• Teaching experience is defined as stand-up teaching or facilitation with a pre-school (P)-12 school-age population.

The following constitutes teaching experience:

Verifiable (contracted) P-12 instructional classroom experience - 40 hours per week

• All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

Degree Completion Requirements for the MAED/ADM

• Completion of a minimum of 38 credits.

• A minimum grade point average (GPA) of 3.0.

• Completion of signature assignments.

• Completion of Field Experience Record.

• Satisfactory completion of any required internship and/or practicum courses with a grade of “B” or better.

• Students must take courses within a sequence specified by course prerequisite requirements.

• The diploma awarded for this program will read as: Master of Arts in Education Administration and Supervision

Minimum Grade Requirement for the MAED/ADM

• A candidate must earn a grade of “B” (3.0) or better in the following practicum/internship courses, grades of “B-” are not accepted: ADMIN 591A, ADMIN 591B and ADMIN 591C. Students who earn less than a grade of “B” (3.0) in any of these courses must repeat the course in order to continue in their one credit administrative practicum/internship courses.

• Candidates who earn less than a grade of “B” (3.0) in any of these courses must complete a remediation plan and repeat the course.

• If the candidate does not receive a grade of “B” (3.0) or better on the second attempt, the candidate will be, scholastically suspended, permanently withdrawn from program.

Residency Requirements and Course Waivers for the MAED/ADM

The University requires that the majority of coursework in the Required Course of Study be completed through the University. Also known as the residency requirement, the University requires completion of a minimum of 32 graduate level credits at the University.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

• The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.

• The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.

• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study.
Candidates must take the internship courses concurrently with the internship. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: ADMIN 591A, ADMIN 591B, ADMIN 591C, COM 516, EDD 581.

The School of Advanced Studies offers a bridge opportunity for master’s degree students who are interested in taking doctoral courses as part of the master’s degree program. The Doctoral Bridge gives students the option to complete doctoral level coursework during a master’s program. The Doctoral Bridge allows a master's degree student to substitute up to two graduate level courses with designated doctoral level courses. Upon admission to the selected doctoral program, students are eligible to satisfy required course(s) within the doctoral program.

- Students must earn a B- or better in the doctoral level courses in order to apply them towards the doctoral program.
- Student schedules may need to be adjusted, or student will need to overlap courses since doctoral courses are eight weeks in length. Students should speak with their academic/finance advisor for further information.

Institutional Recommendation for the MAED/ADM
- Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for principal certification).
- Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates' records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.
- Candidates must pass their state-mandated administrator exam, if required.
- Colorado: Students must verify three (3) years licensed experience in P-12 grades in order to obtain their principal certification and will need to provide verification of this. Acceptable licensed experience includes the following:
  - Teacher
  - School Counselor
  - School Nurse
  - School Social Worker
  - School Psychologist

Internship Policies for the MAED/ADM
- The Administrative Internship is a minimum 240-hour placement. Each campus establishes operational policies related to placement and completion of the internship. Candidates must follow the guidelines in place at their campus.
- Candidates must take the internship courses concurrently with the internship experience. If a candidate chooses to postpone the internship, he/she must postpone their enrollment in the internship courses.
- Candidates must pass each Administrative Internship course with a grade of "B" or better in order to avoid Scholastic Disqualification.

- Candidates who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of "F" by their faculty member.

Field Experience for the MAED/ADM
Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 30-40 hours of verified field experiences. The focus of each field experience will relate to specific course content and will follow a structured format. Documentation of field experience must be maintained and reviewed as specified in the handbook/courses and will be reviewed by campus staff and faculty. Candidates must work with their campus to arrange field experience.

Re-entry for the MAED/TED-S
Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum and can complete within their original deadline may reenter their original program version. However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved.

Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

Master of Arts in Education/Administration and Supervision (Utah)

The following Master of Arts in Education/Administration and Supervision (MAED/ADM) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Arts in Education/Administration and Supervision program prepares candidates for principal licensure. The standards-based program is designed to provide principal candidates with the knowledge, skills, and dispositions necessary to be successful school leaders who can apply theory to practice. The program encompasses instructional leadership, organizational management, technology management, and data-driven decision-making. An administrative internship is an integral component of the program, providing candidates with a field-based experience in the various aspects of school administration and supervision. For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/maed-adm.
Program Purpose
The Master of Arts in Education/Administration and Supervision is a graduate degree program intended to prepare candidates for K-12 school principal licensure. Candidates for this program have already earned a bachelor’s degree. The program includes a clinical component requiring field experiences and an administrative internship above and beyond program coursework. As licensure requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed school principal. There may be additional qualifications and/or disqualifications applicable in order to work as a principal with any local, state or federal entity.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

• Students will be able to evaluate research and synthesize information from multiple sources.
• Students will be able to evaluate community factors to address the needs of diverse populations.
• Students will be able to evaluate research and synthesize information from multiple sources.

MAED/ADM Required Course of Study
Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

- ADMIN 500: Orientation to Administration and Supervision - 0 credits
- COM 516: Professional Communications - 1 credit
- ADMIN 518: Leadership and Collaborative Processes - 3 credits
- ADMIN 570: Equity, Diversity, and Access in Education - 3 credits
- ADMIN 555: School Policy and Law for Principals - 3 credits
- ADMIN 524: Supervision of Curriculum, Instruction and Assessment - 3 credits
- ADMIN 591A: Principal Internship Part I: Instructional Leadership - 1 credit
- ADMIN 528: Administration of Special Programs - 3 credits
- ADMIN 535: Business and Facilities Management - 3 credits
- ADMIN 560: Human Resources Leadership and Management - 3 credits
- ADMIN 591B: Principal Internship Part II: Organizational Management - 1 credit
- ADMIN 575: Family, Community and Media Relations - 3 credits
- EDD 581: Action Research and Evaluation - 4 credits
- ADMIN 565: School Improvement Processes - 3 credits
- ADMIN 591C: Administrative Internship Part III: Professional Practice - 1 credit

Students must also choose an elective from one of the following:
- AET 560: Facilitating Change - 3 credits
- AET 562: Social Media for Professional Learning - 3 credits
- CUR 550: Engaging in Communities of Practice - 3 credits
- CUR 555: Professional Learning for Continuous Improvement - 3 credits

Additional Admission Requirements for the MAED/ADM
All applicants are expected to meet the following admissions requirements:

• A cumulative grade point average (GPA) of 3.0 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.
• Students enrolled in this program must have an undergraduate degree from a regionally accredited college or university or equivalent undergraduate degree earned at a recognized foreign institution.
• A minimum equivalent of three (3) years post-high school work experience including 18 months of instructional experience in a P-12 setting.
• The teaching or instructional experience must be as a contracted teacher in either a traditional or year-round public or private school.
• Teaching experience is defined as stand-up teaching or facilitation with a pre-school (P)-12 school-age population.
• The following constitutes teaching experience:

Utah students in the MAED/ADM program can have experience as a licensed school counselor.

• All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

Degree Completion Requirements for the MAED/ADM

• Completion of a minimum of 38 credits.
• A minimum grade point average (GPA) of 3.0.
• Completion of signature assignments.
• Satisfactory completion of any required internship and/or practicum courses with a grade of “B” or better.
• Students must take courses within a sequence specified by course prerequisite requirements.
• The diploma awarded for this program will read as: Master of Arts in Education Administration and Supervision.
Minimum Grade Requirement for the MAED/ADM

- A candidate must earn a grade of "B" (3.0) or better in the following practicum/internship courses, grades of "B-" are not accepted: ADMIN 591A, ADMIN 591B and ADMIN 591C.
- Students who earn less than a grade of "B" (3.0) in any of these courses must repeat the course in order to continue in their one credit administrative practicum/internship courses.
- Candidates who earn less than a grade of "B" (3.0) in any of these courses must complete a remediation plan and repeat the course.
- If the candidate does not receive a grade of "B" (3.0) or better on the second attempt, the candidate will be, scholastically suspended, permanently withdrawn from program.

Residency Requirements and Course Waivers for the MAED/ADM

The University requires that the majority of coursework in the Required Course of Study be completed through the University. Also, coursework during a master’s program, the University requires completion of a minimum of 32 graduate level credits at the University.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: ADMIN 591A, ADMIN 591B, ADMIN 591C, COM 516, EDD 581.

The School of Advanced Studies offers a bridge opportunity for master’s degree students who are interested in taking doctoral courses as part of the master’s degree program.

The Doctoral Bridge gives students the option to complete doctoral level coursework during a master’s program.

The Doctoral Bridge allows a master’s degree student to substitute up to two graduate level courses with designated doctoral level courses. Upon admission to the selected doctoral program, students are eligible to satisfy required course(s) within the doctoral program.

Students must earn a B- or better in the doctoral level courses in order to apply them towards the doctoral program.

- Student schedules may need to be adjusted, or student will need to overlap courses since doctoral courses are eight weeks in length. Students should speak with their academic/finance advisor for further information.

Institutional Recommendation for the MAED/ADM

- Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for principal certification).
- Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Additional Admission Requirements for the MAED/ADM
All applicants are expected to meet the following admissions requirements:

- Students enrolled in this program must have an undergraduate degree from a regionally accredited college or university or equivalent undergraduate degree earned at a recognized foreign institution.
- Five (5) years verified (contracted) full-time teaching experience (40 hours per week) or services experiences in schools in pre-school through grade 12 (P-12) setting. (substitute or part-time service does not apply).
  - The teaching or services experiences must be as a contracted teacher in either a traditional or year-round public or private school.
  - Teaching experience is defined as stand-up teaching or facilitation with a pre-school (P)-12 school-age population. The following constitutes teaching or services experience.
- Verification of the following:
  - Current negative TB test or negative chest xray.
- Applicants must possess one of the following California credentials:
  - A valid clear or life California teaching credential requiring a baccalaureate degree and a program of professional preparation, including student teaching
  - A valid clear or life California Designated Subjects Teaching Credential provided the applicant also possesses a baccalaureate degree
• A valid clear services prerequisite credential, California Pupil Personnel Services Credential, Teacher Librarian Services Credential, Speech-Language Pathology Services Credential, Clinical or Rehabilitative Services Credential, or a School Nurse Services Credential (Clear or Professional Clear level only), requiring a baccalaureate degree and a program of professional preparation, including field practice or the equivalent.

 Candidy Status for the MAED/ADM

The College of Education has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling.

• Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.

• Level 2 Candidate Status is completed prior to the completion of 12 semester credits of the program. To meet the Candidate Status Level 2 requirements, the following items must be completed. Evidence that these requirements have been met must be entered in IS3 and the student's eXp file.

• Proof of passing score on the CBEST exam, CSET Multiple subject Plus Writing Skills Examination, or another state approved basic skills exam.

Students must be admitted and meet Level 1 Candidate Status prior to being reviewed for Level 2 Candidate Status.

Degree Requirements for the MAED/ADM

• Completion of a minimum of 35 credits.

• A minimum grade point average (GPA) of 3.0.

• Completion of signature assignments.

• The Administrative Field Work and Clinical Experience is a minimum of 120 hours and cannot be waived. (Each state's requirement for these hours will vary; candidates must follow the guidelines within their state.)

• Students must document having met all California Administrator Performance Expectations (CAPE) during field work and clinical experience by the end of the MAED/ADM program. These hours are documented on the Field Work and Clinical Experience Record Log.

• Students must take courses within a sequence specified by course prerequisite requirements.

• The diploma awarded for this program will read as: Master of Arts in Education Administration and Supervision

Minimum Grade Requirement for the MAED/ADM

• A candidate must earn a grade of "B" (3.0) or better in the following courses, grades of "B-" are not accepted. Students who earn less than a grade of "B" (3.0) in any of these courses must repeat the course in order to continue in their one credit administrative courses: ADMIN 510, ADMIN 520, ADMIN 530, ADMIN 540, ADMIN 550

• Candidates who earn less than a grade of "B" (3.0) in any of these courses must complete a remediation plan and repeat the course.

• If the candidate does not receive a grade of "B" (3.0) or better on the second attempt, the candidate will be scholastically suspended and permanently withdrawn from program.

Residency Requirements and Course Waivers for the MAED/ADM

The University requires that the majority of coursework in the Required Course of Study be completed through the University. Also known as the residency requirement, the University requires completion of a minimum of 29 graduate level credits at the University.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

• The course must have been completed at a regionally accredited college or university.

• The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.

• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: ADMIN 510, ADMIN 520, ADMIN 530, ADMIN 540, ADMIN 550, ADMIN 500CA, COM 516

Field Work and Clinical Experience for the MAED/ADM

Field Work and Clinical Experience Policies

• The Administrative Field Work and Clinical Experience is a two-part experience as seen below:

• Candidates must complete 120 hours of directed field work and clinical experience

• Candidates must complete individual activities to verify the completion of the Administration Performance Expectations

• Candidates who are removed from a field work and clinical experience at the request of a school district administrator will be withdrawn from class and will be issued a grade of "F" by their faculty member.

Field Work

Students must document having met all CAPE and CE standards during field experience by the end of the MAED/ADM program. These hours are documented on the Field Work and Clinical Experience Record Log. Beginning with the first course, and throughout the program, candidates are required to complete Field Experiences. The focus of each field experience will relate to specific course content and will follow a structured format. Documentation of field experience must be maintained and reviewed as specified in the handbook/courses and will be reviewed by campus staff and faculty. Candidates must work with their campus to arrange field experience.

Re-entry for the MAED/ADM

Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum and can complete within their original deadline may reenter their original program version.
However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved. Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

Institutional Recommendation for the MAED/ADM

- Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for Administrative Services Credential). Refer to New Student Checklist and your state certification agency for specific requirements.
- Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and a degree conferred. Candidates' records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.
- Verification of employment in an administrative position is required prior to issuance of a Preliminary Administrative Credential. Those students who do not have an offer of employment in an administrative position may apply for a Certificate of Eligibility to seek employment.

Master of Arts in Education/Adult Education and Training

The following Master of Arts in Education/Adult Education and Training (MAED/AET) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Arts in Education/Adult Education and Training (MAED/AET) program is designed for individuals interested in working with adult learners in areas such as corporate training, non-profit and community-based organizations, government, postsecondary education, and human services agencies. Learners develop competencies and expertise necessary to align education and training with strategic objectives and human services foundations across an enterprise with culturally diverse populations. Learners expand their knowledge in andragogical theory, instructional design and strategies, assessment of learning, delivering online learning, management and marketing, and technology integration. In addition, learners engage in practice through collaborative learning, social media, and community-based learning. Graduates will be able to serve adult students, colleagues, industries, and communities as expert educators and trainers.

For more information about graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/maed-adm.

Program Purpose

The Master of Arts in Education/Adult Education and Training is a graduate degree program intended for students interested in working with adult learners in an educational or training environment. The program does not prepare students for any type of professional certification or state licensure as a teacher. It is only intended as an advanced degree.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and implement instructional practices to produce a positive impact on adult learning.
- Students will be able to understand the process of organizational change and how to communicate effectively to stakeholders.
- Students will be able to evaluate the educational and training needs of an organization.
- Students will be able to create innovative strategies and incorporate technology in adult education and training programs.

Program Requirements for the MAED/AET

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

- Organizational Communication for Adult Education and Training
  AET 500 .......................................................... 3 credits

Program Development in Adult Education

The University reserves the right to modify the Program Requirements.
Additional Admission Requirements for the MAED/AET

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

Degree Completion Requirements for the MAED/AET

- The completion of a minimum of 34 credits.
- A minimum grade point average (GPA) of 3.0.
- The diploma awarded for this program will read: Master of Arts in Education Adult Education and Training

Residency Requirements and Course Waivers for the MAED/AET

Students in this program may waive a maximum of 6 credits from their required course of study on the basis of prior graduate level coursework.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

Any student in MAED/TED-Elementary, MAED/TED-Secondary, or MAED-Special Education who have completed a minimum of 12 credits, and for whom Candidacy Level II status equals 2N, is eligible to enter the MAED/AET program using the following course waivers:

The following course in the Required Course of Study may not be waived: COM 520

Academic Progression for the MAED/AET

Students must successfully complete COM 520 as the first course in the program

Re-entry for the MAED/AET

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Master of Arts in Education/Elementary Teacher Education

The following Master of Arts in Education/Elementary Teacher Education (MAED/TED-E) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via theOnline modality in their state. Please contact your enrollment representative for more information.

The Master of Arts in Education/Elementary Teacher Education (MAED/TED-E) is a graduate degree program preparing candidates for teacher licensure. The guiding philosophy of the MAED/TED-E program is to provide the adult student, who already has a
degree in a discipline other than education, with the skills and knowledge that will allow them to become a competent and effective educator. This program focuses on elementary student learning by improving the educator’s responsibility for that learning. Student teaching is an integral component of the Teacher Education Program. It provides students with a field-based experience at the appropriate grade and content level. Student teachers work with a cooperating teacher from a school site and with a University of Phoenix faculty advisor. The student teaching experience is designed to emphasize the achievement of state standards leading to certification and to present individuals with growth opportunities that best prepare them to assume the duties of a certified classroom teacher. Throughout the program, students are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels. The focus of each observation will relate to specific course content.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/maed-ted-e.

State authorization to provide a program related to the preparation of teachers or other P-12 school/system personnel does not indicate eligibility for an Alabama certificate. Applicants for an Alabama certificate based on reciprocity must meet Alabama’s test requirements and submit a valid, renewable professional educator certificate/license issued by another state. Applicants for Alabama certification in an area of administration must also document at least three years of professional experience for initial teacher licensure. The program is designed to emphasize the achievement of state standards leading to certification and to present individuals with growth opportunities that best prepare them to assume the duties of a certified classroom teacher. Throughout the program, students are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels. The focus of each observation will relate to specific course content.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/maed-ted-e.

Program Purpose
The Master of Arts in Education/Elementary Teacher Education is a graduate degree program intended to prepare students with no prior teaching experience for initial teacher licensure. The program is designed for students who want to become elementary school teachers. Candidates for this program have already earned a bachelor’s degree. The program includes a clinical component requiring field experiences and student teaching above and beyond program coursework. As licensure requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed teacher. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and implement effective instruction in the elementary classroom to produce a positive impact on student learning.
- Students will be able to evaluate effective professional practice in elementary education.
- Students will be able to apply professional ethics to their instructional practices in elementary education.
- Students will be able to evaluate learning principles to differentiate instruction to meet the needs of diverse elementary student populations.
- Students will be able to create innovative strategies and incorporate technology in an elementary classroom setting.

Additional Admission Requirements for the MAED/TED-E
All applicants are expected to meet the following admissions requirements:
• Students enrolled in this program must have an undergraduate degree from a regionally accredited college or university or equivalent undergraduate degree earned at a recognized foreign institution.
• Students using foreign credentials when enrolling in a program leading to initial teacher certification/licensure must use a foreign credential evaluation service that is on both the approved University of Phoenix evaluation agency list and the state regulating board list of approved agencies, for the particular state in which the student is attending, to verify degree completion and equivalency to a United States undergraduate degree. Students attending the Online campus should abide by the regulations of the state in which they reside. In-house evaluations cannot be completed for programs leading to initial teacher certification.
• All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

Additional Elementary Admission Requirements for Michigan:
• Students enrolled in the MAED/TED-E program and residing in the state of Michigan must provide a transcripted verification of a minimum of 30 semester credit hours in one of the content areas appropriate to elementary education prior to admission to the University.
• Appropriate content areas are:
  • English/Language Arts
  • Math
  • Science
  • Social Studies

Candidacy Status for the MAED/TED-E
The College of Education has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling.
• Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.
• Level 2 Candidate Status is completed prior to the completion of 12 semester credits of the program. To meet the Candidate Status Level 2 requirements, the following items must be completed. Evidence that these requirements have been met must be entered in IS3 and the student’s eXp file.
  • Demonstration of basic skills proficiency
  • Verification of fingerprint clearance

Georgia residents attending Online and Local Campus students with enrollment agreements signed 3/1/2015 or thereafter seeking a Georgia certificate:

Additional Candidacy Level II Requirements:
• Obtain a Georgia Pre-service Certificate. The steps to qualify for this certificate include:
  • Completion of GACE Educator Ethics Assessment-Program Entry Assessment (350)
  • Signed Pre-service certification application
  • Signed and notarized Verification of Lawful Presence (VLP) Affidavit
  • Completed Background Check Form

Students must be admitted and meet Level 1 Candidate Status prior to being reviewed for Level 2 Candidate Status.

Degree Completion Requirements for the MAED/TED-E
• Completion of a minimum of 44 credits.
• A minimum grade point average (GPA) of 3.0.
• Satisfactory completion and uploading of the Teacher Work Sample (TWS).
• Satisfactory completion of any required internship, student teaching, and/or practicum courses.
• Students must take courses within a sequence specified by course prerequisite requirements.
• Completion of Field Experience Record (100 hours). To ensure student’s meet this requirement documentation will be periodically uploaded, reviewed, and maintained as specified in the handbook/courses.
• Completion of signature assignments.
• In order to receive an institutional recommendation and/or state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.

Georgia residents attending Online and Local Campus students who complete field experience, student teaching, and apply for state certification 9/1/2015 or thereafter must complete:
• Teacher Performance Assessment
• GACE Educator Ethics Exit Exam (360)
• The diploma awarded for this program will read as: Master of Arts in Education Elementary Teacher Education

Academic Progression Requirements for the MAED/TED-E
Candidates must provide verification of the following prior to beginning their student teaching experience. Candidates must provide:
• Immunization or TB test results (District specific)
• Passing scores on the designated state content knowledge exam (elementary content or secondary content area specific)
• Verification of the completion of 100 hours of field experience.
• Students residing in Iowa must provide verification of the completion of any outstanding credits as indicated in the admissions requirements prior to student teaching. Candidates will be required to have the minimum GPA for the program prior to entering the Student Teaching experience.

Minimum Grade Requirements for the MAED/TED-E
• A candidate must earn a grade of “B” (grades of “I” and “B-” are not accepted) or better in the following courses in order to student teach: ELM 598, ELM 599. Georgia and Illinois students only: MTE 583.
• Candidates must earn a “B” or better in Student Teaching Part A & B in order to complete this program. Candidates who do not earn a “B” or better will be required to repeat the seminar(s) in which the candidate did not receive the required minimum grade and the related portion of student teaching. The Campus College chair will coordinate with the Cooperating/Mentor Teacher and Faculty Supervisor to design a remediation plan.

• If the candidate does not receive a grade of “B” or better on the second attempt, the candidate will be Scholastically Suspended, permanently withdrawn, from the program.

Residency Requirements and Course Waivers for the MAED/TED-E

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

• The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.

• The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.

• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e., graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: COM 516, ELM 598, ELM 599, MTE 507, MTE 518, MTE 522, MTE 533, RDG 537, SPE 514. Georgia and Illinois students only: COM 516, MTE 507, MTE 518, MTE 522, MTE 533, RDG 537, SPE 514, MTE 583. Arizona residents may waive SEI 500 and/or SEI 503 with an Arizona Department of Education approved SEI course (institution of higher education or approved district workshop) OR verification of one of the following endorsements:

• Arizona Provisional SEI Endorsement (SEI 500)

• Arizona Full SEI Endorsement (SEI 503)

• Arizona English as a Second Language Endorsement

• Arizona Bilingual Endorsement

Approved SEI courses/workshops can be found at https://www.ade.az.gov/oelas/.

Students who complete the Teach for America Summer Institute are eligible to waive the following course in the MAED/TED Programs. Candidates must provide verification of completion in order to be eligible for these waivers.

<table>

Candidates who have completed Post-Baccalaureate Teacher Certification program (Post-Bacc) from Rio Salado Community College are eligible to apply completed coursework from the Post-Bacc program to fulfill requirements within this program. Course waivers will only be granted to students who have completed the Post-Bacc program in its entirety. Single courses from the Post-Bacc program will not be approved.

Students who waive courses using the Post-Bacc Course Waiver policy may exceed the maximum waiver limit for their program and will be eligible to waive select non-waivable courses as outlined on the Post-Bacc Teacher Certification Course Waiver Form. Following application of the Post-Bacc course waivers, candidates will fulfill Candidacy 2 and all academic progression requirements. Candidates will not be required to complete and/or provide the following:

• Fingerprint clearance

• Basic Skills proficiency

• Completion and uploading of the Teacher Work Sample (TWS)

• Satisfactory completion of any required internship, student teaching, and/or practicum courses.

• Completion of Field Experience Record (100 hours). To ensure student’s meet this requirement documentation will be periodically uploaded, reviewed, and maintained as specified in the handbook/courses.

Field Experience for the MAED/TED-E

Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels from ages birth through grade eight. The focus of each field experience will relate to specific course content and will follow a structured format. Four formal field experience evaluations are required during the program (observation, one-on-one instruction, small-group instruction, and whole-group instruction). These evaluations must be maintained and reviewed as specified in the handbook/courses. Documentation of field experience will be reviewed by campus staff and faculty prior to student teaching. Candidates must work with their campus to arrange field experience.

Student Teaching for the MAED/TED-E

Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.

Arizona Teacher candidates enrolled in the MAED/TED-E program will be issued an Elementary certificate in grades 1-8. Teacher candidates in the MAED/TED-E program will not be eligible to student teach in Kindergarten and will not be issued an Institutional Recommendation (IR) as the Arizona Department of Education will no longer recognize Kindergarten experience for certification in Elementary education.

• Candidates must take Student Teaching Part A & B concurrently with the student teaching experience. If a candidate chooses to postpone student teaching, he/she must postpone their enrollment in the student teaching courses.
• Student teachers who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of "F" by their faculty member.
• Student teaching can only be repeated one time.
• Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their two student teaching attempts.
• Candidates who do not successfully complete the second student teaching experience will be removed from the program and are not eligible for re-entry.
• Candidates enrolled in the MAED/TED program must student teach in the subject area in which a passing score was achieved on the content knowledge assessment exam. This is either an elementary (general), middle level (subject specific), or secondary (content specific) setting based on their program specialization.
• Candidates in the MAED/TED program may not student teach in special education.
• MAED/TED candidates, who are currently employed as the teacher of record in a classroom appropriate grade level/content for the certificate they are pursuing (e.g. 4th grade for elementary candidate or 9th grade English for secondary candidate), can ‘student teach’ or ‘validate’ in their current classroom. Students will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students must complete the Student Teaching courses and complete and upload the Teacher Work Sample.
• Students should complete student teaching within twelve (12) months from the completion date of their last required course in the program.
• Students must complete a minimum of 8 credit hours of student teaching, including the completion of a Teacher Work Sample project.

Candidates who are unable to complete their student teaching experience at the campus where they began are not guaranteed a placement. Candidates may be able to complete their student teaching through the University of Phoenix Online campus. A select number of states do not participate in the University of Phoenix Teacher Education program. Candidates must contact the Online campus for a list of participating states and procedures for student teaching placement.
• Candidates must enroll in the remaining Student Teaching Seminars through the Online campus while completing their student teaching experience.
• Candidates need to work directly with the Online campus to complete the requirements for verification of placement.

Institutional Recommendation for the MAED/TED-E
• Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for state teaching credential).
• Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.
• Candidates must pass their state-mandated professional knowledge exam.
• Candidates must provide verification of school law, state and U.S. Constitution coursework, as required by the state certification agency.

Arizona Teaching Intern Certificate Program
The requirements for initial issuance of the teaching intern certificate are:
• A Bachelor’s degree or higher from an accredited institution
• A passing score on one or more subject knowledge portions of the Arizona Teacher Proficiency Assessment that corresponds to the applicant’s teaching assignment(s)
• Completion of the requirements for a Provisional Structured English Immersion endorsement as prescribed in R7-2-613(J)
• A valid fingerprint clearance card issued by the Arizona Department of Public Safety

Re-entry for the MAED/TED-E
Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum and can complete within their original deadline may reenter their original program version. However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved.

Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

Master of Arts in Education/Secondary Teacher Education

The following Master of Arts in Education/Secondary Teacher Education (MAED/TED-S) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Arts in Education/Secondary Teacher Education (MAED/TED-S) is a graduate degree program preparing candidates for teacher licensure. The guiding philosophy of the MAED/TED-S program is to provide the adult student, who already has a degree in a discipline other than education, with the skills and knowledge that will allow them to become a competent and effective educator. This program focuses on secondary student learning by improving the educator’s responsibility for that learning. Student teaching is an integral component of the Teacher Education Program. It provides students with a field-based experience at the appropriate grade and content level. Student teachers work with a
Program Purpose
The Master of Arts in Education/Secondary Teacher Education is a graduate degree program intended to prepare students with no prior teaching experience for initial teacher licensure. The program is designed for students who want to become secondary school teachers. Candidates for this program have already earned a bachelor’s degree. The program includes a clinical component requiring field experiences and student teaching above and beyond program coursework. As licensure requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed teacher. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and implement effective instruction in the secondary classroom to produce a positive impact on student learning.
- Students will be able evaluate effective professional practice in secondary education.
- Students will be able apply professional ethics to their instructional practices in secondary education.
- Students will be able evaluate learning principles to differentiate instruction to meet the needs of diverse secondary student populations.
- Students will be able create innovative strategies and incorporate technology in a secondary classroom setting.

Additional Admission Requirements for the MAED/TED-S
All applicants are expected to meet the following admissions requirements:
Students enrolled in this program must have an undergraduate degree from a regionally accredited college or university or equivalent undergraduate degree earned at a recognized foreign institution.

Students in the MAED/TED-S program residing in Tennessee and attending UOPX online must have an undergraduate degree in a secondary endorsement area as recognized by the Tennessee State Board of Education. Endorsement areas designated as Pre-K-12 or K-12 are not eligible for enrollment.

Students using foreign credentials when enrolling in a program leading to initial teacher certification/licensure must use a foreign credential evaluation service that is on both the approved University of Phoenix evaluation agency list and the state regulating board list of approved agencies, for the particular state in which the student is attending, to verify degree completion and equivalency to a United States undergraduate degree. Students attending the Online campus must abide by the regulations of the state in which they reside. In-house evaluations cannot be completed for programs leading to initial teacher certification.

All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

Additional Secondary Admission Requirements for Iowa:

- To be admitted, students must provide transcripted verification of a minimum of 24 semester credit hours in their secondary content area.

Additional Secondary Admission Requirements for Michigan:

- Students enrolled in the MAED/TED-S program and residing in the state of Michigan must provide a transcripted verification of a minimum of 30 semester credit hours in their secondary content area prior to admission to the University.

Candidacy Status for the MAED/TED-S

The College of Education has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling.

- Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.

- Level 2 Candidate Status is completed prior to the completion of 12 semester credits of the program. To meet the Candidate Status Level 2 requirements, the following items must be completed. Evidence that these requirements have been met must be entered in IS3 and the student's eXp file.
  - Demonstration of basic skills proficiency
  - Verification of fingerprint clearance

Georgia residents attending Online and Local Campus students with enrollment agreements signed 3/1/2015 or thereafter seeking a Georgia certificate:

Additional Candidacy Level II Requirements:

- Obtain a Georgia Pre-service Certificate. The steps to qualify for this certificate include:
  - Completion of GACE Educator Ethics Assessment-Program Entry Assessment (350)
  - Signed Pre-service certification application
  - Signed and notarized Verification of Lawful Presence (VLP) Affidavit
  - Completed Background Check Form

Students must be admitted and meet Level 1 Candidate Status prior to being reviewed for Level 2 Candidate Status.

Degree Completion Requirements for the MAED/TED-S

- Completion of a minimum of 36 credits.
- A minimum grade point average (GPA) of 3.0.
- Satisfactory completion and uploading of the Teacher Work Sample (TWS).
- Satisfactory completion of any required internship, student teaching, and/or practicum courses.
- Students must take courses within a sequence specified by course prerequisite requirements.
- Completion of Field Experience Record (100 hours). To ensure student's meet this requirement documentation will be periodically uploaded, reviewed, and maintained as specified in the handbook/courses.
- Completion of signature assignments.
- In order to receive an institutional recommendation and/or state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.
- Georgia residents attending Online and Local Campus students who complete field experience, student teaching, and apply for state certification 9/1/2015 or thereafter must complete:
  - Teacher Performance Assessment
  - GACE Educator Ethics Exit Exam (360)
- The diploma awarded for this program will read as: Master of Arts in Education Secondary Teacher Education

Academic Progression Requirements for the MAED/TED-S

Candidates must provide verification of the following prior to beginning their student teaching experience. Candidates must provide:

- Immunization or TB test results (District specific)
- Passing scores on the designated state content knowledge exam (elementary content or secondary content area specific)
- Verification of the completion of 100 hours of field experience.
- Students residing in Iowa must provide verification of the completion of any outstanding credits as indicated in the admissions requirements prior to student teaching.

Candidates will be required to have the minimum GPA for the program prior to entering the Student Teaching experience.

Minimum Grade Requirements for the MAED/TED-S

- A candidate must earn a grade of “B” (grades of “I” or “B-” are not accepted) or better in the following courses in order to student teach: SEC 598, SEC 599. Georgia and Illinois students only: SEC 596.
- Candidates must earn a “B” or better in Student Teaching Part A & B in order to complete this program. Candidates who do not earn a “B” or better will be required to repeat the seminar(s) in which the candidate did not receive the required minimum grade and the related portion of student teaching. The Campus College chair will coordinate with the Cooperating/Mentor Teacher and Faculty Supervisor to design a remediation plan.
- If the candidate does not receive a grade of “B” or better on the second attempt, the candidate will be Scholastically Suspended, permanently withdrawn, from the program.
Institutional Recommendation for the MAED/TED-S
- Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for state teaching credential).
- Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.
- Candidates must pass their state-mandated professional knowledge exam.
- Candidates must provide verification of school law, state and U.S. Constitution coursework, as required by the state certification agency.

Residency Requirements and Course Waivers for the MAED/TED-S
Students in this program may waive a maximum of 6 credits from their required course of study.
In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
- The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.
The following courses in the Required Course of Study may not be waived: COM 516, MTE 507, MTE 523, MTE 599, RDG 542, SEC 508, SEC 598, SEC 599, SPE 514, Georgia and Illinois students only: COM 516, MTE 507, MTE 523, MTE 599, RDG 542, SEC 508, SPE 514, SEC 596.
Arizona residents may waive SEI 500 and/or SEI 503 with an Arizona Department of Education approved SEI course (institution of higher education or approved district workshop) or verification of one of the following endorsements:
- Arizona Provisional SEI Endorsement (SEI 500)
- Arizona Full SEI Endorsement (SEI 503)
- Arizona English as a Second Language Endorsement
- Arizona Bilingual Endorsement
Approved SEI courses/workshops can be found at https://www.ade.az.gov/oelas/
Students who complete the Teach for America Summer Institute are eligible to waive the following course in the MAED/TED Program. Candidates must provide verification of completion in order to be eligible for these waivers.

Candidates who have completed Post-Baccalaureate Teacher Certification program (Post-Bacc) from Rio Salado Community College are eligible to apply completed coursework from the Post-Bacc program to fulfill requirements within this program. Course waivers will only be granted to students who have completed the Post-Bacc program in its entirety. Single courses from the Post-Bacc program will not be approved.
Students who waive courses using the Post-Bacc Course Waiver policy may exceed the maximum waiver limit for their program and will be eligible to waive select non-waivable courses as outlined on the Post-Bacc Teacher Certification Course Waiver Form. Following application of the Post-Bacc course waivers, candidates will fulfill Candidacy 2 and all academic progression requirements. Candidates will not be required to complete and/or provide the following:
- Fingerprint clearance
- Basic Skills proficiency
- Completion and uploading of the Teacher Work Sample (TWS)
- Satisfactory completion of any required internship, student teaching, and/or practicum courses.
- Completion of Field Experience Record (100 hours). To ensure student’s meet this requirement documentation will be periodically uploaded, reviewed, and maintained as specified in the handbook/courses.

Field Experience for the MAED/TED-S
Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels from ages birth through grade eight. The focus of each field experience will relate to specific course content and will follow a structured format. Four formal field experience evaluations are required during the program (observation, one-on-one instruction, small-group instruction, and whole-group instruction). These evaluations must be maintained and reviewed as specified in the handbook/courses. Documentation of field experience will be reviewed by campus staff and faculty prior to student teaching. Candidates must work with their campus to arrange field experience.

Student Teaching for the MAED/TED-S
Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.
- Candidates must take Student Teaching Part A & B concurrently with the student teaching experience. If a candidate chooses to postpone student teaching, he/she must postpone their enrollment in the student teaching courses.
- Student teachers who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of "F" by their faculty member.
- Student teaching can only be repeated one time.
• Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their student teaching attempts.
• Candidates who do not successfully complete the second student teaching experience will be removed from the program and are not eligible for re-entry.
• Candidates enrolled in the MAED/TED program must student teach in the subject area in which a passing score was achieved on the content knowledge assessment exam. This is either an elementary (general), middle level (subject specific), or secondary (content specific) setting based on their program specialization.
• Candidates in the MAED/TED program may not student teach in special education.
• MAED/TED candidates, who are currently employed as the teacher of record in a classroom appropriate grade level/content for the certificate they are pursuing (e.g. 4th grade for elementary candidate or 9th grade English for secondary candidate), can ‘student teach’ or ‘validate’ in their current classroom. Students will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students must complete the Student Teaching courses and complete and upload the Teacher Work Sample.
• Students should complete student teaching within twelve (12) months from the completion date of their last required course in the program.
• Students must complete a minimum of 8 credit hours of student teaching, including the completion of a Teacher Work Sample project.

Candidates who are unable to complete their student teaching experience at the campus where they began are not guaranteed a placement. Candidates may be able to complete their student teaching through the University of Phoenix Online campus. A select number of states do not participate in the University of Phoenix Teacher Education program. Candidates must contact the Online campus for a list of participating states and procedures for student teaching placement.

• Candidates must enroll in the remaining Student Teaching Seminars through the Online campus while completing their student teaching experience.
• Candidates need to work directly with the Online campus to complete the requirements for verification of placement.

Arizona Teaching Intern Certificate Program
The requirements for initial issuance of the teaching intern certificate are:
• A Bachelor’s degree or higher from an accredited institution
• A passing score on one or more subject knowledge portions of the Arizona Teacher Proficiency Assessment that corresponds to the applicant’s teaching assignment(s)
• Completion of the requirements for a Provisional Structured English Immersion endorsement as prescribed in R7-2-613(J)
• A valid fingerprint clearance card issued by the Arizona Department of Public Safety

Re-entry for the MAED/TED-S
Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum and can complete within their original deadline may reenter their original program version.

However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved.

Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

Master of Arts in Education/Elementary Teacher Education (Hawaii)

The following Master of Arts in Education/Elementary Teacher Education (MAED/TED-E) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Arts in Education/Elementary Teacher Education (MAED/TED-E) is a graduate degree program preparing candidates for teacher licensure. The guiding philosophy of the MAED/TED-E program is to provide the adult student, who already has a degree in a discipline other than education, with the skills and knowledge that will allow them to become a competent and effective educator. This program focuses on elementary student learning by improving the educator’s responsibility for that learning. Student teaching is an integral component of the Teacher Education Program. It provides students with a field-based experience at the appropriate grade and content level. Student teachers work with a cooperating teacher from a school site and with a University of Phoenix faculty advisor. The student teaching experience is designed to emphasize the achievement of state standards leading to certification and to present individuals with growth opportunities that best prepare them to assume the duties of a certified classroom teacher. Throughout the program, students are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels. The focus of each observation will relate to specific course content.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/maed-ted-e.

Program Purpose
The Master of Arts in Education/Elementary Teacher Education is a graduate degree program intended to prepare students with no prior teaching experience for initial teacher licensure. The program is designed for students who want to become elementary school teachers. Candidates for this program have already earned a bachelor’s degree. The program includes a clinical component requiring field experiences and student teaching above and beyond program coursework. As licensure
requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed teacher. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and implement effective instruction in the elementary classroom to produce a positive impact on student learning.
- Students will be able to evaluate effective professional practice in elementary education.
- Students will be able to apply professional ethics to their instructional practices in elementary education.
- Students will be able to evaluate learning principles to differentiate instruction to meet the needs of diverse elementary student populations.
- Students will be able to create innovative strategies and incorporate technology in an elementary classroom setting.

