for demonstrated knowledge, not for experience alone. Learning must be clearly differentiated from experience through the appropriate demonstration of knowledge application and supporting documentation.

Students are required to submit official and verifiable supporting documentation for all courses, professional training, and experiential learning essays upon applying to PLA. This documentation includes, but is not limited to, proof of completion, proof of course length, proof of course modality, course descriptions, and verification letters. Documentation of professional training submitted for evaluation must match the timeframe in which the license was completed.

The student must demonstrate college-level writing skills in Experiential Learning Essays conforming to the writing standards required of all students enrolled at University of Phoenix.

Credits will be awarded for coursework, professional training, and experiential learning only when it does not duplicate credits previously applied as transfer activity, the UOPX required course of study, or topics from other submissions for credit.

The University of Phoenix recognizes credit recommendations of the American Council on Education ACE/CREDIT Guide, the American Council Guide to Educational Credit by Examination, and the National College Credit Recommendation Service (NCCRS). Credit is awarded using the recommendations as a guide and is not required to be assessed internally by the University’s PLA department.

Courses which have been transcripted for academic college-level credit by a regionally accredited institution are not eligible for evaluation through the assessment process, whether or not credit has been awarded, unless they are Continuing Education Units (CEU), professional training courses, extension courses, or courses that are generally considered less than degree applicable college-level credit.

PLA may apply towards both the lower division and upper division credit requirements of the University’s undergraduate degree programs unless otherwise specified in policy or limited by the state or jurisdiction of a student’s residence. PLA may also apply towards graduate level requirements upon the assessment and review of the activity by the appropriate college or school in which the associated graduate level program or courses reside.

Students may not rewrite an Experiential Learning Essay more than once.

Students may submit a completed Experiential Learning Essay up to 90 days after an essay topic has been removed or modified from the Approved Essay Topic List.

University of Phoenix Code of Academic Integrity Policy is applicable to all PLA submissions.

Prior Learning Assessment Credit Assessment
Credit is awarded based on clock hours or academic content equivalence as determined by PLA evaluators or one of the University’s Colleges, Schools, or the Provost’s Office.

If an item submitted for professional training review is determined by the evaluator to be so extensive that it is worth more than three credits, the evaluator may recommend division of the content into multiple course titles.
Experiential Learning Essays shall be awarded one, two, or three lower division or upper division undergraduate semester credits as indicated on the Approved Essay Topics List. With an approved essay, the student will be awarded the credit as indicated in the essay submission documentation. Incomplete or unsatisfactory essays will not be awarded credit. No partial credit will be awarded for essays.

Experiential Learning Essays will be awarded credit limited in application to elective and/or general education options at the undergraduate level only.

Assessed credits will appear on the student’s University of Phoenix transcript after they are awarded.

Students have the right to challenge credit awards. Challenges must be submitted to PLA in writing by the student within six weeks of the date of the credit award letter. Challenges received after this date will not be considered.

A student enrolled in an associate degree program may earn a maximum of 15 credits for Experiential Learning Essays and a student enrolled in a baccalaureate program may earn a maximum of 30 credits for Experiential Learning Essays.

Corporate Partnerships - Credit Recommendation Guide

The University will endeavor to create Corporate Partnerships with other corporations as appropriate in order to enhance transfer credit options for students coming to University of Phoenix. Transfer credit recommendations will be created in the format of a Credit Recommendation Guide (CRG).

CRGs will define transferability, applicability, and individual credit recommendations of partner corporations' professional training/seminars, deemed by assessment as comparable to college level learning, to University undergraduate degree program credit requirements. Credits indicated on a CRG are only a recommendation and not a guarantee of credits to be awarded as professional training programs and content may change over time.

Evaluation and determination of credit award for activities listed on the CRG will follow the Credit Assessment Guidelines as indicated in Prior Learning Assessment Credit Assessment. A list of corporations with which University of Phoenix has established corporate partnerships can be viewed at http://www.phoenix.edu/admissions/prior_learning_assessment/corporate-credit-recommendation-guide.html.

Prior Learning Assessment Submission and Posting & Fees

Charges arising out of services and the posting of credit awarded for prior learning are separate and apart from tuition and curriculum fees.

When materials are complete, they are sent to Prior Learning Assessment in Phoenix and a non-refundable application fee is required and collected. The evaluation and posting fees apply to credit awarded through Prior Learning Assessment:

Student portfolios are subject to fees related to evaluation and assessment of all portfolio inclusions. The fees may vary depending upon number of items reviewed. Fee structure and information may be viewed at: http://www.phoenix.edu/admissions/prior_learning_assessment.html.

Standardized Credit Recommendations

Credits awarded through the assessment process are applicable to University of Phoenix degrees, and may be transferable subject to the receiving institution’s discretion.

Credit awards are applied to Associate or Bachelor elective or general education areas within degree programs. Student degree program admission is required (all other transfer credit applied in the program) prior to portfolio submission.
The study of Humanities and Sciences illuminates the world in which we live. Through the Humanities we have a greater understanding of the human experience on its highest cognitive, spiritual, and social levels. Students in the Humanities learn to think critically, effectively express themselves, understand the complexities of diverse cultural identities, appreciate the power of words, images and ideas, and interpret the human experience. Studying the sciences gives students insight into the fundamental processes of nature and provides the basic knowledge needed to understand modern scientific accomplishments. Students also develop independent and critical thinking for problem solving that forms the basis of lifelong learning. The College of Humanities and Sciences offers a variety of courses in Biology, Communication, English, Environmental and Natural Sciences, History, Languages, Literature, Mathematics, Philosophy, Politics, Religion, and the Arts.

Bachelor of Science in Communication

The following Bachelor of Science in Communication (BS/COM) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Bachelor of Science in Communication (BS/COM) degree program is designed to develop knowledge and skills for effective communication in a variety of public and private work environments. The program was created specifically to build upon personal and professional communication experiences. The BS/COM degree enhances the communication skills necessary for the development of professional competence and values; critical thinking and problem solving; information utilization; and collaboration. The curriculum focuses on the development of core communication competencies. It emphasizes theory and application in the domains of interpersonal, small group, organizational, and mass communication. Specific areas of focus include business communication, diversity, intercultural communication, conflict resolution, legal and ethical issues, media and culture, and future trends in communication technology.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Humanities and Sciences graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program:

- Students will apply the theoretical concepts and techniques of communication in their professional and personal environments.
- Students will apply interaction strategies in interpersonal, intercultural and organizational settings using multiple media.
- Students will evaluate communication effectiveness in the workplace.
- Students will apply research methods in the field of communication.
- Students will apply ethical principles to all communication channels and strategies.
- Students will recognize the legal implications of the use of all types of communication.
- Students will apply research methods in the field of communication.

BS/COM Required Course of Study

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Concentration in Marketing and Sales Communication

The concentration of Marketing and Sales Communications focuses on the science of humanistic interaction in marketing and sales. Emphasis is placed on understanding the psychology of behavior, and the impact that it has on marketing communication tools and strategies. The ethical responsibility associated with customer message management is also emphasized throughout the program.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/bs-com-ms.
### Concentration in Communication and Technology

The concentration in Communication and Technology focuses on the enhancement of communication through technology and offers a student the opportunity to explore creative communication solutions through Web sites, electronic publishing, image editing, and multimedia development.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/bs-com-ct.

### Concentration in Culture and Communication

The concentration in Culture and Communication is designed to prepare students with a well-rounded view of diversity in American society. Students will focus on the experiences of people from different cultures and how communication differs by race and gender. In addition, students will gain a global perspective on race, ethnicity, and class in the United States. Students will compare cultural topics such as Asian American, African American, Hispanic American, gender, and their differences.

### Concentration in Journalism

The journalism concentration focuses on the contemporary initiatives and multi-tiered technology of today's field of journalism. The curriculum emphasizes a variety of communication techniques, to include writing and reporting, that assist in understanding the ways individuals and organizations share and publish information. The awareness of ethical and social responsibility associated with the modern media landscape is emphasized throughout the program.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/bs-com-ct.

### Additional Admission Requirements for the BS/COM

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.

### Degree Completion Requirements for the BS/COM

- Completion of a minimum of 120 credits that include the following distribution:
  - A minimum of 42 upper division credits.
  - All students must meet the General Education areas approved by the university.
  - A minimum grade point average (GPA) of 2.0.
  - All students must complete the minimum number of credits required by their degree program.
  - All undergraduate students are required to complete the minimum general education credits required by their program version.
  - Concentrations are reflected on the transcript only and will not appear on the diploma. The diploma awarded for this program will read as:
    Bachelor of Science in Communication

### General Education Requirements for the BS/COM

A minimum of 54 of the 120 credits must be in the general educa-
Undergraduate students must satisfy math and English
Satisfy University Proficiency Requirements
Many courses in the Required Course of Study build on or
Must include at least 3 credits in the physical or biological sciences
Additional Liberal Arts, 6 credits
Interdisciplinary Component, 18 credits
Any credit that is not being applied to the primary major as a waiver may be applied to the lower division electives/Interdisciplinary requirement. Physical Education activity credits are limited to four (4) credits.
Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.
For a description of the preceding general education areas, see the Undergraduate Programs section within this catalog.

Additional Academic Progression Requirements for BS/COM

- Applicants to this program will be required to follow the university’s First-Year Sequence policies. Students required to enter the First-Year Sequence will complete GEN 195 as the first course in their program. Students not required to enter the First-Year Sequence will complete GEN 200 as the first course in their program.
- With the exception of course requirements outlined in the First-Year Sequence policies, General Education and Elective course requirements may be satisfied by any of the following means:
  - University of Phoenix coursework,
  - Regionally or nationally accredited transfer coursework (C- or higher grade),
  - UOPX Prior Learning Assessment
  - National Testing Programs, and
  - ACE evaluated Military credits.
- Many courses in the Required Course of Study build on or reinforce each other. To ensure that students have the requisite skills for specific coursework, certain program areas must be satisfied before students can progress to others.
- Satisfy University Proficiency Requirements
- Undergraduate students must satisfy math and English proficiencies as a condition of degree conferral and as a degree progression requirement prior to specific courses in their program.
- Students have the following options to fulfill proficiency:
  - Successful completion of University of Phoenix math and English courses designated as applicable to the proficiency requirement
  - Comparable regionally or approved nationally accredited transfer, or credit recommended by the American Council on Education transfer coursework that meets the following requirements:
    - Completed within ten years of enrollment
    - Grade of C- or better (or academic equivalent)
    - At least 2.67 semester credits
    - Eligible to receive general education credits
- Achieve a passing score (as established by the American Council on Education) on a comparable National Testing Program (NTP) exam completed within ten years of enrollment.
- Demonstrate competency by meeting minimum passing score on University of Phoenix approved placement exam.
- Students who satisfied the English and/or math proficiency and sign a new enrollment agreement may carry forward the completed proficiency in their new program/version provided they have remained in continuous attendance in alignment with the University’s Re-Entry policy.

Additional Residency Requirements and Course Waivers for BS/COM

Students in this program may waive a maximum of 27 credits from their required course of study.
The following courses in the required course of study may not be waived: GEN 200, GEN 300, COM 480

Re-entry for the BS/COM
With the exception of AAEE, BSED/E, BSLS, LVN/BSN, LPN/BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry.
Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry.
Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork will not be required to complete GEN 200 (or equivalent) upon re-entry.
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.
Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

COLLEGE OF SECURITY AND CRIMINAL JUSTICE

The College of Security and Criminal Justice prepares students for professional and management-related career opportunities in criminal justice and security by applying a multidisciplinary comparative management approach to criminal justice theory and practice. Students will be prepared to understand, explain, and predict criminal justice and security concepts and to contribute to the development of public and private policy within communities. Our mission is to enhance the academic preparation and professionalism of the nation’s criminal justice and security communities through access to quality criminal justice and security higher education. The College of Security and Criminal Justice provides innovative, respected, relevant, affordable, and student-focused programs, designed to prepare students for opportunities of service and leadership in a diverse, global society. Curriculum is delivered by experts who relate both theory and practice in this evolving field. The College has earned respect through continuous improvement driven by a combination of innovation in the field and empirical evidence of learning outcomes, all of which is accomplished through the integrity, teamwork, and creativity of college faculty and staff. We are a respected criminal justice and security college, known for its distinctive strengths in providing superior and relevant educational programs to its students. It is the student’s responsibility to ascertain whether their past history and conduct may prohibit their placement or participation in the criminal justice and security field. The University makes no guarantee or representation that the student will meet all qualifications for such employment or licensure for the occupation or profession related to the chosen program.

The Bachelor of Science in Organizational Security and Management

The following Bachelor of Science in Organizational Security and Management (BS/OSM) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Bachelor of Science in Organizational Security and Management degree is designed to address an increasing national and international need for greater technical competence and professionalism in the security industry. The distinctions between the roles of criminal justice agencies and private security organizations are recognized and the degree program provides the required knowledge for a student to develop competency and management skills in organizational security. While the program includes courses in Terrorism and Homeland Security, it also recognizes the depth and breadth of the discipline and provides a variety of courses designed to expose students to the entire spectrum of the security profession. For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/bs-osem.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Security and Criminal Justice graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will demonstrate an integrated holistic approach to the application of enterprise risk management techniques for physical and technology security.
- Students will comprehend and synthesize diverse ethical, competent and professional leadership skills that are founded on core values congruent with evidence-based legal and professional standards in the modern security discipline.
- Students will master effective, practical and sound security-based problem-solving skills, risk assessment methodologies based on theoretical and technical competences designed to efficiently identify and evaluate problems, utilize critical-thinking skills, and provide options for consideration for the implementation of evidence-based solutions to problems.
- Students will identify and describe key components of diverse leadership and communication skills.
- Students will apply understanding of STEM competencies relating to the occupational development of security personnel.
- Students will apply learned concepts for the strategic design and development of security specializations and processes within both public and private organizations.
- Students will be able to apply business and financial management acumen to develop and implement fiscal strategies for criminal justice and security organizations.
- Students will define and determine strategies and best practices for enhancing team performance, including identifying implications of diversity for group effectiveness.

Required Course of Study for the BS/OSM

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

GEN 300 ................................................................. 3 credits
Skills for Professional Development
SEC 310 ~ .......................................................... 3 credits
Introduction to Organizational Security and Management
SEC 320 ~ .......................................................... 3 credits
Survey of Security Specializations
CIS 319 ~ .......................................................... 3 credits
Computers and Information Processing

Terrorism
SEC 470 ~ .................................................................3 credits
Homeland Security and Interagency Response
SEC 480 ~ .................................................................3 credits
Capstone Course
The University reserves the right to modify the required course of study.

Additional Admission Requirements for the BS/OSM
All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Applicants must be currently employed or have access to a work environment.
- Signed Criminal Conviction Prohibition Acknowledgement Form

Degree Requirements for the BS/OSM
- Completion of a minimum of 120 credits that include the following distribution:
  - A minimum of 57 upper division credits.
  - A minimum of 54 of the 120 credits must be in the general education areas approved by the University.
- A minimum grade point average (GPA) of 2.00.
- A minimum of 120 total credits that include a minimum of 57 upper division credits. Students must satisfy all required courses of study and general education requirements. Any remaining credits may be satisfied by elective coursework.
- If a student fails to complete SEC 480 with a C- or better, the student must retake the course to satisfy the degree requirement.

Additional Academic Progression Requirements for the BS/OSM
- Applicants to this program will be required to follow the university’s First-Year Sequence policies. Students required to enter the First-Year Sequence will complete GEN 195 as the first course in their program. Students not required to enter the First-Year Sequence will complete GEN 200 as the first course in their program.
- With the exception of course requirements outlined in the First-Year Sequence policies, General Education and Elective course requirements may be satisfied by any of the following means:
  - University of Phoenix coursework,
  - Regionally or nationally accredited transfer coursework (C- or higher grade),
  - UOPX Prior Learning Assessment
  - National Testing Programs, and
  - ACE evaluated Military credits.
- Many courses in the Required Course of Study build on or reinforce each other. To ensure that students have the requisite skills for specific coursework, certain program areas must be satisfied before students can progress to others.
- Satisfy University Proficiency Requirements
- Undergraduate students must satisfy math and English proficiencies as a condition of degree conferral and as a degree progression requirement prior to specific courses in their program.
- Students have the following options to fulfill proficiency:
  - Successful completion of University of Phoenix math and English courses designated as applicable to the proficiency requirement
  - Comparable regionally or approved nationally accredited transfer, or credit recommended by the American Council on Education transfer coursework that meets the following requirements:
    - Completed within ten years of enrollment
    - Grade of C- or better (or academic equivalent)
    - At least 2.67 semester credits
    - Eligible to receive general education credits
- Achieve a passing score (as established by the American Council on Education) on a comparable National Testing Program (NTP) exam completed within ten years of enrollment.
- Demonstrate competency by meeting minimum passing score on University of Phoenix approved placement exam.
- Students who satisfied the English and/or math proficiency and sign a new enrollment agreement may carry forward the completed proficiency in their new program/version provided they have remained in continuous attendance in alignment with the University’s Re-Entry policy.

General Education Requirements for the BS/OSM
A minimum of 54 of the 120 credits must be in the general education areas approved by the University.
Communication Arts, 6 credits
Mathematics, 6 credits
Science and Technology, 6 credits
*Must include at least 3 credits in the physical or biological sciences*
Humanities, 6 credits
Social Science, 6 credits
Additional Liberal Arts, 3 credits
Interdisciplinary Component, 15 credits

Any credit that is not being applied to the primary major as a waiver may
be applied to the lower division electives/Interdisciplinary requirement.
Physical Education activity credits are limited to four (4) credits.

Professional Development, 3 credits

GEN 300 is completed as part of the required course of study
Integrating, 3 credits

SEC 480 is completed as part of the required course of study

Students who lack .67 or fewer general education credits may use
excess interdisciplinary or elective credits to waive the balance. Students
must use excess interdisciplinary or elective credits to waive the general
education balance in order to complete the minimum
general education credits required for their program.

For a description of the preceding general education areas, see the
Undergraduate Programs section within this catalog.

**Additional Residency Requirements and Course Waivers for the BS/OSM**

Students in this program may waive a maximum of 30 credits from
their required course of study.

The following courses in the Required Course of Study may not be
waived: GEN 300, SEC 480

**Re-entry for the BS/OSM**

With the exception of BSED/E, BLS, LVN/BSN, LPN/BSN, and
BSN, students who have been out of attendance for a period of
more than 365 days from the last date of positive recorded attendance
in a program applicable course, and who have less than 24
credits from a combination of UOPX credits, previous college credits
waive the general education balance in order to complete the minimum
general education credits required for their program.

For a description of the preceding general education areas, see the
Undergraduate Programs section within this catalog.

**Bachelor of Science in Criminal Justice Administration**

The following Bachelor of Science in Criminal Justice Administration
(BSCJA) program may be offered at these University of Phoenix campus
locations: Phoenix. The availability of programs and concentrations
depend on student demand and other factors. Not all programs may be
available to all residents of all states. Students may want to consider
completing certain courses in the Online classroom at Online rates if the
program is available via the Online modality in their state. Please contact
your enrollment representative for more information.

The mission of the Bachelor of Science in Criminal Justice Administra-
tion is to provide students with a strong foundation in criminal justice principles, concepts, and theories, as well as a practice ori-
tentation to justice administration. The degree offers a global perspective, as well as specialty coursework in criminal justice
services. Students will receive core instruction in criminal justice as it is represented in the domains of law enforcement, criminal
courts, and corrections then advance to emphasis courses within the
broad domains of criminal justice.

For more information about our graduation rates, the median debt
of students who completed the program, and other important
information, please visit our website at http://www.phoenix.edu/
programs/bscja.

**BSCJA A Track and B Track**

Courses requiring prerequisites are identified by a ~ symbol
following the course number. Course descriptions for all courses
are listed in the Course Guide section of the catalog (page B-1).

Criminal Justice Administration Capstone

The University reserves the right to modify the required course of study.
The University's Criminal Justice programs are educational degree programs. For those interested in pursuing a career in law enforcement, corrections or as a peace officer with any particular local, state, federal or international agency, there are numerous additional qualifications (and often disqualifications) depending on the position. Before enrolling in a Criminal Justice program, potential students are highly encouraged to check with the relevant agency for a complete list of position requirements. The University makes no representations regarding whether any particular University program will qualify a graduate for any such position.

General Information for the BSCJA

- First time attendees with the University who indicate less than 24 previous college credits (as recognized by the university) on the admission application and who meet the requirements for "Admitted with Condition" status, will be admitted with condition to this program according to the risk free period policy.
- Prior Learning Assessment and credits earned through National Testing Programs are excluded from the calculation of previous college credits.
- Applicants who have not previously completed an associate degree or higher at a regionally or approved nationally accredited institution must complete a Pathway Diagnostic before enrolling into their first credit-bearing course. The results of the diagnostic will determine placement in the Accelerated Pathway (A Track) or standard pathway (B Track).
- Students who have completed an associate degree or higher at a regionally or nationally accredited institution are not required to complete the Pathway Diagnostic and will be placed in the Accelerated Pathway (A Track).
- Students who are placed in the Accelerated Pathway may choose to pursue the standard pathway without appeal, but must complete the standard pathway in its entirety upon the change. Students who are placed in the standard pathway must appeal to pursue the Accelerated Pathway.

En-Route Credentials for the BSCJA

- Students may declare and earn additional credentials that are approved in their state or jurisdiction en-route to completing the bachelor degree. Students must sign and submit the enrollment agreement that corresponds with the unique combination of desired credentials to be earned. Possible credentials include an associate degree and an upper division certificate. Listed below are all of the possible en-route credentials:
  - Criminal Justice Management Certificate
  - Cybercrimes Certificate
  - Human Services and the Criminal Justice System Certificate
  - Criminal Justice Security Certificate
  - Associate of Arts in Criminal Justice
• Students may apply for conferral of an en-route credential upon meeting the following program requirements:

• Successful completion of all the courses outlined in the enrollment agreement for the credential

• Achievement of the minimum program GPA

• Fulfillment of the minimum University residency requirement

• Students may elect to update or remove the selected credentials by completing a new enrollment agreement reflecting the new selection of credentials.

Additional Admission Requirements for the BSCJA

All applicants are expected to meet the following admissions requirements:

• High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.

• Applicants must be currently employed or have access to a work environment.

• Signed Acknowledgement Form

Degree Requirements for the BSCJA

• Completion of a minimum of 120 credits that include the following distribution:
  
  - General Education - 45 credits
  - Required Course of Study - 48 credits
  - Upper Division Criminal Justice Electives - 18 credits
  - Electives - 9 credits

• A minimum of 45 upper division credits.

• A minimum grade point average (GPA) of 2.0.

• The diploma awarded for this program will read as: Bachelor of Science in Criminal Justice Administration

Academic Progression Requirements for the BSCJA

• Students placed in the Accelerated Pathway (A Track) are required to successfully complete GEN/ENG 115 prior to proceeding into additional coursework in their programs.

• Standard pathway (B Track) students must satisfy all three (3) courses from the standard pathway prior to enrolling in any other course: GEN 127, HUM 115, ENG 147

• Accelerated Pathway (A Track) students have the option to satisfy HUM 115 by meeting one of the following criteria:
  
  • Transfer a regionally accredited Associate of Arts degree from a community college, or higher degree from a regionally or approved nationally accredited institution.
  
  • Transfer to UOPX with an Associate’s Degree, or higher, from an articulated institution where the Program Transfer Guide requirements do not mandate completion of a critical thinking course.
  
  • Transfer a Critical Thinking course of 2.67 credits or higher with a C- grade.
  
  • Previous completion of an Associate of Arts or higher degree from UOPX.
  
  • Previous completion of a Critical Thinking course with UOPX.

• Non-pathway students may not enroll in HUM 115 to satisfy programmatic prerequisites, general education, or elective requirements.

• Accelerated Pathway (A Track) students may not enroll in GEN 127 or ENG 147 to satisfy programmatic prerequisites, general education or elective requirements.

• Concurrent enrollment is prohibited during any of the following courses: GEN 201, GEN 127, ENG 147, or HUM 115.

• Continuously enrolled students in an approved entry point course should not execute a program or version change until completion of the entry point course to determine if the pathway diagnostic is required based on the outcome of the course.

• Students who successfully completed an approved entry point course in a degree program and are re-entry or executing a program change will not be required to complete the pathway diagnostic and will be placed in the Accelerated Pathway (A Track).

• Students who previously completed an approved entry point course and choose to transition to the standard pathway (B Track) are not required to take GEN 127.

• Students may not complete any of the following courses via Directed Study: GEN 201, GEN 127, ENG 147, or HUM 115.

• With the exception of ENG 147, GEN 127, GEN 201, and HUM 115, General Education and Elective course requirements may be satisfied by any of the following means:
  
  • University of Phoenix coursework,
  
  • Regionally or nationally accredited coursework (C- or higher grade),
  
  • UOPX Prior Learning Assessment,
  
  • National Testing Programs, and
  
  • ACE evaluated Military credits.

• Satisfy University Proficiency Requirements

• Undergraduate students must satisfy math and English proficiencies as a condition of degree conferral and as a degree progression requirement prior to specific courses in their program.

• Students have the following options to fulfill proficiency:
  
  • Successful completion of University of Phoenix math and English courses designated as applicable to the proficiency requirement
  
  • Comparable regionally or approved nationally accredited transfer, or credit recommended by the American Council on Education transfer coursework that meets the following requirements:
    
    - Completed within ten years of enrollment
    - Grade of C- or better (or academic equivalent)
    - At least 2.67 semester credits
    - Eligible to receive general education credits
  
  • Achieve a passing score (as established by the American Council on Education) on a comparable National Testing Program (NTP) exam completed within ten years of enrollment.

• Demonstrate competency by meeting minimum passing score on University of Phoenix approved placement exam.

• Students who satisfied the English and/or math proficiency and sign a new enrollment agreement may carry forward the completed proficiency in their new program/version provided they have remained in continuous attendance in alignment with the University’s Re-Entry policy.

Additional Residency Requirements and Course Waivers for the BSCJA

Students in this program may waive a maximum of 15 credits from their required course of study. Students earning a Criminal Justice Certificate en-route to completing the undergraduate degree may waive a maximum of 3 credits
within the certificate program in addition to the 15 credits that can be waived in the BSCJA required course of study by meeting the following criteria:

- The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
- The activity must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
- The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Students earning a Criminal Justice Certificate en-route must use the coursework to fulfill the 18 credit Upper Division Criminal Justice Electives requirement.

Admissions and Evaluation to review the course waiver request. Students not earning an additional credential or earning an Associate of Arts in Criminal Justice en-route may satisfy the 18 credit Upper Division Criminal Justice Electives requirement through the following means:

- Choose from a selection of University of Phoenix Upper Division Criminal Justice courses
- Upper Division Criminal Justice transfer coursework that is acceptable for transfer and was completed within the past ten (10) years from current program enrollment agreement sign date with a grade of C- or better.

The following course in the Required Course of Study may not be waived: CJA 385

General Education Requirements for the BSCJA for Students

A minimum of 45 of the 120 credits must be in the general education areas approved by the University.

- Communication Arts, 6 credits
  - A Track must include: COMM 215, equivalent or higher
  - B Track must include: ENG 147
- Mathematics, 6 credits
  - Must include MTH 209, equivalent, or higher
- Science and Technology, 9 credits
  - Must include at least six (6) credits in the physical or biological sciences

Humanities, 6 credits
- Must include: HUM 115
- Social Science, 9 credits
- Additional Liberal Arts, 6 credits
  - A Track must include: GEN 201
  - B Track must include: GEN 127
- Interdisciplinary Component, 3 credits
  - Any credit that is not being applied to the primary major as a waiver may be applied to the Interdisciplinary requirement. Physical Education activity credits are limited to four (4) credits.

Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.

For students earning an associate degree en-route, CJS 201 is a prerequisite for the following General Education courses: CJS 215 and CJS 235.

Field Experience for the BSCJA

BSCJA students may elect to complete a field experience course to fulfill elective requirements CJA 495. The field experience course is 10 weeks in length. Weekly seminars are provided to offer support and supervision of the student activities during their field experience.

Students electing to complete the field experience must complete CJA 495A (Field Experience Orientation) a one week, zero credit Orientation course as a prerequisite to CJA 495. The field experience orientation can be scheduled following completion of all 300-level courses in the required course of study with the exception of the upper division Criminal Justice Electives.

Effective for Enrollment Agreements signed 4/1/2015 and thereafter: The field experience cannot be completed at a student's place of employment. In order to be approved for the field experience option, students must have the following:

- Verification of a 3.0 program GPA prior to beginning CJA 495
- College recommendation from a faculty member
- Approval of selected site by Campus College Chair (CCC) or Lead Faculty Area Chair at the campus
- Campus College Chair (CCC) approval to participate in the experience

Re-entry for the BSCJA

Re-entry students who have successfully completed an approved entry point course in a degree program will not be required to complete the pathway diagnostic and will be placed in the Accelerated
Pathway (A Track). They will not be required to enroll in the standard pathway (B Track) courses.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.
THIS PAGE WAS LEFT BLANK INTENTIONALLY
The College of Social Sciences offers undergraduate and graduate degree programs in a number of diverse academic areas including counseling, psychology, and human services. In addition, the college offers a certificate program in mediation.

The College provides innovative educational programs designed to enhance the core knowledge, skills and values essential for students seeking to achieve their academic goals in the field of social sciences. These programs are developed and taught by skilled practitioners who work in their respective fields. Through individual and collaborative work, students can acquire the knowledge and skills needed in today’s working environment.

**Bachelor of Science in Psychology**

The following Bachelor of Science in Psychology (BS/P) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Bachelor of Science in Psychology program provides students with a strong foundation in general psychology. Students will gain insight into the cognitive and affective processes that underlie the individual human experience through an analysis of a variety of theoretical approaches related to human development and behavior. The courses in this program do not have a clinical emphasis and do not lead to professional licensure; instead, they are designed to provide supervisors, managers and other professionals with greater skills in critical thinking, communication, collaboration, and information utilization through the enhanced understanding of human psychology.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/bs-p.

**Program Purpose**

*The Bachelor of Science in Psychology is an educational degree program that provides a foundation of knowledge in the field of psychology. This program does not prepare students for any type of professional certification or licensure as a psychologist.*

**Additional Admission Requirements for the BS/P**

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.

**Degree Completion Requirements for the BS/P**

- Completion of a minimum of 120 credits that include the following distribution:
  - A minimum of 51 upper division credits.
  - All students must meet the General Education areas approved by the university.
  - A minimum grade point average (GPA) of 2.0.
  - All students must complete the minimum number of credits required by their degree program.

**General Education Requirements for the BS/P**

A minimum of 54 of the 120 credits must be in the general education areas approved by the University.

- Communication Arts, 6 credits
- Humanities, 6 credits
- Mathematics, 6 credits
Additional Academic Progression Requirements for the BS/P

- Applicants to this program will be required to follow the university’s First-Year Sequence policies. Students required to enter the First-Year Sequence will complete GEN 195 as the first course in their program. Students not required to enter the First-Year Sequence will complete GEN 200 as the first course in their program.
- With the exception of course requirements outlined in the First-Year Sequence policies, General Education and Elective course requirements may be satisfied by any of the following means:
  - University of Phoenix coursework,
  - Regionally or nationally accredited transfer coursework (C- or higher grade),
  - UOPX Prior Learning Assessment
  - National Testing Programs, and
  - ACE evaluated Military credits.
- Many courses in the Required Course of Study build on or reinforce each other. To ensure that students have the requisite skills for specific coursework, certain program areas must be satisfied before students can progress to others.
- Satisfy University Proficiency Requirements
- Undergraduate students must satisfy math and English proficiencies as a condition of degree conferral and as a degree progression requirement prior to specific courses in their program.
- Students have the following options to fulfill proficiency:
  - Successful completion of University of Phoenix math and English courses designated as applicable to the proficiency requirement
  - Comparable regionally or approved nationally accredited transfer, or credit recommended by the American Council on Education transfer coursework that meets the following requirements:
    - Completed within ten years of enrollment
    - Grade of C- or better (or academic equivalent)
    - At least 2.67 semester credits
    - Eligible to receive general education credits
- Achieve a passing score (as established by the American Council on Education) on a comparable National Testing Program (NTP) exam completed within ten years of enrollment.
- Demonstrate competency by meeting minimum passing score on University of Phoenix approved placement exam.
- Students who satisfied the English and/or math proficiency and sign a new enrollment agreement may carry forward the completed proficiency in their new program/version provided they have remained in continuous attendance in alignment with the University’s Re-Entry policy.

Additional Residency Requirements and Course Waivers for the BS/P

Students in this program may waive a maximum of 24 credits from their required course of study.

Re-entry for the BS/P

With the exception of AAEE, BSED/E, BSLS, LVN/BSN, LPN/BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork will not be required to complete GEN 200 (or equivalent) upon re-entry.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.
The following Bachelor of Science in Human Services (BSHS) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The BSHS program curriculum at University of Phoenix employs an interdisciplinary approach for assimilating theory, knowledge, skills and core competencies of today’s human service professional. The conceptual framework of the program draws from a range of human service domains such as counseling, biopsychosocial development, human systems and social change, psychology, and management theories. The program is designed with experiential components, integrated within the academic foundation, to provide students with experience as service providers in a range of human service settings in both private and public sectors. The Human Services program’s interdisciplinary design builds core skills and competencies based on established methods for delivering a variety of direct service roles in the wide-ranging field of human services. Upon graduation from the program students will be qualified for Registry as Mental Health Facilitators with the National Board for Certified Counselors-International and prepared academically to sit for the Human Services-Board Certified Practitioner examination administered by the Center for Credentialing and Education.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/bshs.

**Program Purpose**

The Bachelor of Science in Human Services degree program provides a general foundation of human services theory and application coursework for students at entry levels in the helping professions. This program does not prepare students for any type of professional certification or state licensure as a social worker, counselor or psychologist.

**Program Student Learning Outcomes**

In addition to the knowledge and skills related to the University Learning Goals, College of Social Sciences graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- **Students will be able to apply key aspects of the historical development of human services when analyzing theories of the interaction of human systems.**
- **Students will be able to interpret and judge the scope of human conditions that provide the focus for the human services profession.**
- **Students will be able to analyze client needs when formulating a plan for human service strategies and services.**
- **Students will be able to apply knowledge, skills and theory for structuring and administering direct service delivery and use of appropriate interventions with clients.**
- **Students will be able to develop and integrate self-assessment skills, and human services values and attitudes, for providing ethical human service practices.**

**Preferred Sequence for the BSHS**

Fundamentals of Working With People
HS 255 ~ ................................. 3 credits
Human Services Capstone Course

The University reserves the right to modify the required course of study.

**General Information for the BSHS**

- First time attendees with the University who indicate less than 24 previous college credits (as recognized by the university) on the admission application and who meet the requirements for "Admitted with Condition" status, will be admitted with condition to this program according to the risk free period policy.
- Prior Learning Assessment and credits earned through National Testing Programs are excluded from the calculation of previous college credits.
- Applicants who have not previously completed an associate degree or higher at a regionally or approved nationally accredited institution must complete a Pathway Diagnostic before enrolling into their first credit-bearing course. The results of the diagnostic will determine placement in the Accelerated Pathway (A Track) or standard pathway (B Track).
- Students who have completed an associate degree or higher at a regionally or nationally accredited institution are not required to complete the Pathway Diagnostic and will be placed in the Accelerated Pathway (A Track).
- Students who are placed in the Accelerated Pathway may choose to pursue the standard pathway without appeal, but must complete the standard pathway in its entirety upon the change. Students who are placed in the standard pathway must appeal to pursue the Accelerated Pathway.

**En-Route Credentials for the BSHS**

- Students may declare and earn additional credentials that are approved in their state or jurisdiction en-route to completing the bachelor degree. Students must sign and submit the enrollment agreement that corresponds with the unique combination of desired credentials to be earned. Possible credentials include an associate degree and/or upper division certificate. Listed below are all of the possible en-route credentials:
  - Addictions Certificate
  - Family and Child Services Certificate
  - Gerontology Certificate
  - Human Services Management Certificate
- Students may apply for conferment of an en-route credential upon meeting the following program requirements:
  - Successful completion of all the courses outlined in the enrollment agreement for the credential
  - Achievement of the minimum program GPA
  - Fulfillment of the minimum University residency requirement
- Students may elect to update or remove the selected credentials by completing a new enrollment agreement reflecting the new selection of credentials.

**Additional Admission Requirements for the BSHS**

All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- No work experience and/or current employment is required for this program.
- Effective 7/1/2015, A signed Enrollment Addendum
- Effective 7/1/2015, A signed Criminal Conviction Disclosure Form.

**Degree Requirements for the BSHS**

- Completion of a minimum of 120 credits that include the following distribution:
  - General Education - 54 credits
  - Required Course of Study - 51 credits
  - Human Services Electives - 9 credits
  - Electives - 6 credits
- A minimum of 51 upper division credits.
- A minimum grade point average (GPA) of 2.0.
- The diploma awarded for this program will read as: Bachelor of Science in Human Services

**Academic Progression Requirements for the BSHS**

- Students placed in the Accelerated Pathway (A Track) are required to successfully complete GEN 201 followed by HUM 115 prior to proceeding into additional coursework in their programs.
• Standard pathway (B Track) students must satisfy all three (3) courses from the standard pathway prior to enrolling in any other course: GEN 127, HUM 115, ENG 147
• With the exception of ENG 147, GEN 127, GEN 201, and HUM 115, General Education and Elective course requirements may be satisfied by any of the following means:
  • University of Phoenix coursework,
  • Regionally or nationally accredited coursework (C- or higher grade),
  • University of Phoenix Prior Learning Assessment
  • National Testing Programs, and
  • ACE evaluated Military credits.
• Accelerated Pathway (A Track) students have the option to satisfy HUM 115 by meeting one of the following criteria:
  • Transfer a regionally accredited Associate of Arts degree from a community college, or higher degree from a regionally or approved nationally accredited institution.
  • Transfer to UoPX with an Associate's Degree, or higher, from an articulated institution where the Program Transfer Guide requirements do not mandate completion of a critical thinking course.
  • Transfer a Critical Thinking course of 2.67 credits or higher with a C- grade.
  • Previous completion of an Associate of Arts or higher degree from UoPX.
  • Previous completion of a Critical Thinking course with UoPX.
• Non-pathway students may not enroll in HUM 115 to satisfy programmatic prerequisites, general education, or elective requirements.
• Concurrent enrollment is prohibited during any of the following courses: GEN 201, GEN 127, ENG 147, or HUM 115.
• Accelerated Pathway (A Track) students may not enroll in GEN 127 or ENG 147 to satisfy programmatic prerequisites, general education or elective requirements.
• Continuously enrolled students in an approved entry point course should not execute a program or version change until completion of the entry point course to determine if the pathway diagnostic is required based on the outcome of the course.
• Students who have successfully completed an approved entry point course in a degree program and are re-entry or executing a program change will not be required to complete the pathway diagnostic and will be placed in the Accelerated Pathway (A Track).
• Students who previously completed an approved entry point course and choose to transition to the standard pathway (B Track) are not required to take GEN 127.
• Students may not complete any of the following courses via Directed Study: GEN 201, GEN 127, ENG 147, or HUM 115.
• Satisfy University Proficiency Requirements
• Undergraduate students must satisfy math and English proficiencies as a condition of degree conferral and as a degree progression requirement prior to specific courses in their program.
• Students have the following options to fulfill proficiency:
  • Successful completion of University of Phoenix math and English courses designated as applicable to the proficiency requirement
• Comparable regionally or approved nationally accredited transfer, or credit recommended by the American Council on Education transfer coursework that meets the following requirements:
  • Completed within ten years of enrollment
  • Grade of C- or better (or academic equivalent)
  • At least 2.67 semester credits
  • Eligible to receive general education credits
• Achieve a passing score (as established by the American Council on Education) on a comparable National Testing Program (NTP) exam completed within ten years of enrollment.
• Demonstrate competency by meeting minimum passing score on University of Phoenix approved placement exam.
• Students who satisfied the English and/or math proficiency and sign a new enrollment agreement may carry forward the completed proficiency in their new program/version provided they have remained in continuous attendance in alignment with the University’s Re-Entry policy.

Additional Residency Requirements and Course Waivers for the BSHS
Students in this program may waive a maximum of 30 credits from their required course of study. The 9 credit Human Services Elective requirement may be satisfied by any of the following means:
• Lower or Upper Division UOPX Human Services Elective coursework.
• Upper Division Certificate certificate approved in the student’s state or jurisdiction.
• Lower or Upper Division Human Services transfer coursework that is acceptable for transfer and was completed within the past ten (10) years from current program enrollment agreement sign date with a grade of C- or better.
• Lower or Upper Division Human Services National Testing Program exams that are acceptable for transfer and were completed within the past ten (10) years from current program enrollment agreement sign date.
• Lower or Upper Division Human Services American Council on Education recommended (Military) credits that are acceptable for transfer and were completed within the past ten (10) years from current program enrollment agreement sign date.
• Lower or Upper Division Human Services Prior Learning Assessment (PLA) credits awarded to activities completed within the past ten (10) years from current program enrollment agreement sign date.

The following courses in the Required Course of Study may not be waived: BSHS 305, BSHS 325, BSHS 335, BSHS 345, BSHS 405, BSHS 415, BSHS 415O, BSHS 475, BSHS 485

General Education Requirements for the BSHS
A minimum of 54 of the 120 credits must be in the general education areas approved by the University.
Communication Arts, 6 credits
A Track must include: ENG 220, equivalent or higher
B Track must include: ENG 147
Mathematics, 6 credits
Must include MTH 209, equivalent, or higher
Science and Technology, 6 credits
Must include at least three (3) credits in the physical or biological sciences
Humanities, 6 credits  
_Must include: HUM 115_

Social Science, 6 credits  

Additional Liberal Arts, 6 credits  
_A Track must include: GEN 201_
_B Track must include: GEN 127_

Interdisciplinary Requirements, 18 credits  
_Students who are earning the AAHS en-route must include: HS 235, HS 245, and HS 255_

_Any credit that is not being applied to the primary major as a waiver may be applied to the lower division electives/Interdisciplinary requirement._

_Physical Education activity credits are limited to four (4) credits._

_Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program._

**Field Experience for the BSHS**

_BSHS programs include two field experience courses: BSHS 415 and BSHS 475. Each field experience course is 15 weeks in length. These courses require at least 175 hours of field experience, or an average of 12 hours per week committed to a community human services placement site. Weekly seminars (2 hours per week) are provided to offer support and supervision of the student activities during their field experience._

**Re-entry for the BSHS**

_Re-entry students who have successfully completed an approved entry point course in a degree program will not be required to complete the pathway diagnostic and will be placed in the Accelerated Pathway (A Track). They will not be required to enroll in the standard pathway (B Track) courses._

_Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student._

_Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version._

_Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance._
SCHOOL OF BUSINESS

We prepare future leaders for business excellence. Consistent with the values, mission, and purpose of the University of Phoenix, the mission of the School of Business is to provide effective and accessible higher education that prepares its students to be ethical practitioners and leaders. Our goal is to make a difference in the lives of our students and their organizations. We achieve this by always acting with a sense of social responsibility and in a manner consistent with our core values.

In particular we:

- Define quality as standards-based, industry-aligned, career-relevant educational curriculum, linked to current and future business needs
- Commit to excellence in teaching and to leveraging innovative teaching methodologies
- Be relentless in driving institutional self-assessment and continuous quality improvement

By 2020, through its integrated network of faculty, staff and business collaborators, the University of Phoenix, School of Business will be a preferred source for finding and developing emerging leaders for organizations.

The Bachelor of Science in Business

The following Bachelor of Science in Business (BSB) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and en-route credentials depend on student demand and other factors. Not all programs and en-route credentials may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Bachelor of Science in Business (BSB) undergraduate degree program is designed to prepare graduates with the requisite knowledge, skills, and values to effectively apply various business principles and tools in an organizational setting. The BSB foundation is designed to bridge the gap between theory and practical application, while examining the areas of accounting, critical thinking and decision-making, economics, finance, business law and ethics, management, marketing, organizational behavior, business statistical techniques, and information systems. Students are required to demonstrate a comprehensive understanding of the undergraduate business curricula through an integrated topics course.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, School of Business graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will examine the degree of alignment between their individual values and an organization’s values as reflected in the organization’s plans and actions.
- Students will apply key disciplinary skills as practitioners in business to critical business issues in the following domains of the BSB program:
  - Finance
  - Marketing
  - Information systems
  - Research methodologies
  - Economics
  - Business law
  - Management
  - Accounting

Integrated Business Topics

BSB Upper Division Business/Management Electives, 18 total credits

The University reserves the right to modify the required course of study.

General Information for the BSB

- First time attendees with the University who indicate less than 24 previous college credits (as recognized by the university) on the admission application and who meet the requirements for "Admitted with Condition" status, will be admitted with condition to this program according to the risk free period policy.
- Prior Learning Assessment and credits earned through National Testing Programs are excluded from the calculation of previous college credits.
- Applicants who have not previously completed an associate degree or higher at a regionally or nationally accredited institution must complete a Pathway Diagnostic before enrolling into their first credit-bearing course. The results of the diagnostic will determine placement in the Accelerated Pathway (A Track) or standard pathway (B Track).
- Students who have completed an associate degree or higher at a regionally or nationally accredited institution must complete a Pathway Diagnostic before enrolling into their first credit-bearing course. The results of the diagnostic will determine placement in the Accelerated Pathway (A Track) or standard pathway (B Track).
- Students who are placed in the Accelerated Pathway may choose to pursue the standard pathway without appeal, but must complete the standard pathway in its entirety upon the change. Students who are placed in the standard pathway must appeal to pursue the Accelerated Pathway.

En-Route Credentials for the BSB

- Students may declare and earn additional credentials that are approved in their state or jurisdiction en-route to completing the bachelor degree. Students must sign and submit the enrollment agreement that corresponds with the unique combination of desired credentials to be earned. Possible credentials include an associate degree, lower division certificate, and/or upper division certificate. Listed below are all of the possible en-route credentials:
  - Hospitality Fundamentals Certificate (Undergraduate)
  - Bookkeeping Fundamentals Certificate (Undergraduate)
  - Retail Management Certificate
  - Business Administration Certificate
  - Digital Marketing Certificate
  - Financial Planning Certificate
  - Marketing Certificate
  - Operations Management Certificate
  - Sales Management Certificate
  - Small Business Management and Entrepreneurship Certificate
  - Supply Chain Management Certificate
  - Project Management Certificate
  - Human Resource Management Certificate
  - General Management Certificate
  - Hospitality Management Certificate (Undergraduate)
  - Retail Fundamentals Certificate (Undergraduate)
  - Associate of Arts with a Concentration in Business Fundamentals
  - Associate of Arts with a Concentration in Accounting Fundamentals
- Students may apply for conferral of an en-route credential upon meeting the following program requirements:
  - Successful completion of all the courses outlined in the enrollment agreement for the credential
  - Achievement of the minimum program GPA
  - Fulfillment of the minimum University residency requirement
- Students may elect to update or remove the selected credentials by completing a new enrollment agreement reflecting the new selection of credentials.

Additional Admission Requirements for the BSB

- All applicants are expected to meet the following admissions requirements:
  - High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body. GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
  - Applicants must be currently employed or have access to a work environment.

Degree Requirements for the BSB

- Completion of a minimum of 120 credits.
  - General Education - 45 credits
  - Required Course of Study (BSB) - 39 credits
  - Upper Division Business/Management Electives - 18 credits
  - Electives - 18 credits
  - A minimum of 42 upper division credits.
  - A minimum grade point average (GPA) of 2.0.
  - The diploma awarded for this program will read as: Bachelor of Science in Business

General Education Requirements for the BSB

- A minimum of 45 of the 120 credits must be in the general education areas approved by the University.
  - Liberal Arts Component, 36 credits
  - Communication Arts, 6 credits
    - A Track must include: COMM 215, equivalent or higher
    - B Track must include: ENG 147
  - Mathematics, 6 credits
    - Must include MTH 209 or higher
  - Science and Technology, 6 credits
    - Must include at least three (3) credits in the physical or biological sciences
  - Humanities, 6 credits
    - Must include: HUM 115
  - Social Science, 6 credits
    - Additional Liberal Arts, 6 credits
      - A Track must include: GEN 201
      - B Track must include: GEN 127
  - Interdisciplinary Component, 9 credits
    - Any credit that is not being applied to the primary major as a waiver may be applied to the lower division electives/Interdisciplinary requirement.
    - Physical Education activity credits are limited to four (4) credits.
  - Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.

Academic Progression Requirements for the BSB
• Students placed in the Accelerated Pathway (A Track) are
required to successfully complete GEN 201 followed by HUM
115 prior to proceeding into additional coursework in their
programs.
• Standard pathway (B Track) students must satisfy all three (3)
courses from the standard pathway prior to enrolling in any
other course: GEN 127, HUM 115, and ENG 147
• With the exception of ENG 147, GEN 127, GEN 201, and HUM
115, General Education and Elective course requirements may
be satisfied by any of the following means:
  • University of Phoenix coursework,
  • Regionally or nationally accredited coursework (C- or higher
grade),
  • University of Phoenix Prior Learning Assessment
  • National Testing Programs, and
  • ACE evaluated Military credits.
• Accelerated Pathway (A Track) students are the option to satisfy
HUM 115 by meeting one of the following criteria:
  • Transfer a regionally accredited Associate of Arts degree from a community college, or higher degree from a
regionally or approved nationally accredited institution.
  • Transfer to UOPX with an Associate’s Degree, or higher, from an articulated institution where the Program Transfer Guide
requirements do not mandate completion of a critical
thinking course.
  • Transfer a Critical Thinking course of 2.67 credits or higher
with a C- grade.
  • Previous completion of an Associate of Arts or higher degree
from UOPX.
  • Previous completion of a Critical Thinking course with
UOPX.
• Non-pathway students may not enroll in HUM 115 to satisfy
programmatic prerequisites, general education, or elective
requirements.
• Accelerated Pathway (A Track) students may not enroll in GEN
127 or ENG 147 to satisfy programmatic prerequisites, general
education or elective requirements.
• Concurrent enrollment is prohibited during any of the following
courses: GEN 201, GEN 127, ENG 147, or HUM 115.
• Continuously enrolled students in an approved entry point
course should not execute a program or version change until
completion of the entry point course to determine if the
pathway diagnostic is required based on the outcome of the
course.
• Students who have successfully completed an approved entry
point course in a degree program and are re-entry or executing a
program change will not be required to complete the pathway
diagnostic and will be placed in the Accelerated Pathway (A
Track).
• Students who previously completed an approved entry point
course and choose to transition to the standard pathway (B
Track) are not required to take GEN 127.
• Students may not complete any of the following courses via
Directed Study: GEN 201, GEN 127, ENG 147, or HUM 115.
• Satisfy University Proficiency Requirements
• Undergraduate students must satisfy math and English
proficiencies as a condition of degree conferral and as a degree
progression requirement prior to specific courses in their
program.
• Students have the following options to fulfill proficiency:
  • Successful completion of University of Phoenix math and
English courses designated as applicable to the proficiency
requirement
  • Comparable regionally or approved nationally accredited
transfer, or credit recommended by the American Council on
Education transfer coursework that meets the following
requirements:
    -Completed within ten years of enrollment
    -Grade of C- or better (or academic equivalent)
    -At least 2.67 semester credits
    -Eligible to receive general education credits
• Achieve a passing score (as established by the American Council
on Education) on a comparable National Testing Program (NTP)
exam completed within ten years of enrollment.
• Demonstrate competency by meeting minimum passing score
on University of Phoenix approved placement exam.
• Students who satisfied the English and/or math proficiency and
sign a new enrollment agreement may carry forward the
completed proficiency in their new program/version provided
they have remained in continuous attendance in alignment with
the University’s Re-Entry policy.
• Students transferring to University of Phoenix into an
undergraduate Bachelor of Science in Business degree program
with a previously completed Associate degree in Business under
Direct Transfer Agreement (DTA) provisions from a Community
or Technical College in the state of Washington will be
considered as satisfying their lower division elective and
general education requirements making the student Required
Course of Study ready at University of Phoenix. Students
utilizing this policy will still need to meet all pre-requisite or
state specific content requirements as outlined in the Academic
Progression and General Education Requirements policy
sections for their Bachelor of Science in Business degree
program.

Additional Residency Requirements and Course Waivers for
the BSB
• Students in this program may waive a maximum of 18 upper
division credits from their required course of study.
• Students may also waive twelve (12) lower division credits from
the required course of study.
• The 18 credit Upper Division Business/Management Elective
requirement may be satisfied by any of the following means:
  • Upper Division University of Phoenix Business/
Management coursework.
  • Upper Division Certificate approved in the student's state or
jurisdiction.
  • Upper Division Business/Management transfer coursework
that is acceptable for transfer and was completed within the
past ten (10) years from current program enrollment
agreement sign date with a grade of C- or better.
• Upper Division Business/Management National Testing
Program exams that are acceptable for transfer and were
completed within the past ten (10) years from current
program enrollment agreement sign date.
• Upper Division Business/Management American Council
on Education recommended (Military) credits that are
acceptable for transfer and were completed within the past
ten (10) years from current program enrollment agreement
sign date.
• Upper Division Business/Management Prior Learning
Assessment (PLA) credits awarded to activities completed
within the past ten (10) years from current program
enrollment agreement sign date.
• The following course(s) may not be waived: BUS 475

Re-entry for the BSB
Re-entry students who have successfully completed an approved
entry point course in a degree program will not be required to complete the pathway diagnostic and will be placed in the Accelerated Pathway (A Track). They will not be required to enroll in the standard pathway (B Track) courses.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/ restrictions. Re-entry students should consult their Academic Advisor for guidance.

**Bachelor of Science in Management**

The following Bachelor of Science in Management (BSM) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment advisor for more information.

The Bachelor of Science in Management (BSM) degree program is designed to develop the professional knowledge and skills of cross-functional managers in an organization. The BSM degree enhances skills necessary for improved organizational effectiveness in a dynamic and evolving workplace. The program focuses on the development of management roles and emphasizes skills necessary to align resources, and to improve communication, productivity, and effectiveness. Upon completion of the program, students will possess the skills and competencies needed to determine and implement key management decisions and develop skills in leadership, human resource management, change management, and core business functional areas.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/bsm.

**Program Student Learning Outcomes**

In addition to the knowledge and skills related to the University Learning Goals, School of Business graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will identify management principles necessary for organizational effectiveness.
- Students will evaluate the effectiveness of processes used to achieve organizational goals.
- Students will apply key problem-solving strategies in the analysis and recommendation of business decisions.
- Students will analyze the implications of diversity in an organization.

**BSM Program Category Requirements - A Track and B Track**

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

The University reserves the right to modify the required course of study.

**General Information for the BSM**

- First time attendees with the University who indicate less than 24 previous college credits (as recognized by the university) on the admission application and who meet the requirements for “Admitted with Condition” status, will be admitted with condition to this program according to the risk free period policy.
- Prior Learning Assessment and credits earned through National Testing Programs are excluded from the calculation of previous college credits.
- Applicants who have not previously completed an associate degree or higher at a regionally or approved nationally accredited institution must complete a Pathway Diagnostic before enrolling into their first credit-bearing course. The results of the diagnostic will determine placement in the Accelerated Pathway (A Track) or standard pathway (B Track).
- Students who have completed an associate degree or higher at a regionally or nationally accredited institution are not required to complete the Pathway Diagnostic and will be placed in the Accelerated Pathway (A Track).
• Students who are placed in the Accelerated Pathway may choose to pursue the standard pathway without appeal, but must complete the standard pathway in its entirety upon the change. Students who are placed in the standard pathway must appeal to pursue the Accelerated Pathway.

En-Route Credentials for the BSM
• Students may declare and earn additional credentials that are approved in their state or jurisdiction en-route to completing the bachelor degree. Students must sign and submit the enrollment agreement that corresponds with the unique combination of desired credentials to be earned. Possible credentials include an associate degree, lower division certificate, and/or upper division certificate. Listed below are all of the possible en-route credentials:
  • Bookkeeping Fundamentals Certificate (Undergraduate)
  • Hospitality Fundamentals Certificate (Undergraduate)
  • Hospitality Management Certificate (Undergraduate)
  • Human Resource Management Certificate (Undergraduate)
  • Marketing Certificate (Undergraduate)
  • Operations Management Certificate (Undergraduate)
  • Project Management Certificate (Undergraduate)
  • Retail Fundamentals Certificate (Undergraduate)
  • Small Business Management and Entrepreneurship Certificate (Undergraduate)
  • Supply Chain Management Certificate (Undergraduate)
  • Sales Management Certificate (Undergraduate)
  • Retail Fundamentals Certificate (Undergraduate)
  • Associate of Arts Concentration in Accounting Fundamentals
  • Associate of Arts Concentration in Business Fundamentals
  • Students may apply for conferral of an en-route credential upon meeting the following program requirements:
    • Successful completion of all the courses outlined in the enrollment agreement for the credential
    • Achievement of the minimum program GPA
    • Fulfillment of the minimum University residency requirement
  • Students may elect to update or remove the selected credentials by completing a new enrollment agreement reflecting the new selection of credentials.

Additional Admission Requirements for the BSM
All applicants are expected to meet the following admissions requirements:
• High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
• Applicants must be currently employed or have access to a work environment.

Degree Requirements for the BSM
• Completion of a minimum of 120 credits that include the following distribution:
  • General Education - 45 credits
  • Required Course of Study (BSM) - 36 credits
  • Electives - 39 credits
  • A minimum of 33 upper division credits.
  • A minimum grade point average (GPA) of 2.0.
  • The diploma awarded for this program will read as: Bachelor of Science in Management

General Education Requirements for the BSM
A minimum of 45 of the 120 credits must be in the general education areas approved by the University.

Communication Arts, 6 credits
A Track must include: ENG 220, equivalent or higher
B Track must include: ENG 147

Mathematics, 6 credits
Must include MTH 209 or higher

Science and Technology, 6 credits
Must include at least three (3) credits in the physical or biological sciences

Humanities, 6 credits
Must include: HUM 115
Must include: 3 credits of upper division Humanities coursework
The preferred course is PHL 320

Social Science, 6 credits
Must include: 3 credits of upper division Social Science coursework
The preferred course is SOC 315

Additional Liberal Arts, 6 credits
A Track must include: GEN/201
B Track must include: GEN/127

Interdisciplinary Component, 9 credits
Any credit that is not being applied to the primary major as a waiver may be applied to the lower division electives/Interdisciplinary requirement. Physical Education activity credits are limited to four (4) credits.

Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.

Academic Progression Requirements for the BSM
• Students placed in the Accelerated Pathway (A Track) are required to successfully complete GEN 201 followed by HUM 115 prior to proceeding into additional coursework in their programs.

• Standard pathway (B Track) students must satisfy all three (3) courses from the standard pathway prior to enrolling in any other course: GEN 127, HUM 115, ENG 147

• Accelerated Pathway (A Track) students have the option to satisfy HUM 115 by meeting one of the following criteria:
  • Transfer a regionally accredited Associate of Arts degree from a community college, or higher degree from a regionally or approved nationally accredited institution.
  • Transfer to UoPX with an Associate’s Degree, or higher, from an articulated institution where the Program Transfer Guide requirements do not mandate completion of a critical thinking course.
  • Transfer a Critical Thinking course of 2.67 credits or higher with a C- grade.
  • Previous completion of an Associate of Arts or higher degree from UOPX.
  • Previous completion of a Critical Thinking course with UOPX.

• Non-pathway students may not enroll in HUM 115 to satisfy programmatic prerequisites, general education, or elective requirements.

• With the exception of ENG 147, GEN 127, GEN 201, and HUM 115, General Education and Elective course requirements may be satisfied by any of the following means:
  • University of Phoenix coursework,
• Regionally or nationally accredited coursework (C- or higher grade).
• University of Phoenix Prior Learning Assessment
• National Testing Programs, and
• ACE evaluated Military credits.
• Concurrent enrollment is prohibited during any of the following courses: GEN 201, GEN 127, ENG 147, or HUM 115.
• Accelerated Pathway (A Track) students may not enroll in GEN 127 or ENG 147 to satisfy programmatic prerequisites, general education or elective requirements.
• Continuously enrolled students in an approved entry point course should not execute a program or version change until completion of the entry point course to determine if the pathway diagnostic is required based on the outcome of the course.
• Students who have successfully completed an approved entry point course in a degree program and are re-entry or executing a program change will not be required to complete the pathway diagnostic and will be placed in the Accelerated Pathway (A Track).
• Students who previously completed an approved entry point course and choose to transition to the standard pathway (B Track) are not required to take GEN 127.
• Students may not complete any of the following courses via Directed Study: GEN 201, GEN 127, ENG 147, or HUM 115.
• Satisfy University Proficiency Requirements
• Undergraduate students must satisfy math and English proficiencies as a condition of degree conferral and as a degree progression requirement prior to specific courses in their program.
• Students have the following options to fulfill proficiency:
  • Successful completion of University of Phoenix math and English courses designated as applicable to the proficiency requirement
  • Comparable regionally or approved nationally accredited transfer, or credit recommended by the American Council on Education transfer coursework that meets the following requirements:
    -Completed within ten years of enrollment
    -Grade of C- or better (or academic equivalent)
    -At least 2.67 semester credits
    -Eligible to receive general education credits
• Achieve a passing score (as established by the American Council on Education) on a comparable National Testing Program (NTP) exam completed within ten years of enrollment.
• Demonstrate competency by meeting minimum passing score on University of Phoenix approved placement exam.
• Students who satisfied the English and/or math proficiency and sign a new enrollment agreement may carry forward the completed proficiency in their new program/version provided they have remained in continuous attendance in alignment with the University's Re-Entry policy.

Additional Residency Requirements and Course Waivers for the BSM

Students in this program may waive a maximum of nine (9) upper division credits from their required course of study.
Students may also waive three (3) lower division credits from the required course of study.
The elective requirement may be satisfied by any of the following means:
• Any upper and/or lower division University of Phoenix coursework.
• Upper or lower division Certificate approved in the student's state or jurisdiction.
• Any upper and/or lower division transfer coursework that is acceptable for transfer and was completed with a grade of C- or better.
• Upper and/or lower division National Testing Program exams that are acceptable for transfer.
• Upper and/or lower division American Council on Education recommended (Military) credits that are acceptable for transfer.
• Upper and/or lower division Prior Learning Assessment (PLA) credits awarded to activities.
The following course(s) and their equivalents may not be waived: MGT 498

Re-entry for the BSM
Re-entry students who have successfully completed an approved entry point course will not be required to complete the Pathway Diagnostic and will be placed in the Accelerated Pathway (A Track). They will not be required to enroll in the standard pathway (B Track) courses.
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.
Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Bachelor of Science in Accounting

The following Bachelor of Science in Accounting (BSACC) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Bachelor of Science in Accounting (BSACC) program promotes identification with, and orientation to, the accounting profession and is designed to provide knowledge and skills necessary to an accounting career. In addition to the key accounting course work at the introductory and intermediate levels, critical areas of study including auditing and taxation are required in the program. The importance of ethics and international issues are emphasized throughout the curriculum, along with core competencies in technology and communication. The program utilizes specific accounting problem-solving software to provide students with practical knowledge of the accounting field. The program also addresses the goals of professional values, communications and leadership skills, strategic and critical thinking skills, and technology skills of the professional accounting environment and provides additional coverage on the International Financial Reporting Standards (IFRS). Students are also exposed to varied business disciplines including economics, statistics, law, corporate finance, and marketing to provide the general business overview and context necessary for accounting studies. This program is consistent with generally accepted accounting
principles, including the accounting processes and knowledge areas that lead to professional certification.
For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/bsacc.

Each state sets forth standards required to be eligible to take the CPA exam and apply for licensure or certification as a CPA. While this program was designed with consideration for the standards proposed by the National Association of State Boards of Accounting (NASBA), the University of Phoenix cannot, and will not, provide any assurance that completion of this program will allow a successful student to qualify within the student’s specific jurisdiction. Potential applicants should check with the appropriate organization within their jurisdiction to determine requirements. States frequently change their requirements for examination. There is no assurance that at the time of degree completion the specific jurisdiction’s requirements will be consistent with the requirements at the time of admission.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, School of Business graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

Business Core
• Students will demonstrate the ability to make business-related decisions that incorporate ethical implications.
• Students will integrate business concepts and principles to advance organizational goals.
• Students will analyze interrelationships among distinct functional areas of an organization.
• Students will analyze the implications of operating in a changing global business environment.
• Students will apply knowledge attained from the following domains of the MBA program as practitioners in business:
  • Finance
  • Marketing
  • Information systems
  • Research methodologies
  • Economics
  • Business law
  • Management
  • Accounting
• Students will identify the degree of alignment between their individual values and an organization’s values as reflected in the organization’s plans and actions.

Accounting Core
• Students will apply financial accounting principles to record and communicate measurable business activities to stakeholders.
• Students will analyze accounting financial statements to support effective financial decision-making.
• Students will evaluate various accounting activities in relation to ethical, legal and professional standards.
• Students will apply business issues in the application of generally accepted accounting principles, government and not-for-profit accounting, international transactions, taxation, and auditing.

• Accelerated Pathway (A Track) students may not enroll in GEN 127 or ENG 147 to satisfy programmatic prerequisites, general education or elective requirements.
• Continuously enrolled students in an approved entry point course should not execute a program or version change until completion of the entry point course to determine if the pathway diagnostic is required based on the outcome of the course.
• Students who have successfully completed an approved entry point course in a degree program and are re-entry or executing a program change will not be required to complete the pathway diagnostic and will be placed in the Accelerated Pathway (A Track).
• Students who previously completed an approved entry point course and choose to transition to the standard pathway (B Track) are not required to take GEN 127.
• Students may not complete any of the following courses via Directed Study: GEN 201, GEN 127, ENG 147, or HUM 115.
• Satisfy University Proficiency Requirements
• Undergraduate students must satisfy math and English proficiencies as a condition of degree conferral and as a degree progression requirement prior to specific courses in their program.
• Students have the following options to fulfill proficiency:
  • Successful completion of University of Phoenix math and English courses designated as applicable to the proficiency requirement
  • Comparable regionally or approved nationally accredited transfer, or credit recommended by the American Council on Education transfer coursework that meets the following requirements:
    - Completed within ten years of enrollment
    - Grade of C- or better (or academic equivalent)
    - At least 2.67 semester credits
    - Eligible to receive general education credits
  • Achieve a passing score (as established by the American Council on Education) on a comparable National Testing Program (NTP) exam completed within ten years of enrollment.
• Demonstrate competency by meeting minimum passing score on University of Phoenix approved placement exam.
• Students who satisfied the English and/or math proficiency and sign a new enrollment agreement may carry forward the completed proficiency in their new program/version provided they have remained in continuous attendance in alignment with the University’s Re-Entry policy.

Additional Residency Requirements and Course Waivers for the BSACC
• Students in this program may waive a maximum of 30 credits from their required course of study.
• The following courses in the Required Course of Study may not be waived: ACC 497, BUS 475.

Re-entry for the BSACC
Re-entry students who have successfully completed an approved entry point course in a degree program will not be required to complete the pathway diagnostic and will be placed in the Accelerated Pathway (A Track). They will not be required to enroll in the standard pathway (B Track) courses.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

COLLEGE OF INFORMATION SYSTEMS AND TECHNOLOGY

The College of Information Systems and Technology prepares students for professional and management-related career opportunities in six different IT pathways and provides the knowledge students need to successfully apply information systems theory and principles that address real-world business opportunities and challenges that meet the needs of today's information economy. Students will be prepared to work in core technologies such as systems integration, web systems, network architecture, database design, information security, programming and other IT principles. Our mission is to provide industry-relevant education through innovative learning pathways, which will prepare learners for career success. The College of Information Systems and Technology delivers real-time, IT education solutions that are experiential, relevant and applicable to solving IT challenges anywhere, any place, and at any time. The curriculum in the College of Information Systems and Technology is delivered by experts who relate both theory and practice in this evolving, fast-paced industry. Each degree and certificate program is aligned to one or more of over 40 industry certifications so students are provided the relevant, hands-on learning they need to be successful in this industry. The College of Information Systems and Technology is continuously updating curriculum, staying relevant in the industry and evolving with the always changing world of technology, all of which is accomplished through dedication, creativity and teamwork of the college faculty and staff. The College of Information Systems and Technology is an innovative, education leader in the IT industry and proud to partner with Fortune 1000 companies and other entities and creators of emerging IT standards nationwide.

Bachelor of Science in Information Technology

The following Bachelor of Science in Information Technology (BSIT) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and en-route credentials depend on student demand and other factors. Not all programs and en-route credentials may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Bachelor of Science in Information Technology (BSIT) program provides the knowledge to successfully apply information technology theory and principles to address real-world business opportunities and challenges. The program covers fundamental and advanced knowledge in core technologies such as systems integration, web systems, network architecture, database design, information security, programming and other supporting IT principles. The program provides the opportunity to specialize through the selection of University of Phoenix IT academic certificates, aligned to industry certifications, to support IT career goals.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Information Systems and Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to apply key principles of systems analysis and design to selected business processes within the organization in order to implement effective information systems. (BSA - Business Systems Analysis)
- Students will be able to design and develop key database structures meeting selected business requirements for effective storage and retrieval of information. (DBM - Database Management)
- Students will be able to explain implementation, integration and maintenance for IT applications to support selected business processes. (INT - Integration)
- Students will be able to explain information systems security that will comply with key requirements of accepted industry standards to support and improve the security of an organization's systems. (ISS - Information Systems Security)
- Students will be able to explain select network and telecommunications technologies that will comply with key requirements of accepted industry standards to improve organizational network communications. (NTC - Networking)
- Students will be able to explain and develop an effective IT project plan using selected accepted project management standards to manage projects in a cost-effective manner. (PPL - Project Planning)
- Students will be able to design and develop computer programs using standards promoted by the Association of Software Professionals (ASP) to promote the quality and effectiveness of programs. (PRG - Programming)
- Students will be able to design and develop a website using selected professional web design principles and standards to facilitate the professional appearance of an organization. (WEB - Web development)

Program Category Requirements for the BSIT

Some courses require prerequisites. Prerequisites and course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Systems Integration, 6 total credits

- CIS 207 ~ ................................................................. 3 credits
- Information Systems Fundamentals
- CMGT 445 ~ .......................................................... 3 credits
- Application Implementation

Web Systems, 3 total credits

- WEB 240 ~ ................................................................. 3 credits
- Web Design Fundamentals

Networking, 3 total credits

- NTC 362 ~ ................................................................. 3 credits
- Fundamentals of Networking

Information Management, 3 total credits

- DBM 380 ~ ................................................................. 3 credits
- Database Concepts
Security, 3 total credits
CMGT 401 ~ .................................................................3 credits
Intro to Information Assurance & Security

Programming, 3 total credits
PRG 420 ~ .................................................................3 credits
Java Programming I

Supporting IT Principles, 9 total credits
BSA 375 ~ .................................................................3 credits
Fundamentals of Business Systems Development
CMGT 410 ~ .................................................................3 credits
Project Planning & Implementation
PRG 211 ~ .................................................................3 credits
Algorithms and Logic for Computer Programming

Enhanced Math, 3 total credits
MTH 221 ~ .................................................................3 credits
Discrete Math for IT
MTH 280 ~ .................................................................3 credits
Calculus I

Information Systems and Technology Electives, 15 total credits

The University reserves the right to modify the required course of study.

General Information for the BSIT

- First time attendees with the University who indicate less than 24 previous college credits (as recognized by the university) on the admission application and who meet the requirements for “Admitted with Condition” status, will be admitted with condition to this program according to the risk free period policy.
  - Prior Learning Assessment and credits earned through National Testing Programs are excluded from the calculation of previous college credits.
  - Applicants who have not previously completed an associate degree or higher at a regionally or nationally accredited institution must complete a Pathway Diagnostic before enrolling into their first credit-bearing course. The results of the diagnostic will determine placement in the Accelerated Pathway (A Track) or standard pathway (B Track).
  - Students who have completed an associate degree or higher at a regionally or nationally accredited institution are not required to complete the Pathway Diagnostic and will be placed in the Accelerated Pathway (A Track).
  - Students who are placed in the Accelerated Pathway may choose to pursue the standard pathway without appeal, but must complete the standard pathway in its entirety upon the change. Students who are placed in the standard pathway must appeal to pursue the Accelerated Pathway.

En-Route Credentials for the BSIT

Students may declare and earn additional credentials that are approved in their state or jurisdiction en-route to completing the bachelor degree. Students must sign and submit the enrollment agreement that corresponds with the unique combination of desired credentials to be earned. Possible credentials include an associate degree and/or upper division certificate. Listed below are all of the possible en-route credentials:
- Advanced Multimedia Development Certificate (Undergraduate)
- Advanced Software Developer Certificate (Undergraduate)
- Advanced Cyber Security Certificate (Undergraduate)
- Advanced Networking Certificate
- Associate of Arts with a Concentration in Information Technology

Students may apply for conferral of an en-route credential upon meeting the following program requirements:
- Successful completion of all the courses outlined in the enrollment agreement for the credential
- Achievement of the minimum program GPA
- Fulfillment of the minimum University residency requirement

Additional Admission Requirements for the BSIT

All applicants are expected to meet the following admissions requirements:
- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Applicants must be currently employed or have access to a work environment.
- Signed Hardware/Software Agreement
- Students who have previously completed a regionally accredited Associate of Arts or Associate of Science degree from an accredited Associate of Arts or Associate of Science degree from a Community College will be eligible to apply all of the credits earned for the associate degree towards the lower division general education and elective requirements at University of Phoenix. The transfer coursework will be applied as a block at the time of admission to the program.

Students utilizing this policy will need to meet the following conditions:
- Satisfy the Accelerated Pathway entry course sequence (GEN 201 and HUM 115), unless otherwise stated in policy.
- Satisfy the MTH 220 General Education requirement.
- Complete a minimum of 15 credits of upper division Information Technology elective coursework or enroll in an en-route upper division Information Technology certificate approved in the student’s state or jurisdiction.
- Meet all prerequisite or state specific content requirements as outlined in the Academic Progression, Preferred Course Sequence, and General Education Requirements policy sections for their BSIT program.

Degree Requirements for the BSIT

- Completion of a minimum of 120 credits that include the following distribution:
  - General Education - 45 credits
• Required Course of Study - 33 credits
• Information Systems and Technology Electives - 15 credits
• Electives - 6 credits
• Upper Division Electives - 21 credits
• A minimum of 42 upper division credits.
• A minimum grade point average (GPA) of 2.0.
• The diploma awarded for this program will read as: Bachelor of Science in Information Technology

General Education Requirements for the BSIT

A minimum of 45 of the 120 credits must be in the general education areas approved by the University.

Communication Arts, 6 credits
A Track must include: COMM 215, equivalent or higher
B Track must include: ENG 147

Mathematics, 6 credits
(Must include MTH 220, equivalent, or higher)

Science & Technology, 6 credits
Must include at least three (3) credits in the physical or biological sciences

Humanities, 6 credits
(Must include: HUM 115)

Social Science, 6 credits

Additional Liberal Arts, 6 credits
A Track must include: GEN 201
B Track must include: GEN 127

Interdisciplinary Component, 9 credits
Any credit that is not being applied to the primary major as a waiver may be applied to the lower division electives/Interdisciplinary requirement. Physical Education activity credits are limited to four (4) credits.

Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waiver the general education balance in order to complete the minimum general education credits required for their program.

Graduate coursework from the College of Information Systems and Technology may be completed as an option to satisfy credits within the Upper Division Elective requirement.

Academic Progression Requirements for the BSIT

• Students placed in the Accelerated Pathway (A Track) are required to successfully complete GEN 201 followed by HUM 115 prior to proceeding into additional coursework in their programs.
• Standard pathway (B Track) students must satisfy all three (3) courses from the standard pathway prior to enrolling in any other course: GEN 127, HUM 115, ENG 147
• Accelerated Pathway (A Track) students have the option to satisfy HUM 115 by meeting one of the following criteria:
  • Transfer a regionally accredited Associate of Arts degree from a community college, or higher degree from a regionally or approved nationally accredited institution.
• Transfer to UoPX with an Associate's Degree, or higher, from an articulated institution where the Program Transfer Guide requirements do not mandate completion of a critical thinking course.
• Transfer a Critical Thinking course of 2.67 credits or higher with a C- grade.
• Previous completion of an Associate of Arts or higher degree from UOPX.
• Previous completion of a Critical Thinking course with UOPX.
• Non-pathway students may not enroll in HUM 115 to satisfy programmatic prerequisites, general education, or elective requirements.
• Accelerated Pathway (A Track) students may not enroll in GEN 127 or ENG 147 to satisfy programmatic prerequisites, general education or elective requirements.
• Concurrent enrollment is prohibited during any of the following courses: GEN 201, GEN 127, ENG 147, or HUM 115.
• Continuously enrolled students in an approved entry point course should not execute a program or version change until completion of the entry point course to determine if the pathway diagnostic is required based on the outcome of the course.
• Students who have successfully completed an approved entry point course in a degree program and are re-entry or executing a program change will not be required to complete the pathway diagnostic and will be placed in the Accelerated Pathway (A Track).
• Students who previously completed an approved entry point course and choose to transition to the standard pathway (B Track) are not required to take GEN 127.
• Students may not complete any of the following courses via Directed Study: GEN 201, GEN 127, ENG 147, or HUM 115.
• With the exception of ENG 147, GEN 127, GEN 201, and HUM 115, General Education and Elective course requirements may be satisfied by any of the following means:
  • University of Phoenix coursework,
  • Regionally or nationally accredited coursework (C- or higher grade),
  • UOPX Prior Learning Assessment,
  • National Testing Programs, and
  • ACE evaluated Military credits.
• Satisfy University Proficiency Requirements
• Undergraduate students must satisfy math and English proficiencies as a condition of degree conferral and as a degree progression requirement prior to specific courses in their program.
• Students have the following options to fulfill proficiency:
  • Successful completion of University of Phoenix math and English courses designated as applicable to the proficiency requirement
• Comparable regionally or approved nationally accredited transfer, or credit recommended by the American Council on Education transfer coursework that meets the following requirements:
  - Completed within ten years of enrollment
  - Grade of C- or better (or academic equivalent)
  - At least 2.67 semester credits
  - Eligible to receive general education credits
• Achieve a passing score (as established by the American Council on Education) on a comparable National Testing Program (NTP) exam completed within ten years of enrollment.
• Demonstrate competency by meeting minimum passing score on University of Phoenix approved placement exam.
• Students who satisfied the English and/or math proficiency and sign a new enrollment agreement may carry forward the completed proficiency in their new program/version provided they have remained in continuous attendance in alignment with the University’s Re-Entry policy.

Additional Residency Requirements and Course Waivers for the BSIT

Students in this program may waive a maximum of 21 credits from their required course of study.

The 15 credit Information Systems and Technology Electives requirement may be satisfied by any of the following means:
• Lower/Upper Division or Graduate IS&T University of Phoenix coursework.
• Previously completed Graduate coursework from the College of IS&T.
• Lower or Upper Division Certificate approved in the student’s state or jurisdiction.
• Lower/Upper Division or Graduate Information Technology transfer coursework that is acceptable for transfer and was completed within the past five (5) years from current program enrollment agreement sign date with a grade of C- or better.
• Lower or Upper Division Information Technology National Testing Program exams that are acceptable for transfer and were completed within the past five (5) years from current program enrollment agreement sign date.
• Lower or Upper Division Information Technology American Council on Education recommended (Military) credits that are acceptable for transfer and were completed within the past five (5) years from current program enrollment agreement sign date.
• Lower or Upper Division Information Technology Prior Learning Assessment (PLA) credits awarded to activities completed within the past five (5) years from current program enrollment agreement sign date.

Re-entry for the BSIT

Re-entry students who have successfully completed an approved entry point course in a degree program will not be required to complete the pathway diagnostic and will be placed in the Accelerated Pathway (A Track). They will not be required to enroll in the standard pathway (B Track) courses.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.
The Bachelor of Science in Health Administration (BSHA) Program is designed to integrate a framework of general education courses with a health care curriculum that prepares the graduate with the foundational knowledge needed to enter today's challenging health industry. The BSHA curriculum addresses the basic body of knowledge, understanding, and skills identified as relevant to an ever-expanding and diverse health care arena. Coursework includes content in some of the following areas—management, finance, legal and ethical parameters, risk and quality management, human resources, and information systems. Upon completion of the core curriculum health care students have the opportunity to select an area of focus that is designed to expand their professional opportunities.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/bsha.

### Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, School of Health Services Administration graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete the program.

- Students will be able to analyze a health care organization from a market-based perspective.
- Students will be able to analyze financial and economic issues in the health care industry.
- Students will be able to explain the application of risk and quality management concepts in the health care industry.
- Students will be able to analyze the utilization and application of technology within a health care organization.
- Students will be able to apply management and adaptable leadership skills in the health care industry.

### BSHA Core Courses

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

BSHA Health Administration Electives
The electives below are intended for students earning their Associates en-route to the BSHA or students pursuing the BSHA with no en-route credential.
Students may satisfy the 15 credit Upper Division Health Administration Electives using the courses below and their respective equivalencies. Students earning a certificate en-route will fulfill the 15 credit Upper Division Health Administration Electives using the certificate coursework.
HCS 430 ................................................................. 3 credits
Legal Issues in Health Care: Regulation and Compliance
HCS 446 ................................................................. 3 credits
Facility Planning
HCS 455 ................................................................. 3 credits

HCS 446 ................................................................. 3 credits
Leadership and Performance Development

The University reserves the right to modify the required course of study as necessary.

General Information for the BSHA
• First time attendees with the University who indicate less than 24 previous college credits (as recognized by the university) on the admission application and who meet the requirements for "Admitted with Condition" status, will be admitted with condition to this program according to the risk free period policy.
  • Prior Learning Assessment and credits earned through National Testing Programs are excluded from the calculation of previous college credits.
  • Applicants who have not previously completed an associate degree or higher at a regionally or approved nationally accredited institution must complete a Pathway Diagnostic before enrolling into their first credit-bearing course. The results of the diagnostic will determine placement in the Accelerated Pathway (A Track) or standard pathway (B Track).
  • Students who have completed an associate degree or higher at a regionally or nationally accredited institution are not required to complete the Pathway Diagnostic and will be placed in the Accelerated Pathway (A Track).
  • Students who are placed in the Accelerated Pathway may choose to pursue the standard pathway without appeal, but must complete the standard pathway in its entirety upon the change. Students who are placed in the standard pathway must appeal to pursue the Accelerated Pathway.

En-Route Credentials for the BSHA
• Students may declare and earn additional credentials that are approved in their state or jurisdiction en-route to completing the bachelor degree. Students must sign and submit the enrollment agreement that corresponds with the unique combination of desired credentials to be earned. Possible credentials include an associate degree and/or upper division certificate. Listed below are all of the possible en-route credentials:
  • Emergency Management Certificate
  • Long Term Care Certificate
• Students may apply for conferral of an en-route credential upon meeting the following program requirements:
  • Successful completion of all the courses outlined in the enrollment agreement for the credential
  • Achievement of the minimum program GPA
  • Fulfillment of the minimum University residency requirement
• Students may elect to update or remove the selected credentials by completing a new enrollment agreement reflecting the new selection of credentials.

Additional Admission Requirements for the BSHA
All applicants are expected to meet the following admissions requirements:
• High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
• Applicants must be currently employed or have access to a work environment.
• Applicants to the BSHA completing the Emergency Management Certificate (BSHA/EMY) en-route must be currently employed in or have prior employment experience, within the last five (5) years, in an Emergency Management position such as Emergency Medical Technician (EMT), First Responder, firefighter, or other emergency personnel. Effective 10/1/2015 Applicants to the BSHA completing the Emergency Management Certificate (BSHA/EMY) en-route must be currently employed in or have one (1) year minimum of prior employment experience in the last five (5) years in an Emergency Management position such as Emergency Medical Technician (EMT), First Responder, firefighter, or other emergency personnel.

Degree Requirements for the BSHA
• Completion of a minimum of 120 credits that include the following distribution:
  • General Education - 45 credits
  • Required Course of Study (BSHA) - 51 credits
  • Upper Division Health Administration Electives - 15 credits
  • Electives - 9 credits
• A minimum of 42 upper division credits.
• A minimum grade point average (GPA) of 2.0.
• The diploma awarded for this program will read as: Bachelor of Science in Health Administration

General Education Requirements for the BSHA
A minimum of 45 of the 120 credits must be in the general education areas approved by the University.
Communication Arts, 6 credits
A Track must include: ENG 220, equivalent or higher
B Track must include: ENG 147
Mathematics, 6 credits
Must include MTH 209, equivalent or higher
Science and Technology, 6 credits
Must include: HCS 245
Humanities, 6 credits
Must include: HUM 115
Social Science, 6 credits
Additional Liberal Arts, 6 credits
A Track must include: GEN 201
B Track must include: GEN 127
Interdisciplinary Component, 9 credits
Any credit that is not being applied to the primary major as a waiver may be applied to the lower division electives/Interdisciplinary requirement.
Physical Education activity credits are limited to four (4) credits.

Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.

Bachelor of Science in Health Administration students who want to transition into the Masters of Health Administration (MHA) degree program may complete a maximum of six (6) graduate-level credits as part of their Elective requirement. These courses may only be taken after the completion of the required course of study.

Students may select a maximum of six (6) credits from the following MHA courses to fulfill their elective credits. A minimum grade of "B" is required in the courses listed below.

HCS 500 ~ ................................................................. 3 credits
Concepts of Health Care Informatics
HCS 548 ~ ................................................................. 3 credits
Foundations of Gerontology
HCS 567 ~ ................................................................. 3 credits
Entrepreneurship in Health Care
HCS 587 ~ ................................................................. 3 credits
Creating Change within Organizations
HCS 591 ~ ................................................................. 3 credits
Creating a Sustainable Health Care Organization

Academic Progression Requirements for the BSHA

- Students placed in the Accelerated Pathway (A Track) are required to successfully complete GEN 201 followed by HUM 115 prior to proceeding into additional coursework in their programs.
- Standard pathway (B Track) students must satisfy all three (3) courses from the standard pathway prior to enrolling in any other course: GEN 127, HUM 115, ENG 147
- Accelerated Pathway (A Track) students have the option to satisfy HUM 115 by meeting one of the following criteria:
  - Transfer a regionally accredited Associate of Arts degree from a community college, or higher degree from a regionally or approved nationally accredited institution.
  - Transfer to UoPX with an Associate's Degree, or higher, from an articulated institution where the Program Transfer Guide requirements do not mandate completion of a critical thinking course.
  - Transfer a Critical Thinking course of 2.67 credits or higher with a C- grade.
  - Previous completion of an Associate of Arts or higher degree from UOPX.
  - Previous completion of a Critical Thinking course with UOPX.
- Non-pathway students may not enroll in HUM 115 to satisfy programmatic prerequisites, general education, or elective requirements.
- Accelerated Pathway (A Track) students may not enroll in GEN 127 or ENG 147 to satisfy programmatic prerequisites, general education or elective requirements.
- Concurrent enrollment is prohibited during any of the following courses: GEN 201, GEN 127, ENG 147, or HUM 115.
- With the exception of ENG 147, GEN 127, GEN 201, and HUM 115, General Education and Elective course requirements may be satisfied by any of the following means:
  - University of Phoenix coursework,
  - Regionally or nationally accredited coursework (C- or higher grade),
  - University of Phoenix Prior Learning Assessment
  - National Testing Programs, and
  - ACE evaluated Military credits.
- Continuously enrolled students in an approved entry point course should not execute a program or version change until completion of the entry point course to determine if the pathway diagnostic is required based on the outcome of the course.
- Students who have successfully completed an approved entry point course in a degree program and are re-entry or executing a program change will not be required to complete the pathway diagnostic and will be placed in the Accelerated Pathway (A Track).
- Students who previously completed an approved entry point course and choose to transition to the standard pathway (B Track) are not required to take GEN/127.
- Students may not complete any of the following courses via Directed Study: GEN 201, GEN 127, ENG 147, or HUM 115.
- Satisfy University Proficiency Requirements
- Undergraduate students must satisfy math and English proficiencies as a condition of degree conferral and as a degree progression requirement prior to specific courses in their program.
- Students have the following options to fulfill proficiency:
  - Successful completion of University of Phoenix math and English courses designated as applicable to the proficiency requirement
  - Comparable regionally or approved nationally accredited transfer, or credit recommended by the American Council on Education transfer coursework that meets the following requirements:
    - Completed within ten years of enrollment
    - Grade of C- or better (or academic equivalent)
    - At least 2.67 semester credits
    - Eligible to receive general education credits
• Achieve a passing score (as established by the American Council on Education) on a comparable National Testing Program (NTP) exam completed within ten years of enrollment.
• Demonstrate competency by meeting minimum passing score on University of Phoenix approved placement exam.
• Students who satisfied the English and/or math proficiency and sign a new enrollment agreement may carry forward the completed proficiency in their new program/version provided they have remained in continuous attendance in alignment with the University’s Re-Entry policy.
• Effective for new Enrollment Agreements Signed 7/1/2015 and thereafter: Students must successfully complete a minimum of 24 general education credits prior to entry into the first required course of study course. The 24 credits may be satisfied using UOPX coursework or applied transfer credit.
  The 24 general education credits must consist of:
  • 6 credits in Communication Arts
  • 3 credits in Humanities
  • 6 credits in Social Science
  • 3 credits in Science/Technology
  • 3 credits in Physical/Biological Science
  • 3 credits in Liberal Arts
• Minnesota students and Minnesota residents attending Online: Effective for new Enrollment Agreements Signed 7/1/2015 and thereafter: Students must successfully complete a minimum of 24 general education credits prior to entry into the first required course of study course. The 24 credits may be satisfied using UOPX coursework or applied transfer credit.
  The 24 general education credits must consist of:
  • 6 credits in Communication Arts
  • 3 credits in Humanities
  • 6 credits in Social Science
  • 6 credits in Natural Science
  • 3 credits in Liberal Arts

Minimum Grade Requirements for the BSHA
• Students in this program are required to achieve a minimum grade of "C" (2.0) in course listed below. A "C-" grade is not acceptable. Students who fail to receive a minimum grade of "C" will be scholastically disqualified from the University.
  • HCS 499 Health Care Strategy Capstone
• Students who fail to meet the minimum grade requirement and have been scholastically disqualified will not be allowed to continue in the program until the course has been successfully repeated. Students will be allowed to repeat each class in which the minimum grade was not achieved one time. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and will not be able to continue in the BSHA program.

Additional Residency Requirements and Course Waivers for the BSHA
Students in this program may waive a maximum of 15 upper division credits from their required course of study.
Students may also waive 12 lower division credits from the required course of study.
The Upper Division Health Administration Elective requirement may be satisfied by any of the following means:
• Approved UOPX Health Administration Elective coursework.
• Upper division Certificate approved in the student’s state or jurisdiction.
The following course(s) may not be waived: HCS 305, HCS 499

Re-entry for the BSHA
Re-entry students who have successfully completed an approved entry point course in a degree program will not be required to complete the pathway diagnostic and will be placed in the Accelerated Pathway (A Track). They will not be required to enroll in the standard pathway (B Track) courses.
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.
Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.
Programs in the School of Nursing are designed to support the career advancement and educational needs of licensed practical, vocational and registered nurses, who are looking to expand their professional horizons. In an era of unprecedented and disruptive change in the health care industry—from shifting patient demographics, to the emergence of new models like telemedicine and retail medicine, to an increasingly complex licensing and credentialing environment—today's nurses must work hard to navigate the changes and remain on the leading-edge of their professions. Whether you are a registered nurse looking to bolster your credentials to meet today's higher standards, or an advanced-practice nurse seeking to expand your knowledge and take on greater leadership challenges, The University of Phoenix® School of Nursing will equip you with the deep industry insight and up-to-the-minute knowledge and skills you need to become the nurse tomorrow needs.

Accreditation- School of Nursing Programs

The Bachelor of Science in Nursing and Master of Science in Nursing programs at University of Phoenix are accredited by the Commission on Collegiate Nursing Education (CCNE) One Dupont Circle, NW, Suite 530, Washington, DC 20036, (202) 887-6791. http://www.aacn.nche.edu/ccne-accreditation

International Nursing Honor Society

The mission of Sigma Theta Tau International (STTI) is advancing world health and celebrating nursing excellence in scholarship, leadership, and service. The honor society provides products and services that advance the learning and professional development of members and all nurses who strive to improve the health of the world’s people.

University of Phoenix, School of Nursing is a member of the Omicron Delta chapter of STTI, a virtual chapter that support members across the globe. Membership is by invitation to baccalaureate and graduate nursing students who demonstrate excellence in scholarship and to nurse leaders exhibiting exceptional achievements in nursing. Undergraduate students must have completed at least 1/2 of the nursing curriculum, rank in the upper 35 percent of his/her graduating class, achieved academic excellence (at least a 3.0 on a 4.0 grade point average scale) and met the expectation of academic integrity. Graduate students must have completed at least 1/4 of the nursing curriculum, achieved academic excellence (at least 3.5 on a 4.0 grade point average scale) and met the expectation of academic integrity.

STTI has more than 135,000 active members who reside in more than 85 countries. There are roughly 500 chapters at approximately 695 higher education institutions. To learn more about STTI visit their website at www.nursingsociety.org. To learn more about the Omicron Delta chapter visit their website at http://www.omicron-delta.net.

Academic Progression Requirements for all Current Nursing Programs (excluding BSN/I)

License Requirement

PN/VN to BSN students must possess an active unrestricted/unencumbered PN or VN license in the state where they are completing clinical hours. PN/VN to BSN students must hold a valid and unrestricted/unencumbered PN or VN license in all states and jurisdictions in which the applicant holds an active nursing license. RN to BSN, MSN and post-master’s certificate students must hold a valid, unrestricted/unencumbered RN license in all states and jurisdictions in which the applicant holds an active nursing license. Students must also hold a valid and unrestricted/unencumbered RN license for the state in which they practice.

All active licenses must remain valid and unrestricted/unencumbered through the duration of the program. With the exception of Hawaii, VA, and active duty military students are allowed to practice nursing in a state or country where they are not licensed as long as they are practicing nursing in a federal facility. In Hawaii, students must possess a valid Hawaii license.

Scholastic Disqualification

Students who receive a non-passing grade in a Nursing CORE course (CORE courses are listed in the program description of each program handbook chapter) will be required to meet with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns prior to retaking the course that placed the student on scholastic disqualification. Students will also be required to complete and sign an Academic Progression Student Agreement Form.

For Students signing an enrollment agreement 10/1/2015 or later:

Students are permitted one retake of a nursing course due to non-passing grades. Students who fail to achieve the minimum grade on a second course will be scholastically suspended and permanently withdrawn from their nursing program.

Drug Testing

Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion of substance abuse, or otherwise indicates that the student may be impaired by drugs or alcohol without reasonable justification, will be required to undergo a “for-cause” 10-panel drug screen plus an alcohol drug test.

1. For purposes of this policy, the following definitions apply:

- Drug testing means the scientific analysis of urine, blood, breath, saliva, hair, tissue, and other specimens from the human body for the purpose of detecting the use of drugs or alcohol.

- Reasonable suspicion means evidence which forms a reasonable basis for concluding that it is more likely than not that a person is impaired by alcohol or drugs or has engaged in substance abuse. Facts which could give rise to reasonable suspicion include, but are not limited to: the odor of alcohol or drugs, impaired behavior such as slurred speech, decreased motor coordination, difficulty in maintaining balance, marked changes in personality or job performance, and unexplained accidents, without reasonable justification. Such evidence may come from a professional or expert opinion, layperson opinion, scientific tests, or other sources or methods.
• Impaired means that a person's mental or physical capabilities to submit to any "for cause" drug testing required by the University and testing required by each agency or health care facility the nursing student obtains clinical hours, and to release a copy of any and all drug test results to the University and each agency or health care facility the nursing student obtains clinical hours, and

2. Prior to being assigned to a clinical placement and as a prerequisite for placement at any agency or health care facility the nursing student shall sign an agreement:

• to abide by the drug policies and drug testing policies of the University and each agency or health care facility in which a student is assigned as applicable,

• to submit to any "for cause" drug testing required by the University and testing required by each agency or health care facility the nursing student obtains clinical hours, and

• to release a copy of any and all drug test results to the University of Phoenix, Dean/Associate Dean of Nursing, other appropriate University officials, and to any State Board(s) of Nursing in which the student holds a nursing license or certificate, where required by the relevant State Board(s) of Nursing. Failure to sign such agreement is grounds for refusal for student admission and progression in the program.  

3. The College of Health Professions, School of Nursing requires students to obtain a 10 panel, plus alcohol drug test if the student's behavior in the clinical, classroom or laboratory setting creates facts that give rise to a reasonable suspicion of substance abuse, or indicates they are impaired by alcohol or drugs.

4. If the results of the 10 panel, plus alcohol drug test is negative for alcohol or illegal drugs:

• The student shall meet with their Campus College Chair, Director of Nursing, or NP Program Manager within 24 hours or by the first business day following the test results to discuss the circumstances surrounding suspected behavior.

• The Campus College Chair, Director of Nursing, or NP Program Manager will counsel the student regarding return to the classroom and clinical agency. The preliminary investigation will cease and the student will be released from further action at that time.

• The Campus College Chair, Director of Nursing, or NP Program Manager will arrange for the student to make up the missed clinical hours.

5. If the results of the 10 panel, plus alcohol drug test is positive for alcohol or illegal drugs:

• A full review by the Office of Dispute Management and Apollo Ethics and Compliance shall be conducted. Students who test positive for alcohol or illegal drugs will not be permitted to return to any clinical setting pending conclusion of the review. The findings may result in student dismissal from the nursing program and expulsion from the University.

• The results of the positive test for alcohol or illegal drugs shall be reported to the applicable State Board(s) of Nursing, if required by the applicable State Board(s), by the Campus College Chair, Director of Nursing, or NP Program Manager.

6. If the results of the 10 panel, plus alcohol drug test(s) are positive for a prescribed drug(s) but not those that would be defined as illegal in the definitions above:

• the student shall, within three (3) business days, obtain a written statement from their treating, licensed health care provider (MD, DO, HMD, ND/NMD, NP or PA) stating that:
  • the drug level is within prescribed limits.
  • the level does not indicate abuse.
  • the student's use of the drug as prescribed will not interfere with safe practice in the clinical area.

   This statement must be provided to the Campus College Chair, Director of Nursing, or NP Program Manager. If the statement is approved, then the test result will be deemed acceptable and not failed for these purposes.

• The failure of a student to provide the above statement or a health care provider's inability to provide a statement meeting the requirements above shall be treated as a positive test for an illegal drug.

7. Students who refuse to submit to a "for-cause" drug test will not be allowed to return to any clinical setting pending conclusion of a full review by the Office of Dispute Management and Apollo Ethics and Compliance. The findings may result in dismissal from the nursing program and expulsion from the University. The results of a positive test for illegal drugs as defined herein or a refusal to undergo a required drug test will be reported to the applicable State Board of Nursing where required by the applicable State Board(s) of Nursing’s statute(s) or regulation(s).

8. Students must also adhere to any other additional policies prescribed by the clinical agency. It is the sole responsibility of the student to read and acknowledge the requirements of the clinical health care facility in addition to University policy.

9. All costs associated with the drug test, including any transportation costs to or from the drug testing facility, will be the responsibility of the student.

10. University of Phoenix, College of Health Professions, School of Nursing, campus officials may be required to report all failed drug use, possession, or distribution of alcohol or illegal drugs by any nursing student while on University or affiliated clinical site premises or while participating in any University (or affiliated clinical site) sponsored or related activity, including any nursing-related course or clinical training activity.

• a nursing student's use of alcohol or any drug in such a way that the student's performance in any nursing course, including activities at any clinical site, is impaired.

• Substance abuse means:

  • the consumption, possession, or distribution of alcohol or illegal drugs by any nursing student while on University or affiliated clinical site premises or while participating in any University (or affiliated clinical site) sponsored or related activity, including any nursing-related course or clinical training activity.

  • the student's use of the drug as prescribed will not interfere with safe practice in the clinical area.

  • the level does not indicate abuse.

  • the drug level is within prescribed limits.

• Illegal drug means any drug which is not legally obtainable; any drug which is legally obtainable but has not been legally obtained; any prescribed drug not legally obtained; any prescribed drug not being used for the prescribed purpose or by the person for whom it was prescribed; any over-the-counter drug being used at a dosage level other than that recommended by the manufacturer, or being used for a purpose other than the purpose intended by the manufacturer; and any drug being used for a purpose or by a person not in accordance with bona fide medical therapy. Examples of illegal drugs include, but are not limited to, stimulants; depressants; narcotic or hallucinogenic drugs; cannabis substances, such as marijuana and hashish; cocaine; heroin; methamphetamine; phencyclidine (PCP); and so-called designer drugs and look-alike drugs.

• Impaired means that a person's mental or physical capabilities are reduced below his or her normal levels without reasonable justification. An impaired student manifests deterioration in the level of function as compared to that previously observed, or the student does not function at a level normally expected under the prevailing circumstances. Impairment may exist in one or more multiple domains, including psychomotor activity and skills, conceptual or factual recall, integrative or synthetic thought processes, judgment, attentiveness, demeanor and attitudes as manifested in speech or actions. Impairment will include addiction to and/or physical dependence upon alcohol or illegal drugs.

• The results of the positive test for alcohol or illegal drugs shall be reported to the applicable State Board(s) of Nursing, if required by the applicable State Board(s), by the Campus College Chair, Director of Nursing, or NP Program Manager.

• The student's performance in any nursing course, training activity, including any nursing-related course or clinical activity, including any nursing-related course or clinical training activity.

• Failure to sign such agreement is grounds for refusal for student admission and progression in the program.

• The findings may result in student dismissal from the nursing program and expulsion from the University.

• The results of the positive test for alcohol or illegal drugs shall be reported to the applicable State Board(s) of Nursing, if required by the applicable State Board(s), by the Campus College Chair, Director of Nursing, or NP Program Manager.

• Students who refuse to submit to a "for-cause" drug test will not be allowed to return to any clinical setting pending conclusion of a full review by the Office of Dispute Management and Apollo Ethics and Compliance. The findings may result in dismissal from the nursing program and expulsion from the University. The results of a positive test for illegal drugs as defined herein or a refusal to undergo a required drug test will be reported to the applicable State Board of Nursing where required by the applicable State Board(s) of Nursing’s statute(s) or regulation(s).

• Students must also adhere to any other additional policies prescribed by the clinical agency. It is the sole responsibility of the student to read and acknowledge the requirements of the clinical health care facility in addition to University policy.

• All costs associated with the drug test, including any transportation costs to or from the drug testing facility, will be the responsibility of the student.

• University of Phoenix, College of Health Professions, School of Nursing, campus officials may be required to report all failed drug use, possession, or distribution of alcohol or illegal drugs by any nursing student while on University or affiliated clinical site premises or while participating in any University (or affiliated clinical site) sponsored or related activity, including any nursing-related course or clinical training activity.

• Failure to sign such agreement is grounds for refusal for student admission and progression in the program.

• The findings may result in student dismissal from the nursing program and expulsion from the University.

• The results of the positive test for alcohol or illegal drugs shall be reported to the applicable State Board(s) of Nursing, if required by the applicable State Board(s), by the Campus College Chair, Director of Nursing, or NP Program Manager.
The Registered Nurse to Bachelor of Science in Nursing is a post-licensure education program designed for nurses with current RN licensure who wish to obtain a bachelor's degree in the professional field of nursing. The program is designed to develop the professional knowledge and skills of registered nurses and prepare them as generalists who are able to apply critical thinking, professional skills, and knowledge to client outcomes and health care systems.

**Program Purpose**

The Registered Nurse to Bachelor of Science in Nursing is a post-licensure education program designed for nurses with current RN licensure who wish to obtain a bachelor's degree in the professional field of nursing. The program is designed to develop the professional knowledge and skills of registered nurses and prepare them as generalists who are able to apply critical thinking, professional skills, and knowledge to client outcomes and health care systems.

**Program Student Learning Outcomes**

In addition to the knowledge and skills related to the University Learning Goals, School of Nursing students are expected to meet the following learning outcomes by the time you complete this program.

- Students will apply theories, knowledge, and the nursing process to provide safe patient-centered care in a variety of health care settings.
- Students will integrate professional nursing leadership roles as researcher, practitioner, and leader. Using human caring as a framework, registered nurses are prepared as generalists who are able to apply critical thinking,.progressional skills, and knowledge to patient outcomes and health care systems. The Bachelor of Science in Nursing degree program incorporates liberal arts components and develops the intellectual, social, and cultural aspects of the professional nurse. This baccalaureate program includes behavioral objectives that concentrate on the development of the nurse’s role as an advocate for patient rights, a member of the interdisciplinary team, and a leader in the profession. Using human caring as a framework, registered nurses are prepared as generalists who are able to apply critical thinking, professional skills, and knowledge to patient outcomes and health care systems. The Bachelor of Science in Nursing degree program has a 38-credit required course of study. The required course of study includes a capstone course that synthesizes baccalaureate student learning outcomes. The required course of study fulfills only part of the 120 minimum-credit requirement for degree completion. *Nursing programs are accredited by the Commission on Collegiate Nursing Education* (CCNE), One Dupont Circle, NW, Suite 530, Washington, DC 20036-1120, 202-887-6791

• Applicants must reside in the United States or in one of the US Territories with documentation of a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. Applicants from the following territories must also hold a RN license obtained by taking the US NCLEX-RN exam:
  • Guam
  • American Samoa
  • Northern Mariana Islands
  • US Virgin Islands
• Completion of a nursing diploma earned from a recognized school of nursing in the United States; associate degree (any emphasis) earned in the United States from an approved regionally or nationally accredited institution; an associate degree in nursing or post-secondary diploma in nursing or foreign equivalent earned at a recognized foreign institution; California 30 credit option or California BSN approved program.
• Non-military students who enroll in this program while living in the US and then move outside of the U.S. and its territories must change to the international version of the degree BSN-I. Students must sign a new Enrollment Agreement for the international version of the degree. Students must: 1) notify their campus representative within thirty (30) days of their moving outside the country; 2) update their profile to reflect the new international address; and 3) have a nursing license to practice nursing in the country where they are residing for the BSN practicum or contact an Online College representative.
• Signed Criminal Background Check Disclosure
• Signed Acknowledgement of Criminal Conviction Prohibition for Placement and Licensure
• Signed FERPA Release/Drug Test or Failure to Test Results

Degree Requirements for the BSN
• Completion of a minimum of 120 credits that include the following distribution:
  • A minimum of 44 upper division credits.
  • A maximum of 76 lower division credits
  • A minimum grade point average (GPA) of 2.0.
• University of Phoenix offers assessment of prior learning as an option by which students can earn assessed credits toward degree completion requirements. Registered nurses, enrolled in the BSN program, whose nursing education was completed at a non-US institution, or a non-accredited institution, may be evaluated for transferable non-nursing credits for degree completion.
• The diploma awarded for this program will read as: Bachelor of Science in Nursing

Academic Progression Requirements for the BSN
• All students enrolling in the BSN program will take NSG 301 as their first course.
• Students may take courses required for the Bachelor of Science in Nursing degree in any sequence as long as the prerequisite(s) for each course has been satisfactorily completed.
• Students must hold a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For students holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program.
• Satisfy University Proficiency Requirements
• Undergraduate students must satisfy math and English proficiencies as a condition of degree conferral and as a degree progression requirement prior to specific courses in their program.
• Students have the following options to fulfill proficiency:
  • Successful completion of University of Phoenix math and English courses designated as applicable to the proficiency requirement
  • Comparable regionally or approved nationally accredited transfer, or credit recommended by the American Council on Education transfer coursework that meets the following requirements:
    • Completed within five years of enrollment
    • Grade of C- or better (or academic equivalent)
    • At least 2.67 semester credits
  • Eligible to receive general education credits
• Achieve a passing score (as established by the American Council on Education) on a comparable National Testing Program (NTP) exam completed within five years of enrollment.
• Demonstrate competency by meeting minimum passing score on University of Phoenix approved placement exam.
• Students who satisfied the English and/or math proficiency and sign a new enrollment agreement may carry forward the completed proficiency in their new program/version provided they have remained in continuous attendance in alignment with the University’s Re-Entry policy.
• A clinical course may not be taken concurrently with any other course. The clinical courses in this program include: NSG 425, NSG 467, NSG 478, NSG 485, NSG 495.
• Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion, of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a “for-cause” 10 panel, plus alcohol drug test.

Minimum Grade Requirements for the BSN
• Students in the Bachelor of Science in Nursing are required to achieve a minimum grade of “C” (2.0) in specific nursing and clinical courses. A “C-” grade is not acceptable. Students who fail to receive a minimum grade of “C” in any of the following courses will be scholastically disqualified from the University: HSN 375, HSN 475, NSG 301, NSG 397, NSG 415, NSG 425, NSG 455, NSG 467, NSG 478, NSG 485
• Students in the Bachelor of Science in Nursing are required to achieve a minimum grade of “B-” (2.5) in the Senior Leadership Project course. A “C+” grade is not acceptable. Students who fail to receive a minimum grade of “B-” will be scholastically disqualified from the University: NSG 495
• Effective for new Enrollment Agreements signed 10/1/2015 or later: Students cannot repeat more than one nursing or clinical course from the lists above. Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn, from the Bachelor of Science in Nursing program.
• Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
• Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
• Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
• Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.
• Re-Admission is granted when the student satisfactorily fulfills the outlined requirements to remove the scholastic disqualification. Students may repeat the specific nursing courses listed above only one time. If the student does not receive the minimum grade requirement on the second attempt, the student will be scholastically suspended, permanently withdrawn, from the Bachelor of Science in Nursing program.

Residency Requirements and Course Waivers for the BSN
Students must meet the established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits from a combination of the Required Course of Study, General Education, and Electives must be completed at University of Phoenix.

Students in this program may waive a maximum of 9 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "C" (2.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Through an approved articulation agreement, students who have successfully completed equivalent courses may waive, without credits, up to thirty (30) credits of the Required Course of Study. Students must substitute other upper division coursework to satisfy the upper division credit requirement of their degree program (each program has specific substitution requirements). This policy also applies to upper division courses which are used to fulfill Associate of Arts degree requirements. In order to be granted a waiver, without credits, for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
- The course must have been completed and transcripted from a regionally or nationally accredited institution with which the University of Phoenix has an approved articulation agreement.
- The course must have been completed with a grade of "C" (2.0) or better during the effective dates of the approved articulation agreement.
- The course must be approved through the articulation agreement and must be comparable in content and credits to the University course it is replacing.

The following courses in the Required Course of Study may not be waived: NSG 307, NSG 415, NSG 425, NSG 455, NSG 467, NSG 478, NSG 485, NSG 495.

General Education Requirements for the BSN
A minimum of 52 of the 120 credits must be in the general education areas approved by the University.

Communication Arts, 6 credits
ENG 220, equivalent or higher

Mathematics, 6 credits
MTH 209, equivalent or higher

Natural/Physical Sciences, 12 credits

Humanities, 6 credits

Social Science, 6 credits

Interdisciplinary Requirements, 16 credits
Any earned credit may be applied to the Interdisciplinary Component, with the exception of the following: credits applied to course(s) in the Required Course of Study as a waiver, equivalent course(s) to the BSN Required Course of Study and credits that apply to other areas of general education or the nursing Required Course of Study. Students may be able to apply additional Lower Division nursing content credits towards the interdisciplinary component exceeding 30 total LD nursing credits in transfer.

Physical Education activity credits are limited to four (4) credits.
Six (6) credits must be Upper Division.
Six (6) upper division RN to BSN pathway course credits may be applied to the interdisciplinary category.

Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.

Nursing Pathway for BSN
Bachelor of Science in Nursing students who want to transition into the University’s Master of Science in Nursing (MSN) or (MSN/MHA) degree programs may complete two (2) of the following courses as part of their upper division elective credits which are required for degree completion. The nursing pathway courses may be taken only after completion of the required course of study.

All MSN pathway courses must be completed with a grade of B- or better. Students who do not pass these classes with a grade of B- or better will be scholastically disqualified. Students who fail to meet the minimum grade requirement will be allowed to repeat the class once. Students who fail to meet the minimum grade requirement after the second attempt, will be permanently withdrawn from the program and will be placed on scholastic suspension. Appeals through SAC for readmission to the program will not be accepted by the School of Nursing.

Re-entry for the BSN
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student to this program.

Re-entry students may re-enroll into their program version if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most...
Learning Goals, School of Nursing graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will integrate ethical values and respect for cultural diversity in safe patient-centered health care delivery and practice in a variety of health care settings.
- Students will apply theories, knowledge and the nursing process to provide safe patient-centered care in a variety of health care settings.
- Students will apply health promotion and disease management principles that integrate evidenced-based nursing knowledge to ensure safe patient-centered care.
- Students will integrate professional nursing leadership roles as designer, manager and coordinator of safe patient-centered care in a variety of health care settings.
- Students will use health care equipment, technology, communication devices and information systems to provide safe patient-centered care in a variety of health care settings.
- Students will analyze the effect of health care policy, regulatory, legal, economic and sociocultural environments on health care delivery and practice in a variety of health care settings.
- Students will integrate professional role as educator in health care delivery and practice in a variety of health care settings.

**Required Course of Study for the BSN**

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

- **HSN 302** .......................... 3 credits  
  Undergraduate Nursing Studies
- **NSG 391** ........................... 3 credits  
  Professional Nursing Practice
- **NUR 440CC** ~.................. 3 credits  
  Health Assessment and Promotion for Vulnerable Populations
- **HSN 251** ........................... 3 credits  
  Critical Thinking
- **Upper Division Elective**........ 3 credits
- **HCS 478** ........................... 3 credits  
  Health Care Communication
- **NUR 408CC** ~.................. 4 credits  
  Healthy Communities: Theory and Practice
- **Epidemiology: Global and Public Health**
  HCS 483 ................................ 3 credits
  Statistical Applications
- **HCS 478** ........................... 3 credits  
  Health Law and Ethics
- **HCS 482** ........................... 3 credits

**Program Student Learning Outcomes**

In addition to the knowledge and skills related to the University...
Health Care Informatics  
NUR 403 ..................................................................................... 3 credits  

Theories and Models of Nursing Practice  
NUR 427 ..................................................................................... 3 credits  

Health and Chronic Disease Management  
The University reserves the right to modify the required course of study. All grades of “F” or grades not meeting minimum specific course grade requirements must be repeated.

Additional Admission Requirements for the BSN  
- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.  
- Current employment is not a requirement for admission.  
- Completion of an associate degree in nursing from an approved RN-BSN transfer partner institution.  
- Signed Criminal Background Check Disclosure  
- Signed Acknowledgement of Criminal Conviction Prohibition for Placement and Licensure  
- Signed FERPA Release/Drug Test or Failure to Test Results  
- Students must complete HSN 302, NSG 391 and NUR 440CC as a Non-Degree student with UOPX with a C or better as part of their associate degree progression with the partner institution and prior to admission to University of Phoenix.  

Degree Requirements for the BSN  
- Completion of a minimum of 120 credits that include the following:  
  - A minimum of 30 upper division credits.  
  - A maximum of 90 lower division credits  
  - A minimum of 54 of the 120 credits must be in the general education areas approved by the University.  
  - A minimum program grade point average (GPA) of 2.0.  
- The diploma awarded for this program will read as: Bachelor of Science in Nursing

Academic Progression Requirements for the BSN  
- All students enrolling in the BSN Partner program will take NUR 443CC as their first course.  
- Students may take courses required for the Bachelor of Science in Nursing degree in any sequence as long as the prerequisite(s) for each course has been satisfactorily completed.  
- Students whose RN license becomes restricted, encumbered or revoked while enrolled in the program may not enroll in any further program courses.  
- Satisfy University Proficiency Requirements  
- Undergraduate students must satisfy math and English proficiencies as a condition of degree conferral and as a degree progression requirement prior to specific courses in their program.  
- Students have the following options to fulfill proficiency:  
  - Successful completion of University of Phoenix math and English courses designated as applicable to the proficiency requirement  
  - Comparable regionally or approved nationally accredited transfer, or credit recommended by the American Council on Education transfer coursework that meets the following requirements:  
  - Completed within five years of enrollment  
  - Grade of C- or better (or academic equivalent)  
  - At least 2.67 semester credits  
  - Eligible to receive general education credits  
- Achieve a passing score (as established by the American Council on Education) on a comparable National Testing Program (NTP) exam completed within five years of enrollment.  
- Demonstrate competency by meeting minimum passing score on University of Phoenix approved placement exam.  
- Students who satisfied the English and/or math proficiency and sign a new enrollment agreement may carry forward the completed proficiency in their new program/version provided they have remained in continuous attendance in alignment with the University’s Re-Entry policy.  
- A clinical course may not be taken concurrently with any other course. The clinical courses in this program include: NUR 405CC, NUR 408CC, and NUR 492CC.  
- Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion, of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a “for-cause” 10 panel, plus alcohol drug test.

 Candidacy Status for the BSN  
The School of Nursing has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling.
- Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.  
- All Level 2 Candidate Status requirements must be completed and posted to the student's academic record prior to starting NUR 405CC. Review for Level 2 Candidacy will be based on the following items:  
  - Documentation of a permanent valid, unrestricted, unencumbered RN license.  
  - Completion of all general education credits.

 Minimum Grade Requirements for the BSN  
Students in the Bachelor of Science in Nursing are required to achieve a minimum grade of “C” (2.0) in specific nursing and clinical courses. Students who fail to receive a minimum grade of “C” in any of the specified courses will be scholastically disqualified from the University, (“C-” is not acceptable). These courses include: HSN 302, NSG 391, NUR 405CC, NUR 408CC, NUR 440CC, NUR 443CC, and NUR 492CC. Effective for new Enrollment Agreements signed 10/1/2015 or later: Students cannot repeat more than one nursing or clinical course from the list above. Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn, from the Bachelor of Science in Nursing program. Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:  
- Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
• Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
• Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.

Residency Requirements and Course Waivers for the BSN
Students must meet the established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits from a combination of the Required Course of Study, General Education, and Electives must be completed at University of Phoenix. Students in this program may waive a maximum of 18 credits from their required course of study using their associates degree in nursing from an approved partner institution. The following courses will be waived with coursework from the partner institution: HCS 350, NUR 403, NUR 427, HCS 438, HCS 478, and HCS 482. Students in this program are not eligible to waive any additional courses from the required course of study. The following courses in the Required Course of Study may not be waived or satisfied with transfer coursework: HSN 251, HSN 302, NSG 391, NUR 405CC, NUR 408CC, NUR 440CC, NUR 443CC, NUR 492CC, Upper Division Elective, and Upper Division Humanities.

General Education Requirements for the BSN
A minimum of 54 of the 120 credits must be in the general education areas approved by the University.
Communication Arts, 6 credits
Must include COMM 215, equivalent or higher.
Mathematics, 6 credits
Must include MTH 209, equivalent or higher.
Natural/Physical Sciences, 12 credits
Humanities, 6 credits
Students will fulfill the Humanities content requirement by completing HSN 251 and a 3-credit upper division Humanities Elective as part of the required course of study. Students may use excess general education or elective credit to satisfy the six required Humanities General Education credits.
Social Science, 6 credits
Interdisciplinary Component, 18 credits
Any earned credit may be applied to the Interdisciplinary Component, with the exception of the following: credits applied to course(s) in the Required Course of Study as a waiver, equivalent course(s) to the BSN Required Course of Study and credits that apply to other areas of general education or the nursing Required Course of Study.
Physical Education activity credits are limited to four (4) credits.
Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program. For a description of the preceding general education areas, see the Undergraduate Programs section within this catalog.

Re-entry for the BSN
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student to this program. Re-entry students may re-enroll into their program version if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. An appeal will be required for re-entry students to re-enroll in their program if:
• The student is requesting to return after being administratively withdrawn due to one of the following student academic statuses: academic disqualification (AD), scholastic suspension (SS), or scholastic disqualification (SD).
• The student’s program version is still the most current offered in their state or jurisdiction but they are unable to complete the remaining program requirements within the original program completion deadline.
• The student wishes to return to a prior program version and the student can complete their remaining requirements within the original program completion deadline.

Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.

Licensed Practical Nurse/Licensed Vocational Nurse to Bachelor of Science in Nursing
The following Licensed Practical Nurse to Bachelor of Science in Nursing (LPN/LVN to BSN) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states.

The Bachelors of Science in Nursing program, accredited by the Commission of Collegiate Nursing Education (CCNE)*, has a special sequence for the Practical Nurse/Vocational Nurse (PN/VN) to achieve the BSN degree. This program builds on the basic education, skills, and experience of the practical nurse transitioning to the professional nursing role. Curriculum builds upon a foundation of biological, physical, and social sciences, which contribute to the science of nursing. The liberal arts components enhance the development of the intellectual, social, and cultural aspects of the professional nurse. Program content will focus on role transition, advanced clinical skills, evidenced-based practice and critical thinking. Graduates of the program will be eligible to apply to take the National Council Licensure Examination for Registered Nurses. The University of Phoenix, School of Nursing is committed to the advancement of nurses through the development of nurse leaders. Program objectives focus on leadership, advocacy, professionalism, collaboration, incorporation of caring, and reflective clinical/teaching practice. The acquisition of these objectives is essential to the practice of nursing.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/p-vn-bsn.

Program Purpose
The Licensed Vocational/Practical Nurse to Bachelor of Science in Nursing is a pre-licensure program designed for LVN/LPN nurses in good standing who wish to pursue licensure as a registered nurse (RN) and earn a BSN. The program builds on the basic education, skills, and experience of the practical nurse transitioning to the professional nursing...
Students will integrate professional role as educator in health care.

Students will analyze the effect of health care policy, regulatory, and management on patient care delivery.

Students will integrate professional nursing leadership roles as designer, manager, and coordinator of safe patient-centered care.

Students will apply theories, knowledge and the nursing process to provide safe patient-centered care in a variety of health care settings.

Students will use health care equipment, technology, communication devices and information systems to provide safe patient-centered care in a variety of health care settings.

Students will analyze the effect of health care policy, regulatory, legal, economic and sociocultural environments on health care delivery and practice in a variety of health care settings.

Students will integrate professional role as educator in health care delivery and practice in a variety of health care settings.

### Additional Admission Requirements for the LPN/LVN to BSN

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.

- Demonstrate a LPN/LVN post high school certificate or diploma from a regionally or nationally accredited college/ university or equivalent or completion of a licensed practical/vocational nursing program.

- Effective for new students with enrollment agreements executed 10/1/2013 or thereafter, applicants must provide a copy of the TEAS V (Test of Essential Academic Skills) assessment, reflecting a proficient level of achievement for the overall score and in science on the same exam. Students who fail to achieve a proficiency level of achievement may complete the TEAS V assessment a minimum of three times in one year and must wait a minimum of three months between each exam attempt. Acceptable assessment results will meet the following criteria:
  - A score of 45.8 for Science
  - A score of 58.7 overall

- Assessment scores must have been earned within one year from current program enrollment agreement sign date.

- Current employment and work experience are not required.

- Applicants must have verification of a valid, unrestricted, unencumbered LPN/LVN license from the United States in all states in which the applicant holds an active LPN/LVN license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program.

- A signed LPN/LVN to BSN Progression Requirements form
• A signed Professional Non-Academic Requirement form.
• Signed Criminal Background Check Disclosure
• Signed Acknowledgement of Criminal Conviction Prohibition for Placement and Licensure
• Signed FERPA Release/Drug Test or Failure to Test Results

**Candidacy Status for the LPN/LVN to BSN**

The School of Nursing has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling.

• Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.

• All Level 2 Candidate Status requirements must be completed and posted to the student’s academic record prior to starting NSG 300. Review for Level 2 Candidacy will be based on the following items:
  • Successful completion of all general education, elective and interdisciplinary courses
  • Completion of the assessment inventory.
  • Verification of a valid, unrestricted, unencumbered LPN/LVN license from the United States.
  • A minimum grade of “B” (3.0) for the required 18 credits of Natural/Physical Sciences: NSCI 280 - Anatomy and Physiology I, NSCI 281 - Anatomy and Physiology II, SCI 250 - Microbiology, HCS 436 - Pathophysiology, and SCI 220 - Human Nutrition.
  • Overall program GPA of 2.5.

**Degree Completion Requirements for the LPN/LVN to BSN**

• Completion of a minimum of 120 credits that include the following distribution:
  • A minimum of 57 of the 120 credits must be in the general education areas approved by the University.
  • A minimum of 63 upper division credits.
  • A maximum of 57 lower division credits
  • A minimum grade point average (GPA) of 2.5.

• All students must complete the minimum number of credits required by their degree program.

• Students will need to pass Nursing capstone course NSG 480 in order to be eligible for degree completion.

• The University of Phoenix offers Assessment of Prior Learning as an option by which students can earn assessed credits toward degree completion requirements. Nurses, enrolled in the LPN/LVN to BSN program, whose nursing education was completed at a non-US institution, or a non-regionally accredited institution, may be evaluated for transferable non-nursing credits for degree completion.

• The diploma awarded for this program will read as follows: Bachelor of Science in Nursing

**Additional Academic Progression Requirements for the LPN/LVN to BSN**

• Students enrolling in this program must complete GEN 200 as the first course.

• Students in this program are limited to a maximum of two attempts to complete all nursing required course of study courses with a passing grade. A withdrawal from a course resulting in a WF grade will be counted as an attempt.

• Students will need to adhere to the Predictor Testing plan as outlined in the Student Handbook.

• Student may be required to complete agency drug testing or fingerprint testing as required by the agency for clinical placement as described in the student handbook.

• Students will be responsible for using an electronic documentation system for class requirements.

• Required Course of Study builds on requisite skills and reinforces learning. To ensure that students have the requisite skills for specific coursework certain program areas must be satisfied before students can progress to others. Specific courses may have additional prerequisites that need to be satisfied prior to enrollment. The chart entitled, Required Course Sequence and Prerequisite System, identifies additional course requirements. Due to a required course sequence, no concurrent enrollment will be allowed after the completion of NSG 400.

• All students must have the following documentation current and in effect prior to entering NSG 320 and throughout the remainder of the Required Course of Study.

• Documentation of current medical information must include, but is not limited to, the following:
  • Hepatitis B Immunization or signed OSHA/University of Phoenix declination form
  • Negative TB skin test or University of Phoenix TB symptom survey questionnaire
  • Immunization against measles and Rubella (MMR/MR)
  • Current Basic Cardiac Life Support Certification Level C
  • Verification of background check to comply with the state statutes and recommendations. The verification of the background check must be completed prior to enrolling in NSG 320.

• Satisfy University Proficiency Requirements

• Undergraduate students must satisfy math and English proficiencies as a condition of degree conferral and as a degree progression requirement prior to specific courses in their program.

• Students have the following options to fulfill proficiency:
  • Successful completion of University of Phoenix math and English courses designated as applicable to the proficiency requirement
  • Comparable regionally or approved nationally accredited transfer, or credit recommended by the American Council on Education transfer coursework that meets the following requirements:
    - Completed within five years of enrollment
    - Grade of C- or better (or academic equivalent)
    - At least 2.67 semester credits
  • Eligible to receive general education credits

• Achieve a passing score (as established by the American Council on Education) on a comparable National Testing Program (NTP) exam completed within five years of enrollment.

• Demonstrate competency by meeting minimum passing score on University of Phoenix approved placement exam.

• Students who satisfied the English and/or math proficiency and sign a new enrollment agreement may carry forward the completed proficiency in their new program/version provided they have remained in continuous attendance in alignment with the University’s Re-Entry policy.

**Minimum Grade Requirements for the LPN/LVN to BSN**

• Students in this program will be placed on scholastic disqualification if a minimum grade of “C” (2.0) is not attained in all nursing required course of study classes.
Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:

- Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
- Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
- Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.
- Students will be allowed to retake general education courses. Students are allowed one attempt to repeat only one (1) nursing course in the required course of study. If a passing grade is not earned or if the student withdraws from the course and receives a WF grade, the student will be scholastically suspended, permanently withdrawn, from this program. The student will not be permitted to continue in the program unless an additional attempt is approved by the School of Nursing through the submission of a student appeal. Students may only repeat one class which caused them to be placed on Scholastic Disqualification or in which a WF Grade was earned one time.

Residency Requirements and Course Waivers for the LPN/LVN to BSN

Students must meet the established University residency requirement for degree conferral. The University requires that the majority of coursework, 57 credits from a combination of the Required Course of Study, General Education, and Electives must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order for a course waiver request to be reviewed by the Student Appeals Center (SAC) a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past three (3) years from current program enrollment agreement sign date with a grade of “C” (2.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be submitted with the Student Appeals Center (SAC) package.

In order to waive a course in the Liberal Arts categories, with the exception of Natural/Physical Sciences, the course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “C” (2.0) or better. In order to waive a course in the Natural/Physical Sciences category, the course must have been completed within the past three (3) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.

The following required courses may not be waived: NSG 300, NSG 480

NTP scores may be applied to all Liberal Arts categories with the exception of the Natural/Physical Sciences category due to the minimum grade requirement placed in NSCI 280, NSCI 281, SCI 250, HCS 436 and SCI 220.

General Education Requirements for the LPN/LVN to BSN

A minimum of 57 of the 120 credits must be in the general education areas approved by the University.

Communication Arts, 6 credits

Students must take (2) 3 credit courses in written and oral communication. Approved content is COMM 110 Introduction to Oral Communication and COMM 215 Essentials of College Writing or their content equivalent.

Mathematics, 6 credits

Natural/Physical Sciences, 18 credits

(Must include NSCI 280 - Anatomy and Physiology I, NSCI 281 - Anatomy and Physiology II, SCI 250 - Microbiology, HCS 436 - Pathophysiology and SCI 220 - Human Nutrition)

(Students in this program are required to achieve a minimum grade of “B” (3.0) in NSCI 280, NSCI 281, SCI 250, HCS 436, SCI 220)

Humanities, 6 credits

Must include PHL 251 or equivalent content

Social Science, 9 credits

Students must take (1) 3 credit course in general/introduction to psychology. Approved content is PSY 103 Introduction to Psychology or its content equivalent.

Students must take (1) 3 credit course in societal, cultural relationships or teamwork. Approved content is SOC 262, SOC 110, SOC 100 or SOC 315 or their content equivalent.

Student must take (1) 3 credit course in Human Growth and Development. Approved content is PSY 280 Human Growth & Development or its content equivalent.

Interdisciplinary Component, 9 credits

Nursing credits from LPN/LVN program can not be applied to any general education category.

Physical Education activity credits are limited to four (4) credits.

Professional Development, 3 credits

(GEN 200)

Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.

For a description of the preceding general education areas, see the Undergraduate Programs section within this catalog.
Re-entry for the LPN/LVN to BSN

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course will be required to re-enter and follow the admission, degree requirements and program policies published in the catalog which is in effect at the time of re-entry.

Students who have been out of attendance over one year who have not exceeded their program completion deadline who wish to remain in their current program version will be required to appeal to the Student Appeals Center to move forward with the re-entry process.

Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.

Reentry students who have completed required nursing and general education coursework, and have been out of the program over a year, may be required to repeat the specified nursing coursework.

Students out of attendance for one year or longer and who have never completed GEN 200, will be expected to complete GEN 200 or equivalent upon return.
COLLEGE OF EDUCATION (Phoenix)

The College of Education offers undergraduate programs designed for future educators combining content and pedagogical preparation. These programs are developed and taught by skilled practitioners who work in their respective fields, and emphasize knowledge, skills, dispositions, and lifelong learning as essential elements for professional practice. Each program blends theory and practice through a combination of individual and collaborative work to foster a learning environment that allows students to build their knowledge base and apply what they have learned to “impact student learning one educator at a time.” Each student/applicant is responsible for checking with his/her state Department of Education and/or school district to determine specific credentialing requirements. The College of Education offers associate level degree programs designed to provide content knowledge in areas such as English/language arts, fine arts, math, science, and social studies, as well as foundational coursework in education.

Admission Requirements for University of Phoenix

All applicants are expected to meet the following admission requirements:

- Applicants whose native language is not English must have either:
  - achieved a minimum score of 213 on the computer-based test (cBT), or a score of 79 on the internet-based test (iBT), or a score of 350 on the written-based test (wBT) on the Test of English as a Foreign Language (TOEFL) within two years of application to the University.
  - or-
  - achieved a minimum passing score of 750 on the Test of English as an International Communication (TOEIC) within two years of application to the University.
  - or-
  - achieved a minimum passing score of 6.5 on the test of the International English Language Testing System (IELTS) within two years of application to the University.
  - or-
  - achieved a minimum score of 69 on the Berlitz Online Test of Reading and Listening Skills - English or a minimum score of 350 on the Berlitz Online English Proficiency Exam within two years of application to the University.
  - or-
  - successful completion of the approved ESL series of courses completed at: Canadian College of English Language (CCEL), International Language Schools of Canada (ILSC) or Kaplan.
  - or-
  - achieved a minimum score of 59 on the Pearson Test of English Academic Exam within two years of application to the University.

- The following may exempt a non-native speaker from having to take the TOEFL/TOEIC/IELTS, however official documentation may be required:
  - The applicant has successfully completed thirty (30) transferable, academic semester credits at a regionally or nationally accredited college or university in the United States.
  - The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized college or university in a country in which English is the official language.
  - The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized institution where English is the medium of instruction.
  - The applicant has previously earned, prior to applying for admission to the University of Phoenix, a U.S. high school diploma or G.E.D. Applicants that list any language other than English as their native language on the admission application and G.E.D is taken, must submit a copy of the G.E.D to verify it was taken in the English version format.
  - The applicant has earned the equivalent of a U.S. high school diploma in a country in which English is the official language.
  - The applicant has earned the equivalent of a U.S. high school diploma at an institution where English is the medium of instruction.

- Applicants who reside in the United States must meet one of the following requirements:
  - Be a legal resident of the United States
  - Have been granted permanent residency
  - Have a valid visa that does not prohibit educational studies
  - Have been granted temporary protected status and has been verified through Citizenship and Immigration Service that the country is eligible for TPS status at the time of application sign date. Student must list TPS as the visa type on the admissions application in order for US to verify TPS status.
  - Have been granted asylum or refugee status.

- A signed Enrollment/Disclosure Agreement.

- Students, who list less than 24 previous college credits as recognized by the University on the admissions application, are required to successfully complete a University Orientation Workshop (UNIV 100 for Online or UNIV 101 for local campus) to be officially admitted (AM).

- Only students who reside within the United States and its territories are eligible to enroll into a University of Phoenix bachelor or master of education program.

- A signed New Student Checklist may be required.

- Completion of any state-specific required documents or forms.

- Applicants who have been expelled from other institutions are not eligible for admission to University of Phoenix.

- Students who have been expelled from University of Phoenix are not eligible for readmission to University of Phoenix. No appeals will be accepted.

Bachelor of Science in Education/Elementary
Work as a teacher with any local, state or federal entity.

The University reserves the right to modify the required course of study.

General Information for the BSED/E
- First time attendees with the University who indicate less than 24 previous college credits (as recognized by the university) on the admission application and who meet the requirements for "Admitted with Condition” status, will be admitted with condition to this program according to the risk free period policy.
- Prior Learning Assessment and credits earned through National Testing Programs are excluded from the calculation of previous college credits.
- Applicants who have not previously completed an associate degree or higher at a regionally or nationally accredited institution must complete a Pathway Diagnostic before enrolling into their first credit-bearing course. The results of the diagnostic will determine placement in the Accelerated Pathway (A Track) or standard pathway (B Track).
- Students who have completed an associate degree or higher at a regionally or nationally accredited institution are not required to complete the Pathway Diagnostic and will be placed in the Accelerated Pathway (A Track).
- Students who are placed in the Accelerated Pathway may choose to pursue the standard pathway without appeal, but must complete the standard pathway in its entirety upon the change. Students who are placed in the standard pathway must appeal to pursue the Accelerated Pathway.

Additional Admission Requirements for the BSED/E
All applicants are expected to meet the following admissions requirements:
- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body. GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- South Carolina: Applicants attending a local campus in South Carolina must submit a copy of their high school diploma, high school transcript with graduation posted, GED certificate, GED transcript with successful completion posted, CHSPE examination results or a letter on letterhead from the high school records office confirming the date of graduation. Students may submit an Associate Degree posted transcript in lieu of the high school documentation. This may include a copy of a transcript or degree verification information from the institution’s student website. Students can also submit a copy of a DD-214 showing high school graduation or equivalency to satisfy this requirement.
- Tennessee: Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school attended and date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.
- Applicants must be currently employed or have access to a work environment.

Candidate Status for the BSED/E
The College of Education has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling.
- Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.
- Level 2 Candidate Status is completed prior to the completion of 12 Required Course of Study (Core) credits of the program. To meet the Candidate Status Level 2 requirements, the following items must be completed. Evidence that these requirements have been met must be entered in IS3 and the student's eXp file.
  - Demonstration of basic skills proficiency
  - Students who reside in a state that does not have a basic skills exam have three options for completing this requirement.
  - Students must pass the Praxis I exam at the cut score determined by the College of Education.
  - * Reading 169
  - * Writing 172
  - * Math 170

Students must pass the Essential Academic Skills provided by National Evaluation Systems at the cut scores determined by the national benchmark.
  - * Essential Academic Skills Subtest I: Reading - 220
  - * Essential Academic Skills Subtest II: Writing - 220
  - * Essential Academic Skills Subtest III: Mathematics - 220
  - * Essential Academic Skills Subtest IV: Technology Literacy - 220

Core Academic Skills for Educators (Core)
  - * Core Academic Skills for Educators: Reading - 156
  - * Core Academic Skills for Educators: Writing - 162
  - * Core Academic Skills for Educators: Mathematics - 150

- Verification of fingerprint clearance

Georgia residents attending Online and Local Campus students with enrollment agreements signed 3/1/2015 or thereafter seeking a Georgia certificate:

Additional Candidacy Level II Requirements:
- Obtain a Georgia Pre-service Certificate. The steps to qualify for this certificate include:
  - Completion of GACE Educator Ethics Assessment-Program Entry Assessment (350)
  - Signed Pre-service certification application
  - Signed and notarized Verification of Lawful Presence (VLP) Affidavit
- Completed Background Check Form

Students must be admitted and meet Level 1 Candidate Status.
prior to being reviewed for Level 2 Candidate Status.

Degree Completion Requirements for the BSED/E

- Completion of a minimum of 120 credits that include the following distribution:
  - A minimum of 60 upper division credits in the Required Program Category Preferred Sequence.
  - A minimum of 54 of the 120 credits must be in the general education areas approved by the University.
  - A minimum grade point average (GPA) of 2.5.
- Satisfactory completion and uploading of the Teacher Work Sample (TWS).
- Satisfactory completion of any required internship, student teaching, practicum courses and/or alternative clinical practice.
- Complete course within the sequence specified by course prerequisite requirements.
- Meet state requirements as set forth by state of residency to receive state endorsement.
- Complete Field Experience Observation Record (100 hours).
- All students must complete the minimum number of credits required by their degree program.
- Georgia residents attending Online and Local Campus students who complete field experience, student teaching, and apply for state certification 9/1/2015 or thereafter must complete:
  - Teacher Performance Assessment
  - GACE Educator Ethics Exit Exam (360)
- The diploma awarded for this program will read as: Bachelor of Science in Education Elementary Education

Academic Progression Requirements for the BSED/E

Students placed in the Accelerated Pathway (A Track) are required to successfully complete GEN 201 as the first course in their program.

Standard pathway (B Track) students must satisfy all three (3) courses from the standard pathway prior to enrolling in any other course: GEN 127, HUM 115, ENG 147

With the exception of ENG 147, GEN 127, GEN 201, and HUM 115, General Education and Elective course requirements may be satisfied by any of the following means:

- University of Phoenix coursework,
- Regionally or nationally accredited coursework (C- or higher grade),
- National Testing Programs, and
- ACE evaluated Military credits.

Concurrent enrollment is prohibited during any of the courses in the standard pathway (B Track).

Accelerated Pathway (A Track) students may not enroll in GEN 127, ENG 147, or HUM 115 to satisfy programmatic prerequisites, general education or elective requirements.

Continuously enrolled students in an approved entry point course should not execute a program or version change until completion of the entry point course to determine if the pathway diagnostic is required based on the outcome of the course.

Students who have successfully completed an approved entry point course in a degree program and are re-entry or executing a program change will not be required to complete the pathway diagnostic and will be placed in the Accelerated Pathway (A Track).

Students who previously completed an approved entry point course and choose to transition to the standard pathway (B Track) are not required to take GEN 127.

Students may not complete any of the standard pathway (B Track) courses via Directed Study.

- Satisfy University Proficiency Requirements
- Undergraduate students must satisfy math and English proficiencies as a condition of degree conferral and as a degree progression requirement prior to specific courses in their program.

Students have the following options to fulfill proficiency:

- Successful completion of University of Phoenix math and English courses designated as applicable to the proficiency requirement
- Comparable regionally or approved nationally accredited transfer, or credit recommended by the American Council on Education transfer coursework that meets the following requirements:
  - Completed within ten years of enrollment
  - Grade of C- or better (or academic equivalent)
  - At least 2.67 semester credits
  - Eligible to receive general education credits
- Achieve a passing score (as established by the American Council on Education) on a comparable National Testing Program (NTP) exam completed within ten years of enrollment.
- Demonstrate competency by meeting minimum passing score on University of Phoenix approved placement exam.
- Students who satisfied the English and/or math proficiency and sign a new enrollment agreement may carry forward the completed proficiency in their new program/version provided they have remained in continuous attendance in alignment with the University’s Re-Entry policy.

Candidates must provide verification of content knowledge mastery prior to beginning student teaching. Candidates must provide:

- Passing scores on the designated state content knowledge exam.
- Verification of immunization or TB test results (district specific)
- Verification of the completion of 100 hours of field experience

Many courses in the Required Course of Study build on or reinforce each other. To ensure that students have the requisite skills for specific coursework certain program areas must be satisfied before students can progress to others.

All students must complete GEN 201 or GEN 127 as their first course at the University.

Students must complete all General Education requirements prior to completion of EDU 390.

Candidates will be required to have the minimum GPA for the program prior to entering the Student Teaching experience.

Minimum Grade Requirements for the BSED/E

- A candidate must earn a grade of "B" (grades of "I" and "B-") are not accepted) or better in the following courses in order to student teach: EDU 390, EED 498, EED 499
• Candidates must earn a "B" or better in Elementary Student Teaching I & II in order to complete this program. Candidates who do not earn a "B" or better will be required to repeat the seminar(s) in which the candidate did not receive the required minimum grade and the related portion of student teaching. The Campus College chair will coordinate with the Coordinating/Mentor Teacher and Faculty Supervisor to design a remediation plan.

• If the candidate does not receive a grade of "B" or better on the second attempt, the candidate will be Scholastically Suspended, permanently withdrawn, from the program.

Residency Requirements and Course Waivers for the BSED/E

Students must meet the established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits from a combination of the Required Course of Study, General Education, and Electives must be completed at University of Phoenix.

Students in this program may waive a maximum of 30 credits from their required course of study on the basis of regionally accredited transferable coursework. Upon the successful completion of the Child Development Associate (CDA) candidates transferring to UOPX may waive 12 credits using the following coursework in the BSED/E program. The options for credit application are based upon specific GE requirements for each state.

• *3 credits in social studies
• *9 credits in additional liberal arts

or

• *12 credits in social studies

or

• *12 credits in any combination of social studies, additional liberal arts or electives

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

• The course must have been completed and transcripted from a regionally accredited institution with which the University of Phoenix has an approved articulation agreement.

• The course must have been completed with a grade of "C" (2.0) or better during the effective dates of the approved articulation agreement.

• The course must be approved through the articulation agreement and must be comparable in content and credits to the University course it is replacing.

The following courses in the Required Course of Study may not be waived: EDU 300, EDU 311, EDU 321, EDU 390, EED 416, EED 498, EED 499, GEN 127, GEN 201, RDG 415, SPE 500. Arizona residents may waive SEI 300 and/or SEI 301 with an Arizona Department of Education approved SEI course (institution of higher education or approved district workshop) OR verification of one of the following endorsements:

• Arizona Provisional SE I Endorsement (SEI 300)
• Arizona Full SEI Endorsement (SEI 300 and SEI 301)
• Arizona English as a Second Language Endorsement
• Arizona Bilingual Endorsement

Approved SEI courses/workshops can be found at http://www.ade.state.az.us/asd/lep/.

General Education Requirements for the BSED/E

A minimum of 54 of the 120 credits must be in the general education areas approved by the University. English/Language Arts Requirement(s) 12 credits

Must include HUM 115

B track must include ENG 147

Mathematics Requirement(s) 12 credits

6 credits must include MTH 213 and MTH 214

Physical/Biological Science Requirement(s) 6 credits

Social Studies Requirement(s) 9 credits

3 credits must include HIS 301 or HIS 110

Effective for Enrollment Agreements signed 7/1/2014 or later 3 credits must include ETH 120. Prior to 7/1/2014, 3 credits must include SOC 315

Prior to 7/1/2014, 3 credits must include SOC 315

Fine Arts Requirement(s) 3 credits

Art, music, drama or dance

Humanities Requirement(s) 3 credits

Additional Liberal Arts Requirement(s) 9 credits

Physical Education activity credits are limited to four (4) credits.

All undergraduate students are required to complete the minimum general education credits required by their program version. Unless otherwise noted, no timeframe or minimum grade (other than a passing grade) is required when applying UOPX or transfer coursework to the mandatory General Education courses (MTH 213, MTH 214, SOC 315, HIS 301 or HIS 110). Students may use a 2 semester credit Constitution course to satisfy the HIS 301 or HIS 110 constitution requirement, or a 2 semester credit Education Math course to satisfy the MTH 213 and MTH 214 requirements, but will be required to make up the credit with other Liberal Arts General Education credit to meet the minimum requirements.

Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students
must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.