Additional Admission Requirements for the MAED/TED-E
All applicants are expected to meet the following admissions requirements:

- Students enrolled in this program must have an undergraduate degree from a regionally accredited college or university or equivalent undergraduate degree earned at a recognized foreign institution.
- Students using foreign credentials when enrolling in a program leading to initial teacher certification/licensure must use a foreign credential evaluation service that is on both the approved University of Phoenix evaluation agency list and the state regulating board list of approved agencies, for the particular state in which the student is attending. In order to verify degree completion and equivalency to a United States undergraduate degree, students attending the Online campus should abide by the regulations of the state in which they reside. In-house evaluations cannot be completed for programs leading to initial teacher certification.
- All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.
- Effective for Enrollment Agreements signed 7/1/2016 or later, verification of immunization or TB test results (district specific) within one year.

Candidate Status for the MAED/TED-E
The College of Education has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling.

- Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.
- Level 2 Candidate Status is completed prior to the completion of 12 semester credits of the program. To meet the Candidate Status Level 2 requirements, the following items must be completed. Evidence that these requirements have been met must be entered in IS3 and the student's eXp file.
  - Demonstration of basic skills proficiency
  - Verification of fingerprint clearance
Students must be admitted and meet Level 1 Candidate Status prior to being reviewed for Level 2 Candidate Status.

Degree Completion Requirements for the MAED/TED-E

- Completion of a minimum of 41 credits.
- A minimum grade point average (GPA) of 3.0.
- Satisfactory completion and uploading of the Teacher Work Sample (TWS).
- Satisfactory completion of any required internship, student teaching, and/or practicum courses.
- Students must take courses within a sequence specified by course prerequisite requirements.
- Completion of Field Experience Record (100 hours). To ensure student’s meet this requirement documentation will be periodically uploaded, reviewed, and maintained as specified in the handbook/courses.
- Completion of signature assignments.
- In order to receive an institutional recommendation and/or state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.
- The diploma awarded for this program will read as: Master of Arts in Education Elementary Teacher Education

Academic Progression Requirements for the MAED/TED-E

Candidates must provide verification of the following prior to beginning their student teaching experience. Candidates must provide:
- Passing scores on the designated state content knowledge exam (elementary content or secondary content area specific)
- Verification of the completion of 100 hours of field experience Candidates will be required to have the minimum GPA for the program prior to entering the Student Teaching experience.

Minimum Grade Requirements for the MAED/TED-E

- A candidate must earn a grade of “B” (grades of “I” and “B-” are not accepted) or better in the following courses in order to student teach: ELM 598 and ELM 599.
- Candidates must earn a “B” or better in Student Teaching Part A & B in order to complete this program. Candidates who do not earn a “B” or better will be required to repeat the seminar(s) in which the candidate did not receive the required minimum grade and the related portion of student teaching. The Campus College chair will coordinate with the Cooperating/Mentor Teacher and Faculty Supervisor to design a remediation plan.
- If the candidate does not receive a grade of “B” or better on the second attempt, the candidate will be Scholastically Suspended, permanently withdrawn, from the program.

Institutional Recommendation for the MAED/TED-E

- Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for state teaching credential).
- Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.

- Candidates must pass their state-mandated professional knowledge exam.
- Candidates must provide verification of state and U.S. Constitution coursework as required by the state certification agency.

Residency Requirements and Course Waivers for the MAED/TED-E

Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
- The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization. The following courses in the Required Course of Study may not be waived: COM 516, ELM 598, ELM 599, MTE 507, MTE 518, MTE 522, MTE 533, RDG 537, SPE 514

Students who complete the Teach for America Summer Institute are eligible to waive the following course in the MAED/TED Programs. Candidates must provide verification of completion in order to be eligible for these waivers.

Field Experience for the MAED/TED-E

Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels from ages birth through 18 years of age. The focus of each field experience will relate to specific course content and will follow a structured format. Four formal field experience evaluations are required during the program (observation, one-on-one instruction, small-group instruction, and whole-group instruction). These evaluations must be maintained and reviewed as specified in the handbook/courses. Documentation of field experience will be reviewed by campus staff and faculty prior to student teaching. Candidates must work with their campus to arrange field experience.

Student Teaching for the MAED/TED-E

Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of stu-
Student teaching. Candidates must follow the guidelines in place at their campus.

- Candidates must take Student Teaching Part A & B concurrently with the student teaching experience. If a candidate chooses to postpone student teaching, he/she must postpone their enrollment in the student teaching courses.
- Student teachers who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of “F” by their faculty member.
- Student teaching can only be repeated one time.
- Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their two student teaching attempts.
- Candidates who do not successfully complete the second student teaching experience will be removed from the program and are not eligible for re-entry.
- Candidates enrolled in the MAED/TED program must student teach in the subject area in which a passing score was achieved on the content knowledge assessment exam. This is either an elementary (general), middle level (subject specific), or secondary (content specific) setting based on their program specialization.
- Candidates in the MAED/TED program may not student teach in special education.
- MAED/TED candidates, who are currently employed as the teacher of record in a classroom appropriate grade level/content for the certificate they are pursuing (e.g., 4th grade for elementary candidate or 9th grade English for secondary candidate), can ‘student teach’ or ‘validate’ in their current classroom. Students will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students must complete the Student Teaching courses and complete and upload the Teacher Work Sample.
- Students should complete student teaching within twelve (12) months from the completion date of their last required course in the program.
- Students must complete a minimum of 8 credit hours of student teaching, including the completion of a Teacher Work Sample project.

Candidates who are unable to complete their student teaching experience at the campus where they began are not guaranteed a placement. Candidates may be able to complete their student teaching through the University of Phoenix Online campus. A select number of states do not participate in the University of Phoenix Teacher Education program. Candidates must contact the Online campus for a list of participating states and procedures for student teaching placement.

- Candidates must enroll in the remaining Student Teaching Seminars through the Online campus while completing their student teaching experience.
- Candidates need to work directly with the Online campus to complete the requirements for verification of placement.
- Candidates attending the Online campus who live in Hawaii, must transfer to the Hawaii ground campus for their student teaching experience and student teaching seminars. These courses will allow students to complete their MAED/TED program and earn a Hawaii credential. This policy applies to candidates in the following programs: MAED/TED-É, MAED/TED-S (English, social studies, math, or science concentrations).

MAED/TED-S candidates living in Hawaii who attend the Online campus and are pursuing a content area outside of the four areas noted above must meet the Arizona requirements, including AEPA exams or comparable content and professional knowledge examinations from another state or agency taken within the past 7 years and Arizona fingerprinting requirements, in order to complete the Arizona approved program and be eligible for Institutional Recommendation.

Re-entry for the MAED/TED-E

Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship, or practicum, and can complete within their original deadline may reenter their original program version. However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship, or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved.

Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship, or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

Master of Arts in Education/Secondary Teacher Education (Hawaii)

The following Master of Arts in Education/Secondary Teacher Education (MAED/TED-S) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Arts in Education/Secondary Teacher Education (MAED/TED-S) is a graduate degree program preparing candidates for teacher licensure. The guiding philosophy of the MAED/TED-S program is to provide the adult student, who already has a degree in a discipline other than education, with the skills and knowledge that will allow them to become a competent and effective educator. This program focuses on secondary student learning by improving the educator’s responsibility for that learning. Student teaching is an integral component of the Teacher Education Program. It provides students with a field-based experience at the appropriate grade and content level. Student teachers work with a cooperating teacher from a school site and with a University of Phoenix faculty advisor. The student teaching experience is designed to emphasize the achievement of state standards leading to certification and to present individuals with growth opportunities that best prepare them to assume the duties of a certified classroom teacher. Throughout the program, students are required to complete a minimum of 100 hours of verified field experiences.

All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

Effective for Enrollment Agreements signed 7/1/2016 or later, verification of immunization or TB test results (district specific) within one year.

Candidacy Status for the MAED/TED-S

The College of Education has two levels of review consisting of Level 1 Candidacy Status and Level 2 Candidacy Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling.

- Level 1 Candidate Status is completed upon admission to the University. Students who are admitted must have met the requirements for Candidate Status Level 1.
- Level 2 Candidate Status is completed prior to the completion of 12 semester credits of the program. To meet the Candidate Status Level 2 requirements, the following items must be completed. Evidence that these requirements have been met must be entered in IS3 and the student’s eXp file.
  - Demonstration of basic skills proficiency
  - Verification of fingerprint clearance

Students must be admitted and meet Level 1 Candidate Status prior to being reviewed for Level 2 Candidate Status.

Degree Requirements for the MAED/TED-S

- Completion of a minimum of 36 credits.
- A minimum grade point average (GPA) of 3.0.
- Satisfactory completion and uploading of the Teacher Work Sample (TWS).
- Satisfactory completion of any required internship, student teaching, and/or practicum courses.
- Students must take courses within a sequence specified by course prerequisite requirements.
- Completion of Field Experience Record (100 hours). To ensure student’s meet this requirement documentation will be periodically uploaded, reviewed, and maintained as specified in the handbook/courses.
- Completion of signature assignments.
- In order to receive an institutional recommendation and/or state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.
- The diploma awarded for this program will read as: Master of Arts in Education Secondary Teacher Education

Academic Progression Requirements for the MAED/TED-S

Candidates must provide verification of the following prior to beginning their student teaching experience. Candidates must provide:
- Passing scores on the designated state content knowledge exam (elementary content or secondary content area specific)
- Verification of the completion of 100 hours of field experience

Candidates will be required to have the minimum GPA for the program prior to entering the Student Teaching experience.

Minimum Grade Requirements for the MAED/TED-S

- A candidate must earn a grade of “B” (grades of “I” and “B-” are not accepted) or better in the following courses in order to student teach: SEC 598 and SEC 599.
- Candidates must earn a “B” or better in Student Teaching Part A & B in order to complete this program. Candidates who do not earn a “B” or better will be required to repeat the seminar(s) in which the candidate did not receive the required minimum grade and the related portion of student teaching. The Campus College chair will coordinate with the Cooperating/Mentor Teacher and Faculty Supervisor to design a remediation plan.
- If the candidate does not receive a grade of “B” or better on the second attempt, the candidate will be Scholastically Suspended, permanently withdrawn, from the program.

Institutional Recommendation for the MAED/TED-S

- Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for state teaching credential).
- Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.
- Candidates must pass their state-mandated professional knowledge exam.
- Candidates must provide verification of state and U.S. Constitution coursework as required by the state certification agency.

Residency Requirements and Course Waivers for the MAED/TED-S

Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assess-
Courses Waived

Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their two student teaching attempts. Candidates who do not successfully complete the second student teaching experience will be removed from the program and are not eligible for re-entry.

Candidates enrolled in the MAED/TED program must student teach in the subject area in which a passing score was achieved on the content knowledge assessment exam. This is either an elementary (general), middle level (subject specific), or secondary (content specific) setting based on their program specialization.

Candidates in the MAED/TED program may not student teach in special education.

Field Experience for the MAED/TED-S

Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels from ages birth through 18 years of age. The focus of each field experience will relate to specific course content and will follow a structured format. Four formal field experience evaluations are required during the program (observation, one-on-one instruction, small-group instruction, and whole-group instruction). These evaluations must be maintained and reviewed as specified in the handbook/courses. Documentation of field experience will be reviewed by campus staff and faculty prior to student teaching. Candidates must work with their campus to arrange field experience.

Student Teaching for the MAED/TED-S

Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.

- Candidates must take Student Teaching Part A & B concurrently with the student teaching experience. If a candidate chooses to postpone student teaching, he/she must postpone their enrollment in the student teaching courses.
- Student teachers who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of "F" by their faculty member.
- Student teaching can only be repeated one time.
- Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their two student teaching attempts.
- Candidates who do not successfully complete the second student teaching experience will be removed from the program and are not eligible for re-entry.

Re-entry for the MAED/TED-S

Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum and can complete within their original deadline may reenter their original program version. However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved.

MAED/TED candidates, who are currently employed as the teacher of record in a classroom appropriate grade level/content for the certificate they are pursuing (e.g., 4th grade for elementary candidate or 9th grade English for secondary candidate), can 'student teach' or 'validate' in their current classroom. Students will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students must complete the Student Teaching courses and complete and upload the Teacher Work Sample.

- Students should complete student teaching within twelve (12) months from the completion date of their last required course in the program.
- Students must complete a minimum of 8 credit hours of student teaching, including the completion of a Teacher Work Sample project.
- Candidates need to work directly with the Online campus to complete the requirements for verification of placement.
- Candidates attending the Online campus who live in Hawaii, must transfer to the Hawaii ground campus for their student teaching experience and student teaching seminars. These courses will allow students to complete their MAED/TED program and earn a Hawaii credential. This policy applies to candidates in the following programs: MAED/TED-E, MAED/TED-S (English, social studies, math, or science concentrations).

MAED/TED-S candidates living in Hawaii who attend the Online campus and are pursuing a content area outside of the four areas noted above must meet the Arizona requirements, including AEPA exams or comparable content and professional knowledge examinations from another state or agency taken within the past 7 years and Arizona fingerprinting requirements, in order to complete the Arizona approved program and be eligible for Institutional Recommendation.

Students should complete student teaching within twelve (12) months from the completion date of their last required course in the program.

- Students must complete a minimum of 8 credit hours of student teaching, including the completion of a Teacher Work Sample project.
- Candidates need to work directly with the Online campus to complete the requirements for verification of placement.
- Candidates attending the Online campus who live in Hawaii, must transfer to the Hawaii ground campus for their student teaching experience and student teaching seminars. These courses will allow students to complete their MAED/TED program and earn a Hawaii credential. This policy applies to candidates in the following programs: MAED/TED-E, MAED/TED-S (English, social studies, math, or science concentrations).

Re-entry for the MAED/TED-S

Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum and can complete within their original deadline may reenter their original program version. However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved.

Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

Only students who reside within the United States and its territo-
The Master of Arts in Education/Elementary Teacher Education (MAED/TED-E) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Arts in Education/Elementary Teacher Education (MAED/TED-E) is a graduate degree program preparing candidates for teacher licensure. The guiding philosophy of the MAED/TED-E program is to provide the adult student, who already has a degree in a discipline other than education, with the skills and knowledge that will allow them to become a competent and effective educator. This program focuses on elementary student learning by improving the educator’s responsibility for that learning. Student teaching is an integral component of the Teacher Education Program. It provides students with a field-based experience at the appropriate grade and content level. Student teachers work with a cooperating teacher from a school site and with a University of Phoenix faculty advisor. The student teaching experience is designed to emphasize the achievement of state standards leading to certification and to present individuals with growth opportunities that best prepare them to assume the duties of a certified classroom teacher. Throughout the program, students are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels. The focus of each observation will relate to specific course content.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/maed-ted-e.

Program Purpose
The Master of Arts in Education/Elementary Teacher Education is a graduate degree program intended to prepare students with no prior teaching experience for initial teacher licensure. The program is designed for students who want to become elementary school teachers. Candidates for this program have already earned a bachelor’s degree. The program includes a clinical component requiring field experiences and student teaching above and beyond program coursework. As licensure requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed teacher. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and implement effective instruction in the elementary classroom to produce a positive impact on student learning.
- Students will be able to evaluate effective professional practice in elementary education.
- Students will be able to apply professional ethics to their instructional practices in elementary education.
- Students will be able to evaluate learning principles to differentiate instruction to meet the needs of diverse elementary student populations.
- Students will be able to create innovative strategies and incorporate technology in an elementary classroom setting.

Program Category Requirements and Course Selections
Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Additional Admission Requirements for the MAED/TED-E
All applicants are expected to meet the following admissions requirements:

- Students enrolled in this program must have an undergraduate or graduate degree from a regionally accredited college or university or equivalent undergraduate degree earned at a recognized foreign institution.
- Students using foreign credentials when enrolling in a program leading to initial teacher certification/licensure must use a foreign credential evaluation service that is on both the approved University of Phoenix evaluation agency list and the foreign credential evaluation service that is on both the approved University of Phoenix evaluation agency list and the state regulating board list of approved agencies, for the particular state in which the student is attending, to verify degree completion and equivalency to a United States undergraduate degree. Students attending the Online campus should abide by the regulations of the state in which they reside. In-house evaluations cannot be completed for programs leading to initial teacher certification.
- All California residents (Online and Local) must enroll in this version. Candidates in the MAED/TED-E and MAED/TED-S programs must sign the California Teaching Performance Assessment (TPA) Code of Honor Guidelines.
- TB test results (District specific)
- Verification of Certificate of Clearance or other approved Certificate of Clearance documents.

Candidacy Status for the MAED/TED-E
The College of Education has two levels of review consisting of Level 1 Candidacy Status and Level 2 Candidacy Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling.

Level 1 Candidacy Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidacy Status Level 1.

Level 2 Candidacy Status is completed prior to the completion of 12 semester credits of the program. To meet the Candidacy Status Level 2 requirements, the following items must be completed. Evidence that these requirements have been met must be entered in IS3 and the student’s eXp file.
- Demonstration of basic skills proficiency
  - Students who reside in states that require a basic skills test exam for teacher certification will be required to successfully pass the state exam (i.e. CBEST, CSET, Praxis I, etc.) using their state’s cut score.
- Online students who reside in California and are enrolled in a California approved program (MAED/TED-E or MAED/TED-S) must successfully pass the CBEST exam, CSET Multiple subject Plus Writing Skills, Examination, or another state approved basic skills exam.
- Students enrolled in this program (Elementary or Secondary) must provide one of the following verifications prior to the completion of 12 semester credits in the program:
  - The candidate provides evidence of having passed the appropriate subject matter examination(s).
  - The candidate provides evidence of having attempted the appropriate subject matter examination(s).
  - The candidate provides evidence of registration for the next scheduled examination.
  - The candidate provides evidence of having completed a Commission approved subject matter preparation program.
  - The candidate provides evidence of continuous progress toward meeting the subject matter requirement.

Students must be admitted and meet Level 1 Candidate Status prior to being reviewed for Level 2 Candidate Status.

Degree Completion Requirements for the MAED/TED-E
Completion of a minimum of 43 credits.
- A minimum grade point average (GPA) of 3.0.
- Students must pass all four Teacher Performance Assessments (TPA).
- Satisfactory completion of any required internship, student teaching, and/or practicum courses.
- Students must take courses within a sequence specified by course prerequisite requirements.
- Completion of Field Experience Record (100 hours). To ensure student’s meet this requirement documentation will be periodically uploaded, reviewed, and maintained as specified in the handbook/courses.
- Completion of signature assignments.
- In order to receive an institutional recommendation and/or state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.

The diploma awarded for this program will read as: Master of Arts in Education Elementary Teacher Education

Academic Progression Requirements for the MAED/TED-E
Candidates must provide verification of the following prior to beginning their student teaching experience. Candidates must provide:
- Passing scores on the designated state content knowledge exam (elementary content or secondary content area specific)
- Verification of the completion of 100 hours of field experience
Candidates will be required to have the minimum GPA for the program prior to entering the Student Teaching experience.
California students must pass the following courses: TPA 001 and TPA 002 prior to beginning their student teaching experience.
Candidates enrolled in MAED/TED-E and S must receive passing scores on the following assessments: TPA 1 Subject-specific Pedagogy and TPA 2 Designing Instruction prior to beginning their student teaching experience. Verification of scores is maintained by the campus Credential Analyst.
Transfer Requirements for the MAED/TED-E

Transfer of non-California specific coursework

California MAED/TED programs will accept a maximum of 10 credits of non-California (CA) coursework as identified in the list below. COM 516 is not included in the 10 credits and does not need to be repeated.

The following non-California (CA) courses can be transferred into the California specific program:

- MTE 501 (2 credits)
- MTE 505 (3 credits) or MTE 506 (2 credits)
- MTE 508 (3 credits) or MTE 509 (2 credits)

Minimum Grade Requirements for the MAED/TED-E

- A candidate must earn a grade of "B" (grades of "I" and "B-" are not accepted) or better in the following courses: ELM 590, ELM 595
- Candidates must earn a "B" or better in Student Teaching Part A & B in order to complete this program. Candidates who do not earn a "B" or better will be required to repeat the seminar(s) in which the candidate did not receive the required minimum grade and the related portion of student teaching. The Campus College chair will coordinate with the Cooperating/Mentor Teacher and Faculty Supervisor to design a remediation plan.
- If the candidate does not receive a grade of "B" or better on the second attempt, the candidate will be Scholastically Suspended, permanently withdrawn, from the program.

Residency Requirements and Course Waivers for the MAED/TED-E

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally accredited, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: COM 516, ELM 590, ELM 595, MTE 507CA, MTE 518CA, MTE 522CA, MTE 533CA, RDG 537CA, SPE 514CA.

Students who complete the Teach for America Summer Institute are eligible to waive the following courses in the MAED/TED Programs. Candidates must provide verification of completion in order to be eligible for these waivers.

Field Experience for the MAED/TED-E

Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 10 hours of verified field experiences, covering a variety of developmental levels from ages birth through 18 years of age. The focus of each field experience will relate to specific course content and will follow a structured format. Four formal field experience evaluations are required during the program (observation, one-on-one instruction, small-group instruction, and whole-group instruction). These evaluations must be maintained and reviewed as specified in the handbook/courses. Documentation of field experience will be reviewed by campus staff and faculty prior to student teaching. Candidates must work with their campus to arrange field experience. A Certificate of Clearance and negative TB test is required prior to Field Experience placement.

Student Teaching for the MAED/TED-E

Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.

- Candidates must take Student Teaching Part A & B concurrently with the student teaching experience. If a candidate chooses to postpone student teaching, he/she must postpone their enrollment in the student teaching courses.
- Student teachers who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of "F" by their faculty member.
- Student teaching can only be repeated one time.
- Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their two student teaching attempts.
- Candidates who do not successfully complete the second student teaching experience will be removed from the program and not be eligible for re-entry.
- Candidates enrolled in the MAED/TED program must student teach in the subject area in which a passing score was achieved on the content knowledge assessment exam. This is either an elementary (general), middle level (subject specific), or secondary (content specific) setting based on their program specialization.
- Candidates in the MAED/TED program may not student teach in special education.
• MAED/TED candidates, who are currently employed as the teacher of record in a classroom appropriate grade level/content for the certificate they are pursuing (e.g., 4th grade for elementary candidate or 9th grade English for secondary candidate), can ‘student teach’ or ‘validate’ in their current classroom. Students will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students must complete the Student Teaching courses and pass CalTPA tasks 3 and 4.

• California students must pass the Teacher Performance Assessment 3 and 4 during student teaching. Students may attempt the Teacher Performance Assessment 3 and 4 a maximum of two (2) times.

• Candidates enrolled in this program must complete placements in two elementary grade levels. Placements must occur in two of the following grade levels: K-2, 3-5, or 6. One placement is for seven (7) weeks and the other placement is for eight (8) weeks. These must be self-contained classroom settings in which the candidates teach 6 of the 7 multiple subject areas to the same group of students.

• Candidates enrolled in this program must complete a full-time student teaching experience (minimum 15 weeks) in which they teach two content areas and/or two grade-levels within their discipline. Candidates must student teach in the disciplines covered by their subject matter competency exams.

• Students should complete student teaching within twelve (12) months from the completion date of their last required course in the program.

• Students must complete a minimum of 8 credit hours of student teaching, including the completion of a Teacher Work Sample project.

Out of state Student Teaching
Candidates who are unable to complete their student teaching experience at the campus where they began are not guaranteed a placement. Candidates may be able to complete their student teaching through the University of Phoenix Online campus. A select number of states do not participate in the University of Phoenix Teacher Education program. Candidates must contact the Online campus for a list of participating states and procedures for student teaching placement.

• Candidates must enroll in the remaining Student Teaching Seminars through the Online campus while completing their student teaching experience.

• Candidates need to work directly with the Online campus to complete the requirements for verification of placement.

Institutional Recommendation for the MAED/TED-E

• Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for state teaching credential).

• Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.

• Candidates must pass their state-mandated professional knowledge exam.

• Candidates in this program must pass the RICA exam.

• Candidates completing the California approved MAED/TED-E or S program must provide verification of current CPR certification prior to being recommended for their credential.

• Candidates must provide verification of U.S. Constitution coursework (with a grade of “C” or better), or exam as required by the state certification agency.

California Teaching Performance Assessment Policy

• Candidates must receive passing scores on TPA 001: Subject-Specific Pedagogy (course and assessment) and TPA 002: Designing Instruction (course and assessment) prior to beginning their student teaching experience. Verification of scores is maintained by the campus Credential Analyst.

• Candidates may attempt the Teaching Performance Assessment 1: Subject-Specific Pedagogy and Teaching Performance Assessment 2: Designing Instruction a total of three times each. Candidates are required to retake TPA 001 or TPA 002 courses if they have failed the corresponding assessment two times. This retake must be completed prior to the third attempt.

• Teaching Performance Assessment 3: Assessing Learning and Teaching Performance Assessment 4: Culminating Teaching Experience are completed during the student teaching experience. These assessments can only be attempted two times each.

• Candidates must earn a score of 3 or 4 on each Teaching Performance Assessment to be considered passing. Scores of 1 or 2 are not considered passing scores.

• Candidates who are unable to pass any assessment after the allotted number of attempts are permanently removed from the program.

TPA 1 and TPA2 = 3 attempts
TPA 3 and TPA4 = 2 attempts

• Students who transfer into MAED/TEDCA E or S and have documentation of passing TPA 1: Subject-specific Pedagogy and/or TPA 2: Designing Instruction while attending another university are not required to complete the corresponding preparation courses TPA 001 - Subject-specific Pedagogy and/or TPA 002 - Designing Instruction. Students should submit a course waiver request to apply the TPA 1 and/or TPA 2 assessments to the TPA 001 and/or TPA 002 courses at University of Phoenix.

California Intern Credential
Candidates in California may qualify for an intern credential in California while enrolled in the MAED/TED program. The California Commission has identified specific requirements for intern qualification.

• Candidates who qualify as an elementary or secondary intern must meet the requirements noted below and sign an intern checklist.

• Candidates who are seeking an Internship must also be advised of the Early Completion Option.

• Candidates must provide verification of each of the following requirements:

  • Passing score on CBEST, CSET Multiple subject Plus Writing Skills, Examination, or another state approved basic skills exam.

  • Passing score on appropriate CSET for intern placement

  • Completion of a Bachelors degree from a regionally accredited institution

  • Letter of Intent to Hire

University of Phoenix, 2016-2017

391
• Completion of 30 hours Field Experience with diverse students
• Certificate of Clearance
• Continuous enrollment in the University of Phoenix MAED/TED-E or 5 (Elementary or Secondary Education teacher preparation degree program)
• US Constitution (units or exam)
• Negative TB results or negative chest x-ray
• Completion of the following coursework: Multiple Subject: MTE 506CA; MTE 518CA; ELL 500; SPE 514CA; RDG 537CA; MTE 522CA Single Subject: MTE 506CA; SEC 508CA; ELL 500; SPE 514CA; RDG 542CA; MTE 523CA

If an intern candidate is removed from the university intern program, the university must notify the California Commission on Teacher Credentialing so the intern certificate can be deactivated by the Commission. If the candidate re-enters the program, the Commission must be notified in order to reactivate the intern credential.

• Candidates who had been issued an Internship from another university must provide a letter of academic good standing from their previous university prior to being accepted in the Internship Program.

• Candidates must be continuously enrolled to maintain their Internship Credential. Candidates who fail to be continuously enrolled or are dismissed or removed from their Internship will have their Internship Credential revoked and returned to the state with notification to their hiring district.

California Early Completion Option
California residents may qualify, per state Commission requirements, for the early completion option. This allows candidates to complete only the supervised student teaching component and teaching performance assessment.

Candidates who qualify for the early completion option must take TPA 001 and TPA 002, Student Teaching Seminars A & B and successfully complete the Teaching Performance Assessments 1, 2, 3 and 4. Candidates do not waive course work in MAED/TED and are not earning an MAED/TED degree.

Re-entry for the MAED/TED-E
Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum and can complete within their original deadline may reenter their original program version. However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship or practicum, must reenter the current program version and successfully complete the original program version will be approved.

Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

Master of Arts in Education/Secondary Teacher Education (California)

The following Master of Arts in Education/Secondary Teacher Education (MAED/TED-S) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Arts in Education/Secondary Teacher Education (MAED/TED-S) is a graduate degree program preparing candidates for teacher licensure. The guiding philosophy of the MAED/TED-S program is to provide the adult student, who already has a degree in a discipline other than education, with the skills and knowledge that will allow them to become a competent and effective educator. This program focuses on secondary student learning by improving the educator’s responsibility for that learning. Student teaching is an integral component of the Teacher Education Program. It provides students with a field-based experience at the appropriate grade and content level. Student teachers work with a cooperating teacher from a school site and with a University of Phoenix faculty advisor. The student teaching experience is designed to emphasize the achievement of state standards leading to certification and to present individuals with growth opportunities that best prepare them to assume the duties of a certified classroom teacher. Throughout the program, students are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels. The focus of each observation will relate to specific course content.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/maed-ted-s.

Program Purpose
The Master of Arts in Education/Secondary Teacher Education is a graduate degree program intended to prepare students with no prior teaching experience for initial teacher licensure. The program is designed for students who want to become secondary school teachers. Candidates for this program have already earned a bachelor’s degree. The program includes a clinical component requiring field experiences and student teaching above and beyond program coursework. As licensure requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed teacher. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.
• Students will be able to design and implement effective instruction in the secondary classroom to produce a positive impact on student learning.
• Students will be able to evaluate effective professional practice in secondary education.
• Students will be able to apply professional ethics to their instructional practices in secondary education.
• Students will be able to evaluate learning principles to differentiate instruction to meet the needs of diverse secondary student populations.
• Students will be able to create innovative strategies and incorporate technology in a secondary classroom setting.

Program Category Requirements and Course Selections

Courses requiring prerequisites are identified by a ‘~’ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1). The University reserves the right to modify the Required Course of Study.

Orientation, 0 total credits
MTE 507CA - Orientation to Teacher Education

Introductory Course, 1 total credit
COM 516 - Professional Communications

Foundations of Education, 2 total credits
MTE 501 - The Art and Science of Teaching

Educational Theories and Models, 6 total credits
SEC 508CA ~ - Models, Theories, and Strategies for Secondary Education
MTE 523CA - Maintaining an Effective Learning Climate

Human Development, 2 total credits
MTE 506 ~ - Child and Adolescent Development

Assessment, 3 total credits
MTE 562 ~ - Assessment and Evaluation

Secondary Reading, 3 total credits
RDG 542CA ~ - Curriculum Constructs & Assessment: Reading Methods for Secondary Settings

Special Populations, 5 total credits
ELL 500 - Instructional Methods for English Language Learners
SPE 514CA ~ - Survey of Special Populations

Secondary Methods and Assessment, 3 total credits
MTE 528CA ~ - Curriculum Constructs and Assessment: Visual Arts
MTE 564CA ~ - Curriculum Constructs and Assessment: Secondary Math
MTE 566CA ~ - Curriculum Constructs & Assessment: Secondary English/Language Arts
MTE 567CA ~ - Curriculum Constructs & Assessment: Secondary History/Social Science
MTE 569CA ~ - Curriculum Constructs and Assessment: Secondary Science

Secondary Elective, 2 total credits
MTE 541CA ~ - Language Development for Secondary Settings

Student Teaching, 8 total credits
SEC 590 ~ - Secondary Student Teaching Part A
SEC 595 ~ - Secondary Student Teaching Part B

Teacher Performance Assessment, 2 total credits
TPA 001 ~ - Teacher Performance Assessment

Additional Admission Requirements for the MAED/TED-S

All applicants are expected to meet the following admissions requirements:
• Students enrolled in this program must have an undergraduate or graduate degree from a regionally accredited college or university or equivalent undergraduate degree earned at a recognized foreign institution.
• Students using foreign credentials when enrolling in a program leading to initial teacher certification/licensure must use a foreign credential evaluation service that is on both the approved University of Phoenix evaluation agency list and the state regulating board list of approved agencies, for the particular state in which the student is attending, to verify degree completion and equivalency to a United States undergraduate degree. Students attending the Online campus should abide by the regulations of the state in which they reside. In-house evaluations cannot be completed for programs leading to initial teacher certification.
• All California residents (Online and Local) must enroll in this version. Candidates in the MAED/TED-E and MAED/TED-S programs must sign the California Teaching Performance Assessment (TPA) Code of Honor Guidelines.
• All California residents (Online and Local) must enroll in this version. Candidates in the MAED/TED-E and MAED/TED-S programs must sign the California Teaching Performance Assessment (TPA) Code of Honor Guidelines.
• All California residents (Online and Local) must enroll in this version. Candidates in the MAED/TED-E and MAED/TED-S programs must sign the California Teaching Performance Assessment (TPA) Code of Honor Guidelines.

Candidacy Status for the MAED/TED-S

The College of Education has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling. Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.

Level 2 Candidate Status is completed prior to the completion of 12 semester credits of the program. To meet the Candidate Status Level 2 requirements, the following items must be completed. Evi-
dence that these requirements have been met must be entered in IS3 and the student's eXp file.

- Demonstration of basic skills proficiency
  - Students who reside in states that require a basic skills test exam for teacher certification will be required to successfully pass the state exam (i.e. CBEST, CSET, Praxis I, etc.) using their state's cut score.
  - Online students who reside in California and are enrolled in a California approved program (MAED/TED-E or MAED/TED-S) must successfully pass the CBEST exam, CSET Multiple subject Plus Writing Skills, Examination, or another state approved basic skills exam.
- Students enrolled in this program (Elementary or Secondary) must provide one of the following verifications prior to the completion of 12 semester credits in the program:
  - The candidate provides evidence of having passed the appropriate subject matter examination(s).
  - The candidate provides evidence of having attempted the appropriate subject matter examination(s).
  - The candidate provides evidence of registration for the next scheduled examination.
  - The candidate provides evidence of having completed a Commission approved subject matter preparation program.
  - The candidate provides evidence of continuous progress toward meeting the subject matter requirement.

Students must be admitted and meet Level 1 Candidate Status prior to being reviewed for Level 2 Candidate Status.

Degree Completion Requirements for the MAED/TED-S

- Completion of a minimum of 37 credits.
- A minimum grade point average (GPA) of 3.0.
- Students must pass all four Teacher Performance Assessments (TPA).
- Satisfactory completion of any required internship, student teaching, and/or practicum courses.
- Students must take courses within a sequence specified by course prerequisite requirements.
- Completion of Field Experience Record (100 hours). To ensure student's meet this requirement documentation will be periodically uploaded, reviewed, and maintained as specified in the handbook/courses.
- Completion of signature assignments.
- In order to receive an institutional recommendation and/or state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.
- The candidate provides evidence of having attempted the appropriate subject matter examination(s).
- The candidate provides evidence of having completed a Commission approved subject matter preparation program.
- The candidate provides evidence of continuous progress toward meeting the subject matter requirement.

Minimum Grade Requirements for the MAED/TED-S

- A candidate must earn a grade of “B” (grades of “I” and “B-” are not accepted) or better in the following courses: SEC 590, SEC 595
- Candidates must earn a “B” or better in Student Teaching Part A & B in order to complete this program. Candidates who do not earn a “B” or better will be required to repeat the seminar(s) in which the candidate did not receive the required minimum grade and the related portion of student teaching. The Campus College chair will coordinate with the Cooperating/Mentor Teacher and Faculty Supervisor to design a remediation plan.
- If the candidate does not receive a grade of “B” or better on the second attempt, the candidate will be Scholastically Suspended, permanently withdrawn, from the program.

Residency Requirements and Course Waivers for the MAED/TED-S

Students in this program may waive a maximum of 6 credits from their required course of study.
In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
- The course must have been completed at a regionally accredited, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: COM 516, MTE 507CA, SEC 508CA, MTE 523CA, RDG 542CA, SPE 514CA, MTE 528CA, MTE 566CA, MTE 567CA, MTE 508CA, MTE 509CA (2 credits)

Transfer Requirements for the MAED/TED-S

Transfer of non-California specific coursework
California MAED/TED programs will accept a maximum of 10 credits of non-California (CA) coursework as identified in the list below. COM 516 is not included in the 10 credits and does not need to be repeated.

The following non-California (CA) courses can be transferred into the California specific program:
- MTE 501 (2 credits)
- MTE 505 (3 credits) or MTE 506 (2 credits)
- MTE 508 (3 credits) or MTE 509 (2 credits)

Transfer Requirements for the MAED/TED-S

Residency Requirements and Course Waivers for the MAED/TED-S

Students in this program may waive a maximum of 6 credits from their required course of study.
In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
- The course must have been completed at a regionally accredited, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: COM 516, MTE 507CA, SEC 508CA, MTE 523CA, RDG 542CA, SPE 514CA, MTE 528CA, MTE 566CA, MTE 567CA, MTE
569CA, MTE 551CA, MTE 541CA, MTE 564CA, SEC 590, SEC 595. Students who complete the Teach for America Summer Institute are eligible to waive the following courses in the MAED/TED Programs. Candidates must provide verification of completion in order to be eligible for these waivers.

**Field Experience for the MAED/TED-S**

Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels from ages birth through 18 years of age. The focus of each field experience will relate to specific course content and will follow a structured format. Four formal field experience evaluations are required during the program (observation, one-on-one instruction, small-group instruction, and whole-group instruction). These evaluations must be maintained and reviewed as specified in the handbook/courses. Documentation of field experience will be reviewed by campus staff and faculty prior to student teaching. Candidates must work with their campus to arrange field experience. A Certificate of Clearance and negative TB test is required prior to Field Experience placement.

**Student Teaching for the MAED/TED-S**

Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.

- Candidates must take Student Teaching Part A & B concurrently with the student teaching experience. If a candidate chooses to postpone student teaching, he/she must postpone their enrollment in the student teaching courses.
- Student teachers who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of "F" by their faculty member.
- Student teaching can only be repeated one time.
- Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their two student teaching attempts.
- Candidates who do not successfully complete the second student teaching experience will be removed from the program and are not eligible for re-entry.
- Candidates enrolled in the MAED/TED program must student teach in the subject area in which a passing score was achieved on the content knowledge assessment exam. This is either an elementary (general), middle level (subject specific), or secondary (content specific) setting based on their program specialization.
- Candidates in the MAED/TED program may not student teach in special education.

**Out of state Student Teaching**

Candidates who are unable to complete their student teaching experience at the campus where they began are not guaranteed a placement. Candidates may be able to complete their student teaching through the University of Phoenix Online campus. A select number of states do not participate in the University of Phoenix Teacher Education program. Candidates must contact the Online campus for a list of participating states and procedures for student teaching placement.

**Institutional Recommendation for the MAED/TED-S**

- Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for state teaching credential).
- Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.
- Candidates must pass their state-mandated professional knowledge exam.
- Candidates in this program must pass the RICA exam.
• Candidates completing the California approved MAED/TED-E or S program must provide verification of current CPR certification prior to being recommended for their credential.

• Candidates must provide verification of U.S. Constitution coursework (with a grade of “C” or better), or exam as required by the state certification agency.

**California Teaching Performance Assessment Policy**

• Candidates must receive passing scores on TPA 001: Subject-Specific Pedagogy (course and assessment) and TPA 002: Designing Instruction (course and assessment) prior to beginning their student teaching experience. Verification of scores is maintained by the campus Credential Analyst.

• Candidates may attempt the Teaching Performance Assessment 1: Subject-Specific Pedagogy and Teaching Performance Assessment 2: Designing Instruction a total of three times each. Candidates are required to retake TPA 001 or TPA 002 courses if they have failed the corresponding assessment two times. This retake must be completed prior to the third attempt.

• Teaching Performance Assessment 3: Assessing Learning and Teaching Performance Assessment 4: Culminating Teaching Experience are completed during the student teaching experience. These assessments can only be attempted two times each.

• Candidates must earn a score of 3 or 4 on each Teaching Performance Assessment to be considered passing. Scores of 1 or 2 are not considered passing scores.

• Candidates who are unable to pass any assessment after the allotted number of attempts are permanently removed from the program.

TPA 1 and TPA2 = 3 attempts
TPA 3 and TPA4 = 2 attempts

• Students who transfer into MAED/TEDCA E or S and have documentation of passing TPA 1: Subject-specific Pedagogy and/or TPA 2: Designing Instruction while attending another university are not required to complete the corresponding preparation courses TPA 001 - Subject-Specific Pedagogy and/or TPA 002 - Designing Instruction. Students should submit a course waiver request to apply the TPA 1 and/or TPA 2 assessments to the TPA 001 and/or TPA 002 courses at University of Phoenix.

**California Intern Credential**

Candidates in California may qualify for an intern credential in California while enrolled in the MAED/TED program. The California Commission has identified specific requirements for intern qualification.

• Candidates who qualify as an elementary or secondary intern must meet the requirements noted below and sign an intern checklist.

• Candidates who are seeking an Internship must also be advised of the Early Completion Option.

• Candidates must provide verification of each of the following requirements:
  - Passing score on CBEST, CSET Multiple subject Plus Writing Skills, Examination, or another state approved basic skills exam.
  - Passing score on appropriate CSET for intern placement
  - Completion of a Bachelors degree from a regionally accredited institution
  - Letter of Intent to Hire

• Completion of 30 hours Field Experience with diverse students

• Certificate of Clearance

• Continuous enrollment in the University of Phoenix MAED/TED-E or S (Elementary or Secondary Education teacher preparation degree program)

• US Constitution (units or exam)

• Negative TB results or negative chest xray

• Completion of the following coursework: **Multiple Subject:** MTE 506CA; MTE 518CA; ELL 500; SPE 514CA; RDG 537CA; MTE 522CA **Single Subject:** MTE 506CA; SEC 508CA; ELL 500; SPE 514CA; RDG 542CA; MTE 523CA

• If an intern candidate is removed from the university intern program, the university must notify the California Commission on Teacher Credentialing so the intern certificate can be deactivated by the Commission. If the candidate re-enters the program, the Commission must be notified in order to reactivate the intern credential.

• Candidates who had been issued an Internship from another university must provide a letter of academic good standing from their previous university prior to being accepted in the Internship Program.

• Candidates must be continuously enrolled to maintain their Internship Credential. Candidates who fail to be continuously enrolled or are dismissed or removed from their Internship will have their Internship Credential revoked and returned to the state with notification to their hiring district.

**California Early Completion Option**

California residents may qualify, per state Commission requirements, for the early completion option. This allows candidates to complete only the supervised student teaching component and teaching performance assessment.

Candidates who qualify for the early completion option must take TPA 001 and TPA 002, Student Teaching Seminars A & B and successfully complete the Teaching Performance Assessments 1, 2, 3 and 4.

Candidates do not waive course work in MAED/TED and are not earning an MAED/TED degree.

**Re-entry for the MAED/TED-S**

Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum and can complete within their original deadline may reenter their original program version.

However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved.

Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.
The following Master of Arts in Education/Elementary Teacher Education (MAED/TED-E) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Additional Admission Requirements for the MAED/TED-E

All applicants are expected to meet the following admissions requirements:

- A cumulative grade point average (GPA) of 3.0 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.
- Students enrolled in this program must have an undergraduate degree from a regionally accredited college or university or equivalent undergraduate degree earned at a recognized foreign institution.
- Students using foreign credentials when enrolling in a program leading to initial teacher certification/licensure must use a foreign credential evaluation service that is on both the approved University of Phoenix evaluation agency list and the state regulating board list of approved agencies, for the particular state in which the student is attending, to verify degree completion and equivalency to a United States undergraduate degree. Students attending the Online campus should abide by the regulations of the state in which they reside. In-house evaluations cannot be completed for programs leading to initial teacher certification.
- All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.
- Effective for Enrollment Agreements signed 4/1/2016 or later, demonstration of basic skills proficiency. Students who reside in a state that does not have a basic skills exam have three options for completing this requirement. Students must pass the Praxis I exam at the cut score determined by the College of Education.
  * Reading 169
  * Writing 172
  * Math 170
- Students must pass the Essential Academic Skills provided by National Evaluation Systems at the cut scores determined by the national benchmark.
  * Essential Academic Skills Subtest I: Reading - 220
  * Essential Academic Skills Subtest II: Writing - 220
  * Essential Academic Skills Subtest III: Mathematics - 220
  * Essential Academic Skills Subtest IV: Technology Literacy - 220
- Core Academic Skills for Educators (Core)
  * Core Academic Skills for Educators: Reading 156
  * Core Academic Skills for Educators: Writing - 162
  * Core Academic Skills for Educators: Mathematics - 150
- Effective for Enrollment Agreements signed 4/1/2016 or later, verification of fingerprint clearance

Candidacy Status for the MAED/TED-E

The College of Education has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling.

- Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.
- Level 2 Candidate Status is completed prior to the completion of 12 semester credits of the program. To meet the Candidate Status Level 2 requirements, the following items must be completed. Evidence that these requirements have been met must be entered in IS3 and the student's eXp file.
  - Students enrolled in this program must provide one of the following verifications prior to the completion of 12 semester credits in the program:
    * The candidate provides evidence of having passed the appropriate UT Board-approved subject matter exam (ie. Praxis II).
    * The candidate provides evidence of having attempted the appropriate UT Board-approved subject matter exam.
    * The candidate provides evidence of registration for the next scheduled examination UT Board-approved subject matter exam.

Students must be admitted and meet Level 1 Candidate Status prior to being reviewed for Level 2 Candidate Status. Additional Candidacy Level 2 requirements for Enrollment Agreements signed prior to 4/1/2016

- Demonstration of basic skills proficiency
- Verification of fingerprint clearance

Degree Completion Requirements for the MAED/TED-E

- Completion of a minimum of 41 credits.
- A minimum grade point average (GPA) of 3.0.
- Satisfactory completion and uploading of the Teacher Work Sample (TWS).
- Satisfactory completion of any required internship, student teaching, and/or practicum courses.
- Students must take courses within a sequence specified by course prerequisite requirements.
- Completion of signature assignments.
- In order to receive an institutional recommendation and/or state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.
- The diploma awarded for this program will read as: Master of Arts in Education Elementary Teacher Education

Academic Progression Requirements for the MAED/TED-E

Candidates must provide verification of the following prior to beginning their student teaching experience. Candidates must provide:

- Immunization or TB test results (District specific)
- Passing scores on the designated state content knowledge exam (elementary content or secondary content area specific)
- Students enrolled at a Utah campus must provide verification of a 'student teaching license' and submit a copy of the license prior to the student teaching placement
- Students enrolled at the Utah campus must complete any outstanding credits towards completion of their major/minor as indicated in the admissions requirements prior to student teaching
- Verification of the completion of 100 hours of field experience

Candidates will be required to have the minimum GPA for the pro-
Program prior to entering the Student Teaching experience.

Minimum Grade Requirements for the MAED/TED-E

- A candidate must earn a grade of "B" (grades of "I" and "B-" are not accepted) or better in the following courses in order to student teach: ELM 598, ELM 599
- Candidates must earn a "B" or better in Student Teaching Part A & B in order to complete this program. Candidates who do not earn a "B" or better will be required to repeat the seminar(s) in which the candidate did not receive the required minimum grade and the related portion of student teaching. The Campus College chair will coordinate with the Cooperating/Mentor Teacher and Faculty Supervisor to design a remediation plan.
- If the candidate does not receive a grade of "B" or better on the second attempt, the candidate will be Scholastically Suspended, permanently withdrawn, from the program.

Residency Requirements and Course Waivers for the MAED/TED-E

Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
- The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and / or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: COM 516, ELM 598, ELM 599, MTE 507, MTE 518, MTE 522, MTE 533, RDG 537, SPE 514

Students who complete the Teach for America Summer Institute are eligible to waive the following courses in the MAED/TED Programs. Candidates must provide verification of completion in order to be eligible for these waivers.

Field Experience for the MAED/TED-E

Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels from ages birth through 18 years of age. The focus of each field experience will relate to specific course content and will follow a structured format. Four formal field experience evaluations are required during the program (observation, one-on-one instruction, small-group instruction, and whole-group instruction). These evaluations must be maintained and reviewed as specified in the handbook/courses. Documentation of field experience will be reviewed by campus staff and faculty prior to student teaching. Candidates must work with their campus to arrange field experience.

Student Teaching for the MAED/TED-E

- Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.
- Candidates must take Student Teaching Part A & B concurrently with the student teaching experience. If a candidate chooses to postpone student teaching, he/she must postpone their enrollment in the student teaching courses.
- Student teachers who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of "F" by their faculty member.
- Student teaching can only be repeated one time.
- Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their two student teaching attempts.
- Candidates who do not successfully complete the second student teaching experience will be removed from the program and are not eligible for re-entry.
- Candidates enrolled in the MAED/TED program must student teach in the subject area in which a passing score was achieved on the content knowledge assessment exam. This is either an elementary (general), middle level (subject specific), or secondary (content specific) setting based on their program specialization.
- Candidates in the MAED/TED program may not student teach in special education.
- MAED/TED candidates, who are currently employed as the teacher of record in a classroom appropriate grade level/content for the certificate they are pursuing (e.g. 4th grade for elementary candidate or 9th grade English for secondary candidate), can ‘student teach’ or ‘validate’ in their current classroom. Students will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students must complete the Student Teaching courses and complete and upload the Teacher Work Sample.
- Students should complete student teaching within twelve (12) months from the completion date of their last required course in the program.
- Students must complete a minimum of 8 credit hours of student teaching, including the completion of a Teacher Work Sample project.

Out of state Student Teaching

Candidates who are unable to complete their student teaching experience at the campus where they began are not guaranteed a placement. Candidates may be able to complete their student teaching through the University of Phoenix Online campus. A select number of states do not participate in the University of Phoenix Teacher Education program. Candidates must contact the Online campus for a list of participating states and procedures for
student teaching placement.

- Candidates must enroll in the remaining Student Teaching Seminars through the Online campus while completing their student teaching experience.
- Candidates need to work directly with the Online campus to complete the requirements for verification of placement.

**Institutional Recommendation for the MAED/TED-E**

- Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for state teaching credential).
- Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.
- Candidates must pass their state-mandated professional knowledge exam.
- Candidates must provide verification of school law, state and U.S. Constitution coursework, as required by the state certification agency.

**Re-entry for the MAED/TED-E**

Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum and can complete within their original deadline may reenter their original program version. However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved.

Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

**Master of Arts in Education/Secondary Teacher Education (Utah)**

The following Master of Arts in Education/Secondary Teacher Education (MAED/TED-S) program may be offered at these University of Phoenix locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Arts in Education/Secondary Teacher Education (MAED/TED-S) is a graduate degree program preparing candidates for teacher licensure. The guiding philosophy of the MAED/TED-S program is to provide the adult student, who already has a degree in a discipline other than education, with the skills and knowledge that will allow them to become a competent and effective educator. This program focuses on secondary student learning by improving the educator’s responsibility for that learning. Student teaching is an integral component of the Teacher Education Program. It provides students with a field-based experience at the appropriate grade and content level. Student teachers work with a cooperating teacher from a school site and with a University of Phoenix faculty advisor. The student teaching experience is designed to emphasize the achievement of state standards leading to certification and to present individuals with growth opportunities that best prepare them to assume the duties of a certified classroom teacher. Throughout the program, students are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels. The focus of each observation will relate to specific course content. Documentation will be maintained and reviewed as specified in the handbook/courses.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at [http://www.phoenix.edu/programs/maed-ted-e](http://www.phoenix.edu/programs/maed-ted-e).

**Program Purpose**

The Master of Arts in Education/Secondary Teacher Education is a graduate degree program intended to prepare students with no prior teaching experience for initial teacher licensure. The program is designed for students who want to become secondary school teachers. Candidates for this program have already earned a bachelor’s degree. The program includes a clinical component requiring field experiences and student teaching above and beyond program coursework. As licensure requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed teacher. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity.

**Program Student Learning Outcomes**

In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and implement effective instruction in the secondary classroom to produce a positive impact on student learning.
- Students will be able to apply professional ethics to their instructional practices in secondary education.
- Students will be able to demonstrate learning principles to differentiate instruction to meet the needs of diverse secondary student populations.
- Students will be able to create innovative strategies and incorporate technology in a secondary classroom setting.

**Program Category Requirements and Courses Selections**

- SEC 599 ~ ............................................................ 4 credits
- Secondary Student Teaching Part A
- SEC 599 ~ ............................................................ 4 credits
- Secondary Student Teaching Part B
- The University reserves the right to modify the Required Course of Study.

**Additional Admission Requirements for the MAED/TED-S**
All applicants are expected to meet the following admissions requirements:
- A cumulative grade point average (GPA) of 3.0 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.
- Students enrolled in this program must have an undergraduate degree from a regionally accredited college or university or equivalent undergraduate degree earned at a recognized foreign institution.
- Upon admission, student must have completed all but six (6) semester hours in the required secondary endorsement area. These additional six (6) credits must be completed prior to student teaching. Information regarding endorsement coursework requirements for secondary teacher licensure can be located on the Utah State Office of Education website.
- Students using foreign credentials when enrolling in a program leading to initial teacher certification/licensure must use a foreign credential evaluation service that is on both the approved University of Phoenix evaluation agency list and the state regulating board list of approved agencies, for the particular state in which the student is attending, to verify degree completion and equivalency to a United States undergraduate degree. Students attending the Online campus should abide by the regulations of the state in which they reside. In-house evaluations cannot be completed for programs leading to initial teacher certification.
- All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.
- Effective for Enrollment Agreements signed 4/1/2016 or later, demonstration of basic skills proficiency. Students who reside in a state that does not have a basic skills exam have three options for completing this requirement. Students must pass the Praxis I exam at the cut score determined by the College of Education.
  * Reading 169
  * Writing 172
Candidacy Status for the MAED/TED-S

The College of Education has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling.

- Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.
- Level 2 Candidate Status is completed prior to the completion of 12 semester credits of the program. To meet the Candidate Status Level 2 requirements, the following items must be completed. Evidence that these requirements have been met must be entered in IS3 and the student’s eXp file.
- Students enrolled in this program must provide one of the following verifications prior to the completion of 12 semester credits in the program:
  - The candidate provides evidence of having passed the appropriate UT Board-approved subject matter exam (ie. Praxis II).
  - The candidate provides evidence of having attempted the appropriate UT Board-approved subject matter exam.
  - The candidate provides evidence of registration for the next scheduled examination UT Board-approved subject matter exam.

Students must be admitted and meet Level 1 Candidate Status prior to being reviewed for Level 2 Candidate Status. Additional Candidacy Level 2 requirements for Enrollment Agreements signed prior to 4/1/2016:
- Demonstration of basic skills proficiency
- Verification of fingerprint clearance

Degree Completion Requirements for the MAED/TED-S

- Completion of a minimum of 36 credits.
- A minimum grade point average (GPA) of 3.0.
- Satisfactory completion and uploading of the Teacher Work Sample (TWS).
- Satisfactory completion of any required internship, student teaching, and/or practicum courses.
- Students must take courses within a sequence specified by course prerequisite requirements.
- Completion of signature assignments.

- In order to receive an institutional recommendation and/or state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.
- The diploma awarded for this program will read as: Master of Arts in Education Secondary Teacher Education

Academic Progression Requirements for the MAED/TED-S

Candidates must provide verification of the following prior to beginning their student teaching experience. Candidates must provide:

- Immunization or TB test results (District specific)
- Passing scores on the designated state content knowledge exam (elementary content or secondary content area specific)
- Students enrolled at a Utah campus must provide verification of a ‘student teaching license’ and submit a copy of the license prior to the student teaching placement
- Students enrolled at the Utah campus must complete any outstanding credits towards completion of their major/minor as indicated in the admissions requirements prior to student teaching
- Verification of the completion of 100 hours of field experience

Candidates will be required to have the minimum GPA for the program prior to entering the Student Teaching experience.

Minimum Grade Requirements for the MAED/TED-S

- A candidate must earn a grade of "B" (grades of "I" and "B-" are not accepted) or better in the following courses in order to student teach: SEC 598, SEC 599
- Candidates must earn a "B" or better in Student Teaching Part A & B in order to complete this program. Candidates who do not earn a "B" or better will be required to repeat the seminar(s) in which the candidate did not receive the required minimum grade and the related portion of student teaching. The Campus College chair will coordinate with the Cooperating/Mentor Teacher and Faculty Supervisor to design a remediation plan.
- If the candidate does not receive a grade of "B" or better on the second attempt, the candidate will be Scholastically Suspended, permanently withdrawn, from the program.

Residency Requirements and Course Waivers for the MAED/TED-S

Students in this program may waive a maximum of 6 credits from their required course of study.
In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
- The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study.
upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: COM 516, MTE 507, MTE 523, MTE 564, MTE 566, MTE 567, MTE 569, RDG 542, SEC 508, SEC 598, SEC 599, SPE 514

Students who complete the Teach for America Summer Institute are eligible to waive the following courses in the MAED/TED Programs. Candidates must provide verification of completion in order to be eligible for these waivers.

Field Experience for the MAED/TED-S
Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels from ages birth through 18 years of age. The focus of each field experience will relate to specific course content and will follow a structured format. Four formal field experience evaluations are required during the program (observation, one-on-one instruction, small-group instruction, and whole-group instruction). These evaluations must be maintained and reviewed as specified in the handbook/courses. Documentation of field experience will be reviewed by campus staff and faculty prior to student teaching. Candidates must work with their campus to arrange field experience.

Student Teaching for the MAED/TED-S
- Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.
- Candidates must take Student Teaching Part A & B concurrently with the student teaching experience. If a candidate chooses to postpone student teaching, he/she must postpone their enrollment in the student teaching courses.
- Student teachers who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of “F” by their faculty member.
- Student teaching can only be repeated one time.
- Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their two student teaching attempts.
- Candidates who do not successfully complete the second student teaching experience will be removed from the program and are not eligible for re-entry.
- Candidates enrolled in the MAED/TED program must student teach in the subject area in which a passing score was achieved on the content knowledge assessment exam. This is either an elementary (general), middle level (subject specific), or secondary (content specific) setting based on their program specialization.
- Candidates in the MAED/TED program may not student teach in special education.
- MAED/TED candidates, who are currently employed as the teacher of record in a classroom appropriate grade level/content for the certificate they are pursuing (e.g. 4th grade for elementary candidate or 9th grade English for secondary candidate), can ‘student teach’ or ‘validate’ in their current classroom. Students will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students must complete the Student Teaching courses and complete and upload the Teacher Work Sample.
- Students should complete student teaching within twelve (12) months from the completion date of their last required course in the program.
- Students must complete a minimum of 8 credit hours of student teaching, including the completion of a Teacher Work Sample project.

Out of state Student Teaching
Candidates who are unable to complete their student teaching experience at the campus where they began are not guaranteed a placement. Candidates may be able to complete their student teaching through the University of Phoenix Online campus. A select number of states do not participate in the University of Phoenix Teacher Education program. Candidates must contact the Online campus for a list of participating states and procedures for student teaching placement.

- Candidates must enroll in the remaining Student Teaching Seminars through the Online campus while completing their student teaching experience.
- Candidates need to work directly with the Online campus to complete the requirements for verification of placement.

Institutional Recommendation for the MAED/TED-S
- Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for state teaching credential).
- Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.
- Candidates must pass their state-mandated professional knowledge exam.
- Candidates must provide verification of school law, state and U.S. Constitution coursework, as required by the state certification agency.

Re-entry for the MAED/TED-S
Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum and can complete within their original deadline may reenter their original program version. However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved.
Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching,
The Master of Arts in Education/Special Education is a graduate degree program intended to prepare students with no prior teaching experience and successfully complete all courses required by their reentry credit summary. Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter. **Master of Arts in Education/Special Education (Hawaii)**

The following Master of Arts in Education/Special Education (MAED/SPE) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

Special Education is a graduate degree program preparing candidates for teacher licensure in the field of special education. Candidates for this program have already earned a bachelor’s degree and wish to gain the pedagogical skills and knowledge that will assist them in becoming effective special education educators. The program’s curriculum includes orientation to the exceptional child, foundations and methodologies of mild disabilities, diagnosis and assessment of disabilities, structured English immersion, reading and language arts instruction, inclusion strategies, and collaboration and resource management for the special educator. Throughout the program, students are required to complete a minimum of 100 hours of verified field experiences. The focus of each observation will relate to specific course content. Students’ field experiences are designed to prepare them for student teaching. Student teaching is an integral component of the Special Education Program. Student teachers work with a cooperating teacher and with a University of Phoenix faculty advisor during a field-based experience in a cross-categorical special education setting. The student teaching experience is designed to emphasize the achievement of state standards leading to certification and to present individuals with growth opportunities that best prepare them to assume the duties of a certified teacher. The degree program has a research component as well. This component requires an Action Research Project. The project integrates the theoretical aspects of special education and the practical experience of the adult learner through the identification and exploration of a significant problem related to the student’s area of professional responsibilities and interest. For more information about our graduation rates, the median debt qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity. **Program Student Learning Outcomes**

In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and implement effective instruction in the P-12 classroom to produce a positive impact on student learning.
- Students will be able to evaluate effective professional practice in special education.
- Students will be able to apply professional ethics to their instructional practices in special education.
- Students will be able to create and modify instructional and behavioral plans for a variety of learning needs.
- Students will be able to create innovative strategies and incorporate technology in a P-12 classroom setting.

  Students must pass the Essential Academic Skills provided by National Evaluation Systems at the cut scores determined by the national benchmark.

Minimum Grade Requirements for the MAED/SPE
• Candidates must earn a “B” or better in Student Teaching Part A & B in order to complete this program. Candidates who do not earn a “B” or better will be required to repeat the seminar(s) in which the candidate did not receive the required minimum grade and the related portion of student teaching. The Campus College chair will coordinate with the Cooperating/Mentor Teacher and Faculty Supervisor to design a remediation plan.

Degree Completion Requirements for the MAED/SPE
• A minimum of 43 graduate credits in the Required Program Category Preferred Sequence.
• A minimum grade point average (GPA) of 3.0.
• Satisfactory completion and uploading of the Teacher Work Sample (TWS).
• Satisfactory completion of any required internship, student teaching, and/or practicum courses.
• Students must take courses within a sequence specified by course prerequisite requirements.
• Completion of Field Experience Record (100 hours). To ensure students meet this requirement documentation will be periodically uploaded, reviewed, and maintained as specified in the handbook/courses.
• Completion of signature assignments.
• In order to receive an institutional recommendation and/or state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.
• The diploma awarded for this program will read as: Master of Arts in Education Special Education

Academic Progression Requirements for the MAED/SPE
Candidates must provide verification of the following prior to beginning their student teaching experience. Candidates must provide:
• Passing scores on the designated state content knowledge exam.
• Verification of the completion of 100 hours of field experience
• Candidates will be required to have the minimum GPA for the program prior to entering the Student Teaching experience.

Minimum Grade Requirements for the MAED/SPE
• A candidate must earn a grade of “B” (grades of “T” and “B-” are not accepted) or better in the following courses: SPE 594, SPE 595.
• Candidates must earn a “B” or better in Student Teaching Part A & B in order to complete this program. Candidates who do not earn a “B” or better will be required to repeat the seminar(s) in which the candidate did not receive the required minimum grade and the related portion of student teaching. The Campus College chair will coordinate with the Cooperating/Mentor Teacher and Faculty Supervisor to design a remediation plan.
• Candidates must earn a “B” or better in Student Teaching Part A & B in order to complete the MAED/SPE program. Candidates who do not earn a “B” or better will be required to repeat the seminars and student teaching.
• If the candidate does not receive a grade of “B” or better on the second attempt, the candidate will be Scholastically Suspended, permanently withdrawn, from the program.

**Institutional Recommendation for the MAED/SPE**

• Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for state teaching credential).
• Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates' records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.
• Candidates must pass their state-mandated professional knowledge exam.
• Candidates must provide verification of state and U.S. Constitution coursework as required by the state certification agency.
• Online students may submit a passing score on a comparable professional knowledge examination from another state or agency taken within the past 7 years.

**Residency Requirements and Course Waivers for the MAED/SPE**

Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

• The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
• The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: COM 516, MTE 507, RDG 570, SPE 546, SPE 559, SPE 575, SPE 578, SPE 594, SPE 595

Students who complete the Teach for America Summer Institute are eligible to waive the following courses in the MAED/TED Programs. Candidates must provide verification of completion in order to be eligible for these waivers.

**Field Experience for the MAED/SPE**

Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels from ages birth through 18 years of age. The focus of each field experience will relate to specific course content and will follow a structured format. Four formal field experience evaluations are required during the program (observation, one-on-one instruction, small-group instruction, and whole-group instruction). These evaluations must be maintained and reviewed as specified in the handbook/courses. Documentation of field experience will be reviewed by campus staff and faculty prior to student teaching. Candidates must work with their campus to arrange field experience.

**Student Teaching for the MAED/SPE**

Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.

• Candidates must take Student Teaching Part A & B concurrently with the student teaching experience. If a candidate chooses to postpone student teaching, he/she must postpone their enrollment in the student teaching courses.
• Candidates must earn a “B” or better in Student Teaching Seminar A in order to progress to Seminar B and the remainder of the student teaching experience. Candidates who do not earn a “B” or better will be required to repeat the seminar and student teaching.
• Student teachers who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of “F” by their faculty member.
• Student teaching can only be repeated one time.
• Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their two student teaching attempts.
• Candidates who do not successfully complete the second student teaching experience will be removed from the program and are not eligible for re-entry.
• Candidates enrolled in the MAED/SPE program must student teach in the appropriate cross-categorical special education student teaching setting.
• Students who are already teaching in an appropriate K-12 cross-categorical special education environment will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students in the MAED/SPE program must be currently teaching in a K-12 cross-categorical special education setting that meets their state requirements for student teaching.
• Students should complete student teaching within twelve (12) months from the completion date of their last required course in the program.
• Students must complete a minimum of 8 credit hours of student teaching, including the completion of a Teacher Work Sample project.

Candidates who are unable to complete their student teaching experience at the campus where they began are not guaranteed a placement. Candidates may be able to complete their student teaching through the University of Phoenix Online campus. A select number of states do not participate in the University of Phoe-
The following Master of Arts in Education/Special Education (MAED/SPE) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states.

Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Arts in Education (MAED) with a specialization in Special Education is a graduate degree program preparing candidates for teacher licensure in the field of special education. Candidates for this program have already earned a bachelor’s degree and wish to gain the pedagogical skills and knowledge that will assist them in becoming effective special education educators. The program’s curriculum includes orientation to the exceptional child, foundations and methodologies of mild disabilities, diagnosis and assessment of disabilities, structured English immersion, reading and language arts instruction, inclusion strategies, and collaboration and resource management for the special educator. Throughout the program, students are required to complete a minimum of 100 hours of verified field experiences. The focus of each observation will relate to specific course content. Documentation will be maintained and reviewed as specified in the handbook/courses.

Students’ field experiences are designed to prepare them for student teaching. Student teaching is an integral component of the Special Education Program. Student teachers work with a cooperating teacher and with a University of Phoenix faculty advisor during a field-based experience in a cross-categorical special education setting. The student teaching experience is designed to emphasize the achievement of state standards leading to certification and to present individuals with growth opportunities that best prepare them to assume the duties of a certified teacher. The degree program has a research component as well. This component requires an Action Research Project. The project integrates the theoretical aspects of special education and the practical experience of the adult learner through the identification and exploration of a significant problem related to the student’s area of professional responsibilities and interest.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/maed-spe.

Program Purpose

The Master of Arts in Education/Special Education is a graduate degree program intended to prepare students with no prior teaching experience for initial teacher licensure. The program is designed for students who want to become special education teachers. Candidates for this program have already earned a bachelor’s degree. The program includes a clinical component requiring field experiences and student teaching above and beyond program coursework. As licensure requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed teacher. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and implement effective instruction in the P-12 classroom to produce a positive impact on student learning.
- Students will be able to evaluate effective professional practice in special education.
- Students will be able to apply professional ethics to their instructional practices in special education.
- Students will be able to create and modify instructional and behavioral plans for a variety of learning needs.
- Students will be able to create innovative strategies and incorporate technology in a P-12 classroom setting.

Additional Admission Requirements for the MAED/SPE

All applicants are expected to meet the following admissions requirements:

- A cumulative grade point average (GPA) of 3.0 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.

- Students enrolled in this program must have an undergraduate degree from a regionally accredited college or university or equivalent undergraduate degree earned at a recognized foreign institution.

- Students using foreign credentials when enrolling in a program leading to initial teacher certification/licensure must use a foreign credential evaluation service that is on both the approved University of Phoenix evaluation agency list and the state regulating board list of approved agencies, for the particular state in which the student is attending, to verify degree completion and equivalency to a United States undergraduate degree. Students attending the Online campus should abide by the regulations of the state in which they reside. In-house evaluations cannot be completed for programs leading to initial teacher certification.

- All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

- Effective for Enrollment Agreements signed 4/1/2016 or later, demonstration of basic skills proficiency

Students who reside in a state that does not have a basic skills exam have three options for completing this requirement.

Students must pass the Praxis I exam at the cut score determined by the College of Education.

* Reading 169
* Writing 172
* Math 170

Students must pass the Essential Academic Skills provided by National Evaluation Systems at the cut scores determined by the national benchmark.

* Essential Academic Skills Subtest I: Reading - 220
* Essential Academic Skills Subtest II: Writing - 220
* Essential Academic Skills Subtest III: Mathematics - 220
* Essential Academic Skills Subtest IV: Technology Literacy - 220

Core Academic Skills for Educators (Core)

* Core Academic Skills for Educators: Reading 156
* Core Academic Skills for Educators: Writing - 162
* Core Academic Skills for Educators: Mathematics - 150

- Effective for Enrollment Agreements signed 4/1/2016 or later, verification of fingerprint clearance

Candidacy Status for the MAED/SPE

The College of Education has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling.

- Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.

- Level 2 Candidate Status is completed prior to the completion of 12 semester credits of the program. To meet the Candidate Status Level 2 requirements, the following items must be completed. Evidence that these requirements have been met must be entered in IS3 and the student’s eXp file.

- Students enrolled in this program must provide one of the following verifications prior to the completion of 12 semester credits in the program:

  - The candidate provides evidence of having passed the appropriate UT Board-approved subject matter exam (ie. Praxis II).

  - The candidate provides evidence of having attempted the appropriate UT Board-approved subject matter exam.
Courses Waived

• Satisfactory completion and uploading of the Teacher Work Sample signed prior to 4/1/2016
• A minimum grade point average (GPA) of 3.0.

Degree Completion Requirements for the MAED/SPE

• Demonstration of basic skills proficiency
• In order to receive an institutional recommendation and/or state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.
• The diploma awarded for this program will read as: Master of Arts in Education Special Education

Academic Progression Requirements for the MAED/SPE

Candidates must provide verification of the following prior to beginning their student teaching experience. Candidates must provide:
• Immunization or TB test results (District specific)
• Verification of content knowledge mastery prior to student teaching (PRAXIS content exam)
• Students enrolled at a Utah campus must provide verification of "student teaching license" and submit a copy of the license prior to the student teaching placement.
• Verification of the completion of 100 hours of field experience

Minimum Grade Requirements for the MAED/SPE

• A candidate must earn a grade of "B" (grades of "I" and "B-" are not accepted) or better in the following courses: SPE 594, SPE 595

Institutional Recommendation for the MAED/SPE

• Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for state teaching credential).
• Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.
• Candidates must pass their state-mandated professional knowledge exam.
• Candidates must provide verification of state and U.S. Constitution coursework as required by the state certification agency.

Residency Requirements and Course Waivers for the MAED/SPE

Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
• The course must have been completed at a regionally accredited college or university.
• The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: COM 516, MTE 507, SPE 546, SPE 594, SPE 595

Students who complete the Teach for America Summer Institute are eligible to waive the following courses in the MAED/TED Programs. Candidates must provide verification of completion in order to be eligible for these waivers.

Field Experience for the MAED/SPE

Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels from ages birth through 18 years of age. The focus of each field experience will relate to specific course content and will follow a structured format. Four formal field experience evaluations are
required during the program (observation, one-on-one instruction, small-group instruction, and whole-group instruction). These evaluations must be maintained and reviewed as specified in the handbook/courses. Documentation of field experience will be reviewed by campus staff and faculty prior to student teaching. Candidates must work with their campus to arrange field experience.

Student Teaching for the MAED/SPE

- Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.
- Candidates must take Student Teaching Part A & B concurrently with the student teaching experience. If a candidate chooses to postpone student teaching, he/she must postpone their enrollment in the student teaching courses.
- Student teachers who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of “F” by their faculty member.
- Student teaching can only be repeated one time.
- Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their two student teaching attempts.
- Candidates who do not successfully complete the second student teaching experience will be removed from the program and are not eligible for re-entry.
- Candidates enrolled in the MAED/SPE program must student teach in the appropriate cross-categorical special education student teaching setting.
- Students who are already teaching in an appropriate K-12 cross-categorical special education environment will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students in the MAED/SPE program must be currently teaching in a K-12 cross-categorical special education setting that meets their state requirements for student teaching.
- Students should complete student teaching within twelve (12) months from the completion date of their last required course in the program.
- Students must complete a minimum of 8 credit hours of student teaching, including the completion of a Teacher Work Sample project.

Re-entry for the MAED/SPE

Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum and can complete within their original deadline may reenter their original program version. However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship or practicum in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved.

Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

Master of Arts in Education/Special Education

The following Master of Arts in Education/Special Education (MAED/SPE) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. Georgia residents attending Online and Local Campus students with enrollment agreements signed 3/1/2015 or thereafter seeking a Georgia certificate:

Additional Candidacy Level II Requirements:
- Obtain a Georgia Pre-service Certificate. The steps to qualify for this certificate include:
  - Completion of GACE Educator Ethics Assessment-Program Entry Assessment (350)
  - Signed Pre-service certification application
  - Signed and notarized Verification of Lawful Presence (VLP) Affidavit
  - Completed Background Check Form

Students must be admitted and meet Level 1 Candidate Status prior to being reviewed for Level 2 Candidate Status.

Degree Completion Requirements for the MAED/SPE
- Completion of a minimum of 46 credits. All but six (6) credits of the major course of study must be completed at the University to meet residency requirements.
- A minimum grade point average (GPA) of 3.0.
- Satisfactory completion and uploading of the Teacher Work Sample (TWS).
- Satisfactory completion of any required internship, student teaching, and/or practicum courses.
- Students must take courses within a sequence specified by course prerequisite requirements.
- Completion of Field Experience Record (100 hours). To ensure students meet this requirement documentation will be periodically uploaded, reviewed, and maintained as specified in the handbook/courses.
- Completion of signature assignments.
- In order to receive an institutional recommendation and/or state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.
- Georgia residents attending Online and Local Campus students who complete field experience, student teaching, and apply for state certification 9/1/2015 or thereafter must complete:
  - Teacher Performance Assessment
  - GACE Educator Ethics Exit Exam (360)
  - The diploma awarded for this program will read as: Master of Arts in Education Special Education

Academic Progression Requirements for the MAED/SPE
Candidates must provide verification of the following prior to beginning their student teaching experience. Candidates must provide:
- Immunization or TB test results (District specific)
- Passing scores on the designated state content knowledge exam.
- Verification of the completion of 100 hours of field experience

Candidates will be required to have the minimum GPA for the program prior to entering the Student Teaching experience.

Minimum Grade Requirements for the MAED/SPE
- A candidate must earn a grade of "B" (grades of "I" and "B-") are not accepted) or better in the following courses: SPE 594, SPE 595. Georgia and Illinois students only: SPE 596.
- Candidates must earn a "B" or better in Student Teaching Part A & B in order to complete this program. Candidates who do not earn a "B" or better will be required to repeat the seminar(s) in which the candidate did not receive the required minimum grade and the related portion of student teaching. The Campus College chair will coordinate with the Cooperating/Mentor Teacher and Faculty Supervisor to design a remediation plan.
- Candidates must earn a "B" or better in Student Teaching Part A & B in order to complete the MAED/SPE program. Candidates who do not earn a "B" or better will be required to repeat the seminars and student teaching.
- If the candidate does not receive a grade of "B" or better on the second attempt, the candidate will be Scholastically Suspended, permanently withdrawn, from the program.

Institutional Recommendation for the MAED/SPE
- Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for state teaching credential).
- Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.
- Candidates must pass their state-mandated professional knowledge exam.
- Candidates must provide verification of state and U.S. Constitution coursework as required by the state certification agency.

Residency Requirements and Course Waivers for the MAED/SPE

Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
- The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e., graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: COM 516, MTE 507, RDG 570, SPE 578, SPE 594, SPE 595, SPE 584, MTH 575, SPE 576. Georgia and Illinois students only: COM 516, MTE 507, RDG 570, SPE 578, SPE 584, MTH 575, SPE 576, SPE 596.

Arizona residents may waive SEI 500 and/or SEI 503 with an Arizona Department of Education approved SEI course (institution of higher education or approved district workshop) OR verification of one of the following endorsements:
- Arizona Provisional SEI Endorsement (SEI 500)
- Arizona Full SEI Endorsement (SEI 500 and SEI 503)
- Arizona English as a Second Language Endorsement
- Arizona Bilingual Endorsement

Approved SEI courses/workshops can be found at: https://www.ade.az.gov/oelas/.

Students who complete the Teach for America Summer Institute are eligible to waive the following course in the MAED/SPE Program. Candidates must provide verification of completion in order to be eligible for these waivers.

Candidates who have completed Post-Baccalaureate Teacher Certification program (Post-Bacc) from Rio Salado Community College are eligible to apply completed coursework from the Post-Bacc program to fulfill requirements within this program. Course waivers will only be granted to students who have completed the Post-Bacc program in its entirety. Single courses from the Post-Bacc program will not be approved.

Students who waive courses using the Post-Bacc Course Waiver Policy may exceed the maximum waiver limit for their program and will be eligible to waive select non-waivable courses as outlined on the Post-Bacc Teacher Certification Course Waiver Form. Following application of the Post-Bacc course waivers, candidates will fulfill Candidacy 2 and all academic progression requirements. Candidates will not be required to complete and/or provide the following:
- Fingerprint clearance
- Basic Skills proficiency
- Completion and uploading of the Teacher Work Sample (TWS)
- Satisfactory completion of any required internship, student teaching, and/or practicum courses.

Completion of Field Experience Record (100 hours). To ensure student’s meet this requirement documentation will be periodically uploaded, reviewed, and maintained as specified in the handbook/courses.

Only students who have completed the Post-Bacc in Special Education will be eligible for waivers for the MAED/SPE.

Field Experience for the MAED/SPE

Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels from ages birth through 18 years of age. The focus of each field experience will relate to specific course content and will follow a structured format. Four formal field experience evaluations are required during the program (observation, one-on-one instruction, small-group instruction, and whole-group instruction). These evaluations must be maintained and reviewed as specified in the handbook/courses. Documentation of field experience will be reviewed by campus staff and faculty prior to student teaching. Candidates must work with their campus to arrange field experience.

Student Teaching for the MAED/SPE

Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.

- Candidates must take Student Teaching Part A & B concurrently with the student teaching experience. If a candidate chooses to postpone student teaching, he/she must postpone their enrollment in the student teaching courses.
- Candidates must earn a “B” or better in Student Teaching Seminar A in order to progress to Seminar B and the remainder of the student teaching experience. Candidates who do not earn a “B” or better will be required to repeat the seminar and student teaching.
- Student teachers who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of “F” by their faculty member.
- Student teaching can only be repeated one time.
- Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their two student teaching attempts.
- Candidates who do not successfully complete the second student teaching experience will be removed from the program and are not eligible for re-entry.
- Candidates enrolled in the MAED/SPE program must student teach in the appropriate mild-moderate special education student teaching setting.
- Students who are already teaching in an appropriate K-12 mild-moderate special education environment will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students in the MAED/SPE program must be currently teaching in a K-12 mild-moderate special education setting that meets their state requirements for student teaching.
- Students should complete student teaching within twelve (12) months from the completion date of their last required course in the program.
Students must complete a minimum of 8 credit hours of student teaching, including the completion of a Teacher Work Sample project.

Candidates who are unable to complete their student teaching experience at the campus where they began are not guaranteed a placement. Candidates may be able to complete their student teaching through the University of Phoenix Online campus. A select number of states do not participate in the University of Phoenix Special Education program. Candidates must contact the online campus for a list of participating states and procedures for student teaching placement.

Candidates must enroll in the remaining Student Teaching Seminars through the Online campus while completing their student teaching experience.