Field Experience for BSED/E

Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels from ages birth through grade eight. The focus of each field experience will relate to specific course content and will follow a structured format. Four formal field experience evaluations are required during the program (observation, one-on-one instruction, small group instruction, and whole-group instruction). These evaluations must be posted to the students' electronic portfolio. Documentation of field experience must be uploaded to the electronic portfolio and will be reviewed by campus staff and faculty prior to student teaching. Candidates must work with their campus to arrange field experience.

Student Teaching for the BSED/E

Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.

- Student teaching is the culminating experience of the Bachelor of Science in Education program. Students must complete prerequisites leading up to Student Teaching Seminar I prior to beginning the student teaching experience.
- Student teaching must occur in a 1-8 self-contained classroom setting under the supervision of a certified teacher. This applies to self-contained settings only, not departmentalized settings.
- Candidates wishing to do their student teaching in a single subject in grades 6–8 must provide the following prior to Student Teaching I:
  - Transcripts documenting of a minimum of 24 semester credits in their content area
  - Passing scores on the state mandated content exam
  - Candidates must earn a “B” or better in Elementary Education Seminar. If a candidate receives less than a “B” (B- or lower, or an incomplete grade), they must repeat the course.
  - Student teachers who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of “F” by their faculty member.
  - Candidates must be enrolled in Student Teaching Seminar I and II during their student teaching experience. If a candidate chooses to postpone student teaching they must postpone their enrollment in these seminars.
  - Student teaching can only be repeated one time.
  - Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their two student teaching attempts.
  - Candidates that do not successfully complete the second student teaching program will be removed from the program and are not eligible for re-entry.
  - Candidates must student teach in a self-contained elementary setting. Candidates may not student teach in special education.

- Students should complete student teaching within twelve (12) months from the completion date of their last required course in the program.
- Students must complete a minimum of 8 credit hours of student teaching, including the completion of a Teacher Work Sample project.

Candidates who are unable to complete their student teaching experience at the campus where they began are not guaranteed a placement. Candidates may be able to complete their student teaching through the University of Phoenix Online campus. A select number of states do not participate in the University of Phoenix Teacher Education program. Candidates must contact the Online campus for a list of participating states and procedures for student teaching placement.

- Candidates must successfully pass the Elementary Education Seminar with a “B” or better.
- Candidates must enroll in the remaining Student Teaching Seminars through the Online campus while completing their student teaching experience.
- Candidates need to work directly with the Online campus to complete the requirements for verification of placement.

Re-entry for the BSED/E

Re-entry students who have successfully completed an approved entry point course in a degree program will not be required to complete the pathway diagnostic and will be placed in the Accelerated Pathway (A Track). They will not be required to enroll in the standard pathway (B Track) courses.

Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum and can complete within their original deadline may reenter their original program version. However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved.

Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum can complete within their original deadline may reenter the current program version.

Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

Institutional Recommendation for the BSED/E

Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for state teaching credential).

Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.

Candidates must pass their state-mandated professional knowl-
Candidates must provide verification of state and U.S. Constitution coursework as required by the state certification agency.

**Bachelor of Science in Education/Elementary Education (Education Pathway Partnership)**

The following Bachelor of Science in Education/Elementary Education (BSED/E) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The BSED/E-PPP is an undergraduate degree program preparing candidates for teacher licensure. The BSED/E-PPP program is intended to afford candidates the opportunity to develop the skills and knowledge that will allow them to become competent and effective educators. This program focuses on improving elementary student learning through coursework that focuses on instructional strategies, assessment, and the integration of instructional technology. Throughout the program, students are required to complete verified field experiences covering a variety of developmental levels. The focus of each field experience will relate to specific course content. Documentation will be maintained in the student’s professional portfolio. Student teaching is an integral component of the program. It provides students with a field-based experience at the appropriate grade and content level. Student teachers work with a cooperating teacher from a school site and with a University of Phoenix faculty supervisor. The student teaching experience is designed to emphasize the achievement of state standards leading to certification and to present individuals with growth opportunities that best prepare them to assume the duties of a certified classroom teacher.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/bsed-e.

**Program Student Learning Outcomes**

In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills, and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and implement effective instruction in the elementary classroom to produce a positive impact on student learning.
- Students will be able to evaluate effective professional practice in elementary education.
- Students will be able to apply professional ethics to their instructional practices in elementary education.
- Students will be able to evaluate learning principles to differentiate instruction to meet the needs of diverse elementary student populations.
- Students will be able to create innovative strategies and incorporate technology in an elementary classroom setting.

**Program Category Requirements and Course Selections for the BSED/E-PPP**

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

**Introductory Course, 3 total credits**

- GEN 200 ~ .................................................................................... 3 credits
  
**Foundations for General Education and Professional Success**

- Orientation, 0 total credits
  
- EDU 340 ~ .................................................................................... 0 credits
- Orientation to Teacher Education

- Foundations, 3 total credits
  
- SPE 350 ~ .................................................................................... 3 credits
  
**Instructional Design/Curriculum and Instruction, 12 total credits**

- CUR 506 ~ .................................................................................... 3 credits
- CUR 545 ~ .................................................................................... 3 credits
- CUR 515 ~ .................................................................................... 3 credits
- Critical Thinking and Innovative Skills
  
**Students must select complete 3 elective credits from the following:**

- EDU 430 ~ .................................................................................... 3 credits
- Implementing the Common Core in Mathematics
- EDU 440 ~ .................................................................................... 3 credits
- Implementing the Common Core in English/Language Arts
- EDU 450 ~ .................................................................................... 3 credits
- Implementing the Common Core in Mathematics
- CUR 506 ~ .................................................................................... 3 credits
- Strategies and Innovation in STEM

**Assessment, 3 total credits**

- EED 400 ~ .................................................................................... 3 credits
- Assessment in Elementary Education

**Elementary Methods, 6 total credits**

- EED 425 ~ .................................................................................... 3 credits
- Elementary Methods - Health/PE
- EED 435 ~ .................................................................................... 3 credits
- Elementary Methods - Fine Arts

**Legal and Ethical, 3 total credits**

- EED 315 ~ .................................................................................... 3 credits
- Legal & Ethical Issues in Education

**Student Teaching and Field Experience, 8 total credits**

- EED 498 ~ .................................................................................... 4 credits
- Elementary Student Teaching, Seminar I
- EED 499 ~ .................................................................................... 4 credits
- Elementary Student Teaching, Seminar II

The University reserves the right to modify the required course of Study.

**Additional Admission Requirements for the BSED/E-PPP**

All applicants are expected to meet the following admissions requirements:

- Successful completion of MCCD Education Pathway program requirements
- Applicants must be currently employed or have access to a work environment.
- Verification of fingerprint clearance
- Demonstration of basic skills proficiency
Applicants who completed high school/secondary school outside of the United States, in a country where English is not the official language, must meet the English language proficiency requirement for admission.

**Degree Requirements for the BSED/E-EPP**

- Completion of a minimum of 120 credits that include the following distribution:
  - General Education - 45 credits
  - Education Preparation Coursework - 37 credits
  - Required Course of Study - 38 credits
- A minimum of 82 of the 120 credits must be in transfer from MCCD Education Pathway Program.
- A minimum of 38 upper division credits in the Required Program Category Preferred Sequence.
- A minimum grade point average (GPA) of 2.5.
- A minimum of 82 of the 120 credits must be in transfer from MCCD Education Pathway Program.
- A minimum grade point average (GPA) of 2.5.
- Satisfactory completion and uploading of the Teacher Work Sample (TWS).
- Satisfactory completion of any required internship, student teaching, practicum courses and/or alternative clinical practice.
- Complete course within the sequence specified by course prerequisite requirements.
- Complete Field Experience Observation Record (30-40 hours).
- All Students must complete the minimum number of credits required by their degree program.
- The diploma awarded for this program will read as: Bachelor of Science in Education Elementary Education

**Academic Progression Requirements for the BSED/E-EPP**

- Satisfy University Proficiency Requirements
- Undergraduate students must satisfy math and English proficiencies as a condition of degree conferment and as a degree progression requirement prior to specific courses in their program.
- Students have the following options to fulfill proficiency:
  - Successful completion of University of Phoenix math and English courses designated as applicable to the proficiency requirement
  - Comparable regionally or approved nationally accredited transfer, or credit recommended by the American Council on Education transfer coursework that meets the following requirements:
    - Completed within ten years of enrollment
    - Grade of C- or better (or academic equivalent)
    - At least 2.67 semester credits
  - Eligible to receive general education credits
- Achieve a passing score (as established by the American Council on Education) on a comparable National Testing Program (NTP) exam completed within ten years of enrollment.
- Demonstrate competency by meeting minimum passing score on University of Phoenix approved placement exam.
- Students who satisfied the English and/or math proficiency and sign a new enrollment agreement may carry forward the completed proficiency in their new program/version provided they have remained in continuous attendance in alignment with the University’s Re-Entry policy.

Candidates must provide verification of content knowledge mastery prior to beginning student teaching. Candidates must provide:
- Passing scores on the designated state content knowledge exam.
- Verification of immunization or TB test results (district specific)
- Verification of the completion of 30-40 hours of field experience

**Minimum Grade Requirements for the BSED/E-EPP**

- A candidate must earn a grade of “B” or better in the following courses in order to student teach: EED 498, EED 499. Grades of “I” and “B-” are not accepted. Students who fail to receive a minimum grade of “B” in any of the following courses will be scholastically disqualified from the University.
- A candidate must earn a “B” or better in Elementary Student Teaching I & II in order to complete this program. Candidates who do not earn a “B” or better will be required to repeat the seminar(s) in which the candidate did not receive the required minimum grade and the related portion of student teaching. The Campus College chair will coordinate with the Cooperating/Mentor Teacher and Faculty Supervisor to design a remediation plan.
- If the candidate does not receive a grade of “B” or better on the second attempt, the candidate will be Scholastically Suspended, permanently withdrawn, from the program.

**Residency Requirements and Course Waivers for the BSED/E-EPP**

Students must meet the established University residency requirement for degree conferment. The University requires that 38 credits must be completed at University of Phoenix.

Students in this program may not waive any credits from the required course of study:

**General Education Requirements for the BSED/E-EPP**

A minimum of 45 of the 120 credits must be in the general education areas approved by the University.

- English/Language Arts Requirement(s) 12 credits
- Mathematics Requirement(s) 12 credits
- Physical/Biological Science Requirement(s) 6 credits
- Social Studies Requirement(s) 9 credits
- Fine Arts Requirement(s) 3 credits
- Humanities Requirement(s) 3 credits

Unless otherwise noted, no timeframe or minimum grade (other than a passing grade) is required when applying UOPX or transfer coursework to the mandatory General Education courses (MTH 213, MTH 214, SOC 315, HIS 301 or HIS 110). Students may use a 2 semester credit Constitution course to satisfy the HIS 301 or HIS 110 constitution requirement, or a 2 semester credit Education Math course to satisfy the MTH 213 and MTH 214 requirements, but will be required to make up the credit with other Liberal Arts General Education credit to meet the minimum requirements.

**Field Experience for BSED/E-EPP**

Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 30-40 hours of verified field experiences, covering a variety of developmental levels from ages birth through grade eight. The focus of each field experience will relate to specific course content and will follow a structured format. Four formal field experience evaluations are required during the program (observation, one-on-one instruction, small-
Students must be enrolled in Student Teaching Seminar I and II. Candidates must successfully complete the course in order to advance to the next stage of their program. Student teaching must occur in a self-contained classroom setting under the supervision of a certified teacher. This applies to self-contained settings only, not departmentalized settings. Candidates wishing to do their student teaching in a single subject in grades 6-8 must provide the following prior to Student Teaching I:

- Transcripts documenting a minimum of 24 semester credits in their major field
- Passing scores on the state mandated content exam
- Candidates must earn a "B" or better in Elementary Education Seminar. If a candidate receives a grade of "B-" or lower, they must repeat the course.

Student teachers who are removed from a placement at the University of Phoenix Online campus for a list of participating states and procedures for student teaching placement. A select number of states do not participate in the University of Phoenix Teacher Education program. Candidates must contact the Online campus for a list of participating states and procedures for student teaching placement.

Student Teaching for the BSED/E-EPP

Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.

- Student teaching is the culminating experience of the Bachelor of Science in Education program. Students must complete prerequisites leading up to Student Teaching Seminar I prior to beginning the student teaching experience.
- Student teaching must occur in a 1-8 self-contained classroom setting under the supervision of a certified teacher. This applies to self-contained settings only, not departmentalized settings.
- Candidates wishing to do their student teaching in a single subject in grades 6-8 must provide the following prior to Student Teaching I:
- Transcripts documenting a minimum of 24 semester credits in their major field
- Passing scores on the state mandated content exam
- Candidates must earn a "B" or better in Elementary Education Seminar. If a candidate receives a grade of "B-" (B- or lower, or an incomplete grade), they must repeat the course.

Student teachers who are removed from a placement at the request of a school district or from class and will be issued a grade of "F" by their faculty member. Candidates may only be repeated one time.

Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their two student teaching attempts.

- Candidates that do not successfully complete the second student teaching program will be removed from the program and are not eligible for re-entry.
- Candidates must student teach in a self-contained elementary setting. Candidates may not student teach in special education.

Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary. Recipients of states are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter. Institutional Recommendation for the BSED/E-EPP

- Candidates must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved.

Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary. Recipients of states are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

Institutional Recommendation for the BSED/E-EPP

- Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for state teaching credential).

- Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.

- Candidates must pass their state-mandated professional knowledge exam.
- Candidates must provide verification of state and U.S. Constitution coursework as required by the state certification agency.

Bachelor of Science in Education/Early Childhood Education

The following Bachelor of Science in Education/Early Childhood Education (BSED/ECH) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online.
The Bachelor of Science in Education (BSED) with a specialization in Early Childhood Education is an undergraduate degree program preparing candidates for teacher licensure in the field of early childhood (birth to age eight/grade 3). The curriculum is aligned with the Interstate Teaching Assessment and Support Consortium’s (InTASC) model core teaching standards and the National Association for the Education of Young Children (NAEYC) standards. The curriculum includes common core standards, child development and learning, building family and community relations, cultural diversity, assessment to support young children and families, strong content knowledge to build developmentally appropriate and meaningful curriculum and experiences, and professionalism and ethics of educators. Throughout the program, students are required to complete verified field experiences and student teaching.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/bsed-ech.

Program Purpose
The Bachelor of Science in Education/Early Childhood is an undergraduate degree program intended to prepare students with no prior teaching experience for initial teacher licensure. The program is designed for students who want to work with children from pre-K through grade 3 or age 8 as a licensed early childhood educator. The program includes a clinical component requiring field experiences and student teaching above and beyond program coursework. As licensure requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed teacher. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills, and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

• Students will be able to design and implement effective instruction in the early childhood classroom to produce a positive impact on student learning.

• Students will be able to evaluate effective professional practice in early childhood education.

• Students will be able to apply professional ethics to their instructional practices in early childhood education.

• Students will be able to evaluate learning principles to differentiate instruction to meet the needs of diverse early childhood populations.

• Students will be able to create innovative strategies and incorporate developmentally appropriate technology in an early childhood setting.

Program Category Requirements and Course Selections
Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Introductory Course, 3 total credits
GEN 201 (A Track) ................................................................. 3 credits
Foundations for University Success
GEN 127 (B Track) .............................................................. 3 credits
University Studies for Success

Orientation, 0 total credits
ECH 300 ~ ............................................................................ 0 credits
Orientation to Early Childhood Education

History and Foundations of Education, 9 total credits
ECH 301 ~ ............................................................................ 3 credits
Foundations of Early Childhood Education
EDU 219 ~ ............................................................................ 3 credits
Ethics and Social Responsibility in Education
ECH 418 ~ ............................................................................ 3 credits
Community and Family Engagement

Educational Theories and Models, 6 total credits
ECH 211 ~ ............................................................................ 3 credits
Instructional Strategies for Early Childhood Education
ECH 321 ~ ............................................................................ 3 credits
Developmentally Effective Learning Environments

Human Development, 3 total credits
ECH 205 ~ ............................................................................ 3 credits
Early Childhood Growth and Development

Assessment, 3 total credits
ECH 400 ~ ............................................................................ 3 credits
Assessment and Evaluation in Early Childhood

Reading, 6 total credits
RDG 351 ~ ............................................................................ 3 credits
Early Childhood Literacy Development
RDG 416 ~ ............................................................................ 3 credits
Methods of Teaching in Early Childhood Language and Literacy

Special Populations, 9 total credits
SEI 300 ~ ............................................................................ 3 credits
Structured English Immersion
SEI 301 ~ ............................................................................ 3 credits
Advanced Structured English Immersion Methods
ECH 302 ~ ............................................................................ 3 credits

Exceptionalities of the Young Child

Early Childhood Methods, 12 total credits
ECH 416 ~ ............................................................................ 3 credits
Methods of Teaching in Early Childhood: Math
ECH 420 ~ ............................................................................ 3 credits
Methods of Teaching in Early Childhood: Science
ECH 430 ~ ............................................................................ 3 credits
Methods of Teaching in Early Childhood: Social Studies
ECH 435 ~ ............................................................................ 3 credits
Methods of Teaching in Early Childhood: Arts & Music

Student Teaching and Field Experience, 9 total credits
ECH 390 ~ ............................................................................ 1 credit
Early Childhood Student Teaching Seminar
ECH 498 ~ ............................................................................ 4 credits
Early Childhood Student Teaching (Birth-Preschool)
ECH 499 ~ ............................................................................ 4 credits
Early Childhood Student Teaching (K through Age 8/Grade 3)
The University reserves the right to modify the required course of study.

**General Information for the BSED/ECH**

- First time attendees with the University who indicate less than 24 previous college credits (as recognized by the university) on the admission application and who meet the requirements for "Admitted with Condition" status, will be admitted with condition to this program according to the risk free period policy.
- Prior Learning Assessment and credits earned through National Testing Programs are excluded from the calculation of previous college credits.
- Applicants who have not previously completed an associate degree at a regionally or approved nationally accredited institution must complete a Pathway Diagnostic before enrolling into their first credit-bearing course. The results of the diagnostic will determine placement in the Accelerated Pathway (A Track) or standard pathway (B Track).
- Students who have completed an associate degree at a regionally or nationally accredited institution are not required to complete the Pathway Diagnostic and will be placed in the Accelerated Pathway (A Track).
- Students who are placed in the Accelerated Pathway may choose to pursue the standard pathway without appeal, but must complete the standard pathway in entirety upon the change. Students who are placed in the standard pathway must appeal to pursue the Accelerated Pathway

**Additional Admission Requirements for the BSED/ECH**

All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Applicants must be currently employed or have access to a work environment.

**Candidacy Status for the BSED/ECH**

The College of Education has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling.

- Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.
- Level 2 Candidate Status is completed prior to the completion of 12 Required Course of Study (Core) credits of the program. To meet the Candidate Status Level 2 requirements, the following items must be completed. Evidence that these requirements have been met must be entered in IS3 and the student’s eXp file.
  - Demonstration of basic skills proficiency Students who reside in a state that does not have a basic skills exam have three options for completing this requirement. Students must pass the Praxis I exam at the cut score determined by the College of Education.

**Degree Completion Requirements for the BSED/ECH**

- Completion of a minimum of 120 credits that include the following distribution:
  - General Education - 57 credits
  - Required Course of Study- 60 credits
  - Electives - 3 credits
  - A minimum of 48 upper division credits.
  - A minimum grade point average (GPA) of 2.5.
  - Satisfactory completion and uploading of the Teacher Work Sample (TWS).
  - Satisfactory completion of any required student teaching and/or alternative clinical practice.
  - Meet state requirements as set forth by state of residency to receive state endorsement.
  - Complete Field Experience Observation Record (100 hours).
  - The diploma awarded for this program will read as: Bachelor of Science in Education Early Childhood Education
  - Students who have graduated from any BS Early Childhood Education program leading to initial teacher certification are not eligible for admission to any MAED/TED programs.

**Academic Progression Requirements for the BSED/ECH**

- Students placed in the Accelerated Pathway (A Track) are required to successfully complete GEN 201 followed by HUM 115 prior to proceeding into additional coursework in their programs.
- Standard pathway (B Track) students must satisfy all three (3) courses from the standard pathway prior to enrolling in any other course: GEN 127, HUM 115, ENG 147
- With the exception of ENG 147, GEN 127, GEN 201, and HUM 115, General Education and Elective course requirements may be satisfied by any of the following means:
  - University of Phoenix coursework,
  - Regionally or nationally accredited coursework (C- or higher grade),
  - University of Phoenix Prior Learning Assessment, (30 credit limit on experiential learning; 30 credit limit on professional training).

* Reading 169
* Writing 172
* Math 170
Students must pass the Essential Academic Skills provided by National Evaluation Systems at the cut scores determined by the national benchmark.

- Essential Academic Skills Subtest I: Reading - 220
- Essential Academic Skills Subtest II: Writing - 220
- Essential Academic Skills Subtest III: Mathematics - 220
- Essential Academic Skills Subtest IV: Technology Literacy - 220

Core Academic Skills for Educators (Core)

- Core Academic Skills for Educators: Reading 156
- Core Academic Skills for Educators: Writing - 162
- Core Academic Skills for Educators: Mathematics - 150
- Verification of fingerprint clearance

Students must be admitted and meet Level 1 Candidate Status prior to being reviewed for Level 2 Candidate Status.

University of Phoenix, 2015-2016

**COLLEGE OF EDUCATION (Phoenix)**

* Core Academic Skills for Educators: Mathematics - 156
  - Core Academic Skills for Educators: Mathematics - 156
  - Core Academic Skills for Educators: Reading 156
  - Core Academic Skills for Educators: Reading 156
  - Core Academic Skills for Educators: Writing - 156
  - Verification of fingerprint clearance

Students must be admitted and meet Level 1 Candidate Status prior to being reviewed for Level 2 Candidate Status.

**Academic Progression Requirements for the BSED/ECH**

- Students placed in the Accelerated Pathway (A Track) are required to successfully complete GEN 201 followed by HUM 115 prior to proceeding into additional coursework in their programs.
- Standard pathway (B Track) students must satisfy all three (3) courses from the standard pathway prior to enrolling in any other course: GEN 127, HUM 115, ENG 147
- With the exception of ENG 147, GEN 127, GEN 201, and HUM 115, General Education and Elective course requirements may be satisfied by any of the following means:
  - University of Phoenix coursework,
  - Regionally or nationally accredited coursework (C- or higher grade),
  - University of Phoenix Prior Learning Assessment, (30 credit limit on experiential learning; 30 credit limit on professional training).

* Reading 169

**Academic Progression Requirements for the BSED/ECH**

- Students placed in the Accelerated Pathway (A Track) are required to successfully complete GEN 201 followed by HUM 115 prior to proceeding into additional coursework in their programs.
- Standard pathway (B Track) students must satisfy all three (3) courses from the standard pathway prior to enrolling in any other course: GEN 127, HUM 115, ENG 147
- With the exception of ENG 147, GEN 127, GEN 201, and HUM 115, General Education and Elective course requirements may be satisfied by any of the following means:
  - University of Phoenix coursework,
  - Regionally or nationally accredited coursework (C- or higher grade),
  - University of Phoenix Prior Learning Assessment, (30 credit limit on experiential learning; 30 credit limit on professional training).
• National Testing Programs, and
• ACE evaluated Military credits.
• Accelerated Pathway (A Track) students who meet the following criteria may satisfy the HUM 115 requirement with transfer coursework:
  • Students transferring to UoPX with a regionally accredited Associate of Arts degree from a community college.
  • Students transferring to UoPX with an Associate’s Degree from an articulated institution where the Program Transfer Guide requirements do not mandate completion of a critical thinking course.
• Concurrent enrollment is prohibited during any of the following courses: GEN 201, GEN 127, ENG 147, or HUM 115.
• Accelerated Pathway (A Track) students may not enroll in GEN 127 or ENG 147 to satisfy programmatic prerequisites, general education or elective requirements.
• Continuously enrolled students in an approved entry point course should not execute a program or version change until completion of the entry point course to determine if the pathway diagnostic is required based on the outcome of the course.
• Students who have successfully completed an approved entry point course in a degree program and are re-entry or executing a program change will not be required to complete the pathway diagnostic and will be placed in the Accelerated Pathway (A Track).
• Students who previously completed an approved entry point course and choose to transition to the standard pathway (B Track) are not required to take GEN 127.
• Students may not complete any of the following courses via Directed Study: GEN 201, GEN 127, ENG 147, or HUM 115.
• Satisfy University Proficiency Requirements
• Undergraduate students must satisfy math and English proficiencies as a condition of degree conferral and as a degree progression requirement prior to specific courses in their program.
• Students have the following options to fulfill proficiency:
  • Successful completion of University of Phoenix math and English courses designated as applicable to the proficiency requirement.
  • Comparable regionally or approved nationally accredited transfer, or credit recommended by the American Council on Education transfer coursework that meets the following requirements:
    - Completed within ten years of enrollment
    - Grade of C- or better (or academic equivalent)
    - At least 2.67 semester credits
    - Eligible to receive general education credits
  • Achieve a passing score (as established by the American Council on Education) on a comparable National Testing Program (NTP) exam completed within ten years of enrollment.
  • Demonstrate competency by meeting minimum passing score on University of Phoenix approved placement exam.
• Students who satisfied the English and/or math proficiency and sign a new enrollment agreement may carry forward the completed proficiency in their new program/version provided they have remained in continuous attendance in alignment with the University’s Re-Entry policy.
• Candidates must provide verification of content knowledge mastery prior to beginning student teaching. Candidates must provide:
  • Passing scores on the designated state content knowledge exam.
  • Verification of immunization or TB test results (district specific).
  • Verification of the completion of 100 hours of field experience.
• Students must complete all General Education requirements prior to completion of ECH 390.
• Candidates will be required to have the minimum GPA for the program prior to entering the Student Teaching experience.

Minimum Grade Requirements for the BSED/ECH
• A candidate must earn a grade of "B" or better in the following courses in order to progress in future coursework. Grades of "I" and "B-" are not accepted. Students who do not receive a B- or better will be placed on Scholastic Disqualification and will be required to repeat the seminar(s) in which the candidate did not receive the required minimum grade and the related portion of student teaching. The Campus College chair will coordinate with the Cooperating/Mentor Teacher and Faculty Supervisor to design a remediation plan: ECH 390, ECH 498, ECH 499.
• If the candidate does not receive a grade of "B" or better on the second attempt, the candidate will be Scholastically Suspended, permanently withdrawn, from the program.

Residency Requirements and Course Waivers for the BSED/ ECH
• Students must meet the established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits from a combination of the Required Course of Study, General Education, and Electives must be completed at University of Phoenix.
• Students in this program may waive a maximum of 30 credits from their required course of study on the basis of regionally accredited transferable coursework.
• Upon the successful completion of the Child Development Associate (CDA) candidates transferring to University of Phoenix may waive 21 credits using the following coursework in the BSED/ ECH program:
  • 3 credits in social studies
  • 9 credits in additional liberal arts
  • ECH 301: Foundations of Early Childhood (3 credits)
  • ECH 205: Growth and Development (3 credits)
  • ECH 321: Developmentally Effective Learning Environments (3 credits)
• Arizona residents may waive SEI 300 and/or SEI 301 with an Arizona Department of Education approved SEI course (institution of higher education or approved district workshop) or verification of one of the following endorsements:
  • Arizona Provisional SEI Endorsement (SEI 300)
In order to be granted a waiver for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally accredited institution, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "C" (2.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Through an approved articulation agreement, students who have successfully completed equivalent courses may waive, without credits, up to thirty (30) credits of the Required Course of Study. Students must substitute other upper division coursework to satisfy the upper division credit requirement of their degree program (each program has specific substitution requirements). This policy also applies to upper division courses which are used to fulfill Associate of Arts degree requirements.

In order to be granted a waiver, without credit, for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed and transcripted from a regionally accredited institution with which the University of Phoenix has an approved articulation agreement.
- The course must have been completed with a grade of "C" (2.0) or better during the effective dates of the approved articulation agreement.
- The course must be approved through the articulation agreement and must be comparable in content and credits to the University course it is replacing.
- The following courses in the Required Course of Study may not be waived: ECH 211, ECH 300, ECH 302, ECH 321, ECH 390, ECH 416, ECH 498, ECH 499, RDG 416

General Education Requirements for the BSED/ECH

A minimum of 57 of the 120 credits must be in the general education areas approved by the University.

- English/Language Arts Requirement(s) 12 credits
  - Must include: HUM 115
- B Track must include: ENG 147
- Mathematics Requirement(s) 12 credits
  - 6 credits must include MTH 213 and MTH 214
- Physical/Biological Science Requirement(s) 6 credits
- Social Studies Requirement(s) 9 credits
  - 3 credits must include ETH 120
  - 3 credits must include HIS 301 or HIS 110
- Fine Arts Requirement(s) 6 credits
- Art, music, drama or dance
- Humanities Requirement(s) 3 credits

Additional Liberal Arts Requirement(s) 9 credits

All undergraduate students are required to complete the minimum general education credits required by their program version. Unless otherwise noted, no timeframe or minimum grade (other than a passing grade) is required when applying UOPX or transfer coursework to the mandatory General Education courses (MTH 213, MTH 214, SOC 315, HIS 301 or HIS 110). Students may use a 2 semester credit Constitution course to satisfy the HIS 301 or HIS 110 constitution requirement, or a 2 semester credit Education Math course to satisfy the MTH 213 and MTH 214 requirements, but will be required to make up the credit with other Liberal Arts General Education credit to meet the minimum requirements.

Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.

Field Experience for BSED/ECH

Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels from ages birth through grade eight. The focus of each field experience will relate to specific course content and will follow a structured format. Four formal field experience evaluations are required during the program (observation, one-on-one instruction, small-group instruction, and whole-group instruction). These evaluations must be posted to the students' electronic portfolio. Documentation of field experience must be uploaded to the electronic portfolio and will be reviewed by campus staff and faculty prior to student teaching. Candidates must work with their campus to arrange field experience.

Student Teaching for the BSED/ECH

Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.

- Student teaching is the culminating experience of the Bachelor of Science in Early Childhood program. Students must complete prerequisites leading up to Student Teaching prior to beginning the student teaching experience.
- Candidates must earn a "B" or better in Early Childhood Education Seminar. If a candidate receives less than a "B" (B- or lower, or an incomplete grade), they must repeat the course.
- Student teachers who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of "F" by their faculty member.
- Candidates must be enrolled in Early Childhood Student Teaching courses during their student teaching experience. If a candidate chooses to postpone student teaching they must postpone their enrollment in these courses.
- Student teaching can only be repeated one time.
- Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their two student teaching attempts.
Candidates that do not successfully complete the second student teaching program will be removed from the program and are not eligible for re-entry.

Candidates must student teach in a self-contained early childhood setting. Candidates may not student teach in special education.

Students should complete student teaching within twelve (12) months from the completion date of their last required course in the program.

Students must complete a minimum of 8 credit hours of student teaching, including the completion of a Teacher Work Sample project.

Candidates who are unable to complete their student teaching experience at the campus where they began are not guaranteed a placement. Candidates may be able to complete their student teaching through the University of Phoenix Online campus. A select number of states do not participate in the University of Phoenix Teacher Education Program. Candidates must contact the Online campus for a list of participating states and procedures for student teaching placement.

Candidates must successfully pass the Early Childhood Seminar with a “B” or better.

Candidates must enroll in the remaining Student Teaching courses through the Online campus while completing their student teaching experience.

Candidates need to work directly with the Online campus to complete the requirements for verification of placement.

Re-entry for the BSED/ECH

Re-entry students who have successfully completed an approved entry point course in a degree program will not be required to complete the pathway diagnostic and will be placed in the Accelerated Pathway (A Track). They will not be required to enroll in the standard pathway (B Track) courses.

Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum can complete within their original deadline may reenter their original program version. However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved.

Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

Only students who reside within the United States and its territories are eligible to enroll into a University of Phoenix bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

Institutional Recommendation for the BSED/ECH

Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for state teaching credential).

Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.

Candidates must pass their state-mandated professional knowledge exam.

Candidates must provide verification of state and U.S. Constitution coursework as required by the state certification agency.

Bachelor of Science in Education/Educational Studies

The following Bachelor of Science in Education/Educational Studies (BSED/ES) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Bachelor of Science in Education/Educational Studies (BSED/ES) degree is a non-teaching degree designed to facilitate the development of professional knowledge, skills and understanding of the teaching and learning process. The program provides students with information across a variety of education topics with an emphasis in the field of education.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/bsed-es.

Program Purpose

The Bachelor of Science in Education/Educational Studies is an undergraduate degree program intended for students who have completed all coursework from a UOPX initial licensure program with the exception of both student teaching courses. The program does not prepare students for any type of professional certification or state licensure as a teacher. It is only intended as a degree completion option.

BSED/ES Program Category Requirements and Course Selections

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Students must choose 3 courses from the following list:

AET 500 ....................................................................................3 credits
Foundations of Adult Learning Theory
AET 508 ....................................................................................3 credits
Community-Based Education
AET 552 ....................................................................................3 credits
Marketing Adult Education
AET 560.................................................................................... 3 credits
Facilitating Change
AET 562.................................................................................... 3 credits
Social Media for Professional Learning

The University reserves the right to modify the required course of Study.

Additional Admission Requirements for the BSED/ES

Applicants are expected to meet all admissions requirements:

- Applicants enrolling in this program must have met all admission requirements from their University of Phoenix previous pre-licensure program.
- All versions of the following University of Phoenix previous pre-licensure programs eligible for admission to the BSEd/ES:
  - BSEd/E
  - BSEd/E-MTH
  - BSEd/E-SOC
  - BSEd/E-SCI
  - BSEd/E-ELA
- Applicants to this program must have completed all coursework from their University of Phoenix previous pre-licensure program with the exception of both Student Teaching courses.
- Students will be eligible for admission to the BSEd/ES program provided that the Enrollment Agreement sign date for the previous pre-licensure program is no more than nine and a half (9.5) years in the past. Applicants must be able to complete all requirements of the degree within 10 years of the Enrollment Agreement sign date of the previous pre-licensure program.
- Continuously enrolled students completing a program change from a pre-licensure program to the BSEd/ES program only need to submit an Enrollment Agreement and will not be required to complete a new admissions application.

Degree Completion Requirements for the BSED/ES

- Completion of a minimum of 121 credits.
- Completion of three (3) BSEd/ES Elective courses in addition to all completed coursework from the previous pre-licensure program, with the exception of student teaching.
- A minimum grade point average (GPA) of 2.5.
- BSEd/ES graduates will not be permitted to return to complete student teaching and receive a degree in any previous pre-licensure program at the University. In addition students will not be permitted to enter a new Bachelor or Master level pre-licensure program.
- The diploma awarded for this program will read as:
  Bachelor of Science in Education
  Educational Studies

Residency Requirements and Course Waivers for the BSED/ES

Students must meet the established University residency requirement for degree conferral. The University requires that all nine (9) elective credits must be completed at University of Phoenix in order to meet residency.

Re-entry for the BSED/ES

Students who have been out of attendance for more than one year must complete an Enrollment Agreement for the BSEd/ES program and will be eligible for re-entry into the program provided that they are able to complete all requirements of the degree within 10 years of the Enrollment Agreement sign date of the previous pre-licensure program.

GRADUATE PROGRAMS

Admission Procedures

Application Process

Students seeking admission to the University’s graduate programs in business, management, information systems, nursing, counseling, or education begin the admission process by submitting a complete and accurate application. An application which is later verified to contain incomplete, false or misleading information may be grounds for dismissal and administrative withdrawal. Once the application has been received by the University, applicants are responsible for ensuring the completion of their admission file. No applicant will be formally accepted for admission until their admission file is complete and officially evaluated. Formal written notice is provided by the central Office of Admissions & Evaluation upon formal acceptance.

The University will advise students which admission file documents are required in order to begin a program of study. Students may attend their first four courses under Registered status. Students, however, must submit all admission documentation and gain unconditional admission status prior to the start of their fifth course. Students failing to submit all documentation prior to the end of the required time frame will be administratively withdrawn until formally admitted by the central Office of Admissions & Evaluation. The University cannot guarantee that a student who begins course work under Registered status will be admitted to the degree program.

Applications of individuals who have not gained admission or enrolled in the University will be kept on file for one year. After that time, the applicant is required to submit a new application and material. A second application fee (if applicable) is not required.

Transcript Requests of Other Institutions

Because institutions vary in the time they take to respond to transcript requests, all transcripts should be requested immediately upon submission of an application and application fee (if applicable). University staff will process all requests for transcripts on behalf of the student unless the transferring institution does not accept third party requests. However, it remains the student’s responsibility to ensure that all transcripts are submitted to the University. The student must sign a “Transcript Request Form” for each transcript being requested from educational institutions. The University’s application fee (if applicable) covers the student’s expense for requesting official transcripts.

General International Admissions Information

Graduate applicants relying on educational credentials from an institution outside of the United States to meet admission requirements may enroll in University of Phoenix courses upon the completion of their admission application and enrollment agreement provided that they meet all admission requirements for their selected program.

For applicants with academic records from colleges or universities earned outside of the United States, the University will accept copies of academic records issued from international institutions to conduct a pre-evaluation to determine comparability of previous academic studies for unofficial placement and advisement purposes.

For official admission and transfer credit evaluation purposes previous academic credentials earned outside of the United States must meet the University’s verification standards prior to an official admission or transfer credit decision being rendered. Verification of previous academic credentials earned outside of the United States can be satisfied by the following methods:

- Receipt and verification of official academic credentials issued directly to University of Phoenix by the student’s previous institution, or
- Receipt and verification of official academic credentials held in possession of the student as the official record of academic studies conducted in the student’s specific country, or
- Receipt and verification of official correspondence issued directly to University of Phoenix by the student’s previous institution indicating copies of academic credentials and/or level study is valid, or
- Receipt of an official professional evaluation issued directly from a professional evaluation agency that is approved to satisfy verification requirements as indicated by the Office of Admission and Records.

For applicants with academic records from colleges or universities earned outside of the United States from a regionally accredited or approved nationally accredited institution, academic credentials from a professional evaluation agency that is approved to satisfy verification requirements as indicated by the Office of Admission and Records.

Secondary completion credentials earned outside of the United States are considered comparable to United States secondary completion credentials and do not need to be validated unless required by the student’s state or jurisdiction.

Applicants who completed high school/secondary school outside of the United States, in a country where English is not the official
language, must meet the English language proficiency requirement for admission. Specific English language proficiency policies will be listed in the admission requirements section for each program.

If documents are issued to University of Phoenix in a language other than English, the student will be required to obtain an official translation and submit it to University of Phoenix. Translations must be completed/verified by an official translation service, a foreign language department of an accredited college or university, the country’s embassy/consulate or by the Office of Admission and Records at University of Phoenix if translation services are provided for that specific language.

The University is authorized under Federal law to enroll nonimmigrant students. University of Phoenix only issues Forms I-20/A-B to Border Commuters and approved doctoral learners during their residency in the United States. Form I-20/A-B is required by students who need to obtain F-1 (Student) visas to attend school in the United States. The University is only authorized to issue the I-20 for students attending specific campus locations and programs recorded with DHS.

**Admission Deadlines**

The University cannot guarantee that a student who begins coursework will be admitted to his/her degree or credit-bearing certificate program. Students in all programs must be officially admitted by the completion of their fourth University course. Students who are unable to be admitted by the completion of their fourth University course will be administratively withdrawn from the University and placed on Admission Deadline Exceeded (DE) admission status.

**Admissions Appeal Process for Expelled Students**

Expelled students are not eligible for admission to University of Phoenix. No appeals will be accepted for students expelled from University of Phoenix. Appeals will be reviewed for students who were expelled from other institutions. Applicants for admission are not eligible to begin classes until formal approval of the appeal is obtained.

**Graduate Admission Requirements**

For graduate education and doctoral admission requirements please refer to the education and doctoral section(s) of the catalog. Most graduate programs have additional admission requirements listed within the program specific information. All applicants are expected to meet the following admission requirements:

- Applicants who completed high school/secondary school outside of the United States, in a country where English is not the official language, must meet one of the following exceptions in order to meet the English Language Proficiency Requirement:
  - achieved a minimum score of 213 on the computer-based test (cBT), or a score of 79 on the internet-based test (iBT), or a score of 550 on the written-based test (wBT) on the Test of English as a Foreign Language (TOEFL) within two years of application to the University.
  - or-
  - achieved a minimum passing score of 750 on the Test of English as an International Communication (TOEIC) within two years of application to the University.

- or-

- achieved a minimum score of 69 on the Berlitz Online Test of Reading and Listening Skills - English or a minimum score of 550 on the Berlitz Online English Proficiency Exam within two years of application to the University.

- or-

- successful completion of the approved ESL series of courses completed at: Canadian College of English Language (CCEL), International Language Schools of Canada (ILSC) or Kaplan.

- or-

- achieved a minimum score of 59 on the Pearson Test of English Academic Exam within two years of application to the University.

- The following may exempt a non-native speaker from having to take the TOEFL/TOEIC/IELTS, however official documentation may be required:
  - The applicant has successfully completed thirty (30) transferable, academic semester credits at a nationally accredited college or university in the United States.
  - The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized college or university in a country in which English is the official language.
  - The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized institution where English is the medium of instruction.
  - The applicant has previously earned, prior to applying for admission to the University of Phoenix, a U.S. high school diploma or G.E.D. Applicants that list any language other than English as their native language on the admission application and G.E.D is taken, must submit a copy of the G.E.D to verify it was taken in the English version format.
  - The applicant has earned the equivalent of a U.S. high school diploma in a country in which English is the official language.
  - The applicant has earned the equivalent of a U.S. high school diploma at an institution where English is the medium of instruction.

- Applicants who reside in the United States must meet one of the following requirements:
  - Be a legal resident of the United States
  - Have been granted permanent residency
  - Have a valid visa that does not prohibit educational studies
  - Have been granted temporary protected status and has been verified through Citizenship and Immigration Service that the country is eligible for TPS status at the time of application sign date. Student must list TPS as the visa type on the admissions application in order for US to verify TPS status.
  - Have been granted asylum and refugee status.

- Applicants who reside in Canada must meet one of the following requirements:
  - Be a legal resident of Canada
• Be a landed immigrant
• Have a valid visa that does not prohibit educational studies
• Students may not receive a graduate degree and a graduate-level certificate in the same area of focus.
• A signed Enrollment/Disclosure Agreement.
• Completion of any state-specific required documents or forms.
• Applicants who have been expelled from other institutions are not eligible for admission to University of Phoenix.
• Students who have been expelled from University of Phoenix are not eligible for readmission to University of Phoenix. No appeals will be accepted.

COLLEGE OF SECURITY AND CRIMINAL JUSTICE

The College of Security and Criminal Justice prepares students for professional and management-related career opportunities in criminal justice and security by applying a multidisciplinary comparative management approach to criminal justice theory and application. Students will be prepared to understand, explain, and predict criminal justice and security concepts and to contribute to the development of public and private policy within communities. Our mission is to enhance the academic preparation and professionalism of the nation’s criminal justice and security communities through access to quality criminal justice and security higher education. The College of Security and Criminal Justice provides innovative, respected, relevant, affordable, and student-focused programs, designed to prepare students for opportunities of service and leadership in a diverse, global society. Curriculum is delivered by experts who relate both theory and practice in this evolving field. The College has earned respect through continuous improvement driven by a combination of innovation in the field and empirical evidence of learning outcomes, all of which is accomplished through the integrity, teamwork, and creativity of college faculty and staff. We are a respected criminal justice and security college, known for its distinctive strengths in providing superior and relevant educational programs to its students. It is the student’s responsibility to ascertain whether their past history and conduct may prohibit their placement or participation in the criminal justice and security field. The University makes no guarantee or representation that the student will meet all qualifications for such employment or licensure for the occupation or profession related to the chosen program.

Master of Science/Administration of Justice and Security

The following Master of Science/Administration of Justice and Security (MS/AJS) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Science/Administration of Justice and Security degree provides the required knowledge for the student to develop competence in administering criminal justice or security programs. While distinctions between the roles of justice and security organizations are understood, the degree emphasizes an understanding of administrative responsibilities common to both disciplines. The value of cooperative interaction is also addressed. The degree provides the student with administrative program development and problem-solving skills in preparation for promotional or transitional opportunities in the management of police, corrections, security or court operations. For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/ms-ajs.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Security and Criminal Justice graduating students are intended to attain certain program-specific knowledge, skills, and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to analyze, develop and integrate ethical principles and practices into contemporary criminal justice and security operations in compliance with industry standards.
- Students will integrate legal and economic accountability into the professional criminal justice practice.
- Students will be able to demonstrate critical thinking and flexible discerning strategies, using informed reasoning, structured problem-solving, thorough analysis and balanced evaluation skills in global criminal justice settings.
- Students will be able to demonstrate written and oral communication skills consistent with effective team building and collaborative leadership skills for a dynamic and increasingly interoperative security and criminal justice industry.
- Students will apply empirical research approaches in a contemporary criminal justice and security study using pure or applied research methods to analyze, interpret, and provide findings to offer recommendations and intervention strategies in compliance with Institutional Research Board (IRB) standards and criminal justice and security practices. Students will assess changes in laws, court decisions, regulations and technology on criminal justice agency operations, practices and policies.
- Students will demonstrate a comprehensive knowledge of the criminal justice industry (public and private sector) at the local, state, and federal levels, and use best practices in their organizations to help mitigate contemporary criminal justice issues/problems.
- Students will be able to apply contemporary business and financial management acumen, create a business and financial management plan, including performance-based and comprehensive financial management, to successfully develop and implement criminal justice and security fiscal strategies in their organizations.

MS/AJS Program Category Requirements

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Introduction to Criminal Justice, 1 total credit
AJS 501 ~........................................................................... 1 credit
Introduction to Graduate Study in Criminal Justice and Security

programs. For those interested in pursuing a career in law enforcement, The University’s Criminal Justice programs are educational degree programs. For those interested in pursuing a career in law enforcement, corrections or as a peace officer with any particular local, state, federal or international agency, there are numerous additional qualifications (and often disqualifications) depending on the position. Before enrolling in a particular University program will qualify a graduate for any such position.

Additional Admission Requirements for the MS/AJS

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor's degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.
- A minimum of three (3) years of full-time, post-high school professional work experience.
- All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.
- Signed Criminal Conviction Prohibition Acknowledgement Form.

Degree Requirements for the MS/AJS

- Completion of a minimum of 37 credits.
- A minimum program grade point average (GPA) of 3.0.
- The diploma awarded for this program will read as: Master of Science Administration of Justice and Security

Residency Requirements and Course Waivers for the MS/AJS

- Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 28 credits in the Required Course of Study, must be completed at University of Phoenix.
- Students in this program may waive a maximum of 9 credits from their required course of study.
- In order to be granted a waiver for a course in the required course of study, the student must have completed a previous course which meets the following criteria:
  - The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
  - The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
  - The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
- Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.
- The following courses in the Required Course of Study may not be waived: AJS 595

Re-entry for the MS/AJS

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version of their program.
The Master of Science in Administration of Justice and Security degree program offers concentrations in Global and Homeland Security and in Law Enforcement Organizations. The concentration in Global and Homeland Security provides students with the knowledge to administer security programs within organizations. Developing a foundation of related theory, the concentration includes topics such as: critical incident management, intelligence, cybercrime, organizational performance, and technology. While distinctions between the roles of Criminal Justice and Security organizations are addressed, the concentration emphasizes administrative responsibilities common to security and Homeland Security organizations.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/ms-ajs.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Security and Criminal Justice graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to analyze, develop and integrate ethical principles and practices into contemporary criminal justice and security operations in compliance with industry standards. Students will integrate legal and economic accountability into the professional criminal justice practice.

  • The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of ‘B’ (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
• Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.
• The following courses in the Required Course of Study may not be waived: AJS 595

Re-entry for the MS/AJS-LEO

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Select programs may have additional re-entry requirements/ restrictions. Re-entry students should consult their Academic Advisor for guidance.

Master of Public Administration

The following Master of Public Administration (MPA) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Public Administration (MPA) program develops the managerial skills necessary to manage in the public sector. This program focuses on an entrepreneurial approach to issues and opportunities at the state and local government levels. The curriculum is based on current standards set forth by the National Association of Schools of Public Affairs and Administration. For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/mpa.

The University reserves the right to modify the required course of study.

The University’s Criminal Justice programs are educational degree programs. For those interested in pursuing a career in law enforcement, corrections or as a peace officer with any particular local, state, federal or international agency, there are numerous additional qualifications (and often disqualifications) depending on the position. Before enrolling in a Criminal Justice program, potential students are highly encouraged to check with the relevant agency for a complete list of position requirements.

The University makes no representations regarding whether any particular University program will qualify a graduate for any such position.

Additional Admission Requirements for the MPA
All applicants are expected to meet the following admissions requirements:

• An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
• No work experience is required for this program.

• A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.

Degree Requirements for the MPA
The degree requirements for this program are the following:

• A minimum of 36 graduate credits.
• A minimum grade point average (GPA) of 3.0.
• The diploma awarded for this program will read as: Master of Public Administration

Residency Requirements and Course Waivers for the MPA
Completion of a minimum of 27 credit of the required course of study to meet University residency requirements.

Students in this program may waive a maximum of 9 credits from their required course of study. In order to waive a course in the required course of study, the student must have completed a previous course that meets the following criteria:

• The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university;
• The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a "B" (3.0) or better, and
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

Public Administration Applied Project (MGT 582) may not be waived.

Re-entry for the MPA
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Select programs may have additional re-entry requirements/ restrictions. Re-entry students should consult their Academic Advisor for guidance.
COLLEGE OF SOCIAL SCIENCES

The College of Social Sciences offers undergraduate and graduate degree programs in a number of diverse academic areas including counseling, psychology, and human services. In addition, the college offers a certificate program in mediation.

The College provides innovative educational programs designed to enhance the core knowledge, skills and values essential for students seeking to achieve their academic goals in the field of social sciences. These programs are developed and taught by skilled practitioners who work in their respective fields. Through individual and collaborative work, students can acquire the knowledge and skills needed in today’s working environment.

Master of Science in Counseling

MSC programs are designed to meet the needs of the working adult professional who will benefit from a graduate education in counseling. Because counseling and jobs requiring the skills of counselors are expected to grow in both the public and private sectors throughout the 2000's, students from a variety of settings and backgrounds should find the interpersonal, communication, and therapeutic skills offered in this program useful in advancing their careers.

The curriculum, course work, and clinical experiences are designed to produce outcomes in knowledge, critical thinking, affective development, and counseling skills. These outcomes, based on accepted counselor education standards, are also based on competencies required of the working counseling professional. Attention is given to the development of oral presentation skills, group process skills, research utilization, and exposure to and practice of a wide range of counseling approaches.

Program length is approximately two and one-half to three and one-half years. Additional time will be required for homework, learning team meetings, project activities, and clinical work. The program involves a variety of formats depending on the subject matter and the competencies to be developed. These formats include lecture, discussion, demonstration, field trips, exercises, role-play, seminar, self-directed learning, and supervised clinical experiences.

Master of Science in Counseling Clinical Mental Health Counseling (Arizona)

The following Master of Science in Counseling Clinical Mental Health Counseling (MSC/CCMH) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Science in Counseling degree program with a specialization in Clinical Mental Health Counseling provides the required knowledge and skills for students to become competent and ethical practitioners. The MSC/CCMH specialization provides a needed service to the community through collaboration with agencies and institutions by offering counselor education programs. Students are involved in a variety of educational and clinical activities that prepare them to help clients to achieve their potential. The program encompasses foundations of counseling and guidance including theories and their application with groups and individuals; assessment and evaluation; counseling and consultative relationships; career planning; research methods; and program development, implementation, and evaluation. The program addresses critical issues facing mental health counselors and offers supervised clinical experiences.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/msc-ccmh.

Program Purpose

In order to practice as a counselor in most states, the student must be licensed as an LPC (Licensed Professional Counselor), MFT (Marriage and Family Therapist) or other comparable state professional license designation. License requirements vary by state. It is the student's responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice.

Dependency and Addictions
• An undergraduate degree from a regionally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

• Official transcripts listing at least six (6) credits in the helping professions (psychology, counseling, or related) with a grade of “C” or better in each course. The six credits must have been completed prior to the student starting CNSL 502 - Portfolio I.

• A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.

• A minimum equivalent of two (2) years of full-time, post-high school paid and/or volunteer work experience with direct exposure to human services, human resources, primary, secondary or higher education, or organizational systems and associated management processes is required.

• A signed Criminal Conviction Disclosure Form.

• Successful completion of CNSL 502, Graduate Portfolio I. If the student is denied admission because of the unacceptable Portfolio grade, the student may reapply for the Counseling Portfolio program in 3 months and would be required to retake and pass CNSL 502. A student failing CNSL 502 on the second attempt, must wait six months before reapplying. Passing Portfolio I is limited to a total of three attempts.

• Applicants who completed high school/secondary school outside of the United States, in a country where English is not the official language, must meet the English language proficiency requirement for admission.

• A signed Professional Counseling Non-Academic Requirement Addendum Form.

**Academic Progression Requirements for the MSC/CCMH**

The following Clinical Practice courses contain multiple requirements for academic progression, therefore sufficient time is needed for faculty to conduct a thorough assessment of student coursework. Clinical Practice courses are: CCMH 592, CCMH 597A, CCMH 597B

Completion of all courses with a grade of “B-” or better. Students must maintain an overall GPA of at least 3.0.

**Degree Requirements for the MSC/CCMH**

• Completion of a minimum of 60 credits.

• A minimum program grade point average (GPA) of 3.0.

• Students are required to complete and earn the minimum score for the Counselor Preparation Comprehensive Exam (CPCE) or another assessment/examination instrument as authorized by the Dean of the College. Successful completion of this assessment is a degree completion and graduation requirement. The CPCE may not be scheduled before the Practicum. The University provides students with the opportunity to take the exam three times at no cost. Additional attempts to pass the exam are the student’s financial responsibility.

• This program requires a cumulative raw score of 80

• Concentrations are reflected on the transcript only and will not appear on the diploma. The diploma awarded for this program will read as: Master of Science in Counseling Clinical Mental Health Counseling

**Residency Requirements and Course Waivers for the MSC/CCMH**

• Students in this program may waive a maximum of 9 credits from their required course of study.

• In order to be granted a waiver for a course in the required course of study, the student must have completed a previous course which meets the following criteria:

  • The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
  
  • The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
  
  • The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

• Because of the importance of Portfolio I, Portfolio II, Practicum and Internship courses, they may not be waived.

• MSC students who wish to transfer to another local campus, even within the same state, or update versions must appeal to the Student Appeals Center (SAC).
• The following courses may not be waived: CCMH 515, CCMH 520, CCMH 544, CCMH 548, CCMH 578, CCMH 581, CCMH 592, CCMH 5920, CCMH 597A, CCMH 597B, CNSL 502, CNSL 556, MFCC 566

**Academic Standing and Minimum Grade Requirements for the MSC/CCMH**

• Students in this program may not attend any further courses after being assigned a grade of incomplete in a course.
• MSC students will be placed on Scholastic Disqualification if a minimum grade of “B-” is not attained in any course. If a student repeats a course due to receiving a grade that is less than a “B-” and does not receive a grade of “B-” or better the second time, the student will be scholastically suspended, permanently withdrawn, from this program.
• Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have fulfilled the requirements for reentry as determined by the Campus College Chair.
• Students in the Master of Science in Counseling program must receive a grade of Pass in CNSL 556 Portfolio II in order to continue in the Master of Science in Counseling program. A failing grade (F) or an In Progress (IP) grade is not acceptable. Students who receive an In Progress (IP) grade may repeat the course after three (3) months. If the student does not receive a grade of Pass on the second attempt in CNSL 556, the student will be scholastically suspended, permanently withdrawn, from the Master of Science in Counseling programs.
• Students in the College of Social Science graduate programs may not transfer credit to the University from courses taken from other schools while academically or scholastically disqualified.

**Re-entry for the MSC/CCMH**

All students who have been out of attendance for one (1) year or more in a counseling program must retake and pass the most recently graded Portfolio class.

If a student is required to retake CNSL 502 Portfolio I upon re-entry and does not pass the course, the student may reapply for the Counseling program in three (3) months and would be required to retake and pass CNSL 502. A student failing CNSL 502 on the second attempt, must wait six (6) months before reapplying. Passing Portfolio I is limited to a total of three attempts.

Students in the Master of Science in Counseling program who are required to retake CNSL 556 Portfolio II upon re-entry must receive a grade of Pass in CNSL 556 Portfolio II in order to continue in the Master of Science in Counseling program. A failing grade (F) or an incomplete grade (I) is not acceptable. Students who receive an incomplete grade (I) may not enroll in any other coursework until a passing grade is awarded. Students who fail CNSL 556 may repeat the course after three (3) months. If the student does not receive a grade of Pass on the second attempt in CNSL 556, the student will be scholastically suspended, permanently withdrawn, from the Master of Science in Counseling programs.

**Master of Science in Psychology**

The following Master of Science in Psychology (MSP) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Science in Psychology focuses on the scientific study of human behavior including cognition, motivation and emotion. The program provides training in four core areas: biological bases of behavior; acquired or learned bases of behavior; social, cultural and systemic influences on behavior and individual differences in behavior. Students will learn how the science of psychology is advanced through research. Emphasis is placed on critical thinking, problem-solving and the application of knowledge to problems and issues related to the human experience. This program is not designed to prepare students for professional licensure.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/ms-p.

**Program Purpose**

The Master of Science in Psychology is an educational degree program that provides a foundation of knowledge in the field of psychology. This program does not prepare students for any type of professional certification or licensure as a psychologist.

**MSP Required Course of Study**

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the MSP
All applicants are expected to meet the following admissions requirements:
• An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university, or comparable undergraduate bachelor’s degree earned at a recognized foreign institution, or a graduate degree from an ABA accredited institution (i.e. JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
• No work experience is required for this program.
• A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.

Degree Requirements for the MSP
• Completion of a minimum of 39 credits.
• A minimum grade point average (GPA) of 3.0.
• Students will declare Thesis or Non-Thesis track at the time of enrollment.
• Non-Thesis Track graduates will not be permitted to return to complete PSYCH 670 and receive a degree in any MSP Thesis Track program at the University.
• Concentrations are reflected on the transcript only and will not appear on the diploma. The diploma awarded for this program will read as:
  Master of Science in Psychology

Academic Progression Requirements for the MSP
• Students must successfully complete COM 600 with a B or better.
• The following course contains multiple requirements for academic progression, therefore sufficient time is needed for faculty to conduct a thorough assessment of student coursework: PSYCH 670, 3 credits.
• Students must complete PSYCH 670 with a grade of Pass. Students have three attempts to successfully complete PSYCH 670. Students who do not complete PSYCH 670 with a grade of Pass by the third attempt cannot continue in the thesis track program, but have the option to change to the non-thesis track of the program.

Minimum Grade Requirements for the MSP
COM 600 must be completed with a grade of B or better. Students who do not pass this course with a grade of B or better will be scholastically disqualified. Students who fail to meet the minimum grade requirement will be allowed to repeat the class once. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and permanently withdrawn from the program.

Residency Requirements and Course Waivers for the MSP
Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 9 credits from their required course of study on the basis of regionally or approved nationally accredited transferable coursework. In order to be granted a waiver for a course in the required course of study, the student must have completed a previous course which meets the following criteria:
• The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
• The course must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following courses in the Required Course of Study may not be waived: COM 600, PSYCH 610, PSYCH 660, PSYCH 665

Re-entry for the MSP
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.
We prepare future leaders for business excellence. Consistent with the values, mission, and purpose of the University of Phoenix, the mission of the School of Business is to provide effective and accessible higher education that prepares its students to be ethical practitioners and leaders. Our goal is to make a difference in the lives of our students and their organizations. We achieve this by always acting with a sense of social responsibility and in a manner consistent with our core values.

In particular we:

- Define quality as standards-based, industry-aligned, career-relevant educational curriculum, linked to current and future business needs.
- Commit to excellence in teaching and to leveraging innovative teaching methodologies.
- Be relentless in driving institutional self-assessment and continuous quality improvement.

By 2020, through its integrated network of faculty, staff and business collaborators, the University of Phoenix, School of Business will be a preferred source for finding and developing emerging leaders for organizations.

**Master of Business Administration**

The following Master of Business Administration (MBA) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Business Administration (MBA) program prepares students in the functional areas of business allowing them to develop managerial skills necessary to be effective in a rapidly changing business environment. The program is based on current research of managerial competencies and graduate business standards as tested by existing national standardized graduate business examinations.

In addition to the University of Phoenix learning goals, School of Business graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will apply key systematic and analytical decision-making skills to solve complex organizational problems.
- Students will create strategies for business growth based on the alignment of their personal values against the organization’s values.
- Students will apply key managerial skills to foster innovation and lead change in a dynamic business environment.
- Students will evaluate the implications of changing environmental factors on organizational choices within a global environment.
- Students will apply key disciplinary skills to the following domains of the MBA program as practitioners in business:
  - Human capital management
  - Business law
  - Organizational leadership
  - Economics
  - Accounting
  - Research and statistics
  - Operations management
  - Corporate finance
  - Marketing
  - Strategic planning and implementation.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/mba.

**Program Student Learning Outcomes**

In addition to the knowledge and skills related to the University Learning Goals, School of Business graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Comprehend the application of a significant amount of business administration knowledge within the domains of management, business law, human capital management, organizational leadership, quantitative reasoning for business, economics, accounting, applied business research & statistics, operations management, corporate finance, marketing, and strategic planning & implementation.

Students can gain additional knowledge in a concentration area through the selection and completion of up to 15 graduate-level credits in required concentration-specific courses. Students may also complete an additional concentration. Please contact your academic representative for more information.

Students can gain additional knowledge in a concentration area through the selection and completion of up to 15 graduate-level credits in required concentration-specific courses. Students may also complete an additional concentration. Please contact your academic representative for more information.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/mba.

**Program Student Learning Outcomes**

In addition to the knowledge and skills related to the University Learning Goals, School of Business graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will apply key systematic and analytical decision-making skills to solve complex organizational problems.
- Students will create strategies for business growth based on the alignment of their personal values against the organization’s values.
- Students will apply key managerial skills to foster innovation and lead change in a dynamic business environment.
- Students will evaluate the implications of changing environmental factors on organizational choices within a global environment.
- Students will apply key disciplinary skills to the following domains of the MBA program as practitioners in business:
  - Human capital management
  - Business law
  - Organizational leadership
  - Economics
  - Accounting
  - Research and statistics
  - Operations management
  - Corporate finance
  - Marketing
  - Strategic planning and implementation.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/mba.

ACC 556 ~ ........................................ 3 credits
Forensic Accounting

ACC 557 ~ ........................................ 3 credits
Accounting Ethics

Students who select an Accounting Concentration may not educationally qualify to sit for the CPA exam in some states. To the extent that a student intends to sit for the CPA examination, the student should consult with the applicable board of examiners in the state or states in which the individual intends to sit for the examination to determine the precise educational and other requirements, including the acceptability of the University’s Accounting Concentration.

Finance Concentration
MBA students may earn a concentration in Finance (FIN) by satisfying all the requirements for the concentration. Students must earn a minimum of 12 unique and concentration-area specific credits beyond the standard MBA required course of study.

Students earning a FIN concentration will complete a minimum of 48 credits, which includes 36 credits from the MBA required course of study and 12 credits from the FIN concentration.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/mba-fin.

FIN 580 ~ ........................................ 3 credits
Global Capital Markets

FIN 585 ~ ........................................ 3 credits
Financial Controlling

FIN 590 ~ ........................................ 3 credits
Audit and Compliance Management

Students must choose one course from the following:

FIN 591 ~ ........................................ 3 credits
Real Estate Investment

FIN 592 ~ ........................................ 3 credits
Mergers and Acquisitions

FIN 593 ~ ........................................ 3 credits
Investment Banking

Global Management Concentration
MBA students may earn a concentration in Global Management (GM) by completing at least 15 credit hours of course work in Global Management.

Students earning a GM concentration will complete a minimum of 51 credits, which includes 36 credits from the MBA required areas and 15 credits from the GM concentration.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/
Marketing Concentration

MBA students may earn a concentration in Marketing (MKT) by satisfying all the requirements for the concentration. Students must earn a minimum of 12 unique and concentration-area specific credits beyond the standard MBA required course of study.

Students earning a MKT concentration will complete a minimum of 48 credits, which includes 36 credits from the MBA required course of study and 12 credits from the MKT concentration (3 of which must include MKT 593-Product Design and Development Course).

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/mba-mkt.

MKT 544 ~ ................................................................. 3 credits
Integrated Marketing Communications

MKT 554 ~ ................................................................. 3 credits

Technology Transfer in the Global Economy
TMGT 590 ................................................................. 3 credits
Applications of Technology Management
The University reserves the right to modify the required course of study. Please note that within each state, concentration availability may vary by campus location.

Additional Admission Requirements for the MBA
All applicants are expected to meet the following admissions requirements:
• An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor's degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
• No work experience is required for this program.
• A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.

Degree Requirements for the MBA
The degree requirements for this program are the following:
• A minimum of 36 graduate credits must be completed to meet all areas of the required course of study.
• A minimum grade point average (GPA) of 3.0.
• Students must take courses within a sequence specified by course prerequisite requirements.
• Concentrations are reflected on the transcript only and will not appear on the diploma. The diploma awarded for this program will read as:
  Master of Business Administration

Academic Progression Requirements for the MBA
• MGT 521 must be the first course taken.
• QR 501 must be satisfied prior to progressing in courses in Economics, Accounting, Applied Business Research & Statistics, Operations Management, Corporate Finance, Marketing, and Strategic Planning & Implementation.
• Strategic Planning & Implementation (STR 581 or an alternative strategy course) must be taken as the last core course in the program.

Residency Requirements and Course Waivers for the MBA
• The University requires that the majority of coursework in the Required Course of Study be completed through the University. Also known as the residency requirement, the University requires completion of a minimum of 30 graduate level credits at the University.
• In order to waive a course in the required course of study, the student must have completed a previous course that meets the following criteria:
  • The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university;
  • The course must have been completed within the past ten (10) years with a “B” (3.0) or better; and
  • The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
• Management (MGT 521) may not be waived.
• Strategic Planning & Implementation (STR 581 or an alternative strategy course), which is the last core course in the program, may not be waived.
• Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.
• The following courses may not be waived: ACC 541, CAP GM591, EM 555, EM 595, GMGT 510, HCS 531, HCS 586, HRM 595, MGT 521, MKT 593, PM 598, QR 501, STR 581

The School of Advanced Studies offers a bridge opportunity for master's degree students who are interested in taking doctoral courses as part of the master's degree program.

The Doctoral Bridge allows students to substitute up to two graduate level courses with designated doctoral level courses. Upon admission to the selected doctoral program, students are eligible to satisfy required course(s) within the doctoral program.
• Students must earn a B- or better in the doctoral level courses in order to apply them towards the doctoral program.
• Student schedules may need to be adjusted, or student will need to overlap courses since doctoral courses are eight weeks in length. Students should speak with their academic/finance advisor for further information.

Students who have completed Meritus University graduate MBA courses may transfer all courses earned at Meritus University into the MBA program at the University of Phoenix without limitation provided that they sign an Enrollment Agreement for the University of Phoenix MBA program by March 1, 2012. Students transferring from Meritus University to University of Phoenix will still be required to satisfy all program requirements for the University of Phoenix MBA program and complete at least 3 credits at University of Phoenix in order to obtain their MBA degree from University of Phoenix.
Re-entry for the MBA
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Master of Management
The following Master of Management (MM) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Management degree program promotes the development of management competencies through the practical application of theory, business and management diagnostics, and the formulation of creative management and consulting solutions. Students will acquire a wide range of tools, concepts and methodologies to design, conduct, and follow through on successful leadership and entrepreneurship practices. In addition, students will be able to actively develop their interpersonal and business-related management skills in order to foster leadership, creative thinking, collegiality, and teamwork ability in an international context. The Master of Management will provide students with first-hand knowledge of the tools and techniques used by successful consultants in the competitive leadership, entrepreneurship and management industry.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/mm.

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the MM
All applicants are expected to meet the following admissions requirements:
• An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
• No work experience is required for this program.
• A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.

Degree Requirements for the MM
• Completion of a minimum of 39 credits.
• A minimum grade point average (GPA) of 3.0.
• The diploma awarded for this program will read as: Master of Management

Academic Progression for the MM
• Students must complete the following three Master of Management (MM) foundational courses before proceeding into any additional coursework for the program: BUS 502, BUS 503, BUS 511

Residency Requirements and Course Waivers for the MM
The University requires that the majority of coursework in the Required Course of Study be completed through the University.
Also known as the residency requirement, the University requires completion of a minimum of 30 graduate level credits at the University. Students may waive the three foundational courses (BUS 511, BUS 502, and BUS 503) using one of the following methods:

- Successful completion of approved University of Phoenix coursework and equivalents.
- Undergraduate degree in Business or Accounting completed within 10 years from current program enrollment agreement sign date.
- Graduate degree in Business.
- At least 30 credits in undergraduate and/or graduate level business or accounting-related coursework completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university within ten years from current program enrollment agreement sign date.

Only the three foundational courses can be waived, no other required course of study courses can be waived.

**Re-entry for the MM**

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

**Master of Science in Accountancy**

The following Master of Science in Accountancy (MSA) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Science in Accountancy (MSA) provides the breadth of knowledge for the professional accountant. Students master the theory and principles that frame a wide range of problems and issues encountered in the accounting profession. This program is designed for accountants and non-accountants who are preparing for a professional certification in accounting such as the uniform Certified Public Accountant (CPA) exam. This degree will allow students to seek positions in such career areas as accounting, auditing, and budgeting. The MSA core curriculum covers the following areas of accounting: accounting theory and research, accounting information systems, managerial accounting and legal aspects of business, internal control systems, financial reporting, auditing, taxation, not-for-profit and government accounting, forensic accounting, and accounting ethics. The core courses were designed based upon the standards proposed by the National Association of State Boards of Accountancy (NASBA). This program addresses the goals of the American Institute of Certified Public Accountants (AICPA) for the professional values, communications and leadership skills, strategic and critical thinking skills, and technology skills (The American Institute of Certified Public Accountants, 2015). In addition, this program utilizes CPA Exam Prep software, which is integrated throughout the core program.

Note: Each state sets forth standards required to be eligible to take the CPA exam and apply for licensure or certification as a CPA. While this program was designed with consideration for the standards proposed by the National Association of State Boards of Accounting (NASBA), the University of Phoenix cannot, and will not, provide any assurance that completion of this program will allow a successful student to qualify within the student’s specific jurisdiction. Potential applicants should check with the appropriate organization within their jurisdiction to determine if this program, combined with their undergraduate degree and any other specific criteria, meets the requirements to qualify for examination in that specific jurisdiction. States frequently change their requirements for examination. There is no assurance that at the time of degree completion the specific jurisdiction’s requirements will be consistent with the requirements at the time of admission.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/msa.

### En-Route Credentials for the MSA

Students may declare and earn an additional credential that is approved in their state or jurisdiction en-route to completing the graduate degree. Students must sign and submit the enrollment agreement that corresponds with the unique combination of desired credentials to be earned. Possible credentials include a graduate certificate. Listed below are all of the possible en-route credentials:

- **Graduate CPA Bridge Certificate**

  Students may apply for conferment of an en-route credential upon meeting the following program requirements:

  - Successful completion of all the courses outlined in the enrollment agreement for the credential
  - Achievement of the minimum program GPA
  - Fulfillment of the minimum University residency requirement

  Students may elect to update or remove the selected credentials by completing a new enrollment agreement reflecting the new selection of credentials.

### Additional Admission Requirements for the MSA

All applicants are expected to meet the following admissions requirements:

- **An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor's degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.**

- **No work experience is required for this program.**

- **A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.**

### Academic Progression Requirements for the MSA

- **Students must complete COM 530 as the first course in the program.**

- **After COM 530, students must complete the following three Master of Science in Accountancy (MSA) foundational courses before proceeding into any additional coursework for the program: BUS 511, BUS 502, BUS 503**

### Degree Requirements for the MSA

The degree requirements for this program are the following:

- **A minimum of 45 graduate credits.**

- **A minimum grade point average (GPA) of 3.0.**

- **The diploma awarded for this program will read as: Master of Science in Accountancy**

### Residency Requirements and Course Waivers for the MSA

The University requires completion of a minimum of 21 graduate level credits at the University to meet residency requirements. Students may satisfy the three foundational courses (BUS 511, BUS 502, and BUS 503) using one of the following methods:

- **Successful completion of approved University of Phoenix coursework and equivalents.**

- **Undergraduate degree in Business or Accounting completed within 10 years from current program enrollment agreement sign date.**

- **Graduate degree in Business.**

- **At least 30 credits in undergraduate and /or graduate level business or accounting-related coursework completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university within ten years from current program enrollment agreement sign date.**

Eligible students may satisfy COM 530 and ACC 537 using one of the following methods:

- **Six semester credits of upper-division undergraduate coursework or three semester credits of graduate coursework in communications that meets the following requirements will satisfy COM 530:**
  - The coursework must have been completed at a regionally or approved nationally accredited, foreign equivalency, or candidate for accreditation, college or university,
  - The coursework must have been completed with a C- or better, within the past ten (10) years from current program enrollment agreement sign date
  - A Waiver Request Form must be submitted listing six semester credits of upper division undergraduate coursework or three semester credits of graduate coursework and the courses requested to be satisfied as some students may wish to complete one or more of the courses to improve their ability to succeed in the MSA Program.