Candidates need to work directly with the Online campus to complete the requirements for verification of placement.

**Arizona Teaching Intern Certificate Program**

The requirements for initial issuance of the teaching intern certificate are:

- A Bachelor’s degree or higher from an accredited institution
- A passing score on one or more subject knowledge portions of the Arizona Teacher Proficiency Assessment that corresponds to the applicant’s teaching assignment(s)
- Completion of the requirements for a Provisional Structured English Immersion endorsement as prescribed in R7-2-613(J)
- A valid fingerprint clearance card issued by the Arizona Department of Public Safety

**Re-entry for the MAED/SPE**

Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum and can complete within their original deadline may reenter their original program version. However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved.

Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

**Master of Arts in Education/Educational Studies**

The following Master of Arts in Education/Educational Studies (MAED/ES) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Arts in Education/Educational Studies (MAED/ES) degree is a non-teaching degree designed to facilitate the development of professional knowledge, skills and understanding of the teaching and learning process. The program provides students with information across a variety of education topics with an emphasis in the field of education.

**Note:** Students enrolled in this degree program are ineligible to receive Federal Student Financial Aid.

**Program Purpose**

The Master of Arts in Education/Educational Studies is a graduate degree program intended for students who have completed all coursework from a UOPX initial licensure program with the exception of both student teaching courses. The program does not prepare students for any type of professional certification or state licensure as a teacher. It is only intended as a degree completion option.

**Program Category Requirements for the MAED/ES**

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1). Students must select one course from each Elective category selection below to complete the 6 credit requirement:

**Elective One, 3 total credits**

AET 500 ....................................................................................3 credits

Foundations of Adult Learning Theory

AET 552 ....................................................................................3 credits

Marketing Adult Education

AET 560 ....................................................................................3 credits

Facilitating Change

AET 562 ....................................................................................3 credits

Social Media for Professional Learning

**Elective Two, 3 total credits**

CUR 520 ....................................................................................3 credits

Advocating for Learning

CUR 525 ....................................................................................3 credits

Ethical Issues in Education

CUR 550 ....................................................................................3 credits

Engaging in Communities of Practice

CUR 555 ....................................................................................3 credits

Professional Learning for Continuous Improvement

The University reserves the right to modify the Program Requirements.

**Additional Admission Requirements for the MAED/ES**

Applicants are expected to meet all admissions requirements:
• Applicants enrolling in this program must meet all admission requirements from their University of Phoenix previous pre-licensure program.

• The University of Phoenix previous pre-licensure programs eligible for admission to the MAED/ES are the following: MAED/TED-E, MAED/TEDEE, MAED/TEDEM, MAED/TEDMS, MAED/TEDMG, MAED/TEDSM, MAED/TEDSS, MAED/TED-S, MAED/SPE, MAED/ECH. Note: Some restrictions apply to the MAED/ECH program. Please contact your campus representative for more information.

• Applicants to this program must have completed all coursework from their University of Phoenix previous pre-licensure program with the exception of both Student Teaching courses.

• Students will be eligible for admission to the MAED/ES program provided that the Enrollment Agreement sign date for the previous pre-licensure program is no more than six and a half (6.5) years in the past. Applicants must be able to complete all requirements of the degree within 7 years of the Enrollment Agreement sign date of the previous pre-licensure program.

Degree Completion Requirements for the MAED/ES

• Completion of a minimum of 32 credits to earn a university degree.

• Completion of two (2) MAED/ES Elective courses in addition to all completed coursework from the previous pre-licensure program, with the exception of student teaching.

• A minimum grade point average (GPA) of 3.0.

• MAED/ES graduates will not be permitted to return to complete student teaching and receive a degree in any previous pre-licensure program at the University.

• The diploma awarded for this program will read as: Master of Arts in Education/Educational Studies.

Residency Requirement for the MAED/ES

Students must meet the established University residency requirement for degree conferral. The University requires that all six (6) Elective credits must be completed in order to meet residency. Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

Re-entry for the MAED/ES

Re-entry students completing a program change from one of the following UOPX pre-licensure programs to the MAED/ES program will be required to complete all paperwork required by the University Re-entry policy.

MAED/TED-E
MAED/TEDEE
MAED/TEDEM
MAED/TEDMS
MAED/TEDMG
MAED/TEDMM
MAED/TEDSM
MAED/TEDSS
MAED/TED-S
MAED/SPE
MAED/ECH

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Select programs may have additional re-entry requirements/resstrictions. Re-entry students should consult their Academic Advisor for guidance.

Master of Arts in Education/Curriculum and Instruction

The following Master of Arts in Education/Curriculum and Instruction (MAED/CI) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Arts in Education program with a specialization in Curriculum and Instruction is intended to afford P-12 educators the opportunity to enhance their curriculum, instruction, and leadership repertoire by expanding their knowledge of assessment, instructional strategies, integration of technology, professional development, data-driven decision making, and mentoring and coaching. Educators will develop teacher leadership skills by exploring the latest research, trends, and strategies. Graduates will be able to effectively collaborate with all stakeholders and serve their students, colleagues, and communities as ethical leaders committed to excellence.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/maed-ci.

Program Purpose

The Master of Arts in Education/Curriculum and Instruction is a graduate degree program intended to provide educators with advanced knowledge and skills in curriculum and instruction. The program does not prepare students for any type of professional certification or state licensure as a teacher. It is only intended as an advanced degree.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program:

• Students will be able to synthesize multiple theories of curriculum and instruction to design effective professional development opportunities.

• Students will be able to analyze assessment data to make informed decisions for continuous improvement of instructional programs.
Students will be able to create innovative strategies and incorporate technology to enhance student learning in the classroom setting.

**MAED/CI Required Course of Study**

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

- **Professional Communications**
  - CUR 505................................................................. 3 credits
- **Social and Global Perspectives of Teacher Leadership**
  - CUR 506........................................................................ 3 credits
- **Theories and Best Practices of Curriculum and Instruction**
  - CUR 515 ~ ................................................................. 3 credits
- **Critical Thinking and Innovative Skills**
  - CUR 520.......................................................................... 3 credits
- **Advocating for Learning**
  - CUR 525.......................................................................... 3 credits
- **Ethical Issues in Education**
  - CUR 530 ~ ................................................................. 3 credits

- **Engaging in Communities of Practice**
  - CUR 555.......................................................................... 3 credits
- **Professional Learning for Continuous Improvement**

The University reserves the right to modify the required course of study.

**Additional Admission Requirements for the MAED/CI**

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework toward the degree must have been completed while the institution was accredited or during the candidacy period.
- All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

**Degree Completion Requirements for the MAED/CI**

- The completion of a minimum of 35 credits.
- A minimum grade point average (GPA) of 3.0.
- The diploma awarded for this program will read as:
  - Master of Arts in Education
  - Curriculum and Instruction

**Residency Requirements and Course Waivers for the MAED/CI**

The University requires that the majority of coursework in the Required Course of Study be completed through the University. Also known as the residency requirement, the University requires completion of a minimum of 29 graduate level credits at the University.

Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or a foreign institution recognized/authorized by the country’s Ministry of Education.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date and have a grade of “B” (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization. Students in the MAED/CI who waive courses using an approved certification may exceed the maximum waiver limit for their program.

The following courses in the Required Course of Study may not be waived:

**Program** | **Courses Waived**
--- | ---
MAED/TED-E | COM 516 (1 credit)
| CUR 530 (3 credits)
| CUR 535 (4 credits)
| CUR 550 (3 credits)
MAED/TED-S | COM 516 (1 credit)
| CUR 530 (3 credits)
| CUR 535 (4 credits)
| CUR 550 (3 credits)

Any resident in the state of California who can show verification of the completion of the CTEL (California Teachers of English Learners) requirement may waive the following 6 credits upon admission to the MAED/CI program: CUR 506, CUR 530

Any resident in the state of California who can show verification of the completion of the BTSA (Beginning Teacher Support and Assessment Induction) requirement may exceed the 6 credit waiver maximum and waive up to 13 credits upon admission to the MAED/CI program: CUR 506, CUR 530, CUR 535, CUR 550

Candidates who have completed Post-Baccalaureate Teacher Certification program (Post-Bacc) from Rio Salado Community College are eligible to apply completed coursework from the Post-Bacc program to fulfill requirements within this program. Course waivers...
will only be granted to students who have completed the Post-Bacc program in its entirety. Single courses from the Post-Bacc program will not be approved.

Students who waive courses using the Post-Bacc Course Waiver Policy may exceed the maximum waiver limit for their program and will be eligible to waive select non-waivable courses as outlined on the Post-Bacc Teacher Certification Course Waiver Form. Following application of the Post-Bacc course waivers, candidates will fulfill Candidacy 2 and all academic progression requirements. Candidates will not be required to complete and/or provide the following:

- Fingerprint clearance
- Basic Skills proficiency
- Completion and uploading of the Teacher Work Sample (TWS)
- Satisfactory completion of any required internship, student teaching, and/or practicum courses.
- Completion of Field Experience Record (100 hours). To ensure student’s meet this requirement documentation will be periodically uploaded, reviewed, and maintained as specified in the handbook/courses.

Re-entry for the MAED/CI

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Master of Arts in Education/Administration and Supervision (Florida)

The following Master of Arts in Education/Administration and Supervision (MAED/ADM) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Arts in Education/Administration and Supervision program prepares candidates for principal licensure. The standards-based program is designed to provide principal candidates with the knowledge, skills, and dispositions necessary to be successful school leaders who can apply theory to practice. The program encompasses instructional leadership, organizational management, technology management, and data-driven decision-making. An administrative internship is an integral component of the program, providing candidates with a field-based experience in the various aspects of school administration and supervision. For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/maed-adm.

Program Purpose

The Master of Arts in Education/Administration and Supervision is a graduate degree program intended to prepare candidates for K-12 school principal licensure. Candidates for this program have already earned a bachelor’s degree. The program includes a clinical component requiring field experiences and an administrative internship above and beyond program coursework. As licensure requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed school principal. There may be additional qualifications and/or disqualifications applicable in order to work as a principal with any local, state or federal entity.

MAED/ADM Required Course of Study

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Professional Learning for Continuous Improvement

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the MAEd/ADM

All applicants are expected to meet the following admission requirements:

• Students enrolled in this program must have an undergraduate degree from a regionally accredited college or university or equivalent undergraduate degree earned at a recognized foreign institution.

• A minimum equivalent of thirty (3) years post-high school work experience including eighteen (18) months of instructional experience in a P-12 setting.
  • The teaching or instructional experience must be as a contracted teacher in either a traditional or year-round public or private school.
  • Teaching experience is defined as stand-up teaching or facilitation with a pre-school (P)-12 school-age population.

The following constitutes teaching experience:

Verifiable (contracted) P-12 instructional classroom experience - 40 hours per week.

• All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

Degree Completion Requirements for the MAEd/ADM

• Completion of a minimum of 38 credits.
• A minimum grade point average (GPA) of 3.0.
• Completion of signature assignments.
• Completion of Field Experience Record.
• Satisfactory completion of any required internship and/or practicum courses with a grade of "B" or better.
• Students must take courses within a sequence specified by course prerequisite requirements.
• The diploma awarded for this program will read as: Master of Arts in Education Administration and Supervision

Minimum Grade Requirement for the MAED/ADM

• A candidate must earn a grade of “B” (3.0) or better in the following practicum/internship courses, grades of “B-” are not accepted: ADMIN 591A, ADMIN 591B and ADMIN 591C.

Students who earn less than a grade of “B” (3.0) in any of these courses must repeat the course in order to continue in their one credit administrative practicum/internship courses.

• Candidates who earn less than a grade of “B” (3.0) in any of these courses must complete a remediation plan and repeat the course.

• If the candidate does not receive a grade of “B” (3.0) or better on the second attempt, the candidate will be, scholastically suspended, permanently withdrawn from program.

Residency Requirements and Course Waivers for the MAED/ADM

The University requires that the majority of coursework in the Required Course of Study be completed through the University. Also known as the residency requirement, the University requires completion of a minimum of 32 graduate level credits at the University.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

• The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
• The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive undergraduate coursework).
• Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: ADMIN 591A, ADMIN 591B, ADMIN 591C, COM 516, EDD 581.

The School of Advanced Studies offers a bridge opportunity for master’s degree students who are interested in taking doctoral courses as part of the master’s degree program. The Doctoral Bridge gives students the option to complete doctoral level coursework during a master’s program. The Doctoral Bridge allows a master’s degree student to substitute up to two graduate level courses with designated doctoral level courses. Upon admission to the selected doctoral program, students are eligible to satisfy a required course(s) within the doctoral program.

• Students must earn a B- or better in the doctoral level courses in order to apply them towards the doctoral program.
• Student schedules may need to be adjusted, or student will need to overlap courses since doctoral courses are eight weeks in length. Students should speak with their academic/finance advisor for further information.

Institutional Recommendation for the MAED/ADM

• Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for principal certification).
• Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.
• Candidates must pass their state-mandated administrator exam, if required.
Internship Policies for MAED/ADM

- The Administrative Internship is a minimum 240-hour placement. Each campus establishes operational policies related to placement and completion of the internship. Candidates must follow the guidelines in place at their campus.
- Candidates must take the internship courses concurrently with the internship experience. If a candidate chooses to postpone the internship, he/she must postpone their enrollment in the internship courses.
- Candidates must pass each Administrative Internship course with a grade of "B" or better in order to avoid Scholastic Disqualification.
- Candidates who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of "F" by their faculty member.

Field Experience for MAED/ADM

Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 30-40 hours of verified field experiences. The focus of each field experience will relate to specific course content and will follow a structured format. Documentation of field experience must be maintained and reviewed as specified in the handbook/courses and will be reviewed by campus staff and faculty. Candidates must work with their campus to arrange field experience.

Re-entry for the MAED/ADM

Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum and can complete within their original deadline may reenter their original program version. However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved. Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

The following Master of Arts in Education/Elementary Teacher Education (MAED/TED-E) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Master of Arts in Education/Elementary Teacher Education (MAED/TED-E) is a graduate degree program preparing candidates for teacher licensure. The guiding philosophy of the MAED/TED-E program is to provide the adult student, who already has a degree in a discipline other than education, with the skills and knowledge that will allow them to become a competent and effective educator. This program focuses on elementary student learning by improving the educator’s responsibility for that learning. Student teaching is an integral component of the Teacher Education Program. It provides students with a field-based experience at the appropriate grade and content level. Student teachers work with a cooperating teacher from a school site and with a University of Phoenix faculty advisor. The student teaching experience is designed to emphasize the achievement of state standards leading to certification and to present individuals with growth opportunities that best prepare them to assume the duties of a certified classroom teacher. Throughout the program, students are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels. The focus of each observation will relate to specific course content.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/maed-ted-e.

Program Purpose

The Master of Arts in Education/Elementary Teacher Education is a graduate degree program intended to prepare students with no prior teaching experience for initial teacher licensure. The program is designed for students who want to become elementary school teachers. Candidates for this program have already earned a bachelor’s degree. The program includes a clinical component requiring field experiences and student teaching above and beyond program coursework. As licensure requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed teacher. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and implement effective instruction in the elementary classroom to produce a positive impact on student learning.
- Students will be able to evaluate effective professional practice in elementary education.
- Students will be able to apply professional ethics to their instructional practices in elementary education.
- Students will be able to evaluate learning principles to differentiate instruction to meet the needs of diverse elementary student populations.
- Students will be able to create innovative strategies and incorporate technology in an elementary classroom setting.

Additional Admission Requirements for the MAED/TED-E
All applicants are expected to meet the following admissions requirements:
• Students enrolled in this program must have an undergraduate degree from a regionally accredited college or university or equivalent undergraduate degree earned at a recognized foreign institution.

• Students using foreign credentials when enrolling in a program leading to initial teacher certification/licensure must use a foreign credential evaluation service that is on both the approved University of Phoenix evaluation agency list and the state regulating board list of approved agencies, for the particular state in which the student is attending, to verify degree completion and equivalency to a United States undergraduate degree. Students attending the Online campus should abide by the regulations of the state in which they reside. In-house evaluations cannot be completed for programs leading to initial teacher certification.
• All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

Candidacy Status for the MAED/TED-E
The College of Education has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling.
• Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.
• Level 2 Candidate Status is completed prior to the completion of 12 semester credits of the program. To meet the Candidate Status Level 2 requirements, the following items must be completed. Evidence that these requirements have been met must be entered in IS3 and the student's eXp file.
• 1. Demonstration of basic skills proficiency
• 2. Verification of fingerprint clearance

Students must be admitted and meet Level 1 Candidate Status prior to being reviewed for Level 2 Candidate Status.

Degree Completion Requirements for the MAED/TED-E
• Completion of a minimum of 44 credits.
• A minimum grade point average (GPA) of 3.0.
• Satisfactory completion and uploading of the Teacher Work Sample (TWS).
• Satisfactory completion of any required internship, student teaching, and/or practicum courses.
• Students must take courses within a sequence specified by course prerequisite requirements.
• Completion of Field Experience Record (100 hours). To ensure student’s meet this requirement documentation will be periodically uploaded, reviewed, and maintained as specified in the handbook/courses.
• Completion of signature assignments.
• In order to receive an institutional recommendation and/or state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.
• The diploma awarded for this program will read as: Master of Arts in Education Elementary Teacher Education

Academic Progression Requirements for the MAED/TED-E
Candidates must provide verification of the following prior to beginning their student teaching experience. Candidates must provide:
• Immunization or TB test results (District specific)
Courses Waived

• The course must have been completed at a regionally accredited, Higher Learning Commission-accredited institution, and the course resides under a specific level of certification. Candidates are eligible to waive the following course in the MAED/TED Program.

Minimum Grade Requirements for the MAED/TED-E
• A candidate must earn a grade of “B” (grades of “I” and “B-” are not accepted) or better in the following courses in order to student teach: ELM 598 and ELM 599.
• Candidates must earn a “B” or better in Student Teaching Part A & B in order to complete this program. Candidates who do not earn a “B” or better will be required to repeat the seminar(s) in which the candidate did not receive the required minimum grade and the related portion of student teaching. The Campus Department Chair will coordinate with the Cooperating/Mentor Teacher and Faculty Supervisor to design a remediation plan.
• If the candidate does not receive a grade of “B” or better on the second attempt, the candidate will be Scholastically Suspended, permanently withdrawn, from the program.

Institutional Recommendation for the MAED/TED-E
• Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for state teaching credential).
• Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.
• Candidates must pass their state-mandated professional knowledge exam.
• Candidates must provide verification of school law, state and U.S. Constitution coursework, as required by the state certification agency.

Residency Requirements and Course Waivers for the MAED/TED-E

Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
• The course must have been completed at a regionally accredited, Higher Learning Commission-accredited institution, and the course resides under a specific level of certification. Candidates are eligible to waive the following course in the MAED/TED Program.
• The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request. Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: COM 516, ELM 598, ELM 599, MTE 507, MTE 518, MTE 522, MTE 533, RDG 537, SPE 514

Students who complete the Teach for America Summer Institute are eligible to waive the following course in the MAED/TED Programs. Candidates must provide verification of completion in order to be eligible for these waivers.

Field Experience for the MAED/TED-E

Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels from ages birth through 18 years of age. The focus of each field experience will relate to specific course content and will follow a structured format. Four formal field experience evaluations are required during the program (observation, one-on-one instruction, small-group instruction, and whole-group instruction). These evaluations must be maintained and reviewed as specified in the handbook/courses. Documentation of field experience will be reviewed by campus staff and faculty prior to student teaching. Candidates must work with their campus to arrange field experience.

Student Teaching for the MAED/TED-E

1. Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.
• Candidates must take Student Teaching Part A & B concurrently with the student teaching experience. If a candidate chooses to postpone student teaching, he/she must postpone their enrollment in the student teaching courses.
• Student teachers who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of “F” by their faculty member.
• Student teaching can only be repeated one time.
• Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their two student teaching attempts.
• Candidates who do not successfully complete the second student teaching experience will be removed from the program and are not eligible for re-entry.
• Candidates enrolled in the MAED/TED program must student teach in the subject area in which a passing score was achieved on the content knowledge assessment exam. This is either an elementary (general), middle level (subject specific), or secondary (content specific) setting based on their program specialization.
• Candidates in the MAED/TED program may not student teach in special education.
• MAED/TED candidates, who are currently employed as the teacher of record in a classroom appropriate grade level/content for the certificate they are pursuing (e.g. 4th grade for elementary candidate or 9th grade English for secondary candidate), can 'student teach' or 'validate' in their current classroom. Students will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students must complete the Student Teaching courses and complete and upload the Teacher Work Sample.

• Students should complete student teaching within twelve (12) months from the completion date of their last required course in the program.

• Students must complete a minimum of 8 credit hours of student teaching, including the completion of a Teacher Work Sample project.

Candidates who are unable to complete their student teaching experience at the campus where they began are not guaranteed a placement. Candidates may be able to complete their student teaching through the University of Phoenix Online campus. A select number of states do not participate in the University of Phoenix Teacher Education program. Candidates must contact the Online campus for a list of participating states and procedures for student teaching placement.

• Candidates must enroll in the remaining Student Teaching Seminars through the Online campus while completing their student teaching experience.

• Candidates need to work directly with the Online campus to complete the requirements for verification of placement.

Re-entry for the MAED/TED-E

Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum and can complete within their original deadline may reenter their original program version. However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved.

Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved.

The Master of Arts in Education/Secondary Teacher Education (MAED/TED-S) is a graduate degree program preparing candidates for teacher licensure. The guiding philosophy of the MAED/TED-S program is to provide the adult student, who already has a degree in a discipline other than education, with the skills and knowledge that will allow them to become a competent and effective educator. This program focuses on secondary student learning by improving the educator’s responsibility for that learning. Student teaching is an integral component of the Teacher Education Program. It provides students with a field-based experience at the appropriate grade and content level. Student teachers work with a cooperating teacher from a school site and with a University of Phoenix faculty advisor. The student teaching experience is designed to emphasize the achievement of state standards leading to certification and to present individuals with growth opportunities that best prepare them to assume the duties of a certified classroom teacher. Throughout the program, students are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels. The focus of each observation will relate to specific course content.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/maed-ted-s.

Program Purpose

The Master of Arts in Education/Secondary Teacher Education is a graduate degree program intended to prepare students with no prior teaching experience for initial teacher licensure. The program is designed for students who want to become secondary school teachers. Candidates for this program have already earned a bachelor’s degree. The program includes a clinical component requiring field experiences and student teaching above and beyond program coursework. As licensure requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed teacher. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

• All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

Candidacy Status for the MAED/TED-S
The College of Education has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling.

• Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.

• Level 2 Candidate Status is completed prior to the completion of 12 semester credits of the program. To meet the Candidate Status Level 2 requirements, the following items must be completed. Evidence that these requirements have been met must be entered in IS3 and the student’s eXp file.

• Demonstration of basic skills proficiency

• Verification of fingerprint clearance

Students must be admitted and meet Level 1 Candidate Status prior to being reviewed for Level 2 Candidate Status.

Degree Completion Requirements for the MAED/TED-S

• Completion of a minimum of 36 credits.

• A minimum grade point average (GPA) of 3.0.

• Satisfactory completion and uploading of the Teacher Work Sample (TWS).

• Satisfactory completion of any required internship, student teaching, and/or practicum courses.

• Students must take courses within a sequence specified by course prerequisite requirements.

• Completion of Field Experience Record (100 hours). To ensure student's meet this requirement documentation will be periodically uploaded, reviewed, and maintained as specified in the handbook/courses.

• Completion of signature assignments.
• In order to receive an institutional recommendation and/or state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.
• The diploma awarded for this program will read as: Master of Arts in Education Secondary Teacher Education

**Academic Progression Requirements for the MAED/TED-S**
Candidates must provide verification of the following prior to beginning their student teaching experience. Candidates must provide:
• Immunization or TB test results (District specific)
• Passing scores on the designated state content knowledge exam (elementary content or secondary content area specific)
• Verification of the completion of 100 hours of field experience. Candidates will be required to have the minimum GPA for the program prior to entering the Student Teaching experience.

**Minimum Grade Requirements for the MAED/TED-S**
• A candidate must earn a grade of "B" (grades of "I" and "B-" are not accepted) or better in the following courses in order to student teach: SEC 598 and SEC 599.
• Candidates must earn a "B" or better in Student Teaching Part A & B in order to complete this program. Candidates who do not earn a "B" or better will be required to repeat the seminar(s) in which the candidate did not receive the required minimum grade and the related portion of student teaching. The Campus College chair will coordinate with the Cooperating/Mentor Teacher and Faculty Supervisor to design a remediation plan.
• If the candidate does not receive a grade of "B" or better on the second attempt, the candidate will be Scholastically Suspended, permanently withdrawn, from the program.

**Institutional Recommendation for the MAED/TED-S**
• Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for state teaching credential).
• Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates' records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.
• Candidates must pass their state-mandated professional knowledge exam.
• Candidates must provide verification of school law, state and U.S. Constitution coursework, as required by the state certification agency.

**Residency Requirements and Course Waivers for the MAED/TED-S**
Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
• The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
• The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: COM 516, MTE 507, MTE 523, MTE 559, RDG 542, SEC 508, SEC 598, SEC 599, SPE 514

Students who complete the Teach for America Summer Institute are eligible to waive the following course in the MAED/TED Programs. Candidates must provide verification of completion in order to be eligible for these waivers.

Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.
THIS PAGE WAS LEFT BLANK INTENTIONALLY
The School of Advanced Studies is home to the University’s doctoral programs and represents a community of professionals who want to make a meaningful social contribution to their communities and influence change in their fields. Diverse in program offerings, the School supports advanced learning in business, management, education, health care administration, nursing, higher education administration, and psychology.

**Admission Requirements**

Most doctoral programs have additional admission requirements listed within the program specific information. All applicants to doctoral programs must meet the following admission requirements:

- Applicants who completed high school/secondary school outside of the United States, in a country where English is not the official language, must meet one of the following exceptions in order to meet the English Language Proficiency Requirement:
  - achieved a minimum score of 213 on the computer-based test (cBT), or a score of 79 on the internet-based test (iBT), or a score of 550 on the written-based test (wBT) on the Test of English as a Foreign Language (TOEFL) within two years of application to the University.
  - achieved a minimum passing score of 750 on the Test of English as an International Communication (TOEIC) within two years of application to the University.
  - achieved a minimum passing score of 6.5 on the test of the International English Language Testing System (IELTS) within two years of application to the University.
  - achieved a minimum score of 69 on the Berlitz Online Test of Reading and Listening Skills - English or a minimum score of 550 on the Berlitz Online English Proficiency Exam within two years of application to the University.
  - successful completion of the approved ESL series of courses completed at: Canadian College of English Language (CCEL), International Language Schools of Canada (ILSC) or Kaplan.
  - achieved a minimum score of 59 on the Pearson Test of English Academic Exam within two years of application to the University.

- The following may exempt a non-native speaker from having to take the TOEFL/TOEIC/IELTS, however official documentation may be required:
  - The applicant has successfully completed thirty (30) transferable, academic semester credits at a regionally or nationally accredited college or university in the United States.
  - The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized college or university in a country in which English is the official language.
  - The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized institution where English is the medium of instruction.
  - The applicant has previously earned, prior to applying for admission to the University of Phoenix, a U.S. high school diploma or G.E.D. Applicants that list any language other than English as their native language on the admission application and G.E.D is taken, must submit a copy of the G.E.D to verify it was taken in the English version format.
  - The applicant has earned the equivalent of a U.S. high school diploma in a country in which English is the official language.
  - The applicant has earned the equivalent of a U.S. high school diploma at an institution where English is the medium of instruction.

- Students who have been expelled from University of Phoenix are not eligible for readmission to University of Phoenix. No appeals will be accepted.

- Students who begin their studies at campuses located in the states listed below are required to submit immunization information to the University. The state appropriate forms must be completed and sent to Office of Admissions & Records.
Students attending a local campus in Oklahoma must provide written documentation of vaccinations or immunity against Hepatitis B, measles, mumps, and rubella (MMR). Students must demonstrate compliance with the immunization requirement prior to the first attendance in a university course and documentation concerning this requirement must be on file at the time of admission to the university.

Students attending a physical campus in the state of Tennessee are required to submit a Hepatitis B Waiver form to the University.

Students attending a local campus in the states listed below are required to submit health insurance information to the University. The state appropriate forms must be completed and sent to Office of Admissions & Records.

Full and part-time students enrolled in a college, university or other institution of higher learning in Massachusetts must participate in a school sponsored health insurance plan, or an alternate plan with comparable coverage. All full and part-time students attending a Massachusetts local campus must complete the Student Health Insurance Plan Enrollment/Acknowledgement form indicating either that they have either enrolled in the University’s sponsored plan or that they decline participation in the University sponsored plan as they have comparable health insurance coverage. Students must complete and submit this form prior to enrolling in any class. Students who do not complete the Enrollment/Acknowledgement form each calendar year may not enroll in further courses until the form has been completed and the student has appropriate health insurance coverage.

Students who begin their studies at campuses located in Hawaii are required to submit immunization information to the University. The state appropriate forms must be completed and sent to Office of Admissions & Records.

The Hawaii State Department of Health requires that all students attending school at a campus in this state who were born after December 31, 1956, be immunized for measles-mumps-rubella (MMR). Students shall demonstrate compliance with the immunization requirement prior to the first attendance in a university course and documentation concerning this requirement must be on file at the time of admission to the university.

**Exemptions from the MMR immunization requirement may be granted for the following reasons:**

- A medical exemption may be granted to specific vaccines.
  - A U.S. licensed physician (M.D. or D.O.) must state in writing that giving a specific vaccine would endanger the student’s life or health, and specify the reason based on valid medical contraindications.
  - The physician must state the length of time during which the vaccine would endanger the student’s health or life.
  - The exemption certification must be signed by the physician on the physician’s printed stationery.
  - A religious exemption may be granted if the student signs a statement certifying that the student’s religious beliefs prohibit the practice of immunization.
  - If the State of Hawaii Director of Health determines that there is a danger of an outbreak from any of the diseases for which immunization is required, no exemption shall be recognized and inadequately immunized students shall be excluded from school until the Director has determined that the outbreak is over.
  
- A copy of each exemption must be kept in the student’s health record at school.

The Hawaii State Department of Health requires that all students attending school at a campus in this state shall provide a Certificate of TB Examination issued in the United States within 12 months prior to their first attendance in a post-secondary school in Hawaii. A completed Certificate of TB Examination shall be submitted prior to the first night of class or the student will not be permitted to attend class. Students shall complete Section A of this form, or submit a copy of their TB Clearance Certification received prior to their attendance at another Hawaii post-secondary school.

Students residing in the state of Connecticut are required to submit immunization information to the University. The state appropriate forms must be completed and sent to Office of Admissions & Records.

In accordance with Section 10a-155 of the Connecticut general statutes, all full time or matriculating students will be required to demonstrate proof of adequate immunization against measles, mumps, rubella (MMR) and varicella as recommended by the Advisory Committee for Immunization Practices (ACIP). For more specific state information, refer to the link below. Students shall demonstrate compliance with the immunization requirement prior to the first attendance in a university course and documentation concerning this requirement must be on file at the time of admission to the university.

**Exemptions from the MMR and varicella immunization requirements may be granted for the following reasons:**

- The student was born before January 1, 1957 (applicable to MMR vaccine only).
- The student was born in the United States before January 1, 1980 (applicable to the varicella (chicken pox) vaccine only)
- The student has documentation from a physician stating that it is medically inadvisable to receive the vaccines for the one or more of the diseases as indicated on the immunization form.
- The student has documentation from a physician or director of health that he/she has had a confirmed case of one or more of the diseases as indicated on the immunization form.
- The student has laboratory confirmation of immunity to the disease(s) as indicated on the immunization form.
- The student has submitted a statement that immunization is contrary to his/her religious beliefs.
- The student is enrolled exclusively in the Online Campus and does not congregate with other students on campus or at campus-sponsored events. If the student later decides to attend a class at a University of Phoenix local campus location in Connecticut, the student must meet the immunization requirements before he/she may begin attending classes at a local campus location.
- The student graduated from a public or nonpublic high school in the state of Connecticut in 1999 or later and was not exempt from the measles, rubella and on or after August 1, 2010, the mumps vaccination requirement pursuant to subdivision (2) or (3) of subsection (a) of section 10-204a.

**Educational Specialist**

*The following Educational Specialist (Ed.S) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Not all programs may be available to all residents*
The Educational Specialist program (Ed.S) will prepare learners to become transformational leaders who will strategically manage and lead complex educational organizations. Graduates will be educational practitioners who demonstrate analytical, critical, and innovative thinking to improve the performance of educational institutions. The Educational Specialist program degree is consistent with the University’s mission to develop the knowledge and skills that will enable learners to achieve their professional goals, improve the productivity of their organizations, and provide leadership and service to their communities. The program is designed to emphasize leadership and to focus on a specialization in Curriculum and Instruction.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/eds.

**Ed.S Required Course of Study**

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

**Communication Strategies**

COM 705 .................................................. 1 credit

**Curriculum Theory**

CUR 731 ................................................ 3 credits

**Supervision of Curriculum and Instruction**

EDS 799 ................................................ 3 credits

**Educational Specialist Capstone**

The University reserves the right to modify the required course of study.

---

**Additional Admission Requirements for the Ed.S**

- Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

---

**Degree Requirements for the Ed.S**

Educational Specialist students must meet the following degree requirements:

- A minimum of 31 doctorate credits in the Required Program Category Preferred Sequence.
- A minimum grade point average (GPA) of 3.0.
- Completion of the graduation information packet.
- Students must satisfy all credits and non-credit bearing activities prior to commencement eligibility.

**Academic Progression Requirements for the Ed.S**

Educational Specialist students are subject to the following academic progression requirements:

- Students must earn a grade of "B" or better in COM 705 Communication Strategies. Students who earn less than a "B" will be scholastically disqualified and must repeat the course. COM 705 may be repeated one time. Students who fail to meet the minimum grade requirement after the second attempt will be scholastically suspended and will not be able to continue in the program.
- Students who miss or must withdraw from a course may complete the course via directed study, if available. All maximum enrollment policies apply. This option will only be available three times (9 credits) and applies only to online courses. However, some courses may not be suitable or available for directed study, and all directed studies must have the approval of the Doctoral Program Chair.
- Any student who earns a course grade of "C+" or below must repeat that course. If a student who is not on academic probation earns a "C+" or below, that student must repeat the course again and earn a grade of "B" or better.
- Students who do not maintain a minimum GPA of 3.0 will be scholastically suspended and will not be able to continue in the program.
- Academic probation will last for four consecutive courses during which time students must (1) raise their GPA to a minimum of 3.0 and (2) earn at least a grade of "B" in each course.
- Students will be allowed to have only one incomplete grade on their records at a time. Students will have up to 5 weeks to complete a course once an incomplete has been issued.
- Students in the Doctor of Education in Educational Leadership (EdD) program, due to extenuating personal circumstances, may transfer their credits into the Educational Specialist program.
University of Phoenix, 2016-2017

- Learners meeting a minimum GPA of 3.5 may concurrently enroll in courses not in the following areas: Year 1 coursework (must successfully complete DOC 721R or 13 credits earned in EDS program), research courses (RES prefix), residency courses, and EDS 799.

**Residency Requirements for the Ed.S**

Educational Specialist students must meet the following residency requirements:

- Students in this program may waive a maximum of 6 credits from their required course of study.
- Students may not waive any of the following courses: COM 705 and EDS 799

In order to waive a course in the EdS program, students must have completed a previous course that meets the following criteria:

- The course must have been completed and transcripted from a regionally, approved nationally, or provincially accredited college or university or one in candidacy for accreditation.
- The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be a doctoral-level course. Course descriptions must be included with the course waiver request in order for the Office of Admissions and Evaluation to review the course waiver request.

**Re-entry for the Ed.S**

A student who is readmitted into this program after one year of absence must update and resubmit the following forms: application, enrollment agreement, Hardware/Software agreement and research library access.

**Doctor of Education in Educational Leadership/Higher Education Administration**

The following Doctor of Education in Educational Leadership Higher Education Administration (EDD/HEA) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The mission of the Doctor of Education in Higher Education Administration program is to prepare education professionals who can address the multiple challenges facing higher education in a dynamic global community. The program prepares students to lead innovative, institutional policy changes and improvements within complex educational environments involving multiple stakeholders. The program addresses the diversity of higher education entities including public and private colleges and universities, governmental entities, accrediting and regulatory bodies, and higher education professional associations. The program emphasizes the discovery, integration and application of knowledge about higher education and leadership, promotes a commitment to professional integrity and development, the value of human diversity, innovative practice, and collaboration.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/edd-hea.

### Dissertation, 9 total credits
- DOC 723 ~ ................................................................. 3 credits
- Doctoral Seminar II
- DOC 741 ~ ................................................................. 3 credits
- Doctoral Dissertation
- DOC 742 ~ ................................................................. 3 credits
- Doctoral Project IV

### Annual Renewal Residency
Students may be required to complete DOC 741R (2-credit course) in addition to the required Doctoral Residency courses. Enrollment in DOC 741R is required only when a student’s dissertation has not been completed and approved by the dean within 12 months of achieving candidacy. Candidacy begins when a student has successfully completed a minimum of 53 credits in the required course of study including DOC 733R, DOC 734R, and an advanced research analysis elective course.

- DOC 741R ................................................................................ 2 credits
- Annual Renewal Residency

The following courses are not part of the required course of study; however, are available to students as an extension to satisfy the seminar, dissertation, and project requirements for the doctoral program. Students have the option to complete the A or B and B courses for either DOC 741 and/or DOC 742 to ensure that all programmatic requirements and approvals have been met.

### Seminar II Extension
- DOC 787 ~ ........................................................................ 0 credits
- Concept Continuing Enrollment I
- DOC 788 ~ ........................................................................ 1 credit
- Concept Continuing Enrollment II

### Dissertation Extension
- DOC 741A ~ ................................................................. 3 credits
- Doctoral Dissertation
- DOC 741B ~ ................................................................. 3 credits
- Doctoral Dissertation
- DOC 887 ~ ........................................................................ 0 credits
- Dissertation Continuing Enrollment I
- DOC 888 ~ ........................................................................ 1 credit
- Dissertation Continuing Enrollment II

### Project Extension
- DOC 742A ~ ................................................................. 3 credits
- Doctoral Project IV
- DOC 742B ~ ................................................................. 3 credits
- Doctoral Project IV
- DOC 987 ~ ........................................................................ 0 credits
- Project Continuing Enrollment I
- DOC 988 ~ ........................................................................ 1 credit
- Project Continuing Enrollment II
- DOC 989 ~ ........................................................................ 0 credits
- Project Continuing Enrollment I
- DOC 990 ~ ........................................................................ 1 credit
- Project Continuing Enrollment II
- DOC 991 ~ ........................................................................ 0 credits
- Project Continuing Enrollment I
- DOC 992 ~ ........................................................................ 1 credit
- Project Continuing Enrollment II

Students may be required to complete DOC 741B and DOC 742B until all programmatic requirements and approvals have been met. The University reserves the right to modify the required course of study.

### Additional Admission Requirements for the EDD/HEA
All applicants are expected to meet the following admissions requirements:

- A graduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or equivalent graduate degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- A cumulative grade point average (GPA) of 3.0 for all graduate coursework on the graduate degree posted transcript is required for admission.
- Current or a record of past employment in supervisory or management position is required for admission.

### Degree Requirements for the EDD/HEA
- A minimum of 62 doctorate credits.
- A minimum grade point average (GPA) of 3.0.
- Satisfactory completion of all residencies.
- Written approval of the dissertation proposal.
- Satisfactory oral defense and written completion of the dissertation.
• The School of Advanced Studies (SAS) will allow Doctoral students, who have satisfied all program requirements with the exception of their dissertation, a one (1) year graduation deadline extension to allow additional time for dissertation completion. Students requesting an extension via SAC appeal must submit a letter from their Chair stating that they have demonstrated satisfactory progress and completion of the dissertation is probable if a one (1) year extension is granted.
• Students must satisfy all credit and non-credit bearing activities prior to commencement eligibility.
• Specializations are reflected on the transcript only and will not appear on the diploma.
• The diploma awarded for this program will read as: Doctor of Education

**Academic Progression Requirements for the EDD/HEA**

Students are subject to the following academic progression requirements:

• Learners meeting a minimum GPA of 3.5 may concurrently enroll in courses not in the following areas: Year 1 coursework (must successfully complete DOC 720R or 13 credits earned in EDS program), research courses (RES prefix), residency courses, and EDS 799.
• Students may have only one incomplete grade on their records at a time.
• Students must receive approval for each step prior to moving to subsequent steps in the dissertation process in the following order: Concept Review, Quality Review (QRM), Institutional Review Board (IRB), Quality Final Institutional Review (QRF), Oral Defense.
• Students must be enrolled in the appropriate concept, project, or dissertation course to submit to Concept Review, QRM, QRF, and complete the Oral Defense.
• Students must submit and receive written approval of the dissertation precis paper as a completion requirement for DOC 720R Doctoral Seminar I.
• Students who do not receive written approval of the dissertation precis paper will complete a seminar to work on and improve the precis paper for resubmission and approval.
• Concept review approval prior to enrollment in DOC/741.
• Quality review of dissertation proposal approval prior to enrollment in DOC 742.
• Quality review of proposal approval must be renewed if the final dissertation is not approved within 2 years of the approval date.
• Quality final Institutional review of dissertation during DOC 742.
• Enrollment in DOC 741R is required only when a student has not completed his or her dissertation within 12 months of achieving candidacy. Candidacy begins when a student has successfully completed a minimum of 53 credits in the required course of study including DOC 733R, DOC 734R, and an advanced research analysis elective course.
• Students who would like to repeat DOC 741R may repeat the course.

**EDD/HEA**

• Scholastic Disqualification courses and minimum grade requirements are included below and students who fail to meet the minimum grade may only repeat the course once. Students who fail to meet the minimum grade requirement after the second attempt will be scholastically suspended and will not be able to continue in the program.
• Students are required to achieve a minimum grade of “B” in the following course: DOC 700
• All credit-bearing courses, with the exception of DOC/700 and courses that are outlined in the syllabus as Pass/Fail, must be completed with a grade of “B-” or better. Students who earn a grade lower than “B-” must repeat the course until the minimum grade requirement is met.
• Students who do not meet minimum grade requirements and maintain a minimum GPA of 3.00 will be placed on academic probation (AP) and will be subject to the University academic probation policy.

**Residency Requirements and Course Waivers for the EDD/HEA**

• Students must meet the established University residency requirement for degree conferral. The University requires that 23 credits in the required course of study, must be completed at University of Phoenix.
• Completion of physical residencies.
• Five-day residency at the beginning of the program.
• Three-day residency at the beginning of year two.
• Eight-day residency at the beginning of year three.
• If a student’s dissertation has not been completed and approved by the dean within 12 months of achieving candidacy, he or she must attend DOC 741R, a two-credit, three-day weekend residency course. Candidacy begins when a student has successfully completed a minimum of 53 credits in the required course of study including DOC 733R, DOC 734R, and an advanced research analysis elective course.
• Exception: DOC/741R will not be required if all other degree requirements have been completed.
• Students may waive a maximum of 39 credits from their required course of study.
• In order to be granted a waiver with credit for a course in the required course of study, students must have completed a previous course that meets the following criteria:
  • The course must have been completed and transcripted from a regionally, approved nationally, or provincially accredited college or university or one in candidacy for accreditation.
  • The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
• The following courses may not be waived: DOC 700, DOC 705R, DOC 720R, DOC 723, DOC 733R, DOC 734R, DOC 741, DOC 741R, DOC 742, LDR 711A.
• The dissertation may not be waived.

Re-entry for the EDD/HEA
• Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
• Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.
• Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
• Select programs may have additional re-entry requirements/ restrictions. Re-entry students should consult their Academic Advisor for guidance.

Doctor of Management in Organizational Leadership

The following Doctor of Management in Organizational Leadership (DM) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The mission of the Doctor of Management in Organizational Leadership degree program is to develop the critical and creative decision-making capabilities of management professionals that enable professional success. Merging current theory and best practices, the program prepares students to advance their organization, industry, and community through ethical and transformational leadership by

• Integrating scholar, practitioner, and leader perspectives to implement best practices and resolve emerging managerial challenges
• Designing and conducting practical, data-driven research that informs managerial decisions and contributes to the existing body of knowledge.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/dm.

Project Continuing Enrollment II

Students may be required to complete DOC 741B and DOC 742B until all programmatic requirements and approvals have been met. The University reserves the right to modify the required course of study.

Additional Admission Requirements for the DM

All applicants are expected to meet the following admissions requirements:

• The School of Advanced Studies (SAS) will allow Doctoral students, who have satisfied all program requirements with the exception of their dissertation, a one (1) year graduation extension of their dissertation.

• Written approval of the dissertation proposal.

• Satisfactory completion of all residencies.

• A minimum grade point average (GPA) of 3.0 for all graduate coursework on the graduate degree posted transcript is required for admission.

• A cumulative grade point average (GPA) of 3.0 for all graduate coursework on the graduate degree posted transcript is required for admission.

• Current or a record of past employment in supervisory or management position is required for admission.

Degree Requirements for the DM

• A minimum of 62 doctorate credits.

• A minimum grade point average (GPA) of 3.0.

• Satisfactory completion of all residencies.

• Written approval of the dissertation proposal.

• Satisfactory oral defense and written completion of the dissertation.

• The School of Advanced Studies (SAS) will allow Doctoral students, who have satisfied all program requirements with the exception of their dissertation, a one (1) year graduation deadline extension to allow additional time for dissertation completion. Students requesting an extension via SAC appeal must submit a letter from their mentor stating that they have demonstrated satisfactory progress and completion of the dissertation is probable if a one (1) year extension is granted.

• Students must successful complete all credit and non-credit bearing degree requirements, including a completed dissertation approved by the Dean, prior to commencement eligibility.

• Specializations are reflected on the transcript only and will not appear on the diploma.

• The diploma awarded for this program will read as: Doctor of Management

Academic Progression Requirements for the DM

Students are subject to the following academic progression require-
Learners meeting a minimum GPA of 3.5 may concurrently enroll in courses not in the following areas: Year 1 coursework (must successfully complete DOC 720R or 13 credits earned in EDS program), research courses (RES prefix), residency courses, and EDS 799.

Students may have only one incomplete grade on their records at a time.

Students must receive approval for each step prior to moving to subsequent steps in the dissertation process in the following order: Concept Review, Quality Review (QRM), Institutional Review Board (IRB), Quality Final Institutional Review (QRF), Oral Defense.

Students must be enrolled in the appropriate concept, project, or dissertation course to submit to Concept Review, QRM, QRF, and complete the Oral Defense.

Students must submit and receive written approval of the dissertation precis paper as a completion requirement for DOC 720R Doctoral Seminar I.

Students who do not receive written approval of the dissertation precis paper will complete a seminar to work on and improve the precis paper for resubmission and approval.

Concept review approval prior to enrollment in DOC 741.

Quality review of dissertation proposal approval prior to enrollment in DOC 742.

Quality review of proposal approval must be renewed if the final dissertation is not approved within 2 years of the approval date.

Quality final Institutional review of dissertation during DOC 742.

Enrollment in DOC 741R is required only when a student has not completed his or her dissertation within 12 months of achieving candidacy. Candidacy begins when a student has successfully completed a minimum of 53 credits in the required course of study including DOC 733R, DOC 734R, and an advanced research analysis elective course.

Students who would like to repeat DOC 741R may repeat the course.

Academic Standing and Scholastic Disqualification for the DM

Scholastic Disqualification courses and minimum grade requirements are included below and students who fail to meet the minimum grade may only repeat the course once. Students who fail to meet the minimum grade requirement after the second attempt will be scholastically suspended and will not be able to continue in the program.

Students are required to achieve a minimum grade of "B" in the following course: DOC 700

Students are required to achieve a minimum grade of "B-" in the following course: DOC 720R

All credit-bearing courses, with the exception of DOC 700 and courses that are outlined in the syllabus as Pass/Fail, must be completed with a grade of "B-" or better. Students who earn a grade lower than "B-" must repeat the course until the minimum grade requirement is met.

Residency Requirements and Course Waivers for the DM

Students must meet established University residency requirement for degree conferral. The University requires that the 23 credits in the Required Course of Study, must be completed at University of Phoenix.

Completion of physical residencies.

Five-day residency at the beginning of the program.

Three-day residency at the beginning of year two.

Eight-day residency at the beginning of year three.

If a student’s dissertation has not been completed and approved by the dean within 12 months of achieving candidacy, he or she must attend DOC 741R, a two-credit, three-day weekend residency course. Candidacy begins when a student has successfully completed a minimum of 53 credits in the required course of study including DOC 733R, DOC 734R, and an advanced research analysis elective course.

Students may waive a maximum of 39 credits from their required course of study.

In order to be granted a waiver with credit for a course in the required course of study, students must have completed a previous course that meets the following criteria:

- The course must have been completed and transcripted from a regionally, approved nationally, or provincially accredited college or university or one in candidacy for accreditation.

- The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.

- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

- The following courses may not be waived: DOC 700, DOC 705R, DOC 720R, DOC 723, DOC 733R, DOC 734R, DOC 741, DOC 741R, DOC 742, LDR 711A

- The dissertation may not be waived.

Re-entry for the DM

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course will be required to re-enter and follow the admission, degree requirements and program policies published in the catalog which is in effect at the time of re-entry.

Students who have been out of attendance over one year who have not exceeded their program completion deadline who wish to remain in their current program version will be required to appeal to the Student Appeals Center to move forward with the re-entry process.

Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.

Doctor of Management in Organizational Leadership with a Specialization in Information Systems and Technology

The following Doctor of Management in Organizational Leadership with a specialization in Information Systems and Technology (DM/IST) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state.
Please contact your enrollment representative for more information.

The mission of the Information Systems and Technology specialization of the Doctor of Management in Organizational Leadership degree (DM/IST) is to enable a diverse group of students to synthesize and apply new knowledge and models affecting information systems and technology (IST) from an organizational and global perspective. Students integrate critical thinking, ethical leadership, and the application of IST content areas with their professional experiences and doctoral-level research to create innovative, positive, and practical contributions to the body of IST knowledge. Graduates will be able to influence and direct their organizations positively through strong leadership and management practices within the IST environment.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/dm-ist.

Annual Renewal Residency
Students may be required to complete DOC 741R (2-credit course) in addition to the required Doctoral Residency courses. Enrollment in DOC 741R is required only when a student’s dissertation has not been completed and approved by the dean within 12 months of achieving candidacy. Candidacy begins when a student has successfully completed a minimum of 53 credits in the required course of study including DOC 733R, DOC 734R, and an advanced research analysis elective course.

DOC 741R .................................................................2 credits
Annual Renewal Residency

The following courses are not part of the required course of study; however, are available to students as an extension to satisfy the dissertation and project requirements for the doctoral program.

Students have the option to complete the A or A and B courses for either DOC 741 and/or DOC 742 to ensure that all programmatic requirements and approvals have been met.

Seminar II Extension

DOC 787 ~ ...........................................................0 credits
A graduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university completed while the institution was accredited or during the term of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

Additional Admission Requirements for the DM/IST
All applicants are expected to meet the following admissions requirements:

- A graduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or equivalent graduate degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

- A cumulative grade point average (GPA) of 3.0 for all graduate coursework on the graduate degree posted transcript is required for admission.

- Current or a record of past employment in supervisory or management position is required for admission.

Degree Requirements for the DM/IST

- A minimum of 62 doctorate credits.

- A minimum grade point average (GPA) of 3.0.

- Satisfactory completion of all residencies.

- Written approval of the dissertation proposal.

- Satisfactory oral defense and written completion of the dissertation.

- The School of Advanced Studies (SAS) will allow Doctoral students, who have satisfied all program requirements with the exception of their dissertation, a one (1) year graduation deadline extension to allow additional time for dissertation completion. Students requesting an extension via SAC appeal must submit a letter from their chair stating that they have demonstrated satisfactory progress and completion of the dissertation is probable if a one (1) year extension is granted.

- Students must successful complete all credit and non-credit bearing degree requirements, including a completed dissertation approved by the Dean, prior to commencement eligibility.

- Specializations are reflected on the transcript only and will not appear on the diploma.

- The diploma awarded for this program will read as: Doctor of Management

Academic Progression Requirements for the DM/IST

Students are subject to the following academic progression requirements:

- Learners meeting a minimum GPA of 3.5 may concurrently enroll in courses not in the following areas: Year 1 coursework (must successfully complete DOC 720R or 13 credits earned in EDS program), research courses (RES prefix), residency courses, and EDS 799.

- Students may have only one incomplete grade on their records at a time.

- Students must receive approval for each step prior to moving to subsequent steps in the dissertation process in the following order: Concept Review, Quality Review (QRM), Institutional Review Board (IRB), Quality Final Institutional Review (QRF), Oral Defense.

- Students must be enrolled in the appropriate concept, project, or dissertation course to submit to Concept Review, QRM, QRF, and complete the Oral Defense.

- Students must submit and receive written approval of the dissertation precis paper as a completion requirement for DOC 720R Doctoral Seminar I.

- Students who do not receive written approval of the dissertation precis paper will complete a seminar to work on and improve the precis paper for resubmission and approval.

- Concept review approval prior to enrollment in DOC 741.

- Quality review of dissertation proposal approval prior to enrollment in DOC 742.

- Quality review of proposal approval must be renewed if the final dissertation is not approved within 2 years of the approval date.

- Quality final Institutional review of dissertation during DOC 742.
In order to be granted a waiver with credit for a course in the required course of study including DOC 733R, DOC 734R, and an advanced research analysis elective course.

Students who would like to repeat DOC 741R may repeat the course.

Academic Standing and Scholastic Disqualification for the DM/IST

Scholastic Disqualification courses and minimum grade requirements are included below and students who fail to meet the minimum grade may only repeat the course once. Students who fail to meet the minimum grade requirement after the second attempt will be scholastically suspended and will not be able to continue in the program.

Students are required to achieve a minimum grade of "B" in the following course: DOC 700

Students are required to achieve a minimum grade of "B-" in the following course: DOC 720R

All credit-bearing courses, with the exception of DOC 700 and courses that are outlined in the syllabus as Pass/Fail, must be completed with a grade of "B-" or better. Students who earn a grade lower than "B-" must repeat the course until the minimum grade requirement is met.

Residency Requirements and Course Waivers for the DM/IST

Students must meet established University residency requirement for degree conferral. The University requires that 23 credits in the Required Course of Study, must be completed at the University of Phoenix.

Completion of physical residencies.
- Five-day residency at the beginning of the program.
- Three-day residency at the beginning of year two.
- Eight-day residency at the beginning of year three.
- If a student’s dissertation has not been completed and approved by the dean within 12 months of achieving candidacy, he or she must attend DOC 741R, a two-credit, three-day weekend residency course. Candidacy begins when a student has successfully completed a minimum of 53 credits in the required course of study including DOC 733R, DOC 734R, and an advanced research analysis elective course.

Students may waive a maximum of 39 credits from their required course of study.

In order to be granted a waiver with credit for a course in the required course of study, students must have completed a previous course that meets the following criteria:
- The course must have been completed and transcripted from a regionally, approved nationally, or provincially accredited college or university or one in candidacy for accreditation.
- The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following courses may not be waived: DOC 700, DOC 705R, DOC 720R, DOC 723, DOC 733R, DOC 734R, DOC 741, DOC 741R, DOC 742, LDR 711A

The dissertation may not be waived.

Re-entry for the DM/IST

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course will be required to re-enter and follow the admission, degree requirements and program policies published in the catalog which is in effect at the time of re-entry.

Students who have been out of attendance for more than one year who have not exceeded their program completion deadline who wish to remain in their current program version will be required to appeal to the Student Appeals Center to move forward with the re-entry process.

Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.

Doctor of Business Administration

The following Doctor of Business Administration (DBA) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The mission of the Doctor of Business Administration degree program is to empower business administration practitioners to become business subject experts, organizational leaders, and industry pioneers who create unique, value-added contributions to the existing body of knowledge and society by expanding their organizational vision, theoretical foundations of strategy, global business, research methodology, and cultural diversity. For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/dba.

Additional Admission Requirements for the DBA
All applicants are expected to meet the following admissions requirements:
• A graduate degree in business, management or business administration from a regionally or approved nationally accredited, or candidate for accreditation, college or university or equivalent graduate degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
• Students who do not have a graduate degree in either business, management or business administration may be admitted if they meet all other requirements for admission and have official transcripts listing three (3) graduate credits in each of the following subjects from a regionally or approved nationally accredited, or candidate for accreditation, college or university or equivalent recognized foreign institution:
  • Finance for Managerial Decision Making
  • Human Relations and Organizational Behavior
  • Marketing Management
  • Strategy Formulation and Implementation
• A cumulative grade point average (GPA) of 3.0 for all graduate coursework on the graduate degree posted transcript is required for admission.
• Current or a record of past employment in supervisory or management position is required for admission.

Degree Requirements for the DBA
• A minimum of 62 doctorate credits.
• A minimum grade point average (GPA) of 3.0.
• Satisfactory completion of all residencies.
• Written approval of the dissertation proposal.
• Satisfactory oral defense and written completion of the dissertation.
• The School of Advanced Studies (SAS) will allow Doctoral students, who have satisfied all program requirements with the exception of their dissertation, a one (1) year graduation deadline extension to allow additional time for dissertation completion. Students requesting an extension via SAC appeal must submit a letter from their chair stating that they have demonstrated satisfactory progress and completion of the dissertation is probable if a one (1) year extension is granted.
• Students must satisfy all credit and non-credit bearing activities prior to commencement eligibility.
• The diploma awarded for this program will read as: Doctor of Business Administration

Academic Progression for the DBA
Students are subject to the following academic progression requirements:
• Learners meeting a minimum GPA of 3.5 may concurrently enroll in courses not in the following areas: Year 1 coursework (must successfully complete DOC 720R or 13 credits earned in EDS program), research courses (RES prefix), residency courses, and EDS 799.
• Students may have only one incomplete grade on their records at a time.
• Students must receive approval for each step prior to moving to subsequent steps in the dissertation process in the following order: Concept Review, Quality Review (QRM), Institutional Review Board (IRB), Quality Final Institutional Review (QRF), Oral Defense.
• Students must be enrolled in the appropriate concept, project, or dissertation course to submit to Concept Review, QRM, QRF, and complete the Oral Defense.
• Students must submit and receive written approval of the dissertation precis paper as a completion requirement for DOC 720R Doctoral Seminar I.
• Students who do not receive written approval of the dissertation precis paper will complete a seminar to work on and improve the precis paper for resubmission and approval.
• Concept review approval prior to enrollment in DOC 741.
• Quality review of dissertation proposal approval prior to enrollment in DOC 742.
• Quality review of proposal approval must be renewed if the final dissertation is not approved within 2 years of the approval date.
• Quality final Institutional review of dissertation during DOC 742.
• Enrollment in DOC 741R is required only when a student has not completed his or her dissertation within 12 months of achieving candidacy. Candidacy begins when a student has successfully completed a minimum of 53 credits in the required course of study including DOC 733R, DOC 734R, and an advanced research analysis elective course.
• Students who would like to repeat DOC 741R may repeat the course.

Academic Standing and Minimum Grade Requirements for the DBA
• Scholastic Disqualification courses and minimum grade requirements are included below and students who fail to meet the minimum grade may only repeat the course once. Students who fail to meet the minimum grade requirement after the second attempt will be scholastically suspended and will not be able to continue in the program. Students are required to achieve a minimum grade of “B” in the following course: DOC 700
  • All credit-bearing courses, with the exception of DOC 700 and courses that are outlined in the syllabus as Pass/Fail, must be completed with a grade of “B-” or better. Students who earn a grade lower than “B-“ must repeat the course until the minimum grade requirement is met.

Residency Requirements and Course Waivers for the DBA
• Students must meet established University residency requirement for degree conferral. The University requires that 23 credits in the Required Course of Study, must be completed at University of Phoenix.
• Completion of physical residencies.
• Five-day residency at the beginning of the program.
• Three-day residency at the beginning of year two.
• Eight-day residency at the beginning of year three.
• If a student’s dissertation has not been complete and approved by the dean within 12 months of achieving candidacy, he or she must attend DOC 741R, a two-credit, three-day weekend residency course. Candidacy begins when a student has successfully completed a minimum of 53 credits in the required course of study including DOC 733R, DOC 734R, and an advanced research analysis elective course.

• Students may waive a maximum of 39 credits from their required course of study.
• In order to be granted a waiver with credit for a course in the required course of study, students must have completed a previous course that meets the following criteria:
  • The course must have been completed and transcripted from a regionally approved, nationally or provincially accredited college or university or one in candidacy for accreditation.
  • The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
  • The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
  • The following courses may not be waived: DOC 700, DOC 705R, DOC 720R, DOC 723, DOC 733R, DOC 734R, DOC 741, DOC 742, LDR 711A
• The dissertation may not be waived.

Re-entry for the DBA

• Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course will be required to re-enter and follow the admission, degree requirements and program policies published in the catalog which is in effect at the time of re-entry.
• Students who have been out of attendance over one year who have not exceeded their program completion deadline who wish to remain in their current program version will be required to appeal to the Student Appeals Center to move forward with the re-entry process.
• Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.

Doctor of Health Administration

The following Doctor of Health Administration (DHA) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The mission of the Doctor of Health Administration degree program is to develop healthcare leaders by educating them in the areas of active inquiry, critical thought, and scholarly dialogue. The program prepares students from diverse backgrounds to:
• lead and meet the demands of rapidly changing healthcare organizations;
• shape the structure of complex health systems and their future evolution;
• contribute to the existing body of knowledge through publication of innovative and timely research in well-respected, peer reviewed journals and presentations at reputable conferences

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/dha.

### Additional Admission Requirements for the DHA

All applicants are expected to meet the following admissions requirements:
• A graduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or equivalent graduate degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
• A cumulative grade point average (GPA) of 3.0 for all graduate coursework on the graduate degree posted transcript is required for admission.
• Current or a record of past employment in supervisory or management position is required for admission.

Degree Requirements for the DHA
• A minimum of 62 doctorate credits.
• A minimum grade point average (GPA) of 3.0.
• Satisfactory completion of all residencies.
• Written approval of the dissertation proposal.
• Satisfactory oral defense and written completion of the dissertation.

Academic Progression for the DHA
• The School of Advanced Studies (SAS) will allow Doctoral students, who have satisfied all program requirements with the exception of their dissertation, a one (1) year graduation deadline extension to allow additional time for dissertation completion. Students requesting an extension via SAC appeal must submit a letter from their chair stating that they have demonstrated satisfactory progress and completion of the dissertation is probable if a one (1) year extension is granted.
• Students must satisfy all credit and non-credit bearing activities prior to commencement eligibility.
• The diploma awarded for this program will read as: Doctor of Health Administration.

Academic Standing and Minimum Grade Requirements for the DHA
• Scholastic Disqualification courses and minimum grade requirements are included below and students who fail to meet the minimum grade may only repeat the course once. Students who fail to meet the minimum grade requirement after the second attempt will be scholastically suspended and will not be able to continue in the program.
• Students are required to achieve a minimum grade of “B” in the following course: DOC 700
• Students are required to achieve a minimum grade of “B-” in the following course: DOC 720R
• All credit-bearing courses, with the exception of DOC 700 and courses that are outlined in the syllabus as Pass/Fail, must be completed with a grade of “B-” or better. Students who earn a grade lower than “B-” must repeat the course until the minimum grade requirement is met.

Residency Requirements and Course Waivers for the DHA
• Students must meet established University residency requirement for degree conferral. The University requires that 23 credits in the Required Course of Study, must be completed at University of Phoenix.
• Completion of physical residencies.
• Five-day residency at the beginning of the program.
• Three-day residency at the beginning of year two.
• Eight-day residency at the beginning of year three.
• If a student’s dissertation has not been completed and approved by the dean within 12 months of achieving candidacy, he or she must attend DOC 741R, a two-credit, three-day weekend residency course. Candidacy begins when a student has successfully completed a minimum of 53 credits in the required course of study including DOC 733R, DOC 734R, and an advanced research analysis elective course.
• Students may waive a maximum of 39 credits from their required course of study.
• In order to be granted a waiver with credit for a course in the required course of study, students must have completed a previous course that meets the following criteria:
  • The course must have been completed and transcripted from a regionally, approved nationally, or provincially accredited college or university or one in candidacy for accreditation.
  • The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e., graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following courses may not be waived: DOC 700, DOC 705R, DOC 720R, DOC 723, DOC 733R, DOC 734R, DOC 741R, DOC 742, LDR 711A

The dissertation may not be waived.

Re-entry for the DHA

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course will be required to re-enter and follow the admission, degree requirements and program policies published in the catalog which is in effect at the time of re-entry.

Students who have been out of attendance over one year who have not exceeded their program completion deadline who wish to remain in their current program version will be required to appeal to the Student Appeals Center to move forward with the re-entry process.

Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.

Doctor of Education in Educational Leadership

The following Doctor of Education in Educational Leadership (EdD) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The mission of the Doctor of Education in Educational Leadership degree program is to prepare students and professionals to become effective leaders who value diversity and academic integrity and have the competencies essential for shaping the future within complex educational environments. The program promotes a commitment to fostering innovation, collaboration, scholarship, and service. Throughout the program students will be educated in the concepts, knowledge and skills necessary to make valuable contributions to the field of education and society.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/edd.

Students may be required to complete DOC 741R (2-credit course) in addition to the required Doctoral Residency courses. Enrollment in DOC 741R is required only when a student’s dissertation has not been completed and approved by the dean within 12 months of achieving candidacy. Candidacy begins when a student has successfully completed a minimum of 53 credits in the required course of study including DOC 733R, DOC 734R, and an advanced research analysis elective course.

Residential Residency

The following courses are not part of the required course of study; however, are available to students as an extension to satisfy the dissertation and project requirements for the doctoral program.

Students have the option to complete the A or A and B courses for either DOC 741 and/or DOC 742 to ensure that all programmatic requirements and approvals have been met.

Annual Renewal Residency

The following courses are not part of the required course of study; however, are available to students as an extension to satisfy the dissertation and project requirements for the doctoral program.

Seminar II Extension

The following courses are not part of the required course of study; however, are available to students as an extension to satisfy the dissertation and project requirements for the doctoral program.

Dissertation Extension

The following courses are not part of the required course of study; however, are available to students as an extension to satisfy the dissertation and project requirements for the doctoral program.

Project Extension

The following courses are not part of the required course of study; however, are available to students as an extension to satisfy the dissertation and project requirements for the doctoral program.

Degree Requirements for the EdD

All applicants are expected to meet the following admissions requirements:

- A graduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or equivalent graduate degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- A cumulative grade point average (GPA) of 3.0 for all graduate coursework.
- Current or a record of past employment in supervisory or management position is required for admission.

The University of Phoenix reserves the right to modify the required course of study until all programmatic requirements and approvals have been met. The University reserves the right to modify the required course of study.

Additional Admission Requirements for the EdD

All applicants are expected to meet the following admissions requirements:

- A graduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or equivalent graduate degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- A cumulative grade point average (GPA) of 3.0 for all graduate coursework.
- Current or a record of past employment in supervisory or management position is required for admission.

The University of Phoenix reserves the right to modify the required course of study until all programmatic requirements and approvals have been met. The University reserves the right to modify the required course of study.

Academic Progression Requirements for the EdD

Students are subject to the following academic progression require-
University of Phoenix, 2016-2017

ments:

- Learners meeting a minimum GPA of 3.5 may concurrently enroll in courses not in the following areas: Year 1 coursework (must successfully complete DOC 720R or 13 credits earned in EDS program), research courses (RES prefix), residency courses, and EDS 799.
- Students may have only one incomplete grade on their records at a time.
- Students must receive approval for each step prior to moving to subsequent steps in the dissertation process in the following order: Concept Review, Quality Review (QRM), Institutional Review Board (IRB), Quality Final Institutional Review (QRF), Oral Defense.
- Students must be enrolled in the appropriate concept, project, or dissertation course to submit to Concept Review, QRM, QRF, and complete the Oral Defense.
- Students must submit and receive written approval of the dissertation precis paper as a completion requirement for DOC 720R Doctoral Seminar I.
- Students who do not receive written approval of the dissertation precis paper will complete a seminar to work on and improve the precis paper for resubmission and approval.
- Concept review approval prior to enrollment in DOC 741.
- Quality review of dissertation proposal approval prior to enrollment in DOC 742.
- Quality review of proposal approval must be renewed if the final dissertation is not approved within 2 years of the approval date.
- Quality final Institutional review of dissertation during DOC 742.
- Enrollment in DOC 741R is required only when a student has not completed his or her dissertation within 12 months of achieving candidacy. Candidacy begins when a student has successfully completed a minimum of 53 credits in the required course of study including DOC 733R, DOC 734R, and an advanced research analysis elective course.
- Students who would like to repeat DOC 741R may repeat the course.

Academic Standing and Minimum Grade Requirements for the EdD

- Scholastic Disqualification courses and minimum grade requirements are included below and students who fail to meet the minimum grade may only repeat the course once. Students who fail to meet the minimum grade requirement after the second attempt will be scholastically suspended and will not be able to continue in the program.
- Students are required to achieve a minimum grade of "B" in the following course: DOC 700
- Students are required to achieve a minimum grade of "B-" in the following course: DOC 720R
- All credit-bearing courses, with the exception of DOC 700 and courses that are outlined in the syllabus as Pass/Fail, must be completed with a grade of "B-" or better. Students who earn a grade lower than "B-" must repeat the course until the minimum grade requirement is met.
- Students who do not meet minimum grade requirements and maintain a minimum GPA of 3.00 will be placed on academic probation (AP) and will be subject to the University academic probation policy.

Residency Requirements and Course Waivers for the EdD

Students must meet established University residency requirement for degree conferral. The University requires that 23 credits in the Required Course of Study, must be completed at UOPX.

Additionally, students must meet the following residency requirements:

- Completion of physical residencies.
  - Five-day residency at the beginning of the program.
  - Three-day residency at the beginning of year two.
  - Eight-day residency at the beginning of year three.
- If a student's dissertation has not been completed and approved by the dean within 12 months of achieving candidacy, he or she must submit DOC 741R, a two-credit, three-day weekend residency course. Candidacy begins when a student has successfully completed a minimum of 53 credits in the required course of study including DOC 733R, DOC 734R, and an advanced research analysis elective course.

Students may waive a maximum of 39 credits from their required course of study. In order to be granted a waiver with credit for a course in the required course of study, students must have completed a previous course that meets the following criteria:

- The course must have been completed and transcripted from a regionally, approved nationally, or provincially accredited college or university or one in candidacy for accreditation.
- The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following courses may not be waived: DOC 700, DOC 705R, DOC 720R, DOC 723, DOC 733R, DOC 734R, DOC 741, DOC 741R, DOC 742, LDR 711A

The dissertation may not be waived.

Re-entry for the EdD

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course will be required to re-enter and follow the admission, degree requirements and program policies published in the catalog which is in effect at the time of re-entry.
- Students who have been out of attendance over one year who have not exceeded their program completion deadline who wish to remain in their current program version will be required to appeal to the Student Appeals Center to move forward with the re-entry process.
- Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.

Additional Admission Requirements for the EdD/CI
All applicants are expected to meet the following admissions requirements:

- A graduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or equivalent graduate degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- A cumulative grade point average (GPA) of 3.0 for all graduate coursework on the graduate degree posted transcript is required for admission.
- Current or a record of past employment in supervisory or management position is required for admission.

Degree Requirements for the EdD/CI
- A minimum of 62 doctorate credits.
- A minimum grade point average (GPA) of 3.0.
- Satisfactory completion of all residencies.
- Written approval of the dissertation proposal.
- Satisfactory oral defense and written completion of the dissertation.
- The School of Advanced Studies (SAS) will allow Doctoral students, who have satisfied all program requirements with the exception of their dissertation, a one (1) year graduation deadline extension to allow additional time for dissertation completion. Students requesting an extension via SAC appeal must submit a letter from their Chair stating that they have demonstrated satisfactory progress and completion of the dissertation is probable if a one (1) year extension is granted.
- Students must satisfy all credit and non-credit bearing activities prior to commencement eligibility.
- Specializations are reflected on the transcript only and will not appear on the diploma.
- Students must submit a letter from their Chair stating that they have demonstrated satisfactory progress and completion of the dissertation is probable if a one (1) year extension is granted.
- Students may have only one incomplete grade on their records at a time.
- Students must receive approval for each step prior to moving to subsequent steps in the dissertation process in the following order: Concept Review, Quality Review (QRM), Institutional Review Board (IRB), Quality Final Institutional Review (QRF), Oral Defense.
- Students must be enrolled in the appropriate concept, project, or dissertation course to submit to Concept Review, QRM, QRF, and complete the Oral Defense.
- Students must submit and receive written approval of the dissertation precis paper as a completion requirement for DOC 720R Doctoral Seminar I.
- Students who do not receive written approval of the dissertation precis paper will complete a seminar to work on and improve the precis paper for resubmission and approval.
- Concept review approval prior to enrollment in DOC 741.
Qualifying review of dissertation proposal approval prior to enrollment in DOC 742.

Quality review of proposal approval must be renewed if the final dissertation is not approved within 2 years of the approval date.

Quality final Institutional review of dissertation during DOC 742.

Enrollment in DOC 741R is required only when a student has not completed his or her dissertation within 12 months of achieving candidacy. Candidacy begins when a student has successfully completed a minimum of 53 credits in the required course of study including DOC 733R, DOC 734R, and an advanced research analysis elective course.

Students who would like to repeat DOC 741R may repeat the course.

Academic Standing and Minimum Grade Requirements for the EdD/CI

Scholastic Disqualification courses and minimum grade requirements are included below and students who fail to meet the minimum grade may only repeat the course once. Students who fail to meet the minimum grade requirement after the second attempt will be scholastically suspended and will not be able to continue in the program.

Students are required to achieve a minimum grade of "B" in the following course: DOC 700

Students are required to achieve a minimum grade of "B"- in the following course: DOC 720R

All credit-bearing courses, with the exception of DOC 700 and courses that are outlined in the syllabus as Pass/Fail, must be completed with a grade of "B"- or better. Students who earn a grade lower than "B-" must repeat the course until the minimum grade requirement is met.

Students who do not meet minimum grade requirements and maintain a minimum GPA of 3.00 will be placed on academic probation (AP) and will be subject to the University academic probation policy.

Residency Requirements and Course Waivers for the EdD/CI

Students must establish University residency requirement for degree conferral. The University requires that 23 credits in the Required Course of Study, must be completed at University of Phoenix. Additionally, students must meet the following residency requirements:

Completion of physical residencies.

- Five-day residency at the beginning of the program.
- Three-day residency at the beginning of year two.
- Eight-day residency at the beginning of year three.

If a student’s dissertation has not been completed and approved by the dean within 12 months of achieving candidacy, he or she must attend DOC 741R, a two-credit, three-day weekend residency course. Candidacy begins when a student has successfully completed a minimum of 53 credits in the required course of study including DOC 733R, DOC 734R, and an advanced research analysis elective course.

Students may waive a maximum of 39 credits from their required course of study.

In order to be granted a waiver with credit for a course in the required course of study, students must have completed a previous course that meets the following criteria:

- The course must have been completed and transcripted from a regionally, approved nationally, or provincially accredited college or university or one in candidacy for accreditation.
- The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following courses may not be waived: DOC 700, DOC 705R, DOC 720R, DOC 723, DOC 733R, DOC 734R, DOC 741, DOC 741R, DOC 742, LDR 711A

The dissertation may not be waived.

Re-entry for the EdD/CI

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course will be required to re-enter and follow the admission, degree requirements and program policies published in the catalog which is in effect at the time of re-entry.
- Students who have been out of attendance over one year who have not exceeded their program completion deadline who wish to remain in their current program version will be required to appeal to the Student Appeals Center to move forward with the re-entry process.
- Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.

Doctor of Education in Educational Leadership/ Educational Technology

The following Doctor of Education in Educational Leadership/ Educational Technology (EdD/ET) program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The mission of the Doctor of Education in Educational Leadership degree program is to prepare students to become effective leaders who value diversity and academic integrity and have the competencies essential for shaping the future within complex educational environments. The program promotes a commitment to fostering innovation, collaboration, scholarship, and service. Throughout the program students will be educated in the concepts, knowledge and skills necessary to make valuable contributions to the field of education and society.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/ programs/edd-et.
EdD/ET Program Category Requirements
Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Doctoral Foundations, 4 total credits
DOC 700 .................................................................1 credit
Developing the Doctoral Identity
LDR 711A ~ .....................................................3 credits
Leadership Theory and Practice

Foundations in Educational Leadership and Technology, 9 total credits
EDD 711 ~ ...........................................................3 credits
Social Contexts and Contemporary Issues
CUR 711 ~ .....................................................3 credits
Developmental and Learning Theories
EDT 711 ~ .....................................................3 credits
Educational Technology Research

Research Foundations, 6 total credits
RES 709 ~ ........................................................3 credits
Research Conceptualization and Design
RES 710 ~ ........................................................3 credits
Statistical Research Methods and Design I

Advanced Research Design, 6 total credits
RES 720 ~ ........................................................3 credits
Statistical Research Methods and Design II
RES 724 ~ ........................................................3 credits
Qualitative Methods and Design

Techniques and Practices in Educational Technology, 9 total credits
EDT 721 ~ ........................................................3 credits
Instructional Design
EDT 722 ~ ........................................................3 credits
Distance Learning
EDT 723 ~ ........................................................3 credits
Instructional Media and Design Techniques

Doctoral Residencies, 10 total credits
DOC 705R ~ .....................................................3 credits
Creative and Critical Thinking
DOC 720R ~ ..................................................2 credits
Doctoral Seminar I
DOC 733R ~ ..................................................3 credits
Doctoral Seminar III
DOC 734R ~ ..................................................3 credits
Doctoral Seminar IV

Advanced Inquiry in Educational Technology Leadership, 6 total credits
EDT 732 ~ ........................................................3 credits
Integrating Technology and Curriculum
EDT 733 ~ ........................................................3 credits
Technology Leadership

Advanced Research Analysis, 3 total credits
RES 725 ~ .........................................................3 credits
Descriptive and Comparative Data Analysis
RES 726 ~ .........................................................3 credits
Correlational Methods of Analysis
RES 727 ~ .........................................................3 credits
Approaches to Phenomenological Inquiry and Data Analysis

Qualitative Case Study
RES 729 ~ .........................................................3 credits
Ethnomethodology and the Study of Culture
RES 745 ~ .........................................................3 credits
Grounded Theory Methods
RES 746 ~ .........................................................3 credits
Mixed Methods

Dissertation, 9 total credits
DOC 723 ~ ........................................................3 credits
Doctoral Seminar II
DOC 741 ~ ........................................................3 credits
Doctoral Dissertation
DOC 742 ~ ........................................................3 credits
Doctoral Project IV

Annual Renewal Residency
Students may be required to complete DOC 741R (2-credit course) in addition to the required Doctoral Residency courses. Enrollment in DOC 741R is required only when a student’s dissertation has not been completed and approved by the dean within 12 months of achieving candidacy. Candidacy begins when a student has successfully completed a minimum of 53 credits in the required course of study including DOC 733R, DOC 734R, and an advanced research analysis elective course.

DOC 741R ..............................................................2 credits
Annual Renewal Residency
The following courses are not part of the required course of study; however, are available to students as an extension to satisfy the dissertation and project requirements for the doctoral program. Students have the option to complete the A or A and B courses for either DOC 741 and/or DOC 742 to ensure that all programmatic requirements and approvals have been met.