- **Six semester credits of upper-division undergraduate coursework or three semester credits of graduate coursework in financial accounting that meets the following requirements will satisfy ACC 537:**
  - The coursework must have been completed at a regionally or approved nationally accredited, foreign equivalency, or candidate for accreditation, college or university,
  - The coursework must have been completed with a C- or better, within the past ten (10) years from current program enrollment agreement sign date
  - A Waiver Request Form must be submitted listing six semester credits of upper division undergraduate coursework or three semester credits of graduate coursework and the courses requested to be satisfied as some students may wish to complete one or more of the courses to improve their ability to succeed in the MSA Program.

  In addition to waiving the foundational courses and COM 530 and ACC 537 using one of the approved methods, students may also waive a maximum of nine (9) credits in the MSA Core on the basis of prior graduate-level college coursework.

  In order to waive a course in the required course of study, the student must have completed a previous course that meets the following criteria:

  - The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university;
  - The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a "B" (3.0) or better, and
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

Re-entry for the MSA

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.
The College of Information Systems and Technology prepares students for professional and management-related career opportunities in six different IT pathways and provides the knowledge students need to successfully apply information systems theory and principles that address real world business opportunities and challenges that meet the needs of today's information economy. Students will be prepared to work in core technologies such as systems integration, web systems, network architecture, database design, information security, programming and other IT principles. Our mission is to provide industry-relevant education through innovative learning pathways, which will prepare learners for career success. The College of Information Systems and Technology delivers real-time, IT education solutions that are experiential, relevant and applicable to solving IT challenges anywhere, any place, and at any time. The curriculum in the College of Information Systems and Technology is delivered by experts who relate both theory and practice in this evolving, face-paced industry. Each degree and certificate program is aligned to one or more of over 40 industry certifications so students are provided the relevant, hands-on learning they need to be successful in this industry. The College of Information Systems and Technology is continuously updating curriculum, staying relevant in the industry and evolving with the always changing world of technology, all of which is accomplished through dedication, creativity and teamwork of the college faculty and staff. The College of Information Systems and Technology is an innovative, education leader in the IT industry and proud to partner with Fortune 1000 companies and other entities and creators of emerging IT standards nationwide.

Master of Information Systems

The following Master of Information Systems (MIS) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Information Systems (MIS) program provides the knowledge to successfully apply information systems theory and principles to address real world business opportunities and challenges to meet the needs of today's information economy. Under the guidance of practitioner faculty, the graduate student will use innovative digital materials to understand the development and management of business systems within the organization, to understand and apply the principles of systems analysis and design, to analyze and evaluate emerging information technologies, and to create project, risk, and information systems strategic plans.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/mis.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Information Systems and Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and plan for the development of an information system to address the needs of an organization.
- Students will be able to create the plans required for key roles, resources, operational metrics and risk responses needed to implement and maintain information systems within an organization.
- Students will be able to develop methods and tools for communication to facilitate the satisfactory completion of processes required to manage IT resources.
- Students will be able to generate the vision, direction and strategic purpose for the creation of an information systems project.
- Students will be able to construct a plan to verify that the regulations, compliance and security issues within an organization are addressed.
- Students will be able to explain and develop an effective IT project plan meeting professional standards.

Graduate Electives, 18 total credits

The University reserves the right to modify the required course of study.

En-Route Credentials for the MIS

Students may declare and earn an additional credential that is approved in their state or jurisdiction en-route to completing the graduate degree. Students must sign and submit the enrollment agreement that corresponds with the unique combination of desired credentials to be earned. Possible credentials include a graduate certificate. Listed below are all of the possible en-route
The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better; and

The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The 18 credit Graduate Electives requirement may be satisfied by any of the following means:

- Any pre-determined 3-credit Graduate UOPX courses.
- Any previously completed Graduate coursework from UOPX.
- Graduate transfer coursework that is acceptable for transfer and was completed within the past ten (10) years from current program enrollment agreement sign date with a grade of C- or better.
- Graduate Certificate approved in the student’s state or jurisdiction.

Students earning a certificate en-route to completing the graduate degree may waive a maximum of 6 credits within the certificate program in addition to the 9 credits that can be waived in the MIS required course of study by meeting the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better; and
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

Re-entry for the MIS

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.
COLLEGE OF HEALTH PROFESSIONS

The College of Health Professions provides a blend of the business and management focus of health care with the clinical/delivery focus of nursing. Each academic program area will provide students with the insight and perspectives needed to support their specific career focus.

School of Health Services Administration

As the health care industry expands and evolves at a rapid rate, jobs in health care administration (the “business” side of health care) are expected to increase by 23 percent between 2012 and 2022.1 Whether you are already working in the field and looking to deepen your knowledge and advance in your profession, or if you are new to health care and want to gain the skills needed to launch a new career, The University of Phoenix® School of Health Services Administration will equip you with the leading-edge training you need to succeed in today’s dynamic health care environment-and to effectively tackle all of tomorrow’s challenges.

Master of Health Administration

The following Master of Health Administration (MHA) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Health Administration (MHA) program prepares leaders who can effectively respond to the dynamic and ever-changing health care industry. These individuals have a capacity to critically examine and evaluate issues and trends and are influential to the destiny of a broad and dynamic health care system. Curriculum is tailored to the needs of the health care leader/manager by providing content in finance, policy, research, technology, quality improvement, economics and strategic planning. In addition to the University Learning Goals, graduates of the MHA program will: Create a strategic plan for a health care organization, analyze the impact of health care policy on delivery and services provided, utilize data to support quality and performance measures within the health care industry, and analyze the impact of various management and leadership theories within health care organizations and delivery systems.

Health Care Strategic Management

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the MHA
All applicants are expected to meet the following admissions requirements:
• An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor's degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
• A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.
• A minimum equivalent of three (3) years of full-time, post-high school professional work experience within the past ten years.
• All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

Degree Requirements for the MHA
• Completion of a minimum of 43 credits.
• A minimum program grade point average (GPA) of 3.0.

• Concentrations are reflected on the transcript only and will not appear on the diploma. The diploma awarded for this program will read as:
Master of Health Administration
• Students who have earned a graduate degree in Health Administration (MHA) may not receive a certificate in the same area of focus. Example: a student may not earn an MHA/GER degree and a GER certificate; however, students who have completed a certificate may return to receive a Master of Health Administration (MHA) degree with a concentration in the same area as the completed certificate or another approved concentration.

Residency Requirements and Course Waivers for the MHA
Students in this program may waive a maximum of 9 credits from their required course of study on the basis of regionally or approved nationally accredited transferable coursework. In order to be granted a waiver for a course in the required course of study, the student must have completed a previous course which meets the following criteria:
• The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
• The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: HCS 504, HCS 589

The School of Advanced Studies offers a bridge opportunity for master's degree students who are interested in taking doctoral courses as part of the master's degree program. The Doctoral Bridge gives students the option to complete doctoral level coursework during a master's program.

The Doctoral Bridge allows a master's degree student to substitute up to two graduate level courses with designated doctoral level courses. Upon admission to the selected doctoral program, students are eligible to satisfy required course(s) within the doctoral program.
• Students must earn a B- or better in the doctoral level courses in order to apply them towards the doctoral program.
• Student schedules may need to be adjusted, or student will need to overlap courses since doctoral courses are eight weeks in length. Students should speak with their academic/finance advisor for further information.
Minimum Grade Requirements for the MHA

- Students in this program are required to achieve a minimum grade of "B" (3.0) in following course: HCS 589. A "B-" grade is not acceptable. Students who fail to receive a minimum grade of "B" will be scholastically disqualified from the University.
- Students who fail to meet the minimum grade requirement and have been scholastically disqualified will not be allowed to continue in the program until the course has been successfully repeated. Students will be allowed to repeat each class in which the minimum grade was not achieved one time. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and will not be able to continue in the MHA program.

Re-entry for the MHA

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Master of Health Administration Concentration in Education

The following Master of Health Administration Concentration in Education (MHA/ED) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Health Administration (MHA) program prepares leaders who can effectively respond to the dynamic and ever-changing health care industry. These individuals have a capacity to critically examine and evaluate issues and trends and are influential to the destiny of a broad and dynamic health care system. Curriculum is tailored to the needs of the health care leader/manager by providing content in finance, policy, research, technology, quality improvement, economics and strategic planning. In addition to the University Learning Goals, graduates of the MHA program will: create a strategic plan for a health care organization, analyze the impact of health care policy on delivery and services provided by the industry, evaluate informational technology and security management needs of health care, utilize data to support quality and performance measure decision-making processes for health care entities, demonstrate management of organizational finances within the economic environment of various health care industries, and analyze the impact of various management and leadership theories within health care organizations and delivery systems. Students can gain additional knowledge through the selection and completion of a 9 credit specialization in their area of interest.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/mha.

In order to be granted a waiver for a course in the required course of study, the student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: HCS 504, HCS 589

The School of Advanced Studies offers a bridge opportunity for master’s degree students who are interested in taking doctoral courses as part of the master’s degree program.

University of Phoenix, 2015-2016
The Doctoral Bridge gives students the option to complete doctoral level coursework during a master’s program. The Doctoral Bridge allows a master’s degree student to substitute up to two graduate level courses with designated doctoral level courses. Upon admission to the selected doctoral program, students are eligible to satisfy required course(s) within the doctoral program.

- Students must earn a B- or better in the doctoral level courses in order to apply them towards the doctoral program.
- Student schedules may need to be adjusted, or student will need to overlap courses since doctoral courses are eight weeks in length. Students should speak with their academic/finance advisor for further information.

Minimum Grade Requirements for the MHA/GER

- Students in this program are required to achieve a minimum grade of “B” (3.0) in following course: HCS 589. A “B-” grade is not acceptable. Students who fail to receive a minimum grade of “B” will be scholastically disqualified from the University.
- Students who fail to meet the minimum grade requirement and have been scholastically disqualified will not be allowed to continue in the program until the course has been successfully repeated. Students will be allowed to repeat each class in which the minimum grade was not achieved one time. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and will not be able to continue in the MHA program.

Re-entry for the MHA/GER

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Master of Health Administration Concentration in Informatics

The Master of Health Administration concentration in Informatics (MHA/INF) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Health Administration (MHA) program prepares leaders who can effectively respond to the dynamic and ever-changing health care industry. These individuals have a capacity to critically examine and evaluate issues and trends and are influential to the destiny of a broad and dynamic health care system. Curriculum is tailored to the needs of the health care leader/manager by providing content in finance, policy, research, technology, quality improvement, economics and strategic planning. In addition to the University Learning Goals, graduates of the MHA program will: create a strategic plan for a health care organization, analyze the impact of health care policy on delivery and services provided by the industry, evaluate informational technology and security management needs of health care, utilize data to support quality and performance measure decision-making processes for health care entities, demonstrate management of organizational finances within the economic environment of various health care industries, and analyze the impact of various management and leadership theories within health care organizations and delivery systems. Students can gain additional knowledge through the selection and completion of a 9 credit specialization in their area of interest. For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/mha.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, School of Health Services Administration graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to create a strategic plan for a health care organization.
- Students will be able to analyze the impact of health care policy on processes, products and services in the health care industry.
- Students will be able to evaluate informational technology and security management needs of health care.
- Students will be able to evaluate evidence-based data to support quality and performance measures within the health care industry.
- Students will be able to demonstrate management of organizational finances within the economic environment of various health care industries.
- Students will be able to analyze the impact of various management and leadership theories within health care organizations and delivery systems.

Program Introduction, 1 total credit

HCS 504 Introduction to Graduate Study in Health Sciences/Nursing

Health Care Systems, 3 total credits

HCS 531 Health Care Organizations and Delivery Systems 3 credits

Finance, 3 total credits

HCS 577 Financial Management in Health Care 3 credits
Additional Admission Requirements for the MHA/INF

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the graduate degree posted transcript is required for admission.
- A minimum equivalent of three (3) years of full-time, post-high school professional work experience within the past ten years.
- All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

Degree Requirements for the MHA/INF

- Completion of a minimum of 43 credits.
- A minimum program grade point average (GPA) of 3.0.
- Concentrations are reflected on the transcript only and will not appear on the diploma. The diploma awarded for this program will read as: Master of Health Administration
- Students who have earned a graduate degree in Health Administration (MHA) may not receive a certificate in the same area of focus. Example: a student may not earn an MHA/GER degree and a GER certificate; however, students who have completed a certificate may return to receive a Master of Health Administration (MHA) degree with a concentration in the same area as the completed certificate or another approved concentration.

Residency Requirements and Course Waivers for the MHA/INF

Students in this program may waive a maximum of 9 credits from their required course of study on the basis of regionally or approved nationally accredited transferable coursework. In order to be granted a waiver for a course in the required course of study, the student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the last ten (10) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.

Dual Degree in Master of Health Administration/ Master of Business Administration

The following Dual Degree in Master of Health Administration/Master of Business Administration (MHA/MBA) program may be offered at these University of Phoenix campus locations: Online. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Health Administration (MHA)/Master of Business Administration (MBA) dual degree program prepares leaders who can effectively respond to the dynamic and ever-changing health care industry while providing in-depth knowledge to business management practices. The dual degree provides graduates with a distinct edge and greater flexibility in shaping a meaningful career by covering essential business knowledge and industry specific skills. Students have the capacity to critically examine and evaluate issues and trends that are influential to the destiny of a broad and evolving health care system. Curriculum is tailored to the needs of the health care business leader by providing content in areas such as finance, policy, research, technology, human resources, economics, marketing, and strategic planning. The program also emphasizes the identification, analysis, and solution of complex management problems for a growing industry. In addition, the dual degree offers students to customize the curriculum by selecting elective courses to maximize career goals and opportunities. For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/ programs/mha-mba.

Residency Requirements and Course Waivers for the MHA/
MBA/GR

- Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 46 credits in the Required Course of Study, must be completed at University of Phoenix.
- Students in this program may waive a maximum of 12 credits from their required course of study on the basis of regionally or approved nationally accredited transferable coursework.
- In order to be granted a waiver for a course in the required course of study, the student must have completed a previous course which meets the following criteria:
  - The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
  - The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
  - The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
- Requests to waive a course within a concentration must be submitted to the Student Appeals Center (SAC).
- Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.
- The following courses in the Required Course of Study may not be waived: HCS 504, HCS 589, HRM 595, MGT 521, PM 598, QRB 501
- The School of Advanced Studies offers a bridge opportunity for master’s degree students who are interested in taking doctoral courses as part of the master’s degree program.
- The Doctoral Bridge gives students the option to complete doctoral level coursework during a master’s program.
- The Doctoral Bridge allows a master’s degree student to substitute up to two graduate level courses with designated doctoral level courses. Upon admission to the selected doctoral program, students are eligible to satisfy required course(s) within the doctoral program.
- Students must earn a B- or better in the doctoral level courses in order to apply them towards the doctoral program.
- Student schedules may need to be adjusted, or student will need to overlap courses since doctoral courses are eight weeks in length. Students should speak with their academic/finance advisor for further information.

Minimum Grade Requirements for the MHA/MBA/GR

- Students in this program are required to achieve a minimum grade of "B" (3.0) in the following course: HCS 589. A "B-" grade is not acceptable. Students who fail to receive a minimum grade of "B" will be scholastically disqualified from the University.
- Students who fail to meet the minimum grade requirement and have been scholastically disqualified will not be allowed to continue in the program until the course has been successfully repeated. Students will be allowed to repeat each class in which the minimum grade was not achieved one time. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and will not be able to continue in the MHA/MBA/GR program.

Re-entry for the MHA/MBA/GR

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Dual Degree in Master of Health Administration/ Master of Business Administration/Concentration in Informatics

The following Dual Degree in Master of Health Administration/Master of Business Administration/Concentration in Informatics (MHA/MBA/IN) program may be offered at these University of Phoenix campus locations: Online. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Health Administration (MHA)/Master of Business Administration (MBA) dual degree program prepares leaders who can effectively respond to the dynamic and ever-changing health care industry while providing in-depth knowledge to business management practices. The dual degree provides graduates with a distinct edge and greater flexibility in shaping a meaningful career by covering essential business knowledge and industry specific skills. Students have the capacity to critically examine and evaluate issues and trends that are influential to the destiny of a broad and evolving health care system. Curriculum is tailored to the needs of the health care business leader by providing content in areas such as finance, policy, research, technology, human resources, economics, marketing, and strategic planning. The program also emphasizes the identification, analysis, and solution of complex management problems for a growing industry. In addition, the dual degree offers students to customize the curriculum by select-
ing elective courses to maximize career goals and opportunities. For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/mha-mba.

**MHA/MBA/IN Program Category Requirements**

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

**Introduction, 1 total credit**

HCS 504 ~ Introduction to Graduate Study in Health Sciences/Nursing

**Health Care Systems, 3 total credits**

HCS 531 ~ Health Care Organizations and Delivery Systems

Management, 3 total credits

MGT 521 ~ Management

Human Capital Management, 3 total credits

HRM 531 ~ Human Capital Management

Legal and Ethics, 3 total credits

HCS 545 ~ Health Law and Ethics

Policy, 3 total credits

HCS 550 ~ Health Care Policy

Organizational Leadership, 3 total credits

LDR 531 ~ Organizational Leadership

Quantitative Reasoning, 3 total credits

QRB 501 ~ Quantitative Reasoning for Business

Data Management, 3 total credits

HCS 588 ~ Measuring Performance Standards

Economics, 3 total credits

HCS 552 ~ Health Care Economics

Accounting, 3 total credits

ACC 561 ~ Accounting

Finance, 3 total credits

HCS 577 ~ Financial Management in Health Care

Operations Management, 3 total credits

OPS 571 ~ Operations Management

Marketing, 3 total credits

MKT 571 ~ Marketing

**Facility Design, 3 credits**

HCS 529 ~ Contemporary Health Care Facility Design

**Technology, 3 total credits**

HCS 533 ~ Health Information Systems

**Research and Statistics, 3 total credits**

QNT 561 ~ Applied Business Research & Statistics

**Electives, 6 total credits**

HCS 535 ~ Concepts of Population Health

HCS 539 ~ Marketing for Health Care

HCS 548 ~ Concepts of Population Health

HCS 550 ~ Health Law and Ethics

HCS 552 ~ Human Capital Management

HCS 553 ~ Foundations of Gerontology

HCS 557 ~ Entrepreneurship in Health Care

HCS 567 ~ Creating Change Within Organizations

**Informatics Concentration, 12 total credits**

HCS 500 ~ Concepts of Health Care Informatics

HCI 510 ~ Systems Life Cycle

HCI 520 ~ Data Management and Design

HCS 589 ~ Health Care Strategic Management

The University reserves the right to modify the required course of study.

**Additional Admission Requirements for the MHA/MBA/IN**

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

- A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.

- A minimum equivalent of three (3) years of full-time, post-high school professional work experience within the past ten years.

- All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.
Degree Requirements for the MHA/MBA/IN
- The completion of a minimum of 67 credits.
- A minimum program grade point average (GPA) of 3.0.
- Concentrations are reflected on the transcript only and will not appear on the diplomas. Two diplomas will be awarded for this dual degree. The diplomas will read as: Master of Health Administration Master of Business Administration
- Students who have earned a graduate degree in Health Administration (MHA) or Business Administration (MBA) may not receive a certificate in the same area of focus. Example: a student may not earn an MHA/MBA/GR degree and a GER certificate; however, students who have completed a certificate may return to receive a Master of Health Administration/ Master of Business Administration (MHA/MBA) degree with a concentration in the same area as the completed certificate or another approved concentration.

Residency Requirements and Course Waivers for the MHA/ MBA/IN
- Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 46 credits in the Required Course of Study, must be completed at University of Phoenix.
- Students in this program may waive a maximum of 12 credits from their required course of study on the basis of regionally or approved nationally accredited transferable coursework.
- In order to be granted a waiver for a course in the required course of study, the student must have completed a previous course which meets the following criteria:
  - The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
  - The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
  - The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
  - Requests to waive a course within a concentration must be submitted to the Student Appeals Center (SAC).
  - Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.
  - The following courses in the Required Course of Study may not be waived: HCS 504, HCS 589, HRM 595, MGT 521, PM 598, QRB 501

- The School of Advanced Studies offers a bridge opportunity for master’s degree students who are interested in taking doctoral courses as part of the master’s degree program.
- The Doctoral Bridge gives students the option to complete doctoral level coursework during a master’s program.
- The Doctoral Bridge allows a master’s degree student to substitute up to two graduate level courses with designated doctoral level courses. Upon admission to the selected doctoral program, students are eligible to satisfy required course(s) within the doctoral program.
  - Students must earn a B- or better in the doctoral level courses in order to apply them towards the doctoral program.
  - Student schedules may need to be adjusted, or student will need to overlap courses since doctoral courses are eight weeks in length. Students should speak with their academic/finance advisor for further information.

Minimum Grade Requirements for the MHA/MBA/IN
- Students in this program are required to achieve a minimum grade of “B” (3.0) in the following course: HCS 589. A “B-” grade is not acceptable. Students who fail to receive a minimum grade of “B” will be scholastically disqualified from the University.
- Students who fail to meet the minimum grade requirement and have been scholastically disqualified will not be allowed to continue in the program until the course has been successfully repeated. Students will be allowed to repeat each class in which the minimum grade was not achieved one time. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and will not be able to continue in the MHA/MBA/IN program.

Re-entry for the MHA/MBA/IN
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Dual Degree in Master of Health Administration/ Master of Business Administration/Concentration in Sustainability Management

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

**Dual Degree in Master of Health Administration/ Master of Business Administration/Concentration in Project Management**

The following Dual Degree in Master of Health Administration (MHA)/Master of Business Administration (MBA) dual degree program prepares leaders who can effectively respond to the dynamic and ever-changing health care industry while providing in-depth knowledge to business management practices. The dual degree provides graduates with a distinct edge and greater flexibility in shaping a meaningful career by covering essential business knowledge and industry specific skills. Students have the capacity to critically examine and evaluate issues and trends that are influential to the destiny of a broad and evolving health care system. Curriculum is tailored to the needs of the health care business leader by providing content in areas such as finance, policy, research, technology, human resources, economics, marketing, and strategic planning. The program also emphasizes the identification, analysis, and solution of complex management problems for a growing industry. In addition, the dual degree offers students to customize the curriculum by selecting elective courses to maximize career goals and opportunities. For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/mha-mba.

**MHA/MBA/PM Program Category Requirements**

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

**Introduction, 1 total credit**

HCS 504 ~ ..............................................................................1 credit
Introduction to Graduate Study in Health Sciences/Nursing

**Health Care Systems, 3 total credits**

HCS 531 ~ ..............................................................................3 credits
Health Care Organizations and Delivery Systems

**Management, 3 total credits**

MGF 521 ~ ..............................................................................3 credits
Management

**Human Capital Management, 3 total credits**

HRM 531 ~ ..............................................................................3 credits
Human Capital Management

**Legal and Ethics, 3 total credits**

HCS 545 ~ ..............................................................................3 credits
Health Law and Ethics

**Policy, 3 total credits**

HCS 550 ~ ..............................................................................3 credits
Health Care Policy

**Organizational Leadership, 3 total credits**

LDR 531 ~ ..............................................................................3 credits
Organizational Leadership

**Quantitative Reasoning, 3 total credits**

QRB 501 ~ ..............................................................................3 credits
Quantitative Reasoning for Business

**Data Management, 3 total credits**

HCS 588 ~ ..............................................................................3 credits
Measuring Performance Standards

**Economics, 3 total credits**

HCS 592 ~ ..............................................................................3 credits
Health Care Economics
Accounting, 3 total credits
ACC 561 ~ ................................................................. 3 credits
Accounting

Finance, 3 total credits
HCS 577 ~ ................................................................. 3 credits
Financial Management in Health Care

Operations Management, 3 total credits
OPS 571 ~ ................................................................. 3 credits
Operations Management

Marketing, 3 total credits
MKT 571 ~ ................................................................. 3 credits
Marketing

Facility Design, 3 credits
HCS 529 ~ ................................................................. 3 credits
Contemporary Health Care Facility Design

Technology, 3 total credits
HCS 533 ~ ................................................................. 3 credits
Health Information Systems

Research and Statistics, 3 total credits
QNT 561 ~ ................................................................. 3 credits
Applied Business Research & Statistics

Electives, 6 total credits
HCS 535 ~ ................................................................. 3 credits
Concepts of Population Health
HCS 539 ~ ................................................................. 3 credits
Marketing for Health Care
HCS 548 ~ ................................................................. 3 credits
Foundations of Gerontology
HCS 567 ~ ................................................................. 3 credits
Entrepreneurship in Health Care
HCS 587 ~ ................................................................. 3 credits
Creating Change Within Organizations
HCS 591 ~ ................................................................. 3 credits
Creating a Sustainable Health Care Organization

Project Management Concentration, 15 total credits
PM 571 ~ ................................................................. 3 credits
Project Management
PM 582 ~ ................................................................. 3 credits
Project Leadership
PM 584 ~ ................................................................. 3 credits
Project Risk Management
PM 586 ~ ................................................................. 3 credits
Project Quality Management
PM 598 ~ ................................................................. 3 credits
Project Management Capstone

Strategic Management, 3 total credits
HCS 589 ~ ................................................................. 3 credits
Health Care Strategic Management

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the MHA/MBA/PM
All applicants are expected to meet the following admissions requirements:

• An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor's degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

• A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.

• A minimum equivalent of three (3) years of full-time, post-high school professional work experience within the past ten years.

• All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

Degree Requirements for the MHA/MBA/PM
• The completion of a minimum of 73 credits.

• A minimum program grade point average (GPA) of 3.0.

• Concentrations are reflected on the transcript only and will not appear on the diplomas. Two diplomas will be awarded for this dual degree. The diplomas will read as:
  • Master of Health Administration
  • Master of Business Administration

• Students who have earned a graduate degree in Health Administration (MHA) or Business Administration (MBA) may not receive a certificate in the same area of focus. Example: a student may not earn an MHA/MBA/GR degree and a GER certificate; however, students who have completed a certificate may return to receive a Master of Health Administration / Master of Business Administration (MHA/MBA) degree with a concentration in the same area as the completed certificate or another approved concentration.

Residency Requirements and Course Waivers for the MHA/MBA/PM
• Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 46 credits in the Required Course of Study, must be completed at University of Phoenix.

• Students in this program may waive a maximum of 12 credits from their required course of study on the basis of regionally or approved nationally accredited transferable coursework.

• In order to be granted a waiver for a course in the required course of study, the student must have completed a previous course which meets the following criteria:
  • The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
  • The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e., graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
• Requests to waive a course within a concentration must be submitted to the Student Appeals Center (SAC).
• Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.
• The following courses in the Required Course of Study may not be waived: HCS 504, HCS 589, HRM 595, MGT 521, PM 598, QRB 501
• The School of Advanced Studies offers a bridge opportunity for master's degree students who are interested in taking doctoral courses as part of the master's degree program.
• The Doctoral Bridge gives students the option to complete doctoral level coursework during a master's program.
• The Doctoral Bridge allows a master’s degree student to substitute up to two graduate level courses with designated doctoral level courses. Upon admission to the selected doctoral program, students are eligible to satisfy required course(s) within the doctoral program.
• Students must earn a B- or better in the doctoral level courses in order to apply them towards the doctoral program.

Student schedules may need to be adjusted, or student will need to overlap courses since doctoral courses are eight weeks in length. Students should speak with their academic/finance advisor for further information.

Minimum Grade Requirements for the MHA/MBA/PM
• Students in this program are required to achieve a minimum grade of “B” (3.0) in the following course: HCS 589. A “B-” grade is not acceptable. Students who fail to receive a minimum grade of “B” will be scholastically disqualified from the University.
• Students who fail to meet the minimum grade requirement and have been scholastically disqualified will not be allowed to continue in the program until the course has been successfully repeated. Students will be allowed to repeat each class in which the minimum grade was not achieved one time. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and will not be able to continue in the MHA/MBA/PM program.

Re-entry for the MHA/MBA/PM
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

International Nursing Honor Society
The mission of Sigma Theta Tau International (STTI) is advancing world health and celebrating nursing excellence in scholarship, leadership, and service. The honor society provides products and services that advance the learning and professional development of members and all nurses who strive to improve the health of the world’s people.

University of Phoenix, School of Nursing is a member of the Omicron Delta chapter of STTI, a virtual chapter that support members across the globe. Membership is by invitation to baccalaureate and graduate nursing students who demonstrate excellence in scholarship and to nurse leaders exhibiting exceptional achievements in nursing. Undergraduate students must have completed at least 1/2 of the nursing curriculum, rank in the upper 35 percent of his/her graduating class, achieved academic excellence (at least a 3.0 on a 4.0 grade point average scale) and met the expectation of academic integrity. Graduate students must have completed at least 1/4 of the nursing curriculum, achieved academic excellence (at least 3.5 on a 4.0 grade point average scale) and met the expectation of academic integrity.

STTI has more than 135,000 active members who reside in more than 85 countries. There are roughly 500 chapters at approximately 695 higher education institutions. To learn more about STTI visit http://www.aacn.nche.edu/ccne-accreditation

International Nursing Honor Society

Programs in the School of Nursing are designed to support the career advancement and educational needs of licensed practical, vocational and registered nurses, who are looking to expand their professional horizons. In an era of unprecedented and disruptive change in the health care industry—from shifting patient demographics, to the emergence of new models like telemedicine and retail medicine, to an increasingly complex licensing and credentialing environment—today’s nurses must work hard to navigate the changes and remain on the leading-edge of their professions. Whether you are a registered nurse looking to bolster your credentials to meet today’s higher standards, or an advanced-practice nurse seeking to expand your knowledge and take on greater leadership challenges, The University of Phoenix® School of Nursing will equip you with the deep industry insight and up-to-the-minute knowledge and skills you need to become the nurse tomorrow needs.

Accreditation—School of Nursing Programs

The Bachelor of Science in Nursing and Master of Science in Nursing programs at University of Phoenix are accredited by the Commission on Collegiate Nursing Education (CCNE) One Dupont Circle, NW, Suite 530, Washington, DC 20036, (202) 887-6791. http://www.aacn.nche.edu/ccne-accreditation

**Academic Progression Requirements for all Current Nursing Programs (excluding BSN/I)**

**License Requirement**
PN/VN to BSN students must possess an active unrestricted/unencumbered PN or VN license in the state where they are completing clinical hours. PN/VN to BSN students must hold a valid and unrestricted/unencumbered PN or VN license in all states and jurisdictions in which the applicant holds an active nursing license. RN to BSN, MSN and post-master's certificate students must hold a valid, unrestricted/unencumbered RN license in all states and jurisdictions in which the applicant holds an active nursing license. Students must also hold a valid and unrestricted/unencumbered RN license for the state in which they practice.

All active licenses must remain valid and unrestricted/unencumbered through the duration of the program. With the exception of Hawaii, VA, and active duty military students are allowed to practice nursing in a state or country where they are not licensed as long as they are practicing nursing in a federal facility. In Hawaii, students must possess a valid Hawaii license.

**Scholastic Disqualification**
Students who receive a non-passing grade in a Nursing CORE course (CORE courses are listed in the program description of each program handbook chapter) will be required to meet with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns prior to retaking the course that placed the student on scholastic disqualification. Students will also be required to complete and sign an Academic Progression Student Agreement Form.

For Students signing an enrollment agreement 10/1/2015 or later:
Students are permitted one retake of a nursing course due to non-passing grades. Students who fail to achieve the minimum grade on a second course will be scholastically suspended and permanently withdrawn from their nursing program.

**Drug Testing**
Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion of substance abuse, or otherwise indicates that the student may be impaired by drugs or alcohol without reasonable justification, will be required to undergo a “for-cause” 10-panel, plus alcohol drug test if the student’s behavior in the clinical, classroom or laboratory setting creates facts that give rise to a reasonable suspicion of substance abuse, or indicates they are impaired by alcohol or drugs.

1. For purposes of this policy, the following definitions apply:
- Drug testing means the scientific analysis of urine, blood, breath, saliva, hair, tissue, and other specimens from the human body for the purpose of detecting the use of drugs or alcohol.
- Reasonable suspicion means evidence which forms a reasonable basis for concluding that it is more likely than not that a person is impaired by alcohol or drugs or has engaged in substance abuse. Facts which could give rise to reasonable suspicion include, but are not limited to: the odor of alcohol or drugs, impaired behavior such as slurred speech, decreased motor coordination, difficulty in maintaining balance, marked changes in personality or job performance, and unexplained accidents, without reasonable justification. Such evidence may come from a professional or expert opinion, layperson opinion, scientific tests, or other sources or methods.
- Impaired means that a person’s mental or physical capabilities are reduced below his or her normal levels without reasonable justification. An impaired student manifests deterioration in the level of function as compared to that previously observed, or the student does not function at a level normally expected under the prevailing circumstances. Impairment may exist in one or more multiple domains, including psychomotor activity and skills, conceptual or factual recall, integrative or synthetic thought processes, judgment, attentiveness, demeanor and attitudes as manifested in speech or actions. Impairment will include addiction to and/or physical dependence upon alcohol or illegal drugs.
- Substance abuse means:
  - the consumption, possession, or distribution of alcohol or illegal drugs by any nursing student while on University or affiliated clinical site premises or while participating in any University (or affiliated clinical site) sponsored or related training activity.
  - a nursing student’s use of alcohol or any drug in such a way that the student’s performance in any nursing course, including activities at any clinical site, is impaired.

2. Prior to being assigned to a clinical placement and as a prerequisite for placement at any agency or health care facility the nursing student shall sign an agreement:
- to abide by the drug policies and drug testing policies of the University and each agency or health care facility in which a student is assigned as applicable;
- to submit to any “for cause” drug testing required by the University and testing required by each agency or health care facility the nursing student obtains clinical hours, and
- to release a copy of any and all drug test results to the University of Phoenix, Dean/Associate Dean of Nursing, other appropriate University officials, and to any State Board(s) of Nursing in which the student holds a nursing license or certificate, where required by the relevant State Board(s) of Nursing. Failure to sign such agreement is grounds for refusal for student admission and progression in the program.

3. The College of Health Professions, School of Nursing requires students to obtain a 10 panel, plus alcohol drug test if the student’s behavior in the clinical, classroom or laboratory setting creates facts that give rise to a reasonable suspicion of substance abuse, or indicates they are impaired by alcohol or drugs.

4. If the results of the 10 panel, plus alcohol drug test is negative for alcohol or illegal drugs:
• The student shall meet with their Campus College Chair, Director of Nursing, or NP Program Manager within 24 hours or by the first business day following the test results to discuss the circumstances surrounding suspected behavior.
• The Campus College Chair, Director of Nursing, or NP Program Manager will counsel the student regarding return to the classroom and clinical agency. The preliminary investigation will cease and the student will be released from further action at that time.
• The Campus College Chair, Director of Nursing, or NP Program Manager will arrange for the student to make up the missed clinical hours.

5. If the results of the 10 panel, plus alcohol drug test is positive for alcohol or illegal drugs:
   • A full review by the Office of Dispute Management and Apollo Ethics and Compliance shall be conducted. Students who test positive for alcohol or illegal drugs will not be permitted to return to any clinical setting pending conclusion of the review. The findings may result in student dismissal from the nursing program and expulsion from the University.
   • The results of the positive test for alcohol or illegal drugs shall be reported to the applicable State Board(s) of Nursing, if required by the applicable State Board(s), by the Campus College Chair, Director of Nursing, or NP Program Manager.
   • The failure of a student to provide the above statement or a statement approved by the Campus College Chair, Director of Nursing, or NP Program Manager. If the statement is approved, then the test result will be deemed acceptable and not failed for these purposes.

6. If the results of the 10 panel, plus alcohol drug test(s) are positive for a prescribed drug(s) but not those that would be defined as illegal in the definitions above:
   • The student shall, within three (3) business days, obtain a written statement from their treating, licensed health care provider (MD, DO, HMD, ND/NMD, NP or PA) stating that:
     • the drug level is within prescribed limits.
     • the level does not indicate abuse.
     • the student’s use of the drug as prescribed will not interfere with safe practice in the clinical area.

   This statement must be provided to the Campus College Chair, Director of Nursing, or NP Program Manager. If the statement is approved, then the test result will be deemed acceptable and not failed for these purposes.
• The failure of a student to provide the above statement or a health care provider’s inability to provide a statement meeting the requirements above shall be treated as a positive test for an illegal drug.

7. Students who refuse to submit to a “for-cause” drug test will not be allowed to return to any clinical setting pending conclusion of a full review by the Office of Dispute Management and Apollo Ethics and Compliance. The findings may result in dismissal from the nursing program and expulsion from the University. The results of a positive test for illegal drugs as defined herein or a refusal to undergo a required drug test will be reported to the applicable State Board of Nursing where required by the applicable State Board(s) of Nursing’s statute(s) or regulation(s).
• Students must also adhere to any other additional policies prescribed by the clinical agency. It is the sole responsibility of the student to read and acknowledge the requirements of the clinical health care facility in addition to University policy.
• All costs associated with the drug test, including any transportation costs to or from the drug testing facility, will be the responsibility of the student.

8. University of Phoenix, College of Health Professions, School of Nursing, campus officials may be required to report all failed drug tests to each State Board of Nursing in which the student holds a nursing license or certificate. Campus officials shall report test results to all applicable State Boards of Nursing as described in the applicable Board’s statutes and/or regulations.

Master of Science in Nursing Concentration in Nurse Administration

The following Master of Science in Nursing Concentration in Nurse Administration (MSN/ADM) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Science in Nursing (MSN) program, accredited by the Commission on Collegiate Nursing Education (CCNE)*, enhances the knowledge and skills of registered nurses with baccalaureate-degree preparation. The program prepares registered nurses to function in leadership roles in administration, practice, and education settings. Advanced nursing theory and research provide the foundation for nurses to influence the future of nursing and health care. Students complete core courses in advanced nursing content, process, and leadership. Concentrations in nursing administration, nursing education, or family nurse practitioner allow students to concentrate on developing increased knowledge and skills in a specific area of content or advanced practice role.
*The Masters of Science degree programs are accredited by the Commission on Collegiate Nursing Education, One Dupont Circle, NW, Suite 530, Washington, DC 20036, (202)887-6791.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/msn-adm.

Program Purpose
The Master of Science in Nursing/Nurse Administration is a post-licensure education program designed for nurses with current RN licensure who wish to obtain a master’s degree in nursing administration. The program prepares registered nurses to function in leadership roles in administration, practice and education settings. Upon completion of the program, graduates with the required practice experience will be prepared to sit for the American Nurses Credentialing Centers Nurse Executive Board Certification (NE-BC) exam.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, School of Nursing graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.
• Students will be able to evaluate nursing and related sciences and humanities in all aspects of safe individually focused care for diverse populations in a variety of settings.
• Students will be able to apply organizational and systems leadership concepts to the management of human, fiscal and physical health care resources for diverse populations in a variety of settings.
• Students will be able to evaluate processes and systems for continuous quality improvement across the care continuum in a variety of settings.
• Students will be able to synthesize scholarship from a variety of sources and translate to promote implementation of evidence-based practice.
• Students will be able to evaluate informatics and health care technologies for integration into practice for enhanced care outcomes.
• Students will be able to evaluate health care policy, regulatory, legal economic and sociocultural environments to advocate for patients and effect change in the health care system based on their role.
• Students will be able to collaborate in inter- and intra-disciplinary teams to optimize patient and population health outcomes.
• Students will be able to design and deliver evidenced-based clinical prevention and population care and services for diverse populations in a variety of local, national and international settings.
• Students will be able to create a professional development plan to continuously facilitate the delivery of ethical, safe and quality care to diverse populations in a variety of settings.

MSN/ADM Required Course of Study
Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

- HSN 505 ~ Introduction to Graduate Studies in Nursing .......................... 2 credits
- NSG 510 ~ Theoretical Foundations of Nursing Roles and Practice ............... 3 credits
- NSG 515 ~ Research Methodologies for the Nurse Administrator ............... 3 credits
- NSG 520 ~ Nursing Leadership ................................................................. 3 credits
- NSG 550 ~ Role of the Nurse Administrator ............................................. 3 credits
- HSN 525 ~ Organizational Systems and Informatics ............................... 4 credits
- HSN 555 ~ Organizational Change and Negotiation ............................... 3 credits
- HSN 560 ~ Human Resources in Health Care .......................................... 3 credits
- HSN 565 ~ Introduction to Graduate Studies in Nursing ......................... 3 credits
- NSG 570 ~ Financial Resource Management ......................................... 3 credits
- HSN 575 ~ Quality Management and Outcomes ..................................... 4 credits
- NSG 580 ~ Practicum ................................................................................ 4 credits

All applicants are expected to meet the following admissions requirements:
- An undergraduate degree with an upper division major in nursing from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelors degree earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.
- Current employment is not a requirement for admission.
- For all students starting 7/1/2012 - Applicants must reside in the United States or in one of the US Territories with documentation of a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. Applicants from the following territories must also hold a RN license obtained by taking the NCLEX-RN exam:
  - Guam
  - American Samoa
  - Northern Mariana Islands
  - US Virgin Islands
- Effective 11/1/06, nursing students in the state of Florida attending ground based or FlexNet MSN or RN/BSN programs must hold a RN license from the state of Florida for admissions, as mandated by the Florida State Board of Nursing. Military and VA nursing students may hold a RN license from any state as ruled by federal guidelines. Clinical placement of military or VA students must be completed in VA or military environments or the student is subject to obtaining a Florida RN license for placement.
- Signed Criminal Background Check Disclosure
- Signed Acknowledgement of Criminal Conviction Prohibition for Placement and Licensure
- Signed FERPA Release/Drug Test or Failure to Test Results

Degree Requirements for the MSN/ADM
- Completion of a minimum of 38 credits.
- A minimum program grade point average (GPA) of 3.0.
- Concentrations are reflected on the transcript only and will not appear on the diploma. The diploma awarded for this program will read as: Master of Science in Nursing

Academic Progression Requirements for the MSN/ADM
- Minimum grade of B- or better in all graduate level courses.
- For all students starting 7/1/2012- Students must hold a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For students holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted/unencumbered through the duration of the program.
• Clinical experiences/hours cannot be completed during work time at the student's place of employment.
• Students must successfully complete NSG 580 with a B- or better. Students who do not pass this class on the first attempt will be scholastically disqualified. Students who fail to meet the minimum grade requirement after the second attempt, will be placed on scholastic suspension and will be withdrawn from the program. Students must sit out for six months after the second unsuccessful attempt. Once the student has sat out six months, the student may submit to SAC to appeal for a third attempt. If students do not meet the minimum grade requirement after the third attempt, the student will be Scholastically Suspended.
• Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion, of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a “for-cause” 10 panel, plus alcohol drug test.
• A clinical course may not be taken concurrently with any other course. The clinical courses are in this program are NSG 550, HSN 525, HSN 555, HSN 560, HSN 563, HSN 570, HSN 575 and NSG 580.

Minimum Grade Requirements for the MSN/ADM
• All graduate level MSN courses must be completed with a grade of B- or better. Students who do not pass these classes with a grade of B- or better will be scholastically disqualified. Students who fail to meet the minimum grade requirement will be allowed to repeat the class once. Students who fail to meet the minimum grade requirement after the second attempt, will be permanently withdrawn from the program and will be placed on scholastic suspension.
• Students must successfully complete NSG 580 with a B- or better. Students have a maximum of three attempts to meet the minimum grade requirement. Students who do not pass this class on the first attempt will be scholastically disqualified. Students who fail to meet the minimum grade requirement after the second attempt, will be placed on scholastic suspension and will be withdrawn from the program. Students must sit out for six months after the second unsuccessful attempt. Once the student has sat out six months, the student may submit to SAC to appeal for a third attempt. If students do not meet the minimum grade requirement after the third attempt, the student will be Scholastically Suspended.
• Effective for new Enrollment Agreements signed 10/1/2015 or later: Students cannot repeat more than one nursing or clinical course. Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn, from the Master of Science in Nursing program.
• Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  • Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
  • Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
  • Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.

Residency Requirements and Course Waivers for the MSN/ADM
Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 8 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
• The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
• The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following courses in the Required Course of Study may not be waived: NSG 550, HSN 525, HSN 555, HSN 560, HSN 565, HSN 570, HSN 575 and NSG 580.

The School of Advanced Studies offers a bridge opportunity for master's degree students who are interested in taking doctoral courses as part of the master's degree program. The Doctoral Bridge gives students the option to complete doctoral level coursework during a master's program. The Doctoral Bridge allows a master's degree student to substitute up to two graduate level courses with designated doctoral level courses. Upon admission to the selected doctoral program, students are eligible to satisfy required course(s) within the doctoral program.
• Students must earn a B- or better in the doctoral level courses in order to apply them towards the doctoral program.
• Student schedules may need to be adjusted, or student will need to overlap courses since doctoral courses are eight weeks in length. Students should speak with their academic/finance advisor for further information.

Re-entry for the MSN/ADM
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student to this program. Re-entry students may re-enroll into their program version if the
program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. An appeal will be required for re-entry students to re-enroll in their program if:

- The student is requesting to return after being administratively withdrawn due to one of the following student academic statuses: academic disqualification (AD), scholastic suspension (SS), or scholastic disqualification (SD).
- The student's program version is still the most current offered in their state or jurisdiction but they are unable to complete the remaining program requirements within the original program completion deadline.
- The student wishes to return to a prior program version and the student can complete their remaining requirements within the original program completion deadline.

Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.

**Master of Science in Nursing Concentration in Nurse Administration Bridge**

The following Master of Science in Nursing Concentration in Nurse Administration Bridge (MSN/ADM) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Science in Nursing (MSN) program, accredited by the Commission on Collegiate Nursing Education (CCNE)*, enhances the knowledge and skills of registered nurses with baccalaureate-degree preparation. The program prepares registered nurses to function in leadership roles in administration, practice, and education settings. Advanced nursing theory and research provide the foundation for nurses to influence the future of nursing and health care. Students complete core courses in advanced nursing content, process, and leadership. Concentrations in nursing administration, nursing education, or family nurse practitioner allow students to concentrate on developing increased knowledge and skills in a specific area of content or advanced practice role.

*The Masters of Science degree programs are accredited by the Commission on Collegiate Nursing Education, One Dupont Circle, NW, Suite 530, Washington, DC 20036, (202)887-6791.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/msn-adm.

**Program Purpose**

The Master of Science in Nursing/Nursing Administration is a post-licensure education program designed for nurses with current RN licensure who wish to obtain a master’s degree in nursing administration.

The program prepares registered nurses to function in leadership roles in administration, practice and education settings. Upon completion of the program, graduates with the required practice experience will be prepared to sit for the American Nurses Credentialing Centers Nurse Executive Board Certification (NE-BC) exam.

**Program Student Learning Outcomes**

In addition to the knowledge and skills related to the University Learning Goals, School of Nursing graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to evaluate nursing and related sciences and humanities in all aspects of safe individually focused care for diverse populations in a variety of settings.
- Students will be able to apply organizational and systems leadership concepts to the management of human, fiscal and physical health care resources for diverse populations in a variety of settings.
- Students will be able to evaluate processes and systems for continuous quality improvement across the care continuum in a variety of settings.
- Students will be able to synthesize scholarship from a variety of sources and translate to promote implementation of evidence-based practice.
- Students will be able to evaluate informatics and health care technologies for integration into practice for enhanced care outcomes.
- Students will be able to evaluate health care policy, regulatory, legal, economic and sociocultural environments to advocate for patients and effect change in the health care system based on their role.
- Students will be able to collaborate in inter- and intra-disciplinary teams to optimize patient and population health outcomes.
- Students will be able to design and deliver evidenced-based clinical prevention and population care and services for diverse populations in a variety of local, national and international settings.
- Students will be able to create a professional development plan to continuously facilitate the delivery of ethical, safe and quality care to diverse populations in a variety of settings.

**MSN/ADM Required Course of Study**

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

To ensure course scheduling availability, the College of Health Sciences and Nursing recommends the following course selections to satisfy the bridge requirements:

**Nursing Bridge 1**

NSG 415 is the preferred option to satisfy the Nursing Bridge 1 requirement.

NSG 415 ~ ................................................................. 3 credits
Theory-Based Nursing Practice
NUR 403 ~ ................................................................. 3 credits
Theories and Models of Nursing Practice
Nursing Bridge 2
NSG 397 is the preferred option to satisfy Nursing Bridge 2.
NSG 397 ~ ................................................................. 3 credits
Professional Nursing Role
NUR 391 ~ ................................................................. 3 credits
Professional Nursing Practice
NUR 440 ~ ................................................................. 3 credits
Health Assessment and Promotion for Vulnerable Population
Nursing Bridge 3
NSG 455 is the preferred course option to satisfy the Nursing Bridge 3 requirement.
NSG 455 ~ ................................................................. 3 credits
Evidence-Based Practice and Statistics
NUR 443 ~ ................................................................. 3 credits
Evidence-Based Nursing Research and Practice

Required Course Sequence
HSN 505 ................................................................. 2 credits
Introduction to Graduate Studies in Nursing
NSG 510 ~ ................................................................. 3 credits
Theoretical Foundations of Nursing Roles and Practice
NSG 515 ~ ................................................................. 3 credits
Nursing Research and Evidence-Based Practice
NSG 520 ~ ................................................................. 3 credits
Nursing Leadership
NSG 550 ~ ................................................................. 3 credits
Role of the Nurse Administrator
HSN 525 ~ ................................................................. 4 credits
Research Methodologies for the Nurse Administrator
HSN 555 ~ ................................................................. 3 credits
Human Resources in Health Care
HSN 560 ~ ................................................................. 3 credits
Organizational Systems and Informatics
HSN 565 ~ ................................................................. 3 credits
Organizational Change and Negotiation
HSN 570 ~ ................................................................. 3 credits
Financial Resource Management
HSN 575 ~ ................................................................. 4 credits
Quality Management and Outcomes
NSG 580 ~ ................................................................. 4 credits
Practicum

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the MSN/ADM
All applicants are expected to meet the following admissions requirements:
• An undergraduate degree with an upper division major in nursing from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelors degree earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
• A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.
• Current employment is not a requirement for admission.
• For all students starting 7/1/2012 - Applicants must reside in the United States or in one of the US Territories with documentation of a valid, unrestricted/unencumbered RN license in all states in which the applicant holds an active nursing license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted/unencumbered through the duration of the program. Applicants from the following territories must also hold a RN license obtained by taking the NCLEX-RN exam:
  • Guam
  • American Samoa
  • Northern Mariana Islands
  • US Virgin Islands
• Signed Criminal Background Check Disclosure
• Signed Acknowledgement of Criminal Conviction Prohibition for Placement and Licensure
• Signed FERPA Release/Drug Test or Failure to Test Results

Degree Requirements for the MSN/ADM
• Completion of a minimum of 47 credits.
• A minimum program grade point average (GPA) of 3.0.
• Concentrations are reflected on the transcript only and will not appear on the diploma. The diploma awarded for this program will read as:
  Master of Science in Nursing

Academic Progression Requirements for the MSN/ADM
• Students enrolling in the MSN bridge program must complete the three MSN bridge courses in these content areas: Theory, Evidence-Based Practice, and Assessment, with a C or better in each course prior to enrolling in NSG 510 - Role-Based Nursing Practice.
• Minimum grade of B- or better in all graduate level courses.
• For all students starting 7/1/2012 - Students must hold a valid, unrestricted/unencumbered RN license in all states in which the applicant holds an active nursing license. For students holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted/unencumbered through the duration of the program.
• Minimum grade of B- or better in all graduate level courses.
• Clinical experiences/hours cannot be completed during work time at the student’s place of employment.
• Students must successfully complete NSG 580 with a B- or better. Students have a maximum of three attempts to meet the minimum grade requirement. Students who do not pass this class on the first attempt will be scholastically disqualified. Students who fail to meet the minimum grade requirement after the second attempt, will be placed on scholastic suspension and will be withdrawn from the program. Students must sit out for six months after the second unsuccessful attempt. Once the student has sat out six months, the student may submit to SAC to appeal for a third attempt. If students do not meet the minimum grade requirement after the third attempt, the student will be Scholastically Suspended.
Students who have been scholastically disqualified will not be able to continue in their degree program until they have sat out six months. Students cannot repeat more than one nursing or clinical course on the first attempt will be scholastically disqualified. Students who fail to meet the minimum grade requirement will be allowed to repeat the class once. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and will not be able to continue in the MSN program.

All graduate level MSN courses must be completed with a grade of B- or better. Students who do not pass these classes with a grade of C or better will be scholastically disqualified. Students who fail to meet the minimum grade requirement will be allowed to repeat each class once. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and will not be able to continue in the MSN program.

All graduate level MSN courses must be completed with a grade of B- or better. Students who do not pass these classes with a grade of C or better will be scholastically disqualified. Students who fail to meet the minimum grade requirement will be allowed to repeat the class once. Students who fail to meet the minimum grade requirement after the second attempt, will be permanently withdrawn from the program and will be placed on scholastic suspension.

Students must successfully complete NSG 580 with a B- or better. Students have a maximum of three attempts to meet the minimum grade requirement. Students who do not pass this class on the first attempt will be scholastically disqualified. Students who fail to meet the minimum grade requirement after the second attempt, will be placed on scholastic suspension and will be withdrawn from the program. Students must sit out for six months after the second unsuccessful attempt. Once the student has sat out six months, the student may submit to SAC to appeal for a third attempt. If students do not meet the minimum grade requirement after the third attempt, the student will be Scholastically Suspended.

Effective for new Enrollment Agreements signed 10/1/2015 or later: Students cannot repeat more than one nursing or clinical course. Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn, from the Master of Science in Nursing program.

Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:

- Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
- Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.

Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.

Residency Requirements and Course Waivers for the MSN/ADM

Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 8 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.

- Students will be able to collaborate in inter- and intra-disciplinary teams to optimize patient and population health outcomes.
- Students will be able to design and deliver evidenced-based clinical prevention and population care and services for diverse populations in a variety of local, national and international settings.
- Students will be able to create a professional development plan to continuously facilitate the delivery of ethical, safe and quality care to diverse populations in a variety of settings.

MSN/NED Required Course of Study
Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

To ensure course scheduling availability, the College of Health Sciences and Nursing recommends the following course selections to satisfy the bridge requirements:

Nursing Bridge 1
NSG 415 is the preferred option to satisfy the Nursing Bridge 1 requirement.

NSG 415 ~.............................................................. 3 credits
Theory-Based Nursing Practice
NUR 403 ~ .............................................................. 3 credits
Theories and Models of Nursing Practice

Nursing Bridge 2
NSG 397 is the preferred option to satisfy Nursing Bridge 2.

NSG 397 ~.............................................................. 3 credits
Professional Nursing Role
NUR 391 ~ .............................................................. 3 credits
Professional Nursing Practice
NUR 440 ~ .............................................................. 3 credits
Health Assessment and Promotion for Vulnerable Population

Nursing Bridge 3
NSG 455 is the preferred course option to satisfy the Nursing Bridge 3 requirement.

NSG 455 ~.............................................................. 3 credits
Evidence-Based Practice and Statistics
NUR 443 ~ .............................................................. 3 credits
Evidence-Based Nursing Research and Practice

Required Course Sequence

HSN 505................................................................. 2 credits
Introduction to Graduate Studies in Nursing
NSG 510 ~ .............................................................. 3 credits
Theoretical Foundations of Nursing Roles and Practice
NSG 515 ~.............................................................. 3 credits
Nursing Research and Evidence-Based Practice
NSG 520 ~ .............................................................. 3 credits
Nursing Leadership
NSG 525 ~ .............................................................. 3 credits
Role of the Nurse Educator
NSG 530 ~ .............................................................. 4 credits
Theory and Principles of Nursing Education
NSG 535 ~ .............................................................. 3 credits
Curriculum Development
NSG 540 ~.............................................................. 3 credits
Instructional Design and Technology
NSG 545 ~ .............................................................. 3 credits
Assessment, Measurement, and Evaluation
NSG 500 ~.............................................................. 4 credits
An Integrated Approach to Pathophysiology and Pharmacology
NSG 505 ~.............................................................. 3 credits
Comprehensive Health Assessment
NSG 580 ~.............................................................. 4 credits
Practicum

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the MSN/NED
All applicants are expected to meet the following admissions requirements:
• An undergraduate degree with an upper division major in nursing from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor's degree earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

• A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.

• Current employment is not a requirement for admission.

• For all students starting 7/1/2012 - Applicants must reside in the United States or in one of the US Territories with documentation of a valid, unrestricted/unencumbered RN license in all states in which the applicant holds an active nursing license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted/unencumbered through the duration of the program. Applicants from the following territories must also hold a RN license obtained by taking the NCLEX-RN exam:
  - Guam
  - American Samoa
  - Northern Mariana Islands
  - US Virgin Islands

• Signed Criminal Background Check Disclosure

• Signed Acknowledgement of Criminal Conviction Prohibition for Placement and Licensure

• Signed FERPA Release/Drug Test or Failure to Test Results

• Clinical experiences/hours cannot be completed during work time at the student’s place of employment.

• Students must successfully complete NSG 580 with a B- or better. Students have a maximum of three attempts to meet the minimum grade requirement. Students who do not pass this class on the first attempt will be scholastically disqualified.

• Students who fail to meet the minimum grade requirement after the second attempt, will be placed on scholastic suspension and will be withdrawn from the program. Students must sit out for six months after the second unsuccessful attempt. Once the student has sat out six months, the student may submit to SAC to appeal for a third attempt. If students do not meet the minimum grade requirement after the third attempt, the student will be Scholastically Suspended.

• Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion, of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a “for-cause” 10 panel, plus alcohol drug test.

• A clinical course may not be taken concurrently with any other course. The clinical courses in this program are NSG 525, NSG 530, NSG 535, NSG 540, NSG 545, NSG 500, NSG 505, and NSG 580

Minimum Grade Requirements for the MSN/NED

• All MSN bridge courses must be completed with a grade of C or better. Students who do not pass these courses with a grade of C or better will be scholastically disqualified. Students who fail to meet the minimum grade requirement will be allowed to repeat each class once. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and will not be able to continue in the MSN program.

• All graduate level MSN courses must be completed with a grade of B- or better. Students who do not pass these classes with a grade of B- or better will be scholastically disqualified. Students who fail to meet the minimum grade requirement will be allowed to repeat the class once. Students who fail to meet the minimum grade requirement after the second attempt will be permanently withdrawn from the program and will be placed on scholastic suspension.

• Students must successfully complete NSG 580 with a B- or better. Students have a maximum of three attempts to meet the minimum grade requirement. Students who do not pass this class on the first attempt will be scholastically disqualified.

• Students who fail to meet the minimum grade requirement after the second attempt, will be placed on scholastic suspension and will be withdrawn from the program. Students must sit out for six months after the second unsuccessful attempt. Once the student has sat out six months, the student may submit to SAC to appeal for a third attempt. If students do not meet the minimum grade requirement after the third attempt, the student will be Scholastically Suspended.

Minimum Grade Requirements for the MSN/NED

• Completion of a minimum of 47 credits.

• A minimum program grade point average (GPA) of 3.0.

• Concentrations are reflected on the transcript only and will not appear on the diploma. The diploma awarded for this program will read as:
  Master of Science in Nursing

Academic Progression Requirements for the MSN/NED

• Students enrolling in the MSN bridge program must complete the three MSN bridge courses in these content areas: Theory, Evidence-Based Practice, and Assessment, with a C or better in each course prior to enrolling in NSG 510 - Role-Based Nursing Practice.

• Minimum grade of B- or better in all graduate level courses.

• For all students starting 7/1/2012 - Students must hold a valid, unrestricted/unencumbered RN license in all states in which the applicant holds an active nursing license. For students holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted/unencumbered through the duration of the program.

• Clinical experiences/hours cannot be completed during work time at the student’s place of employment.
• Effective for new Enrollment Agreements signed 10/1/2015 or later: Students cannot repeat more than one nursing or clinical course. Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn, from the Master of Science in Nursing program.

• Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  - Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
  - Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
  - Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.

Residency Requirements and Course Waivers for the MSN/NED

Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits in the Required Course of Study, must be completed at University of Phoenix. Students in this program may waive a maximum of 8 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

• The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
• The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following courses in the Required Course of Study may not be waived: NSG 500, NSG 505, NSG 525, NSG 530, NSG 535, NSG 540, NSG 545, NSG 580.

The School of Advanced Studies offers a bridge opportunity for master’s degree students who are interested in taking doctoral courses as part of the master’s degree program.

The Doctoral Bridge gives students the option to complete doctoral level coursework during a master’s program.

The Doctoral Bridge allows a master’s degree student to substitute up to two graduate level courses with designated doctoral level courses. Upon admission to the selected doctoral program, students are eligible to satisfy required course(s) within the doctoral program.

• Students must earn a B- or better in the doctoral level courses in order to apply them towards the doctoral program.

• Student schedules may need to be adjusted, or student will need to overlap courses since doctoral courses are eight weeks in length. Students should speak with their academic/finance advisor for further information.

Re-entry for the MSN/NED

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student to this program.

Re-entry students may re-enroll into their program version if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

An appeal will be required for re-entry students to re-enroll in their program if:

• The student is requesting to return after being administratively withdrawn due to one of the following student academic statuses: academic disqualification (AD), scholastic suspension (SS), or scholastic disqualification (SD).
• The student’s program version is still the most current offered in their state or jurisdiction but they are unable to complete the remaining program requirements within the original program completion deadline.
• The student wishes to return to a prior program version and the student can complete their remaining requirements within the original program completion deadline.

Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.

Master of Science in Nursing/Family Nurse Practitioner

The following Master of Science in Nursing/Family Nurse Practitioner (MSN/FNP) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Science in Nursing/Family Nurse Practitioner (MSN/FNP) program, accredited by the Commission on Collegiate Nursing Education (CCNE)* enhances the knowledge and skills of registered nurses with baccalaureate-degree preparation. The program prepares nurses for advanced practice to function in leadership roles in practice and educational settings. Advanced nursing theory and research provide the foundation for nurses to influence the future of nursing and health care. The MSN/FNP program is 47 graduate credits. Students complete core courses in advanced nursing content and process, then complete the Family Nurse Practitioner (FNP) course sequence. The FNP courses focus on the health care needs of people through the life span. Graduates of the FNP program are prepared for independent and collaborative decision making in health promotion and maintenance, with an emphasis on primary care across the life span. Graduates are eligible to take the National Certification Exam.
Program Purpose
The Master of Science in Nursing/Family Nurse Practitioner is a post-licensure education program designed for nurses with current RN licensure who wish to obtain a master’s degree as a family nurse practitioner (FNP). The program educationally prepares nurses for advanced practice to function in leadership roles in practice and educational settings and emphasizes comprehensive, preventative care in addition to treatment. Graduates are eligible to sit for the American Nurses Credentialing Center (ANCC) Family Nurse Practitioner-Board Certified (FNP-BC) credential or the American Association of Nurse Practitioners (AANP) Family Nurse Practitioner-Certified (FNP-C) credential.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, School of Nursing graduating students are intended to attain certain program-specific knowledge, skills, and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

• Students will obtain and document a relevant health history for patients in all phases of the individual and family life cycle.
• Students will perform and document appropriate comprehensive or symptom-focused physical examinations on patients.
• Students will order, perform, and interpret age-, gender-, and condition-specific diagnostic tests and screening procedures.
• Students will formulate comprehensive differential diagnoses.
• Students will provide health protection, health promotion, disease prevention interventions, and treatment strategies to improve or maintain optimum health for all family members.
• Students will treat common acute and chronic physical and mental illnesses, and common injuries, in people of all ages to minimize the development of complications, and promote function and quality of living.
• Students will practice lawfully based on the state’s Nurse Practice Act, which includes the methodology of practice (California students. specifically Sstandardized procedures and furnishing number).

Program Category Requirements and Course Selections
Courses requiring prerequisites are identified by a * symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the MSN/FNP
All applicants are expected to meet the following admissions requirements:

• An undergraduate degree with an upper division major in nursing from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelors degree earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
• A cumulative grade point average (GPA) of 3.0 for all undergraduate coursework the undergraduate degree posted transcript is required for admission.
• Current employment is not a requirement for admission.
• FNP Program Manager’s signature on the applicant’s Program Eligibility Verification form, transcripts, and resume. Evidence that these requirements have been met must be uploaded along with the Program Eligibility Verification form.
• Equivalent grade of “B-” or better in undergraduate core science courses, such as biology, pathophysiology, chemistry, biochemistry, and anatomy and physiology.
• A minimum of three years of full-time post high school work experience within the past ten years of which two years must be in clinical based RN experience. At least one year experience (from the two years clinical based RN experience), in the following nursing areas: medical-surgical, Intensive Care Units (ICU), step-down units, flight nurse, or Emergency Room (ER), or comparable experience. The remaining year can be fulfilled with healthcare experience.

• Applicants must reside in the United States or in one of the US Territories with documentation of a valid, unrestricted/unencumbered RN license in all states in which the applicant holds an active nursing license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted/unencumbered through the duration of the program. Applicants from the following territories must also hold a RN license obtained by taking the NCLEX-RN exam:
  - Guam
  - American Samoa
  - Northern Mariana Islands
  - US Virgin Islands

*Note: Nurses with a Puerto Rico License must obtain US licensure for admission.*

• Non-military students who enroll in the MSN program while living in the US and then move outside of the U.S. and its territories must change to the International version of the degree -MSN-I. The International version of the MSN/I does not offer any specializations such as Informatics or Health Care Education. Students must sign a new Enrollment Agreement for the international version of the degree. Students must: 1) notify their campus representative within thirty (30) days of their moving outside the country; 2) update their profile to reflect the new international address; and 3) have a nursing license to practice nursing in the country where they are residing for the MSN practicum or contact an Online College representative.

• Signed Professional Non-Academic Requirement form
• Signed Criminal Background Check Disclosure
• Signed Acknowledgement of Criminal Conviction Prohibition for Placement and Licensure
• Signed FERPA Release/Drug Test or Failure to Test Results

**Additional Academic Progression Requirements for the MSN/FNP**

• Students in this program are limited to a maximum of two attempts to complete all courses with a passing grade. Withdrawal from a course resulting in a WF grade will be counted as an attempt.

• Students enrolling in the MSN bridge program must complete the three MSN bridge courses NUR 403, NUR 443 and NUR 440 with a “B” or better prior to enrolling in NUR 513 Theoretical Foundations of Practice.

• Prior to beginning the clinical courses, a student must have successfully completed the following courses: NRP 505, NUR 550, NRP 516, HCS 510, HCS 507

• Courses with a clinical component are sequenced to provide the student with foundational information and skills expanding to management of complex health issues and may not be taken concurrently with any other course. The student will work with a preceptor during the clinical experiences. The clinical courses are the following: NRP 516, NRP 545A, NRP 545B, NRP 540, NRP 560 and NRP 566.

• Following completion of the clinical courses NRP 516, NRP 545A, NRP 545B, NRP 540 and NRP 560, students may progress to NRP 566 Preceptorship.

• The verification of the background check must be completed by the end of HCS 510.

• Students must hold a valid, unrestricted/unencumbered RN license in all states in which the applicant holds an active nursing license. For students holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted/unencumbered through the duration of the program.

**Minimum Grade Requirements for the MSN/FNP**

• If students do not pass the bridge courses NUR 403, NUR 443 and NUR 440 with a “B” or better, they will be scholastically disqualified. Students who fail to meet the minimum grade requirement will be allowed one attempt to repeat each class once. If the student withdraws from the course and receives a WF or a passing grade is not earned, the student will be scholastically suspended, permanently withdrawn, from this program. The student will not be permitted to continue in the program unless an additional attempt is approved by the School of Nursing through the submission of a student appeal.

• All students are required to earn a minimum grade of “B” in all nurse practitioner courses. A student receiving a grade that does not meet this academic standard will be scholastically disqualified and will not be allowed to continue in the program until the course has been successfully repeated. Students are allowed one attempt to repeat only one (1) nursing practitioner course. If a passing grade is not earned or if the student withdraws from the course and receives a WF grade, the student will be scholastically suspended, permanently withdrawn, from the program. The student will not be permitted to continue in the program unless an additional attempt is approved by the School of Nursing through the submission of a student appeal. Students may only repeat one class which caused them to be placed on Scholastic Disqualification or in which a WF grade was earned one time. These courses include: HCS 507, HCS 510, NRP 505, NRP 516, NRP 540, NRP 545A, NRP 545B, NRP 552, NRP 560, NRP 566, NUR 550

• Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  - Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
  - Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
• Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement
• Re-Admission is granted when the student satisfactorily fulfills the outlined requirements to remove the scholastic disqualification. Once the grade minimum has been satisfied, the student may then proceed sequentially through the program.

Degree Requirements for the MSN/FNP
• Completion of a minimum of 47 credits (56 credits for MSN/FNP bridge).
• A minimum program grade point average (GPA) of 3.0.
Grades earned in MSN/FNP bridge courses are calculated in the MSN/FNP grade point average (GPA).
• Satisfactory completion of NRP 566 Preceptorship
• The diploma awarded for this program will read as:
  Master of Science in Nursing
  Family Nurse Practitioner

Residency Requirements and Course Waivers for the MSN/FNP
Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 38 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 9 credits from their required course of study upon review by the Dean of Nursing via the Student Appeals Center (SAC).

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
• The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
• The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

In Arizona, waiver of HCS 507 - Advanced Pharmacotherapeutics course must be reviewed by NP program coordinator and must meet a two year completion requirement.
The following courses in the Required Course of Study may not be waived: HCS 504 and NRP 566

Re-entry for the MSN/FNP
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student to this program.
Re-entry students may re-enroll into their program version if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
An appeal will be required for re-entry students to re-enroll in their program if:
• The student is requesting to return after being administratively withdrawn due to one of the following student academic statuses: academic disqualification (AD), scholastic suspension (SS), or scholastic disqualification (SD).
• The student’s program version is still the most current offered in their state or jurisdiction but they are unable to complete the remaining program requirements within the original program completion deadline.
• The student wishes to return to a prior program version and the student can complete their remaining requirements within the original program completion deadline.

Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.
The College of Education offers graduate level degree and non-degree courses designed for future teachers and current educators. These programs are developed and taught by skilled practitioners who work in their respective fields, and emphasize knowledge, skills, dispositions, and lifelong learning as essential elements for professional practice. Each program blends theory and practice through a combination of individual and collaborative work to foster a learning environment that allows students to build their knowledge base and apply what they have learned to “impact student learning one educator at a time.” Graduate students may choose to pursue a major in a variety of areas. Graduate non-degree programs include several state-specific certificates/endorsements designed for current educators. Each student/applicant is responsible for checking with his/her state Department of Education and/or school district to determine specific credentialing requirements.

**Admission Requirements**

All applicants to this program are expected to meet the following admission requirements:

- A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.
- Applicants whose native language is not English must have either:
  - achieved a minimum score of 213 on the computer-based test (CBT), or a score of 79 on the internet-based test (iBT), or a score of 550 on the written-based test (WBT) on the Test of English as a Foreign Language (TOEFL) within two years of application to the University.
  - or-  
    - achieved a minimum passing score of 750 on the Test of English as an International Communication (TOEIC) within two years of application to the University.
  - or-
  - achieved a minimum passing score of 6.5 on the test of the International English Language Testing System (IELTS) within two years of application to the University.
  - or-
  - achieved a minimum score of 69 on the Berlitz Online Test of Reading and Listening Skills - English or a minimum score of 550 on the Berlitz Online English Proficiency Exam within two years of application to the University.
  - or-
  - successful completion of the approved ESL series of courses completed at: Canadian College of English Language (CCEL), International Language Schools of Canada (ILSC) or Kaplan.
  - or-
  - achieved a minimum score of 59 on the Pearson Test of English Academic Exam within two years of application to the University.
- The following may exempt a non-native speaker from having to take the TOEFL/TOEIC/IELTS, however official documentation may be required:
  - The applicant has successfully completed thirty (30) transferable, academic semester credits at a regionally or nationally accredited college or university in the United States.
  - The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized college or university in a country in which English is the official language.
  - The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized institution where English is the medium of instruction.
  - The applicant has previously earned, prior to applying for admission to the University of Phoenix, a U.S. high school diploma or G.E.D. Applicants that list any language other than English as their native language on the admission application and G.E.D is taken, must submit a copy of the G.E.D to verify it was taken in the English version format.
  - The applicant has earned the equivalent of a U.S. high school diploma in a country in which English is the official language.
  - The applicant has earned the equivalent of a U.S. high school diploma at an institution where English is the medium of instruction.
  - Applicants who reside in the United States must meet one of the following requirements:
    - Be a legal resident of the United States
    - Have been granted permanent residency
    - Have a valid visa that does not prohibit educational studies
    - Have been granted temporary protected status and has been verified through Citizenship and Immigration Service that the country is eligible for TPS status at the time of application sign date. Student must list TPS as the visa type on the admissions application in order for US to verify TPS status.
    - Have been granted asylum or refugee status.
    - Only students who reside within the United States and its territories are eligible to enroll into a University of Phoenix bachelor or master of education program.
    - A signed New Student Checklist may be required
    - A signed Enrollment/ Disclosure Agreement.
    - Completion of any state-specific required documents or forms.
    - Applicants who have been expelled from other institutions are not eligible for admission to University of Phoenix.
    - Students who have been expelled from University of Phoenix are not eligible for readmission to University of Phoenix. No appeals will be accepted.
Master of Arts in Education/Administration and Supervision (Arizona)

The following Master of Arts in Education/Administration and Supervision (MAED/ADM) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Arts in Education/Administration and Supervision program prepares candidates for principal licensure. The standards-based program is designed to provide principal candidates with the knowledge, skills, and dispositions necessary to be successful school leaders who can apply theory to practice. The program encompasses instructional leadership, organizational management, technology management, and data-driven decision-making. An administrative internship is an integral component of the program, providing candidates with a field-based experience in the various aspects of school administration and supervision. For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/maed-adm.