Seminar II Extension
DOC 787 ~ ............................................................0 credits
Concept Continuing Enrollment I
DOC 788 ~ ............................................................1 credit
Concept Continuing Enrollment II

Dissertation Extension
DOC 741A ~ .....................................................3 credits
Doctoral Dissertation
DOC 741B ~ .....................................................3 credits
Doctoral Dissertation
DOC 887 ~ ............................................................0 credits
Dissertation Continuing Enrollment I
DOC 888 ~ ............................................................1 credit
Dissertation Continuing Enrollment II
DOC 889 ~ ................................................................. 0 credits
Dissertation Continuing Enrollment I
DOC 890 ~ ................................................................. 1 credit
Dissertation Continuing Enrollment II
DOC 891 ~ ................................................................. 0 credits
Dissertation Continuing Enrollment I
DOC 892 ~ ................................................................. 1 credit
Dissertation Continuing Enrollment II

Project Extension
DOC 742A ~ ................................................................. 3 credits
Doctoral Project IV
DOC 742B ~ ................................................................. 3 credits
Doctoral Project IV
DOC 987 ~ ................................................................. 0 credits
Project Continuing Enrollment I
DOC 988 ~ ................................................................. 1 credit
Project Continuing Enrollment II
DOC 989 ~ ................................................................. 0 credits
Project Continuing Enrollment I
DOC 990 ~ ................................................................. 1 credit
Project Continuing Enrollment II
DOC 991 ~ ................................................................. 0 credits
Project Continuing Enrollment I
DOC 992 ~ ................................................................. 1 credit
Project Continuing Enrollment II

Students may be required to complete DOC 741B and DOC 742B until all programmatic requirements and approvals have been met. The University reserves the right to modify the required course of study.

Additional Admission Requirements for the EdD/ET

All applicants are expected to meet the following admissions requirements:

- A graduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or equivalent graduate degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- A cumulative grade point average (GPA) of 3.0 for all graduate coursework on the graduate degree posted transcript is required for admission.
- Current or a record of past employment in supervisory or management position is required for admission.

Degree Requirements for the EdD/ET

- A minimum of 62 doctorate credits.
- A minimum grade point average (GPA) of 3.0.
- Satisfactory completion of all residencies.
- Written approval of the dissertation proposal.
- Satisfactory oral defense and written completion of the dissertation.

- The School of Advanced Studies (SAS) will allow Doctoral students, who have satisfied all program requirements with the exception of their dissertation, a one (1) year graduation deadline extension to allow additional time for dissertation completion. Students requesting an extension via SAC appeal must submit a letter from their Chair stating that they have demonstrated satisfactory progress and completion of the dissertation is probable if a one (1) year extension is granted.
- Students must satisfy all credit and non-credit bearing activities prior to commencement eligibility.
- Specializations are reflected on the transcript only and will not appear on the diploma.
- The diploma awarded for this program will read as: Doctor of Education

Academic Progression Requirements for the EdD/ET

Students are subject to the following academic progression requirements:

- Learners meeting a minimum GPA of 3.5 may concurrently enroll in courses not in the following areas: Year 1 coursework (must successfully complete DOC 720R or 13 credits earned in EDS program), research courses (RES prefix), residency courses, and EDS 799.
- Students may have only one incomplete grade on their records at a time.
- Students must receive approval for each step prior to moving to subsequent steps in the dissertation process in the following order: Concept Review, Quality Review (QRM), Institutional Review Board (IRB), Quality Final Institutional Review (QRF), Oral Defense.
- Students must be enrolled in the appropriate concept, project, or dissertation course to submit to Concept Review, QRM, QRF, and complete the Oral Defense.
- Students must submit and receive written approval of the dissertation precis paper as a completion requirement for DOC 720R Doctoral Seminar I.
- Students who do not receive written approval of the dissertation precis paper will complete a seminar to work on and improve the precis paper for resubmission and approval.
- Concept review approval prior to enrollment in DOC 741.
- Quality review of dissertation proposal approval prior to enrollment in DOC 742.
- Quality review of proposal approval must be renewed if the final dissertation is not approved within 2 years of the approval date.
- Quality final Institutional review of dissertation during DOC 742.
- Enrollment in DOC 741R is required only when a student has not completed his or her dissertation within 12 months of achieving candidacy. Candidacy begins when a student has successfully completed a minimum of 53 credits in the required course of study including DOC 733R, DOC 734R, and an advanced research analysis elective course.
- Students who would like to repeat DOC 741R may repeat the course.

Academic Standing and Minimum Grade Requirements for the
EdD/ET

- Scholastic Disqualification courses and minimum grade requirements are included below and students who fail to meet the minimum grade may only repeat the course once. Students who fail to meet the minimum grade requirement after the second attempt will be scholastically suspended and will not be able to continue in the program.
- Students are required to achieve a minimum grade of "B" in the following course: DOC 700
- Students are required to achieve a minimum grade of "B-" in the following course: DOC 720R
- All credit-bearing courses, with the exception of DOC 700 and courses that are outlined in the syllabus as Pass/Fail, must be completed with a grade of "B-" or better. Students who earn a grade lower than "B-" must repeat the course until the minimum grade requirement is met.
- Students who do not meet minimum grade requirements and maintain a minimum GPA of 3.00 will be placed on academic probation (AP) and will be subject to the University academic probation policy.

Residency Requirements and Course Waivers for the EdD/ET

Students must meet established University residency requirement for degree conferral. The University requires that 23 credits in the Required Course of Study, must be completed at University of Phoenix.

- Completion of physical residencies.
  - Five-day residency at the beginning of the program.
  - Three-day residency at the beginning of year two.
  - Eight-day residency at the beginning of year three.
- If a student's dissertation has not been completed and approved by the dean within 12 months of achieving candidacy, he or she must attend DOC 741R, a two-credit, three-day weekend residency course. Candidacy begins when a student has successfully completed a minimum of 53 credits in the required course of study including DOC 733R, DOC 734R, and an advanced research analysis elective course.

Students may waive a maximum of 39 credits from their required course of study.

In order to be granted a waiver with credit for a course in the required course of study, students must have completed a previous course that meets the following criteria:

- The course must have been completed and transcripted from a regionally, approved nationally, or provincially accredited college or university or one in candidacy for accreditation.
- The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following courses may not be waived: DOC 700, DOC 705R, DOC 720R, DOC 723, DOC 733R, DOC 734R, DOC 741, DOC 741R, DOC 742, LDR 711A

The dissertation may not be waived.

Re-entry for the EdD/ET

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course will be required to re-enter and follow the admission, degree requirements and program policies published in the catalog which is in effect at the time of re-entry.
- Students who have been out of attendance over one year who have not exceeded their program completion deadline who wish to remain in their current program version will be required to appeal to the Student Appeals Center to move forward with the re-entry process.
- Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.
PROFESSIONAL PROGRAMS

CREDIT-BEARING CERTIFICATE PROGRAMS

The University of Phoenix offers Professional Certificate programs to organizations and individuals with professional development or specialized training needs. The programs effectively blend theory and practice, enabling the individual to rapidly become a more effective manager or specialist.

Certificate programs are currently available in several fields: technology, education, call center professional, human resource management, health care, and project management.

A Credit Bearing Certificate program is one that bears University of Phoenix credits. Credit Bearing Certificate programs are developed and maintained by the Dean of each College.

Admission Requirements

All applicants are expected to meet the following admission requirements:

- A completed and signed certificate application and application fee.
- Applicants whose native language is not English must have either:
  - achieved a minimum score of 213 on the computer-based test (cBT), or a score of 79 on the internet-based test (iBT), or a score of 550 on the written-based test (wBT) on the Test of English as a Foreign Language (TOEFL) within two years of application to the University.
  - or-
  - achieved a minimum passing score of 750 on the Test of English as an International Communication (TOEIC) within two years of application to the University.
  - or-
  - achieved a minimum passing score of 6.5 on the test of the International English Language Testing System (IELTS) within two years of application to the University.
  - or-
  - achieved a minimum score of 69 on the Berlitz Online Test of Reading and Listening Skills - English or a minimum score of 550 on the Berlitz Online English Proficiency Exam within two years of application to the University.
  - or-
  - successful completion of the approved ESL series of courses completed at: Canadian College of English Language (CCEL), International Language Schools of Canada (ILSC) or Kaplan.
  - or-
  - achieved a minimum score of 59 on the Pearson Test of English Academic Exam within two years of application to the University.

The following may exempt a non-native speaker from having to take the TOEFL/TOEIC/IELTS, however official documentation may be required:

- The applicant has successfully completed thirty (30) transferable, academic semester credits at a regionally or nationally accredited college or university in the United States.
- The applicant has previously earned, prior to applying for admission to the University of Phoenix, a U.S. high school diploma or G.E.D. Applicants that list any language other than English as their native language on the admission application and G.E.D is taken, must submit a copy of the G.E.D to verify it was taken in the English version format.
- The applicant has earned the equivalent of a U.S. high school diploma in a country where English is the official language.
- The applicant has earned the equivalent of a U.S. high school diploma at an institution where English is the medium of instruction.

Only students who reside within the United States and its territories are eligible to enroll into a University of Phoenix bachelor or master of education program.

Applicants who reside in the United States must meet one of the following requirements:

- Be a legal resident of the United States
- Have been granted permanent residency
- Have a valid visa that does not prohibit educational studies
- Have been granted temporary protected status and has been verified through Citizenship and Immigration Service that the country is eligible for TPS status at the time of application sign date. Student must list TPS as the visa type on the admissions application in order for US to verify TPS status.
- Have been granted asylum or refugee status.

Applicants who reside in Canada must meet one of the following requirements:

- Be a legal resident of Canada
- Be a landed immigrant
- Have a valid visa that does not prohibit educational studies
- A signed Enrollment/Disclosure Agreement.
- Completion of any state-specific required documents or forms.
- Applicants who have been expelled from other institutions are not eligible for admission to University of Phoenix.
- Students who have been expelled from University of Phoenix are not eligible for readmission to University of Phoenix. No appeals will be accepted.
- Students are subject to all other University policies and procedures and additional requirements may be applied to specific programs at the discretion of the Dean.

Students who begin their studies at campuses located in the states listed below are required to submit immunization information to the University. The state appropriate forms must be completed and
sent to Office of Admissions & Records.

- Students attending a local campus in Oklahoma must provide written documentation of vaccinations or immunity against Hepatitis B, measles, mumps, and rubella (MMR). Students must demonstrate compliance with the immunization requirement prior to the first attendance in a university course and documentation concerning this requirement must be on file at the time of admission to the university.

- Students attending a physical campus in the state of Tennessee are required to submit a Hepatitis B Waiver form to the University.

Students attending a local campus in the states listed below are required to submit health insurance information to the University. The state appropriate forms must be completed and sent to Office of Admissions & Records.

- Full and part-time students enrolled in a college, university or other institution of higher learning in Massachusetts must participate in a school sponsored health insurance plan, or an alternate plan with comparable coverage. All full and part-time students attending a Massachusetts local campus must complete the Student Health Insurance Plan Enrollment/Acknowledgement form indicating either that they have either enrolled in the University’s sponsored plan or that they decline participation in the University sponsored plan as they have comparable health insurance coverage. Students must complete and submit this form prior to enrolling in any class. Students who do not complete the Enrollment/Acknowledgement form each calendar year may not enroll in further courses until the form has been completed and the student has appropriate health insurance coverage.

Students who begin their studies at campuses located in Hawaii are required to submit immunization information to the University. The state appropriate forms must be completed and sent to Office of Admissions & Records.

The Hawaii State Department of Health requires that all students attending school at a campus in this state who were born after December 31, 1956, be immunized for measles-mumps-rubella (MMR). Students shall demonstrate compliance with the immunization requirement prior to the first attendance in a university course and documentation concerning this requirement must be on file at the time of admission to the university.

Exemptions from the MMR immunization requirement may be granted for the following reasons:

- A medical exemption may be granted to specific vaccines.
- A U.S. licensed physician (M.D. or D.O.) must state in writing that giving a specific vaccine would endanger the student’s life or health, and specify the reason based on valid medical contraindications.
- The physician must state the length of time during which the vaccine would endanger the student’s health or life.
- The exemption certification must be signed by the physician on the physician’s printed stationery.
- A religious exemption may be granted if the student signs a statement certifying that the student’s religious beliefs prohibit the practice of immunization.
- If the State of Hawaii Director of Health determines that there is a danger of an outbreak from any of the diseases for which immunization is required, no exemption shall be recognized and inadequately immunized students shall be excluded from school until the Director has determined that the outbreak is over.
- A copy of each exemption must be kept in the student’s health record at school.

The Hawaii State Department of Health requires that all students attending school at a campus in this state shall provide a Certificate of TB Examination issued in the United States within 12 months prior to their first attendance in a post-secondary school in Hawaii. A completed Certificate of TB Examination shall be submitted prior to the first night of class or the student will not be permitted to attend class. Students shall complete Section A of this form, or submit a copy of their TB Clearance Certification received prior to their attendance at another Hawaii post-secondary school.

Students residing in the state of Connecticut are required to submit immunization information to the University. The state appropriate forms must be completed and sent to Office of Admissions & Records.

In accordance with Section 10a-155 of the Connecticut general statutes, all full time or matriculating students will be required to demonstrate proof of adequate immunization against measles, mumps, rubella (MMR) and varicella as recommended by the Advisory Committee for Immunization Practices (ACIP). For more specific state information, refer to the link below. Students shall demonstrate compliance with the immunization requirement prior to the first attendance in a university course and documentation concerning this requirement must be on file at the time of admission to the university.

Exemptions from the MMR and varicella immunization requirements may be granted for the following reasons:

- The student was born before January 1, 1957 (applicable to MMR vaccine only).
- The student was born in the United States before January 1, 1980 (applicable to the varicella (chicken pox) vaccine only)
- The student has documentation from a physician stating that it is medically inadvisable to receive the vaccines for the one or more of the diseases as indicated on the immunization form.
- The student has documentation from a physician or director of health that he/she has had a confirmed case of one or more of the diseases as indicated on the immunization form.
- The student has laboratory confirmation of immunity to the disease(s) as indicated on the immunization form.
- The student has submitted a statement that immunization is contrary to his/her religious beliefs.
- The student is enrolled exclusively in the Online Campus and does not congregate with other students on campus or at campus-sponsored events. If the student later decides to attend a class at a University of Phoenix local campus location in Connecticut, the student must meet the immunization requirements before he/she may begin attending classes at a local campus location.
- The student graduated from a public or nonpublic high school in the state of Connecticut in 1999 or later and was not exempt from the measles, rubella and on or after August 1, 2010, the mumps vaccination requirement pursuant to subdivision (2) or (3) of subsection (a) of section 10a-204a.
CERTIFICATE PROGRAMS FOR SCHOOL OF BUSINESS - UNDERGRADUATE

Hospitality Management Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Hospitality Management certificate will prepare students for careers in the hospitality industry. The program emphasizes the development of skills in hospitality leadership and development; service operations management; managing information technology within hospitality; data analysis for decision-making within hospitality, and strategy revenue management. Upon completion of this program students will possess the knowledge and skills needed to become leaders in the hospitality industry.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cert-hpm.

Program Category Requirements and Prerequisites for the CERT/HPM

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Introductory Course, 3 total credits
HM 370 ................................................................. 3 credits
Hospitality Management

Hospitality Management Electives, 12 total credits
BIS 303 ~ .......................................................... 3 credits
Managing Information Technology in the Hospitality Industry
ISCOM 386 ~ .................................................. 3 credits
Service Operations Management
MGT 314 ~ ..................................................... 3 credits
Hospitality Entrepreneurship
REV 400 ~ ..................................................... 3 credits
Introduction to Revenue Management
REV 405 ~ ..................................................... 3 credits
Hospitality Pricing and Yield Management
REV 410 ~ ..................................................... 3 credits
Revenue Management Strategy and Implementation
HM 482 ~ ..................................................... 3 credits
Hospitality Analytics for Decision Making
MGT 455 ~ ..................................................... 3 credits
Risk Management in the Hospitality Industry
MKT 444 ~ ..................................................... 3 credits
Hospitality Marketing
HM 475 ~ ..................................................... 3 credits
Hospitality Decision Analysis Capstone
HM 476 ~ ..................................................... 3 credits

Hospitality Decision Analysis Applied Capstone
The University reserves the rights to modify the required course of study.

Additional Admission Requirements for the CERT/HPM

A Credit Bearing Certificate program is one that bears University of Phoenix credits. Credit Bearing Certificate programs are developed and maintained by the Dean of each School.

All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body; GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Tennessee: Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.
- Applicants must have access to a suitable work environment for the completion of course assignments.

Certificate Completion Requirements for the CERT/HPM

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for this program will read as: Hospitality Management (Undergraduate)

Residency Requirements and Course Waivers for the CERT/HPM

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:
- The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.

The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request. Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.

Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student's required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy.

The following course may not be waived: HM 475, HM 476

**Applied Capstone Policies**

- Students in this program may elect to complete a Hospitality Decision Analysis Applied Capstone course, HM 476, to coincide with a real-world applied capstone location. The applied capstone course is 5 weeks in length and the access to the real-world applied capstone location must be a minimum of 5 weeks in length to coincide with the Hospitality Decision Analysis Applied Capstone course.

- Students must meet the following requirements prior to enrolling in HM 476:
  - Must be in good academic standing. Good academic standing is defined as not on academic probation, academic disqualification, and no student code of conduct violation on their record.
  - Must receive campus Academic Affairs approval for the student's selected site.
  - Must successfully complete 15 credits in the CERT/HPM program.

- HM 476 is 5 weeks in length. This course require a minimum of 25 hours, or an average of 5 hours per week at an approved applied capstone location.

- If access to the applied capstone course is cancelled, terminated, or the student self-terminates from the approved applied capstone course location without campus Academic Affairs approval, the student will be withdrawn from class and will be issued a grade of "F" by their faculty member. Student must take HM 475 Hospitality Decision Analysis. Students will not be permitted to have a second attempt at passing the applied capstone course.

- If the applied capstone is not completed with a passing grade, the student must take HM 475 Hospitality Decision Analysis. Students will not be permitted to have a second attempt at passing the applied capstone course.

- At the discretion of the Campus DAA or designee, outstanding student code of conduct issues may prevent a candidate's progression to the applied capstone course until the issue is resolved.

- The Student Code of Conduct applies to student behavior and actions that occur at the approved real-world applied capstone location.

---

**Re-entry for the CERT/HPM**

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.

- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

- Select programs may have additional re-entry requirements/ restrictions. Re-entry students should consult their Academic Advisor for guidance.

---

**Retail Fundamentals Certificate (Undergraduate)**

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The certificate in Retail Fundamentals focuses on skill development in customer service management, sales and marketing, supply management, retail operations, merchandising, and personnel management unique to the retail industry. Upon completion of this certificate, students will possess the industry-aligned knowledge and skills necessary to be successful professionals in the retail industry.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at [http://www.phoenix.edu/programs/cert-retf](http://www.phoenix.edu/programs/cert-retf).

**Program Category Requirements and Prerequisites for the CERT/RETF**

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

**Introductory Course, 3 total credits**

BRM 216 ~ Introduction to the Retail Industry 3 credits

**Customer Service Management, 3 total credits**

BRM 226 ~ Customer Service Management 3 credits

**Retail Fundamentals Electives, 9 total credits**

BRM 236 ~ Sales, Tools, and Strategies 3 credits

BRM 246 ~ Retail Marketing: Merchandising 3 credits

BRM 256 ~ Retail Personnel Management 3 credits

BRM 266 ~ Retail Operations: Supply Management 3 credits
Leadership and Supervision Capstone, 3 total credits

BRM 276 ~ ................................................................. 3 credits
Leadership and Supervision in Retail Capstone
BRM 277 ~ ................................................................. 3 credits
Leadership and Supervision in Retail Applied Capstone

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the CERT/RETF
A Credit Bearing Certificate program is one that bears University of Phoenix credits. Credit Bearing Certificate programs are developed and maintained by the Dean of each School. All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Tennessee: Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.

Certificate Completion Requirements for the CERT/RETF

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for this program will read as follows: Retail Fundamentals (Undergraduate)

Residency Requirements and Course Waivers for the CERT/RETF

Students must meet the established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 3 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:

- The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.

- The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits

- The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.

Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student's required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy.

The following courses may not be waived: BRM 216, BRM 226, BRM 276, BRM 277

Applied Capstone Policies for the CERT/RETF

- Students in this program may elect to complete a Leadership and Supervision within Retail Applied Capstone course, BRM 277, to coincide with a real-world applied capstone location. The applied capstone course is 5 weeks in length and the access to the real-world applied capstone location must be a minimum of 5 weeks in length to coincide with the Leadership and Supervision in Retail Applied Capstone course.

- Students must meet the following requirements prior to enrolling in BRM 277:
  - Must be in good academic standing. Good academic standing is defined as not on academic probation, academic disqualification, and no student code of conduct violation on their record.
  - Must receive campus Academic Affairs approval for the student’s selected site.
  - BRM 277 is 5 weeks in length. This course require a minimum of 25 hours, or an average of 5 hours per week at an approved location.

  - If access to the applied capstone course is cancelled, terminated, or the student self-terminates the approved applied capstone course location without campus Academic Affairs approval, the student will be withdrawn from class and will be issued a grade of "F" by their faculty member. Student must take BRM 276 Leadership and Supervision in Retail Capstone. Students will not be permitted to have a second attempt at passing the approved capstone course.

  - If the applied capstone is not completed with a passing grade, the student must take BRM 276 Leadership and Supervision in Retail Capstone. Students will not be permitted to have a second attempt at passing the applied capstone course.

  - At the discretion of the Campus DAA or designee, outstanding student code of conduct issues may prevent a candidate’s progression to the applied capstone course experience until the issue is resolved.

  - The Student Code of Conduct applies to student behavior and actions that occur at the approved real-world applied capstone location.
Re-entry for the CERT/RETTF
• Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
• Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.
• Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
• Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Hospitality Fundamentals Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Certificate in Hospitality Fundamentals helps students build a foundation of knowledge in an array of food service, lodging management, and tourism industry settings. The courses emphasize the development of leadership competencies and management practices that are valued in today’s hospitality industry.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, School of Business graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.
• Students will explain the role quality management plays in the hospitality industry.
• Students will recognize the unique characteristics associated with the hospitality industry.
• Students will describe key operational functions vital to the hospitality business.
• Students will explain the role quality management plays in building effective teams in the hospitality industry.

Preferred Sequence for the CERT/RETTF
Courses requiring prerequisites are identified by a ~ symbol followed by a number which reference prerequisites required. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Additional Admission Requirements for the CERT/SBE

A Credit Bearing Certificate program is one that bears UOPX credits. Credit Bearing Certificate programs are developed and maintained by the Dean of each School.

All applicants are expected to meet the following admissions requirements:

• High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body. GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HSET examination with a passing grade.
• Tennessee: Students residing in Tennessee who are attending a local campus in Tennessee, including from any cross-border locations must provide the University with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.
• Applicants must have access to a suitable work environment for the completion of course assignments.

Certificate Completion Requirements for the CERT/SBE

• Completion of a minimum of 18 credits.
• A minimum grade point average (GPA) of 2.0.
• Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
• Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.

The certificate awarded for this program will read as:

Small Business Management and Entrepreneurship (Undergraduate)

Residency Requirements and Course Waivers for the CERT/SBE

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 3 credits from their required course of study.

In order to be granted a waiver with credit for a course in the
Operations Management Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs are available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Operations Management certificate provides students with a strategic approach to managing performance improvement of all business planning, global sourcing and procurement, production, and logistical activities within an organization’s operations division. Upon completion of this program students will be able to evaluate quality management approaches within operations, examine logistics management strategies, summarize purchasing and procurement decisions, and identify global sourcing opportunities to enhance the efficiency of an organization’s operations management division.

Required Course of Study for the CERT/OPS

The following courses may not be waived: MGT 465

Systems Operations Management
MGT 420 ~ ................................................................. 3 credits
Managing Quality in the Supply Chain
ISCOM 374 ~ ................................................................. 3 credits
Integrated Logistics Management
Students must choose 3 of the following:
  BIS 375 ~ ................................................................. 3 credits
Supply Chain Information Management in Online Environments
ISCOM 361 ~ ................................................................. 3 credits
Purchasing and Procurement
ISCOM 383 ~ ................................................................. 3 credits
Global Value Chain Management
ISCOM 386 ~ ................................................................. 3 credits
Service Operations Management
ISCOM 472 ~ ................................................................. 3 credits
Lean Enterprise

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the CERT/OPS

• High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
• Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.
• Applicants must have access to a suitable work environment for the completion of course assignments.

Certificate Completion Requirements for the CERT/OPS

• Completion of a minimum of 18 credits.
• A minimum grade point average (GPA) of 2.0.
• Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
• Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferal.

The certificate awarded for this program will read as: Operations Management (Undergraduate)
Residency Requirements and Course Waivers for the CERT/OPS

- Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits, be completed at University of Phoenix.
- Students in this program may waive a maximum of 3 credits from their required course of study.
- In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit-bearing activity in transfer which meets the following criteria:
  - The activity must have been completed at a regionally accredited or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
  - The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
  - The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
  - Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.
  - Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student’s required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in the University Transfer policy.

Re-entry for the CERT/OPS

With the exception of AAEE, BS/E, BSL/BSN, BSN/LPN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, will not be required to complete GEN 200 (or equivalent) upon re-entry.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Marketing Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Marketing certificate addresses how to identify customer needs, how to communicate information about products and services to customers and potential customers, where to market, the pricing of products and services, and how to respond to growing demands in different countries and cultures. The program builds upon the foundational marketing course and allows further study in the areas of consumer behavior, marketing research, public relations, product and brand management, and small business marketing. Marketing managers need creative, analytical, and leadership abilities to manage the marketing function of the business enterprise.

Required Course of Study for the CERT/MKT

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

MKT 421 Marketing ........................................................................................................... 3 credits
MKT 435 Consumer Behavior ............................................................................................ 3 credits
MKT 498 Integrated Marketing Strategies Students must choose 3 of the following:
BRM 353 ......................................................................................................................... 3 credits
Product and Brand Management MKT 411 ................................................................................. 3 credits
Green Marketing MKT 438 ............................................................................................... 3 credits
Public Relations MKT 441 ............................................................................................... 3 credits
Marketing Research MKT 444 ........................................................................................... 3 credits
Hospitality Marketing
The University reserves the right to modify the required course of study.

**Additional Admission Requirements for the CERT/MKT**
- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.
- Applicants must have access to a suitable work environment for the completion of course assignments.

**Certificate Completion Requirements for the CERT/MKT**
- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the completion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for this program will read as: Marketing (Undergraduate)

**Residency Requirements and Course Waivers for the CERT/MKT**
- Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.
- Students in this program may waive a maximum of 3 credits from their required course of study.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/ restrictions. Re-entry students should consult their Academic Advisor for guidance.
Human Resource Management Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Human Resource Management certificate prepares students to develop an understanding of the fundamentals of human resource management and its strategic relevance in business. The program addresses the legal and ethical components of the decision making process involved in the human resources environment. Students will also develop an understanding of the critical business implications for human resource professionals today and in the future. HR practitioners and managers must be equipped with a solid understanding of the fundamentals of human resource management, along with strong skills in the areas of systems thinking, problem solving, influencing, negotiating, communications, and leadership. This program is consistent with generally accepted human resource management principles, including the professional certification knowledge areas.

Required Course of Study for the CERT/HRM

- The certificate awarded for this program will read as: Business Administration (Undergraduate)

**Residency Requirements and Course Waivers for the CERT/BADM**

- Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.
- Students in this program may waive a maximum of 3 credits from their required course of study.
- In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:
  - The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
  - The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of ‘C’ (2.0) or better or comparable passing benchmark for nontraditional credits.
  - The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e., graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
  - Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.
  - Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student’s required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy.

**Re-entry for the CERT/BADM**

- The following course may not be waived: MGT 448

With the exception of AAE, BSED/E, BSLS, LVN/BSN, LPN/BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll.
in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork will not be required to complete GEN 200 (or equivalent) upon re-entry.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

**Bookkeeping Fundamentals Certificate (Undergraduate)**

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Bookkeeping Fundamentals Certificate focuses on the role of accounting in business and management. Students will encounter real-world scenarios where they will use accounting information resources and systems, and present conclusions based on accounting and business data. Additionally, students will use ledgers, journals, and worksheets to complete formal, informal, and quantitative accounting tasks.

**Required Course of Study for the CERT/BKPN**

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

- **BIS 220** Introduction to Computer Applications and Systems .................................................. 3 credits
- **QNT 275** Statistics for Decision Making ...................................................................................... 3 credits
- **BCOM 230** Business Communication for Accountants .............................................................. 3 credits
- **ACC 290** Principles of Accounting I .................................................................................................. 3 credits
- **MGT 230** Management Theory and Practice ...................................................................................... 3 credits
- **ACC 291** Principles of Accounting II .................................................................................................. 3 credits

The University reserves the right to modify the required course of study.

**Additional Admission Requirements for the CERT/BKPN**

Applicants must be at least 16 years of age at the time of application.

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.
- Demonstration of basic skills proficiency in mathematics.

Students have the following options to satisfy this requirement:

- Students must pass the Praxis I or Praxis Core exam at the cut score determined by the School of Business (Math - 170).
- Students must pass the ACT at the cut scores determined by the national benchmark (Mathematics - 170).
- Transfer credit may be used by students who have achieved a C- or better in a college algebra or comparable course of at least 2.67 semester credits completed at a regionally or approved nationally accredited institution. Transfer courses used to fulfill this requirement must be eligible to receive general education credit.
- Achieve a passing score eligible for credit on an approved mathematics related National Testing Program.

Current Approved National Testing Programs are:

**CLEP® Examination**

- College Mathematics
- College Algebra
- Pre-calculus
- Calculus

**DANTES Examination**

- Principles of Statistics
- Business Mathematics

**Advanced Placement Examination**

- Calculus AB
- Calculus BC
- Statistics

- Successful completion (passing grade) of University of Phoenix mathematics course MAT 116, equivalent or higher.
- Achieve minimum passing score on a UOPX approved placement exam.
- Achieve a passing score on the School of Business math readiness exam. (MyMathTest Assessment - 70%)
- Students who have previously completed a nationally or regionally accredited two year Associate degree or higher will be considered to have demonstrated the basic skills math proficiency.
Certificate Completion Requirements for the CERT/BKPN

• Completion of a minimum of 18 credits.
• A minimum grade point average (GPA) of 2.0.
  • Students earning the certificate en-route will only be placed on Academic Probation if their associate program GPA falls below the minimum requirement.
• Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
• The certificate awarded for this program will read as: Bookkeeping Fundamentals (Undergraduate)

Residency Requirements and Course Waivers for the CERT/ BKPN

Students must meet the established University residency requirement for certificate conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:

• The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
• The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of “C” (2.0) or better or comparable passing benchmark for nontraditional credits.
• The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
• Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.

Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student’s required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy.

Re-entry for the CERT/BKPN

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/ restrictions. Re-entry students should consult their Academic Advisor for guidance.

Digital Marketing Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

With the emergence of social media, businesses are recognizing the need to enhance their marketing mix by connecting through digital channels. The digital marketing certificate emphasizes an understanding of digital marketing, social media, Internet marketing, consumer behavior, web analytics, search engine optimization, and advertising and creativity strategy. Upon completion of this certificate students will possess the knowledge and skills necessary to identify demand for products and services and digital marketing strategies.

Required Course of Study for the CERT/DMKT

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

MKT 421 ............................................................................... 3 credits Marketing
MKT 440 ~ ............................................................................... 3 credits Fundamentals of Digital Marketing
MKT 443 ~ ............................................................................... 3 credits Integrated Marketing Strategies
MKT 447 ............................................................................... 3 credits Experiential Learning Credit
MKT 448 ............................................................................... 3 credits
MKT 455 ~ ............................................................................... 3 credits Social Media Marketing

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

CERTIFICATE PROGRAMS FOR SCHOOL OF BUSINESS - GRADUATE

Graduate Human Resource Management Certificate

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Graduate Human Resource Management Certificate Program addresses issues which the human resource professional faces daily, from legal matters to staff recruitment and development. This program is designed for those who have functional responsibility to carry out the duties of an organization’s human resource department; seasoned human resource staff members wishing to keep current; newcomers to the field requiring new knowledge and skills; and specialists wanting to broaden their knowledge. Major topic areas covered include the role of human resources, employment practices, employee and labor relations, compensation, benefits, safety and health, and employee development. Participants acquire knowledge and skills that are essential in addressing the challenges of the human resource profession. For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/ghrm.

- HRM 548~ Recruitment and Retention Practices
- HRM 552~ Organizational Training and Development
- HRM 558~ Research in Human Resource Management

The University reserves the right to modify the required course of study.

General Information for the CERT/G-HRM

- This certificate program may be taken on its own or may be earned en-route to earning a graduate degree. Students wishing to earn the certificate en-route must be enrolled in the corresponding “Certificate Track” graduate program.
- Students who completed a certificate in its entirety and who later choose to enroll in a graduate program with a concentration in the same area of focus as the completed certificate will not be required to enroll in the Certificate Track.

Additional Admission Requirements for the CERT/G-HRM

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- Applicants must have access to a suitable work environment for the completion of course assignments.
- A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.

Certificate Completion Requirements for the CERT/G-HRM

- Completion of a minimum of 15 credits.
- A minimum grade point average (GPA) of 3.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their graduate program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for this program will read as: Graduate Human Resource Management

Residency Requirements and Course Waivers for the CERT/G-HRM

- Completion of a minimum of 12 credit of the required course of study to meet University residency requirements.
- Students in this program may waive a maximum of 3 credits from their required course of study.
- In order to be granted a waiver for a course in the required course of study, the student must have completed a previous course which meets the following criteria:
• The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
• The course must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
• Students completing this certificate en-route to the MHA/MBA Certificate Track program must appeal to the Student Appeals Center (SAC) to waive a certificate course that is required for their selected MHA/MBA concentration.
• The following course in the Required Course of Study may not be waived: HRM 595

Re-entry for the CERT/G-HRM

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Graduate Accounting Certificate

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

Students in the Graduate Accounting Certificate will develop an understanding of accounting concepts and applications. Students will also become competent in the use of appropriate analytical tools and technologies. They will be sensitive to legal, ethical, and social values in the conduct and communication of accounting practice and decisions. In addition, students will have an understanding of a portion of the topics required in preparation for the CPA exam: Audit & Attestation, Financial Accounting & Reporting, Regulation, and Business Environment & Concepts. The Graduate Accounting Certificate is designed for students who want to enhance their accounting management skills, enter the accounting profession, or complete additional coursework required for the CPA exam. While completing this program, students who may be planning to take the CPA exam will utilize CPA Test Preparation software in conjunction with their course work.

Note: Each state sets forth standards required to be eligible to take the CPA exam and apply for licensure or certification as a CPA. While this program was designed with consideration for the standards proposed by the National Association of State Boards of Accounting (NASBA), the University of Phoenix cannot, and will not, provide any assurance that completion of this program will allow a successful student to qualify within the student’s specific jurisdiction. Potential applicants should check with the appropriate organization within their jurisdiction to determine if this program, combined with their undergraduate degree and any other specific criteria, meets the requirements to qualify for examination in that specific jurisdiction. States frequently change their requirements for examination. There is no assurance that at the time of degree completion the specific jurisdiction’s requirements will be consistent with the requirements at the time of admission.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/g-acc.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, School of Business graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

• Students will differentiate key accounting principles in the organization, process and interpretation of data to make informed decisions.
• Students will synthesize pertinent information free from distortions, personal bias and conflicts of interest to support ethical, legal and professional standards.
• Students will evaluate decision-making options necessary to form appropriate conclusions to advance organizational goals.
• Students will apply key accounting concepts to solve critical business issues in the following domains of the MSA program:
  • Auditing and attestation
  • Financial accounting and reporting
  • Professional responsibilities and business law
  • Federal taxation
  • Business environment and concepts

The University reserves the right to modify the required course of study.

General Information for the CERT/G-ACC
- This certificate program may be taken on its own or may be earned en-route to earning a graduate degree. Students wishing to earn the certificate en-route must be enrolled in the corresponding "Certificate Track" graduate program.
- Students who completed a certificate in its entirety and who later choose to enroll in a graduate program with a concentration in the same area of focus as the completed certificate will not be required to enroll in the Certificate Track.

Additional Admission Requirements for the CERT/G-ACC
All applicants are expected to meet the following admissions requirements:
- An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor's degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e. JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- Applicants must have access to a suitable work environment for the completion of course assignments.
- A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.

Certificate Completion Requirements for the CERT/G-ACC
- Completion of a minimum of 15 credits.
- A minimum grade point average (GPA) of 3.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their graduate program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- Students who complete the Graduate Accounting Certificate and wish to enroll in the MSA program can apply courses towards the MSA program requirement.
- The certificate awarded for this program will read as: Graduate Accounting

Residency Requirements and Course Waivers/Competency for the CERT/G-ACC
Completion of a minimum of 12 credit of the required course of study to meet University residency requirements.

In order to waive a course in the required course of study, the student must have completed a previous course that meets the following criteria:
- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university;
- The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a "B" (3.0) or better; and
- The course must be comparable in content and credits to the University course if it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following course in the Required Course of Study may not be waived: ACC 541

Re-entry for the CERT/G-ACC
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Graduate Marketing Certificate

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

Students in the Marketing Certificate program will develop an understanding of marketing concepts and applications. Students will develop and communicate innovative approaches to stakeholders in a socially responsible manner and will be well positioned for several professionally recognized marketing certification exams. The Marketing Certificate is designed for students who want to enhance their marketing skills, enter the marketing profession, or complete additional coursework required for several professionally recognized marketing certification exams.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/g-mkt.

### Certificate Completion Requirements for the CERT/G-MKT

- Completion of a minimum of 15 credits.
- A minimum grade point average (GPA) of 3.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their graduate program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for this program will read as: Graduate Marketing.

### Residency Requirements and Course Waivers/Competency for the CERT/G-MKT

Completion of a minimum of 12 credit of the required course of study to meet University residency requirements.

Students in this program may waive a maximum of 3 credits from their required course of study. In order to be granted a waiver for a course in the required course of study, the student must have completed a previous course which meets the following criteria:

- The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
- The course must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following course in the Required Course of Study may not be waived: MKT 593

### Re-entry for the CERT/G-MKT

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/ restrictions. Re-entry students should consult their Academic Advisor for guidance.

### Graduate CPA Bridge Certificate

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

Students in the Graduate CPA Bridge Certificate will develop an understanding of the topics required in preparation for the CPA exam: Audit & Attestation, Financial Accounting & Reporting, Regulation, and Business Environment & Concepts. The Graduate CPA Bridge Certificate is designed for students who want to enhance their accounting management skills, enter the accounting profession, or complete additional coursework required for licensure while also preparing for the CPA exam. While completing this program, students who may be planning to take the CPA exam will utilize CPA Exam Preparation software in conjunction with their course work.

Each state sets forth standards required to be eligible to take the CPA exam.
and apply for licensure or certification as a CPA. While this certificate program was designed with consideration for the standards proposed by the National Association of State Boards of Accounting (NASBA), the University of Phoenix cannot, and will not, provide any assurance that completion of this program will allow a successful student to qualify within the student’s specific jurisdiction. Potential applicants should check with the appropriate organization within their jurisdiction to determine if this certificate program, combined with their undergraduate degree and any other specific criteria, meets the requirements to qualify for examination in that specific jurisdiction. States frequently change their requirements for examination. There is no assurance that at the time of degree completion the specific jurisdiction’s requirements will be consistent with the requirements at the time of admission.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/g-cpa.

General Information for the CERT/G-CPA

- The Certificate Track graduate program is designed to be an option for students to earn a certificate en-route to earning the graduate degree.
- Students who completed a certificate in its entirety and who later choose to enroll in a graduate program with a concentration in the same area of focus as the completed certificate will not be required to enroll in the Certificate Track and will not earn a second certificate en-route to completing the graduate program.

Additional Admission Requirements for the CERT/G-CPA

All applicants are expected to meet the following admissions requirements:

- Signed Certificate Application.
- An undergraduate degree, or higher, in business with at least nine (9) credits in accounting or an undergraduate degree in any field with at least 18 credit hours in accounting, from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- Applicants must have access to a suitable work environment for the completion of course assignments.
- A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.

Certificate Completion Requirements for the CERT/G-CPA

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 3.0.
- Students who complete the Graduate CPA Bridge Certificate and wish to enroll in the MBA 022 program can apply courses towards the MBA 022 program requirement.
- The certificate awarded for this program will read as: Graduate CPA Bridge

Residency Requirements and Course Waivers/Competency for the CERT/G-CPA

Completion of a minimum of 15 credit of the required course of study to meet University residency requirements.

Note: Graduates from the Master of Business Administration Concentration in Accounting (MBA/ACC) program who enroll in the CERT/G-CPA must complete a minimum of six unique credits to meet residency.

Students in this program may waive a maximum of 3 credits from their required course of study.

In order to waive a course in the required course of study, the student must have completed a previous course that meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university;
- The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a “B” (3.0) or better; and
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Re-entry for the CERT/G-CPA

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.

Re-entry students whose program version is not the most current
in their state or jurisdiction will be required to enroll into the most current version.
Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

**Graduate Project Management Certificate**

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

Students in the Graduate Project Management Certificate program will develop an understanding of project management concepts, applications, and the five processes that define project management. Students will collaboratively create an organizational project plan using Microsoft Project® software. The concentration is based on standards as tested by the Project Management Professional (PMP) certification examination. The Graduate Project Management Certificate program is designed for students who want to enhance their project management skills, become project managers, or complete additional coursework in preparation for Project Management Professional (PMP) certification.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/Programs.

- **Project Management Capstone**

The University reserves the right to modify the required course of study.

**General Information for the G-PM**

The Certificate Track graduate program is designed to be an option for students to earn a certificate en-route to earning the graduate degree.

Students who completed a certificate in its entirety and who later choose to enroll in a graduate program with a concentration in the same area of focus as the completed certificate will not be required to enroll in the Certificate Track and will not earn a second certificate en-route to completing the graduate program.

**Additional Admission Requirements for the G-PM**

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e. JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- Applicants must have access to a suitable work environment for the completion of course assignments.
- A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.

**Certificate Completion Requirements for the G-PM**

Credit Bearing Certificate completion requirements are the following:

- Completion of a minimum of 18 credits.
- All students must meet residency requirements.
- A minimum grade point average (GPA) of 3.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their graduate program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.

The certificate awarded for this program will read as: Graduate Project Management.

**Residency Requirements and Course Waivers for the G-PM**

Completion of a minimum of 12 credits of the required course of study to meet University residency requirements.

Students in this program may waive a maximum of 6 credits from their required course of study.

Students who have completed graduate University of Phoenix coursework that meets the requirements for this certificate, may apply credits earned. However, students must still meet program residency requirements.

In order to be granted a waiver for a course in the required course of study, the student must have completed a previous course which meets the following criteria:

- The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
- The course must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
Students completing this certificate en-route to the MHA/MBA Certificate Track program must appeal to the Student Appeals Center (SAC) to waive a certificate course that is required for their selected MHA/MBA concentration. The following courses in the Required Course of Study may not be waived: MGT 521, PM 598

Re-entry for the G-PM
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

CERTIFICATE PROGRAMS FOR THE COLLEGE OF HUMANITIES AND SCIENCES

Environmental Sustainability Certificate
The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

This certificate provides an overview of sustainable practices and applications from the environmental science perspective. Current and historical environmental issues are evaluated by examining the impact these issues have on society and the environment. Sustainable practices are analyzed to determine the relevant course of action for environmental management. This certificate program is comprised of five categories: energy, business, agriculture, architecture and green materials, and sustainable ecosystems.

Required Course of Study for the SUS
Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

SUS 300: Environmental Sustainability ~ 3 credits
ENV 340: Energy and the Environment ~ 3 credits
SUS 330: Introduction to Sustainable Agriculture ~ 3 credits
SUS 310: Industrial Ecology ~ 3 credits
SUS 350: Green Building and Urban Planning ~ 3 credits

Students must choose one of the following:

SUS 370: Sustainable Ecosystems ~ 3 credits
SUS 380: Sustainable Planning and Land Use ~ 3 credits
SUS 385: Sustainable Ocean Use ~ 3 credits

The University reserves the right to modify the required course of study.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in the state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Select programs may have additional re-entry requirements or restrictions. Re-entry students should consult their Academic Advisor for guidance.

Environmental Sustainability Certificate

Additional Admission Requirements for the SUS
All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Tennessee: Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.
- Applicants must be currently employed or have access to a work environment.

Certificate Completion Requirements for the SUS
- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
- All students must complete the minimum number of credits required by their certificate program.
- The certificate awarded will read as: Environmental Sustainability

Residency Requirements and Course Waivers for the SUS
Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 18 credits in the Required Course of Study, must be completed at University of Phoenix.

Students enrolled in this certificate program may not waive any courses within the Required Course of Study.

Re-entry for the SUS
With the exception of AAEE, BSED/E, BLS, LVN/BSN, LPN/BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry. Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in
a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork will not be required to complete GEN 200 (or equivalent) upon re-entry.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Cultural Studies and Communications Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Cultural Studies and Communication certificate explores how culture informs and shapes communication and how communication creates, modifies, and challenges culture. Through theory, analysis and practice in understanding culture, students will analyze its impact on communication. There is also an emphasis on exploring how various interdisciplinary areas can combine with the use of cultural awareness and multicultural sensitivity to improve communication skills.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/csc.

Required Course of Study for the CERT/CSC

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

CSC 390 .................................................................................... 3 credits

CSC 476 ~ ................................................................................ 3 credits
CSC 477 ~ ................................................................................ 3 credits
CSC 477 .................................................................................... 3 credits
Gender Communication
Race and Class in the Media

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the CERT/CSC

All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Tennessee: Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.
- Applicants must have access to a suitable work environment for the completion of course assignments.

Certificate Completion Requirements for the CERT/CSC

- Completions of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.

The certificate awarded for this program will read as:

Cultural Studies and Communication (Undergraduate) Residency Requirements and Course Waivers for the CERT/CSC

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 3 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:

- The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
• The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of “C” (2.0) or better or comparable passing benchmark for nontraditional credits.

• The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request. Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.

Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student’s required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy. Re-entry for the CERT/CSC

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Leadership Communication in Organizations Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Leadership Communication in Organizations certificate proves the premise that communication is the essence of effective leadership. The complexities of relationships and the competitive nature of business demand leaders with highly polished interpersonal, intercultural, and organizational skills. This certificate provides the practical and theoretical knowledge needed to provide innovative leadership in corporate settings, the military, non-profit, government, politics, or within the global community. For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/ programas/lco.

Required Course of Study for the CERT/LCO

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1). Additional Admission Requirements for the CERT/LCO

All applicants are expected to meet the following admissions requirements:

• High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.

• Tennessee: Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.

• Applicants must have access to a suitable work environment for the completion of course assignments.

Certificate Completion Requirements for the CERT/LCO

• Completion of a minimum of 18 credits.

• A minimum grade point average (GPA) of 2.0.

• Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.

• Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.

The certificate awarded for this program will read as: Leadership Communication in Organizations (Undergraduate)

Residency Requirements and Course Waivers for the CERT/LCO

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 3 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:
• The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
• The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
• The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Re-entry for the CERT/LCO
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Marketing and Sales Communication Certificate (Undergraduate)
The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The certificate in Marketing and Sales Communications focuses on the science of humanistic interaction in marketing and sales. Emphasis is placed on understanding the psychology of behavior, and the impact that it has on marketing communication tools and strategies. The ethical responsibility associated with customer message management is also emphasized throughout the program. For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/ms.

Residency Requirements and Course Waivers for the CERT/JRN

Students must meet established University residency requirements for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be
completed at University of Phoenix. Students in this program may waive a maximum of 3 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:

- The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
- The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
- The activity must be comparable in content and semester academic credits to the University course it is replacing and must be equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.

Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student's required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy.

Re-entry for the CERT/JRN

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

CERTIFICATE PROGRAMS FOR THE COLLEGE OF SOCIAL SCIENCES

Human Services Management Certificate

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The undergraduate Certificate Program in Social Services Management is comprised of 4 fundamental courses that provide a foundation for the more specialized courses in management within the social services arena and an additional 4 courses focused on organizational management and grant writing. Students will learn the components of indirect services associated with systematic delivery of direct social services, and to employ management practices to inspect, distinguish, and measure the important attributes of program management and supervision. Concepts of strategic planning, organizing and leading are examined to link these basic principles to create a healthy and thriving workplace environment. Resources and tools to secure funding for state, federal and private human services programs and agencies are examined. Students will be introduced to the processes, obstacles and costs associated to grant writing and program design.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/

Program Purpose

The Human Services Management Certificate is a certificate program that provides a general foundation of human services management theory and practice. This program does not prepare students for any type of professional certification or licensure as a counselor, social worker or mental health provider.

Required Course of Study for the CERT/HSM

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Critical Thinking Skills in Management Decision-Making

BSHS 428................................................................. 3 credits
Human Services Program Design and Proposal Writing

The University reserves the right to modify the required course of study.

General Information for the CERT/HSM

This certificate program may be taken on its own or may be earned en-route to earning a bachelors degree. Students wishing to earn the certificate en-route must be enrolled in the corresponding "Certificate Track" bachelors program.
Students who completed a certificate in its entirety and who later choose to enroll in a bachelors program with a concentration in the same area of focus as the completed certificate will not be required to enroll in the Certificate Track.

Additional Admission Requirements for the CERT/HSM

All applicants are expected to meet the following admission requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Tennessee: Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.
- Applicants must have completed and earned 24 or more previous college credits, as verified by the university on the student's official transcripts.
- Applicants must demonstrate competency in College Writing. Students have the following options to satisfy this requirement:
  - Successful completion (passing grade) of University of Phoenix course COMM 215, equivalent or higher.
  - Transfer credit may be used by students who have achieved a C- or better in a college writing or comparable course of at least 2.67 semester credits completed at a regionally or approved nationally accredited institution. Transfer courses used to fulfill this requirement must be eligible to receive general education credit.
  - Achieve a passing score on the College Composition CLEP® exam.
  - Achieve minimum passing score on a UOPX approved placement exam.

Certificate Completion Requirements for the CERT/HSM

- Completion of a minimum of 24 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- All students must complete the minimum number of credits required by their certificate program.
- The certificate awarded for this program will read as: Human Services Management

Residency Requirements and Course Waivers for the CERT/HSM

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 9 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:

- The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
- The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of C- (2.0) or better or comparable passing benchmark for nontraditional credits.
- The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

With the exception of AAEE, BSED/E, BSLS, LVN/BSN, LPN/BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork will not be required to complete GEN 200 (or equivalent) upon re-entry.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program...
requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Gerontology Certificate

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

**The undergraduate Certificate Program in Human Services Gerontology is comprised of 4 fundamental courses that provide a foundation for more specialized courses within this human services area, and an additional 4 courses focused on the biology of aging and the pathology of memory, disengagement theory, mental health issues such as depression, suicide, and the psychology of aging, the aging family and changes in family structure, intra- and inter-generational relationships across various societies, and healthful aging ideology. Students will demonstrate understanding of patient and caregiver needs and roles in late life care with topics that include: practical care assistance and early preparation, referral for financial and legal assistance, comfort and dignity issues, respite care, grief support, focusing on client values and concerns, and addressing family conflict.**

  - Transfer credit may be used by students who have achieved a C- or better in a college mathematics or comparable course of at least 2.67 semester credits completed at a regionally or approved nationally accredited institution. Transfer courses used to fulfill this requirement must be eligible to receive general education credit.
• Achieve a passing score on the College Mathematics CLEP® exam.
• Achieve minimum passing score on a UOPX approved placement exam.

Certificate Completion Requirements for the CERT/GER
• Completion of a minimum of 24 credits.
• A minimum grade point average (GPA) of 2.0.
• Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
• Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
• All students must complete the minimum number of credits required by their certificate program.
• The certificate awarded for this program will read as: Gerontology

Residency Requirements and Course Waivers for the CERT/GER
Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 9 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:
• The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
• The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of “C” (2.0) or better or comparable passing benchmark for nontraditional credits.
• The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request. Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.

Eligible students who have attended a SOC Member Institution and have successfully completed equivalent coursework according to the SOC Transfer Tables may transfer all equivalent courses into a student’s required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy. The following courses may not be waived: BSHS 305, BSHS 325, BSHS 335, BSHS 345

Re-entry for the CERT/GER
With the exception of AAEE, BSED/E, BSLS, LVN/BSN, LPN/BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry. Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork will not be required to complete GEN 200 (or equivalent) upon re-entry.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/ restrictions. Re-entry students should consult their Academic Advisor for guidance.

Family and Child Services Certificate
The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The undergraduate Certificate Program in Human Services Family and Child Services is comprised of 4 fundamental courses that provide a foundation for more specialized courses within this human services area, and an additional 4 courses focused on developing competence in professional skills such as case management, client intake and interviewing, and basic group and individual counseling techniques. Students will examine theories involving the interconnected and interdependent features of contemporary families in a range of social systems, and will demonstrate an understanding of assessment strategies, consequences and contributing factors of family violence across socio-economic strata and the full range of diverse populations experiencing family violence. Students will demonstrate knowledge and understanding of reporting requirements, treatment interventions, repressed memory controversy, working within the criminal justice system and the tenets of the Children’s Justice Act addressing investigation, prosecution and judicial handling of abuse and neglect cases.
For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/

Program Purpose
The Family and Child Services Certificate is a certificate program that provides a foundation and overview of theory and practice in the field of family and child services. This program does not prepare students for any type of professional certification or licensure as a counselor or mental health provider.

Required Course of Study for the CERT/FCS
Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

- BSHS 305 ~ Historical Development of Human Services: An Introduction
- BSHS 325 ~ Human Systems and Development
- BSHS 335 ~ Ethics and Values for Human Service Professionals
- BSHS 345 ~ Diversity and Special Populations
- BSHS 405 ~ Intervention, Direct Service Delivery & Case Management
- BSHS 406 ~ Family and Social Systems: Contemporary Trends and Issues
- BSHS 407 ~ Family Violence Across the Lifespan: A Multi-Strata Problem
- BSHS 408 ~ Childhood Abuse and Neglect

The University reserves the right to modify the required course of study.

General Information for the CERT/FCS
This certificate program may be taken on its own or may be earned en-route to earning a bachelors degree. Students wishing to earn the certificate en-route must be enrolled in the corresponding "Certificate Track" bachelors program.

Students who completed a certificate in its entirety and who later choose to enroll in a bachelors program with a concentration in the same area of focus as the completed certificate will not be required to enroll in the Certificate Track.

Additional Admission Requirements for the CERT/FCS
All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Tennessee: Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.
- Tennessee: Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.
- Applicants must have completed and earned 24 or more previous college credits, as verified by the university on the student’s official transcripts.
- Applicants must demonstrate competency in College Writing. Students have the following options to satisfy this requirement:
  - Successful completion (passing grade) of University of Phoenix course COMM 215, equivalent or higher.
  - Transfer credit may be used by students who have achieved a C- or better in a college writing or comparable course of at least 2.67 semester credits completed at a regionally or approved nationally accredited institution. Transfer courses used to fulfill this requirement must be eligible to receive general education credit.
  - Achieve a passing score on the College Composition CLEP® exam.
  - Achieve minimum passing score on a UOPX approved placement exam.

Certificate Completion Requirements for the CERT/FCS

- Completion of a minimum of 24 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- All students must complete the minimum number of credits required by their certificate program.
- The certificate awarded for this program will read as: Family and Child Services

Residency Requirements and Course Waivers for the CERT/FCS

Students meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:

- The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.

Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student’s required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy.

The following courses may not be waived: BSHS 305, BSHS 325, BSHS 335, BSHS 345, BSHS 405

Re-entry for the CERT/FTCS

With the exception of AAEE, BSED/E, BSLS, LVN/BSN, LPN/BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more credits from a combination of UOPX credits, a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Addictions Certificate

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The undergraduate Certificate Program in Human Services Addictions is comprised of 4 fundamental courses that provide a foundation for more specialized courses within this human services area, and an additional 4 courses focused on the roles of addiction in society in relationship to the judicial system, treatment systems, progressive era reforms, and complications of dual diagnosis. Cardinal characteristics of codependence are examined with a focus on chronic, progressive, malignant and treatable features. Students will demonstrate an understanding of policy issues, managed care, private and public insurance, and advocacy for the consumer in relation to addiction and dependency issues.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/

Program Purpose

The Addictions Certificate is a certificate program that provides a foundation and overview in the field of addiction theory and practice. This program does not prepare students for any type of professional certification or licensure as a counselor or mental health provider.

General Information for the CERT/ADD

This certificate program may be taken on its own or may be earned en-route to earning a bachelor’s degree. Students wishing to earn the certificate en-route must be enrolled in the corresponding “Certificate Track” bachelors program. Students who completed a certificate in its entirety and who later choose to enroll in a bachelors program with a concentration in the same area of focus as the completed certificate will not be required to enroll in the Certificate Track.

Additional Admission Requirements for the CERT/ADD

All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
• The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
• The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request. Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.

Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student’s required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy. The following courses may not be waived: BSHS 305, BSHS 325, BSHS 335, BSHS 345

Re-entry for the CERT/ADD

With the exception of AAE, BS/ED/E, BSL, LSN/BSN, LPN/BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry. Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry. Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more UOPX credits, a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork will not be required to complete GEN 200 (or equivalent) upon re-entry.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.
CERTIFICATE PROGRAMS FOR THE SCHOOL OF HEALTH SERVICES ADMINISTRATION

Long Term Care Certificate Program

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

As the needs of the long-term care population evolve, there is a growing market for long-term care products and services. The long-term care certificate focuses on increasing the knowledge and skills essential to work with various populations across the life span that require long-term care. Courses focus on long-term care administration, health and wellness, legal issues and perspectives, programs and services, as well as alternative living environments for populations that require long-term care.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/ltc.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, School of Health Services Administration graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will apply concepts of long-term care administration within the industry.
- Students will analyze health and wellness concepts to address the needs of various LTC populations.
- Students will integrate ethical principles into all aspects of the LTC industry.
- Students will explain products and services to address the needs of various LTC populations.

Required Course of Study for the LTC

The University reserves the right to modify the required course of study.

General Information

This certificate program may be taken on its own or may be earned en-route to earning a bachelors degree. Students wishing to earn the certificate en-route must be enrolled in the corresponding “Certificate Track” bachelors program.

Students who completed a certificate in its entirety and who later choose to enroll in a bachelors program with a concentration in the same area of focus as the completed certificate will not be required to enroll in the Certificate Track.

Additional Admission Requirements for the LTC

All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Tennessee: Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.

- Applicants must be currently employed or have access to a work environment.

Certificate Completion Requirements for the LTC

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.

- All students must complete the minimum number of credits required by their certificate program.
- The certificate awarded for this program will read as: Long Term Care

Residency Requirements and Course Waivers for the LTC

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:
The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.

The activity must have been completed within the past ten (10) years (5 years for IS&IT courses) from current program enrollment agreement sign date with a grade of “C” (2.0) or better or comparable passing benchmark for nontraditional credits.

The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request. Through an approved articulation agreement, students who have successfully completed equivalent courses may waive, without credits, up to six (6) credits of the Required Course of Study. Students must substitute other upper division coursework to satisfy the upper division credit requirement of their degree program (each program has specific substitution requirements). This policy also applies to upper division courses which are used to fulfill certificate degree requirements. In order to be granted a waiver, without credit, for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed and transcripted from a regionally or nationally accredited institution with which the University of Phoenix has an approved articulation agreement.
- The course must have been completed with a grade of “C” (2.0) or better during the effective dates of the approved articulation agreement.
- The course must be approved through the articulation agreement and must be comparable in content and credits to the University course it is replacing.

Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.

Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student’s required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy. The following course in the Required Course of Study may not be waived:

GEN 200

Re-entry for the LTC

With the exception of AAEE, BSED/E, BSL/BSN, LVN/BSN, LPN/BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry. Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork will not be required to complete GEN 200 (or equivalent) upon re-entry. Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Nursing/Health Care Education Certificate Program

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

This course series is designed for nursing and health care professionals interested in pursuing or advancing in careers as faculty in higher educational settings. Those with no background in higher education receive a strong foundation for the many dimensions of the faculty role. Current educators can update or expand their knowledge in curriculum development, assessment and evaluation, and instructional strategies.

This credit-bearing certificate program is for post-baccalaureate students. The four courses in the education specialization/certificate program are available at campuses offering nursing or health care degree programs using on ground and/or Flexnet delivery, as well as through the online campus.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/nhce.

Required Course of Study for the NHCE

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

HSN 548 ........................................................................... 3 credits
Role of the Health Care/Nursing Educator

HSN 540 ........................................................................... 3 credits
Using Effective Teaching Strategies

HSN 544 ........................................................................... 3 credits
Design and Process of Curriculum Development
HSN 552 .......................................................... 3 credits
Assessment and Evaluation of Learning
The University reserves the right to modify the required course of study.

Additional Admission Requirements for the NHCE
All applicants to this certificate program are expected to meet the following additional admission requirements:
- Completion of an undergraduate degree or the entire University of Phoenix BSN or BSHCS Required Course of Study with a minimum GPA of 2.5 or better verified by providing an official transcript.
- A minimum of one year full-time post-high school health care work experience.
- Current employment in a nursing or health care role or access to an appropriate healthcare organization environment in which to complete the work related course assignments.

Certificate Completion Requirements for the NHCE
Credit Bearing Certificate completion requirements are the following:
- Completion of a minimum of 12 credits.
- A minimum program grade point average (GPA) of 3.0.

Minimum Grade Requirements for the NHCE
- Students in this program are required to achieve a minimum grade of “C” (2.0) in the following courses: HSN 540, HSN 544, HSN 548 and HSN 552. A “C-” grade is not acceptable. Students who fail to receive a minimum grade of “C” in any of the following courses will be scholastically disqualified from the University.
- Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have retaken the course which placed them on scholastic disqualification, satisfied the grade requirement, and fulfilled any additional criteria for reentry, as determined by the faculty member and the Campus College Chair or appropriate Dean.

Residency Requirements and Course Waivers for the NHCE
Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 6 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study.
In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Re-entry for the NHCE
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Graduate Health Care Sustainability Management Certificate

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

Students enrolled in the Graduate Health Care Sustainability Management Certificate focus on curriculum that is designed to instill environmental, economical, and social sensitivity and responsibility within the health care industry. This includes covering concepts such as accountability for managing outcomes, reducing costs and waste, and minimizing the environmental impact of health care systems.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/ghcs.

CERT/G-HCS Preferred Course Sequence

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).
HCS 504 .................................................................................. 1 credit
HCS 591 ~ ................................................................................ 3 credits
HCS 593 ~ ................................................................................ 3 credits
HCS 596 ~ ................................................................................ 3 credits

General Information for the CERT/G-HCS

This certificate program may be taken on its own or may be earned en-route to earning a graduate degree. Students wishing to earn the certificate en-route must be enrolled in the corresponding Certificate Track graduate program.
• Students who completed a certificate in its entirety and who later choose to enroll in a graduate program with a concentration in the same area of focus as the completed certificate will not be required to enroll in the Certificate Track and will not earn a second certificate en-route to completing the graduate program.

Additional Admission Requirements for the CERT/G-HCS
• An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
• A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.
• A minimum of one year of full-time post high school work experience or volunteer experience is required.

Certificate Completion Requirements for the CERT/G-HCS
• Completion of a minimum of 10 credits.
• A minimum program grade point average (GPA) of 3.0.  
  • Students earning the certificate en-route will only be placed on Academic Probation if their graduate program GPA falls below the minimum requirement.
  • Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
• The certificate awarded for this program will read as: Graduate Health Care Sustainability Management

Residency Requirements and Course Waivers for the CERT/G-HCS
• Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 7 credits in the Required Course of Study, must be completed at University of Phoenix. 
• Students in this program may waive a maximum of 3 credits from their required course of study.
• In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
  • The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
  • The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

• Students completing this certificate en-route to the MHA/MBA Certificate Track program must appeal to the Student Appeals Center (SAC) to waive a certificate course that is required for their selected MHA/MBA concentration.
• The following courses in the Required Course of Study may not be waived: HCS 504

Re-entry for the CERT/G-HCS
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
Select programs may have additional re-entry requirements/ restrictions. Re-entry students should consult their Academic Advisor for guidance.

Graduate Health Care Informatics Certificate

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

This certificate program is designed for health care and nurse professionals interested in pursuing or advancing in careers associated with health care informatics and technology. Individuals with little or no background in Informatics receive an overview of informatics as it relates to delivery within a health care facility. The program is designed to provide the learner with current knowledge in concepts of health care informatics, systems life cycle, and data management. The 10 credit-bearing specialization is available as a certificate program for post-baccalaureate students. The four courses in the informatics specialization certificate program are available at campuses offering nursing or health care degree programs using a variety of delivery methods.
For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/hci.

Required Course of Study for the HCI
Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).
HCS 504 Introduction to Graduate Study in Health Sciences/Nursing 1 credit
HCSI 500 ~ Concepts of Health Care Informatics 3 credits
HCSI 510 ~ Systems Life Cycle 3 credits
HCSI 520 ~ Data Management and Design 3 credits
The University reserves the right to modify the required course of study.

**Additional Admission Requirements for the HCI**
All applicants to this certificate program are expected to meet the following additional admission requirements:
- Completion of an undergraduate degree or the entire University of Phoenix BSN, BSHCS or BSHA Required Course of Study with a minimum GPA of 2.5 or better verified by providing an official transcript.

**Certificate Completion Requirements for the HCI**
Credit Bearing Certificate completion requirements are the following:
- Completion of a minimum of 10 credits
- A minimum University program grade point average (GPA) of 3.0.

**Residency Requirements and Course Waivers for the HCI**
Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 7 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 3 credits from their required course of study.

In order to waive a course in a HCI Certificate Program, the student must have completed a previous course which meets the following criteria:
- The course must have been completed and transcripted from a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Students completing this certificate en-route to the MHA/MBA Certificate Track program must appeal to the Student Appeals Center (SAC) to waive a certificate course that is required for their selected MHA/MBA concentration.

The following course will not be waived from the certificate program: HCS 504.

**Re-entry for the HCI**
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

---

**Gerontology Health Care Certificate Program**

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

This program is designed to provide health care professionals with diverse interdisciplinary backgrounds with the knowledge and process of aging. Content is designed to provide students with relevant information related to the physical, mental, and social aspects of gerontology as well as human services, economic and legal factors that influence elders.

With an emerging proportion of older adults in our society there is a growing market for aging services which are fueled by products and services for well elders as well as those elders compromised by chronic illnesses or disabilities. Career opportunities are increasing and are not limited to just long term care. Business, industry, community health, federal and local governments and professional organizations will look to include workers prepared to understand the needs of this population as a major consumer of their products and services.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/ghc.

**Program Student Learning Outcomes**
In addition to the knowledge and skills related to the University Learning Goals, School of Health Services Administration graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.
- Students will be able to analyze foundational concepts of gerontology to support the health of older adults.
- Students will be able to evaluate resources available to older adults to support the aging process.
- Students will be able to analyze business needs to promote gerontology services and products.

**Required Course of Study for the GHC**
Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

- HCS 548 .................................................................................................................. 3 credits
  - Foundations of Gerontology
- HCS 551 ~ ............................................................................................................. 3 credits
  - Biological and Psychological Aspects of Aging
- HCS 557 ~ ............................................................................................................. 3 credits
  - Social and Cultural Aspects of Aging
- HCS 565 ~ ............................................................................................................. 3 credits
  - Organization and Management of Aging Services

The University reserves the right to modify the required course of study.

**Additional Admission Requirements for the GHC**
All applicants to this certificate program are expected to meet the
following additional admission requirements:

- An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.
- A minimum of one year full-time pre- high school work experience.

Certificate Completion Requirements for the GHC
Credit Bearing Certificate completion requirements are the following:

- Completion of a minimum of 12 credits.
- All students must meet residency requirements as set by the Dean for each Certificate program.
- A minimum certificate program grade point average (GPA) of 3.0.
- Upon successful completion of HCS 548, HCS 551, HCS 557, and HCS 565, the student can submit a certificate application for GHC, as well as use these courses towards their MHA/GER program requirements. University residency applies with both programs, but students will be considered to have met program residency.
- Students enrolled in the courses as part of their degree will not be able to then request these courses as an additional certificate.

Residency Requirements and Course Waivers for the GHC
MHA/GER students may dual enroll in this program and submit a certificate application upon successful completion of HCS 548, HCS 551, HCS 557, and HCS 565. The courses may apply to both, the GHC and MHA/GER required course of study. University residency applies to both programs, but students will be considered to have met program residency.

Students in the Gerontology Health Care Certificate Program may waive a maximum of three (3) credits from their program. In order to waive a course in a Professional Certificate Program, the student must have completed a previous course which meets the following criteria:

- The course must have been completed and transcripted from a regionally or approved nationally accredited, foreign equivalency, or candidate for accreditation, college or university.
- The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better; and
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
- Students completing this certificate en-route to the MHA/MBA Certificate Track program must appeal to the Student Appeals Center (SAC) to waive a certificate course that is required for their selected MHA/MBA concentration.

Re-entry for the GHC
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/ restrictions. Re-entry students should consult their Academic Advisor for guidance.

Health Management Certificate Program
The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

This certificate is designed to provide a framework in health care management concepts. The courses will provide perspectives related to health care delivery services, health care management and human resources, financial accounting concepts, as well as an introduction to the legal and regulatory aspects in health care. For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/ programs/hm.

Health Care Information Systems
The University reserves the right to modify the required course of study.

General Information
This certificate program may be taken on its own or may be earned en-route to earning a bachelors degree. Students wishing to earn the certificate en-route must be enrolled in the corresponding ‘Certificate Track’ bachelors program.

Students who completed a certificate in its entirety and who later choose to enroll in a bachelors program with a concentration in the same area of focus as the completed certificate will not be required to enroll in the Certificate Track.

Additional Admission Requirements for the HM
All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body; GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HSET examination with a passing score.
- Tennessee: Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.
- Applicants must be currently employed or have access to a work environment.

Certificate Completion Requirements for the HM
- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
  - Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
  - Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
  - All students must complete the minimum number of credits required by their certificate program.
  - The certificate awarded for this program will read as: Health Management

Residency Requirements and Course Waivers for the HM
Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study.
In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:

- The activity must have been completed at a regionally or approved nationally accredited institution.
- The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
- The activity must be comparable in content and semester credits to the University course it is replacing and meet the minimum grade and timeframe as stated in policy.
- The course must have been completed with a grade of "C" (2.0) or better during the effective dates of the approved articulation agreement.

With the exception of AAEE, BSED/E, BSLS, LVN/BSN, LPN/BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll...
in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork will not be required to complete GEN 200 (or equivalent) upon re-entry.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Health and Wellness Administration Foundations Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

This certificate will provide an introductory overview of concepts such as an introduction to health care delivery, communication skills, medical terminology, health care information systems, the regulatory environment, and patient records. These concepts are needed to work in an entry level aspect of the health and wellness industry, such as a medical spa, weight management clinic, physician front office or clinic.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs.

Required Course of Study for the CERT/HWAF

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

HCS 120 .......................................................... 3 credits
Medical Terminology for Health Care Professionals
HCS 131 ~ ...................................................... 3 credits
Business Communication Skills for Health Care Professionals
HCS 245 ~ .......................................................... 3 credits
Introduction to Health and Disease
HCS 253 ~ .......................................................... 3 credits
Health Care Delivery in the U. S.
HCIS 140 ~ .......................................................... 3 credits
Fundamentals of Electronic Health Records

HCS 182 ~ .......................................................................................... 3 credits
Introduction to Financial Concepts
HCS 224 ~ .......................................................................................... 3 credits
Health Care Office Management

The University reserves the right to modify the required course of study.

General Information for the HWAF

- This certificate program may be taken on its own or may be earned en-route to earning an associates degree. Students wishing to earn the certificate en-route must be enrolled in the corresponding 'Certificate Track' associates program.
- Students who completed a certificate in entirety and who later choose to enroll in an associates program with a concentration in the same area of focus as the completed certificate will be required to enroll in the Certificate Track and will not earn a second certificate en-route to completing the associates program.

Additional Admission Requirements for the CERT/HWAF

- Applicants must be at least 16 years of age at the time of application.
- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Tennessee: Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.

Certificate Completion Requirements for the CERT/HWAF

- Completion of a minimum of 21 credits.
- A minimum grade point average (GPA) of 2.00.
- Students earning the certificate en-route will only be placed on Academic Probation if their associate program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.

The certificate awarded for this program will read as follows: Health and Wellness Administration Foundations (Undergraduate)

Minimum Grade Requirements for the CERT/HWAF

- Students in this program will be placed on scholastic disqualification if a minimum grade of “C” (2.0) is not attained in the following courses: HCS 182, HCS 224
- Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have retaken the course which placed them on scholastic disqualification, satisfied the grade requirement, and fulfilled any additional criteria for reentry, as determined by the faculty member and the Campus College Chair or appropriate Dean.

Re-entry for the CERT/HWAF

- The activity must have been completed within the past ten (10) years from current program enrollment agreement sign date.
- The activity must be comparable in content and semester with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
- The activity must be comparable in content and semester with an equivalent level or higher level course (i.e. graduate or undergraduate coursework).

Residency Requirements and Course Waivers for the CERT/HWAF

Students must meet the established University residency requirement for certificate conferment. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:

- The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
- The activity must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
- The activity must be comparable in content and semester with academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.

Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student’s required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy.

Re-entry for the CERT/HWAF

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/ restrictions. Re-entry students should consult their Academic Advisor for guidance.

Electronic Health Records Fundamentals Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

This certificate will provide a foundation of content needed to become an Electronic Health Records (EHR) specialist. While duties may vary, they will include entering data related to diagnostic procedures, diseases, and general health history information. EHR specialists ensure a patient’s health information is correct and assist with daily office operations. Students will be introduced to a current electronic health records system application in the certificate program. The concepts learned in this program align to national electronic health record specialist certification exam content.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs.

Required Course of Study for the CERT/EHREF

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

HCS 120 ~ Medical Terminology for Health Care Professionals ~ 3 credits
HCS 131 ~ Medical Terminology for Health Care Professionals ~ 3 credits
HCS 245 ~ Business Communication Skills for Health Care Professionals ~ 3 credits
HCS 245 ~ Introduction to Health and Disease ~ 3 credits
HCS 245 ~ Health Care Delivery in the U. S. ~ 3 credits
HCIS 140 ~ Fundamentals of Electronic Health Records ~ 3 credits
HCIS 250 ~ Structure, Design and Tools of Electronic Health Records ~ 3 credits
HCIS 270 ~ Application of Electronic Health Records ~ 3 credits

The University reserves the right to modify the required course of study.

General Information for the EHREF

- This certificate program may be taken on its own or may be earned en-route to earning an associates degree. Students wishing to earn the certificate en-route must be enrolled in the corresponding "Certificate Track" associates program.
- Students who completed a certificate in its entirety and who later choose to enroll in an associates program with a concentration in the same area of focus as the completed certificate will be required to enroll in the Certificate Track and will not earn a second certificate en-route to completing the associates program.

Certificate Completion Requirements for the CERT/EHRF

- Completion of a minimum of 21 credits.
- A minimum grade point average (GPA) of 2.00.
- Students earning the certificate en-route will only be placed on Academic Probation if their associate program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for this program will read as follows: Electronic Health Records Fundamentals (Undergraduate)

Minimum Grade Requirements for the CERT/EHRF

- Students in this program will be placed on scholastic disqualification if a minimum grade of "C" (2.0) is not attained in the following courses: HCIS 250, HCIS 270
- Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have retaken the course which placed them on scholastic disqualification, satisfied the grade requirement, and fulfilled any additional criteria for reentry, as determined by the faculty member and the Campus College Chair or appropriate Dean.
- Re-Admission is granted when the student satisfactorily fulfills the outlined requirements to remove the scholastic disqualification. Students may repeat the specific courses listed above only one time. If the student does not receive the minimum grade requirement on the second attempt, the student will be scholastically suspended, permanently withdrawn, from this program.

Residency Requirements and Course Waivers for the CERT/EHRF

Students must meet the established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study:

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:

- The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
- The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
- The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
- Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.

Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student’s required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy.

The following course(s) may not be waived: HCIS 270

Re-entry for the CERT/EHRF

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Medical Records Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The certificate in Medical Records lays a foundation for further study in health care medical records at the undergraduate level. Topics focus on anatomy and physiology related to terminology and disease diagnosis, medical billing and coding, medical insurance processes, and medical claims processing and compliance. Software instruction synthesizes a variety of records processes common in medical facilities. Completion of the program allows a student to sit for the Certified Billing and Coding Specialist (CBCS) a national certification offered through the National Healthcareer Association. In addition, students seeking to extend their profes-
career and educational experience can easily transition into the Bachelors of Science in Health Administration. For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cert-mr.

**CERT/MR Preferred Sequence**

Courses requiring prerequisites are identified by a – symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

- **HCS 131** – Fundamentals of Electronic Health Records (1 credit)
- **Business Communication Skills for Health Care Professionals** (3 credits)
- **HCS 235** – Health Care Delivery in the U.S. (3 credits)
- **HCR 201** – Medical Billing and Coding (3 credits)
- **HCR 202** – Anatomy and Physiology II (3 credits)
- **Anatomy and Physiology I** (3 credits)
- **HCS 214** – Fundamentals of Electronic Health Records (3 credits)
- **Medical Insurance** (3 credits)
- **HCR 203** – Medical Billing and Coding (3 credits)
- **Medical Claims Processing and Compliance** (3 credits)
- **Health Care Delivery in the U.S.** (3 credits)
- **Business Communication Skills for Health Care Professionals** (3 credits)
- **HCS 131** – Fundamentals of Electronic Health Records (1 credit)

The University reserves the right to modify the required course of study.

**General Information for the CERT/MR**

- This certificate program may be taken on its own or may be earned en-route to earning an associates degree. Students wishing to earn the certificate en-route must be enrolled in the corresponding “Certificate Track” associates program.
- Students who completed a certificate in its entirety and who later choose to enroll in an associates program with a concentration in the same area of focus as the completed certificate will be required to enroll in the Certificate Track and will not earn a second certificate en-route to completing the associates program.

**Additional Admission Requirements for the CERT/MR**

- Applicants must be at least 16 years of age at the time of application.
- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- **Tennessee:** Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.

**Certificate Completion Requirements for the CERT/MR**

- Completion of a minimum of 24 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their associate program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.

The certificate awarded for this program will read as follows: Medical Records (Undergraduate)

**Minimum Grade Requirements for the CERT/MR**

- Students in this program will be placed on scholastic disqualification if a minimum grade of "C" (2.0) is not attained in the following courses: HCR 201, HCR 202, HCR 203, HCS 214, and HCS 216.
- Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have retaken the course which placed them on scholastic disqualification, satisfied the grade requirement, and fulfilled any additional criteria for reentry, as determined by the faculty member and the Campus College Chair or appropriate Dean.
- Re-Admission is granted when the student satisfactorily fulfills the outlined requirements to remove the scholastic disqualification. Students may repeat the specific courses listed above only one time. If the student does not receive the minimum grade requirement on the second attempt, the student will be scholastically suspended, permanently withdrawn, from this program.

**Residency Requirements and Course Waivers for the CERT/MR**

- Students must meet the established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.
- Students in this program may waive a maximum of 6 credits from their required course of study.
- In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:
  - The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
  - The activity must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
  - The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
  - Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.
Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student's required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy.

The following course(s) may not be waived: HCR 203

Re-entry for the CERT/MR

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Emergency Management Certificate Program

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

This certificate is designed for EMTs, First Responders, Firefighters, or any other emergency personnel that want to expand their knowledge and skills related to emergency management. Focus will be on principles of emergency management, managing emergency response operations, and planning and preparedness of emergency situations.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/emc.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, School of Health Services Administration graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will create emergency operations plans from a community perspective to mitigate, prepare, respond and recover from natural and man-made disasters.
- Students will apply leadership and management skills to all aspects of emergency services.
- Students will evaluate research related to emergency services to prepare the community for all phases of emergency management.

Required Course of Study for the EMC

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

- GEN 200
- EMC 310 ~ Foundations for General Education and Professional Success
- EMC 320 ~ Emergency Preparedness and Planning
- EMC 330 ~ Managing Emergency Response Operations
- EMC 340 ~ Emergency Services and the Community
- EMC 350 ~ Emergency Preparedness and Planning
- EMC 360 ~ Emergency Management Certificate Program
- General Information

This certificate program may be taken on its own or may be earned en-route to earning a bachelors degree. Students wishing to earn the certificate en-route must be enrolled in the corresponding "Certificate Track" bachelors program.