Program Purpose
The Master of Arts in Education/Administration and Supervision is a graduate degree program intended to prepare candidates for K-12 school principal licensure. Candidates for this program have already earned a bachelor’s degree. The program includes a clinical component requiring field experiences and an administrative internship above and beyond program coursework. As licensure requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed school principal. There may be additional qualifications and/or disqualifications applicable in order to work as a principal with any local, state or federal entity.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

• Students will be able to design and implement school leadership practices to produce a positive impact on P-12 student learning.
• Students will be able to evaluate effective professional practice.
• Students will be able to apply professional ethics to their leadership practices.
• Students will be able to evaluate community factors to address the needs of diverse populations.
• Students will be able to evaluate research and synthesize information from multiple sources.

MAED/ADM Required Course of Study
Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Additional Admission Requirements for the MAED/ADM
All applicants are expected to meet the following admissions requirements:

• Students enrolled in this program must have a bachelor’s degree from a regionally accredited college or university or equivalent undergraduate degree earned at a recognized foreign institution.
• The teaching or instructional experience must be as a contracted teacher in either a traditional or year-round public or private school.
• Teaching experience is defined as stand-up teaching or facilitation with a pre-school (P)-12 school-age population. The following constitutes teaching experience:

- Verifiable (contracted) P-12 instructional classroom experience - 40 hours per week
- All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

Degree Completion Requirements for the MAED/ADM

- Completion of a minimum of 38 credits.
- A minimum grade point average (GPA) of 3.0.
- Completion of e-portfolio.
- Completion of Field Experience Observation Record.
- Satisfactory completion of any required internship and/or practicum courses with a grade of “B” or better.
- Students must take courses within a sequence specified by course prerequisite requirements.
- The diploma awarded for this program will read as: Master of Arts in Education Administration and Supervision

Minimum Grade Requirement for the MAED/ADM

- A candidate must earn a grade of “B” (3.0) or better in the following practicum/internship courses, grades of “B-” are not accepted: ADMIN 591A, ADMIN 591B and ADMIN 591C. Students who earn less than a grade of “B” (3.0) in any of these courses must repeat the course in order to continue in their one credit administrative practicum/internship courses.
- Candidates who earn less than a grade of “B” (3.0) in any of these courses must complete a remediation plan and repeat the course.
- If the candidate does not receive a grade of “B” (3.0) or better on the second attempt, the candidate will be, scholastically suspended, permanently withdrawn from program.

Residency Requirements and Course Waivers for the MAED/ADM

The University requires that the majority of coursework in the Required Course of Study be completed through the University. Also known as the residency requirement, the University requires completion of a minimum of 32 graduate level credits at the University.

Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization. Students in the MAED/ADM (Arizona) who waive courses using an approved certification may exceed the maximum waiver limit for their program.

The following courses in the Required Course of Study may not be waived: ADMIN 591A, ADMIN 591B, ADMIN 591C, COM 516, EDD 581.

Students who waive ADMIN 591A, ADMIN 591B, and ADMIN 591C without credit using a California Commission on Teacher Credentialing approved Administrative Services Preliminary Certificate program will be required to complete AET 562 to satisfy the credit deficiency.

Students who waive ADMIN 591A, ADMIN 591B, and ADMIN 591C without credit using a Hawaii Certification Institute for School Leaders program will be required to complete AET 562 to satisfy the credit deficiency.

The School of Advanced Studies offers a bridge opportunity for master’s degree students who are interested in taking doctoral courses as part of the master’s degree program. The Doctoral Bridge gives students the option to complete doctoral level coursework during a master’s program.

The Doctoral Bridge allows a master’s degree student to substitute up to two graduate level courses with designated doctoral level courses. Upon admission to the selected doctoral program, students are eligible to satisfy required course(s) within the doctoral program.

- Students must earn a B- or better in the doctoral level courses in order to apply them towards the doctoral program.
- Student schedules may need to be adjusted, or student will need to overlap courses since doctoral courses are eight weeks in length. Students should speak with their academic/finance advisor for further information.

Institutional Recommendation for the MAED/ADM

- Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for principal certification).
- Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.
- Candidates must pass their state-mandated administrator exam, if required.
Students must verify full SEI endorsement or equivalent coursework prior to issuance of an administrative license. Approved SEI courses/workshops can be found at http://www.ade.az.gov/oelas/.

Students must verify three (3) years of classroom teaching experience prior to issuance of Institutional Recommendation.

Internship Policies for the MAED/ADM

- The Administrative Internship is a minimum 240-hour placement. Each campus establishes operational policies related to placement and completion of the internship. Candidates must follow the guidelines in place at their campus.
- Candidates must take the internship courses concurrently with the internship experience. If a candidate chooses to postpone the internship, he/she must postpone their enrollment in the internship courses.
- Candidates must pass each Administrative Internship course with a grade of “B” or better in order to avoid Scholastic Disqualification.
- Candidates who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of “F” by their faculty member.

Field Experience for the MAED/ADM

Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 30-40 hours of verified field experiences. The focus of each field experience will relate to specific course content and will follow a structured format. Documentation of field experience must be uploaded to the electronic portfolio and will be reviewed by campus staff and faculty. Candidates must work with their campus to arrange field experience.

Re-entry for the MAED/ADM

Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum can complete within their original deadline may reenter their original program version. However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved.

Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary. Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

Master of Arts in Education/Adult Education and Training

The following Master of Arts in Education/Adult Education and Training (MAED/AET) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Arts/Adult Education and Training (MAED/AET) program is designed for individuals interested in working with adult learners in areas such as corporate training, non-profit and community-based organizations, government, postsecondary education, and human services agencies. Learners develop competencies and expertise necessary to align education and training with strategic objectives and human services foundations across an enterprise with culturally diverse populations. Learners expand their knowledge in andragogical theory, instructional design and strategies, assessment of learning, delivering online learning, management and marketing, and technology integration. In addition, learners engage in practice through collaborative learning, social media, and community-based learning. Graduates will be able to serve adult students, colleagues, industries, and communities as expert educators and trainers.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/maed-adm.

Program Purpose

The Master of Arts in Education/Adult Education and Training is a graduate degree program intended for students interested in working with adult learners in an educational or training environment. The program does not prepare students for any type of professional certification or state licensure as a teacher. It is only intended as an advanced degree.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and implement instructional practices to produce a positive impact on adult learning.
- Students will be able to understand the process of organizational change and how to communicate effectively to stakeholders.
- Students will be able to evaluate the educational and training needs of an organization.
- Students will be able to create innovative strategies and incorporate technology in adult education and training programs.

The University reserves the right to modify the Program Requirements.

Additional Admission Requirements for the MAED/AET

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor's degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e., JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

- All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

Degree Completion Requirements for the MAED/AET

- The completion of a minimum of 34 credits.
- A minimum grade point average (GPA) of 3.0.
- The diploma awarded for this program will read as: Master of Arts in Education Adult Education and Training

Residency Requirements and Course Waivers for the MAED/AET

Students in this program may waive a maximum of 6 credits from their required course of study on the basis of prior graduate level coursework. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.

- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e., graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

Any student in MAED/TED-Elementary, MAED/TED-Secondary, or MAED-Special Education who have completed a minimum of 12 credits, and for whom Candidacy Level I status equals 2N, is eligible to enter the MAED/AET program using the following course waivers:

The following course in the Required Course of Study may not be waived: COM 520

Academic Progression for the MAED/AET

Students must successfully complete COM 520 as the first course in the program

Re-entry for the MAED/AET

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.
Master of Arts in Education/Special Education

The following Master of Arts in Education/Special Education (MAED/SPE) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Arts in Education (MAED) with a specialization in Special Education is a graduate degree program preparing candidates for teacher licensure in the field of special education. Candidates for this program have already earned a bachelor’s degree and wish to gain the pedagogical skills and knowledge that will assist them in becoming effective special education educators. The program’s curriculum includes orientation to the exceptional child, foundations and methodologies of mild disabilities, diagnosis and assessment of disabilities, structured English immersion, reading and language arts instruction, inclusion strategies, and collaboration and resource management for the special educator. Throughout the program, students are required to complete a minimum of 100 hours of verified field experiences. The focus of each observation will relate to specific course content. Documentation will be maintained in the student’s electronic portfolio. Students’ field experiences are designed to prepare them for student teaching. Student teaching is an integral component of the Special Education Program. Student teachers work with a cooperating teacher and with a University of Phoenix faculty advisor during a field-based experience in a mild-moderate special education setting. The student teaching experience is designed to emphasize the achievement of state standards leading to certification and to present individuals with growth opportunities that best prepare them to assume the duties of a certified teacher.

For more information about our graduation rates, the median debt of students who completed the program, and other program information, please visit our website at http://www.phoenix.edu/programs/maed-spe.

Program Purpose

The Master of Arts in Education/Special Education is a graduate degree program intended to prepare students with no prior teaching experience for initial teacher licensure. The program is designed for students who want to become special education teachers. Candidates for this program have already earned a bachelor’s degree. The program includes a clinical component requiring field experiences and student teaching above and beyond program coursework. As licensure requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed teacher. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and implement effective instruction in the P-12 classroom to produce a positive impact on student learning.
- Students will be able to evaluate effective professional practice in special education.
- Students will be able to apply professional ethics to their instructional practices in special education.
- Students will be able to create and modify instructional and behavioral plans for a variety of learning needs.
- Students will be able to create innovative strategies and incorporate technology in a P-12 classroom setting.

Additional Admission Requirements for the MAED/SPE
All applicants are expected to meet the following admissions requirements:
- Students enrolled in this program must have an undergraduate degree from a regionally accredited college or university or equivalent undergraduate degree earned at a recognized foreign institution.
- Students using foreign credentials when enrolling in a program leading to initial teacher certification/licensure must use a foreign credential evaluation service that is on both the approved University of Phoenix evaluation agency list and the state regulating board list of approved agencies, for the particular state in which the student is attending, to verify degree completion and equivalency to a United States undergraduate degree. Students attending the Online campus should abide by the regulations of the state in which they reside. In-house evaluations cannot be completed for programs leading to initial teacher certification.
- All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

Candidacy Status for the MAED/SPE
The College of Education has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling.
- Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.
- Level 2 Candidate Status is completed prior to the completion of 12 semester credits of the program. To meet the Candidate Status Level 2 requirements, the following items must be completed. Evidence that these requirements have been met must be entered in IS3 and the student's eXp file.
  - Demonstration of basic skills proficiency Students who reside in a state that does not have a basic skills exam have three options for completing this requirement. Students must pass the Praxis I exam at the cut score determined by the College of Education.
    * Reading 169
    * Writing 172
    * Math 170

  Students must pass the Essential Academic Skills provided by National Evaluation Systems at the cut scores determined by the national benchmark.
    * Essential Academic Skills Subtest I: Reading - 220
    * Essential Academic Skills Subtest II: Writing - 220
    * Essential Academic Skills Subtest III: Mathematics - 220
    * Essential Academic Skills Subtest IV: Technology Literacy - 220

  Core Academic Skills for Educators (Core)
    * Core Academic Skills for Educators: Reading 156
    * Core Academic Skills for Educators: Writing - 162
    * Core Academic Skills for Educators: Mathematics - 150

- Verification of fingerprint clearance
  Students must be admitted and meet Level 1 Candidate Status prior to being reviewed for Level 2 Candidate Status.

Degree Completion Requirements for the MAED/SPE
- Completion of a minimum of 46 credits. All but six (6) credits of the major course of study must be completed at the University to meet residency requirements.
- A minimum grade point average (GPA) of 3.0.
- Satisfactory completion and uploading of the Teacher Work Sample (TWS).
- Satisfactory completion of any required internship, student teaching, and/or practicum courses.
- Students must take courses within a sequence specified by course prerequisite requirements.
- Completion of Field Experience Observation Record (100 hours). To ensure students meet this requirement documentation will be periodically uploaded, reviewed, and maintained in the candidate's e-portfolio.
- Completion of e-portfolio.
- In order to receive an institutional recommendation and/or state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.
- The diploma awarded for this program will read as:
  Master of Arts in Education
  Special Education

Academic Progression Requirements for the MAED/SPE
Candidates must provide verification of the following prior to beginning their student teaching experience. Candidates must provide:
- Immunization or TB test results (District specific)
- Passing scores on the designated state content knowledge exam.
- Verification of the completion of 100 hours of field experience Candidates will be required to have the minimum GPA for the program prior to entering the Student Teaching experience.

Minimum Grade Requirements for the MAED/SPE
- A candidate must earn a grade of "B" (grades of "I" and "B-" are not accepted) or better in the following courses: SPE 594, SPE 595
- Candidates must earn a "B" or better in Student Teaching Part A & B in order to complete this program. Candidates who do not earn a "B" or better will be required to repeat the seminar(s) in which the candidate did not receive the required minimum grade and the related portion of student teaching. The Campus College chair will coordinate with the Cooperating/Mentor Teacher and Faculty Supervisor to design a remediation plan.
- Candidates must earn a "B" or better in Student Teaching Part A & B in order to complete the MAED/SPE program. Candidates who do not earn a "B" or better will be required to repeat the seminars and student teaching.
- If the candidate does not receive a grade of "B" or better on the second attempt, the candidate will be Scholastically Suspended, permanently withdrawn, from the program.
Institutional Recommendation for the MAED/SPE

- Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for state teaching credential).
- Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.
- Candidates must pass their state-mandated professional knowledge exam.
- Candidates must provide verification of state and U.S. Constitution coursework as required by the state certification agency.

Residency Requirements and Course Waivers for the MAED/SPE

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: COM 516, MTE 507, RDG 570, SPE 578, SPE 594, SPE 595, SPE 584, MTH 575, SPE 576

Arizona residents may waive SEI 500 and/or SEI 503 with an Arizona Department of Education approved SEI course (institution of higher education or approved district workshop) OR verification of one of the following endorsements:

- Arizona Provisional SEI Endorsement (SEI 500)
- Arizona Full SEI Endorsement (SEI 500 and SEI 503)
- Arizona English as a Second Language Endorsement
- Arizona Bilingual Endorsement

Approved SEI courses/workshops can be found at: https://www.ade.az.gov/oelas/

Students who complete the Teach for America Summer Institute are eligible to waive the following course in the MAED/TED Programs. Candidates must provide verification of completion in order to be eligible for these waivers.

Candidates who have completed Post-Baccalaureate Teacher Certification program (Post-Bacc) from Rio Salado Community College are eligible to apply completed coursework from the Post-Bacc program to fulfill requirements within this program. Course waivers will only be granted to students who have completed the Post-Bacc program in its entirety. Single courses from the Post-Bacc program will not be approved.

Students who waive courses using the Post-Bacc Course Waiver Policy may exceed the maximum waiver limit for their program and will be eligible to waive select non-waivable courses as outlined on the Post-Bacc Teacher Certification Course Waiver Form. Following application of the Post-Bacc course waivers, candidates will fulfill Candidacy 2 and all academic progression requirements.

Candidates will not be required to complete and/or provide the following:

- Fingerprint clearance
- Basic Skills proficiency
- Completion and uploading of the Teacher Work Sample (TWS)
- Satisfactory completion of any required internship, student teaching, and/or practicum courses.
- Completion of Field Experience Observation Record (100 hours).

To ensure student's meet this requirement documentation will be periodically uploaded, reviewed, and maintained in the candidate’s e-portfolio.

Only students who have completed the Post-Bacc in Special Education will be eligible for waivers for the MAED/SPE.

Field Experience for the MAED/SPE

Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels from ages birth through 18 years of age. The focus of each field experience will relate to specific course content and will follow a structured format. Four formal field experience evaluations are required during the program (observation/interview, one-on-one instruction, small-group instruction, and whole-group instruction). These evaluations must be posted to the students’ electronic portfolio. Documentation of field experience must be uploaded to the electronic portfolio and will be reviewed by campus staff and faculty prior to student teaching. Candidates must work with their campus to arrange field experience.

Student Teaching for the MAED/SPE

Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.

- Candidates must take Student Teaching Part A & B concurrently with the student teaching experience. If a candidate chooses to postpone student teaching, he/she must postpone their enrollment in the student teaching courses.
• Candidates must earn a "B" or better in Student Teaching Seminar A in order to progress to Seminar B and the remainder of the student teaching experience. Candidates who do not earn a "B" or better will be required to repeat the seminar and student teaching.
• Student teachers who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of "F" by their faculty member.
• Student teaching can only be repeated one time.
• Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their two student teaching attempts.
• Candidates who do not successfully complete the second student teaching experience will be removed from the program and are not eligible for re-entry.
• Candidates enrolled in the MAED/SPE program must student teach in the appropriate mild-moderate special education student teaching setting.
• Students who are already teaching in an appropriate K-12 mild-moderate special education environment will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students in the MAED/SPE program must be currently teaching in a K-12 mild-moderate special education setting that meets their state requirements for student teaching.
• Students should complete student teaching within twelve (12) months from the completion date of their last required course in the program.
• Students must complete a minimum of 8 credit hours of student teaching, including the completion of a Teacher Work Sample project.

Candidates who are unable to complete their student teaching experience at the campus where they began are not guaranteed a placement. Candidates may be able to complete their student teaching through the University of Phoenix Online campus. A select number of states do not participate in the University of Phoenix Special Education program. Candidates must contact the Online campus for a list of participating states and procedures for student teaching placement
• Candidates must enroll in the remaining Student Teaching Seminars through the Online campus while completing their student teaching experience.
• Candidates need to work directly with the Online campus to complete the requirements for verification of placement.

Arizona Teaching Intern Certificate Program
The requirements for initial issuance of the teaching intern certificate are:
• A Bachelor’s degree or higher from an accredited institution
• A passing score on one or more subject knowledge portions of the Arizona Teacher Proficiency Assessment that corresponds to the applicant’s teaching assignment(s)
• Completion of the requirements for a Provisional Structured English Immersion endorsement as prescribed in R7-2-613(J)
• A valid fingerprint clearance card issued by the Arizona Department of Public Safety

Re-entry for the MAED/SPE
Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum and can complete within their original deadline may reenter their original program version. However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved. Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

Master of Arts in Education/Elementary Teacher Education (Arizona)

The following Master of Arts in Education/Elementary Teacher Education (MAED/TED-E) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Arts in Education/Elementary Teacher Education (MAED/TED-E) is a graduate degree program preparing candidates for teacher licensure. The guiding philosophy of the MAED/TED-E program is to provide the adult student, who already has a degree in a discipline other than education, with the skills and knowledge that will allow them to become a competent and effective educator. This program focuses on elementary student learning by improving the educator’s responsibility for that learning. Student teaching is an integral component of the Teacher Education Program. It provides students with a field-based experience at the appropriate grade and content level. Student teachers work with a cooperating teacher from a school site and with a University of Phoenix faculty advisor. The student teaching experience is designed to emphasize the achievement of state standards leading to certification and to present individuals with growth opportunities that best prepare them to assume the duties of a certified classroom teacher. Throughout the program, students are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels. The focus of each observation will relate to specific course content. Documentation will be maintained in the student’s professional portfolio.
For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/maed-ted-e.
Program Purpose

The Master of Arts in Education/Elementary Teacher Education is a graduate degree program intended to prepare students with no prior teaching experience for initial teacher licensure. The program is designed for students who want to become elementary school teachers. Candidates for this program have already earned a bachelor’s degree. The program includes a clinical component requiring field experiences and student teaching above and beyond program coursework. As licensure requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed teacher. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

• Students will be able to design and implement effective instruction in the elementary classroom to produce a positive impact on student learning.
• Students will be able to evaluate effective professional practice in elementary education.
• Students will be able to apply professional ethics to their instructional practices in elementary education.
• Students will be able to evaluate learning principles to differentiate instruction to meet the needs of diverse elementary student populations.
• Students will be able to create innovative strategies and incorporate technology in an elementary classroom setting.

Additional Admission Requirements for the MAED/TED-E

All applicants are expected to meet the following admissions requirements:

• Students enrolled in this program must have an undergraduate degree from a regionally accredited college or university or equivalent undergraduate degree earned at a recognized foreign institution.

• Students using foreign credentials when enrolling in a program leading to initial teacher certification/licensure must use a foreign credential evaluation service that is on both the approved University of Phoenix evaluation agency list and the state regulating board list of approved agencies, for the particular state in which the student is attending, to verify degree completion and equivalency to a United States undergraduate degree. Students attending the Online campus should abide by the regulations of the state in which they reside. In-house evaluations cannot be completed for programs leading to initial teacher certification.

• All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

Candidacy Status for the MAED/TED-E

The College of Education has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling.
• Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.
• Level 2 Candidate Status is completed prior to the completion of 12 semester credits of the program. To meet the Candidate Status Level 2 requirements, the following items must be completed. Evidence that these requirements have been met must be entered in IS3 and the student's eXp file.
  • Demonstration of basic skills proficiency
  • Verification of fingerprint clearance
  • Students must be admitted and meet Level 1 Candidate Status prior to being reviewed for Level 2 Candidate Status.

Degree Completion Requirements for the MAED/TED-E
• Completion of a minimum of 44 credits.
• A minimum grade point average (GPA) of 3.0.
• Satisfactory completion and uploading of the Teacher Work Sample (TWS).
• Satisfactory completion of any required internship, student teaching, and/or practicum courses.
• Students must take courses within a sequence specified by course prerequisite requirements.
• Completion of Field Experience Observation Record (100 hours). To ensure student's meet this requirement documentation will be periodically uploaded, reviewed, and maintained in the candidate's e-portfolio.
• Completion of e-portfolio.
• In order to receive an institutional recommendation and/or state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.
• The diploma awarded for this program will read as: Master of Arts in Education Elementary Teacher Education

Academic Progression Requirements for the MAED/TED-E
Candidates must provide verification of the following prior to beginning their student teaching experience. Candidates must provide:
• Immunization or TB test results (District specific)
• Passing scores on the designated state content knowledge exam (elementary content or secondary content area specific)
• Verification of the completion of 100 hours of field experience. Candidates will be required to have the minimum GPA for the program prior to entering the Student Teaching experience.

Minimum Grade Requirements for the MAED/TED-E
• A candidate must earn a grade of "B" (grades of "I" and "B-" are not accepted) or better in the following courses in order to student teach: ELM 598, ELM 599
• Candidates must earn a "B" or better in Student Teaching Part A & B in order to complete this program. Candidates who do not earn a "B" or better will be required to repeat the seminar(s) in which the candidate did not receive the required minimum grade and the related portion of student teaching. The Campus College chair will coordinate with the Cooperating/Mentor Teacher and Faculty Supervisor to design a remediation plan.
• If the candidate does not receive a grade of "B" or better on the second attempt, the candidate will be Scholastically Suspended, permanently withdrawn, from the program.

Residency Requirements and Course Waivers for the MAED/TED-E
Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
• The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
• The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: COM 516, ELM 598, ELM 599, MTE 507, MTE 508, MTE 522, MTE 533, RDG 537, SPE 514
Arizona residents may waive SEI 500 and/or SEI 503 with an Arizona Department of Education approved SEI course (institution of higher education or approved district workshop) OR verification of one of the following endorsements:
• Arizona Provisional SEI Endorsement (SEI 500)
• Arizona Full SEI Endorsement (SEI 503)
• Arizona English as a Second Language Endorsement
• Arizona Bilingual Endorsement

Approved SEI courses/workshops can be found at: www.ade.az.gov/oelas/.

Students who complete the Teach for America Summer Institute are eligible to waive the following course in the MAED/TED Program. Candidates must provide verification of completion in order to be eligible for these waivers.

Candidates who have completed Post-Baccalaureate Teacher Certification program (Post-Bacc) from Rio Salado Community College are eligible to apply completed coursework from the Post-Bacc program to fulfill requirements within this program. Course waivers will only be granted to students who have completed the Post-Bacc program in its entirety. Single courses from the Post-Bacc program
will not be approved. Students who waive courses using the Post-Bacc Course Waiver policy may exceed the maximum waiver limit for their program and will be eligible to waive non-waivable courses as outlined on the Post-Bacc Teacher Certification Course Waiver Form. Following application of the Post-Bacc course waivers, candidates will fulfill Candidacy 2 and all academic progression requirements. Candidates will not be required to complete and/or provide the following:

- Fingerprint clearance
- Basic Skills proficiency
- Completion and uploading of the Teacher Work Sample (TWS)
- Satisfactory completion of any required internship, student teaching, and/or practicum courses.
- Completion of Field Experience Observation Record (100 hours).

To ensure student's meet this requirement documentation will be periodically uploaded, reviewed, and maintained in the candidate's e-portfolio.

**Field Experience for the MAED/TED-E**

Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels from ages birth through 18 years of age. The focus of each field experience will relate to specific course content and will follow a structured format. Four formal field experience evaluations are required during the program (observation, one-on-one instruction, small-group instruction, and whole-group instruction). These evaluations must be posted to the students' electronic portfolio. Documentation of field experience must be uploaded to the electronic portfolio and will be reviewed by campus staff and faculty prior to student teaching. Candidates must work with their campus to arrange field experience.

**Student Teaching for the MAED/TED-E**

Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.

*Arizona Teacher candidates enrolled in the MAED/TED-E program will be issued an Elementary certificate in grades 1-8. Teacher candidates in the MAED/TED-E program will not be eligible to student teach in Kindergarten and will not be issued an Institutional Recommendation (IR) as the Arizona Department of Education will no longer recognize Kindergarten experience for certification in Elementary education.*

- Candidates must take Student Teaching Part A & B concurrently with the student teaching experience. If a candidate chooses to postpone student teaching, he/she must postpone their enrollment in the student teaching courses.
- Student teachers who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of “F” by their faculty member.
- Student teaching can only be repeated one time.
- Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their two student teaching attempts.
- Candidates who do not successfully complete the second student teaching experience will be removed from the program and are not eligible for re-entry.
- Candidates enrolled in the MAED/TED program must student teach in the subject area in which a passing score was achieved on the content knowledge assessment exam. This is either an elementary (general), middle level (subject specific), or secondary (content specific) setting based on their program specialization.
- Candidates in the MAED/TED program may not student teach in special education.
- MAED/TED candidates, who are currently employed as the teacher of record in a classroom appropriate grade level/content for the certificate they are pursuing (e.g. 4th grade for elementary candidate or 9th grade English for secondary candidate), can ‘student teach’ or ‘validate’ in their current classroom. Students will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students must complete the Student Teaching courses and complete and upload the Teacher Work Sample.
- Students should complete student teaching within twelve (12) months from the completion date of their last required course in the program.
- Students must complete a minimum of 8 credit hours of student teaching, including the completion of a Teacher Work Sample project.

Candidates who are unable to complete their student teaching experience at the campus where they began are not guaranteed a placement. Candidates may be able to complete their student teaching through the University of Phoenix Online campus. A select number of states do not participate in the University of Phoenix Teacher Education program. Candidates must contact the Online campus for a list of participating states and procedures for student teaching placement.

- Candidates must enroll in the remaining Student Teaching Seminars through the Online campus while completing their student teaching experience.
- Candidates need to work directly with the Online campus to complete the requirements for verification of placement.

**Institutional Recommendation for the MAED/TED-E**

- Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for state teaching credential).
- Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.
- Candidates must pass their state-mandated professional knowledge exam.
• Candidates must provide verification of school law, state and U.S. Constitution coursework, as required by the state certification agency.

**Arizona Teaching Intern Certificate Program**
The requirements for initial issuance of the teaching intern certificate are:

- A Bachelor’s degree or higher from an accredited institution
- A passing score on one or more subject knowledge portions of the Arizona Teacher Proficiency Assessment that corresponds to the applicant’s teaching assignment(s)
- Completion of the requirements for a Provisional Structured English Immersion endorsement as prescribed in R7-2-613(J)
- A valid fingerprint clearance card issued by the Arizona Department of Public Safety

**Re-entry for the MAED/TED-E**
Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum and can complete within their original deadline may reenter their original program version. However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved.

Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

**Master of Arts in Education/Secondary Teacher Education**
The following Master of Arts in Education/Secondary Teacher Education (MAED/TED-S) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/maed-ted-s.

**Program Purpose**
*The Master of Arts in Education/Secondary Teacher Education is a graduate degree program intended to prepare students with no prior teaching experience for initial teacher licensure. The program is designed for students who want to become secondary school teachers. Candidates for this program have already earned a bachelor’s degree. The program includes a clinical component requiring field experiences and student teaching above and beyond program coursework. As licensure requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed teacher. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity.*

**Program Student Learning Outcomes**
In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and implement effective instruction in the secondary classroom to produce a positive impact on student learning.
- Students will be able evaluate effective professional practice in secondary education.
- Students will be able apply professional ethics to their instructional practices in secondary education.
- Students will be able evaluate learning principles to differentiate instruction to meet the needs of diverse secondary student populations.
- Students will be able create innovative strategies and incorporate technology in a secondary classroom setting.

Additional Admission Requirements for the MAED/TED-S

All applicants are expected to meet the following admissions requirements:

- Students enrolled in this program must have an undergraduate degree from a regionally accredited college or university or equivalent undergraduate degree earned at a recognized foreign institution.
- Students using foreign credentials when enrolling in a program leading to initial teacher certification/licensure must use a foreign credential evaluation service that is on both the approved University of Phoenix evaluation agency list and the state regulating board list of approved agencies, for the particular state in which the student is attending, to verify degree completion and equivalency to a United States undergraduate degree. Students attending the Online campus should abide by the regulations of the state in which they reside. In-house evaluations cannot be completed for programs leading to initial teacher certification.
- All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

Candidacy Status for the MAED/TED-S

The College of Education has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling.

- Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.
- Level 2 Candidate Status is completed prior to the completion of 12 semester credits of the program. To meet the Candidate Status Level 2 requirements, the following items must be completed. Evidence that these requirements have been met must be entered in IS3 and the student's eXp file:
  - Demonstration of basic skills proficiency
  - Verification of fingerprint clearance

Students must be admitted and meet Level 1 Candidate Status prior to being reviewed for Level 2 Candidate Status.

Degree Completion Requirements for the MAED/TED-S

- Completion of a minimum of 36 credits.
- A minimum grade point average (GPA) of 3.0.
- Satisfactory completion and uploading of the Teacher Work Sample (TWS).
- Satisfactory completion of any required internship, student teaching, and/or practicum courses.
- Students must take courses within a sequence specified by course prerequisite requirements.
- Completion of e-portfolio.
- In order to receive an institutional recommendation and/or state certification, candidates may need to meet other requirements as set forth by their state of residncy. Candidates are advised to check with their State Department of Education for any additional certification requirements.
- The diploma awarded for this program will read as: Master of Arts in Education
  - Secondary Teacher Education

Academic Progression Requirements for the MAED/TED-S

Candidates must provide verification of the following prior to beginning their student teaching experience. Candidates must provide:

- Immunization or TB test results (District specific)
- Passing scores on the designated state content knowledge exam (elementary content or secondary content area specific)
- Verification of the completion of 100 hours of field experience.

Candidates will be required to have the minimum GPA for the program prior to entering the Student Teaching experience.

Minimum Grade Requirements for the MAED/TED-S

- A candidate must earn a grade of “B” (grades of “I” or “B-” are not accepted) or better in the following courses in order to student teach: SEC 598, SEC 599
• Candidates must earn a "B" or better in Student Teaching Part A & B in order to complete this program. Candidates who do not earn a "B" or better will be required to repeat the seminar(s) in which the candidate did not receive the required minimum grade and the related portion of student teaching. The Campus College chair will coordinate with the Cooperating/Mentor Teacher and Faculty Supervisor to design a remediation plan.

• If the candidate does not receive a grade of "B" or better on the second attempt, the candidate will be Scholastically Suspended, permanently withdrawn, from the program.

Institutional Recommendation for the MAED/TED-S

• Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for state teaching credential).

• Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.

• Candidates must pass their state-mandated professional knowledge exam.

• Candidates must provide verification of school law, state and U.S. Constitution coursework, as required by the state certification agency.

Residency Requirements and Course Waivers for the MAED/TED-S

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

• The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.

• The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.

• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: COM 516, MTE 507, MTE 523, MTE 559, RDG 542, SEC 508, SEC 598, SEC 599, SPE 514, SEC 596

Arizona residents may waive SEI 500 and/or SEI 503 with an Arizona Department of Education approved SEI course (institution of higher education or approved district workshop) OR verification of one of the following endorsements:

• Arizona Provisional SEI Endorsement (SEI 500)

• Arizona Full SEI Endorsement (SEI 503)

• Arizona English as a Second Language Endorsement

• Arizona Bilingual Endorsement

Approved SEI courses/workshops can be found at https://www.ade.az.gov/oelas/. Students who complete the Teach for America Summer Institute are eligible to waive the following course in the MAED/TED Programs. Candidates must provide verification of completion in order to be eligible for these waivers.

Candidates who have completed Post-Baccalaureate Teacher Certification program (Post-Bacc) from Rio Salado Community College are eligible to apply completed coursework from the Post-Bacc program to fulfill requirements within this program. Course waivers will only be granted to students who have completed the Post-Bacc program in its entirety. Single courses from the Post-Bacc program will not be approved.

Students who waive courses using the Post-Bacc Course Waiver policy may exceed the maximum waiver limit for their program and will be eligible to waive select non-waivable courses as outlined on the Post-Bacc Teacher Certification Course Waiver Form. Following application of the Post-Bacc course waivers, candidates will fulfill Candidacy 2 and all academic progression requirements. Candidates will not be required to complete and/or provide the following:

• Fingerprint clearance

• Basic Skills proficiency

• Completion and uploading of the Teacher Work Sample (TWS)

• Satisfactory completion of any required internship, student teaching, and/or practicum courses.

• Completion of Field Experience Observation Record (100 hours). To ensure student’s meet this requirement documentation will be periodically uploaded, reviewed, and maintained in the candidate’s e-portfolio.

Field Experience for the MAED/TED-S

Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels from ages birth through 18 years of age. The focus of each field experience will relate to specific course content and will follow a structured format. Four formal field experience evaluations are required during the program (observation, one-on-one instruction, small-group instruction, and whole-group instruction). These evaluations must be posted to the students’ electronic portfolio. Documentation of field experience must be uploaded to the electronic portfolio and will be reviewed by campus staff and faculty prior to student teaching. Candidates must work with their campus to arrange field experience.
Student Teaching for the MAED/TED-S

Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.

- Candidates must take Student Teaching Part A & B concurrently with the student teaching experience. If a candidate chooses to postpone student teaching, he/she must postpone their enrollment in the student teaching courses.
- Student teachers who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of “F” by their faculty member.
- Student teaching can only be repeated one time.
- Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their two student teaching attempts.
- Candidates who do not successfully complete the second student teaching experience will be removed from the program and are not eligible for re-entry.
- Candidates enrolled in the MAED/TED program must student teach in the subject area in which a passing score was achieved on the content knowledge assessment exam. This is either an elementary (general), middle level (subject specific), or secondary (content specific) setting based on their program specialization.
- Candidates in the MAED/TED program may not student teach in special education.
- MAED/TED candidates, who are currently employed as the teacher of record in a classroom appropriate grade level/content for the certificate they are pursuing (e.g. 4th grade for elementary candidate or 9th grade English for secondary candidate), can ‘student teach’ or ‘validate’ in their current classroom. Students will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students must complete the Student Teaching courses and complete and upload the Teacher Work Sample.
- Students should complete student teaching within twelve (12) months from the completion date of their last required course in the program.
- Students must complete a minimum of 8 credit hours of student teaching, including the completion of a Teacher Work Sample project.
- Candidates who are unable to complete their student teaching experience at the campus where they began are not guaranteed a placement. Candidates may be able to complete their student teaching through the University of Phoenix Online campus. A select number of states do not participate in the University of Phoenix Teacher Education program. Candidates must contact the Online campus for a list of participating states and procedures for student teaching placement.
- Candidates must enroll in the remaining Student Teaching Seminars through the Online campus while completing their student teaching experience.
- Candidates need to work directly with the Online campus to complete the requirements for verification of placement.

Arizona Teaching Intern Certificate Program

The requirements for initial issuance of the teaching intern certificate are:

- A Bachelor’s degree or higher from an accredited institution
- A passing score on one or more subject knowledge portions of the Arizona Teacher Proficiency Assessment that corresponds to the applicant’s teaching assignment(s)
- Completion of the requirements for a Provisional Structured English Immersion endorsement as prescribed in R7-2-613(J)
- A valid fingerprint clearance card issued by the Arizona Department of Public Safety

Re-entry for the MAED/TED-S

Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum and can complete within their original deadline may reenter their original program version. However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved.

Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

Master of Arts in Education/Educational Studies

The following Master of Arts in Education/Educational Studies (MAED/ES) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Arts in Education/Educational Studies (MAED/ES) degree is a non-teaching degree designed to facilitate the development of professional knowledge, skills and understanding of the teaching and learning process. The program provides students with information across a variety of education topics with an emphasis in the field of education

**Note: Students enrolled in this degree program are ineligible to receive Federal Student Financial Aid.**

Program Purpose

The Master of Arts in Education/Educational Studies is a graduate degree program intended for students who have completed all coursework from a UOPX initial licensure program with the exception of both student teaching courses. The program does not prepare students for any type of professional certification or state licensure as a teacher. It is only intended
as a degree completion option.

Program Category Requirements for the MAED/ES

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1). Students must select one course from each Elective category selection below to complete the 6 credit requirement:

Elective One, 3 total credits
- AET 500 Foundations of Adult Learning Theory ................................................. 3 credits
- AET 552 Marketing Adult Education .................................................................. 3 credits
- AET 560 Facilitating Change ............................................................................. 3 credits
- AET 562 Social Media for Professional Learning .................................................. 3 credits

Elective Two, 3 total credits
- CUR 520 Advocating for Learning ..................................................................... 3 credits
- CUR 525 Ethical Issues in Education .................................................................. 3 credits
- CUR 550 Engaging in Communities of Practice .................................................. 3 credits
- CUR 555 Professional Learning for Continuous Improvement .......................... 3 credits

The University reserves the right to modify the Program Requirements.

Additional Admission Requirements for the MAED/ES

Applicants are expected to meet all admissions requirements:

- Applicants enrolling in this program must meet all admission requirements from their University of Phoenix previous pre-licensure program.
- The University of Phoenix previous pre-licensure programs eligible for admission to the MAED/ES are the following: MAED/TED-E, MAED/TEDMG, MAED/TEDMM, MAED/TEDMS, MAED/TED-E, MAED/TEDEM, MAED/TEDEE, MAED/TEDEE, MAED/TEDEM, MAED/TEDEE, MAED/TEDEE, MAED/TEDEE, MAED/TEDEE.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

Re-entry for the MAED/ES

Re-entry students completing a program change from one of the following UOPX pre-licensure programs to the MAED/ES program will be required to complete all paperwork required by the University Re-entry policy.

- MAED/TED-E
- MAED/TED-S
- MAED/SPE
- MAED/ECH

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Re-entry students whose program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline will be required to enroll into the most current version. Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Master of Arts in Education/Curriculum and Instruction

The following Master of Arts in Education/Curriculum and Instruction (MAED/CI) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Arts in Education program with a specialization in Curriculum and Instruction is intended to afford P-12 educators the opportunity to enhance their curriculum, instruction, and leadership repertoire by expanding their knowledge of assessment, instructional strategies, integration of technology, professional development, data-driven decision making, and mentoring and coaching. Educators will develop teacher leadership skills by exploring the latest research, trends, and strategies. Graduates will
be able to effectively collaborate with all stakeholders and serve their students, colleagues, and communities as ethical leaders committed to excellence.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/maed-ci.

Program Purpose
The Master of Arts in Education/Curriculum and Instruction is a graduate degree program intended to provide educators with advanced knowledge and skills in curriculum and instruction. The program does not prepare students for any type of professional certification or state licensure as a teacher. It is only intended as an advanced degree.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to create innovative strategies and incorporate technology to enhance student learning in the classroom setting.
- Students will be able to analyze assessment data to make informed decisions for continuous improvement of instructional programs.
- Students will be able to create innovative strategies and incorporate technology to enhance student learning in the classroom setting.

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the MAED/CI
All applicants are expected to meet the following admissions requirements:

- An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

Degree Completion Requirements for the MAED/CI

- The completion of a minimum of 35 credits.
- A minimum grade point average (GPA) of 3.0.
- The diploma awarded for this program will read as: Master of Arts in Education Curriculum and Instruction

Residency Requirements and Course Waivers for the MAED/CI
The University requires that the majority of coursework in the Required Course of Study be completed through the University. Also known as the residency requirement, the University requires completion of a minimum of 29 graduate level credits at the University.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or a foreign institution recognized/authorized by the country’s Ministry of Education.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of ’B’ (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization. Students in the MAED/CI who waive courses using an approved certification may exceed the maximum waiver limit for their program.

The following courses in the Required Course of Study may not be
Candidates who successfully complete either the MAED/TED-Elementary or MAED/TED-Secondary program may waive the following courses in the MAED/CI program upon enrolling in the Master of Arts in Education/Curriculum and Instruction program.

PROFESSIONAL PROGRAMS

CREDIT-BEARING CERTIFICATE PROGRAMS

The University of Phoenix offers Professional Certificate programs to organizations and individuals with professional development or specialized training needs. The programs effectively blend theory and practice, enabling the individual to rapidly become a more effective manager or specialist.

Certificate programs are currently available in several fields: technology, education, call center professional, human resource management, health care, and project management.

A Credit Bearing Certificate program is one that bears University of Phoenix credits. Credit Bearing Certificate programs are developed and maintained by the Dean of each College.

Admission Requirements

All applicants are expected to meet the following admission requirements:

• A completed and signed certificate application and application fee

• Applicants whose native language is not English must have either:
  • achieved a minimum score of 213 on the computer-based test (cBT), or a score of 79 on the internet-based test (iBT), or a score of 550 on the written-based test (wBT) on the Test of English as a Foreign Language (TOEFL) within two years of application to the University.
  
  -or-
  • achieved a minimum passing score of 750 on the Test of English as an International Communication (TOEIC) within two years of application to the University.
  
  -or-
  • achieved a minimum passing score of 6.5 on the test of the International English Language Testing System (IELTS) within two years of application to the University.
  
  -or-
  • achieved a minimum score of 69 on the Berlitz Online Test of Reading and Listening Skills - English or a minimum score of 550 on the Berlitz Online English Proficiency Exam within two years of application to the University.
  
  -or-
  • successful completion of the approved ESL series of courses completed at: Canadian College of English Language (CCEL), International Language Schools of Canada (ILSC) or Kaplan.
  
  -or-
  • achieved a minimum score of 59 on the Pearson Test of English Academic Exam within two years of application to the University.

The following may exempt a non-native speaker from having to take the TOEFL/TOEIC/IELTS, however official documentation may be required:

• The applicant has successfully completed thirty (30) transferable, academic semester credits at a nationally accredited college or university in the United States.

• The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized college or university in a country where English is the official language.

• The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized institution where English is the medium of instruction.

• The applicant has previously earned, prior to applying for admission to the University of Phoenix, a U.S. high school diploma or G.E.D. Applicants that list any language other than English as their native language on the admission application and G.E.D is taken, must submit a copy of the G.E.D to verify it was taken in the English version format.

• The applicant has earned the equivalent of a U.S. high school diploma in a country in which English is the official language.

• The applicant has earned the equivalent of a U.S. high school diploma at an institution where English is the medium of instruction.

• Only students who reside within the United States and its territories are eligible to enroll into a University of Phoenix bachelor or master of education program.

• Applicants who reside in the United States must meet one of the following requirements:
  • Be a legal resident of the United States
  • Have been granted permanent residency
  • Have a valid visa that does not prohibit educational studies
  • Have been granted temporary protected status and has been verified through Citizenship and Immigration Service that the country is eligible for TPS status at the time of application sign date. Student must list TPS as the visa type on the admissions application in order for US to verify TPS status.
  • Have been granted asylum or refugee status.

• Applicants who reside in Canada must meet one of the following requirements:
  • Be a legal resident of Canada
  • Be a landed immigrant
  • Have a valid visa that does not prohibit educational studies
  • A signed Enrollment/Disclosure Agreement.
  • Completion of any state-specific required documents or forms.
• Applicants who have been expelled from other institutions are not eligible for admission to University of Phoenix.
• Students who have been expelled from University of Phoenix are not eligible for readmission to University of Phoenix. No appeals will be accepted.

CERTIFICATE PROGRAMS FOR SCHOOL OF BUSINESS - UNDERGRADUATE

Hospitality Fundamentals Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Certificate in Hospitality Fundamentals helps students build a foundation of knowledge in an array of food service, lodging management, and tourism industry settings. The courses emphasize the development of leadership competencies and management practices that are valued in today’s hospitality industry.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, School of Business graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

• Students will explain concepts and principles of hospitality service excellence.
• Students will apply concepts and principles of hospitality management to hospitality operations.
• Students will describe key operational functions vital to the hospitality business.
• Students will recognize the unique characteristics associated with the hospitality industry.
• Students will explain the role quality management plays in building effective teams in the hospitality industry.

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the CERT/HF

All applicants are expected to meet the following admissions requirements:

• High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.

Certificate Completion Requirements for the CERT/HF

• Completion of a minimum of 18 credits.
• A minimum grade point average (GPA) of 2.0.
• Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
• Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.

Residency Requirements and Course Waivers for the CERT/HF

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 3 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

• The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
• The course must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better.
The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following course may not be waived: HTT 201, HTT 231, HTT 251.

Re-entry for the CERT/HF

With the exception of AAEE, BSED/E, BSLS, LVN/BSN, LPN/BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry. Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry. Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork will not be required to complete GEN 200 (or equivalent) upon re-entry.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Retail Fundamentals Certificate (Undergraduate)

The Retail Fundamentals certificate focuses on skill development in customer service management, sales and marketing, supply management, retail operations, merchandising, and personnel management unique to the retail industry. Upon completion of this certificate, students will possess the industry-aligned knowledge and skills necessary to be successful professionals in the retail industry.

General Information for the CERT/RETF

- This certificate program may be taken on its own or may be earned en-route to earning an associates degree. Students wishing to earn the certificate en-route must be enrolled in the corresponding “Certificate Track” associates program.
- Students who completed a certificate in its entirety and who later choose to enroll in an associates program with a concentration in the same area of focus as the completed certificate will be required to enroll in the Certificate Track and will not earn a second certificate en-route to completing the associates program.

Additional Admission Requirements for the CERT/RETF

- Applicants must be at least 16 years of age at the time of application.
- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.

Certificate Completion Requirements for the CERT/RETF

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their associate program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
Residency Requirements and Course Waivers for the CERT/RETF

Students must meet the established University residency requirement for certificate conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of "C" (2.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must have an equivalent level or higher course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Re-entry for the CERT/RETF

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state of jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Sales Management Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information. This certificate is only available as an en-route credential to the Bachelor of Science in Business and must be completed via the Online modality.

The Sales Management certificate program provides students with the knowledge and skills necessary to build, retain, and manage a highly effective sales force. Upon completion of this certificate, students will possess the tools needed to manage sales objectives as they relate to achieving organizational success.

Required Course of Study for the CERT/SMGT

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

MKT 421 ................................................................. 3 credits

MKT 435 ~ ........................................................................ 3 credits
Consumer Behavior
MKT 445 ~ ........................................................................ 3 credits
Sales, Tools and Strategies
MKT 468 ~ ........................................................................ 3 credits
Customer Relationship Management

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the CERT/SMGT

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Applicants must have access to a suitable work environment for the completion of course assignments.

Certificate Completion Requirements for the CERT/SMGT

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for this program will read as: Sales Management (Undergraduate)

Residency Requirements and Course Waivers for the CERT/SMGT

- Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.
• Students in this program may waive a maximum of 3 credits from their required course of study.
• In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
  • The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
  • The course must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better.
  • The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
• The following course may not be waived: MKT 360

Re-entry for the CERT/SMGT
With the exception of AAEE, BSED/E, BSLS, LVN/BSN, LPN/BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork will not be required to complete GEN 200 (or equivalent) upon re-entry.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Supply Chain Management Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

This certificate is only available as an en-route credential to the Bachelor of Science in Business and must be completed via the Online modality.

The Supply Chain Management certificate highlights the important role a supply chain plays in organizational performance and efficiency. The program emphasizes the need to develop and maintain a sustainable competitive advantage through the efficient and effective performance of all supply chain activities. Students will be able to examine logistic management processes, determine appropriate purchasing and procurement strategies, identify elements of an effective supply chain information management system, and evaluate lean enterprise processes to improve organizational efficiency.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their academic advisor for guidance.

Marketing Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state.

Please contact your enrollment representative for more information.

The Marketing certificate addresses how to identify customer needs, how to communicate information about products and services to customers and potential customers, where to market, how to respond to growing demands in different countries and cultures. The program builds...
upon the foundational marketing course and allows further study in the areas of consumer behavior, marketing research, public relations, product and brand management, and small business marketing. Marketing managers need creative, analytical, and leadership abilities to manage the marketing function of the business enterprise.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Select programs may have additional re-entry requirements/ restrictions. Re-entry students should consult their Academic Advisor for guidance.

Human Resource Management Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Human Resource Management certificate prepares students to develop an understanding of the fundamentals of human resource management and its strategic relevance in business. The program addresses the legal and ethical components of the decision making process involved in the human resources environment. Students will also develop an understanding of the critical business implications for human resource professionals today and in the future. HR practitioners and managers must be equipped with a solid understanding of the fundamentals of human resource management, along with strong skills in the areas of systems thinking, problem solving, influencing, negotiating, communications, and leadership. This program is consistent with generally accepted human resource management principles, including the professional certification knowledge areas.

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

HRM 300 ~Fundamentals of Human Resource Management ~3 credits
MGT 434 ~Employment Law ~3 credits
HRM 324 ~Total Compensation ~3 credits
HRM 420 ~Human Resource Risk Management ~3 credits
HRM 326 ~Employee Development ~3 credits
HRM 498 ~Strategic Human Resource Management and Emerging Issues ~3 credits

Required Course of Study, a student must have completed a previous course which meets the following criteria:

• The course must have been completed within the past ten years.
• The course must have been completed at a regionally approved nationally accredited, or candidate for accreditation, college or university.

Re-entry for the CERT/HRM

• High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
• Applicants must have access to a suitable work environment for the completion of course assignments.

Certificate Completion Requirements for the CERT/HRM

• Completion of a minimum of 18 credits.
• A minimum grade point average (GPA) of 2.0.
• Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
• Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
• The certificate awarded for this program will read as: Human Resource Management (Undergraduate)

Residency Requirements and Course Waivers for the CERT/HRM

• Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.
• Students in this program may waive a maximum of 3 credits from their required course of study.
• In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
  • The course must have been completed at a regionally approved nationally accredited, or candidate for accreditation, college or university.
  • The course must have been completed within the last ten years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of ‘C’ (2.0) or better.
  • The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
• The following course may not be waived: HRM 498

Re-entry for the CERT/HRM

With the exception of AAEE, IESE, BSLS, BSN, LPN, BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are
required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork will not be required to complete GEN 200 (or equivalent) upon re-entry.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

**General Management Certificate (Undergraduate)**

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

**The certificate is only available as an en-route credential to the Bachelor of Science in Business and must be completed via the Online modality.**

The University reserves the right to modify the required course of study.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

**Project Management Certificate (Undergraduate)**

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Project Management concentration focuses on the professional success of its students. It emphasizes real-world application with assignments designed to apply the newfound skills and knowledge to the workplace. Practical study materials, team activities, and presentations to the class foster teamwork, critical thinking, self-confidence, and application of project technical and leadership skills on a real-time basis. This program is consistent with generally accepted project management principles, including the project management processes and knowledge areas that lead to professional certification.

With the exception of AAEE, BSED/E, BLSL, LVN/BSN, LPN/
BSN, and BSN, students who have been out of attendance for a
period of more than 365 days from the last date of positive
recorded attendance in a program applicable course, and who have
less than 24 credits from a combination of UOPX credits, previous
college credits listed on the initial application for admission, and
any additional college credits listed on the re-entry paperwork, are
required to enroll in the First-Year Sequence upon re-entry.
Students who have been out of attendance for a period of more
than 365 days from the last date of positive recorded attendance in
a program applicable course, and who have 24 or more credits
from a combination of UOPX credits, previous college credits listed
on the initial application for admission, and any additional college
credits listed on the re-entry paperwork, are not required to enroll
in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more
than 365 days from the last date of positive recorded attendance in
a program applicable course, and who have 12 or more UOPX
credits, and a total of 24 or more credits from a combination of
UOPX credits, previous college credits listed on the initial applica-
tion for admission, and any additional college credits listed on the
re-entry paperwork will not be required to complete GEN 200 (or
equivalent) upon re-entry.

Any student who has been out of attendance for more than 365
days from the last date of positive recorded attendance in a pro-
gram applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without
appeal if the program version is still the most current in their state
or jurisdiction and the student has the ability to satisfy all program
requirements within their original program completion deadline.
Re-entry students whose program version is not the most current
in their state or jurisdiction will be required to enroll into the most
current version.

Select programs may have additional re-entry requirements/
restrictions. Re-entry students should consult their Academic
Advisor for guidance.

Bookkeeping Fundamentals Certificate
(Undergraduate)

The following certificate program may be offered at these University
of Phoenix campus locations: Phoenix. The availability of programs and
concentrations depend on student demand and other factors. Not all
programs may be available to all residents of all states. Students may want
to consider completing certain courses in the Online classroom at Online
rates if the program is available via the Online modality in their state.
Please contact your enrollment representative for more information.
This certificate is only available as an en-route credential to the Bachelor
of Science in Management and must be completed via the Online
modality.

The Bookkeeping Fundamentals Certificate focuses on the role of
accounting in business and management. Students will encounter
real-world scenarios where they will use accounting information
resources and systems, and present conclusions based on account-
and business data. Additionally, students will use ledgers, jour-
nals, and worksheets to complete formal, informal, and
quantitative accounting tasks.

Required Course of Study for the CERT/BKPN
Courses requiring prerequisites are identified by a ~ symbol fol-
lowing the course number. Course descriptions for all courses are
listed in the Course Guide section of the catalog (page B-1).
Additional Admission Requirements for the CERT/BKPN

Applicants must be at least 16 years of age at the time of application.

• High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.

• Demonstration of basic skills proficiency in mathematics.

Students have the following options to satisfy this requirement:

- Students must pass the Praxis I or Praxis Core exam at the cut score determined by the School of Business (Math - 170).
- Students must pass the SAT at the cut scores determined by the national benchmark (Mathematics - 480).
- Students must pass the ACT at the cut scores determined by the national benchmark (Mathematics - 480).
- Transfer credit may be used by students who have achieved a C- or better in a college algebra or comparable course of at least 2.67 semester credits completed at a regionally or approved nationally accredited institution. Transfer courses used to fulfill this requirement must be eligible to receive general education credit.

• Achieve a passing score eligible for credit on an approved mathematics related National Testing Program. Current Approved National Testing Programs are:

**CLEP® Examination**
- College Mathematics
- College Algebra
- Precalculus
- Calculus

**DANTES Examination**
- Principles of Statistics
- Business Mathematics

**Advanced Placement Examination**
- Calculus AB
- Calculus BC
- Statistics

- Successful completion (passing grade) of University of Phoenix mathematics course MAT 116, equivalent or higher.
- Achieve minimum passing score on a UOPX approved placement exam.
- Achieve a passing score on the School of Business math readiness exam. (MyMathTest Assessment - 70%)
- Students who have previously completed a nationally or regionally accredited two year Associate degree or higher will be considered to have demonstrated the basic skills math proficiency.

Certificate Completion Requirements for the CERT/BKPN

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their associate program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for this program will read as: Bookkeeping Fundamentals (Undergraduate)

Residency Requirements and Course Waivers for the CERT/BKPN

Students must meet the established University residency requirement for certificate conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix. Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Re-entry for the CERT/BKPN

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current
in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

**Digital Marketing Certificate (Undergraduate)**

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

This certificate is only available as an en-route credential to the Bachelor of Science in Business and must be completed via the Online modality.

With the emergence of social media, businesses are recognizing the need to enhance their marketing mix by connecting through digital channels. The digital marketing certificate emphasizes an understanding of digital marketing, social media, Internet marketing, consumer behavior, web analytics, search engine optimization, and advertising and creativity strategy. Upon completion of this certificate, students will possess the knowledge and skills necessary to identify demand for products and services and digital marketing strategies.

- The following course may not be waived: MKT 498

**Re-entry for the CERT/DMKT**

With the exception of AAEE, BSED/E, BSLS, LVN/BSN, LPN/BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry. Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry.
Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork will not be required to complete GEN 200 (or equivalent) upon re-entry.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Financial Planning Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

This certificate is only available as an en-route credential to the Bachelor of Science in Business and must be completed via the Online modality.

The Finance Planning certificate emphasizes fundamental and advanced financial planning concepts, theories, and practices to promote well-informed personal financial decision making. Upon completion of this program, students will be able to examine the areas of personal finance planning, investment analysis and portfolio management, retirement and benefit planning, and insurance planning. Students will integrate advanced topics in financial planning through practical application.

Required Course of Study for the CERT/FINP

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

FIN 370 .................................................................3 credits
Finance for Business

Human Resource Capstone Course

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the G-HRM

All applicants are expected to meet the following admissions requirements:

• An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e. JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

• Applicants must have access to a suitable work environment for the completion of course assignments.

• A cumulative grade point average (GPA) of 2.5 on the undergraduate degree posted transcript is required for admission.

Certificate Completion Requirements for the G-HRM

Credit Bearing Certificate completion requirements are the following:

• Completion of a minimum of 15 credits.

• All students must meet residency requirements.

• A minimum grade point average (GPA) of 3.0.

• The certificate awarded for this program will read as: Graduate Human Resource Management.

Residency Requirements and Course Waivers for the G-HRM

Completion of a minimum of 12 credits of the required course of study to meet University residency requirements.

Students in this program may waive a maximum of 3 credits from their required course of study.
Students who have completed graduate University of Phoenix course work that meets the requirements for this certificate, may apply credits earned. However, students must still meet program residency requirements.

In order to be granted a waiver for a course in the required course of study, the student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following course may not be waived: HRM 595

Re-entry for the G-HRM

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Graduate Accounting Certificate

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Please contact your enrollment representative for more information.

Students in the Graduate Accounting Certificate will develop an understanding of accounting concepts and applications. Students will also become competent in the use of appropriate analytical tools and technologies. They will be sensitive to legal, ethical, and social values in the conduct and communication of accounting practice and decisions. In addition, students will have an understanding of a portion of the topics required in preparation for the CPA exam: Audit & Attestation, Financial Accounting & Reporting, Regulation, and Business Environment & Concepts. The Graduate Accounting Certificate is designed for students who want to enhance their accounting management skills, enter the accounting profession, or complete additional coursework required for the CPA exam. While completing this program, students who may be planning to take the CPA exam will utilize CPA Test Preparation software in conjunction with their course work.

Note: Each state sets forth standards required to be eligible to take the CPA exam and apply for licensure or certification as a CPA. While this program was designed with consideration for the standards proposed by the National Association of State Boards of Accounting (NASBA), the University of Phoenix cannot, and will not, provide any assurance that completion of this program will allow a successful student to qualify within the student’s specific jurisdiction. Potential applicants should check with the appropriate organization within their jurisdiction to determine if this program, combined with their undergraduate degree and any other specific criteria, meets the requirements to qualify for examination in that specific jurisdiction. States frequently change their requirements for examination. There is no assurance that at the time of degree completion the specific jurisdiction’s requirements will be consistent with the requirements at the time of admission.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/g-acc.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, School of Business graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will differentiate key accounting principles in the organization, process and interpretation of data to make informed decisions.
- Students will synthesize pertinent information free from distortions, personal bias and conflicts of interest to support ethical, legal and professional standards.
- Students will evaluate decision-making options necessary to form appropriate conclusions to advance organizational goals.
- Students will apply key accounting concepts to solve critical business issues in the following domains of the MSA program:
  - Auditing and attestation
  - Financial accounting and reporting
  - Professional responsibilities and business law
  - Federal taxation
  - Business environment and concepts

- This certificate program may be taken on its own or may be earned en-route to earning a graduate degree. Students wishing to earn the certificate en-route must be enrolled in the corresponding "Certificate Track" graduate program.
- Students who completed a certificate in its entirety and who later choose to enroll in a graduate program with a concentration in the same area of focus as the completed certificate will not be required to enroll in the Certificate Track.

Additional Admission Requirements for the CERT/G-ACC

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e. JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- Applicants must have access to a suitable work environment for the completion of course assignments.
- A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.

Certificate Completion Requirements for the CERT/G-ACC

- Completion of a minimum of 15 credits.
- A minimum grade point average (GPA) of 3.0.

- The certificate awarded for this program will read as: Graduate Accounting

Residency Requirements and Course Waivers/Competency for the CERT/G-ACC

Completion of a minimum of 12 credit of the required course of study to meet University residency requirements.

Students in this program may waive a maximum of 3 credits from their required course of study.

In order to waive a course in the required course of study, the student must have completed a previous course that meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university;
- The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a "B" (3.0) or better; and
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following course in the Required Course of Study may not be waived: ACC 541

Re-entry for the CERT/G-ACC

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.
CERTIFICATE PROGRAMS FOR THE COLLEGE OF SOCIAL SCIENCES

Human Services Management Certificate

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

This certificate is only available as an en-route credential to the Bachelor of Science in Human Services and must be completed via the Online modality.

The undergraduate Certificate Program in Social Services Management is comprised of 4 fundamental courses that provide a foundation for the more specialized courses in management within the social services arena and an additional 4 courses focused on organizational management and grant writing. Students will learn the components of indirect services associated with systematic delivery of direct social services, and to employ management practices to inspect, distinguish, and measure the important attributes of program management and supervision. Concepts of strategic planning, organizing and leading are examined to link these basic principles to create a healthy and thriving workplace environment. Resources and tools to secure funding for state, federal and private human services programs and agencies are examined. Students will be introduced to the processes, obstacles and costs associated to grant writing and program design.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/

Program Purpose

The Human Services Management Certificate is a certificate program that provides a general foundation of human services management theory and practice. This program does not prepare students for any type of professional certification or licensure as a counselor, social worker or mental health provider.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Family and Child Services Certificate

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The undergraduate Certificate Program in Human Services Family and Child Services is comprised of 4 fundamental courses that provide a foundation for more specialized courses within this human services area, and an additional 4 courses focused on developing competence in professional skills such as case management, client intake and interviewing, and basic group and individual counseling techniques. Students will examine theories involving the interconnected and interdependent features of contemporary families in a range of social systems, and will demonstrate an understanding of assessment strategies, consequences and contributing factors of family violence across socio-economic strata and the full range of diverse populations experiencing family violence. Students will demonstrate knowledge and understanding of reporting requirements, treatment interventions, repressed memory controversy, working within the criminal justice system and the tenets of the Children’s Justice Act addressing investigation, prosecution and judicial handling of abuse and neglect cases.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/

Program Purpose
The Family and Child Services Certificate is a certificate program that provides a foundation and overview of theory and practice in the field of family and child services. This program does not prepare students for any type of professional certification or licensure as a counselor or mental health provider.

Required Course of Study for the CERT/FCS
Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

BSHS 305 ~ .............................................................................. 3 credits
Historical Development of Human Services: An Introduction

BSHS 325 ~ .............................................................................. 3 credits
Human Systems and Development

BSHS 335 ~ .............................................................................. 3 credits
Ethics and Values for Human Service Professionals

BSHS 345 ~ .............................................................................. 3 credits
Diversity and Special Populations

BSHS 405 ~ .............................................................................. 3 credits
Interventions, Direct Service Delivery & Case Management

BSHS 406 ~ .............................................................................. 3 credits
Family and Social Systems: Contemporary Trends and Issues

BSHS 407 ~ .............................................................................. 3 credits
Family Violence Across the Lifespan: A Multi-Strata Problem

BSHS 408 ~ .............................................................................. 3 credits
Childhood Abuse and Neglect

The University reserves the right to modify the required course of study.

General Information for the CERT/FCS
This certificate program may be taken on its own or may be earned en-route to earning a bachelors degree. Students wishing to earn the certificate en-route must be enrolled in the corresponding “Certificate Track” bachelors program. Students who completed a certificate in its entirety and who later choose to enroll in a bachelors program with a concentration in the same area of focus as the completed certificate will not be required to enroll in the Certificate Track.

Additional Admission Requirements for the CERT/FCS
All applicants are expected to meet the following admissions requirements:

• High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.

• Applicants must have completed and earned 24 or more previous college credits, as verified by the university on the student’s official transcripts.

• Applicants must demonstrate competency in College Writing. Students have the following options to satisfy this requirement:
  • Successful completion (passing grade) of University of Phoenix course COMM 215, equivalent or higher.
  • Transfer credit may be used by students who have achieved a C- or better in a college writing or comparable course of at least 2.67 semester credits completed at a regionally or approved nationally accredited institution. Transfer courses used to fulfill this requirement must be eligible to receive general education credit.
  • Achieve a passing score on the College Composition CLEP® exam.
  • Achieve minimum passing score on a UOPX approved placement exam.

Certificate Completion Requirements for the CERT/FCS
• Completion of a minimum of 24 credits.
• A minimum grade point average (GPA) of 2.0.
• Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
• Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
• All students must complete the minimum number of credits required by their certificate program.
• The certificate awarded for this program will read as: Family and Child Services

Residency Requirements and Course Waivers for the CERT/FCS

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix. Students in this program may waive a maximum of 9 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

• The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
• The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of "C" (2.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following courses may not be waived: BSHS 305, BSHS 325, BSHS 335, BSHS 345, BSHS 405

Re-entry for the CERT/FCS

With the exception of AAEE, BSLED/E, BSL, LVN/BSN, LPN/BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Addictions Certificate

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information. This certificate is only available as an en-route credential to the Bachelor of Science in Human Services and must be completed via the Online modality.

The undergraduate Certificate Program in Human Services Addictions is comprised of 4 fundamental courses that provide a foundation for more specialized courses within this human services area, and an additional 4 courses focused on the roles of addiction in society in relationship to the judicial system, treatment systems, progressive era reforms, and complications of dual diagnosis. Cardinal characteristics of codependence are examined with a focus on chronic, progressive, malignant, and treatable features. Students will demonstrate an understanding of policy issues, managed care, private and public insurance, and advocacy for the consumer in relation to addiction and dependency issues.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/

Program Purpose

The Addictions Certificate is a certificate program that provides a foundation and overview in the field of addiction theory and practice. This program does not prepare students for any type of professional certification or licensure as a counselor or mental health provider.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork will not be required to complete GEN 200 (or equivalent) upon re-entry.
CERTIFICATE PROGRAMS FOR THE SCHOOL OF HEALTH SERVICES ADMINISTRATION

**Long Term Care Certificate Program**

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

As the needs of the long-term care population evolve, there is a growing market for long-term care products and services. The long-term care certificate focuses on increasing the knowledge and skills essential to work with various populations across the life span that require long-term care. Courses focus on long-term care administration, health and wellness, legal issues and perspectives, programs and services, as well as alternative living environments for populations that require long-term care.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/ltc.

**Program Student Learning Outcomes**

In addition to the knowledge and skills related to the University Learning Goals, School of Health Services Administration graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program:

- Students will apply concepts of long-term care administration within the industry.
- Students will analyze health and wellness concepts to address the needs of various LTC populations.
- Students will integrate ethical principles into all aspects of the LTC industry.
- Students will explain products and services to address the needs of various LTC populations.

**Required Course of Study for the LTC**

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

- GEN 200 ~ .................................................................3 credits
- Foundations for General Education and Professional Success
- HCS 437 ~ ...............................................................3 credits
- Long-term Care Administration
- HCS 433 ~ ...............................................................3 credits
- Dimensions of Health and the Older Adult
- LTC 315 ~ .................................................................3 credits
- Alternative Living Environments
- LTC 328 ~ .................................................................3 credits
- Legal Perspectives in Aging
- LTC 310 ~ .................................................................3 credits
- Social and Community Related Programs and Services

The University reserves the right to modify the required course of study.

**General Information**

This certificate program may be taken on its own or may be earned en-route to earning a bachelors degree. Students wishing to earn the certificate en-route must be enrolled in the corresponding ‘Certificate Track’ bachelors program.

Students who completed a certificate in its entirety and who later choose to enroll in a bachelors program with a concentration in the same area of focus as the completed certificate will not be required to enroll in the Certificate Track.

**Additional Admission Requirements for the LTC**

All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Applicants must be currently employed or have access to a work environment.

**Certificate Completion Requirements for the LTC**

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- All students must complete the minimum number of credits required by their certificate program.
- The certificate awarded for this program will read as: Long Term Care

**Residency Requirements and Course Waivers for the LTC**

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be
completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Through an approved articulation agreement, students who have successfully completed equivalent courses may waive, without credits, up to six (6) credits of the Required Course of Study. Students must substitute other upper division coursework to satisfy the upper division credit requirement of their degree program (each program has specific substitution requirements). This policy also applies to upper division courses which are used to fulfill certificate degree requirements. In order to be granted a waiver, without credit, for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed and transcribed from a regionally or nationally accredited institution with which the University of Phoenix has an approved articulation agreement.
- The course must have been completed with a grade of "C" (2.0) or better during the effective dates of the approved articulation agreement.
- The course must be approved through the articulation agreement and must be comparable in content and credits to the University course it is replacing.

The following course in the Required Course of Study may not be waived: GEN 200

Re-entry for the LTC

With the exception of AAEE, BS/E, BSLS, LVN/BSN, LPN/BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry. Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork will not be required to complete GEN 200 (or equivalent) upon re-entry.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Nursing/Health Care Education Certificate Program

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state.

Please contact your enrollment representative for more information.

This course series is designed for nursing and health care professionals interested in pursuing or advancing in careers as faculty in higher educational settings. Those with no background in higher education receive a strong foundation for the many dimensions of the faculty role. Current educators can update or expand their knowledge in curriculum development, assessment and evaluation, and instructional strategies.

This credit-bearing certificate program is for post-baccalaureate students. The four courses in the education specialization/certificate program are available at campuses offering nursing or health care degree programs using on ground and/or Flexnet delivery, as well as through the online campus.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/nhce.

Required Course of Study for the NHCE

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1). HSN 548................................................................. 3 credits

Role of the Health Care/Nursing Educator

HSN 540................................................................. 3 credits

Using Effective Teaching Strategies

HSN 544................................................................. 3 credits

Design and Process of Curriculum Development

Assessment and Evaluation of Learning

Evaluating Student Learning Outcomes
The University reserves the right to modify the required course of study.

**Additional Admission Requirements for the NHCE**
All applicants to this certificate program are expected to meet the following admission requirements:

- Completion of an undergraduate degree or the entire University of Phoenix BSN or BSHCS Required Course of Study with a minimum GPA of 2.5 or better verified by providing an official transcript.
- A minimum of one year full-time post-high school health care work experience.
- Current employment in a nursing or health care role or access to an appropriate healthcare organization environment in which to complete the work related course assignments.

**Certificate Completion Requirements for the NHCE**
Credit Bearing Certificate completion requirements are the following:

- Completion of a minimum of 12 credits.
- A minimum program grade point average (GPA) of 3.0.

**Minimum Grade Requirements for the NHCE**
Students in this program are required to achieve a minimum grade of “C” (2.0) in each of the following courses: HSN 540, HSN 544, HSN 548 and HSN 552. A “C-” grade is not acceptable. Students who fail to receive a minimum grade of “C” in any of the following courses will be scholastically disqualified from the University.

**Residency Requirements and Course Waivers for the NHCE**
Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 6 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e., graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

**Re-entry for the NHCE**
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/ restrictions. Re-entry students should consult their Academic Advisor for guidance.

**Graduate Health Care Informatics Certificate**
The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

This certificate program is designed for health care and nurse professionals interested in pursuing or advancing in careers associated with health care informatics and technology. Individuals with little or no background in Informatics receive an overview of informatics as it relates to delivery within a health care facility. The program is designed to provide the learner with current knowledge in concepts of health care informatics, systems life cycle, and data management. The 10 credit-bearing specialization is available as a certificate program for post-baccalaureate students. The four courses in the informatics specialization certificate program are available at campuses offering nursing or health care degree programs using a variety of delivery methods.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/hci.

**Required Course of Study for the HCI**
Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

- HCS 504 ......................................................................................... 1 credit
- Introduction to Graduate Study in Health Sciences/Nursing
- HCI 500 ~ ..................................................................................... 3 credits
- Concepts of Health Care Informatics
- HCI 510 ~ ..................................................................................... 3 credits
- Systems Life Cycle
- HCI 520 ~ ..................................................................................... 3 credits
- Data Management and Design

The University reserves the right to modify the required course of study.

**Additional Admission Requirements for the HCI**
All applicants to this certificate program are expected to meet the following admission requirements:
Re-entry for the HCI

- Completion of an undergraduate degree or the entire University of Phoenix BSN, BSHCS or BSHA Required Course of Study with a minimum GPA of 2.5 or better verified by providing an official transcript.

Certificate Completion Requirements for the HCI

Credit Bearing Certificate completion requirements are the following:

- Completion of a minimum of 10 credits
- A minimum University program grade point average (GPA) of 3.0.

Residency Requirements and Course Waivers for the HCI

Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 7 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 3 credits from their required course of study.

In order to waive a course in a HCI Certificate Program, the student must have completed a previous course which meets the following criteria:

- The course must have been completed and transcripted from a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Students completing this certificate en-route to the MHA/MBA Certificate Track program must appeal to the Student Appeals Center (SAC) to waive a certificate course that is required for their selected MHA/MBA concentration.

The following course will not be waived from the certificate program: HCS 504.

Re-entry for the HCI

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Gerontology Health Care Certificate Program

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

This program is designed to provide health care professionals with diverse interdisciplinary backgrounds with the knowledge and process of aging. Content is designed to provide students with relevant information related to the physical, mental, and social aspects of gerontology as well as human services, economic and legal factors that influence elders.

With an emerging proportion of older adults in our society there is a growing market for aging services which are fueled by products and services for well elders as well as those elders compromised by chronic illnesses or disabilities. Career opportunities are increasing and are not limited to just long term care. Business, industry, community health, federal and local governments and professional organizations will look to include workers prepared to understand the needs of this population as a major consumer of their products and services.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/ghc.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, School of Health Services Administration graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to analyze foundational concepts of gerontology to support the health of older adults.
- Students will be able to evaluate resources available to older adults to support the aging process.
- Students will be able to analyze business needs to promote gerontology services and products.

Required Course of Study for the GHC

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

- HCS 548 ~ ................................................................................ 3 credits Foundations of Gerontology
- HCS 551 ~ ................................................................................ 3 credits Biological and psychological Aspects of Aging
- HCS 557 ~ ................................................................................ 3 credits Social and Cultural Aspects of Aging
- HCS 565 ~ ................................................................................ 3 credits Organization and Management of Aging Services

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the GHC

All applicants to this certificate program are expected to meet the following additional admission requirements:
An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.

A minimum of one year full-time post-high school work experience.

**Certificate Completion Requirements for the GHC**

Credit Bearing Certificate completion requirements are the following:

- Completion of a minimum of 12 credits.
- All students must meet residency requirements as set by the Dean for each Certificate program.
- A minimum certificate program grade point average (GPA) of 3.0.
- Upon successful completion of HCS 548, HCS 551, HCS 557, and HCS 565, the student can submit a certificate application for GHC, as well as use these courses towards their MHA/GER program requirements. University residency applies with both programs, but students will be considered to have met program residency.
- Students enrolled in the courses as part of their degree will not be able to then request these courses as an additional certificate.

**Residency Requirements and Course Waivers for the GHC**

MHA/GER students may dual enroll in this program and submit a certificate application upon successful completion of HCS 548, HCS 551, HCS 557, and HCS 565. The courses may apply to both, the GHC and MHA/GER required course of study. University residency applies to both programs, but students will be considered to have met program residency.

Students in the Gerontology Health Care Certificate Program may waive a maximum of three (3) credits from their program.

In order to waive a course in a Professional Certificate Program, the student must have completed a previous course which meets the following criteria:

- The course must have been completed and transcripted from a regionally or approved nationally accredited, foreign equivalency, or candidate for accreditation, college or university,
- The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better; and
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e., graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Students completing this certificate en-route to the MHA/MBA Certificate Track program must appeal to the Student Appeals Center (SAC) to waive a certificate course that is required for their selected MHA/MBA concentration.

**Re-entry for the GHC**

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

**Health Management Certificate Program**

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

This certificate is designed to provide a framework in health care management concepts. The courses will provide perspectives related to health care delivery services, health care management and human resources, financial accounting concepts, as well as an introduction to the legal and regulatory aspects in health care.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/hm.

**Required Course of Study for the HM**

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Required Course of Study for the HM

Students must choose four courses from the following:

- HCS 325 ~ .................................................................3 credits
- Health Care Management
- HCS 335 ~ ................................................................3 credits
- Health Care Ethics and Social Responsibility
- HCS 341 ~ .................................................................3 credits
- Human Resources in Health Care
- HCS 405 ~ .................................................................3 credits
- Health Care Financial Accounting
- HCS 430 ~ .................................................................3 credits
- Legal Issues in Health Care: Regulation and Compliance
- HCS 446 ~ .................................................................3 credits
The course must have been completed at a regionally or nationally accredited institution with which the University has an approved articulation agreement.

**Residency Requirements and Course Waivers for the HM**

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better.

- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Through an approved articulation agreement, students who have successfully completed equivalent courses may waive, without credits, up to six (6) credits of the Required Course of Study. Students must substitute other upper division coursework to satisfy the upper division credit requirement of their degree program (each program has specific substitution requirements). This policy also applies to upper division courses which are used to fulfill certificate degree requirements. In order to be granted a waiver, without credit, for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed and transcripted from a regionally or nationally accredited institution with which the University of Phoenix has an approved articulation agreement.

- The course must have been completed with a grade of "C" (2.0) or better during the effective dates of the approved articulation agreement.

- The course must be approved through the articulation agreement and must be comparable in content and credits to the University course it is replacing.

The following course in the Required Course of Study may not be waived: GEN 200

**Re-entry for the HM**

With the exception of AAEE, BSED/E, BLSL, LVN/BSN, LPN/BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork will not be required to complete GEN 200 (or equivalent) upon re-entry.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a pro-
Students will evaluate research related to emergency services to recover from natural and man-made disasters.

Students will apply leadership and management skills to all aspects of emergency management.

Students will create emergency operations plans from a community perspective to mitigate, prepare, respond and recover from natural and man-made disasters.

Students will apply leadership and management skills to all aspects of emergency management.

Students will evaluate research related to emergency services to prepare the community for all phases of emergency management.

The certificate awarded for this program will read as:

Emergency Management Certificate Program

This certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

This certificate is designed for EMTs, First Responders, Firefighters, or any other emergency personnel that want to expand their knowledge and skills related to emergency management. Focus will be on principles of emergency management, managing emergency response operations, and planning and preparedness of emergency situations.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/emc.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, School of Health Services Administration graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will create emergency operations plans from a community perspective to mitigate, prepare, respond and recover from natural and man-made disasters.
- Students will apply leadership and management skills to all aspects of emergency management.
- Students will evaluate research related to emergency services to prepare the community for all phases of emergency management.
- Students will apply leadership and management skills to all aspects of emergency management.
- Students will evaluate research related to emergency services to prepare the community for all phases of emergency management.

Required Course of Study for the EMC

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

GEN 200 ~.................................................................3 credits
GEN 200 Foundations for General Education and Professional Success
EMC 310 ~.................................................................3 credits
EMC 310 Principles of Emergency Management
EMC 320 ~.................................................................3 credits
Emergency Preparedness and Planning
EMC 330 ~.................................................................3 credits
Managing Emergency Response Operations
EMC 350 ~.................................................................3 credits
Emergency Preparedness and Planning

General Information

This certificate program may be taken on its own or may be earned en route to earning a bachelors degree. Students wishing to earn the certificate en route must be enrolled in the corresponding "Certificate Track" bachelors program.

Students who completed a certificate in its entirety and who later choose to enroll in a bachelors program with a concentration in the same area of focus as the completed certificate will not be required to enroll in the Certificate Track.

Additional Admission Requirements for the EMC

All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.

- Applicants must be currently employed in or have prior employment experience in an Emergency Management position such as Emergency Medical Technician (EMT), First Responder, firefighter, or other emergency personnel. Effective 10/1/2015 Applicants must be currently employed in or have one (1) year minimum of prior employment experience in the last five (5) years in an Emergency Management position such as Emergency Medical Technician (EMT), First Responder, firefighter, or other emergency personnel.

Certificate Completion Requirements for the EMC

- Completion of a minimum of 18 credits.

- A minimum grade point average (GPA) of 2.0.

- Students earning the certificate en route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.

- Students earning this certificate en route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.

- All students must complete the minimum number of credits required by their certificate program.

- The certificate awarded for this program will read as:

Emergency Management

Residency Requirements and Course Waivers for the EMC

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previ-
ous course which meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Through an approved articulation agreement, students who have successfully completed equivalent courses may waive, without credits, up to six (6) credits of the Required Course of Study. Students must substitute other upper division coursework to satisfy the upper division credit requirement of their degree program (each program has specific substitution requirements). This policy also applies to upper division courses which are used to fulfill certificate degree requirements. In order to be granted a waiver, without credit, for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed and transcripted from a regionally or nationally accredited institution with which the University of Phoenix has an approved articulation agreement.
- The course must have been completed with a grade of "C" (2.0) or better during the effective dates of the approved articulation agreement.
- The course must be approved through the articulation agreement and must be comparable in content and credits to the University course it is replacing.

The following course in the Required Course of Study may not be waived: GEN 200

Re-entry for the EMC

With the exception of AAEE, BSED/E, BSLS, LVN/BSN, LPN/BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry. Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry. Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial applica-
CERTIFICATE PROGRAMS FOR THE SCHOOL OF NURSING

Academic Progression Requirements for all Current Nursing Programs (excluding BSN/I)

Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a "for-cause" 10 panel, plus alcohol drug test.

• For purposes of this policy, the following definitions apply:
  • Drug testing means the scientific analysis of urine, blood, breath, saliva, hair, tissue, and other specimens from the human body for the purpose of detecting the use of drugs or alcohol.
  • Reasonable suspicion means evidence which forms a reasonable basis for concluding that it is more likely than not that a person is impaired by alcohol or drugs or has engaged in substance abuse. Facts which could give rise to reasonable suspicion include, but are not limited to: the odor of alcohol or drugs, impaired behavior such as slurred speech, decreased motor coordination, difficulty in maintaining balance, marked changes in personality or job performance, and unexplained accidents, without reasonable justification. Such evidence may come from a professional or expert opinion, layperson opinion, scientific tests, or other sources or methods.
  • Illegal drug means any drug which is not legally obtainable; any drug which is legally obtainable but has not been legally obtained; any prescribed drug not legally obtained; any prescribed drug not being used for the prescribed purpose or by the person for whom it was prescribed; any over-the-counter drug being used at a dosage level other than that recommended by the manufacturer, or being used for a purpose other than the purpose intended by the manufacturer; and any drug being used for a purpose or by a person not in accordance with bona fide medical therapy. Examples of illegal drugs include, but are not limited to, stimulants; depressants; narcotic or hallucinogenic drugs; cannabis substances, such as marijuana and hashish; cocaine; heroin; methamphetamine; phencyclidine (PCP); and so-called designer drugs and look-alike drugs.

• Impaired means that a person’s mental or physical capabilities are reduced below his or her normal levels without reasonable justification. An impaired student manifests deterioration in the level of function as compared to that previously observed, or the student does not function at a level normally expected under the prevailing circumstances. Impairment may exist in one or more multiple domains, including psychomotor activity and skills, conceptual or factual recall, integrative or synthetic thought processes, judgment, attentiveness, demeanor and attitudes as manifested in speech or actions. Impairment will include addiction to and/or physical dependence upon alcohol or illegal drugs.

• Substance abuse means:
  • the consumption, possession, or distribution of alcohol or illegal drugs by any nursing student while on University or affiliated clinical site premises or while participating in any University (or affiliated clinical site) sponsored or related activity, including any nursing-related course or clinical training activity.
  • a nursing student’s use of alcohol or any drug in such a way that the student’s performance in any nursing course, including activities at any clinical site, is impaired.

• Prior to being assigned to a clinical placement and as a prerequisite for placement at any agency or health care facility the nursing student shall sign an agreement:
  • to abide by the drug policies and drug testing policies of the University and each agency or health care facility in which a student is assigned as applicable,
  • to submit to any “for cause” drug testing required by the University and testing required by each agency or health care facility the nursing student obtains clinical hours, and
  • to release a copy of any and all drug test results to the University of Phoenix, Dean/Associate Dean of Nursing, other appropriate University officials, and to any State Board(s) of Nursing in which the student holds a nursing license or certificate, where required by the relevant State Board(s) of Nursing.

Failure to sign such agreement is grounds for refusal for student admission and progression in the program.

• The College of Nursing requires students to obtain a 10 panel, plus alcohol drug test if the student's behavior in the clinical, classroom or laboratory setting creates facts that give rise to a reasonable suspicion of substance abuse, or indicates they are impaired by alcohol or drugs.

• If the results of the 10 panel, plus alcohol drug test is negative for alcohol or illegal drugs:
  • The student shall meet with their Campus College Chair, Director of Nursing, or NP Program Manager within 24 hours or by the first business day following the test results to discuss the circumstances surrounding suspected behavior.
• The Campus College Chair, Director of Nursing, or NP Program Manager will counsel the student regarding return to the classroom and clinical agency. The preliminary investigation will cease and the student will be released from further action at that time.

• The Campus College Chair, Director of Nursing, or NP Program Manager will arrange for the student to make up the missed clinical hours.

• If the results of the 10 panel, plus alcohol drug test is positive for alcohol or illegal drugs:
  - A full review by the Office of Dispute Management and Apollo Ethics and Compliance shall be conducted. Students who test positive for alcohol or illegal drugs will not be permitted to return to any clinical setting pending conclusion of the review. The findings may result in student dismissal from the nursing program and expulsion from the University.
  - The results of the positive test for alcohol or illegal drugs shall be reported to the applicable State Board(s) of Nursing, if required by the applicable State Board(s), by the Campus College Chair, Director of Nursing, or NP Program Manager.

• If the results of the 10 panel, plus alcohol drug test(s) are positive for a prescribed drug(s) but not those that would be defined as illegal in the definitions above:
  - The student shall, within three (3) business days, obtain a written statement from their treating, licensed health care provider (MD, DO, HMD, ND/NMD, NP or PA) stating that:
    • the drug level is within prescribed limits.
    • the level does not indicate abuse.
    • the student’s use of the drug as prescribed will not interfere with safe practice in the clinical area.

This statement must be provided to the Campus College Chair, Director of Nursing, or NP Program Manager. If the statement is approved, then the test result will be deemed acceptable and not failed for these purposes.

• The failure of a student to provide the above statement or a health care provider’s inability to provide a statement meeting the requirements above shall be treated as a positive test for an illegal drug.

• Students who refuse to submit to a “for-cause” drug test will not be allowed to return to any clinical setting pending conclusion of a full review by the Office of Dispute Management and Apollo Ethics and Compliance. The findings may result in dismissal from the nursing program and expulsion from the University. The results of a positive test for illegal drugs as defined herein or a refusal to undergo a required drug test will be reported to the applicable State Board of Nursing where required by the applicable State Board(s) of Nursing’s statute(s) or regulation(s).

• Students must also adhere to any other additional policies prescribed by the clinical agency. It is the sole responsibility of the student to read and acknowledge the requirements of the clinical health care facility in addition to University policy.

• All costs associated with the drug test, including any transportation costs to or from the drug testing facility, will be the responsibility of the student.

• University of Phoenix, College of Nursing, campus officials may be required to report all failed drug tests to each State Board of Nursing in which the student holds a nursing license or certificate. Campus officials shall report test results to all applicable State Boards of Nursing as described in the applicable Board’s statutes and/or regulations.

### Post Master’s Certificate/Family Nurse Practitioner

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states.

#### Introduction, 1 Total Credit
- HCS 504 ..................................................................................... 1 credit

#### Introduction to Graduate Study in Health Sciences/Nursing

Management of Women’s Health Issues

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the FNP

All applicants are expected to meet the following admissions requirements:

• A graduate degree in nursing (MSN or MN) from a regionally or approved nationally accredited, or candidate for accreditation, college or university or equivalent graduate degree earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
• A cumulative grade point average (GPA) of 3.0 on the graduate degree posted transcript is required for admission.
• Current employment is not a requirement for admission.
• FNP Program Manager’s signature on the applicant’s Program Eligibility Verification form, transcripts, and resume. Evidence that these requirements have been met must be uploaded to the student’s eXp file along with the Program Eligibility Verification form.
• Equivalent grade of "B-" or better in undergraduate or graduate core science courses, such as biology, pathophysiology, chemistry, biochemistry, and anatomy and physiology.
• A minimum of three years of full-time post high school work experience within the past ten years of which two years must be in clinical based RN experience. At least one-year experience (from the two years clinical based RN experience), in the following nursing areas: medical-surgical, Intensive Care Units (ICU), step-down units, flight nurse, or Emergency Room (ER), or comparable experiences. The remaining year can be fulfilled with health care experience.
• Applicants must reside in the continental United States or in one of the US Territories with documentation of a valid, unrestricted/unencumbered RN license in all states in which the applicant holds an active nursing license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted/unencumbered through the duration of the program. Applicants from the following territories must also hold a RN license obtained by taking the NCLEX-RN exam:
  • American Samoa
  • Northern Mariana Islands
  • US Virgin Islands

Note: Nurses with a Puerto Rico License must obtain US licensure for admission.

• A signed Professional Non-Academic Requirement form.
• Signed Criminal Background Check Disclosure
• Signed Acknowledgement of Criminal Conviction Prohibition for Placement and Licensure
• Signed FERPA Release/Drug Test or Failure to Test Results

Additional Academic Progression Requirements for the FNP

• Students in the FNP certificate program are required to earn a minimum grade of "B" in all nurse practitioner courses.
• Students in this program are limited to a maximum of two attempts to complete all courses with a passing grade. Withdrawal from a course resulting in a WF grade will be counted as an attempt.
• Prior to beginning the clinical courses, a student must have successfully completed the following courses: NRP 505, HCS 507, NRP 516, and HCS 510
• Courses with a clinical component are sequenced to provide the student with foundational information and skills expanding to management of complex health issues and may not be taken concurrently with any other course. The student will work with a preceptor during the clinical experiences. The clinical courses are the following: NRP 516, NRP 540, NRP 545A, NRP 545B, NRP 552 and NRP 560.
• Students in the FNP certificate program are required to earn a minimum grade of "B" in all nurse practitioner courses.
• Following completion of the clinical courses NRP 516, NRP 540, NRP 545A, NRP 545B, NRP 552 and NRP 560, students may progress to NRP 566 Preceptorship.
• All students must have the following documentation current and in effect by the end of HCS 510 Advanced Pathophysiology and throughout the remainder of the Required Course of Study:
  • Documentation of current medical information including a Hepatitis B immunization or titer (or signed University of Phoenix declination form), negative TB skin test or University of Phoenix TB symptom survey questionnaire, and immunization against measles and Rubella (MMR/MR) and Tetanus/Diphtheria (TD).
  • Current Basic Cardiac Life Support certification (BCLS).
  • Completed and verified negative criminal background check.
  • Practice lab participation release form.
• Students must hold a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For students holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program.

Minimum Grade Requirements for the FNP

• Guam
Students in the FNP certificate program are required to earn a minimum grade of "B" in all nurse practitioner courses. A student receiving a grade that does not meet this academic standard will be scholastically disqualified and will not be allowed to continue in the program until the course has been successfully repeated. Students are allowed one attempt to repeat only one (1) nursing practitioner course. If a passing grade is not earned or if the student withdraws from the course and receives a WF grade, the student will be scholastically suspended, permanently withdrawn, from the program. The student will not be permitted to continue in the program unless an additional attempt is approved by the School of Nursing through the submission of a student appeal. Students may only repeat one class which caused them to be placed on Scholastic Disqualification or in which a WF grade was earned one time. These courses include: HCS 507, HCS 510, NRP 505, NRP 516, NRP 540, NRP 545A, NRP 545B, NRP 552, NRP 560, NRP 566, NUR 550

Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
- Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
- Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
- Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement
- Re-Admission is granted when the student satisfactorily fulfills the outlined requirements to remove the scholastic disqualification. Once the grade minimum has been satisfied, the student may then proceed sequentially through the program.

Certificate Requirements for the FNP
- A minimum of 41 graduate credits.
- A minimum program grade point average (GPA) of 3.0.
- Satisfactory completion of the Nurse Practitioner Preceptorship and all required clinical hours.
- The certificate awarded for this program will read as: Family Nurse Practitioner

Residency Requirements and Course Waivers for the FNP
Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 26 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 15 credits from the Required Course of Study based upon review of previous nurse practitioner coursework or equivalent by the Dean of Nursing via the Student Appeals Center (SAC).

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.

The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.

The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following courses in the Required Course of Study may not be waived: HCS 504, NRP 566

Re-entry for the FNP
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student to this program.

Re-entry students may re-enroll into their program version if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

An appeal will be required for re-entry students to re-enroll in their program if:
- The student is requesting to return after being administratively withdrawn due to one of the following student academic statuses: academic disqualification (AD), scholastic suspension (SS), or scholastic disqualification (SD).
- The student’s program version is still the most current offered in their state or jurisdiction but they are unable to complete the remaining program requirements within the original program completion deadline.
- The student wishes to return to a prior program version and the student can complete their remaining requirements within the original program completion deadline.

Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.
CERTIFICATE PROGRAMS FOR THE COLLEGE OF INFORMATION SYSTEMS AND TECHNOLOGY

Advanced Cyber Security Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information. This certificate is only available as an en-route credential to the Bachelor of Science in Information Technology and must be completed via the Online modality.

The Cyber Security Certificate concentrates on the concepts and principles of securing and protecting the information assets of the organization. The areas of information assurance, systems security, risk management, cryptography, cyber security and enterprise security are covered in this certificate. This program helps prepare for industry certifications such as the ISC2 Systems Security Certified Practitioner (SSCP) and Certified Information Systems Security Professional (CISSP).

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cert-acs.

Program Category Requirements for the CERT/ACS

Courses requiring prerequisites are identified by a * symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Cyber Security, 18 total credits
Select 18 credits from the following:

- CMGT 230: Fundamentals of SSCP - 3 credits
- CMGT 400: Intro to Information Assurance & Security - 3 credits
- CMGT 430: Enterprise Security - 3 credits
- CMGT 431: Information Systems Security - 3 credits
- CMGT 432: Information Systems Risk Management - 3 credits
- CMGT 433: Introduction to Cryptography - 3 credits
- CMGT 440: Cyber Security - 3 credits

Additional Admission Requirements for the CERT/ACS

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Signed Hardware/Software Agreement

Certificate Completion Requirements for the CERT/ACS

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.00.

Residency Requirements and Course Waivers for the CERT/ACS

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix. Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Through an approved articulation agreement, students who have successfully completed equivalent courses may waive, without credits, up to six (6) credits of the Required Course of Study. Students must substitute other upper division coursework to satisfy the upper division credit requirement of their degree program (each program has specific substitution requirements). This policy also applies to upper division courses which are used to fulfill certificate degree requirements. In order to be granted a waiver, without credit, for a course in the Required Course of Study, a student...
must have completed a previous course which meets the following 
criteria:

• The course must have been completed and transcripted from a 
  regionally or nationally accredited institution with which the 
  University of Phoenix has an approved articulation agreement.

• The course must have been completed with a grade of "C" (2.0) 
  or better during the effective dates of the approved articulation 
  agreement.

• The course must be approved through the articulation 
  agreement and must be comparable in content and credits to the 
  University course it is replacing.

Re-Entry for the CERT/ACS

Any student who has been out of attendance for more than 365 
days from the last date of positive recorded attendance in a pro-
gram applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without 
appeal if the program version is still the most current in their state 
or jurisdiction and the student has the ability to satisfy all program 
requirements within their original program completion deadline.

Re-entry students whose program version is not the most current 
in their state or jurisdiction will be required to enroll into the most 
current version.

Select programs may have additional re-entry requirements/ 
restrictions. Re-entry students should consult their Academic 
Advisor for guidance.

Advanced Software Developer Certificate
(Undergraduate)

The following certificate program may be offered at these University 
of Phoenix campus locations: Phoenix. The availability of programs and 
certificates depend on student demand and other factors. Not all 
programs may be available to all residents of all states. Students may want 
to consider completing certain courses in the Online classroom at Online 
rates if the program is available via the Online modality in their state.
Please contact your enrollment representative for more information.

This certificate is only available as an en-route credential to the Bachelor 
of Science in Information Technology and must be completed via the 
Online modality.

The Advanced Software Developer Certificate concentrates on 
principles of software application development. This certificate 
explores modern software development through the use of multiple 
modern application programming languages as well as mobile 
programming and software architecture principles. This program 
helps preparation for industry certifications such as the C++ Certi-
fied Professional Programmer, Oracle Certified Professional JAVA 
SE Associate and Professional Programmer (OCP) and Microsoft 
C# and VB certifications.

For more information about our graduation rates, the median debt 
of students who completed the program, and other important 
information, please visit our website at http://www.phoenix.edu/
programs/cert-asd.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University 
Learning Goals, College of Information Systems and Technology 
graduating students are intended to attain certain program-specific 
knowledge, skills and abilities. Therefore, you should be able to 
demonstrate the following learning outcomes by the time you com-
plete this program.

• Students will be able to explain and apply fundamentals of 
  software application development.

• Students will be able to apply concepts learned toward industry 
  certifications.

General Information for the CERT/ASD

This certificate program may be taken on its own or may be earned 
en-route to earning a degree.

Additional Admission Requirements for the CERT/ASD
• High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body. GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HIGET examination with a passing score.

• Signed Hardware/Software Agreement

Certificate Completion Requirements for the CERT/ASD

• Completion of a minimum of 18 credits.
• A minimum grade point average (GPA) of 2.0.
  • Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
  • Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
• The certificate awarded for this program will read as: Advanced Software Developer (Undergraduate)

Residency Requirements and Course Waivers for the CERT/ASD

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

• The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
• The course must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of “C” (2.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Through an approved articulation agreement, students who have successfully completed equivalent courses may waive, without credits, up to six (6) credits of the Required Course of Study. Students must substitute other upper division coursework to satisfy the upper division credit requirement of their degree program (each program has specific substitution requirements). This policy also applies to upper division courses which are used to fulfill certificate degree requirements. • The course must have been completed with a grade of “C” (2.0) or better during the effective dates of the approved articulation agreement.
• The course must be approved through the articulation agreement and must be comparable in content and credits to the University course it is replacing.

Re-entry for the CERT/ASD

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Advanced Networking Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information. This certificate is only available as an en-route credential to the Bachelor of Science in Information Technology and must be completed via the Online modality.

The Advanced Networking Certificate is designed to provide complete coverage of networking topics including the OSI model, network topologies, network protocols, network operating systems, as well as network architecture, network design and management. Comprehensive coverage of local area, wide area, and wireless networks including performance and service levels are addressed in this concentration. This certificate also provides an exposure to network modeling and measuring of network performance. This program helps preparation for industry certifications such as the Microsoft Certified Solutions Associate (MCSA) and Expert (MCSE) as well as the CompTIA Linux+ Powered by LPI certification. For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cert-an.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Information Systems and Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.
• Students will be able to apply fundamentals of networking.
• Students will be able to design and administer Windows Server infrastructure.

requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

**Advanced Multimedia Development Certificate (Undergraduate)**

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

This certificate is only available as an en-route credential to the Bachelor of Science in Information Technology and must be completed via the Online modality.

The Advanced Multimedia Development Certificate focuses on the application of effective design principles in the development of various digital media. The skill set obtained in this certificate cover digital design, 3D design, image editing, web design, desktop publishing, electronic publishing and multimedia development. This program helps preparation for industry certifications such as the Adobe Certified Expert (ACE) as well as the Autodesk 3ds Max Design certification.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Information Systems and Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to apply effective design principles.
- Students will be able to design various digital media.

Residency Requirements and Course Waivers for the CERT/AMMD

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
- The certificate awarded for this program will read as: Advanced Multimedia Development (Undergraduate).
The course must have been completed with a grade of “C” (2.0) or better.

The course must have been completed with the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better.

The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Through an approved articulation agreement, students who have successfully completed equivalent courses may waive, without credits, up to six (6) credits of the Required Course of Study. Students must substitute upper division coursework to satisfy the upper division credit requirement of their degree program (each program has specific substitution requirements). This policy also applies to upper division courses which are used to fulfill certificate degree requirements. In order to be granted a waiver, without credit, for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed and transcripted from a regionally or nationally accredited institution with which the University of Phoenix has an approved articulation agreement.
- The course must have been completed with a grade of "C" (2.0) or better during the effective dates of the approved articulation agreement.
- The course must be approved through the articulation agreement and must be comparable in content and credits to the University course it is replacing.

Re-entry for the CERT/AMMD

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Health Care Information Technology Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state.

Please contact your enrollment representative for more information.

The Health Care IT certificate offers coursework focused on technical knowledge and IT skills applied to health care business operations. This certificate covers the body of knowledge for the CompTIA HIT technician exam by focusing on technical skills and interactive, hands-on experience in Information Systems (IS) fundamentals, personal computer hardware and operating systems support, and Health Care Information Technology (HIT).

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Information Systems and Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to apply knowledge and skills in desktop support.
- Students will be able to implement and support IT systems in the health care industry.

Required Course of Study for the CERT/HIT

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Foundation, 3 total credits

CIS 208 ................................................................. 3 credits

The University reserves the right to modify the required course of study.

General Information for the CERT/HIT

This certificate program may be taken on its own or may be earned en-route to earning an associates degree.

Students who completed a certificate in its entirety and who later choose to enroll in an associates program with a concentration in the same area of focus as the completed certificate will not earn a second certificate en-route to completing the associates program.

Additional Admission Requirements for the CERT/HIT

All applicants are expected to meet the following admissions requirements:
High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HSET examination with a passing score.

Signed Hardware/Software Agreement
Certificate Completion Requirements for the CERT/HIT
Successful completion of a minimum of 18 credits.
A minimum grade point average (GPA) of 2.0.
Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
The certificate awarded for this program will read as: Health Care Information Technology
Students who have earned an Associate (A or B Track) or undergraduate degree in Information Technology may not receive a certificate in the same area of focus. Example: a student may not earn an AAIT/HIT Track A or B first and come back to earn an HIT certificate; however, students who have completed a certificate may return to receive an associates or bachelors in Information Technology with a concentration in the same area as the completed certificate or another approved concentration.
Residency Requirements and Course Waivers for the CERT/HIT
Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.
Students in this program may waive a maximum of 6 credits from their required course of study.
In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
The course must have been completed within the past ten (10) years (5 years for IS&T courses from current program enrollment agreement sign date with a grade of “C” (2.0) or better.
The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
The following course(s) in the Required Course of Study may not be waived: CIS 298
Re-entry for the CERT/HIT
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

General Information for the CERT/G-CS

This certificate program may be taken on its own or may be earned en-route to earning a graduate degree.

Additional Admission Requirements for the CERT/G-CS

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor's degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e. JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- Applicants must have access to a suitable work environment for the completion of course assignments.
- A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.
- Signed Hardware/Software Agreement
- Resident Requirement and Course Waivers for the CERT/G-CS
- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 3.0.
  - Students earning the certificate en-route will only be placed on Academic Probation if their graduate program GPA falls below the minimum requirement.
  - Students earning this certificate en-route to completion of a graduate program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for this program will read as: Graduate Cyber Security
- Residency Requirements and Course Waivers for the CERT/G-CS
- Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.
- Students in this program may waive a maximum of 6 credits from their required course of study.
- In order to waive a course in the required course of study, the student must have completed a previous course that meets the following criteria:
  - The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university;
  - The course must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "B" (3.0) or better;
  - The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
- Re-entry for the CERT/G-CS

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Graduate Business Analytics Certificate

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

This certificate is only available as an en-route credential to the Master of Information Systems and must be completed via the Online modality.

The Graduate Business Analytics Certificate is designed to provide specific theories, competencies, and skills necessary for success in the field of Business Analytics. This certificate will examine a number of methodologies and tools important to the discipline such as Information Systems Concepts, Database Management, Statistics, IT Architecture, Data Relationship Management, Customer Relationship Management, Analytic Programming and Statistical Business Analytics. Courses in this certificate can be used to help prepare for Oracle and SAS industry certifications.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/g-ba

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Information Systems and Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to develop and plan for the maintenance of databases for storage of business data and use in business analytics.
• Students will be able to retrieve and analyze data using appropriate statistical operations for use in decision making within an organization.

General Information for the CERT/G-BA
This certificate program may be taken on its own or may be earned en-route to earning a graduate degree.

Additional Admission Requirements for the CERT/G-BA
All applicants are expected to meet the following admissions requirements:

• An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor's degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e. JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
• Applicants must have access to a suitable work environment for the completion of course assignments.
• A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.
• Signed Hardware/Software Agreement

Certificate Completion Requirements for the CERT/G-BA
• Completion of a minimum of 18 credits.
• A minimum grade point average (GPA) of 3.0.
• Students earning the certificate en-route will only be placed on Academic Probation if their graduate program GPA falls below the minimum requirement.

Students earning this certificate en-route to completion of a graduate program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.

The certificate awarded for this program will read as:

Graduate Business Analytics

Residency Requirements and Course Waivers for the CERT/G-BA
Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to waive a course in the required course of study, the student must have completed a previous course that meets the following criteria:
• The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university;
• The course must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "B" (3.0) or better,
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Re-entry for the CERT/G-BA
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Graduate Information Systems Management Certificate

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

This certificate is only available as an en-route credential to the Master of Information Systems and must be completed via the Online modality.
The Graduate Information Systems Management Certificate is designed to provide Information Systems Professionals an essential understanding of the Information Systems and Business environment in which they will work. This certificate contains courses on information systems, programming concepts, database management, and information system leadership. The certificate also provides an understanding of business areas such as accounting, marketing and human resources and their importance for an information systems leader.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/g-ism.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, College of Information Systems and Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program:

- Students will be able to apply knowledge and skills to manage business systems.
- Students will be able to determine business information system needs through analysis and planning.

Criminal Justice Management Certificate
(Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

This certificate is only available as an en-route credential to the Bachelor of Science in Criminal Justice Administration and must be completed via the Online modality.

The Criminal Justice Management certificate area coursework is designed to give learners a depth of understanding concerning the management and administrative skills necessary to effectively run organizations in the various domains of criminal justice system. The courses included in this degree concentration focus primarily on the management and administration skill sets associated with the police, the courts, and with corrections. The theories and principles behind criminal justice are also examined. Students learn about policies, procedures associated with management functions, as well as many administrative practices and factors impacting criminal justice agency operations. This will not only give you the insight into what these specific departments are and what they do, but how to maintain and evaluate organizational operations from an administrative viewpoint. The certificate does not lead to certification; however the coursework alignment provides an emphasis of academic content that upon mastery is a source of in depth knowledge and skills for effectively managing criminal justice organizations.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cjm.

Required Course of Study for the CERT/CJM

Criminal Justice Administration Capstone

The University reserves the right to modify the required course of study.

The University’s Criminal Justice programs are educational degree programs. For those interested in pursuing a career in law enforcement, corrections or as a peace officer with any particular local, state, federal or international agency, there are numerous additional qualifications (and often disqualifications) depending on the position. Before enrolling in a Criminal Justice program, potential students are highly encouraged to check with the relevant agency for a complete list of position requirements. The University makes no representations regarding whether any particular University program will qualify a graduate for any such position.

Additional Admission Requirements for the CERT/CJM

All applicants are expected to meet the following admissions requirements:

• High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.

• An associate’s degree or higher from a nationally accredited college or university, or candidate for accreditation, or foreign equivalent program earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

• A minimum of one year full-time post high school work experience in the Criminal Justice industry is required.

• Signed Acknowledgement Form

• A minimum of one year full-time post high school work experience in the Criminal Justice industry is required.

Certificate Completion Requirements for the CERT/CJM

• Completion of a minimum of 18 credits.

• A minimum grade point average (GPA) of 2.0.

• Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.

• Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.

The certificate awarded for this program will read as: Criminal Justice Management (Undergraduate)

Additional Residency Requirements and Course Waivers for the CERT/CJM

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be
completed at University of Phoenix.
Students in this program may waive a maximum of 3 credits from their required course of study.
In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
The following courses in the required course of study may not be waived: CJA 484

**Re-entry for the CERT/CJM**
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

**Cybercrimes Certificate (Undergraduate)**

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

This certificate is only available as an en-route credential to the Bachelor of Science in Criminal Justice Administration and must be completed via the Online modality.

The Cybercrimes certificate area coursework provides students with the basic knowledge and skills needed to recognize relevant sources of electronic evidence and determine how electronic evidence can be used in court proceedings and as part of an organizational security plan. The concentration combines academic instruction in criminal justice and cybercrime domains to include; the evolution of cybercrime, cybercrime forensics, electronic evidence gathering, and cybercrime investigation and prevention. Students are prepared to provide services in a variety of private and public settings within the criminal justice domains of policing, the courts, corrections, and security organizations. The certificate does not lead to specific industry certification; however, the coursework alignment is an emphasis of academic content and skills based knowledge designed to develop a strong foundational understanding of cybercrime models and issues.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cyb.

This certificate is only available as an en-route credential to the Bachelor of Science in Criminal Justice Administration and must be completed via the Online modality.

The Criminal Justice Security certificate area coursework is intended to give graduates knowledge and basic skills to work in Homeland Security and other areas of the criminal justice system that deal with terrorism, counterintelligence and analysis. This particular certificate concentration represents an integrated program combining academic instruction in criminal justice with applied skills for students whose goal is a career in the areas of the system where basic skills in analysis, risk management, counterterrorism, critical infrastructure and management are required. Security graduates are prepared to provide services in a variety of private and public settings within the criminal justice domains of policing, the courts, corrections and security organizations. The certificate does not lead to specific industry certification; however, the coursework alignment provides an emphasis of academic content and skills that support effective security practices and in depth knowledge of security related issues.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/sec.
Required Course of Study for the CERT/SEC

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

- BSS 395 ................................................................. 3 credits
- BSS 480 ~ ................................................................. 3 credits
- BSS 481 ~ ................................................................. 3 credits
- BSS 482 ~ ................................................................. 3 credits
- BSS 483 ~ ................................................................. 3 credits
- CJA 484 ~ ................................................................. 3 credits

Contemporary Issues and Futures in Security
Risk Management Perception and Communication
Counterterrorism Intelligence and Analysis
Securing Critical Infrastructure and Cyberspace
World View of Homeland Security
Criminal Justice Administration Capstone

The University reserves the right to modify the required course of study.

The University’s Criminal Justice programs are educational degree programs. For those interested in pursuing a career in law enforcement, corrections or as a peace officer with any particular local, state, federal or international agency, there are numerous additional qualifications (and often disqualifications) depending on the position. Before enrolling in a Criminal Justice program, potential students are highly encouraged to check with the relevant agency for a complete list of position requirements. The University makes no representations regarding whether any particular University program will qualify a graduate for any such position.

Additional Admission Requirements for the CERT/SEC

All applicants are expected to meet the following admissions requirements:
- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- An associate’s degree or higher from a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- A minimum of one year full-time post high school work experience in the Criminal Justice industry is required.
- Signed Acknowledgement Form
- A minimum of one year full-time post high school work experience in the Criminal Justice industry is required.

Certificate Completion Requirements for the CERT/SEC

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.

- Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for this program will read as: Criminal Justice Security (Undergraduate)

Additional Residency Requirements and Course Waivers for the CERT/SEC

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 3 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of “C” (2.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following courses in the required course of study may not be waived: CJA 484

Re-entry for the CERT/SEC

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Certificate Awards

Upon completion of all courses in a certificate program and submission of the Request for Certificate form, a certificate of completion and a certificate posted transcript will be processed.

Accreditation and Affiliations

The following agencies have supported the development of the
School of Continuing Education provides noncredit instructional opportunities for a variety of learners to develop their knowledge, build essential skills, and expand career paths in flexible and dynamic formats. The professional development courses and programs offered through the School of Continuing Education are documented on an official University of Phoenix noncredit transcript designated for the School of Continuing Education. School of Continuing Education students must adhere to the standard University of Phoenix student and university policies. Students intending to use professional development courses to satisfy continuing education or professional development requirements are responsible for determining whether professional development courses taken at University of Phoenix will satisfy such requirements. Professional development educational measurements differ based on category.

Continuing Education Units (CEU) are awarded at the ratio of 10 hours of qualified instruction to 1 CEU.

Professional Development Units (PDU) are awarded at the ratio of 1 hour of qualified instruction to 1 PDU.

Contact Hours are awarded at the ratio of 60 minutes of qualified instruction to 1 contact hour.

**Grading Procedures**

Formal grade reports are available through the student web site upon completion of each course. Grade reports indicate the course taken, credits received, and grade assigned. A student who has failed to make payment for tuition of a course will have the grade withheld until payment is made.

Faculty members are required to post final grades within seven days of completion of the course.

- **P** = Passing. Student satisfactorily completed the course.
- **F** = Failing. Student performance demonstrates unsatisfactory or below minimally acceptable achievement in accomplishing course goals and objectives.
- **W** = Withdrawal

Student withdrawn due to exceeding the maximum allowable absences from the course or has been administratively withdrawn by the university. A "W" grade will be issued in the following scenarios:

- The student recorded positive class attendance in at least one scheduled class and failed to meet the class attendance requirements due to exceeding the maximum allowable absences.
- The student recorded positive class attendance in at least one scheduled class and has been administratively withdrawn from the university and/or program during.

**Grade Disputes and Grade Corrections**

Students should raise concerns or questions about perceived assignment and course grading errors directly with faculty promptly after receiving feedback and grades. No one other than the faculty member teaching the course may determine assignment or course grades for a student. Students are not allowed to submit extra work to raise their grade. Students’ grades represent the work and knowledge level attained within the regularly scheduled course dates.

Grades on individual assignments may be changed by the faculty at any time while the course is in session. Students’ grades may not be changed by the faculty member after final grades have been submitted unless the student initiates the grade dispute process or if the faculty member determines the original grade was improperly calculated.

Students disputing a grade received may contact their Academic Representative, who will assist the student with initiating a grade dispute. However, the decision regarding whether to change the grade rests solely with the faculty member. A grade dispute must be initiated within six (6) weeks of the grade posting date. Grade disputes are not appealable beyond the campus level.
PLEASE NOTE: Different tuition rates apply for ground classroom students based on whether a student is considered "new" or "continuing." See below for the criteria used to determine whether students will be charged "new student" rates or "continuing student" rates. This terminology (new/continuing) and criteria are only applicable in determining tuition rates for students and are not used for any other purpose at the University.

New Students:
The rates and fees listed in the "New" Students section are applicable to students who meet one of the following criteria, as of 3/17/2015:

- Individuals enrolling at University of Phoenix who do not have any positive attendance (i.e. "Y" posted) in any degree-seeking or credit-bearing-certificate-seeking program course at the University.
- University of Phoenix students who have graduated (degree conferred) from a University of Phoenix degree-seeking program and are enrolling in a new program, and have not attempted any other program, with positive attendance (i.e. "Y" posted), since graduating from the previous program.
- Students returning to a University of Phoenix program after having no positive attendance ("Y" posted) in any degree-seeking or credit-bearing-certificate-seeking program course for longer than 365 days from the last positive attendance ("Y" posted).
- University of Phoenix students who are changing from a bachelor or master degree-seeking program (from which they have not graduated) to another program at a higher degree level (e.g., bachelor to master, master to doctoral).

Continuing Students:
The rates and fees listed in the "Continuing" Students section are applicable to students who meet one of the following criteria, as of 3/17/2015:

- University of Phoenix students who have been pursuing a degree-seeking or credit-bearing-certificate-seeking program when the first positive attendance ("Y" posted) was prior to 3/17/2015, who have not been out of attendance (no positive attendance "Y" posted) within 365 days from the last recorded positive attendance ("Y" posted).
- University of Phoenix students who are changing from a program (from which they have not graduated) to another at the same or lower level, who started the former program prior to 3/17/2015, and who have at least one recorded positive attendance ("Y" posted) within 365 days of the last recorded positive attendance ("Y" posted).
- University of Phoenix students who are changing from an associate program (from which they have not graduated) to a bachelor program, who started the associate program prior to 3/17/2015, and who have at least one recorded positive attendance ("Y" posted) within 365 days of the last recorded positive attendance ("Y" posted).
- University of Phoenix students who are moving from a credit-bearing certificate program (whether they graduated from the program or not) to an associate or bachelor program, when the first positive attendance ("Y" posted) for the credit-bearing certificate program was prior to 3/17/2015 and when there is positive attendance ("Y" posted) in the credit bearing certificate program within 365 days of enrollment in the associate or bachelor program.

FACULTY

For a list of all faculty in each School and College, visit the Faculty Credentials section at http://www.phoenix.edu/faculty.html.

COLLEGE OF HUMANITIES AND SCIENCES

Executive Dean
Constance St. Germain, EDD

Academic Dean
Amy Smith, PHD

Associate Dean
Shawn McCowan, PHD

Assistant Dean
Jessica Philipp, PHD

Campus College Chairs

Detroite
Kevin Walsh, MA

St. Louis
Linda Simpson, MBA

West Michigan
Brenda Holland, MA

Austin
Al Dos Santos, PHD
Baton Rouge
Anna Dow, JD
Dallas
James Chapman, MAS/MS
Memphis
Jennifer Mounier, MA
Nashville
Jonathan Yancey, MAT
Phoenix
Nicole Konrad, MCSW
Atlanta
Lilin Lu, MS/ECE
Charlotte
Melissa Nethery, PHD

Richmond-Virginia Beach
Eerica Flippin, PHD
South Florida
Jerry Kaper, MS/ED
Washington DC
Michelle Orzech, MA
Bay Area
William Chun, MA
Central Valley
Barbara Melton-Ball, MA
Colorado
Mindy Brubaker, MBA
Las Vegas
Mohammed Miah, EDD
Oregon
Christopher Wilson, MS

Sacramento Valley
Carlos Flores, MS
San Diego
Karin Gottfredson, MS
Southern California
Jackie Shahzadi, PHD

Campus Area Chairs

Area Chairs for the following content areas are appointed at each campus. Not all programs are offered at every campus.

- English
- Communications
- Humanities
- History
- Mathematics
- Sciences

COLLEGE OF SECURITY AND CRIMINAL JUSTICE

Executive Dean
James A. Marks, MA

Associate Dean
Franzi Walsh, DBA

Assistant Dean
Donald Munday, EDD

Campus College Chairs

Memphis
Rick Douglass, MBA

Austin
Reggie Grigsby, MAOM
Atlanta
Steve Northam, DPA
Central Valley
Ana Moore, JD
Las Vegas
Daniel Barry, MA
Sacramento Valley
Steven Campos, MS

San Diego
Donna Hernandez, MFS
Southern California
J. Phil Parker, MBA

Program Managers
San Diego Campus
Donna Hernandez, MFS
National University
Southern California Campus
John Hullar, MPA

California State University

Campus Area Chairs

Area Chairs for the following content areas are appointed at each campus. Not all programs are offered at every campus.

- Criminal Justice and Security

COLLEGE OF SOCIAL SCIENCES

Executive Dean
Constance St. Germain, EDD

Assistant Dean
Ellen Kelsh, EDD

Campus College Chairs

Chicago
Mabel Menard, MS

Cleveland
Jeany Tri, MAED

Detroit
Cora Haskins, PHD
West Michigan
Lyle Laborde, MS
El Paso
Rebeca Robles, MED
Phoenix
Patricia Kerstner, PHD

Southern Arizona
Jenny Simon, PHD
North Florida
Michelle Bailey, EDD
Puerto Rico
Edvard Pharel, PHD
Bay Area
Ryan Berman, Psy.D.
Colorado
Jean Miller, MA

San Diego
Lynn Lunceford, Psy.D.
Southern California
Marylo Trombley, PHD
Utah
Richard Cox, PHD

Program Managers
Bay Area Campus
Charlene Blount, MS
University of Phoenix, 2015-2016

Central Valley Campus
True Moua, MBA
University of Phoenix

Colorado Campus
Jaime Primiano MSC
University of Phoenix

Detroit Campus
Bonita Pedrosi, MS/CP
Eastern Michigan University

Las Vegas Campus
Linda Quast, MBA
Ashford University

Oklahoma City Campus
William Powers MS/P
University of Phoenix

Phoenix Campus
Tony Floda, PHD
Walden University

Sacramento Valley Campus
Rosamaria Cerezo, MAOM
University of Phoenix

San Diego Campus
Barbara Burt, PsyD
Southern California Seminary

Southern California Campus
Michelle Crawford-Morrison, MA

Utah Campus
Jan Adams, MA
University of Utah

Sarah DeHaan, MSC/MHC
University of Phoenix

Campus Area Chairs
Area Chairs for the following content areas are appointed at each campus. Not all programs are offered at every campus.

SCHOOL OF BUSINESS

Executive Dean
Ruth Veloria, MBA

Assistant Dean
Alisa Fleming, MBA

Campus College Chairs
Cincinnati
Henry F. Russell, MBA

Cleveland
Stephen Quick, DBA

Columbus, OH
Peter Wilkinson, PHD

Detroit
Janisse Green, DBA

Fairfield County
Tamara Clark, PHD

Jersey City
Lillie Hibbler, PHD

Kansas City
John Papazafiropoulos, Ph. D.

Philadelphia
Bill Baker, MBA

Austin
John Carroll, MB

Baton Rouge
Barbara Holloway, DBM

Dallas
Bob Wyatt, PHD

El Paso
Scott Goldberg, PHD

Houston
Wawa Ngenge, PHD

Memphis
Adam Carr, PHD

Nashville
Alan Preizer, PHD

New Mexico
Kelli Livermore, MPA

Phoenix
Patrick Sherman, DM

San Antonio
Paul Cooper, MBA

Augusta
Marvin Jones, MBA

Central Florida
Edythe McNickle, PHD

Charlotte

<tbody>
<tr>
<td>ACC 210</td>
<td>ACCOUNTING INFORMATION SYSTEMS</td>
<td>3</td>
<td>School of Business</td>
<td>This course introduces accounting students to the use of technology and real-world applications. Areas of study include fundamental concepts and technologies (what computers can do for business), the Internet, intranets, electronic commerce, information systems development, basic project management principles, decision support systems, and the benefits of computer and human synergy.</td>
</tr>
<tr>
<td>ACC 220</td>
<td>SURVEY OF ACCOUNTING: THE MAZE OF NUMBERS</td>
<td>3</td>
<td>School of Business</td>
<td>Every business depends on its accountants to organize and maintain financial information. The maze of numbers that most people see, accountants translate into valuable information that keeps a company going. This course introduces students to the accounting profession. It covers the role accounting plays in business and career options in accounting. Students will learn the fundamentals of accounting principles and the accounting cycle.</td>
</tr>
<tr>
<td>ACC 230</td>
<td>FINANCIAL REPORTING: PEEKING UNDER THE FINANCIAL HOOD</td>
<td>3</td>
<td>School of Business</td>
<td>In this course, students will study how to analyze financial statements and methods used to value companies. Financial reports help managers choose between business paths. They also help investors and analysts evaluate the financial health of companies. This course is a practical means of discovering how financial data are generated and their limitations; techniques for analyzing the flow of business funds; and methods for selecting and interpreting financial ratios. It also presents analytical tools for predicting and testing assumptions about a firm's performance.</td>

</tr>
<tr>
<td>ACC 290</td>
<td>PRINCIPLES OF ACCOUNTING I</td>
<td>3</td>
<td>This course covers the fundamentals of financial accounting as well as the identification, measurement, and reporting of the financial effects of economic events on an enterprise. Students will learn to examine financial information from the perspective of management. Other topics include decision-making, planning, and controlling from the perspective of a practicing manager.</td>
<td></td>
</tr>
<tr>
<td>ACC 291</td>
<td>PRINCIPLES OF ACCOUNTING II</td>
<td>3</td>
<td>This course introduces accounting concepts in a business environment. Students learn to create and apply accounting documents in making better business decisions. Other topics include plant assets, liabilities, accounting for corporations, investments, statements of cash flows, financial statement analysis, time value of money, payroll accounting, and other significant liabilities.</td>
<td></td>
</tr>
<tr>
<td>ACC 300</td>
<td>PRINCIPLES OF ACCOUNTING</td>
<td>3</td>
<td>This course focuses on principles of accounting for the non-accounting student. Emphasis will be placed on the accounting equation and transactions, financial statement preparation and analysis, internal controls, regulatory environment, compliance, and global business implications.</td>
<td></td>
</tr>
<tr>
<td>ACC 340</td>
<td>ACCOUNTING INFORMATION SYSTEMS I</td>
<td>3</td>
<td>This course is designed to provide accounting students with the proper mix of technical information and real-world applications. Areas of study include fundamental concepts and technologies (what computers do for a business), internets, intranets, electronic commerce, information systems development, basic project management principles, Decision Support Systems, and the benefits of computer-human synergy.</td>

<tr>
<td>ACC 349</td>
<td>COST ACCOUNTING</td>
<td>3</td>
<td>School of Business</td>
<td>This course introduces cost terminology and flows, standard cost systems, relevant costing, budgeting, inventory control, capital asset selection, responsibility accounting, and performance measurement.</td>
</tr>
<tr>
<td>ACC 400</td>
<td>ACCOUNTING FOR DECISION MAKING</td>
<td>3</td>
<td>School of Business</td>
<td>This course concentrates on effective decision making as it relates to financial activities in a business enterprise. Course topics will include financial assets, liabilities, equity, business operations, financial management, and financial statement analysis. Students will have the necessary analytical tools to enhance business operations.</td>
</tr>
<tr>
<td>ACC 421</td>
<td>INTERMEDIATE FINANCIAL ACCOUNTING I</td>
<td>3</td>
<td>School of Business</td>
<td>This course examines the conceptual framework of accounting, cash vs. accrual accounting, the income statement and balance sheet, time value of money, cash, receivables, and inventory.</td>
</tr>
<tr>
<td>ACC 422</td>
<td>INTERMEDIATE FINANCIAL ACCOUNTING II</td>
<td>3</td>

<td>3</td>
<td>School of Business</td>
<td>This course examines dilutive securities and earnings per share, investments, revenue recognition, accounting for income taxes, leases, changes &amp; errors, and the statement of cash flows.</td>
</tr>
<tr>
<td>ACC 455</td>
<td>CORPORATE TAXATION</td>
<td>3</td>
<td>School of Business</td>
<td>This course is a basic introduction to federal corporate taxation. The purpose is to familiarize the student with fundamental tax issues and provide the student with a general understanding of the history, laws, and policies of federal taxation.</td>
</tr>
<tr>
<td>ACC 456</td>
<td>INDIVIDUAL ESTATE TAXATION</td>
<td>3</td>
<td>School of Business</td>
<td>This course is a basic introduction to federal individual and estate taxation. The purpose is to familiarize the student with fundamental tax issues and provide the student with a general understanding of the history, laws, and policies of federal taxation.</td>
</tr>
<tr>
<td>ACC 460</td>
<td>GOVERNMENT AND NON-PROFIT ACCOUNTING</td>
<td>3</td>
<td>School of Business</td>
<td>This course covers fund accounting, budget and control issues, revenue and expense recognition and issues of reporting for both government and non-profit entities.</td>

<td>This course examines auditing standards, professional ethics, evidence, legal liability, audit planning and documentation, materiality and risk, internal control and the overall audit plan and program.</td>
</tr>
<tr>
<td>ACC 492</td>
<td>CONTEMPORARY AUDITING II</td>
<td>3</td>
<td>School of Business</td>
<td>This course examines auditing from a balance sheet perspective, completion of the audit, internal, operational and compliance auditing, auditors' reports and other attestation services.</td>
</tr>
<tr>
<td>ACC 497</td>
<td>ADVANCED TOPICS IN ACCOUNTING RESEARCH</td>
<td>3</td>
<td>School of Business</td>
<td>This course in accounting research provides students with an in-depth examination of the Generally Accepted Accounting Principles (GAAP) and acceptable alternative reporting practices. Through comprehensive case studies, students will develop the research application skills necessary to analyze and make decisions regarding accounting reporting dilemmas in for-profit and not-for-profit companies.</td>
</tr>
<tr>
<td>ACC 537</td>
<td>FINANCIAL ACCOUNTING</td>
<td>3</td>
<td>School of Business</td>
<td>In this course, students are introduced to the basic concepts and methods used in corporate financial statements for information of investors and other interested external parties. Topics include University of Phoenix tools, basic accounting concepts, financial statements, inventory and fixed assets, present value of bonds and stockholders' equity, statement of cash flows, and error correction and accounting changes.</td>

<tr>
<td>ACC 541</td>
<td>ACCOUNTING THEORY &amp; RESEARCH</td>
<td>3</td>
<td>School of Business</td>
<td>In this introductory course to the Master of Science in Accounting, students analyze the major approaches underlying accounting research and the principle tools for performing that research. Topics include a program and course overview; inventory and fixed assets; leases; derivative instruments, debt, and contingencies; segment reporting and pensions; and combinations, consolidations, and stockholder’s equity.</td>
</tr>
<tr>
<td>ACC 542</td>
<td>ACCOUNTING INFORMATION SYSTEMS</td>
<td>3</td>
<td>School of Business</td>
<td>In this course, students examine the fundamentals of accounting systems design. Topics include business information systems, business processes and data flows, database concepts and tools, internal control and risks, auditing the information system, and using the information system to perform audit functions.</td>
</tr>
<tr>
<td>ACC 543</td>
<td>MANAGERIAL ACCOUNTING &amp; LEGAL ASPECTS OF BUSINESS</td>
<td>3</td>
<td>School of Business</td>
<td>In this course, students examine managerial accounting as part of the business’s accounting information system and legal aspects of the business enterprise. Topics include managerial accounting and capital budgeting, cost analysis; management planning and control, negotiable instruments, secured transactions, debtor creditor relationships, property and insurance, and legal aspects of employment and environment.</td>
</tr>
<tr>
<td>ACC 544</td>
<td>INTERNAL CONTROL SYSTEMS</td>
<td>3</td>
<td>School of Business</td>
<td>In this course, students gain a broad perspective of accounting and control that considers attainment of all goals of the organization, including those concerned with financial objectives. Topics include an overview of control, risk management, internal control systems, controls for current asset functions, controls for other accounting classifications, controls for information technology systems, and reporting on controls.</td>

<tr>
<td>ACC 545</td>
<td>FINANCIAL REPORTING</td>
<td>3</td>
<td>School of Business</td>
<td>This course prepares students to address concepts of financial reporting for roles as CPA's. Students learn important criteria for calculating capital changes, applying concepts of fixed assets and cost determination, and preparing consolidated financial statements. Other topics include the professional responsibilities of CPAs, deferred taxes, cash flow statements, balance sheet preparation, restructuring of troubled debt, and the intricacies of comprehensive income.</td>
</tr>
<tr>
<td>ACC 546</td>
<td>AUDITING</td>
<td>3</td>
<td>School of Business</td>
<td>In this course, students focus on the auditing practice performed by public accountants. Topics include the CPA profession and the auditor’s role, planning the audit, audit reporting and required communications, evaluating internal controls, audit programs for current assets and liabilities, and audit programs for other business cycles.</td>
</tr>
<tr>
<td>ACC 547</td>
<td>TAXATION</td>
<td>3</td>
<td>School of Business</td>
<td>In this course, students develop an understanding of the taxation of business entities and the individuals who own those entities. Topics include tax entities, property transactions, calculating basis, gains and losses, alternative minimum tax, S-corporations and partnerships.</td>
</tr>
<tr>
<td>ACC 548</td>
<td>NOT-FOR-PROFIT &amp; GOVERNMENT ACCOUNTING</td>
<td>3</td>
<td>School of Business</td>
<td>In this course, students receive an overview of the budgeting, accounting, financial reporting, and auditing required of government and not-for-profit organizations. Topics include the governmental accounting, accounting records in government, fund allocation, government-wide reporting, not-for-profit accounting, and governmental performance measures.</td>

<tr>
<td>ACC 556</td>
<td>FORENSIC ACCOUNTING</td>
<td>3</td>
<td>School of Business</td>
<td>In this course, students are introduced to the conduct of fraud examinations, including a discussion of specific procedures used in forensic accounting examinations and the reasoning behind these procedures. Topics include an overview of fraud and abuse, forensic evidence, substantive procedures for cash outflow irregularities, substantive procedures for asset irregularities, financial statement fraud, and examination reporting.</td>
</tr>
<tr>
<td>ACC 561</td>
<td>ACCOUNTING</td>
<td>3</td>
<td>School of Business</td>
<td>This course applies accounting tools to make management decisions. Students learn to evaluate organizational performance from accounting information. Other topics include financial statements, cost behavior, cost allocation, budgets, and control systems.</td>
</tr>
<tr>
<td>ACC 561PR</td>
<td>ACCOUNTING</td>
<td>3</td>
<td>School of Business Puerto Rico</td>
<td>This course applies accounting tools to make management decisions in Puerto Rico. Students learn to evaluate performance for a Puerto Rican organization using accounting information. Other topics include financial statements, cost behavior, cost allocation, budgets, and control systems.</td>
</tr>
<tr>
<td>ACC 574</td>
<td>PUBLIC BUDGETING</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>In this course, students learn the accounting and budgeting tools and theories used in the public sector. Students will analyze the relationship between public policy and the public budget process. Other topics, at the state and local level, include budgetary decision making, basics of government and not-for-profit accounting, reporting, capital and operating expenditures, and inter-period equity.</td>

<tr>
<td>ACC H561</td>
<td>ACCOUNTING IN A HEALTH CARE ENVIRONMENT</td>
<td>3</td>
<td>School of Business</td>
<td>This course presents the concepts of financial accounting important to the understanding of the financial environment of the health care industry. Students interpret financial statements, prepare analyses of financial data necessary to make decisions, describe the different third party payment methods, experiment with cost finding and price setting, and conduct break-even analyses. The course provides students with experience in capital and operating budgets, and financial forecasts.</td>
</tr>
<tr>
<td>ACC S561</td>
<td>SMALL BUSINESS ACCOUNTING</td>
<td>3</td>
<td>School of Business</td>
<td>This course applies accounting tools to make management decisions. Students learn to evaluate organizational performance from accounting information using software tools. Other topics include financial statements, cost behavior, cost allocation, budgets, and control systems.</td>
</tr>
<tr>
<td>ACC S591</td>
<td>SMALL BUSINESS RISK AND TAX MANAGEMENT</td>
<td>3</td>
<td>School of Business</td>
<td>This course applies principles of controllership to managing small business risk and taxes. Students learn to evaluate financial risks and tax consequences of alternative elections. Other topics include business formation and registration, separation of owner from entity, internal controls, insurance, common tax issues affecting small business, and succession planning.</td>
</tr>
<tr>
<td>ACCX 574</td>
<td>PUBLIC BUDGETING</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>In this course students learn the accounting and budgeting tools and theories used in the public sector. Students will analyze the relationship between public policy and the public budget process. Other topics, at the state and local level, include budgetary decision making, basics of government and not-for-profit accounting, reporting, capital and operating expenditures, and inter-period equity.</td>
</tr>
<tr>
<td>ADM 505</td>
<td>PERSONNEL ADMINISTRATION FOR EDUCATORS</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on the responsibilities of educational administrators related to human resources. Participants examine three main components in human resources administration: utilization, development, and environment. Topics covered include selection, placement, induction, compensation, motivation, staff development, unionism, collective bargaining, and the legal aspects of personnel administration.</td>
</tr>
<tr>
<td>ADM 506</td>
<td>LEADERSHIP STRATEGIES FOR EDUCATORS</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to guide participants in the practical application of current trends and strategies of school leadership and organizational culture. Participants explore the roles and responsibilities of leadership, including decision making, communication, collaboration, and conflict management. A further emphasis is responsiveness to legislation and implementation of standards, including Common Core, to facilitate positive school change.</td>
</tr>
<tr>
<td>ADM 507</td>
<td>SCHOOL LAW FOR EDUCATORS</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to provide opportunities for participants to explore the practical application of public school law, including the origin and initial intent of the writers, while recognizing their administrative limitations. Participants examine the constitutional framework and amendments, court systems, and current legal issues, as well as the effect each has on the educational environment. Landmark cases are reviewed and analyzed to develop a cognitive base for legal principles and to improve the administrative management of a school.</td>
</tr>
<tr>
<td>ADM 508</td>
<td>SCHOOL FINANCE FOR EDUCATORS</td>
<td>3</td>
<td>College of Education</td>
<td>This course examines public educational funding and provides an overview for school leaders in the basic concepts of school finance. Topics include economic and social considerations for financing education adequately, equitable, and equally, as well as state and federal roles in education financing, school finance and litigation, finance procedures and practices, and the role of human resources in educational finance. Participants have the opportunity to experience the practical application of these concepts through various tasks, discussions, and scenarios addressing budget and finance issues, culminating in a project to develop their own school district financial plan and budget.</td>

<tr>
<td>ADM 509</td>
<td>ETHICAL AND LEGAL ISSUES FOR EDUCATORS</td>
<td>3</td>
<td>College of Education</td>
<td>This course explores the ethical and legal framework necessary to guide responsible teaching practices. Policy, statute, and case law is analyzed and applied to current educator practices. Participants make decisions about teacher-student relationships and appropriate boundaries based on a framework of ethical and legal principles to support building a professional practice that bears public scrutiny and inspires confidence.</td>
</tr>
<tr>
<td>ADM 519</td>
<td>ETHICAL AND LEGAL ISSUES FOR ADMINISTRATORS</td>
<td>3</td>
<td>College of Education</td>
<td>This course will examine the ethical principles of an administrator in the educational setting. Participants develop and refine the skills necessary to analyze and integrate constructive ethics into practices that lead to success. Emphasis is placed on the understanding and history of ethics, exploring the development of ethics, gaining an appreciation for the professionalism of ethics in action, analyzing the ethical and legal implications of issues that school administrators may face, and examining accountability factors related to ethics. Participants create their own personal code of ethics.</td>
</tr>
<tr>
<td>ADM 536</td>
<td>SPECIAL EDUCATION PROGRAM ADMINISTRATION</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to provide educational leaders with information and strategies for administering the legal requirements related to providing an inclusive education to students with special needs to determine effective programs and services. Participants receive a practical guide to the history, laws, and policies of special education, as well as the steps involved in the referral and evaluation processes from Response to Intervention (RTI) through the development of Individualized Education Programs (IEPs) and transition plans. Another focus addresses the roles, responsibilities, and relationships that parents guardians and advocates have within processes to ensure appropriate services are provided to a diverse population. Budget management for special education programs is also examined.</td>
</tr>
<tr>
<td>ADM 543</td>
<td>THE ROLE OF WOMEN IN EDUCATIONAL LEADERSHIP</td>
<td>3</td>
<td>College of Education</td>
<td>This course explores the role of women in educational leadership. Participants learn how women’s paths to leadership differ from those of men, what the unique styles and skills of women in leadership are, and which motivation and communication strategies are effective for women. The course focuses on expanding acknowledging, and developing women’s leadership skills and on developing plans to mentor women to take on educational leadership roles. It concludes with a section on how women can lead organizational change. Note: This course is beneficial for both male and female leaders.</td>

<tr>
<td>ADM 590</td>
<td>INTERNSHIP ON THE PRINCIPALSHIP</td>
<td>3</td>
<td>College of Education</td>
<td>This internship provides opportunities for the student to engage in experiences relevant to the principal and to obtain knowledge of the role and responsibility of the principal. The students gain first-hand knowledge of the day-to-day operations of the principal through many internship activities. The internship includes a supervised experience at a district located outside the university environment. This is an Arizona-specific, on-ground only course.</td>
</tr>
<tr>
<td>ADM 591</td>
<td>INTERNSHIP ON THE SUPERINTENDENCY</td>
<td>3</td>
<td>College of Education</td>
<td>This internship provides opportunities for the student to engage in experiences relevant to the superintendent and to obtain knowledge of the role and responsibility of the superintendent. The students gain first-hand knowledge of the day-to-day operations of the superintendent through many internship activities. The internship includes a supervised experience at a district located outside the university environment. This is an Arizona-specific, on-ground only course.</td>
</tr>
<tr>
<td>ADM 592</td>
<td>INTERNSHIP OF THE SUPERVISOR</td>
<td>3</td>
<td>College of Education</td>
<td>This internship provides opportunities for the student to engage in experiences relevant to the supervisor and to obtain knowledge of the role and responsibility of the supervisor. The students gain first-hand knowledge of the day-to-day operations of the supervisor through many internship activities. The internship includes a supervised experience at a district located outside the University environment. This is an Arizona-specific, on-ground only course.</td>
</tr>
<tr>
<td>ADM 596</td>
<td>INTERNSHIP ON THE PRINCIPALSHIP (6 WEEK)</td>
<td>3</td>
<td>College of Education</td>
<td>This internship provides opportunities for the student to engage in experiences relevant to the principal and to obtain knowledge of the role and responsibility of the principal. The students gain first-hand knowledge of the day-to-day operations of the principal through many internship activities. The internship includes a supervised experience at a district located outside the university environment.</td>

The students gain first-hand knowledge of the day-to-day operations of the superintendent through many internship activities. The internship includes a supervised experience at a district located outside the university environment.</td>
</tr>
<tr>
<td>ADMIN 500</td>
<td>ORIENTATION TO ADMINISTRATION AND SUPERVISION</td>
<td>0</td>
<td>College of Education</td>
<td>This course is designed to provide an orientation to the primary components of the Master of Arts in Education Administration and Supervision program. Students will be introduced to the program’s progression and degree completion requirements. Field experiences, electronic resources, E-portfolios, benchmark assignments, and the administrative internship will be discussed.</td>
</tr>
<tr>
<td>ADMIN 501</td>
<td>ORIENTATION TO ADMINISTRATION AND SUPERVISION</td>
<td>0</td>
<td>College of Education</td>
<td>This course is designed to provide an orientation to the primary components of the Master of Arts in Education Administration and Supervision program in California. Students will be introduced to the program’s progression and degree completion requirements. Field experiences, electronic resources, E-portfolios, benchmark assignments, and the administrative practicum will be discussed.</td>
</tr>
<tr>
<td>ADMIN 510</td>
<td>VISIONARY LEADERSHIP: FOUNDATIONS OF LEADERSHIP</td>
<td>3</td>
<td>College of Education</td>
<td>This course introduces the California Administrator Performance Expectations (CAPEs) and the California Administrator Content Expectations (CEs), with emphasis on the category of Visionary Leadership. Students will complete a series of dispositional, leadership, bias, and stereotyping assessments aligned to the University Student Code of Conduct and the College of Education Professional Supplemental Standards. Field experience, portfolio, and practicum will be reviewed.</td>
</tr>
<tr>
<td>ADMIN 518</td>
<td>LEADERSHIP AND COLLABORATIVE PROCESSES</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to provide students with an overview of educational leadership and with an understanding of the issues in educational leadership positions. Students analyze the various styles of leadership and explore how leadership enhances an educational environment. Students examine information on collaborative processes and examine how educational leaders can create high performing teams.</td>
</tr>
<tr>
<td>ADMIN 520</td>
<td>LEADERSHIP II: ORGANIZATIONAL AND INSTRUCTIONAL LEADERSHIP</td>
<td>1</td>
<td>College of Education</td>
<td>This course emphasizes the categories of Organizational and Systems Leadership, Instructional Leadership and the CAPEs aligned to those categories. Students are introduced to budgeting, research and data analysis, school law, discipline, safety, cultural competency, equity, and instructional leadership. Field experience, portfolio, and practicum will be applied.</td>
</tr>
<tr>
<td>ADMIN 521</td>
<td>BUSINESS SYSTEMS MANAGEMENT</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on understanding and managing the complex interaction of school systems to promote teaching and learning. Course concepts include school finance, budget and expenditures, financial records, organizational structures, human resources, facilities management, the use of outside support organizations, and, school safety and improvement. Field experience, portfolio, and practicum will be reviewed.</td>
</tr>

<td>LEADERSHIP III: SCHOOL IMPROVEMENT AND PROFESSIONAL LEARNING</td>
<td>1</td>
<td>College of Education</td>
<td>This course emphasizes school improvement, professional learning, and growth leadership. Students are introduced to principles of change management and school improvement, including the use of resources, systems, data collection, professional growth, and coaching and mentoring. Field experience, portfolio, and practicum will be applied.</td>
</tr>
<tr>
<td>ADMIN 531</td>
<td>SCHOOL IMPROVEMENT PROCESS AND LEADERSHIP</td>
<td>3</td>
<td>College of Education</td>
<td>This course reinforces the use of change management theories and best practices to develop and implement, monitor, and revise a data-based school growth plan that takes into consideration instructional needs, community goals for continuous improvement, human, fiscal and material resources and the school's vision and goals. Field experience, portfolio, and practicum will be reviewed.</td>
</tr>
<tr>
<td>ADMIN 532</td>
<td>PROFESSIONAL GROWTH LEADERSHIP</td>
<td>3</td>
<td>College of Education</td>
<td>This course reinforces the value of life-long learning and job-related profession growth, particularly through the application of adult learning principles to design, facilitate, monitor, and implement effective, targeted professional growth opportunities. Field experience, portfolio, and practicum will be reviewed.</td>
</tr>
<tr>
<td>ADMIN 533</td>
<td>COACHING AS A LEADER</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides an examination of how induction programs and individualized teacher support processes, such as mentoring and coaching, positively affect teaching and learning outcomes. Students will examine the process of gathering and using multiple sources of data to drive differentiated professional development that meets the needs of individual teachers and overall school goals. Students will be equipped with content knowledge, real-life application opportunities, tools, and specific strategies that can be applied in both school improvement and professional development. Field experience, portfolio, and practicum will be reviewed.</td>

<td>BUSINESS AND FACILITIES MANAGEMENT</td>
<td>3</td>
<td>College of Education</td>
<td>This course is a continuation of processes for managing business functions and for school facilities. Principal candidates will study school budgeting and accounting procedures, and they will study issues regarding facilities management. Principal candidates also will participate in field experiences related to business and facilities management.</td>
</tr>
<tr>
<td>ADMIN 540</td>
<td>LEADERSHIP IV: COMMUNITY</td>
<td>1</td>
<td>College of Education</td>
<td>This course focuses on community leadership, including representing and promoting the school’s accomplishments and needs to the LEA and the public. Students will examine the multiple connections between the school, families, and the community, and the value of involving the entire school community in working towards achieving the school’s mission, vision, and goals. Field experience, portfolio, and practicum will be applied.</td>
</tr>
<tr>
<td>ADMIN 541</td>
<td>COMMUNITY LEADERSHIP</td>
<td>3</td>
<td>College of Education</td>
<td>This course reinforces concepts of community leadership, particularly developing a shared commitment to the vision among all members of the school community. Course topics include personal and professional ethics; biases; school culture collaboration; working with diverse students and families; and strategies for developing family, community, and media relations. Field experience, portfolio, and practicum will be reviewed.</td>
</tr>
<tr>
<td>ADMIN 550</td>
<td>LEADERSHIP V: ASSESSMENT OF LEADERSHIP</td>
<td>4</td>
<td>College of Education</td>
<td>This course is a culmination of all course work, field experiences, portfolio, and practicum experiences. Students will apply the California Administrator Performance Expectations (CAPEs) to analyze their course work, field experiences, portfolio, and practicum.</td>

<td>This course explores the interactions between the arts and advertising, media, and lifestyle and cultural trends in contemporary American society. Familiarity will be gained with the various art forms and their relationship to personal and professional life, and in particular to how they contribute to the current conception of popular culture. Students are asked to examine current trends and cultural changes and to assess the role the arts have played in creating them.</td>
</tr>
<tr>
<td>ARTS 230</td>
<td>SURVEY OF THE VISUAL ARTS</td>
<td>3</td>
<td>This course offers a foundation in the visual arts, elements, styles, and critical analysis for beginning art students. Emphasis is on identifying and explaining styles of visual arts from various cultures, eras, and places. The course focuses on the interpretation of art to understand meaning, and the ability to make critical judgment based on principles of art. Students learn to communicate ideas and expression through their own creative work in a two-dimensional, three-dimensional, video, or other time-based media.</td>

<tr>
<td>ARTS 340</td>
<td>EXPLORATION OF WESTERN CLASSICAL MUSIC</td>
<td>3</td>
<td>This course will introduce students to Western European music from the Baroque period through the beginning of the 20th Century. The course will emphasize the history, musical development, and accomplishments of the Baroque, Classical, Romantic, and Early 20th Century periods in music. Students will learn to recognize form, style, texture, and characteristics of each period by studying a variety of composers and the representative masterpieces of each period.</td>

<td>OVERVIEW OF LINGUISTICS</td>
<td>College of Education</td>
<td>This course is designed to introduce K-12 educators to the study of the nature, structure, development, and acquisition of language. Participants explore the integration of theory into practice, teaching methods, cultural implications of language, and first- and second-language acquisition. Particular emphasis is given to psycholinguistics, sociolinguistics, communication, and assessment.</td>
</tr>
<tr>
<td>BLE 507</td>
<td>SCHOOL, COMMUNITY, AND FAMILY CULTURE</td>
<td>College of Education</td>
<td>This course is designed to examine multicultural education in the classroom, in the community, and globally. The primary focus is to provide participants with an understanding and appreciation of the beliefs, customs, and traditions of diverse cultures. Participants integrate multicultural curriculum featuring a variety of instructional strategies for bilingual learners that promote culturally responsive teaching.</td>
</tr>
<tr>
<td>BPA 200</td>
<td>PUBLIC SECTOR COMMUNICATIONS</td>
<td>College of Criminal Justice and Security</td>
<td>This course introduces students to the foundations of communication in a business setting. Students are exposed to various topics related to interpersonal and group communication within the context of applications in an office or virtual office setting. Students will develop skills in various mediums of written communication to include: memos, emails, business letters, and reports. Communication ethics and cross-cultural communications are also explored. Upon completing the course, students will have an awareness of their personal communication style and be able to identify areas for further exploration of communication as a business skill.</td>
</tr>
<tr>
<td>BPA 201</td>
<td>FOUNDATIONS OF PUBLIC ADMINISTRATION</td>
<td>College of Criminal Justice and Security</td>
<td>This course serves as an introduction to the study of public administration. During this course, students will review the political and social theories of public administration. Students will review leadership, human resources, finance, and ethics within a public policy-making environment. This course guides students to become familiar with the contemporary, complex issues facing local, state, and federal public administrators.</td>

<td>BSHS 385</td>
<td>Interpersonal Communication and Interviewing Skills</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>Human Services delivery requires expertise in communicating well with a wide range of people and groups. A key component of effective communication is the development of genuine positive regard for others, skill in establishing empathic relationships, and obtaining information needed for effective intervention with successful outcomes. This course provides knowledge of theory and practice in interpersonal communication. Students will learn skills for resolving conflict, establishing positive rapport, assisting clients in becoming clear about goals and focusing on outcomes, and practicing professional and ethical behaviors in all client interactions. Students will complete Modules 3, 4, 5 and 6 of the MHF training.</td>

<td>INTERVENTION, DIRECT SERVICE DELIVERY &amp; CASE MANAGEMENT</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course provides an overview of the role of the human service worker as a change agent with a focus on the application of theory and skills necessary for providing interventions and direct service delivery to individuals and groups. Specifically, students will develop competence in professional skills such as case management, client intake and interviewing, and basic group and individual counseling techniques. Additionally, students will learn how to access resources, use consultation, and make referrals. Students will complete Module 16 of the MHF training. (3 credits) Prerequisite: BSHS 395.</td>
</tr>
<tr>
<td>BSHS 406</td>
<td>FAMILY AND SOCIAL SYSTEMS: CONTEMPORARY TRENDS AND ISSUES</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>Theories of public and private families, as differentiated by societal interaction, are explored with a focus on family systems as they exist within social systems. Micro and macro family environments are investigated. Students will examine theories involving the interconnected and interdependent features of contemporary families in a range of social systems. Topics include the family, the state, and social policy with historical perspectives from federal and state legislation. Students will debate current trends in social policy, the efficacy of social welfare systems on a global scale, and demonstrate an understanding of the concept of practical compromise. Roles of the human service worker as advocate and service provider in the family systems context will be addressed.</td>
</tr>
<tr>
<td>BSHS 407</td>
<td>FAMILY VIOLENCE ACROSS THE LIFESPAN: A MULTI-STRATA PROBLEM</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course explores the phenomenon and social problem of family violence with both macro- and micro-theory explanations and an in-depth literature review. Students will demonstrate an understanding of assessment strategies, consequences and contributing factors of family violence across socio-economic strata and the full range of diverse populations experiencing family violence. Attention is focused on professional and social responses that include clinical interventions, educational initiatives within schools, and responses to the disclosure of family violence in agency and private settings. Skills to develop a human services approach to preventing family violence are enhanced in this course; students are required to outline their own personal and professional roles in the movement to end family violence.</td>

<td>CHILDHOOD ABUSE AND NEGLECT</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course focuses on the segment of family violence involving physical child abuse, child sexual abuse and exploitation, child neglect and psychological maltreatment of children. Students will examine the scope of these problems and the characteristics of both victims and perpetrators while conducting a search for patterns and dynamics of each distinction. Students will demonstrate knowledge and understanding of reporting requirements, treatment interventions, repressed memory controversy, working within the criminal justice system and the tenets of the Children’s Justice Act addressing investigation, prosecution and judicial handling of abuse and neglect cases. Areas of focus involve various forms of each category including indicators for the range of abuses on an international scale with child labor, slavery, and child prostitution issues.</td>
</tr>
<tr>
<td>BSHS 411</td>
<td>FIELD EXPERIENCE PART II</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>Curriculum Guide Description 04 01 2004: This course will provide relevant information and support to assist students in their second field experience placement experience in a human service organization. Students will conduct interviews, create learning contracts, and develop a further understanding of their role in the human service delivery system. Weekly workshops are provided to offer support and supervision of student activities in the field. Students will complete a total of 100 hours of field experience during a 10-week period. Supervision will be provided on a weekly basis in 2-hour group sessions. Students will be exposed to the 12 Core Competencies of the BSHS program, with an emphasis on Assessment, Documentation, Facilitation of Services, and Community Living Skills and Supports.</td>
</tr>
<tr>
<td>BSHS 415</td>
<td>FIELD EXPERIENCE I</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This is a 15-week course requiring at least 175 hours of field experience, or an average of 12 hours per week committed to a field placement site. Students will work in a human services setting under the supervision of a qualified professional. In addition to providing direct service, students will attend a weekly 2-hour class for faculty supervision and evaluation of core competency development. Typical activities of a field placement involve employing skills acquired so far in the program progression: conducting interviews, working directly with clients and groups, developing action plans and documenting. Students will complete Modules 13 and 14 of the MHF training.</td>

<td>HUMAN SERVICES MANAGEMENT: THEORY &amp; PRACTICE</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course traces the historical context of human services management as it relates to current theory and practice. Students will examine strategies for managing an integrated, diverse workforce and prepare to be generalists, understanding the scope of leading an organization with commonly encountered agency pressures. Students will employ learned management practices to inspect, distinguish, and measure the important attributes of program management and supervision. By demonstrating a basic understanding of organizational behavior and the challenges of embracing workforce diversity, dynamic systems change, performance evaluation and effective communication with a range of Para-professional and professionals, students will explore their roles as managers in the growing human services field. (3 credits). Prerequisite: BSHS 425</td>
</tr>
<tr>
<td>BSHS 427</td>
<td>CRITICAL THINKING SKILLS IN MANAGEMENT DECISION-MAKING</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course will familiarize students with strategies related to making sustainable decisions. Techniques used to make decisions, solve problems and lead environments will be explored. Concepts of strategic planning, organizing and leading are examined to link these basic principles to create a healthy and thriving workplace environment. Specific details to human services are considered and methods for service delivery to needs-based populations and the workers who serve in this capacity. Students are introduced to, and will demonstrate understanding of, the Six Sigma elements and five-step approach for process improvement. (3 credits). Prerequisite: BSHS 426</td>
</tr>
<tr>
<td>BSHS 428</td>
<td>HUMAN SERVICES PROGRAM DESIGN AND PROPOSAL WRITING</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course introduces students to the purposes, challenges and benefits of program design and grant writing. Students will review components of each and conduct a needs assessment and develop a business case for implementation on program design. Special attention will be given to research for finding available funding sources and how to form important partnerships. Students explore the methods of research using quantitative, qualitative and mixed-method program design concepts. Students will examine concepts of logic models and their impact on people, processes, and conditions related to program design. Using a specific framework, learners will uncover funding possibilities and use tools to prepare for the rigor related with grant writing. Resources and tools to secure funding for state, federal and private human services programs and agencies are examined. Students will be introduced to the processes, obstacles and costs associated to grant writing and program design.</td>

<td>BSHS 456</td>
<td>ADDICTION INTERVENTIONS FOR HUMAN SERVICE WORKERS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course has a focus on familiarizing students with fundamental interventions used in drug and alcohol treatment settings. Students will conduct an investigation of 12-step, alternative support group, secular organization, therapeutic community, and structured in- patient outpatient approaches to intervention and treatment. Students will be prepared to apply basic skills for assessing and evaluating client needs, making referrals, and working as a colleague in groups of professional service providers. An exploration of commonly used evaluation instruments for assessing level of care is underscored along with tenets of co- facilitation of treatment groups and assessing special population needs. Students will demonstrate foundational knowledge and understanding of guidelines for treatment as outlined by the Substance Abuse and Mental Health Services Administration and the American Society of Addiction Medicine’s Patient Placement Criteria.</td>

<td>CODEPENDENCE AND WORKING WITH FAMILIES</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>In this course students will demonstrate an understanding of the impact of controlling behaviors and supporting dysfunction in relation to addictions and families. Theories of codependency are explored as a disease of loss of selfhood and an addiction resulting from an imbalance of inner and outer self-awareness. Cardinal characteristics of codependence are examined with a focus on chronic, progressive, malignant and treatable features. Students will demonstrate understanding and skill in case management and referral for treatment in addition to assisting clients with recovery goals, self-awareness, self-acceptance, self-responsibility and self-reflection with a focus on prevalence, and consequences of codependency in families.</td>

</table>
### BSHS 491 - FIELD EXPERIENCE PART III

- **College of Social Sciences**
- **Credit**: 3
- **Description**: This course will provide relevant information and support to assist students in their third field experience in a human service organization. Students will conduct interviews, learn to create a learning contract, and develop a greater understanding of their role in the human service delivery system. Weekly workshops are provided to offer support and supervision of student activities in the field. Students will complete a total of 100 hours of field experience during a 10-week period. Supervision will be provided on a weekly basis in 2-hour workshop meetings. Students will be exposed to the 12 Core Competencies of the BSHS program, with an emphasis on Advocacy, Crisis Intervention, Organizational Participation, and Vocational, Educational and Career Support.

### BSHS 561 - BUILDING COMMUNITY IN ORGANIZATIONS

- **College of Social Sciences**
- **Credit**: 3
- **Description**: This course provides a framework for understanding organizations as social communities. Students will learn to identify the essential elements of organizational communities, the managerial implications, the skills necessary to effectively work in organizational communities, and the benefits of working in organizations using the community model. Emphasis will be placed on understanding and developing the skills needed to work effectively in communication.

### BSLS 101CA - ORIENTATION TO LIBERAL STUDIES IN EDUCATION

- **College of Education**
- **Credit**: 0
- **Description**: This course is an orientation to the primary components of the Bachelor of Science in Liberal Studies program. Students will be introduced to the program’s progression and degree completion requirements. Field experience, electronic resources, e-portfolio, teacher performance assessments, and student teaching will be discussed.

### BSS 395 - CONTEMPORARY ISSUES AND FUTURES IN SECURITY

- **College of Criminal Justice and Security**
- **Credit**: 3
- **Description**: This course examines the principle issues in contemporary criminal justice as well as the extrapolation of such issues toward potential futures within the criminal justice field. Students focus on relevant research about the current environment of the law enforcement field and analytic conclusions of potential future conditions. Students will apply critical thinking to and engage in in-depth discussion of these concepts in this comprehensive study of local, state, national, and global levels of criminal justice administration.

<td>CRISIS INTERVENTION AND TRAUMA</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course provides students with an in-depth evaluation of crisis and trauma counseling, including emergency and disaster situations. Students examine crisis theory, methods of crisis response, psychological effects associated with trauma, assessment strategies, and intervention models. Students analyze theoretical approaches as they relate to crisis management and trauma counseling.</td>
</tr>
<tr>
<td>CCMH 561</td>
<td>DEPENDENCY AND ADDICTIONS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course addresses addiction concepts and counseling practices. Topics include an overview of dependency theories, major substances of abuse, assessment, diagnosis, treatment modalities, special topics, and working with diverse populations</td>
</tr>
<tr>
<td>CCMH 565</td>
<td>FAMILY, COUPLE, AND CHILD COUNSELING</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course is an overview of models in the intervention and treatment of children, adolescents, and families. Students contrast fundamental assumptions of systems theory with intrapsychic theories; address integrative approaches to assessment and diagnosis in family therapy; and explore systemic approaches to treatment of issues common to families and children in clinical settings.</td>
</tr>
<tr>
<td>CCMH 568</td>
<td>GROUP COUNSELING</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course provides students with intensive knowledge, awareness, and skill-building in group counseling. Content emphasizes such areas as different types of groups, dynamics, norms and boundaries, leadership styles, leading and co-leading, and treatment plans. Confidentiality, selection procedures, ethics, and diversity are included as key components of effective group counseling practice.</td>

<td>SEMINAR CLINICAL MENTAL HEALTH</td>
<td>3</td>
<td></td>
<td>This course integrates mental health foundations with historical, philosophical and contextual dimensions of clinical mental health counseling practice, and reviews the trends in both the knowledge and skills necessary to practice clinical mental health counseling. Additionally, this course explores current national and local issues relevant to the practice of mental health counseling. Community resources and professional networks are explored as a means of demonstrating the integration of the profession in a social context. Issues surrounding the need for ongoing professional identity development, including membership in professional organizations, are examined as a strategy for counselor involvement in advocacy processes. Students will investigate professional roles, functions, and relationships with other human services providers. Additionally, application of counseling models for diverse needs and settings, including crisis and trauma, are investigated in-depth.</td>
</tr>
<tr>
<td>CCMH 581</td>
<td>SUPERVISION MANAGEMENT IN CLINICAL MENTAL HEALTH COUNSELING</td>
<td>3</td>
<td></td>
<td>This course is an overview of supervision and management as they relate to the practice of counseling. Models of supervision and counselor development, supervision and management processes, assessment and evaluation issues, and ethical and legal aspects of supervision are emphasized. Students explore their skills in management, supervision, and consultation, particularly as they relate to recent changes in the mental health care delivery system.</td>
</tr>
<tr>
<td>CCMH 585</td>
<td>COMMUNITY COUNSELING</td>
<td>3</td>
<td></td>
<td>This course examines principles, theories, and practices of community counseling and interventions. Topics include needs assessment, design and utilization of programs and facilities for inpatient, outpatient, partial treatment, and aftercare, as well as the utilization of the public and private mental health counseling services networks in local communities. Other topics addressed include community-based strategies for crisis intervention, interdisciplinary community outreach, and trauma counseling. Related ethical practice is integrated.</td>
</tr>
<tr>
<td>CCMH 592</td>
<td>PRACTICUM IN CLINICAL MENTAL HEALTH COUNSELING</td>
<td>3</td>
<td></td>
<td>This course focuses on the assessment and continuing development of student counseling skills. Students have a variety of opportunities to receive feedback and to evaluate their ability to integrate theory into practice. Students determine their styles and strengths as professional counseling practitioners, as well as identify areas needing further development. Individualized practice sessions and feedback are designed into the course.</td>

<td>CIT 245</td>
<td>LOCAL AREA NETWORKING FUNDAMENTALS</td>
<td>3</td>
<td>College of Information Systems and Technology</td>
<td>This course addresses the fundamentals of local area network (LAN) and provides the basic networking components and their functions. The OSI model is introduced and the TCP/IP protocol stack and its layers are examined. Students learn how to install, operate, configure, and verify a basic IPv4 network, including implementing IPv4 addressing, configuring a LAN switch, configuring an IP router, and troubleshooting common LAN switch issues.</td>
</tr>
<tr>
<td>CIT 249</td>
<td>WIDE AREA NETWORK ENVIRONMENT</td>
<td>3</td>
<td>College of Information Systems and Technology</td>
<td>This course provides students with the knowledge and skills necessary to design, build, and maintain routing and switching technologies. Students learn routing and switching operations, including implementing VLANs and trunking, implementing and troubleshooting single-area open shortest path first (OSPF) routing protocol and introduce IPv6 main features, addresses and basic configuration. Advanced IP services are described such as applying and troubleshooting access control lists (ACLs) and managing IP address space using network address translation (NAT) and port address translation (PAT).</td>
</tr>
<tr>
<td>CIT 274</td>
<td>ROUTING AND SWITCHING IMPLEMENTATIONS</td>
<td>3</td>
<td>College of Information Systems and Technology</td>
<td>This course describes implementing scalable medium-sized switched and routed networks. Students learn to build and improve redundant networks using spanning tree protocol (STP) and EtherChannel, implement and troubleshoot EIGRP and multi-area OSPF routing protocols, and troubleshoot IPv6 network connectivity issues.</td>
</tr>
<tr>
<td>CIT 276</td>
<td>ROUTING AND SWITCHING MANAGEMENT</td>
<td>3</td>
<td>College of Information Systems and Technology</td>
<td>This course provides the knowledge and skills necessary for routing and switching management. Topics include extending local area network (LAN) into a wide area network (WAN), virtual private network (VPN) solutions, and frame relay connectivity. Students learn network device, IOS file and licensing management.</td>

<tr>
<td>CMC 230</td>
<td>COMMUNICATION PROCESSES: YOU’RE A FINE ONE TO TALK</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>In business, the most successful communication process entails what is appropriate and effective for all parties involved so that each can benefit from the outcome. This course prepares students to optimize their relationships within situations of information exchange by analyzing different aspects of message delivery, accommodating cultural as well as situational contexts, and managing control and conflict. It addresses interpersonal communication, small groups, organizational cooperation, public speaking, and mass communication channels, with frequent self-assessment activities.</td>
</tr>
<tr>
<td>CMC 240</td>
<td>INFORMATION STRATEGIES: PUTTING 2 AND 2 TOGETHER</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>Effective communication strategies require effective information strategies. This course focuses on the gathering, analysis, synthesis, and evaluation that comprise information literacy as a standard of modern problem solving. Students will recognize the need for information, formulate meaningful questions to guide their search, access what is cogent, interpret bias, and integrate material for a compelling presentation. They will furthermore do this with an eye toward social responsibility and professional ethics.</td>

<td>RESIDENCY I</td>
<td>1</td>
<td>College of Social Sciences</td>
<td>This residency course is 2-weeks in length, with the last 3 days of the second week involving face-to-face interaction with faculty and peers at a ground campus is the last requirement for formal admission into the counseling program. The residency is experiential, with organized opportunities for students to observe, practice, and demonstrate fundamental counseling and helping skills. Topics in this course include counselor self-efficacy, oral and written communication skills, basic interviewing skills, application of counseling theory to counseling models and practice, and finally an evaluation of students’ readiness to move forward in the program. (1 credit)</td>
</tr>
<tr>
<td>CNSL 513R</td>
<td>RESIDENCY II</td>
<td>1</td>
<td>College of Social Sciences</td>
<td>This residency course is 2-weeks in length, with the last 3 days of the second week involving face-to-face interaction with faculty and peers at a ground campus. The 3-day in person residency provides an opportunity for students to observe, practice, and demonstrate competency in intermediate counseling skills. Topics include professional and personal development, oral communication skills, research methodologies, and sensitivity to diversity issues. Students will demonstrate intake, assessment, provisional diagnoses, and treatment planning abilities. Students also practice facilitation of group therapy and demonstrate skills in clinical case staffing. The core of this residency focuses on practicing group work theory and application in a variety of group therapy simulations. The capstone of the residency is staffing a clinical case and role play. (1 credit)</td>
</tr>
<tr>
<td>CNSL 516</td>
<td>LEGAL AND ETHICAL ISSUES IN COUNSELING</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course covers the legal and ethical responsibilities of the counseling professional. Students learn to interpret and act upon situations appropriately and effectively. Content includes issues such as client rights, confidentiality, duty to warn and protect, dual relationships, supervision and consulting, ethics with special populations, and ethical decision-making models.</td>
</tr>
<tr>
<td>CNSL 523R</td>
<td>RESIDENCY III</td>
<td>1</td>
<td>College of Social Sciences</td>
<td>This residency course is 2-weeks in length, with the last 3 days of the second week involving face-to-face interaction with faculty and peers at a ground campus. The final 3-day in person residency in the Clinical Mental Health Counseling online program focuses on advanced clinical counseling skills and competencies. This residency is used to determine the student’s readiness for work with diverse populations during clinical placement in practicum and internship courses. Students demonstrate skills in case conceptualization, diagnosis and rationalization, treatment planning using evidence-based approaches, and cultural and career awareness. Additional counseling topics include crisis and trauma, professional orientation and identity, personal growth and self-care concepts, and completion of a scenario-based exam. (1 credit)</td>

<td>CTEL 503</td>
<td>CULTURE AND INCLUSION</td>
<td>4</td>
<td>College of Education</td>
<td>This course addresses cultural awareness and effective collaboration among teachers, English learners, their families, paraprofessionals, and the community to improve literacy development and learning.</td>
</tr>
<tr>
<td>CUR 505</td>
<td>SOCIAL AND GLOBAL PERSPECTIVES OF TEACHER LEADERSHIP</td>
<td>3</td>
<td>College of Education</td>
<td>Learners in this course have the opportunity to analyze the field of education from a social and global perspective. Learners investigate the implications of the globalization of knowledge on micro and macro educational systems. Multicultural implications, diversity, and the use of technology as a vehicle of pedagogy are explored. Emphasis is on building collaborative organizational communities and empowering teacher leaders to think strategically about school change.</td>
</tr>
<tr>
<td>CUR 506</td>
<td>THEORIES AND BEST PRACTICES OF CURRICULUM AND INSTRUCTION</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on applying curricular theory to best practices in the 21st century classroom. Candidates explore the social and political foundations of curriculum and instruction and current research in this area. They analyze curriculum philosophy and planning as well as practical applications and innovations in curriculum design. Special attention is given to the use of technology in the development of effective learning environments and instruction in the 21st century classroom.</td>
</tr>
<tr>
<td>CUR 508</td>
<td>SOCIAL, POLITICAL, AND CULTURAL CONTEXTS OF SCHOOLS</td>
<td>3</td>
<td>College of Education</td>
<td>This course explores the historical, political, social, and cultural constructs of contemporary education. The course includes an investigation of how social, political, and cultural contexts have contributed to the current state of national, state, and local educational settings. Additionally, the course examines how policies influence school decision making and teacher practice. Candidates apply an inquiry-based process to identify individual, social, and cultural contexts in education; explore contemporary issues in diversity and equity in education; and demonstrate an understanding of education in a global community in order to evaluate and determine their individual role in taking action in their local setting.</td>
</tr>

B-159
<p>| CUR 510 | TEACHERS AS LEADERS | 3 | College of Education | In this course, teachers define, clarify, and reflect on their role as a leader. They explore leadership processes that utilize collaboration, coaching, mentoring, and inclusion. Additionally, they examine broad educational issues, as well as school-based issues and determine possibilities for initiating, sustaining, and building upon systemic change. |
| CUR 515 | CRITICAL THINKING AND INNOVATIVE SKILLS | 3 | College of Education | Learners in this course explore the development and application of critical thinking skills for all academic content areas in elementary, middle school, and high school settings. Participants identify the educational needs of students by exploring current instructional theories, models, and strategies; and state, local, and national standards as they relate to developing critical thinking skills in classroom teaching. Prospective educators develop skills in selecting and adapting delivery methods and behavior management plans for diverse individual students and student populations. |
| CUR 516 | CURRICULUM THEORY AND INSTRUCTIONAL DESIGN | 4 | College of Education | In this course, learners focus on applying theory and systematic approaches to design and implementation of instruction for diverse adult learners. Learners identify and analyze trends, issues, models, methods, various instructional strategies, technology, and classroom management strategies in instructional design for adults. In addition, learners design an instructional unit, applying research-based best practices and employing instructional design models. |
| CUR 518 | MULTICULTURAL STRATEGIES FOR THE ADULT LEARNER | 3 | College of Education | In this course, learners acquire a rich and deep framework to understand what diversity means in the workplace, in the training and development environment, and in the higher education classroom. Learners explore dimensions of diversity which include race, gender, age, ethnicity, sexual orientation, gender identity and expression, religion, education, and socioeconomic status. Learners acquire an awareness of diversity and understand how to design, deliver, and evaluate training and education programs that are sensitive to the challenges and opportunities that a multicultural context presents. |</p>

<tr>
<td>CUR 520</td>
<td>ADVOCATING FOR LEARNING</td>
<td>3</td>
<td>College of Education</td>
<td>Learners examine dispositions and beliefs regarding teaching and learning for all students. This course includes discussions about supportive and engaging learning environments, along with collaboration with other professionals to develop strategies that promote student learning. Using assessment data, learners will differentiate instruction and employ appropriate strategies for students. Learners will explore advocacy through course materials, practical exercises and engaging group activities.</td>
</tr>
<tr>
<td>CUR 525</td>
<td>ETHICAL ISSUES IN EDUCATION</td>
<td>3</td>
<td>College of Education</td>
<td>Learners examine the ethical framework and challenges of teachers and teacher leaders in today’s schools. The professional educational leader fosters ethical practices and engages in purposeful ethical decision-making. Learners will ethically respond to social and political issues in education through case studies, field experiences, and other readings and interactions. Ethical leadership and decision-making will be analyzed and discussed to determine how educational leaders will be able to provide support to teachers, students, and other constituents with the purpose of improving current educational practices.</td>
</tr>
<tr>
<td>CUR 528</td>
<td>ASSESSMENT OF LEARNING</td>
<td>3</td>
<td>College of Education</td>
<td>Learners focus on developing the skills necessary to become effective assessors of adult learners in corporate training and in other adult education learning environments. Learners examine the fundamentals of planning, implementing, and learning. Additionally, learners explore purposes and methods of evaluation for courses, programs, and training.</td>
</tr>
<tr>
<td>CUR 530</td>
<td>ASSESSMENT AND EVALUATION MODELS</td>
<td>3</td>
<td>College of Education</td>
<td>In this course, learners use assessment data through a systematic process to make informed decisions and to evaluate classroom and school-wide learning outcomes. Emphasis is placed on the design, implementation, and analysis of formative assessments while other types of assessments are explored. Learners will use this assessment knowledge to design and analyze a comprehensive assessment plan in a K-12 setting.</td>

<td>CUR 532</td>
<td>FACILITATING ONLINE LEARNING</td>
<td>3</td>
<td>College of Education</td>
<td>Learners explore practical strategies for aligning effective principles of instruction with the use of technology in adult learning and training environments. Learners develop the knowledge and skills required for effectively engaging adult learners in distance learning experiences using a variety of web-based course management and information systems. In addition, learners apply and evaluate audio, video, and collaborative technology tools; mobile learning technologies; and corporate online training techniques. Learners discuss essential aspects of learning in online training programs and classrooms such as engagement, time management, reflection, and assessment strategies.</td>
</tr>
<tr>
<td>CUR 535</td>
<td>RESEARCH FOR IMPROVED PRACTICE</td>
<td>4</td>
<td>College of Education</td>
<td>Learners examine the process of conducting their own classroom-based or school-based research. The course provides practical experience with action research components in the educational setting for everyday instruction. Learners will use research and data to enhance the instructional environment and to promote lifelong learning.</td>
</tr>
<tr>
<td>CUR 540</td>
<td>METHODS OF COACHING IN THE INSTRUCTIONAL SETTING</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides an examination of how systemic processes, experiential learning, and coaching strategies positively affect teaching and learning outcomes. Learners examine the interchangeable competencies of coaching and mentoring including roles, fostering relationships, ethical guidelines, building learning communities, effective communication, self-reflective problem solving, conflict resolution, facilitating learning, and accountability. Learners will be equipped with content knowledge, real life application opportunities, tools, and specific strategies that can be applied in both instructional leadership and coaching situations.</td>
</tr>
<tr>
<td>CUR 545</td>
<td>USING TECHNOLOGY FOR TEACHING AND LEARNING</td>
<td>3</td>
<td>College of Education</td>
<td>Learners evaluate technology use and technology integration for teaching and learning while considering the value of current technologies and tools as part of an interactive experience in a 21st century classroom. Learners will review the considerations and responsibilities of using and maintaining technology in today's schools, including safety, ethics, resources, and financial needs. Using the knowledge gained in this course, learners will determine how they will advocate and be change-agents for technology integration within their districts, schools, classrooms, and the community.</td>

<td>ENGAGING IN COMMUNITIES OF PRACTICE</td>
<td>3</td>
<td>College of Education</td>
<td>Learning communities are a method for the organization and operation of schools that will best meet the academic needs of students. In this course, learners examine the components of developing and maintaining school-based communities of practice to improve student achievement and assist with school improvement planning. Learners will identify resources to help them initiate, plan, and maintain communities of practice.</td>
</tr>
<tr>
<td>CUR 555</td>
<td>PROFESSIONAL LEARNING FOR CONTINUOUS IMPROVEMENT</td>
<td>3</td>
<td>College of Education</td>
<td>Learners will examine the relationship of professional and personal learning to school, teacher, and student need. Learners will gain an array of effective ideas, strategies, plans, methods, and tools on designing and implementing professional development to promote the intellectual and self-reflective development of teachers, as they collaborate to raise student achievement. Topics include components of high-quality staff development and learning networks.</td>
</tr>
<tr>
<td>CUR 711</td>
<td>DEVELOPMENTAL AND LEARNING THEORIES</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>Theories on the physical, social, emotional, and intellectual development of learners across the lifespan are the focus of this course. These theories and their effect on the educational process and the design and implementation of instructional programs will be examined.</td>
</tr>
<tr>
<td>CUR 712</td>
<td>CURRICULUM THEORY</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course examines historical, current, and cross-cultural theories of curriculum. With a foundation in the major theorists and tenets of their theories, learners analyze curriculum documents for evidence of the various theories, investigate implications of theories on educational programming, and interpret the interaction of these theories with public policy.</td>

<td>3</td>
<td>School of Advanced Studies</td>
<td>This course provides an overview of the historical and current theories of curriculum, development, and learning. Students examine the effects these theories have on the educational process, curriculum design, and the implementation of instructional programs. With a foundation in the major theorists and tenets of their theories, students analyze curriculum processes and procedures, investigate implications of the theories for educational programming, and interpret the interaction of these theories with public policy.</td>
</tr>
<tr>
<td>CUR 721</td>
<td>CURRICULUM DESIGN</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>In this course, students focus on the creation of systemic models of curriculum design and delivery, including consideration of schedule, structure, stakeholder involvement, and end products. Students will also analyze the implicit, hidden, cultural, and institutional aspects of existing curricular models to inform their own development approach.</td>
</tr>
<tr>
<td>CUR 722</td>
<td>INSTRUCTIONAL MODELS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course analyzes the models and process of instruction. Effective instructional models are explored as they relate to teaching strategies and learner outcomes. Instructional models for diverse populations, improvement of instructional programs, and staff development are of special focus.</td>
</tr>
<tr>
<td>CUR 723</td>
<td>ASSESSMENT OF STUDENT LEARNING</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course explores student assessment methods utilized in learning organizations. The merits and faults of these methods are debated. Among the key topics are outcomes-based assessment - such as standardized achievement and criterion assessment, as well as the influence of leadership styles on these outcomes.</td>

<td>ADMINISTRATION OF COMPLEX HEALTH CARE SYSTEMS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>Students will focus on administration of complex health systems rather than singular organizations. Topics include organizational analysis, strategic planning, multi-organizational management issues, and evolving governance structures. Students are expected to discuss and critically analyze theories and methods in health care administration. This course is intended to serve as an arena for discussion and inquiry regarding both current and historical issues in strategic decision-making at the policy and the organizational level. 3 credits.</td>
</tr>
<tr>
<td>DHA 712</td>
<td>RISK MANAGEMENT IN COMPLEX ORGANIZATIONS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>Managing risk in an organization requires demonstration of an understanding of legal, licensure, certification, and accreditation dynamics, as well as litigation management within the context of corporate compliance. The student will apply concepts from labor law, risk financing, contract law, partnership agreements, and professional credentialing. Discussion will also include human subjects research, data security, and biotechnology. 3 credits.</td>
</tr>
<tr>
<td>DHA 713</td>
<td>MANAGING RESOURCES IN HEALTH ORGANIZATIONS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>Understanding the complexity of managing the vast resources needed to deliver quality health care is essential. Although human resources comprise the majority of needed assets, other resources include facilities and industry suppliers. This course will examine how these resources are interwoven and need to be successfully managed. The course is a combination of theoretical and practical approaches for resource management. 3 credits. 3 credits.</td>

<tr>
<td>ECE 205</td>
<td>DEVELOPMENTALLY-EFFECTIVE LEARNING ENVIRONMENTS</td>
<td>3</td>
<td>College of Education</td>
<td>This course examines developmentally-effective strategies used to create a positive and active early childhood learning environment for young children, birth through age 8. Topics include classroom management techniques, motivational strategies for young children, family school relationships, instructional planning and assessment, and arranging an effective learning space. Participants develop a classroom management plan for an early childhood setting.</td>
</tr>
<tr>
<td>ECE 206</td>
<td>CURRICULUM AND INSTRUCTION IN EARLY CHILDHOOD EDUCATION</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides a foundation of curriculum and instruction in early childhood education, from a historical and theoretical perspective through the application of current developmentally-appropriate best practices. Participants discover lesson plan development and methodologies for instruction. Additionally, strategies for assessment, diversity of populations, and the importance of collaborative partnerships with family and community are also explored.</td>
</tr>
<tr>
<td>ECE 207</td>
<td>ASSESSMENT IN EARLY CHILDHOOD EDUCATION</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides an overview of assessment techniques used in early childhood education, including assessment of children with special needs. Participants focus on structured observations, use of behavioral rating scales, psycho-educational screening tests, and assessment of parent-child interactions. Formal and informal parent contacts, interviewing techniques, the use of technology in the assessment process, and referrals to school and community resources are also explored. Participants examine developmental and differentiated assessment strategies for children, birth through age eight.</td>
</tr>
<tr>
<td>ECE 505</td>
<td>EFFECTIVE INSTRUCTION FOR EARLY CHILDHOOD EDUCATION</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on the attributes and pedagogy specific to young children, in addition to theoretical models of curriculum development, instruction, and assessment that optimize teaching and learning in the early childhood setting. Participants examine methods for designing lessons and explore effective teaching strategies to promote learning.</td>
</tr>
<tr>
<td>ECE 506</td>
<td>LANGUAGE AND LITERACY METHODS IN EARLY CHILDHOOD EDUCATION</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on theoretical and developmentally appropriate teaching methods in language and literacy for children from birth to age eight. Theories in language development, including second language acquisition, as well as the needs of English Language Learners are examined. Participants will explore research-based early literacy teaching strategies for engaging children in integrated listening, speaking, reading, and writing experiences. There is an emphasis on incorporating content area standards and developing hands-on learning experiences for young children. Additionally, developmentally effective assessments are discussed as a means of guiding instruction.</td>
</tr>
<tr>
<td>ECE 507</td>
<td>EARLY CHILDHOOD ASSESSMENT</td>
<td>3</td>
<td>College of Education</td>
<td>This course examines the role, purpose, and applications of assessment in early childhood education. Participants explore developmentally appropriate assessment techniques and strategies in early childhood education to meet the needs of diverse learners as well as approaches to effectively select, design, and record assessments. Participants examine how to interpret and evaluate assessment outcomes to evaluate student development and to enhance curriculum planning. Additionally, this course provides an overview of collaborative partnerships such as school districts, parents, and community resources in the assessment process.</td>
</tr>
<tr>
<td>ECE 508</td>
<td>EARLY CHILDHOOD GROWTH AND DEVELOPMENT</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on the research, theories, and concepts related to early childhood growth and development. Participants examine the physical, motor, cognitive, language, literacy, social and emotional development of diverse children from birth through age eight. Family and cultural influences on early childhood growth and development are also explored.</td>

<tr>
<td>ECH 301</td>
<td>FOUNDATIONS OF EARLY CHILDHOOD EDUCATION</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides an overview of early childhood education for children, birth through age 8. Topics include theories and history of early childhood education, play theories, program types and models, and public policy trends. The course examines the significance of developmentally effective learning experiences throughout early childhood programs.</td>
</tr>
<tr>
<td>ECH 302</td>
<td>EXCEPTIONALITIES OF THE YOUNG CHILD</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides an overview of the exceptional young child in early childhood education who may require accommodations and adaptations. The course focuses on developmentally-effective methods and techniques used for the identification, assessment, and instruction of children with special needs from birth to age 8. Legal structures, public policy, and information related to current practices serving exceptional young children in early childhood are also examined.</td>
</tr>
<tr>
<td>ECH 321</td>
<td>DEVELOPMENTALLY-EFFECTIVE LEARNING ENVIRONMENTS</td>
<td>3</td>
<td>College of Education</td>
<td>This course examines developmentally-effective strategies used in implementing and managing a positive and active learning environment within the framework of a diverse early childhood population. Topics include models of classroom management, establishing expectations and procedures, motivating children, family communication, managing off-task behaviors, technology integration, and materials management and record keeping. Students will develop an individual classroom management plan for an early childhood setting.</td>
</tr>
<tr>
<td>ECH 390</td>
<td>EARLY CHILDHOOD STUDENT TEACHING SEMINAR</td>
<td>1</td>
<td>College of Education</td>
<td>This course focuses on the professional aspects of teaching. Students are introduced to the Teacher Work Sample that will be created during student teaching. Students will engage in self-evaluation to develop their own professional growth plans for inclusion in their portfolios. The character qualifications for becoming a teacher will be assessed through a personal interview, using letters of character reference, and a written reflective paper on the desire and reasons for joining the profession.</td>

<td>ASSESSMENT AND EVALUATION IN EARLY CHILDHOOD</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides exposure to a variety of assessment techniques in early childhood education, including children with special needs. There is a focus on structured observations, use of behavioral rating scales, psycho-educational screening tests, and assessment of parent-child interactions. Formal and informal parent contacts, interviewing techniques, the use of technology in the assessment process, and referrals to school and community resources are also explored. Emphasis is placed on developmental and differentiated assessment strategies for children birth through age eight.</td>
</tr>
<tr>
<td>ECH 416</td>
<td>METHODS OF TEACHING IN EARLY CHILDHOOD: MATHEMATICS</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on methodology and assessment strategies that enhance young children’s learning in mathematics. Integration of content, and instructional strategies, as well as curriculum and assessment issues are emphasized. Multiple perspectives of young children as learners of mathematics, along with current research on mathematics pedagogy, are explored. Students evaluate and use instructional methods, curricular materials and resources, and appropriate assessment strategies. Special attention is given to the use of manipulatives in math instruction and to developing children's problem-solving skills.</td>
</tr>
<tr>
<td>ECH 418</td>
<td>COMMUNITY AND FAMILY ENGAGEMENT</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on establishing and maintaining collaborative relationships among families, early childhood learning environments, and communities to support student development and achievement. Candidates explore and discuss issues related to family diversity, relationship building, and community involvement. Emphasis will be placed on creating positive family and community engagement as well as strengthening the connection between home and school.</td>

<tbody>
<tr>
<td>EDD 574</td>
<td>ACTION RESEARCH OUTLINE</td>
<td>1</td>
<td>College of Education</td>
<td>Students may begin work on the outline component of the action research project upon successful completion of EDD 570 and the approval of their problem statements and matrices by their faculty member. Students complete a sentence outline of Chapters 1-4 for the action research proposal, including an introduction, documentation of the problem, a review of the literature, a recommended solution strategy, and possible methods for analyzing &quot;anticipated&quot; results. The outline is used as a basis for writing the formal proposal.</td>
</tr>
<tr>
<td>EDD 575</td>
<td>ACTION RESEARCH PROPOSAL</td>
<td>1</td>
<td>College of Education</td>
<td>Using the outline as a framework, students create an implementation proposal for their research project. The proposal contains the same sections as the outline, but is re-written in formal text. A timeline of specific actions is included. Students must obtain faculty approval of their proposal in order to move on to the implementation phase.</td>
</tr>
<tr>
<td>EDD 576</td>
<td>ACTION RESEARCH PRESENTATION</td>
<td>1</td>
<td>College of Education</td>
<td>The final phase of the research project is the formal report using data you created and proof of outside presentation. Students will analyze their &quot;anticipated&quot; results and rewrite the proposals into report form, including Chapter 5. The final chapter for the action research report includes an analysis of findings and recommendations for change.</td>
</tr>
</tbody>
</table>
This course examines action research and its role in decision-making and in educational practices. Students are introduced to various types of action research and to the elements of the action research process, including identifying a problem, determining a problem statement and a purpose, conducting a literature review, planning for the collection and the analysis of data, and creating a plan of action. Methods for collecting, evaluating, and analyzing data are discussed. Students identify ethical issues related to research as well, including a research using human subjects. In addition, they synthesize and apply the content of the course by writing a proposal for an action research study.

<td>CULTURAL COMPETENCY</td>
<td>3</td>
<td>College of Education</td>
<td>Culturally responsive teachers facilitate and support learning for all students regardless of their diversities. This course deepens candidates’ understanding of teaching and learning through examination of the diverse make-up of today’s communities, schools, and classrooms. Through personal reflection and identification of theoretically sound and culturally responsive pedagogy, this course prepares the candidate to model, mentor, and lead efforts in creating a school climate that effectively addresses the learning needs of all students.</td>
</tr>
<tr>
<td>EDL 510</td>
<td>TEACHER LEADERSHIP IN A GLOBAL SOCIETY</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on contemporary theories of school reform and effective teacher leadership in a global society. Performance indicators and dispositions as related to evaluation or decision making are explored. Candidates examine components of effective teacher leadership, including empowering others, building collaborative organizational cultures, and making informed decisions for strategic planning, while creating a vision of change. They also explore how effective leadership provides them with multiple opportunities to critically analyze and apply various leadership styles. Course content reflects research-based frameworks on leadership and leadership processes that will assist candidates in becoming effective teacher leaders. Candidate participate in a theoretical and applied learning approach, which incorporates research and reflective writing activities, case studies, self-assessment, and collaborative team projects that are closely aligned with the National Board Professional Teaching Standards.</td>
</tr>
<tr>
<td>EDL 515</td>
<td>ORGANIZATIONAL LEADERSHIP</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on the principles of organizational leadership. It examines the origins and components of effective organizations, as well as frames of leadership. Candidates apply their knowledge of these frames in reflecting on their organization. Additionally, they learn the skills to reframe their organization, provide leadership in turbulent times, and become agents and advocates of change.</td>
</tr>
<tr>
<td>EDL 520</td>
<td>INSTRUCTIONAL LEADERSHIP</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to provide professional teachers an introduction to instructional leadership. Candidates utilize an instrument of self-assessment and explore opportunities for leadership with reference to theoretical and practical aspects of school improvement. Candidates create a leadership plan that outlines long-term and short-term goals for continuous development of their leadership skills. In addition, they evaluate instructional practices, determine the effectiveness of teaching within the school curriculum, and propose appropriate strategies to improve instructional performance as outlined in research and theory as “best practices.”</td>

<td>College of Education</td>
<td>This course provides an exploration into how mentoring and coaching improves teaching and learning. This course examines mentoring and coaching competencies, including ethical guidelines, creating collegial relationships, building learning communities, effective communication, problem-solving and conflict resolution, and facilitating learning and accountability. Candidates will be equipped with the knowledge and skills to integrate and apply these competencies in real life and instructional leadership situations.</td>
</tr>
<tr>
<td>EDS 799</td>
<td>EDUCATIONAL SPECIALIST CAPSTONE</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>The capstone course will require learners to integrate their program of study into an in-depth project that explores and inquires into a contemporary problem within the field of educational administration. The project will be based on library research and or fieldwork and must demonstrate an approach to addressing the problem from a leadership perspective. Additionally, within this course learners will complete a reflective self-assessment of their learning throughout the program.</td>
</tr>
<tr>
<td>EDT 711</td>
<td>EDUCATIONAL TECHNOLOGY RESEARCH</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course explores research on learning with technology. Focal areas include learner control, media preference, motivation, collaborative learning, and computer-mediated communication. Learners formulate conclusions based on refereed studies and consider the relationship between research design and questions.</td>
</tr>
<tr>
<td>EDT 721</td>
<td>INSTRUCTIONAL DESIGN</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course is designed to examine the foundations and development of instructional design principles and the learning theories that have impacted the field. Students will explore models and processes applicable to training and learning environments. Students will also examine emerging trends, issues, and the use of technology in instructional design.</td>

<td>DISTANCE LEARNING</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course traces the development of distance learning, including past, present, and future trends. Students relate social contexts and educational goals to the evolution of technologies and their intended support of learning. Students also explore the delivery of instruction over physical distance, focusing on concepts such as transactional distance, cultural considerations, anonymity, privacy, and accountability.</td>
</tr>
<tr>
<td>EDT 723</td>
<td>INSTRUCTIONAL MEDIA AND DESIGN TECHNIQUES</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course examines various types of electronic media used in the development of instructional design projects. Students explore the principles of instructional media design and their applications in content delivery, differentiating instruction, improving student engagement, and enhancing student learning. An emphasis is placed on identifying appropriate media formats and technologies that are purposeful in facilitating learning in multiple environments.</td>
</tr>
<tr>
<td>EDT 731</td>
<td>SYSTEM ANALYSIS AND DESIGN</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course follows the phases of needs analysis, planning, implementation, and evaluation that are integral to large-scale instructional technology projects. Learners consider vendor selection, organizational constraints, maintenance, and enhancements in an effort to address learners’ present and future needs. Learners focus on developing systemic solutions that avoid the pitfalls of piecemeal technology adoptions.</td>
</tr>
<tr>
<td>EDT 732</td>
<td>INTEGRATING TECHNOLOGY AND CURRICULUM</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course enables students to develop strategies for effective and appropriate leadership, and management for instructional technology projects. Technology selection, vendor selection, maintenance, and the needs of stakeholders are explored in an effort to address present and future organizational learning needs. A running theme of this course is system solutions for technology integration that meets the instructional needs of diverse organizations. A focus of this course is balancing the competing needs of emerging technology integration, stakeholders, and organizational constraints in a learning environment.</td>

<td>TECHNOLOGY LEADERSHIP</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course enhances the leadership skills and styles of educational technology leaders to promote success in evolving educational organizations. Students examine leading change through leveraging technology in educational organizations. Methods to lead technological change, manage the procurement process, and counteract resistance to technological changes are addressed. The importance of creating a standardized process and language for the integration of technology is of special focus. Benefits of technology and how they influence the strategic road map for the institution are also explored.</td>

<td>College of Education</td>
<td>In this course, participants explore the unique issues of classroom organization, management, and discipline in the K-12 online environment. The issues of online student responsibility, engagement, goal setting, and time management are examined. Communication with students, parents, administration, and other key personnel are discussed. Participants develop and articulate a personal philosophy of online classroom management. Each participant must have computer and Internet access for this course.</td>
</tr>
<tr>
<td>EDU 527</td>
<td>DIFFERENTIATING INSTRUCTION IN THE ONLINE CLASSROOM</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on strategies and techniques for differentiating online instruction to meet the learning needs of diverse students. Particular emphasis is on techniques for working online with at risk students and students with special needs. Participants develop appropriate assessments and scoring tools to determine individual student achievement and mastery. Each student must have computer and Internet access for this course.</td>
</tr>
<tr>
<td>EDU 528</td>
<td>ASSESSMENT IN THE ONLINE CLASSROOM</td>
<td>3</td>
<td>College of Education</td>
<td>This course prepares participants to assess online students effectively. Participants explore how to guide instruction using technology-driven data. Emphasis is placed on examining the validity and reliability of online assessment and learning to assess online teaching. Each participant must have a computer and Internet access for the course.</td>
</tr>
<tr>
<td>EDU 529</td>
<td>COACHING AND MENTORING FOR ONLINE TEACHING</td>
<td>3</td>
<td>College of Education</td>
<td>This course prepares participants to coach, support, and mentor online teachers. Participants examine training programs and professional development for novice and veteran teachers. Participants also learn methods to evaluate the effectiveness of online teachers and strategies to support collaboration. Each participant must have computer and Internet access for the course.</td>
</tr>
<tr>
<td>EDU 536</td>
<td>DIGITAL CITIZENSHIP FOR EDUCATORS</td>
<td>3</td>
<td>College of Education</td>
<td>The primary focus of this course is exploring the foundations and elements of digital citizenship. Participants examine how to plan and to implement a comprehensive digital citizenship program, including lesson planning and modeling digital citizenship behaviors for students. Discovering how digital citizenship extends beyond the classroom is also emphasized.</td>
</tr>
<tr>
<td>EDU 537</td>
<td>ORGANIZATIONAL COMMUNICATION FOR ADULT ED. AND TRAINING</td>
<td>3</td>
<td>College of Education</td>
<td>In this course, learners apply written and oral communication principles to their roles as trainers and adult educators. Learners demonstrate how to persuade a variety of stakeholders through applicable communication channels. Learners examine the role of perception, techniques, and business justifications related to effective communication. The course includes topics about oral and written communication, interpersonal and intercultural communication, and tools for collaborative learning.</td>
</tr>
<tr>
<td>EDU 538</td>
<td>CYBERETHICS FOR EDUCATORS</td>
<td>3</td>
<td>College of Education</td>
<td>In this course, participants study the risk factors for digital and ethical misconduct both inside and outside the classroom. Participants develop a better understanding of the role that technology plays in creating and heightening ethical dilemmas. The course provides participants with the tools to assess their personal risk for ethical misconduct and best practices for minimizing the likelihood of such misconduct.</td>
</tr>
<tr>
<td>EDU 539</td>
<td>K-12 CYBERTRAPS: STRATEGIES FOR TEACHING DIGITAL CITIZENSHIP</td>
<td>3</td>
<td>College of Education</td>
<td>In this course, participants gain an understanding of the ways in which students are using technology today and the legal and professional risks that can arise from such use. Participants develop instructional strategies, curricular materials, and projects to guide student learning on issues of online behavior and digital citizenship. The course emphasizes the interplay between law and technology, and underscores the potential for students to become unwitting perpetrators. Strategies for minimizing the risk of student misconduct and educating parents are also covered.</td>
</tr>
<tr>
<td>EDU 545</td>
<td>FOUNDATIONS OF ONLINE TEACHING</td>
<td>3</td>
<td>College of Education</td>
<td>This course introduces participants to the elements of online teaching at the K-12 level. Participants examine a variety of online instructional skills and strategies related to teaching and delivering curriculum in the online environment. Participants collaborate with others and authentically integrate technology tools, as well as mobile learning technologies. Classroom management, engagement, time management, and assessment strategies are also discussed. Additionally, participants explore the International Association for K-12 Online Learning (iNACOL) standards, as well as copyright, FERPA, and other issues related to academic integrity in the online classroom. Each participant must have computer and Internet access for this course.</td>
</tr>
<tr>
<td>EDU 701</td>
<td>ACADEMIC AFFAIRS ADMINISTRATION</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course introduces and examines the major functions traditionally housed in the academic wing of a given institution. Specifically, the following faculty roles and responsibilities will be addressed: those in institutional governance, those in curriculum development and design, those in curriculum delivery, those in student recruitment and retention, and those in institutional advancement. Delivery methods; relationship between curriculum and finances (subsidizing); selection, development, termination of programs; responsiveness to the marketplace; using data to make curricular decisions; Student learning outcomes (balancing with budgetary constraints); politics and curriculum.</td>
</tr>
<tr>
<td>EDU 702</td>
<td>HISTORY OF EDUCATION IN THE AMERICAS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>An in-depth analysis of the development of education in Canada, Central America, South American nations, and the United States will form the basis of this course. Topics will include indigenous educational perspectives, the development of education (K-post-secondary), major forces affecting educational development at all levels, and the political, social, economic, and cultural contexts of educational development. Public and private endeavors in education through the 20th century will be presented.</td>
</tr>
<tr>
<td>EDU 703</td>
<td>STUDENT AFFAIRS ADMINISTRATION</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course will explore the history, philosophy, and purposes of student affairs administration, examining both its theoretical and practical foundations. Students will investigate issues and problems currently facing student affairs administration in the ever-changing educational climate and focus on the future of the profession.</td>

<td>UNDERSTANDING THE INFRASTRUCTURE OF HIGHER EDUCATION</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course will examine the evolution of the Higher Education Academy from an organizational, political, philosophical, cultural, economic, and policy-oriented point of view. Students will become familiar with the campus culture through the evolution of various campus models that impact how departments function on-campus and work collaboratively to support the institution's mission and educate students.</td>
</tr>
<tr>
<td>EDU 705</td>
<td>THE INCLUSIVE CAMPUS: ADDRESSING DIFFERING STUDENT NEEDS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course will provide an overview of the various physical, mental, social, cultural, and economic factors that contribute to the uniqueness of students with individual differing abilities as related to campus culture and climate. Drawing from current topics and research in higher education administration, the behavior of and trends related to the needs of this student population will be examined.</td>
</tr>
<tr>
<td>EDU 706</td>
<td>COMPARATIVE MODELS OF HIGHER EDUCATION ADMINISTRATION</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course will present a comparative perspective of educational systems that exist in today's world. Introducing the relationship between culture and education, the course will present a brief historical analysis of the social, political, economic, and development antecedents to educational systems. Cross-national comparative analysis, educational borrowing and transfer, and current trends and transfer in the British, French, German, Russian, U.S., and hybrid systems that serve as the basic models for higher education throughout the world. In the culmination of this course, learners will investigate the trends in unifying systems into a global synthesis of higher education. China and Eastern philosophy.</td>
</tr>

<td>PROJECT PLANNING AND IMPLEMENTATION IN HEALTH CARE</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course provides the foundation for understanding the broad concepts of successful planning, organization, and implementation within the realm of health care information technology. This course uses real-world examples to support and expand a student's skills in project management. Topics covered include project scoping, estimating, budgeting, scheduling, tracking and controlling.</td>
</tr>
<tr>
<td>HCIS 420</td>
<td>INFORMATION SYSTEMS RISK MANAGEMENT IN HEALTH CARE</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course identifies and defines the types of risks that information systems professionals need to consider during the development and implementation of health care information systems. This course will survey remedies and prevention techniques available to address risk and security management. Health care organizational policies and current regulatory considerations will also be examined relative to development, implementation and use of computer based information systems.</td>
</tr>
<tr>
<td>HCP 210</td>
<td>INTRO TO PHARMACY PRACTICE: THE ALCHEMY OF HEALTH CARE</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course provides students the opportunity to explore fundamental career skills and knowledge associated with pharmacy procedures. Courses include pharmacy ethics, terminology, route and dosage formulations, and operations in community and institutional settings. A review of the 200 most commonly distributed medications includes origins, therapeutic usage, generic names, and naming systems. Students examine basic procedures and equipment requirements for compounding and sterile preparation.</td>
</tr>
<tr>
<td>HCP 220</td>
<td>PHARMACY CALCULATIONS: JUST FOR GOOD MEASURE</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>Fundamental math skills required in pharmaceutical calculations are covered in this course. Topics review basic math skills-number systems, fractions, decimals, ratios, proportion, and percents-and conversion of measurement systems-metric, apothecary, avoirdupois and household. Students interpret prescriptions, analyze drug labeling, calculate drug dosages, and distinguish procedures and equipment for oral, injectable, and intravenous medications.</td>

<td>INTRODUCTION TO GRADUATE STUDY IN HEALTH SCIENCES NURSING</td>
<td>1</td>
<td>College of Health Sciences and Nursing</td>
<td>This course provides new graduate students in the college with an introduction to strategies for success within the University's adult learning model. Topics include program standards and objectives, graduate-level oral and written communication, locating, evaluating, and citing scholarly resources, and purposes and use of portfolios.</td>
</tr>
<tr>
<td>HCS 507</td>
<td>ADVANCED PHARMACOTHERAPEUTICS</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course is designed to provide the nurse practitioner student with the information and skills to initiate and monitor drug therapy. This course will integrate advanced knowledge regarding the clinical application of pharmacology and pharmacokinetics, techniques and methods of drug prescribing, approaches to data collection, and problem solving with discussions about drug therapy for common acute and chronic diseases. Emphasis will be on the practical application of important concepts used in clinical practice for clients across the life span.</td>
</tr>
<tr>
<td>HCS 510</td>
<td>ADVANCED PATHOPHYSIOLOGY</td>
<td>4</td>
<td>College of Health Sciences and Nursing</td>
<td>This course provides students with advanced anatomy, physiology, and pathophysiology of systems in relation to an individual's health across the lifespan. Focus is given to the physiological and biological manifestations and adaptive and maladaptive changes that occur. The knowledge gained in this course lays a foundation for the management of primary care issues of the family and its members.</td>
</tr>
<tr>
<td>HCS 514</td>
<td>MANAGING IN TODAY'S HEALTH CARE ORGANIZATIONS</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course focuses on the adaptation of organizational management to evolving health systems. Students will examine organizational theory, organizational performance, structure, change management and human resource management. Students apply various organizational theories to contemporary issues.</td>

<td>LEADERSHIP</td>
<td>3</td>
<td>This course examines organizational leadership in the context of the health care organization. Principles, theories and models of leadership are explored. Collaborative relationships, concepts of power and professional culture are explored. Students will articulate a personal vision of leadership and ways of providing direction within today's complex health care system.</td>
<td></td>
</tr>
<tr>
<td>HCS 529</td>
<td>CONTEMPORARY HEALTH CARE FACILITY DESIGN</td>
<td>3</td>
<td>This course will provide students the opportunity to analyze and create plausible designs for a health care organization. Students will discuss current and future health care consumer utilization trends and environmental impacts, as well as examine the regulatory compliance requirements. Practical application of design and planning for a health care facility will be demonstrated.</td>
<td></td>
</tr>
<tr>
<td>HCS 531</td>
<td>HEALTH CARE ORGANIZATIONS AND DELIVERY SYSTEMS</td>
<td>3</td>
<td>This course is a comprehensive approach to health care delivery systems that provides the student with an in-depth understanding of health systems and organizations. Students will examine historical evolutions of the health care industry and recent impacts that influence the delivery of health care.</td>
<td></td>
</tr>
<tr>
<td>HCS 533</td>
<td>HEALTH INFORMATION SYSTEMS</td>
<td>3</td>
<td>This course provides administrators and managers an overview of the information systems used in the health care industry. The effective use of data requires an understanding of how the data is captured as well as the HIPAA and security issues related to this confidential material. The course provides students with a general background to communicate more effectively with technical personnel and provide general management oversight of information systems within health care organizations.</td>

<td>FOUNDATIONS OF GERONTOLOGY</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course introduces students to the field of gerontology and focuses on the aspect of aging. Emphasis will be placed on the basic conceptual and theoretical perspectives on aging using a multidisciplinary framework. Students will uncover the myths and stereotypes of aging, demographic changes occurring in the U.S., available programs and services, and current issues affecting older adults.</td>
</tr>
<tr>
<td>HCS 549</td>
<td>EVALUATION METHODOLOGY</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course provides the student with the research methodology for health services research. Models of evaluation are examined and components such as stakeholder analysis, cost benefit effectiveness, decision-modeling, and statistical techniques are applied to decision making in health care organizations.</td>
</tr>
<tr>
<td>HCS 550</td>
<td>HEALTH CARE POLICY</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course will provide students with an understanding of how health care policy influences systems and the delivery of care. Policymakers who influence the health status of a society will be identified as well as the role of economic health, interest groups, and the various levels of government involved in policymaking will be examined. Challenges, stakeholder impact, and organizational behavior, all caused by policy requirements, will be identified.</td>
</tr>
<tr>
<td>HCS 551</td>
<td>BIOLOGICAL AND PSYCHOLOGICAL ASPECTS OF AGING</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course examines the physical process of aging and the effects on physical and mental health. These topics are applied to disease prevention, health maintenance, and selected disorders that effect health and independent living. Public policy and program development issues will also be addressed to promote the health of the aging population.</td>
</tr>
<tr>
<td>HCS 552</td>
<td>HEALTH CARE ECONOMICS</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course focuses on the application of macro and micro economic tools to the health care industry. Content includes demand management; concepts of efficiency, production and distribution of health care services; impact of regulation and reimbursement; and economic incentives in health care. Students apply principles to a variety of business models.</td>
</tr>
<tr>
<td>HCS 557</td>
<td>SOCIAL AND CULTURAL ASPECTS OF AGING</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course examines the social and cultural perspectives on aging. Public and personal aspects of aging will be addressed through historical, theoretical, cultural, and social venues. Topics will include work and retirement, social policy, older people as social and political forces, care needs, diversity, economics, social support, and disability.</td>
</tr>
<tr>
<td>HCS 565</td>
<td>ORGANIZATION AND MANAGEMENT OF AGING SERVICES</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course examines a variety of services currently available for aging adults and their families. Students will learn the basic principles for planning, organizing, implementing, and coordinating programs and services intended for maturing adults. Topics include community programs, policy, institutional services, religious-based and other nonprofit resources, contracted service providers, and residential facilities.</td>
</tr>
<tr>
<td>HCS 567</td>
<td>ENTREPRENEURSHIP IN HEALTH CARE</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course will set up the context of entrepreneurship and new business development; examine the characteristics of entrepreneurs, identifying and quantifying market opportunities in the health care market, as well conceptualizing the resources and capabilities needed. Topics include opportunity assessment, regulated industry implications and requirements, as well as the challenges of expansion within an existing enterprise.</td>

<td>IST 723</td>
<td>DEPARTMENTAL INFORMATION SYSTEMS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course will continue the analysis of the application of the domains used by individuals and teams studied in previous content courses. The student will evaluate the application of the program domains to departmental operations and strategy. The student will research and evaluate information systems support techniques, both internal and external to the departmental interfaces.</td>
</tr>
<tr>
<td>IST 724</td>
<td>ORGANIZATIONAL INFORMATION SYSTEMS MANAGEMENT</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course will build upon the considerations examined in the prior IST courses. Upon completion of this course, the learner will be prepared to evaluate and develop integrated strategies for the implementation of the IT domains within an organization.</td>
</tr>
<tr>
<td>IST 731</td>
<td>PARTNERSHIP AND INDUSTRY INFORMATION SYSTEMS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course extends the learning from previous intra-company relationships to external IS organizational relationships. Upon completion of this course, the learner will be prepared to define, evaluate, and plan the application of IT domains that must be considered when developing partnerships and common industry relationships.</td>
</tr>
<tr>
<td>IST 732</td>
<td>GLOBAL INFORMATION SYSTEMS MANAGEMENT</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course extends the examination of the IT domains studied throughout the program to the global level. The learner will examine the application of the IT domains in the setting of a global economy and international business environment. The learners will be prepared to define the common IS management approaches for the development of business systems that can support global information systems requirements.</td>

<tr>
<td>IT 200</td>
<td>DIGITAL SKILLS FOR THE 21ST CENTURY</td>
<td>3</td>
<td>College of Information Systems and Technology</td>
<td>Digital Skills for the 21st Century is a course focus on the impact of digital technology on today's businesses, the economy, and society. Rapid advances in technologies are creating benefits and efficiencies for those businesses that recognize their advantages and pitfalls, and harness them to its advantages; those who can't are left behind with competitive disadvantages. Today's workforce need to understand these trends, recognize key differences among features and approaches of these technologies, and apply them effectively. Specific topics in this course includes cloud computing, unified communication platforms, cyber security, social media and mobile computing.</td>
</tr>
<tr>
<td>IT 205</td>
<td>MANAGEMENT OF INFORMATION SYSTEMS</td>
<td>3</td>
<td>College of Information Systems and Technology</td>
<td>This course introduces students to the world of information technology. Students will examine the technology concepts included in business systems, networking, and project management and explore the systems development life cycle. Specific topics for the course include: hardware components, software applications, operating systems, databases, programming, as well as the security, privacy, and safety issues associated with information technology.</td>
</tr>
<tr>
<td>IT 206</td>
<td>PC APPLICATIONS SUPPORT</td>
<td>3</td>
<td>College of Information Systems and Technology</td>
<td>This course will prepare students to support Microsoft Office applications. The student will learn the product features of Word, Excel, PowerPoint, Outlook and Access. This course is based on the requirements of the Microsoft Office Specialist certification.</td>

<td>RESEARCH FOR JOURNALISM</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course focuses on the research methods employed in journalistic writing and reporting. The goal of this course is to enhance the understanding of the characteristics of credible sources and accurate information. Information will be assembled and evaluated to support journalistic goals by interpreting information needs, choosing accurate and unbiased sources, and selecting relevant and reliable information. The importance of employing ethical practices to research techniques is emphasized throughout the course.</td>
</tr>
<tr>
<td>JRN 330</td>
<td>JOURNALISTIC WRITING I</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course focuses on understanding journalistic writing styles. The course begins by categorizing historical media and associating past writing styles with current 21st century styles. Differences will be identified in writing for various audiences and for print, digital, and broadcast media. The rationale for using certain writing styles will be illustrated and expressed. Throughout the course, the roles of research, editing, and ethics in journalistic writing will be emphasized.</td>
</tr>
<tr>
<td>JRN 340</td>
<td>JOURNALISTIC WRITING II</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course focuses on the application of the diverse journalistic writing techniques used by today's changing media landscape. The goal is to enhance storytelling skills by informing and engaging audiences using various delivery methods. Written media messages will be designed and assessed by determining which writing styles should be utilized given the target audience. Within the new convergent media landscape, credible resources will be identified, materials evaluated, and details of written work summarized. The association between research and responsible writing will be explored, as writing strategies to craft effective messages are developed. The role of ethics in journalism is emphasized throughout the course.</td>
</tr>
<tr>
<td>JRN 350</td>
<td>CONTROVERSIAL ISSUES IN JOURNALISM</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course examines the rise of social media and the immediacy in which controversial issues are communicated in journalism. This course focuses on developing the writer reporter's ability to critically examine and react to specific media elements, including public opinion, trends, celebrity commentary, and the public's need to know. Emphasis is placed on understanding the nature and characteristics of thought-provoking mass media occurrences. Concepts of idea generation and storytelling in an ethical and personally responsible manner are highlighted.</td>

This course surveys descriptive and inferential statistics with emphasis on practical applications of statistical analysis. The principles of collecting, analyzing, and interpreting data are covered in this course. It examines the role of statistical analysis, terminology, the appropriate use of techniques, and interpretation of statistical findings through the applications and functions of statistical methods.

This course covers the basics of mobile device management and security. This course is aligned to the CompTIA Mobility+ certification and provides a foundational knowledge in the areas of disaster recovery and troubleshooting, mobile device trends and solutions, and over the air technologies.

This course is an introduction to mobile application development. Participants will learn about industry standards, how to select an application platform and architecture, and current trends in mobile application development. Additionally, the course covers HTML 5, CSS, and JavaScript for mobile devices. Upon completion, participants will be able to plan, design and create simple mobile applications.

This course will cover the basics of coding for Android. Topics include use of the Android APIs, persistent data retrieval and storage, testing, and publishing. Upon completion of the course, participants will be able to develop, test, debug and publish working mobile applications.

### Internship (MFCC 597C)

Students in Arizona, Hawaii, and Nevada must take a third component course to complete the 300-hour (minimum) clinical experience, which has been divided into three fifteen-week parts (A, B, and C), and which comprises Portfolio III of the counseling portfolio series. Students are placed in an approved mental health site and receive supervision from an approved site supervisor. In addition, interns meet weekly with their faculty supervisor and internship group to review their clinical work and to receive instruction and share information on related professional issues, including the role and function of supervision, clinical intakes, terminations, case notes, case presentations, and services offered by their internship sites. Interns will also evaluate their growth through the internship and develop a professional resume.

<td>College of Social Sciences</td>
<td>Students in Arizona, Hawaii, and Nevada must take a third component course to complete the 300-hour (minimum) clinical experience, which has been divided into three fifteen-week parts (A, B, and C), and which comprises Portfolio III of the counseling portfolio series. Students are placed in an approved mental health site and receive supervision from an approved site supervisor. In addition, interns meet weekly with their faculty supervisor and internship group to review their clinical work and to receive instruction and share information on related professional issues, including the role and function of supervision, clinical intakes, terminations, case notes, case presentations, and services offered by their internship sites. Interns will also evaluate their growth through the internship and develop a professional resume.</td>

<td>INTEGRATED MARKETING COMMUNICATIONS</td>
<td>3</td>
<td>School of Business</td>
<td>This course prepares students to apply integrated marketing communications as part of a strategic marketing plan. Students evaluate how marketing communication tools build brand value. Topics include advertising, promotions, public relations, sales, and direct marketing.</td>
</tr>
<tr>
<td>MKT 552</td>
<td>TECHNOLOGY APPLICATIONS &amp; E-MARKETING</td>
<td>3</td>
<td>School of Business</td>
<td>This course prepares students to integrate technology in marketing functions. Students design the organization and content of a website to accomplish one or more marketing objectives. Topics include basics of the World Wide Web, bandwidth, servers and storage, e-Marketing, e-Commerce, and targeting customers.</td>
</tr>
<tr>
<td>MKT 554</td>
<td>CONSUMER BEHAVIOR</td>
<td>3</td>
<td>School of Business</td>
<td>This course prepares students to apply buyer behavior theories in the marketplace. Students evaluate how demographic, psychological, and socio-cultural issues contribute to buyer behavior. Topics include consumer preference, brand perception, attitude formation, persuasion, motivation, and consumer protection.</td>
</tr>
<tr>
<td>MKT 562</td>
<td>ADVANCED INTERNATIONAL MARKETING</td>
<td>3</td>
<td>School of Business</td>
<td>This course prepares students to develop and manage a marketing strategy in an international business environment. Students evaluate case studies of previous product launches and current research to create a launch strategy for a specific country. Topics include distribution systems, socio-cultural perspectives, business customs, product and service adaptations, and pricing issues.</td>

<td>HISTORICAL AND CULTURAL PERSPECTIVES OF THE MILITARY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course focuses on understanding the historical and cultural perspectives of the military. The unique characteristics of military life, the effect on individuals in military families, and the differences between required service during the draft and voluntary service since the early 1970s are presented. Issues such as military jargon, differences between the services, rank and pay-grade categories, and culture are covered. In addition, the course provides an overview of the need for additional mental health services and trained mental health professionals who can work with military families. Ethical and legal issues involved in counseling military families are also introduced.</td>
</tr>
<tr>
<td>MLFC 561</td>
<td>DEPENDENCY AND ADDICTIONS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course addresses addiction concepts and counseling practices. Topics include an overview of dependency theories, major substances of abuse, assessment, diagnosis, treatment modalities, special topics, and working with diverse populations.</td>
</tr>
<tr>
<td>MLFC 565</td>
<td>FAMILY, COUPLE AND CHILD COUNSELING</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course is an overview of models in the intervention and treatment of children, adolescents, and families. Students address integrative approaches to assessment and diagnosis in family therapy and explore systemic approaches to treatment of issues common to families and children in clinical settings. Additionally, students contrast fundamental assumptions of systems theory with intrapsychic theories.</td>
</tr>
<tr>
<td>MLFC 566</td>
<td>GRIEF LOSS AND TRANSITION ISSUES FOR MILITARY FAMILIES</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course focuses on the transitions that military family members face regularly and discusses the experiences of bereavement and grief usually associated with these transitions. Frequent family disruptions, such as the deployment cycle and its effect on the family, are reviewed. A foundational model is presented where all transitions are understood by clinicians and by the families with which they are working. Coping and counseling strategies are presented to assist families through the cycles and transitions. Trauma and posttraumatic stress issues are also presented.</td>

<td>COUNSELING MILITARY FAMILIES</td>
<td>College of Social Sciences</td>
<td>This course focuses on the strengths, vulnerabilities, and capabilities of a military family, including the unique aspects of guard and reserve families. The family systems model is used to address issues that different family members face, including spouses, children, and families of unmarried service members. Parenting issues relevant to military families are also addressed. During the course, local resources are explored to assist families throughout their military service.</td>
<td></td>
</tr>
<tr>
<td>MLFC 568</td>
<td>ASSESSMENT AND INTERVENTION STRATEGIES FOR MILITARY FAMILIES</td>
<td>College of Social Sciences</td>
<td>The focus of this course is on the assessments and interventions used to work with military families. When providing assessments and interventions, it is crucial to understand that the military has a distinct culture. This course explores how professionals can address the stigma associated with service members seeking mental health care, which may deter them from receiving therapy. Ethically and culturally appropriate, theory-based assessment and interventions strategies are explored. In addition, current research on best practices is considered, and case conceptualizations are required.</td>

<td>CURRICULUM CONST &amp; ASSMT: PHYSICAL EDUCATION and HEALTH</td>
<td>2</td>
<td>College of Education</td>
<td>This course defines and provides a context for the classroom teacher to teach and assess K-8 students in the area of physical education and health based on scope and sequence, and on state and national standards. This course includes framework-based teaching strategies effective in helping K-8 students develop a variety of motor skills and abilities, recognize the importance of a healthy lifestyle, gain knowledge of human movement, learn the rules and strategies of games and sports, and develop self-confidence and self-worth. This course also includes framework-based teaching strategies effective in helping K-8 students achieve the goals of lifelong health; understand growth and development; and utilize health-related information, products, and services. Instructional approaches for the integration of physical education and health with other content areas are explored.</td>

<td>College of Humanities and Sciences</td>
<td>This course continues the demonstration and examination of various algebra concepts that was begun in MTH 208: College Mathematics I. It assists in building skills for performing more complex mathematical operations and problem solving than in earlier courses. These concepts and skills should serve as a foundation for subsequent quantitative business coursework. Applications to real-world problems are emphasized throughout the course.</td>
</tr>
<tr>
<td>MTH 210</td>
<td>FUNDAMENTALS OF GEOMETRY</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course is designed to have students demonstrate the ability to use fundamental concepts of geometry including definitions, basic constructions, tools of geometry, and to recognize geometry as an axiomatic system.</td>

<td>QUANTITATIVE REASONING</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This applications-driven course prepares students to critically analyze and solve problems using quantitative reasoning. Students will learn the importance of mathematics and its value to society. Applications to real-world situations are emphasized throughout the course including economics, finance, and statistics.</td>
</tr>
<tr>
<td>MTH 212</td>
<td>INTRODUCTION TO FINITE MATHEMATICS</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course is an introduction to the mathematics available for the study of social and behavioral sciences, and for application in business. Emphasis is placed on the comprehension of problem-solving techniques for the real world. Specific applications in statistics, accounting, finance, and economics are demonstrated and discussed.</td>
</tr>
<tr>
<td>MTH 213</td>
<td>Mathematics for Elementary Educators I</td>
<td>3</td>
<td>College of Education</td>
<td>This is the first course of a two-part series designed for K-8 pre-service teachers to address the conceptual framework for mathematics taught in elementary school. The focus of part one will be on real number properties, patterns, operations and algebraic reasoning and problem solving.</td>
</tr>
<tr>
<td>MTH 214</td>
<td>Mathematics for Elementary Educators II</td>
<td>3</td>
<td>College of Education</td>
<td>This is the second course in a two-part series designed for K-8 pre-service teachers to address the conceptual framework for mathematics taught in elementary school. The focus of part two will be on measurement, geometry, probability and data analysis.</td>

<td>This applications-driven course prepares students to critically analyze and solve problems using quantitative reasoning. Students approach real-world scenarios using numerous reasoning skills and mathematical literacy to draw conclusions.</td>
</tr>
<tr>
<td>MTH 216</td>
<td>QUANTITATIVE REASONING II</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>Students apply advanced quantitative reasoning skills to solve real-world problems. This course emphasizes modelling skills, statistical methods, and probability to create, analyze, and communicate solutions.</td>
</tr>
<tr>
<td>MTH 217</td>
<td>STATISTICS I</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>Students apply elementary probability theory, descriptive and inferential statistics, and reasoning to real-world situations. The course embeds foundational skill into topics including probability, statistics, and reasoning.</td>
</tr>
<tr>
<td>MTH 218</td>
<td>STATISTICS II</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>Students collect, analyze, and interpret data as they examine the role of statistical analysis and statistical terminology. Students also apply appropriate statistical techniques and analytical reasoning in real-world problems to communicate logical arguments and models. The course topics includes probability, statistics, and quantitative reasoning.</td>

<td>INTRODUCTION TO COLLEGE ALGEBRA</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course introduces algebraic concepts providing a solid foundation for college algebra. Topics range from properties of real numbers, the order of operations and algebraic expressions to solving equations and inequalities. Additional topics include polynomials, factoring methods, rational and radical expressions as well as graphing and functions.</td>
</tr>
<tr>
<td>MTH 220</td>
<td>COLLEGE ALGEBRA</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course presents traditional concepts in college algebra. Topics include linear, polynomial, rational, radical, exponential and logarithmic functions, systems of equations sequences, and series.</td>
</tr>
<tr>
<td>MTH 221</td>
<td>DISCRETE MATH FOR INFORMATION TECHNOLOGY</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>Discrete mathematics is of direct importance to the fields of Computer Science and Information Technology. This branch of mathematics includes studying areas such as sophisticated forms of counting (combinatorics, etc), set theory, logic, relations, graph theory, and analysis of algorithms. This course is intended to provide students with an understanding of these areas and their use in the field of Information Technology.</td>
</tr>
<tr>
<td>MTH 225</td>
<td>PRE-CALCULUS</td>
<td>4</td>
<td>College of Humanities and Sciences</td>
<td>This course prepares students for success in calculus. A brief review of college algebra topics is presented including linear, polynomial, radical, rational and absolute value, functions and equations. Students also examine systems of equations, exponential, logarithmic, and trigonometric functions as well as analytic geometry. In addition, students are introduced to sequences and series.</td>

<td>STATISTICS FOR THE LIFE SCIENCES</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course will examine the concepts of statistics leading to the application of these concepts to the life sciences. Topics will include populations and samples, random sampling, probabilities, distributions, and confidence intervals.</td>
</tr>
<tr>
<td>MTH 233</td>
<td>STATISTICS</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course surveys descriptive and inferential statistics with emphasis on practical applications of statistical analysis. The principles of collecting, analyzing, and interpreting data are covered. It examines the role of statistical analysis, statistical terminology, the appropriate use of statistical techniques, and interpretation of statistical findings through the applications and functions of statistical methods.</td>
</tr>
<tr>
<td>MTH 240</td>
<td>ADVANCED QUANTITATIVE REASONING</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>Students apply advanced quantitative reasoning skills to solve real world problems. This course emphasizes modelling skills, statistical methods, and probability to create, analyze, and communicate solutions.</td>
</tr>
<tr>
<td>MTH 280</td>
<td>CALCULUS I</td>
<td>4</td>
<td>College of Humanities and Sciences</td>
<td>This course is an introduction to differential calculus. Students explore limits and continuity. They examine the basic concept of differentiation and practice differentiation techniques. Students develop competence applying differentiation to solve problems. Students also examine simple antiderivatives.</td>
</tr>

<td>CALCULUS II</td>
<td>4</td>
<td>College of Humanities and Sciences</td>
<td>This course examines integral calculus topics. Students are presented with integration techniques for functions of one variable and more applications of definite integrals. Students explore numerical techniques of integration. Students also examine the area function, Riemann sums and indefinite integrals, and apply these to real-life problems. The course concludes with the fundamental theorem of calculus.</td>
</tr>
<tr>
<td>MTH 330</td>
<td>MATHEMATICAL REASONING</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course presents an introduction to advanced mathematical concepts and applications. Students examine truth tables and develop competence with formal logical proof techniques. Students investigate number systems and also explore mathematical language, functions, and trigonometry.</td>
</tr>
<tr>
<td>MTH 360</td>
<td>LINEAR ALGEBRA</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course provides a survey of the concepts related to linear algebra. Students examine the geometry of vectors, matrices, and linear equations, including Gauss-Jordan elimination. Students explore the concepts of linear independence, rank, and linear transformations. Vector spaces, bases, and change of bases are discussed, including orthogonality and the Gram-Schmidt process. In addition, students investigate determinants, eigenvalues, and eigenvectors.</td>
</tr>
<tr>
<td>MTH 380</td>
<td>CALCULUS III</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course builds on the concepts presented in MTH 310 Calculus I and MTH 320 Calculus II. Students examine functions of more than one variable, curves in space, and Newtonian mechanics in three-dimensions. Students explore partial derivatives and differentials as well as local and global extrema. In addition, students use differentiation techniques for functions of many variables.</td>

<td>METHODS OF TEACHING MATHEMATICS</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on the methodology and assessment strategies that enhance learning in preschool through eighth-grade mathematics. Topics include an overview of mathematics content and process standards, developmentally effective instructional strategies, assessment, and classroom and materials management.</td>
</tr>
<tr>
<td>MTH 530</td>
<td>LINEAR ALGEBRA</td>
<td>3</td>
<td>College of Education</td>
<td>The purpose of this course is to provide an introduction to linear algebra, a branch of mathematics dealing with matrices and vector spaces. This course describes the use of linear algebra as a compilation of diverse, but interrelated ideas that provide a way of analyzing and solving problems in many applied fields. Linear algebra has three sides: computational techniques, concepts, and applications. One of the goals of this course is to help you master all of these facets of the subject and see the interplay among them. The material presented in this course involves theorems, proofs, formulas, and computations of various kinds.</td>

Attention is given to an overview of mathematics content and process standards. Emphasis is placed on ranges of abilities and needs, modifications and accommodations, instructional strategies, and classroom management.</td>
</tr>
<tr>
<td>MUS 250</td>
<td>MUSIC APPRECIATION</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course is a survey of music and its intersections with history and culture covering how music functions as an emotional force as both a universal language of expression and construction of individual identity. Through an appreciation focusing on musical genres from Western classical to rock and roll, important figures and themes illuminate the importance of music in history and cultural identity.</td>
</tr>
<tr>
<td>MUS 320</td>
<td>THE MUSIC BUSINESS TODAY</td>
<td>3</td>
<td>School of Business</td>
<td>Guided by music industry luminary Randy Jackson, this course begins by introducing the song as the foundational component of today’s music business model. Each week, students are exposed to the key elements of the music business with emphasis on case studies, industry roles, the way revenue flows, and the current use and impact of technology. The course provides students with a firm grasp of the realities of today’s music industry. Students complete relevant individual and learning team activities that prompt them to consider how they might engage with the music industry’s ecosystem.</td>

<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course introduces baccalaureate students to the nursing program and curriculum. Topics include critical thinking, collaboration, research, academic honesty, APA guidelines, and communication skills. A key focus is introducing students to professional nursing resources and university resources designed for student success.</td>
</tr>
<tr>
<td>NSG 320</td>
<td>PROFESSIONAL NURSING ROLE</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course provides an overview of nursing and is designed for the practical vocational nurse to begin transitioning into professional nursing. Historical influences on professional nursing are explored. Critical thinking, clinical judgment, and professional values and responsibilities are examined in the context of the scope of practice for the professional nurse. The nursing process and concepts crucial to role transition are introduced, along with behaviors related to professional and academic accountability. Benner's Theory of novice to expert and the role of the generalist will be explored.</td>

<td>PHYSICAL ASSESSMENT</td>
<td>4</td>
<td>College of Health Sciences and Nursing</td>
<td>This course builds from previous practical or vocational nursing competencies, knowledge, and skills. It provides the nursing student with the skills in physical, psychosocial, and spiritual assessment of patients across the life span. History taking and data collection are emphasized. Laboratory experiences are included to develop an application of anatomy and physiology concepts to body systems under the supervision of a qualified faculty member. This course includes 30 clinical hours and 8 lab hours.</td>
</tr>
<tr>
<td>NSG 340</td>
<td>MEDICAL SURGICAL NURSING I: ACUTE</td>
<td>5</td>
<td>College of Health Sciences and Nursing</td>
<td>This course builds on previous nursing knowledge and skills to expand into the professional nursing roles related to the medical surgical client experiencing acute health care problems. Management of safe patient care using the nursing process and Watson’s Theory of Human Caring is addressed. Watson’s Theory will be used by the student to apply critical thinking pathways to individual health problems. Students are required to successfully complete 75 clinical hours to pass the course that includes immersive simulation learning.</td>
</tr>
<tr>
<td>NSG 345</td>
<td>MEDICAL SURGICAL NURSING II: COMPLEX AND GERIATRICS</td>
<td>5</td>
<td>College of Health Sciences and Nursing</td>
<td>This course focuses on the care of patients with chronic complex medical surgical conditions. Students will develop their role of the generalist RN in assessing and managing the continuum of care with the adult and geriatric patient. Students are required to successfully complete 75 clinical hours to pass the course that includes immersive simulation learning.</td>
</tr>
<tr>
<td>NSG 391</td>
<td>PROFESSIONAL NURSING PRACTICE</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course focuses on the professional role and discipline of nursing. Students will examine the image of nursing and develop strategies for improvement. Standards of professional practice will be discussed in relation to the profession, role, and value behavior.</td>
</tr>

<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course provides the foundation for developing and utilizing theory-based practice for managing the continuum of care required for families. Based on Watson’s Theory of Human Caring, the nursing process, and evidence-based practice, the student develops the skills to provide family-centered outcomes. Students will demonstrate the ability to recognize the dimensions of multicultural diversity within the community and how it affects the family. Students are required to successfully complete 45 clinical hours to pass the course that includes immersive simulation learning.</td>
</tr>
<tr>
<td>NSG 425</td>
<td>NURSING ETHICS AND PROFESSIONALISM</td>
<td>4</td>
<td>College of Health Sciences and Nursing</td>
<td>This course addresses ethical aspects of the professional nurse’s role in health care delivery and management. Topics include interprofessional collaboration and communication, ethical and professional responsibilities, state Nurse Practice Acts, and decision-making models. Students are required to successfully complete 45 clinical hours.</td>
</tr>
<tr>
<td>NSG 430</td>
<td>EVIDENCE-BASED PRACTICE &amp; INFORMATION TECH IN HEALTH CARE</td>
<td>4</td>
<td>College of Health Sciences and Nursing</td>
<td>Students will compare and contrast nursing research and evidence-based practice. The focus of the course examines nursing practices related to patient safety and quality of patient care. The effect of technology in health care delivery will be explored in relation to patient safety. Students are required to successfully complete 15 clinical hours to pass the course.</td>
</tr>
<tr>
<td>NSG 435</td>
<td>MATERNAL - CHILD NURSING</td>
<td>4</td>
<td>College of Health Sciences and Nursing</td>

<td>4</td>
<td>College of Health Sciences and Nursing</td>
<td>This course focuses on the utilization of Watson's Theory of Human Caring with patients from birth to 18 years. Students will examine the management of acute and chronic illness in the pediatric patient in a variety of settings. The understanding of human growth and development is the foundational framework for the course. Students are required to successfully complete 60 clinical hours to pass the course that includes immersive simulation learning.</td>
</tr>
<tr>
<td>NSG 450</td>
<td>EPIDEMIOLOGY AND GLOBAL HEALTH</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>Epidemiology provides the basis for significant public and global health decisions. Through the use of global statistics and the exploration of epidemiology, students will track the natural history of a disease and identify its frequency, distribution, and cause for the purpose of understanding issues related to global and public health. Students are required to successfully complete 45 clinical hours to pass the course that includes immersive simulation learning.</td>
</tr>
<tr>
<td>NSG 455</td>
<td>EVIDENCE-BASED PRACTICE AND STATISTICS</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course emphasizes the role of evidence-based practice in the nursing profession. Topics include formulating research questions; collecting, summarizing, and interpreting data; and understanding the elements of research designs. The key concept is the role of the nurse as researcher.</td>
</tr>
<tr>
<td>NSG 467</td>
<td>INFLUENCING QUALITY IMPROVEMENT</td>
<td>4</td>
<td>College of Health Sciences and Nursing</td>
<td>This course examines quality management processes, functions, and tools that improve health systems and outcomes. Topics include nursing-sensitive indicators, core measures, Quality &amp; Safety Education for Nurses (QSEN) competencies, and legislative mandates. Key concepts are patient safety, quality improvement, and accountability. Students are required to successfully complete 45 clinical hours.</td>

<td>PHL 215</td>
<td>PHILOSOPHY: METHODS AND APPLICATIONS</td>
<td>3</td>
<td></td>
<td>This course offers an intensive introduction to philosophic problems and methodologies as developed by major figures in the history of philosophy. Applications of philosophic methods to problem-solving, decision making, ethical thought, and strategic thinking are considered.</td>
</tr>
<tr>
<td>PHL 220</td>
<td>AESTHETICS</td>
<td>3</td>
<td></td>
<td>This course focuses on aesthetics as one of the most central and enduring philosophical themes. Emphasis is placed on critical analysis, reasoning, and independent thought regarding beauty, taste, and interpretation of artistic expression across epochs as students develop and analyze reasoned opinions.</td>
</tr>
<tr>
<td>PHL 251</td>
<td>CRITICAL THINKING</td>
<td>3</td>
<td></td>
<td>This five-week course in critical thinking and informal logic helps students develop the ability to reason clearly and critically. It includes an introduction to the disciplines of inductive and deductive logic, fallacious reasoning, and problem-solving techniques. Emphasis is placed on the identification and management of the perception process, use of assumptions, emotional influences and language in various forms of business communication.</td>
</tr>
<tr>
<td>PHL 310CA</td>
<td>CRITICAL THINKING ACROSS DISCIPLINES</td>
<td>3</td>
<td></td>
<td>This course in critical thinking helps students develop the ability to reason clearly and critically. It includes an introduction to inductive and deductive logic, fallacious reasoning, assumptions, and problem solving techniques. Students will apply critical thinking skills in confirming knowledge, producing new ideas, research, and making connections across disciplines.</td>

<td>CRITICAL THINKING AND DECISION MAKING IN BUSINESS</td>
<td>3</td>
<td>School of Business</td>
<td>This course addresses foundational skills in the analysis, synthesis, prescription, and application of critical thinking and decision making in business environments. Emphasis is placed on thinking critically, creatively, and ethically, and decision making outcomes.</td>
</tr>
<tr>
<td>PHL 323</td>
<td>ETHICS IN MANAGEMENT</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course provides opportunities for the analysis and synthesis of the role of ethics in the organization. Emphasis is placed on the way ethics affect thinking, relationship development, policy formation, and professional conduct in the workplace. Students develop the skills to understand and integrate constructive ethics into practices that support the success of the employee and the organization.</td>
</tr>
<tr>
<td>PHL 410</td>
<td>CLASSICAL LOGIC</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This is a systematic course in the use of argument and logic in formal constructs. As logic is applied in various aspects of human reasoning including from deductive inference to mathematical proofs, this course will demonstrate the skills of deduction, validity, and symbols to determine the strengths and soundness of argument and conclusions.</td>
</tr>
<tr>
<td>PHL 458</td>
<td>CREATIVE MINDS AND CRITICAL THINKING</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>In this course students will analyze the thinking process from a critical and creative perspective. The lives of prominent creative thinkers will be examined to identify the social, historical, psychological, and cultural elements that influenced their development. The salient aspects of creativity will be assessed along with the relationship between creativity and critical thinking. Students will apply critical thinking skills to contemporary creative and scientific thought.</td>

<tr>
<td>PHL 717</td>
<td>CONSTRUCTING MEANING</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>The postmodern world is an amalgam of our beliefs, physical sensory interpretations, psychological projections of our wants needs fantasies, a cultural interpretation of existence meaning purpose, a moral sense of right and wrong, a religious or spiritual interpretation of responsibility, and the sense of the relationship we have to each other. Learners explore the concept of postmodernism through the writings of some of the classic thinkers. Learners will also undertake an examination of the way they personally construct their world - what it means and what is meaningful at a personal level, with some insight into why that is the case for them. This information will be explored and learners will use this to inform their leadership behavior and explain their style.</td>
</tr>
<tr>
<td>PHL 736</td>
<td>POLITICAL ACUMEN AND ETHICS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course will provide students with the tools leaders need to address current and future impacts on business and society. Students will examine methods used to influence organizational change toward proactively addressing risk factors such as political, legal, regulatory, and governmental requirements. The course will focus on understanding how business leaders can change, strengthen, and transform their organizations. Topics include corporate social responsibility, organizational and community involvement, and attaining and maintaining American corporate ethical standards in local and global environments.</td>
</tr>
<tr>
<td>PHY 101</td>
<td>FUNDAMENTALS OF PHYSICS</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course is designed to introduce physics at an entry level by examining the principal laws of physics leading to a conceptual understanding of how these principles relate to everyday life. The topics in this course include Newton’s laws, properties of matter, heat and thermodynamics. Students will apply these principles using practical examples, facilitated discussions, and experiments.</td>

<td>3</td>
<td>College of Social Sciences</td>
<td>This introductory counseling skills course introduces students to fundamental helping skills. Students will develop a range of basic communication patterns to facilitate a healthy therapeutic relationship between counselor and client. Students learn counseling and communication skills such as, attending behaviors, eliciting, structuring, and summarizing.</td>
</tr>
<tr>
<td>PMHC 515</td>
<td>LEGAL, ETHICAL, AND PROFESSIONAL ISSUES IN COUNSELING</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course covers the legal and ethical responsibilities of the counseling professional. Students learn to interpret and act upon legal and ethical situations appropriately and effectively. Content includes issues such as client rights, confidentiality, duty to warn and protect, dual relationships, supervision and consulting, ethics with special populations, and ethical decision-making models.</td>
</tr>
<tr>
<td>PMHC 525</td>
<td>RESEARCH METHODS FOR MENTAL HEALTH COUNSELORS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course provides an overview of the fundamentals of research and evaluation in the counseling profession. Topics include critical analysis of research literature, statistical analysis, qualitative and quantitative research methods, needs assessment, and program evaluation. Emphasis is placed on understanding connections between research design, theories, and the use of results in the professional practice of counseling.</td>
</tr>
<tr>
<td>PMHC 540</td>
<td>CAREER AND VOCATIONAL COUNSELING</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course provides the student with a comprehensive overview of vocational theory and career counseling. It includes the historical foundations of vocational theory and their relationship to skills and techniques used in career counseling and vocational development practices. Vocational and career counseling is examined as an integral component of the overall assessment and treatment of clients representing diverse populations. Emphasis is placed on the examination of adults in transition and the nature of work in a changing world. Students develop competencies necessary to provide career and vocational counseling to clients across the lifespan.</td>
</tr>
<tr>
<td>PMHC 547</td>
<td>CLINICAL ASSESSMENT AND PSYCHOMETRICS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course introduces students to models and tools of clinical assessment, including tests and test reports used in counseling and behavioral analysis. Students practice writing intake assessments, mental status examinations, and outcome-based treatment planning. Special focus is placed on psychometric properties of test, test selection criteria, administration, interpretation, and reporting of test results. Multicultural and ethical issues in assessment and psychometrics are also explored.</td>
</tr>
<tr>
<td>PMHC 548</td>
<td>PSYCHOPATHOLOGY: ADVANCED CLINICAL ASSESSMENT</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>Students build on clinical assessment skills, focusing on the more complex or problematic disorders with particular focus on personality disorders. Emphasis is on accepted treatment approaches and outcome based assessments, understanding specific disorder classifications, and identifying behaviors indicative of psychological disorder. Students enhance their skills by practicing report-writing and treatment plan development.</td>
</tr>
<tr>
<td>PMHC 551</td>
<td>INDIVIDUAL COUNSELING</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course provides intensive skill building in counseling diverse clients. Students focus on the integration of strategies in the counseling process. Key elements of this course include role-play and case conceptualization. Emphasis is placed on effective treatment planning, professional ethics, and differentiated interventions.</td>
</tr>
<tr>
<td>PMHC 558</td>
<td>CRISIS INTERVENTION AND TRAUMA</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course provides students with an in-depth evaluation of crisis and trauma counseling, including emergency and disaster situations. Students examine crisis theory, methods of crisis response, psychological effects associated with trauma, assessment strategies, and intervention models. Students analyze theoretical approaches as they relate to crisis management and trauma counseling.</td>

<td>BIOLOGICAL FOUNDATIONS IN PSYCHOLOGY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course is designed to expose you to the underlying physiological mechanisms of behavior. Physiological psychology is a complex but fascinating field of study. It explores the relationship between our biological systems and behavior. Structure and function of the nervous system from the neuron to the brain, as well as the interrelationships between the brain and such behaviors as eating, sleeping, learning, memory, emotion, and mental disorders will be discussed using examples from the behavior of both humans and lower organisms.</td>
</tr>
<tr>
<td>PSY 345</td>
<td>SENSATION AND PERCEPTION</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course is designed to explore the five major human sensory systems (vision, hearing, smell, touch, and taste) and perceptual experiences related to these senses as they occur in the human brain. The course examines the anatomical, physiological, and neural connections that influence sensation and perception. Emphasis will be placed on theories and concepts of sensation and perception as a means of understanding human behavior.</td>
</tr>
<tr>
<td>PSY 355</td>
<td>MOTIVATIONAL PROCESSES IN HUMAN PSYCHOLOGY</td>

<td>3</td>
<td>College of Social Sciences</td>
<td>This course focuses on a historical view of human development leading to the current lifespan approach to form an understanding of the developing individual, and it explores influences on human development, ranging from individual models to cross-cultural groups. Emphasis is given to personality, social, intellectual, and physical development, and the major theories used to describe how people change throughout their lifespan.</td>
</tr>
<tr>
<td>PSY 390</td>
<td>LEARNING AND COGNITION</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course concerns the study of learning from the most basic associationistic ideas to complex cognitive behaviors such as problem solving and thinking. Various ideas regarding the nature of the mind are presented along with the fundamental concepts of learning and conditioning. Strengths and weaknesses of the memory system are discussed as they relate to higher cognitive processes such as language, problem solving, and eyewitness identification. Neurophysiological correlates of cognitive phenomena and memory disorders are also discussed.</td>
</tr>
<tr>
<td>PSY 400</td>
<td>SOCIAL PSYCHOLOGY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course provides a unified view of the field of social psychology organized around the concepts of social influence and power and exchange in social life and explores in-depth human thoughts, feelings, and actions as influenced by other people. Specific topics include socialization, perception of self and others, pro-social and anti-social behavior, attitudes, interpersonal attraction, social influence, and group behavior.</td>
</tr>
<tr>
<td>PSY 405</td>
<td>THEORIES OF PERSONALITY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course surveys the field of personality from a scientific perspective, examining the general approaches to understanding personality. The key theorists and concepts associated with each perspective are highlighted, along with the strengths and limitations of the different approaches.</td>

<td>ABNORMAL PSYCHOLOGY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course is designed to provide students with an introduction to theories and research concerning abnormal behavior (psychopathology). The course will address such topics as the incidence (frequency) of abnormal behavior of various types; how abnormal behaviors are classified into various diagnostic categories; the etiologies (causes) of psychological disorders; and the variety of methods employed in the treatment of abnormal behavior.</td>
</tr>
<tr>
<td>PSY 420</td>
<td>THEORIES OF BEHAVIOR</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course is an introduction to principles of learning and behavior analysis and how they relate to the profession of psychology. Topics to be covered include conditioning, social learning, and philosophical and historical antecedents of behaviorism. The environmental influences of behavior, to understand the antecedent-consequence link and functions of behaviors, will also be covered. An emphasis will be placed on behavior-analytic strategies in a variety of settings including business and industry, education, and health and human services.</td>
</tr>
<tr>
<td>PSY 425</td>
<td>CHEMICAL DEPENDENCY IN THE WORKPLACE</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>Using an issues-based approach, this course examines drugs of abuse and the impact of abuse on the individual, family, and society with an emphasis on the employer and work environment. Legal and ethical implications of chemical dependency in the workplace are addressed, and the hallmarks of creating drug-free workplace programs are examined.</td>
</tr>
<tr>
<td>PSY 428</td>
<td>ORGANIZATIONAL PSYCHOLOGY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course is concerned with analyzing the external and internal system dynamics that maximize performance excellence through individual and work groups. The course applies psychological factors to enhance work outcomes. Understanding external customer relationships is also explored.</td>

<td>TEAM DYNAMICS FOR MANAGERS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course provides an exploration into how managers and employees work in groups for the completion of organizational objectives. Emphasis of the growing dependency on self-directed work teams is provided. This course equips students with the ability to work in teams successfully, to manage work teams, and to obtain results via team dynamics. Impacts upon customer satisfaction are explored.</td>
</tr>
<tr>
<td>PSY 435</td>
<td>INDUSTRIAL ORGANIZATIONAL PSYCHOLOGY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course is designed to introduce the student to the field of industrial organizational psychology. The emphasis is on the psychological principles and how they can be applied in a work context. Topics will include legal issues in employment, selection of employees, performance appraisal, training, leadership, motivation, and group behavior.</td>
</tr>
<tr>
<td>PSY 450</td>
<td>DIVERSITY AND CULTURAL FACTORS IN PSYCHOLOGY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course is a study of the issues and influences related to gender, sexual orientation, and the major racial ethnic and cultural groups in the United States and how they affect theoretical and research paradigms in psychology and clinical and counseling practices. The course expands the students' frame of reference concerning human diversity and applies this knowledge to counseling and research issues in psychology.</td>
</tr>
<tr>
<td>PSY 460</td>
<td>ENVIRONMENTAL PSYCHOLOGY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>In this course students will learn about the interaction between people and their environments; how our behavior affects our environment, and how that environment, in turn, influences our own behavior. An emphasis will be placed on developing behavioral solutions for environmental problems.</td>
</tr>
<tr>
<td>PSY 475</td>
<td>PSYCHOLOGICAL TESTS AND MEASUREMENTS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course will cover the basic principles, research, and theories on testing and measurement of psychological constructs. It is expected that students complete the course with knowledge of various techniques for psychological testing; a familiarity of several professionally developed tests; the ability to develop, administer, and interpret certain tests; and knowledge of measurement theory which includes reliability and validity.</td>
</tr>
<tr>
<td>PSY 480</td>
<td>ELEMENTS OF CLINICAL PSYCHOLOGY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course is intended to provide the beginning psychology student with an overview of the theory and practice of clinical and counseling psychology. The course includes reference to major theories of personality, assessment, and psychotherapy. Topics include psychodynamic, cognitive behavioral, and biological theories of normal and abnormal psychological processes, and the assessment of behavior, abilities, and personality. Therapies covered include a variety of psychoanalytic approaches, and humanistic, biological, cognitive behavioral, and child and family therapies.</td>
</tr>
<tr>
<td>PSY 485</td>
<td>SERVICE LEARNING EXPERIENCE: PSYCHOLOGY IN THE COMMUNITY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>In this course, students will be required to complete a service learning project at a community organization. Examples of appropriate placements include but are not limited to homeless shelters, shelters for abuse survivors, outpatient mental health clinics, juvenile justice facilities, assisted living facilities and hospice centers. Students will learn about the practice of psychology in the community by shadowing qualified professionals, observing interventions, and investigating community services.</td>
</tr>
<tr>
<td>PSY 490</td>
<td>CAPSTONE COURSE IN PSYCHOLOGY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This is the capstone course for undergraduate psychology students. The course provides students with the opportunity to integrate and apply learning from their psychology program of study in a comprehensive manner. Students will also assess the impact of their educational experiences on their ethical perspectives and critical thinking skills. Students will reflect on and evaluate their personal and professional growth, the benefits of lifelong learning, and the impact of these elements on their future.</td>

Emphasis is placed on biological, cognitive, and psychosocial development within the context of gender, family systems, social roles, and culture.</td>
<td></td>
</tr>
<tr>
<td>PSYCH 504</td>
<td>PERSONALITY THEORIES</td>
<td>College of Social Sciences</td>
<td>This course enables students to differentiate among the primary theoretical models of personality theory, such as psychodynamic, affective, cognitive-behavioral, and systems theory. Emphasis is on the importance of students recognizing belief systems and the underlying assumptions inherent in various personality models that accurately reflect their own personal perspectives. Students also learn to recognize strategies and approaches in psychology that reflect identified personality theories as a foundation.</td>
<td></td>
</tr>
<tr>
<td>PSYCH 515</td>
<td>ADVANCED ABNORMAL PSYCHOLOGY</td>
<td>College of Social Sciences</td>
<td>This course covers a wide range of definitions and models that focus on the complex or problematic psychological disorders and conditions of psychopathology. Emphasis is on learning accepted conceptualizations of such disorders along with contemporary treatment approaches. Students are introduced to the Diagnostic and Statistical Manual of Mental Disorders (DSM) and the basis of diagnosis and classification of psychopathology. Critical thinking skills are emphasized, as are multicultural, legal, and ethical issues involved in the field of abnormal psychology.</td>
<td></td>
</tr>
<tr>
<td>PSYCH 525</td>
<td>MEASUREMENTS AND STATISTICS</td>
<td>College of Social Sciences</td>
<td>This course provides students with a foundation in statistical methods and principles of measurement and assessment necessary for competency in research, evaluation, and treatment planning for professional psychology practice applications. Students learn statistical models, procedures, and measurement practices that are relevant to the mastery of examination procedures in psycho-educational assessment, organizational assessment, and clinical examinations that use standardized testing instruments, criterion based assessments and the Diagnostic and Statistical Manual of Mental Disorders (DSM).</td>

<td>MULTICULTURAL PSYCHOLOGY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course provides students with an in depth focus on cultural factors and cross-cultural perspectives in the field of psychology. Students learn to identify and consider cultural variables in the application of psychological theories and practices. Multicultural issues and valued diversity are the main content focus throughout the course.</td>
</tr>
<tr>
<td>PSYCH 540</td>
<td>RESEARCH METHODOLOGY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course is an overview of the fundamentals of research methods applicable to the broad field of psychology. Topics include research design, quantitative and qualitative forms of analysis, ethical issues in research, and appropriate documentation of research processes and outcomes. Students become critical evaluators of research, with emphasis placed on engaging the students in analytical reading of research literature in psychology and the application of skills in conducting primary behavioral research.</td>
</tr>
<tr>
<td>PSYCH 545</td>
<td>SURVEY OF PROFESSIONAL PSYCHOLOGY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course surveys various professional activities in psychology and the legal and ethical responsibilities of the psychology professional. Students learn underlying ethical principles relevant to a broad range of issues in the field of psychology, as well as to interpret and act upon various situations appropriately and effectively. Content includes issues such as subject and client rights, confidentiality, duty to warn and protect, dual relationships, supervision and consulting, ethics with special populations, and ethical decision-making models.</td>
</tr>
<tr>
<td>PSYCH 550</td>
<td>PSYCHOLOGY OF LEARNING</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course examines major theories of learning with relevance to instrumental and classical (Pavlovian) conditioning, cognitive learning processes, motivation, affect, and memory. The students will explore relevant research on traditional and contemporary issues in learning, with an emphasis is on human learning from both behavioral and cognitive perspectives.</td>

<td>ELEMENTS OF HEALTH PSYCHOLOGY AND BEHAVIORAL HEALTH</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course is an overview of the field of health psychology and the origins of the biopsychosocial model from a historical perspective, including the biological, psychological and social contexts of the science. It provides students with information about the biological foundations of health and illness, as well as current research in health psychology. The dangers of &quot;unscientific&quot; applications and the importance of using critical thinking and evidence-based research when formulating strategies are described.</td>
</tr>
<tr>
<td>PSYCH 627</td>
<td>ILLNESS PREVENTION AND HEALTH PROMOTION</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course examines research on the basic relationships between behavior and health, including stress, eating and obesity, substance abuse, and chronic illness such as cardiovascular disease, cancer and HIV/AIDS. Students will learn the major concepts of illness prevention and health promotion, with a focus on both personal behavioral factors and sociocultural determinants. Special attention will be given to the disparities in health status and prevention efforts with regard to race, gender, ethnicity, and socioeconomic status.</td>
</tr>
<tr>
<td>PSYCH 628</td>
<td>EVIDENCE-BASED INTERVENTIONS IN BEHAVIORAL HEALTH</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course provides a description of those therapeutic interventions which are based on outcome studies. Students will learn practical assessment and intervention strategies for the major disorders where health psychology plays a role, including chronic stress and pain, obesity and eating disorders, substance abuse, HIV and AIDS, diabetes and hypertension, insomnia and cancer. Methods will include self-monitoring, relaxation and meditation techniques, stimulus control, self-management, and cognitive-behavioral therapies. Complementary and alternative therapies which have shown clinical efficacy will also be described.</td>
</tr>
<tr>
<td>PSYCH 629</td>
<td>INTRODUCTION TO INDUSTRIAL ORGANIZATIONAL PSYCHOLOGY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>In this course, students will be introduced to the domains of the Industrial Organizational (I-O) Psychology concentration. Topics include an overview of the four primary domains of I-O psychology, human resource management, factors influencing employee performance, organization development, and research relevance within the I-O field of study. Students will gain an understanding of the evolution of the I-O field of study from the foundations of the field to the present day, the various ways that I-O psychologists contribute to organizations, the unique contributions of I-O psychology to the broader scientific community, and the main ethical issues likely to be encountered in the field. This course covers a wide variety of topics with the goal of exposing students to the main issues influenced by I-O psychologists.</td>

<tr>
<td></td>
<td>This course will introduce students to the major categories of psychopathology as presented in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM). Mental disorders and their etiologies will be conceptualized from different perspectives, including cultural, biological, psychodynamic, cognitive-behavioral, existential and systemic. Ethical issues related to research and practice in the field will be addressed. Students will be challenged to consider various definitions of normality abnormality, the process of rendering a diagnosis, and the symptoms, causes and interventions for commonly occurring mental disorders.</td>
<td></td>

<td>ETHICS AND PROFESSIONAL ISSUES</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course surveys various professional activities in psychology with emphasis on the legal and ethical responsibilities of psychological researchers and practitioners. Students will study the APA Code of Ethics and analyze case studies involving assessment, research and practice in psychology. Topics include ethics in research, the purpose and function of internal review boards (IRBs), participant and client rights, informed consent, confidentiality, duty to warn and protect, dual relationships, supervision, consultation, ethical considerations when working with diverse populations, and the application of ethical decision-making models.</td>
</tr>
<tr>
<td>PSYCH 665</td>
<td>INTEGRATIVE CAPSTONE: PSYCHOLOGY PAST AND PRESENT</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course will trace the historical progression of ideas and concepts in Psychology with emphasis on pivotal experiments that influenced our understanding of human behavior. Students will select a specific area of study and explore the historical roots of their selected topic. Students will conduct a comprehensive literature review of a contemporary issue or problems related to their selected topic and develop either an applied project or research proposal.</td>

<td>PSYCH 670</td>
<td>MASTER'S THESIS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>Only those students who have developed a detailed and manageable research proposal in PSYCH 665 may enroll in this course. During the course, the student will implement a small-scale or quantitative study, analyze the data and document the research in an APA style manuscript.</td>
</tr>
<tr>
<td>PSYCH 700</td>
<td>INTRODUCTION TO I O</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This survey course introduces the domains of the Industrial Organizational (I-O) PhD program. The topics include an overview of the four primary domains of I-O psychology: human resource management, factors influencing employee performance, organization development, and research relevance within the I-O field of study. Furthermore, the learner will gain a firm understanding of: The evolution of the I-O field of study from the foundations of the field to the present day; the various ways that I-O psychologists contribute to organizations; the unique contributions of I-O psychology to the broader scientific community; and the main ethical issues likely to be encountered in the field. The survey course covers a wide variety of topics, with the goal of exposing students to the main issues influenced by I-O psychologists. Students will be engaged in academic writing and APA style.</td>
</tr>
<tr>
<td>PSYCH 701</td>
<td>HISTORY AND SYSTEMS OF PSYCHOLOGY</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>In this course learners examine the history of and different systems in psychology, the development of the discipline of psychology, and key factors that guided its evolution into present form. Different aspects of natural science, including rational and paradigmatic approaches, and how these aspects relate to social science are also examined.</td>
</tr>
<tr>
<td>PSYCH 702</td>
<td>SOCIAL PSYCHOLOGY</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course covers the basic theoretical foundations and recurrent themes in social psychology (including attitudes, stereotyping, conformity, power, aggression, pro-social behavior, the social self, emotions, group dynamics, and inter-group relations). The emphasis is on recent empirical and theoretical developments and includes models of social cognition that are a focus of contemporary social psychological theories.</td>

<td>PSYCH 703</td>
<td>PERSONALITY THEORIES</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course enables students to differentiate among the primary theoretical models of personality theory, such as psychodynamic, affective, cognitive-behavioral, and humanistic theories. Emphasis is on the importance of learners recognizing belief systems and underlying assumptions inherent in various personality models that accurately reflect their own personal perspectives and to recognize strategies and approaches in psychology that reflect identified personality theories as foundation.</td>
</tr>
<tr>
<td>PSYCH 704</td>
<td>CURRENT AND FUTURE TOPICS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>Learners explore current issues facing the I O professional, such as stress and conflict in the workplace, the impact of technology on employee morale, changing dynamics of the employee, and socio-economic factors within the globalized work environment. Additional topics will be added based on the current focus of the literature.</td>
</tr>
<tr>
<td>PSYCH 705</td>
<td>PERSONNEL PSYCHOLOGY</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>Learners gain an appreciation for the processes I O psychologists use to recruit, select, place, and develop employees managers executives, including discussions about tests, assessment centers, and interviews. Furthermore, the course examines the role of the I O psychologist in awareness, preparedness, and response to behavioral problems or issues in the workplace.</td>
</tr>
<tr>
<td>PSYCH 706</td>
<td>HUMAN PERFORMANCE, ASSESSMENT, AND FEEDBACK</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>In this course learners are familiarized with basic models of learning, as well as the different approaches to training, design, delivery, and measurement, that are necessary for organizational development programs. A key emphasis of the class concerns designing essential and effective training objectives that are aligned with an organization’s mission.</td>

<tr>
<td>PSYCH 707</td>
<td>LEADERSHIP THEORY AND MANAGEMENT THEORY</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>Learners examine major theoretical leadership and management models, distinguish between leadership and management, and assess the impact of each on the work setting. Application of the various perspectives on leadership and management and how these perspectives play a vital role in the achievement of organizational, group, and team goals is discussed.</td>
</tr>
<tr>
<td>PSYCH 708</td>
<td>WORK MOTIVATION AND JOB ATTITUDES</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course will allow learners to evaluate various theories of motivation and develop a familiarity and understanding of pertinent research in the field. Learners will be able to relate motivational theories to enhance employee attitudes, effectiveness, and well being in the midst of organizational stressors, health and safety issues, and outsourcing downsizing.</td>
</tr>
<tr>
<td>PSYCH 709</td>
<td>ETHICAL, LEGAL, AND PROFESSIONAL CONTEXTS OF I O PSYCHOLOGY</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>Learners will review pertinent legal and ethical issues for I O psychologists that are related to the different roles that these professionals take in the workplace. Learners will gain the tools necessary to develop an initial ethical framework for making decisions within an organizational structure, and this framework will be expounded upon in future classes.</td>
</tr>
<tr>
<td>PSYCH 710</td>
<td>MASTER'S PROJECT</td>
<td>1</td>
<td>School of Advanced Studies</td>
<td>The Master's Project will require learners to integrate their program of study with an in-depth exploration of an interest area that spans all four I O program domains: human resource management, factors influencing employee performance, organization development, and research relevance. The project will be based on library research and or fieldwork and must demonstrate a significant contribution to the I O psychology field.</td>
</tr>
<tr>
<td>PSYCH 720R</td>
<td>DISSERTATION PROCESS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>Learners will develop a foundational understanding about the composition of the dissertation, including research, analysis, and writing. To facilitate individual interests, learners will develop interest papers about three topics, each of which can be examined as a dissertation, including the general problem to be researched and supporting literature.</td>
</tr>
<tr>
<td>PSYCH 740</td>
<td>JUDGMENT AND DECISION MAKING</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>Learners will develop knowledge about decision theory, judgment, and problem-solving research related to areas such as vigilance behavior, employee selection, choice behavior, and human performance in complex environments. This course examines Brunswik's lens model, Bayesian inference, subjective expected utility, prospect theory, and the cognitive information-processing paradigm.</td>
</tr>
<tr>
<td>PSYCH 750</td>
<td>CONSULTING AND BUSINESS SKILLS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course focuses on developing business presentation, including the development and presentation of information to a business audience that clearly articulates key messages in terms the audience can understand; skills in presenting and responding to questions; and the ability to deliver ideas, proposals, and requests in a fashion that leads to their acceptance and organizational movement in desired directions.</td>
</tr>
<tr>
<td>PSYCH 760R</td>
<td>CONSULTING PROCESSES IN I O</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>The purpose of this residency is for learners to build competencies related to consulting as an internal and external I O professional.</td>

In this course, participants review the math concepts and topics found on the Praxis II Mathematics Content Knowledge exam. Participants practice working timed math problems by hand, quickly and correctly. Additionally, opportunities to determine personal strategies for successful test-taking are provided. Participants receive information on testing strategies, vocabulary, formulas, and other subject-specific information required in the following domains: 
- Domain I: Algebra and Number Theory
- Domain II: Measurement, Geometry, and Trigonometry
- Domain III: Functions and Calculus
- Domain IV: Data Analysis and Statistics, and Probability
- Domain V: Matrix Algebra and Discrete Mathematics

Opportunities to take practice tests, to review test questions by analyzing both correct and incorrect answers, and to use the information gathered from analysis and practice assessments help students prepare for the exam.

<td>SCIENTIFICALLY BASED LITERACY INSTRUCTION</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on scientifically-based research as the foundation for classroom reading instruction. It examines the work of the National Reading Panel, as well as the mandates of The Colorado Reading to Ensure Academic Development Act (2012) and state reading and language arts standards. In addition, it focuses on the five major areas of reading: phonemic awareness, phonics, fluency, vocabulary, and comprehension. The elements and the application of techniques for organizing and implementing explicit, systematic instruction in each of these areas, and methods of regularly assessing children's performance in reading and language arts are also emphasized.</td>
</tr>
<tr>
<td>RDG 415</td>
<td>DIAGNOSIS AND REMEDIATION OF READING DIFFICULTIES</td>
<td>3</td>
<td>College of Education</td>
<td>This course addresses the use of reading assessments to determine classroom intervention and instructional strategies. It provides foundational information about stages of reading acquisition, factors that impact reading success or failure, and the nature of reading difficulties. This information serves as a context for learning about the selection, administration, and interpretation of formal and informal classroom assessments for the purposes of screening, diagnosing difficulties, monitoring progress, and evaluating instruction. In addition, a final diagnostic and instructional recommendations report will be developed based on student test data provided.</td>
</tr>
<tr>
<td>RDG 416</td>
<td>METHODS OF TEACHING IN EARLY CHILDHOOD LANGUAGE AND LITERACY</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on children’s language and literacy development from birth to age 8. Students examine theories of language development, including theories of second language acquisition and the needs of English Language Learners. They also explore strategies for engaging children in integrated listening, speaking, reading, and writing experiences. Integration of content area standards and development of hands-on learning experiences are emphasized. Additionally, developmentally-effective assessments are discussed as a means of informing instruction.</td>
</tr>
<tr>
<td>RDG 418</td>
<td>PHONOLOGICAL THEORY AND READING INSTRUCTION</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on scientifically based instruction in phonological awareness, linguistic skills, and phonics as fundamental to implementing an effective reading program. Students examine scientific research and distinguish it from non-scientific claims. In addition, they study the applications of scientific research to classroom instruction.</td>
</tr>
<tr>
<td>RDG 420</td>

<td>ELEMENTARY READING AND WRITING STRATEGIES</td>
<td>3</td>
<td>College of Education</td>
<td>This course empowers participants to support diverse elementary students to read and write with ease and confidence. Participants explore the principles, theories, and standards that help students read and write well. In particular, participants explore reading and writing materials, instructional tools and strategies, and assessment techniques.</td>
</tr>
<tr>
<td>RDG 526</td>
<td>ADOLESCENT LITERATURE</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on evaluating, selecting, and integrating adolescent literature in 6th-12th grade classrooms. Participants investigate gender, language, and other individual preferences in literature. Participants analyze various techniques for teaching diverse learners using an array of culturally responsive, age-appropriate, classic, contemporary, and award-winning literature. Participants examine the use of text sets, choice books, technology links, audio books, author studies, performance assessments, and book-to-film features to incorporate across the curriculum.</td>

<td>RES 724A</td>
<td>QUALITATIVE METHODS AND DESIGN</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>Qualitative Methods and Design was developed for advanced PhD in Higher Education Administration students. The course builds on students' understanding of qualitative methods and various research designs. The purpose of the class is to discuss framing qualitative research questions, differences and applications for appropriate methodologies, and data collection and analysis within the context of higher education administration.</td>
</tr>
<tr>
<td>RES 725</td>
<td>DESCRIPTIVE AND COMPARATIVE DATA ANALYSIS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course focuses on statistical analysis methods and reporting of results when describing and comparing data from groups. Learners will explore the assumptions, advantages, limitations, and appropriate applications of these quantitative approaches. The methods covered will include comparison of means for various forms of data including multiple means using methods of basic and advanced factorial ANOVA. Multivariate comparisons will also be explored under conditions of multiple independent and dependent variables using techniques including Hotelling's T, MANOVA and related techniques. Depending on the learners' needs other approaches may be covered.</td>
</tr>
<tr>
<td>RES 726</td>
<td>CORRELATIONAL METHODS OF ANALYSIS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course focuses on statistical approaches to analysis and reporting when examining bivariate and multivariate relationships among variables. Learners will explore the underlying assumptions, advantages, limitations and appropriate application of correlation regression based approaches to data analysis. The course will cover basic correlation methods, simple and multiple regression techniques, and advanced multivariate procedures including factor analysis and structural equation models. Depending on the learners' needs, other approaches may be covered.</td>
</tr>
<tr>
<td>RES 727</td>
<td>APPROACHES TO PHENOMENOLOGICAL INQUIRY AND DATA ANALYSIS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course is designed to provide advanced graduate students with instruction in qualitative phenomenological approaches as applied to social science research. The course will emphasize individual and group interviewing as techniques for phenomenological data collection. Focus is placed on analysis approaches appropriate for and relevant to phenomenological research.</td>
</tr>
<tr>
<td>RES 728</td>
<td>QUALITATIVE CASE STUDY</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course is designed to provide advanced graduate students with instruction in qualitative case study research approaches as applied to social science research. The course will emphasize individual and group interviewing as techniques for qualitative case study data collection. This course is particularly useful for advanced doctoral students who plan to conduct a qualitative dissertation. Focus is placed on analysis approaches appropriate for and relevant to case study research.</td>
</tr>
<tr>
<td>RES 729</td>
<td>ETHNOMETHODOLOGY AND THE STUDY OF CULTURE</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>In this course, students will build knowledge of and competence with data analysis techniques developed in the anthropological tradition of ethnography. Integrating data from multiple collection methods (e.g., observational field notes, interviews, analyses of cultural artifacts), students will develop coding thematic grouping protocols as well as strategies to develop findings into comprehensive interpretation of a particular culture. The course will conclude with a comprehensive overview of the process and practice of writing up ethnographic texts, centering largely on &quot;thick description&quot; as a critical mode of representation.</td>
</tr>
<tr>
<td>RES 731</td>
<td>RESEARCH METHODS AND STATISTICS IN I O (I)</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course provides learners with a foundation in the design of psychological research. The importance of how to select appropriate measures for a study, different research designs - experimental, quasi-experimental, and correlational, and threats to reliability and validity are discussed.</td>
</tr>
<tr>
<td>RES 732</td>
<td>RESEARCH METHODS AND STATISTICS IN I O (II)</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course builds on the material covered in Research Methods and Statistics I by elaborating on the various statistical techniques used in the analysis of data generated by empirical research. The course includes both descriptive and inferential statistical methods and spans parametric and non-parametric statistical methods.</td>

<tr>
<td>RES 733</td>
<td>CRITERION DEVELOPMENT, PERFORMANCE EVALUATION, AND APPRAISAL</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course focuses on key issues related to the development of measurement criterion in organizations. Theoretical and practical issues related to performance evaluation and appraisal are also discussed.</td>
</tr>
<tr>
<td>RES 741</td>
<td>TESTING AND MEASUREMENT</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>A comprehensive overview of the psychological tests and measurements used by I-O psychology practitioners. Basic psychometric principles, such as reliability, validity, and standardization, will be explored. Students will also learn about the steps involved in test development and considerations surrounding the interpretation of test scores. Professional and ethical standards and guidelines for testing are reviewed.</td>
</tr>
<tr>
<td>RES 745</td>
<td>GROUNDED THEORY METHODS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course is designed to provide advanced graduate students with instruction in qualitative approaches as applied to social science research, where the research objective is the development of theory. Building upon an existing understanding of qualitative inquiry, students explore the concept of data within grounded theory as well as the techniques and processes traditionally found within grounded theory, such as the constant comparative method. Focus is placed on the steps and procedures for analyzing data within a grounded theory context.</td>
</tr>
<tr>
<td>RES 746</td>
<td>MIXED METHODS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>The Mixed-Methods course focuses on both conceptual issues surrounding the use of mixed methods in business, education, nursing and social science research and the analysis of data using mixed methods. The course will involve scrutiny of published mixed-method research throughout, and uses published research for reference purposes throughout the course. Students are expected to develop skills in mixed-method research by engaging in actual analysis of data using mixed methods. Thus, the course will blend conceptualization, design, and analysis. Content of the course represents a clear recognition of the importance of mixed methods in research and the growing importance of a solid knowledge of both quantitative and qualitative approaches -- and their blending -- to actually design and conduct meaningful doctoral level research.</td>

<tr>
<td>RES 750</td>
<td>APPROACHES TO RESEARCH: QUANTITATIVE</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>In this course, students will learn about foundational quantitative and qualitative research designs and their appropriateness for achieving a study's objectives. Topics include research methods and design, the development of problem statements, purpose statements, research questions, and hypotheses. Learners will create the foundational components of a concept paper for the two topics identified by the student during PSYCH 720R.</td>
</tr>
<tr>
<td>RES 751</td>
<td>QUALITATIVE II</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>In this course, students will critically evaluate the two research topics developed into draft concept papers during RES 750 to determine which topic is most viable for their dissertation study. After selecting a topic, students will more deeply examine quantitative and qualitative research designs, including key methodological approaches. They will continue to develop key components of their dissertation concept paper and focus on a brief review of the literature, a summary of the theoretical or conceptual framework, and a justification of their research methods and design choices.</td>
</tr>
<tr>
<td>RES 752</td>
<td>RESEARCH CONSTRUCTS AND DESIGN</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>In this course, students will synthesize the cumulative knowledge gained in RES 750 and RES 751 to prepare their dissertation concept paper for final review and evaluation. The concept paper will be expanded to ensure a brief discussion of the study population, the sampling strategy, and the methodological approach of data collection and analysis. The contents of the concept paper will be critically reviewed by the student for alignment with the School of Advanced Studies Dissertation Criteria and Rating Scale.</td>
</tr>
<tr>
<td>RES 760</td>
<td>MEASUREMENT OF CONSTRUCTS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>The purpose of this course is to guide learners in the integration of information learned in previous courses (i.e., residency, research courses, testing and measurement) that relates to measurement and dissertation issues and apply the information to the initial working draft of the dissertation (developed in Research Constructs and Design). The final outcome of this course will be used as an initial draft of the introduction and literature review of the dissertation.</td>

<td>SCI 241 introduces students to the world of human nutrition. Students examine the components included in a healthy, balanced diet, and develop strategies to meet their changing nutritional needs throughout the various stages of life. Specific topics for the course include: the digestion process, functions and health benefits of specific nutrients, weight management and fitness, and the effects of nutritional deficiencies.</td>
</tr>
<tr>
<td>SCI 250</td>
<td>MICROBIOLOGY</td>
<td>4</td>
<td>College of Health Sciences and Nursing</td>
<td>This course will instruct students on the fundamentals of microbiology. Topics will include introduction to the biology of microorganisms, including structure, function, metabolism, growth, genetics, diversity and host-parasite relationships. Also, examples of how microorganisms are relevant to the needs, activities, and role of the health of individuals is discussed. Students will explore principles of applied microbiology and apply these scientific principles to case studies and lab experiences.</td>
</tr>
<tr>
<td>SCI 256</td>
<td>PEOPLE, SCIENCE AND THE ENVIRONMENT</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This in-depth environmental science course examines how people use science to understand how they relate to the environment. The course explores relationships between people and ecosystems, and the science behind how ecosystems work. It reviews the historical development of the environmental movement, interactions between humans and natural ecosystems, and more specifically, the role of a growing population and associated pressures on natural resources. This course further examines how economics, natural systems, and conservation are interrelated. The many forms of pollution as well as types of energy resources are addressed. This course challenges students to consider the impact of lifestyle choices on environmental sustainability.</td>
</tr>
<tr>
<td>SCI 275</td>
<td>ENVIRONMENTAL SCIENCE</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course focuses on the causes, impacts, and solutions to environmental issues. Students will identify global environmental issues, as well as develop and critique environmental action plans. Topics addressed include ecosystems, energy, populations, resources, pollution, and sustainability.</td>
</tr>

</tbody>
</table>
This course focuses on the theoretical models that underlie teaching and learning. Students examine methods for teaching all students, explore lesson plan designs, analyze the most effective teaching strategies to promote student learning, and develop a lesson plan.

This course focuses on the theoretical models that underlie teaching and learning. Students examine methods for teaching all students, explore lesson plan designs, analyze the most effective teaching strategies to promote student learning, and develop a lesson plan.

This course focuses on the professional aspects of teaching. Students are introduced to the Teacher Work Sample that will be created during student teaching. Students will engage in self-evaluation to develop their own professional growth plans for inclusion in their portfolios. The character qualifications for becoming a teacher will be assessed through a personal interview, using letters of character reference, and a written reflective paper on the desire and reasons for joining the profession.

This course emphasizes the practical application of educational theories and methods. The course will focus on the following topics: the student teaching experience, the school culture, the learning environment, and planning, preparing, and implementing the Teacher Work Sample. The course also provides a forum for open discussion and problem solving based on student teaching classroom experiences.

Emphasis is placed on behavioral techniques, classroom management skills, and instructional practices.</td>
</tr>
</tbody>
</table>
This course provides an overview of methodologies used in teaching exceptional learners from early childhood on, with an emphasis on students with specific learning disabilities, developmental disabilities, and emotional disabilities. Students explore the relationship between individual student characteristics and the development of the Individualized Education Program, instructional implications of special education categories, characteristics of various service delivery models, task analysis, unit and lesson development, instructional strategies, classroom organization and management, behavior management, crisis prevention, and transition planning or career counseling. Communication through consultation and collaboration and professional and ethical practices are also considered.

This course provides an overview of the unique characteristics, learning styles, and challenges faced by individuals with physical and health disabilities including students with traumatic brain injury, other health impairments, and orthopedic impairments. Attention is given to federal and state regulations as they pertain to qualifying these individuals for special education services within schools. Various program models available through public, private, and hospital settings will be reviewed. Supports, accommodations, and curricular modifications will be explored. The impact of inclusive education and self-contained placements on this population will be analyzed.

This course focuses on the interrelationships of varied services for students with disabilities. Emphasis is placed on meeting the academic and social-emotional needs of students with disabilities by working with parents, professionals, and community services to develop collaborative and productive professional relationships.

This course focuses on the role of the special education teacher as he/she transitions adolescents with disabilities into adult living. The course examines student transition between the educational setting, the home environment, and employment and community environments. Emphasis is placed on the needs of adolescents with cognitive and behavioral disorders in secondary school special education programs. Strategies to improve academic, social, career vocational, and transition skills are also discussed. Students will learn skills and concepts in working with students with special needs, parental involvement, and the community.

<td>STRATEGIC PLANNING &amp; IMPLEMENTATION IN A TECH. ENVIRONMENT</td>
<td>3</td>
<td>School of Business</td>
<td>This content area capstone course integrates concepts from all prior courses in the program. Students apply the concepts of strategic planning and implementation to create sustainable competitive advantage for a technical organization. Other topics include environmental scanning, strategic analysis, corporate social responsibility, implementation, evaluation, risk management, portfolio management, and the business case for commercializing technology.</td>
</tr>
<tr>
<td>SUS 300</td>
<td>ENVIRONMENTAL SUSTAINABILITY</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>Students will be presented with a broad treatment of the preservation and efficient use of resources as well as methods of reversing current resource consumption. Topics will include sustainable practices, population growth, hydrologic cycle, water treatment processes, waste management, alternative energies, and sustainable design.</td>
</tr>
<tr>
<td>SUS 310</td>
<td>INDUSTRIAL ECOLOGY</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course introduces students to the field of industrial ecology. Students examine the interaction of industrial activities and the management of resources to minimize the negative impact on the environment due to these activities through the promotion of sustainability. Emphasis is placed on the flow of materials and energy through industrial and technological systems. Topics include technology and society, sustainability, biological and industrial ecology, cost analysis, and life-cycle assessment.</td>
</tr>
<tr>
<td>SUS 330</td>
<td>INTRODUCTION TO SUSTAINABLE AGRICULTURE</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course introduces principles in sustainable agriculture as it relates to environmental and socioeconomic issues. Students evaluate the environmental impact of conventional agriculture, and the solutions that sustainable agriculture provides. Students examine the principles and effectiveness of sustainable agriculture and its ability to meet the global demand for food. Upon completion of the course, students are able to analyze issues regarding sustainable agriculture and its effects on society and the environment.</td>

<td>GREEN BUILDING AND URBAN PLANNING</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course introduces students to the practices of green building design and urban planning. Students examine the principles of green building with a focus on land use and urban design and development. Upon completion of the course, students are able to evaluate sustainable design considerations, including economic analysis, environmental policies and strategies, land and energy usage, resource and waste reduction, transportation, and urbanization.</td>
</tr>
<tr>
<td>SUS 370</td>
<td>SUSTAINABLE ECOSYSTEMS</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>In this course, students evaluate the principles of sustainable practices in aquatic and terrestrial environments. Students analyze the factors that govern ecosystems sustainability which include density-dependent regulations, mechanisms of biodiversity, invasive species, and equilibrium dynamics. The impact of human activities and management practices on the environment is examined. Emphasis is placed on applying ecological theory to restore and manage habitats and populations.</td>
</tr>
<tr>
<td>SUS 380</td>
<td>SUSTAINABLE PLANNING AND LAND USE</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>In this course, students evaluate strategies that lead to the promotion of sustainable development, planning, and land use. Students develop a sustainable land use plan for natural and human-dominated landscapes and its impact on socioeconomic issues. Upon completion of the course, students are able to apply management strategies and relevant land use practices to achieve sustainability.</td>
</tr>
<tr>
<td>SUS 385</td>
<td>SUSTAINABLE OCEAN USE</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>In this course, students evaluate the principles of sustainable ocean use. Students analyze the environmental and economic role of the oceans. The sources and impact of ocean environmental degradation are examined. Topics include fisheries, aquaculture, natural resources and uses, and pollution. Sustainable management practices are analyzed by examining global environmental policies and regulations.</td>

<td>TECHNOLOGY SURVIVAL FOR EDUCATORS</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides educators with survival strategies when incorporating technology into the P-12 classroom. Managing and integrating portable devices, cloud computing, and web-based applications are introduced. Participants examine basic computer maintenance and troubleshooting, personal and professional productivity, and issues regarding the safe and ethical use of technology.</td>
</tr>
<tr>
<td>TECH 504</td>
<td>MULTIMEDIA FOR EDUCATORS</td>
<td>2</td>
<td>College of Education</td>
<td>In this course, participants select, use, and design multimedia resources that enhance teaching and student learning. Multimedia categories such as still images, text, audio, video, and interactive components are explored. Participants also evaluate differentiated instructional delivery methods to promote a student-centered learning environment that meets the needs of a diverse student population. In addition, participants learn strategies for teaching students to create their own presentations. Legal and ethical considerations, such as copyright and fair use, are also addressed in the course.</td>
</tr>
<tr>
<td>TECH 505</td>
<td>PRESENTATION TECHNOLOGY FOR EDUCATORS</td>
<td>3</td>
<td>College of Education</td>
<td>In this course, participants explore various presentation tools for creating effective presentations. Participants develop presentations and instructional materials to enhance their students' learning. The course emphasizes the integration of features such as animation, speaker notes, multimedia, charts, Web 2.0 tools, and the Internet. Presentation design and delivery best practices are also covered.</td>
</tr>
<tr>
<td>TECH 507</td>
<td>TECHNOLOGY INTEGRATION FOR EDUCATORS</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to prepare educators to integrate technology for engaging and effective P-12 student learning across the content areas. Participants incorporate technology-based instructional strategies into student-centered learning, using the National Educational Technology Standards and fair use guidelines. Digital tools and resources, software applications, and assessment are also examined.</td>

<td>2</td>
<td>College of Education</td>
<td>This course introduces classroom teachers and building administrators to effective and responsible social media implementation in K-12 classrooms. The emergence of social media as a viable tool for learning will be explored, and implementation considerations will be determined. Legal and ethical issues regarding social media use in schools will be examined. Participants will devise a social media application plan for school-wide integration.</td>
</tr>
<tr>
<td>TECH 509</td>
<td>USING WEB TOOLS IN THE CLASSROOM</td>
<td>1</td>
<td>College of Education</td>
<td>This course introduces K-12 teachers to a variety of web tools that can be used to enhance instruction. The evolution of the Internet to an interactive tool for collaboration and information sharing is examined. Tools for collaborating and sharing as well as tools that can be used to enhance classroom management are explored. Participants design instructional activities that incorporate a variety of web tools to enhance learning.</td>
</tr>
<tr>
<td>TECH 510</td>
<td>USING APPS IN THE CLASSROOM</td>
<td>1</td>
<td>College of Education</td>
<td>This course introduces K-12 teachers to the use of apps in the classroom. A variety of apps to supplement classroom instruction are examined. Tools to support students and teachers in creating original apps are also explored. Participants design an original app to supplement instruction.</td>
</tr>
<tr>
<td>TECH 511</td>
<td>USING GOOGLE TOOLS IN THE CLASSROOM</td>
<td>1</td>
<td>College of Education</td>
<td>This course introduces K-12 teachers to the use of Google tools in the classroom. A variety of Google tools to support classroom communication and collaboration are examined. Tools for learning, creating, and solving problems are also explored. Participants create original instructional products and lesson plans using Google tools.</td>

<td>BECOMING A CONNECTED EDUCATOR</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides participants with strategies for using digital tools to make course information readily available and to connect with other educators, parents, and communities. Participants also examine applications of online platforms, such as blogs and social media, for participating in a professional learning network (PLN). Digital citizenship and school branding are also explored in this course.</td>
</tr>
<tr>
<td>TESOL 503</td>
<td>FOUNDATIONS OF INSTRUCTION</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to introduce historical, legal, and theoretical frameworks of education for English language learners in the United States. Participants identify effective English language learner instructional approaches and strategies with emphasis on content area instruction. Evaluation and assessment strategies for English language learners are also addressed.</td>
</tr>
<tr>
<td>TESOL 504</td>
<td>INSTRUCTIONAL TECHNIQUES AND METHODS</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides educators with an overview of techniques and methods that support the instruction of English language learners. Participants examine culturally responsive practices for instruction and assessment. Teaching in the content areas, honoring cultural diversity, and involving parents guardians and community are also explored.</td>
</tr>
<tr>
<td>TESOL 505</td>
<td>ASSESSMENT</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides educators with a foundational understanding of assessment practices for English language learners. Participants examine the relationship between language acquisition and assessment and its affect on teaching and learning. Content area instruction, reading instruction, and writing instruction as they relate to assessment are also explored.</td>
</tr>

<td>3</td>
<td>School of Business</td>
<td>This course introduces the student to the concept of multi-national enterprises and the role of technology in the strategic management of these enterprises. This course focuses on opportunities to utilized technology transfer within a global business to meet the goals of the strategic plan.</td>
</tr>
<tr>
<td>TMGT 590</td>
<td>APPLICATIONS OF TECHNOLOGY MANAGEMENT</td>
<td>3</td>
<td>School of Business</td>
<td>This is an integrative course and the capstone for the MBA TM program. The outcome is to apply a range of skills from the individual courses in the technology management program to develop a change management plan to implement, build, and initiate a technology product or infrastructure in an organization.</td>
</tr>
<tr>
<td>TPA 001</td>
<td>SUBJECT SPECIFIC PEDAGOGY</td>
<td>1</td>
<td>College of Education</td>
<td>This course addresses California’s Teaching Performance Assessment: Principles of Content-Specific and Developmentally Appropriate Pedagogy. Students will review the elements of this assessment and will demonstrate their knowledge of principles of content-specific pedagogy and developmentally appropriate pedagogy. Through this assessment process, students will learn the importance of their performance with K-12 students in mastering the knowledge, skills and abilities required of a beginning teacher, as exemplified in the Teacher Performance Expectations.</td>
</tr>
<tr>
<td>TPA 002</td>
<td>DESIGNING INSTRUCTION</td>
<td>1</td>
<td>College of Education</td>
<td>This course addresses the second task of California’s Teaching Performance Assessment: Designing Instruction, Connecting Instructional Planning to Student Characteristics for Academic Learning. Students will review the elements of the Designing Instruction Teaching Performance Assessment and will demonstrate their ability to learn important details about a classroom of students, an English learner, and a student who presents a different instructional challenge. Students will focus on how instructional planning connects to student characteristics of a whole class and to two focus students who present a different instructional challenge.</td>

The essential information, skills, tools, and techniques necessary for academic success and personal effectiveness at the University of Phoenix are introduced in this course. The course develops and applies practical knowledge and skills immediately relevant to first-year university students. Course topics include goal setting and working with personal motivation, understanding and using University resources, developing efficient study habits, making the most of personal learning styles, and how best to manage time and reduce personal stress levels.

This course introduces the tools and techniques used in video post-production. This includes examining post-production workflow, use of graphics and audio to enhance video clips, and preparing video communication content for a professional audience.

This course is an introduction to image editing and its role in the disciplines of web design, electronic publishing and multimedia development. An overview is presented on image editing software applications, file formats, composition, color, text design, retouching, and manipulation of graphic and photographic images.

This course introduces the role of electronic publishing in the delivery of information to businesses and consumers. Emphasis is placed on the methods and techniques involved in the electronic publishing of professional materials, reports, and digital content.