Students who completed a certificate in its entirety and who later choose to enroll in a bachelors program with a concentration in the same area of focus as the completed certificate will not be required to enroll in the Certificate Track.

Additional Admission Requirements for the EMC

All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Tennessee: Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.
- Applicants must be currently employed in or have prior employment experience in an Emergency Management position such as Emergency Medical Technician (EMT), First Responder, firefighter, or other emergency personnel. Effective 10/1/2015 Applicants must be currently employed in or have one (1) year minimum of prior employment experience in the last five (5) years in an Emergency Management position such as Emergency Medical Technician (EMT), First Responder, firefighter, or other emergency personnel.

Certificate Completion Requirements for the EMC

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
• Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
• All students must complete the minimum number of credits required by their certificate program.
• The certificate awarded for this program will read as: Emergency Management

Residency Requirements and Course Waivers for the EMC

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:

• The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
• The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
• The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request. Through an approved articulation agreement, students who have successfully completed equivalent courses may waive, without credits, up to six (6) credits of the Required Course of Study. Students must substitute other upper division coursework to satisfy the upper division credit requirement of their degree program (each program has specific substitution requirements). This policy also applies to upper division courses which are used to fulfill certificate degree requirements. In order to be granted a waiver, without credit, for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
  • The course must have been completed and transcripted from a regionally or nationally accredited institution with which the University of Phoenix has an approved articulation agreement.
  • The course must have been completed with a grade of "C" (2.0) or better during the effective dates of the approved articulation agreement.
  • The course must be approved through the articulation agreement and must be comparable in content and credits to the University course it is replacing.

Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.

Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student's required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy.

The following course in the Required Course of Study may not be waived: GEN 200

Re-entry for the EMC

With the exception of AAEE, BSED/E, BLS, LVN/BSN, LPN/BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork are required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork will not be required to complete GEN 200 (or equivalent) upon re-entry.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.
Nursing Programs (excluding BSN/I)

Academic Progression Requirements for all Current Certificate Programs for the School of Nursing

For purposes of this policy, the following definitions apply:

- **Drug testing** means the scientific analysis of urine, blood, breath, saliva, hair, tissue, and other specimens from the human body for the purpose of detecting the use of drugs or alcohol.
- **Reasonable suspicion** means evidence which forms a reasonable basis for concluding that it is more likely than not that a person is impaired by alcohol or drugs or has engaged in substance abuse. Facts which could give rise to reasonable suspicion include, but are not limited to: the odor of alcohol or drugs, impaired behavior such as slurred speech, decreased motor coordination, difficulty in maintaining balance, marked changes in personality or job performance, and unexplained accidents, without reasonable justification. Such evidence may come from a professional or expert opinion, layperson opinion, scientific tests, or other sources or methods.
- **Illegal drug** means any drug which is not legally obtainable; any drug which is legally obtainable but has not been legally obtained; any prescribed drug not being used for the prescribed purpose or by the person for whom it was prescribed; any over-the-counter drug being used at a dosage level other than that recommended by the manufacturer, or being used for a purpose other than the purpose intended by the manufacturer; and any drug being used for a purpose or by a person not in accordance with bona fide medical therapy. Examples of illegal drugs include, but are not limited to, stimulants; depressants; narcotic or hallucinogenic drugs; cannabis substances, such as marijuana and hashish; cocaine; heroin; methamphetamine; phencyclidine (PCP); and so-called designer drugs and look-alike drugs.
- **Impaired** means that a person’s mental or physical capabilities are reduced below his or her normal levels without reasonable justification. An impaired student manifests deterioration in the level of function as compared to that previously observed, or the student does not function at a level normally expected under the prevailing circumstances. Impairment may exist in one or more multiple domains, including psychomotor activity and skills, conceptual or factual recall, integrative or synthetic thought processes, judgment, attentiveness, demeanor and attitudes as manifested in speech or actions. Impairment will include addiction to and/or physical dependence upon alcohol or illegal drugs.
- **Substance abuse** means:
  - the consumption, possession, or distribution of alcohol or illegal drugs by any nursing student while on University or affiliated clinical site premises or while participating in any University (or affiliated clinical site) sponsored or related activity, including any nursing-related course or clinical training activity.
  - a nursing student’s use of alcohol or any drug in such a way that the student’s performance in any nursing course, including activities at any clinical site, is impaired.

Prior to being assigned to a clinical placement and as a prerequisite for placement at any agency or health care facility, the nursing student shall sign an agreement:

- to abide by the drug policies and drug testing policies of the University and each agency or health care facility in which a student is assigned as applicable,
- to submit to any “for-cause” drug testing required by the University and testing required by each agency or health care facility the nursing student obtains clinical hours, and
- to release a copy of any and all drug test results to the University of Phoenix, Dean/Associate Dean of Nursing, other appropriate University officials, and to any State Board(s) of Nursing in which the student holds a nursing license or certificate, where required by the relevant State Board(s) of Nursing.

Failure to sign such agreement is grounds for refusal for student admission and progression in the program.

The College of Nursing requires students to obtain a 10 panel, plus alcohol drug test if the student’s behavior in the clinical, classroom or laboratory setting creates facts that give rise to a reasonable suspicion of substance abuse, or indicates they are impaired by alcohol or drugs.

If the results of the 10 panel, plus alcohol drug test is negative for alcohol or illegal drugs:

- The student shall meet with their Campus College Chair, Director of Nursing, or NP Program Manager within 24 hours or by the first business day following the test results to discuss the circumstances surrounding suspected behavior.
- The Campus College Chair, Director of Nursing, or NP Program Manager will counsel the student regarding return to the classroom and clinical agency. The preliminary investigation will cease and the student will be released from further action at that time.
- The Campus College Chair, Director of Nursing, or NP Program Manager will arrange for the student to make up the missed clinical hours.

If the results of the 10 panel, plus alcohol drug test is positive for alcohol or illegal drugs:

- A full review by the Office of Dispute Management and Apollo Ethics and Compliance shall be conducted. Students who test positive for alcohol or illegal drugs will not be permitted to return to any clinical setting pending conclusion of the review. The findings may result in student dismissal from the nursing program and expulsion from the University.
- The results of the positive test for alcohol or illegal drugs shall be reported to the applicable State Board(s) of Nursing, if required by the applicable State Board(s), by the Campus College Chair, Director of Nursing, or NP Program Manager.
Post Master's Certificate in Nurse Administration

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Nursing Certificate programs, accredited by the Commission of Collegiate Nursing Education (CCNE)*, enhances the knowledge and skills of registered nurses with graduate-level nursing degree preparation. The program prepares registered nurses to function in leadership roles in administration, practice, and educational settings. Advanced nursing theory and research provide the foundation for nurses to influence the future of nursing and health care. Students complete courses in advanced nursing content, process, and leadership. Concentrations in nursing psychiatric-mental health, family nurse practitioner, nursing informatics, nursing administration and nursing education allow students to concentrate on developing increased knowledge and skills in a specific area of content.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cert-nad.

Program Purpose
This certificate program is designed for nurses with current RN licensure who desire a concentrated course of study in nursing administration. The course of study prepares nurses to function in leadership roles in nursing administration. Upon completion of the certificate program, nurses with a graduate degree in nursing and the required practice experience may be eligible to sit for the American Nurses Credentialing Center (ANCC) Nurse Executive – Board Certified (NE-BC) exam. For complete eligibility requirements, reference the complete NE-BC criteria (www.nursecredentialing.org).

CERT/NAD Required Course of Study
Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1). Required Course of Study courses must be completed in the order recommended by the University.

All applicants are expected to meet the following admissions requirements:

1. A master's degree in nursing (MSN or MN) or doctoral degree in nursing from a regionally or approved nationally accredited, or candidate for accreditation, college or university or equivalent graduate degree earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
2. A cumulative grade point average (GPA) of 3.0 for all graduate or doctoral course work on the graduate or doctoral degree posted transcript is required for admission.
• Applicants who reside in the United States or in one of the US Territories with documentation of a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. Applicants from the following territories must also hold a RN license obtained by taking the NCLEX-RN exam:
  - Guam
  - American Samoa
  - Northern Mariana Islands
  - US Virgin Islands
• International students who are residents outside of the United States or approved US Territories must meet the following requirements:
  - Completion of a nursing diploma, associates degree in nursing, or foreign equivalent program.
  - All students, with the exception of students residing in Canada or Puerto Rico, will be required to validate their International Nursing License equivalency by CGFNS (Commission on Graduates of Foreign Nursing Schools) or ICD (International Consultants of Delaware) for RN equivalency.
  - All Canadian students must complete the Canadian RN License Verification Form and submit documentation of a valid, unrestricted, unencumbered RN license.
  - Applicants who reside in Canada must meet one of the following requirements for admission:
    - Be a legal resident of Canada
    - Be a landed immigrant
    - Have a valid visa that does not prohibit educational studies
  - A signed Foreign Nursing Memorandum of Understanding
  - Signed Criminal Background Check Disclosure
  - Signed Acknowledgement of Criminal Conviction Prohibition for Placement and Licensure
  - Signed FERPA Release/Drug Test or Failure to Test Results
  - Signed Clinical Assurance Statement form

Certificate Completion Requirements for the CERT/NAD
• Completion of a minimum of 18 credits.
• A minimum program grade point average (GPA) of 3.0.
• The certificate awarded for this program will read as:
  Post Master's Nurse Administration

Academic Progression Requirements for the CERT/NAD
• A minimum grade of C or better in all courses.
• Students must hold a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For students holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program.
• Clinical experiences/hours cannot be completed during work time at the student's place of employment.
• Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion, of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a "for-cause" 10 panel, plus alcohol drug test.

Minimum Grade Requirements for the CERT/NAD
• Students in this program are required to achieve a minimum grade of "C" (2.0) in all courses. A "C+" grade is not acceptable. Students who fail to receive a minimum grade of "C" in any of the courses will be scholastically disqualified from the University.
• Students cannot repeat more than one nursing or clinical course.
• Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn, from the certificate program.
• Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  - Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
  - Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
  - Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement
• Re-Admission is granted when the student satisfactorily fulfills the outlined requirements to remove the scholastic disqualification. Once the grade minimum has been satisfied, the student may then proceed sequentially through the program.

Residency Requirements and Course Waivers for the CERT/NAD
• Students must meet established University residency requirement for degree conferral. The University requires that 18 credits in the Required Course of Study be completed at University of Phoenix.
• The courses in this program cannot be waived.

Re-entry for the CERT/NAD
• Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student to this program.
• Re-entry students may re-enroll into their program version if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.
• Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
• An appeal will be required for re-entry students to re-enroll in their program if:
  - The student is requesting to return after being administratively withdrawn due to one of the following student academic statuses: academic disqualification (AD), scholastic suspension (SS), or scholastic disqualification (SD).
  - The student's program version is still the most current offered in their state or jurisdiction but they are unable to complete the remaining program requirements within the original program completion deadline.
• The student wishes to return to a prior program version and the student can complete their remaining requirements within the original program completion deadline.
• Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.

Post Master’s Certificate in Nurse Administration International

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Additional Admission Requirements for the CERT/NAD-I

All applicants are expected to meet the following admissions requirements:

• Applicants must be residents outside of the United States or approved US Territories. Program will be offered only through the Online Campus.

• A master’s degree in nursing (MSN or MN) or doctoral degree in nursing from a regionally or approved nationally accredited, or candidate for accreditation, college or university or equivalent graduate degree earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

• A cumulative grade point average (GPA) of 3.0 on the master’s or doctoral degree posted transcript is required for admission.

• All students, with the exception of students residing in Canada or Puerto Rico, will be required to validate their International Nursing License equivalency by CGFNS (Commission on Graduates of Foreign Nursing Schools) or ICD (International Consultants of Delaware) for RN equivalency.

• All Canadian students must complete the Canadian RN License Acknowledgment Form and submit documentation of a valid, unrestricted, unencumbered RN license.

• Applicants residing in the Commonwealth of Puerto Rico must have an approved appeal on file documenting successful completion of the US NCLEX-RN exam and that all Puerto Rico RN licensing requirements are met to be eligible for admission.

• Signed Criminal Background Check Disclosure

• Signed Acknowledgement of Criminal Conviction Prohibition for Placement and Licensure

• Signed FERPA Release/Drug Test or Failure to Test Results

• Signed Foreign Nursing Memorandum of Understanding

• Enrollment Agreements signed 7/1/2016 or later, signed Clinical Assurance Statement form

Certificate Completion Requirements for the CERT/NAD-I

• The completion of a minimum of 23 credits.

• A minimum program grade point average (GPA) of 3.0.

• The certificate awarded for this program will read as: Post Master’s Nurse Administration

Academic Progression Requirements for the CERT/NAD-I

• Minimum grade of B- or better in all courses.

• Students must hold a valid, unrestricted / unencumbered RN license in all states/countries in which the applicant holds an active nursing license. For students holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program.

• Clinical experiences/hours cannot be completed during work time at the student's place of employment.

• Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion, of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a "for-cause" 10 panel, plus alcohol drug test.

Minimum Grade Requirements for the CERT/NAD-I

• Students in this program are required to achieve a minimum grade of “B-” (2.66) in all courses. A “C+” grade is not acceptable. Students who fail to receive a minimum grade of “B-” in any of the courses will be scholastically disqualified from the University.

510
• Effective for new Enrollment Agreements signed 10/1/2015 or later: Students cannot repeat more than one nursing or clinical course. Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn, from the certificate program.
• Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  • Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
  • Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
  • Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement
  • Re-Admission is granted when the student satisfactorily fulfills the outlined requirements to remove the scholastic disqualification. Once the grade minimum has been satisfied, the student may then proceed sequentially through the program.

Residency Requirements and Course Waivers for the CERT/NAD-I

Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Courses in this program cannot be waived.

Re-entry for the CERT/NAD-I

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student to this program.

Re-entry students may re-enroll into their program version if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to re-enroll into the most current version.

An appeal will be required for re-entry students to re-enroll in their program if:

  • The student is requesting to return after being administratively withdrawn due to one of the following student academic statuses: academic disqualification (AD), scholastic suspension (SS), or scholastic disqualification (SD).
  • The student’s program version is still the most current offered in their state or jurisdiction but they are unable to complete the remaining program requirements within the original program completion deadline.
  • The student wishes to return to a prior program version and the student can complete their remaining requirements within the original program completion deadline.

Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.

Post Master’s Certificate in Nurse Education

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Nursing Certificate programs, accredited by the Commission of Collegiate Nursing Education (CCNE)*, enhances the knowledge and skills of registered nurses with graduate-level nursing degree preparation. The program prepares registered nurses to function in leadership roles in administration, practice, and educational settings. Advanced nursing theory and research provide the foundation for nurses to influence the future of nursing and health care. Students complete courses in advanced nursing content, process, and leadership. Concentrations in nursing psychiatric-mental health, family nurse practitioner, nursing informatics, nursing administration and nursing education allow students to concentrate on developing increased knowledge and skills in a specific area of content.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cert-ned.

Program Purpose

This certificate program is designed for nurses with current RN licensure who desire a concentrated course of study in nursing education. The course of study prepares nurses for roles within nursing education in a variety of educational and practice settings. Upon completion of the certificate, nurses with graduate degrees (or higher) and designated teaching experience may be eligible to sit for the National League of Nursing (NLN) Certified Nurse Educator (CNE) exam. For complete eligibility requirements, reference the complete NLN CNE criteria (www.nln.org).

Additional Admission Requirements for the CERT/NED

All applicants are expected to meet the following admissions requirements:
- A master's degree in nursing (MSN or MN) or doctoral degree in nursing from a regionally or approved nationally accredited, or candidate for accreditation, college or university or equivalent graduate degree earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- A cumulative grade point average (GPA) of 3.0 for all graduate or doctoral coursework on the graduate or doctoral degree posted transcript is required for admission.
- Applicants who reside in the United States or in one of the US Territories with documentation of a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. Applicants from the following territories must also hold a RN license obtained by taking the NCLEX-RN exam:
  - Guam
  - American Samoa
  - Northern Mariana Islands
  - US Virgin Islands

- International students who are residents outside of the United States or approved US Territories must meet the following requirements:
  - Completion of a nursing diploma, associates degree in nursing, or foreign equivalent program.
  - All students, with the exception of students residing in Canada or Puerto Rico, will be required to validate their International Nursing License equivalency by CGFNS (Commission on Graduates of Foreign Nursing Schools) or ICD (International Consultants of Delaware) for RN equivalency.
  - All Canadian students must complete the Canadian RN License Verification Form and submit documentation of a valid, unrestricted, unencumbered RN license.
  - Applicants who reside in Canada must meet one of the following requirements for admission:
    - Be a legal resident of Canada
    - Be a landed immigrant
    - Have a valid visa that does not prohibit educational studies
  - A signed Foreign Nursing Memorandum of Understanding
  - Signed Criminal Background Check Disclosure
  - Signed Acknowledgement of Criminal Conviction Prohibition for Placement and Licensure
  - Signed FERPA Release/Drug Test or Failure to Test Results
  - Signed Clinical Assurance Statement form

**Certificate Completion Requirements for the CERT/NED**

- Completion of a minimum of 18 credits.
- A minimum program grade point average (GPA) of 3.0.
- The certificate awarded for this program will read as: Post Master’s Nurse Education

**Academic Progression Requirements for the CERT/NED**

- Minimum grade of C or better in all courses.

- Students must hold a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For students holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program.
- Clinical experiences/hours cannot be completed during work time at the student's place of employment.
- Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion, of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a "for-cause" 10 panel, plus alcohol drug test.

**Minimum Grade Requirements for the CERT/NED**

- Students in this program are required to achieve a minimum grade of "C" (2.0) in all courses. A "C-" grade is not acceptable.
- Students who fail to receive a minimum grade of "C" in any of the courses will be scholastically disqualified from the University.

- Students cannot repeat more than one nursing or clinical course. Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn, from the certificate program.
- Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  - Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
  - Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
  - Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement
- Re-Admission is granted when the student satisfactorily fulfills the outlined requirements to remove the scholastic disqualification. Once the grade minimum has been satisfied, the student may then proceed sequentially through the program.

**Residency Requirements and Course Waivers for the CERT/NED**

- All students, with the exception of students residing in Canada or Puerto Rico, will be required to validate their International Nursing License equivalency by CGFNS (Commission on Graduates of Foreign Nursing Schools) or ICD (International Consultants of Delaware) for RN equivalency.
- All Canadian students must complete the Canadian RN License Acknowledgment Form and submit documentation of a valid, unrestricted, unencumbered RN license.
- Applicants residing in the Commonwealth of Puerto Rico must have an approved appeal on file documenting successful completion of the US NCLEX-RN exam and that all Puerto Rico RN licensing requirements are met to be eligible for admission.
- Signed Criminal Background Check Disclosure
- Signed Acknowledgement of Criminal Conviction Prohibition for Placement and Licensure
- Signed FERPA Release/Drug Test or Failure to Test Results
- Signed Foreign Nursing Memorandum of Understanding
- Enrollment Agreements signed 7/1/2016 or later, signed Clinical Assurance Statement form

**Certificate Completion Requirements for the CERT/NED-I**

- The completion of a minimum of 23 credits.
- A minimum program grade point average (GPA) of 3.0.
- The certificate awarded for this program will read as: Post Master’s Nurse Education

**Academic Progression Requirements for the CERT/NED-I**

- Minimum grade of B- or better in all courses.
- Students must hold a valid, unrestricted / unencumbered RN license in all states/countries in which the applicant holds an active nursing license. For students holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program.
- Clinical experiences/hours cannot be completed during work time at the student’s place of employment.
- Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion, of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a “for-cause” 10 panel, plus alcohol drug test.
Minimum Grade Requirements for the CERT/NED-I

- Students in this program are required to achieve a minimum grade of "B-" (2.66) in all courses. A "C+" grade is not acceptable. Students who fail to receive a minimum grade of "B-" in any of the courses will be scholastically disqualified from the University.
- Effective for new Enrollment Agreements signed 10/1/2015 or later: Students cannot repeat more than one nursing or clinical course. Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn, from the certificate program.
- Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  - Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.

Residency Requirements and Course Waivers for the CERT/NED-I

Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

CERTIFICATE PROGRAMS FOR THE COLLEGE OF EDUCATION

Alternative Pathway/Elementary Education (Hawaii)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Alternative Pathway/Elementary Education is a certificate program intended for candidates who have prior teaching experience and are currently seeking licensure in Hawaii. Students will be required to take a pre-assessment course focusing on assessing the skills necessary for effective teaching. Candidates will plan for instruction, use engaging strategies, and assess student learning, while providing necessary artifacts to support and display the candidate’s content knowledge of teaching. Students will be introduced to the program’s progression and degree completion requirements. Teacher candidates will be required to complete a Teacher Performance Assessment and meet their program standards in order to successfully complete the program.

The Alternative Pathway/Elementary Education requires a minimum of 17 credits, which may come from a combination of required and elective courses.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/ap-e.

Program Purpose

The Alternative Pathway/Elementary Education is a certificate program intended to prepare students with no prior teaching experience for the elementary teacher license in Hawaii. The program includes a clinical component requiring field experiences and student teaching above and beyond program coursework. As state licensure requirements may change frequently, students must contact the Hawaii Teacher Standards Board to verify current requirements to become a licensed teacher. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity.

Preferred Sequence for the CERT/AP-E

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the CERT/AP-E

All applicants are expected to meet the following admissions requirements:

• Students enrolled in this program must have an undergraduate degree from a regionally accredited college or university or equivalent undergraduate degree earned at a recognized foreign institution. Degrees from nationally accredited institutions will not be accepted. All coursework for the Undergraduate degree must have been taken from a regionally accredited institution. Coursework taken during an institution’s candidacy period is not acceptable for admission.

• A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.

• All applicants must have a minimum of six months full-time teaching experience, or equivalent, at the level of the certificate they are requesting admittance to.

• Demonstration of basic skills proficiency

• Verification of fingerprint clearance

• Effective for Enrollment Agreements signed 7/1/2016 or later, verification of immunization or TB test results (district specific) within one year.

• A signed Hawaii Alternative Pathways New Student Checklist.

• Students who reside outside of the US or US Territories are not eligible to apply.

Certificate Completion Requirements for the CERT/AP-E

• Completion of a minimum of 17 credits.

• A minimum grade point average (GPA) of 3.0.

• Satisfactory completion of teacher performance assessment.

• Satisfactory completion of any required student teaching courses.

• Completion of Field Experience assignments associated with course requirements.

• Completion of signature assignments.

• In order to receive state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.

• The certificate awarded for the CERT/AP-E program will read:

Alternative Pathway - Elementary Education

Academic Progression Requirements for the CERT/AP-E

• Candidates must provide verification of the following prior to beginning their student teaching experience. Candidates must provide:

  • Passing scores on the designated state content knowledge exam (elementary content area specific)

• Candidates will be required to have the minimum GPA for the program prior to entering the Student Teaching experience.

Minimum Grade Requirement for the CERT/AP-E

Candidates must earn a “B” or better in student teaching in order to complete the Hawaii Alternative Pathways program. Grades of “I” and “B-” are not accepted. Students who do not receive a “B” or better will be placed on Scholastic Disqualification and will be required to repeat the seminars and student teaching: MTE 504, ELM 545

If the candidate does not receive a grade of “B” or better on the second attempt, the candidate will be Scholastically Suspended, permanently withdrawn, from this program.

Residency Requirements and Course Waivers for the CERT/AP-E

Students in this program may waive a maximum of 3 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

• The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.

• The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.

• The course must be comparable in content and credits. Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Alternative Pathway Elective credits may not be waived. Based upon the pre-assessment results faculty may recommend a specific elective course for the student to complete.

The following courses may not be waived: MTE 503, MTE 504, ELM 545, MTE 522, MTE 562, MTE 518, MTE 553

Student Teaching and Field Experience for the CERT/AP-E

• Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.

• Students must complete student teaching hours as noted below:

  • Elementary candidates must complete three (3) semester hours of supervised student teaching.

• Student teachers who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of “F” by their faculty member.
• Student teaching can only be repeated one time.
• Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their two student teaching attempts.
• Candidates who do not successfully complete the student teaching experience will be removed from the program and are not eligible for re-entry and are not eligible for admission to the MAED/TED pre-licensure programs.
• Candidates may be eligible to complete their student teaching in the classroom where they are currently employed as a full-time teacher. Students who are already teaching in an appropriate environment will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students must be teaching in a grade level and content area that corresponds with the certification they are pursuing. Students must complete the student teaching course and complete and upload the teacher performance assessment.
• Students should complete student teaching within twelve (12) months from the completion date of their last required course in the program.

Institutional Recommendation for the CERT/AP-E
• Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for state teaching credential).
• Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.
• Candidates must pass their state-mandated professional knowledge exam.
• Candidates must provide verification of state and U.S. Constitution coursework as required by the state certification agency.

Re-entry for the CERT/AP-E
• Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum and can complete within their original deadline may reenter their original program version. However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved.
• Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.
• Only students who reside within the United States and its territories are eligible to enroll into a University of Phoenix bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

Alternative Pathway/Secondary Education (Hawaii)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Alternative Pathway/Secondary Education is a certificate program intended for candidates who have prior teaching experience and are currently seeking licensure in Hawaii. Students will be required to take a pre-assessment course focusing on assessing the skills necessary for effective teaching. Candidates will plan for instruction, use engaging strategies, and assess student learning, while providing necessary artifacts to support and display the candidate’s content knowledge of teaching. Students will be introduced to the program’s progression and degree completion requirements. Teacher candidates will be required to complete a Teacher Performance Assessment and meet their program standards in order to successfully complete the program.

The Alternative Pathway/Secondary Education requires a minimum of 15 credits, which may come from a combination of required and elective courses.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/ap-s.

Program Purpose

The Alternative Pathway/Secondary Education is a certificate program intended to prepare students with prior teaching experience for the secondary teacher license in Hawaii. The program includes a clinical component requiring field experiences and student teaching above and beyond program coursework. As state licensure requirements may change frequently, students must contact the Hawaii Teacher Standards Board to verify current requirements to become a licensed teacher. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity.

Select one (1) of the following Alternative Pathway Elective...
candidates must provide verification of the following prior to academic progression requirements for the CERT/AP-S.

The certificate awarded for the CERT/AP-S program will read:

Students who reside outside of the US or US Territories are not eligible to apply.

Additional admission requirements for the CERT/AP-S:

- Students enrolled in this program must have an undergraduate degree from a regionally accredited college or university or equivalent undergraduate degree earned at a recognized foreign institution. Degrees from nationally accredited institutions will not be accepted. All coursework for the Undergraduate degree must have been taken from a regionally accredited institution. Coursework taken during an institution’s candidacy period is not acceptable for admission.
- A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.
- All applicants must have a minimum of six months full-time teaching experience, or equivalent, at the level of the certificate they are requesting admittance to.
- Demonstration of basic skills proficiency
- Verification of fingerprint clearance
- Effective for enrollment agreements signed 7/1/2016 or later, verification of immunization or TB test results (district specific) within one year.
- A signed Hawaii Alternative Pathways New Student Checklist.
- Students who reside outside of the US or US Territories are not eligible to apply.

Certificate completion requirements for the CERT/AP-S:

- Completion of a minimum of 15 credits.
- A minimum grade point average (GPA) of 3.0.
- Satisfactory completion of teacher performance assessment.
- Satisfactory completion of any required student teaching courses.
- Completion of Field Experience assignments associated with course requirements.
- Completion of signature assignments.
- In order to receive state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.
- The certificate awarded for the CERT/AP-S program will read as: Alternative Pathway - Secondary Education.

Academic Progression Requirements for the CERT/AP-S:

- Candidates must provide verification of the following prior to beginning their student teaching experience. Candidates must provide:
  - Passing scores on the designated state content knowledge exam (secondary content area specific)
  - Candidates will be required to have the minimum GPA for the program prior to entering the student teaching experience.

Minimum grade requirement for the CERT/AP-S:

Candidates must earn a ”B” or better in student teaching in order to complete the Hawaii Alternative Pathways program. Grades of ”I” and ”B-” are not accepted. Students who do not receive a ”B” or better will be placed on Scholastic Disqualification and will be required to repeat the seminars and student teaching: MTE 504, SEC 545.

If the candidate does not receive a grade of ”B” or better on the second attempt, the candidate will be Scholastically Suspended, permanently withdrawn, from this program.

Residency Requirements and Course Waivers for the CERT/AP-S:

Students in this program may waive a maximum of 3 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of ”B” (3.0) or better.
- The course must be comparable in content and credits. Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Alternative Pathway Elective credits may not be waived. Based upon the pre-assessment results faculty may recommend a specific elective course for the student to complete.

The following courses may not be waived: MTE 503, MTE 504, SEC 545, MTE 562, MTE 553, MTE 523, SEC 508.

Student Teaching and Field Experience for the CERT/AP-S:

- Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.
- Students must complete student teaching hours as noted below:
  - Secondary candidates must complete three (3) semester hours of supervised student teaching.
  - Student teachers who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of ”F” by their faculty member.
  - Student teaching can only be repeated one time.
  - Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their two student teaching attempts.
  - Candidates who do not successfully complete the student teaching experience will be removed from the program and are not eligible for re-entry and are not eligible for admission to the MAED/TED pre-licensure programs.
• Candidates may be eligible to complete their student teaching in the classroom where they are currently employed as a full-time teacher. Students who are already teaching in an appropriate environment will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students must be teaching in a grade level and content area that corresponds with the certification they are pursuing. Students must complete the student teaching course and complete and upload the teacher performance assessment.

• Students should complete student teaching within twelve (12) months from the completion date of their last required course in the program.

Institutional Recommendation for the CERT/AP-S

• Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for state teaching credential).

• Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.

• Candidates must pass their state-mandated professional knowledge exam.

• Candidates must provide verification of state and U.S. Constitution coursework as required by the state certification agency.

Re-entry for the CERT/AP-S

• Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum and can complete within their original deadline may reenter their original program version. However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved.

• Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current year and have completed all degree requirements except student teaching. Students who are already teaching in an appropriate environment will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students must be teaching in a grade level and content area that corresponds with the certification they are pursuing. Students must complete the student teaching course and complete and upload the teacher performance assessment.

Alternative Pathway/Special Education (Hawaii)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Alternative Pathway/Special Education is a certificate program intended for candidates who have prior teaching experience and are currently seeking licensure in Hawaii. Students will be required to take a pre-assessment course focusing on assessing the skills necessary for effective teaching. Candidates will plan for instruction, use engaging strategies, and assess student learning, while providing necessary artifacts to support and display the candidate’s content knowledge of teaching. Students will be introduced to the program’s progression and degree completion requirements. Teacher candidates will be required to complete a Teacher Performance Assessment and meet their program standards in order to successfully complete the program.

The Alternative Pathway/Special Education requires a minimum of 20 credits, which may come from a combination of required and elective courses.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/ap-se.

Program Purpose

The Alternative Pathway/Special Education is a certificate program intended for students with no prior teaching experience for the special education teacher license in Hawaii. The program includes a clinical component requiring field experiences and student teaching above and beyond program coursework. As state licensure requirements may change frequently, students must contact the Hawaii Teacher Standards Board to verify current requirements to become a licensed teacher. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity.

Preferred Sequence for the CERT/AP-SE

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Hawaii Alternative Certification - Special Education

MTE 503 ................................................................. 0 credits
Orientation to Alternative Pathway Certificate
MTE 504 ~ .............................................................. 1 credit
Assessment of Effective Teaching
SPE 513 ~ ............................................................... 3 credits
Orientation to the Exceptional Child
SPE 546 ~ ............................................................... 3 credits
Special Education Methods
RDG 570 ~ ............................................................. 4 credits
Curriculum Constructs and Assessment: Reading and Language Arts for Special Education
SPE 573 ~ ............................................................... 3 credits
Characteristics of Exceptionalities
SPE 577 ~ ............................................................... 3 credits
Special Education Student Teaching
Select one (1) of the following Alternative Pathway Elective courses:
- SPE 512 ~ 3 credits
- Special Education Assessment and Interpretation
- SPE 559 ~ 3 credits
- Characteristics of Learning Disabilities
- SPE 574 ~ 3 credits
- Characteristics of Intellectual/Developmental Disabilities
- SPE 544 ~ 3 credits
- Characteristics of Emotional & Behavioral Disorders
- SPE 556 ~ 3 credits
- Characteristics of Physical & Health Disabilities
- SPE 575 ~ 3 credits
- Inclusion Strategies of the Special Educator

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the CERT/AP-SE

All applicants are expected to meet the following admissions requirements:
- Students enrolled in this program must have an undergraduate degree from a regionally accredited college or university or equivalent undergraduate degree earned at a recognized foreign institution. Degrees from nationally accredited institutions will not be accepted. All coursework for the Undergraduate degree must have been taken from a regionally accredited institution. Coursework taken during an institution’s candidacy period is not acceptable for admission.
- A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.
- All applicants must have a minimum of six months full-time teaching experience, or equivalent, at the level of the certificate they are requesting admittance to for the completion of course assignments.
- Demonstration of basic skills proficiency
- Verification of fingerprint clearance
- Effective for Enrollment Agreements signed 7/1/2016 or later, verification of immunization or TB test results (district specific) within one year.
- A signed Hawaii Alternative Pathways New Student Checklist.
- Students who reside outside of the US or US Territories are not eligible to apply.

Certificate Completion Requirements for the CERT/AP-SE
- Completion of a minimum of 20 credits.
- A minimum grade point average (GPA) of 3.0.
- Satisfactory completion of teacher performance assessment.
- Satisfactory completion of any required student teaching courses.
- Completion of Field Experience assignments associated with course requirements.
- Completion of signature assignments.
- In order to receive state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.
- The certificate awarded for the CERT/AP-SE program will read as: Alternative Pathway - Special Education

Academic Progression Requirements for the CERT/AP-SE
- Candidates must provide verification of the following prior to beginning their student teaching experience. Candidates must provide:
  - Passing scores on the designated state content knowledge exam.
  - Candidates will be required to have the minimum GPA for the program prior to entering the Student Teaching experience.

Minimum Grade Requirement for the CERT/AP-SE
Candidates must earn a "B" or better in student teaching in order to complete the Hawaii Alternative Pathways program. Grades of "I" and "B-" are not accepted. Students who do not receive a "B" or better will be placed on Scholastic Disqualification and will be required to repeat the seminars and student teaching: MTE 504, SPE 577
If the candidate does not receive a grade of "B" or better on the second attempt, the candidate will be Scholastically Suspended, permanently withdrawn, from this program.

Residency Requirements and Course Waivers for the CERT/AP-SE
Students in this program may waive a maximum of 3 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
- The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
- The course must be comparable in content and credits. Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request. Alternatively, Pathway Elective credits may not be waived. Based upon the pre-assessment results faculty may recommend a specific elective course for the student to complete.

The following courses may not be waived: MTE 503, MTE 504, SPE 512, SPE 559, SPE 574, SPE 544, SPE 556, SPE 575, SPE 577

Student Teaching and Field Experience for the CERT/AP-SE
- Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.
- Students must complete student teaching hours as noted below:
  - Special Education candidates must complete three (3) semester hours of supervised student teaching.
  - Student teachers who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of "F" by their faculty member.
  - Student teaching can only be repeated one time.
  - Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their two student teaching attempts.
- Candidates who do not successfully complete the student teaching experience will be removed from the program and are not eligible for re-entry and are not eligible for admission to the MAED/SPE pre-licensure programs.
- Candidates may be eligible to complete their student teaching in the classroom where they are currently employed as a full-time teacher. Students who are already teaching in an appropriate environment will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students must be teaching in a grade level and content area that corresponds with the certification they are pursuing. Students must complete the student teaching course and complete and upload the teacher performance assessment.
- Students should complete student teaching within twelve (12) months from the completion date of their last required course in the program.

Institutional Recommendation for the CERT/AP-SE

- Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR, request for state teaching credential).
- Upon completion, candidates must complete a University of Phoenix diploma application in order to receive a diploma and official transcript. Candidates' records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.
- Candidates must pass their state-mandated professional knowledge exam.
- Candidates must provide verification of state and U.S. Constitution coursework as required by the state certification agency.

Re-entry for the CERT/AP-SE

- Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum and can complete within their original deadline may reenter their original program version. However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved.
- Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.
- Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

Alternative Pathway/Elementary Education (Florida)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Alternative Pathway/Elementary Education is a certificate program that requires no prior teaching experience for the elementary teacher license in Florida. The program includes a clinical component. If students are not already in a classroom setting, student teaching will be required above and beyond the program coursework. As state licensure requirements may change frequently, students must contact the Florida Department of Education to verify current requirements to become a licensed teacher. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity.

The Alternative Pathway/Elementary Education requires a minimum of 24 credits, which may come from a combination of required and elective courses.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/alt-e.

Program Purpose

The Alternative Pathway/Elementary Education is a certificate program intended to prepare students with no prior teaching experience for the elementary teacher license in Florida. The program includes a clinical component requiring student teaching above and beyond program coursework. As state licensure requirements may change frequently, students must contact the Florida Department of Education to verify current requirements to become a licensed teacher. Elementary Student Teaching Part A
ELM 599 ~ ................................................................................4 credits
Elementary Student Teaching Part B
The University reserves the right to modify the required course of study.

Additional Admission Requirements for the CERT/ALT-E
All applicants are expected to meet the following admissions requirements:

- Students enrolled in this program must have an undergraduate degree from a regionally accredited college or university or equivalent undergraduate degree earned at a recognized foreign institution. Degrees from nationally accredited institutions will not be accepted. All coursework for the Undergraduate degree must have been taken from a regionally accredited institution. Coursework taken during an institution’s candidacy period is not acceptable for admission.
- A cumulative grade point average (GPA) of 3.0 on the undergraduate degree posted transcript.
- All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.
- Demonstration of basic skills proficiency
- Verification of fingerprint clearance
- A signed Florida Alternative Pathways New Student Checklist.
- Students who reside outside of the US or US Territory are not eligible to apply.

Minimum Grade Requirement for the CERT/ALT-E
Candidates must earn a “B” or better in student teaching in order to complete the Florida Alternative Pathways program. Grades of “I” and “B-” are not accepted. Students who do not receive a “B” or better will be placed on Scholastic Disqualification and will be required to repeat the seminars and student teaching; ELM 598, ELM 599.

Certificate Completion Requirements for the CERT/ALT-E
- The completion of a minimum of 24 credits.
- A minimum grade point average (GPA) of 3.0.
- Satisfactory completion and uploading of the Teacher Work Sample (TWS).
- Satisfactory completion of any required practicum/student teaching courses.
- Completion of Field Experience assignments associated with course requirements.
- Completion of signature assignments.
- In order to receive state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.
- The certificate awarded for the CERT/ALT-E program will read as: Alternative Pathway: Elementary Education

Academic Progression Requirements for the CERT/ALT-E
- Candidates must provide verification of the following prior to beginning their student teaching experience. Candidates must provide:
  - Immunization or TB test results (District specific)
  - Passing scores on the designated state content knowledge exam (elementary content area specific)
- Candidates will be required to have the minimum GPA for the program prior to entering the Student Teaching experience.

Residency Requirements and Course Waivers for the CERT/ALT-E
Students in this program may waive a maximum of 3 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
- The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
- The course must be comparable in content and be a minimum of 3 credits and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
- Students teaching may be waived with practical experience in teaching. Practical experience in teaching may be satisfied by one of the following methods:
  - One year of full-time teaching experience in an elementary or secondary school as specific in Rule 6A-4.002, F.A.C., or
  - Six semester hours earned in a college student teaching or supervised internship completed in an elementary or secondary school.
- Candidates who do not meet the above requirements will not have their student teaching waived. However, candidates may be eligible to complete their student teaching in the classroom where they are currently employed as a full-time teacher. Students who are already teaching in an appropriate environment will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students must be teaching in the grade level and content area that corresponds with the certification they are pursuing. Students must complete the student teaching course and complete and upload the Teacher Work Sample.
- The following courses in the Required Course of Study may not be waived: MTE 507

Student Teaching and Field Experience for the CERT/ALT-E
- Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.
- Students must complete student teaching hours as noted below:
  - Elementary candidates must complete eight (8) semester hours of supervised student teaching.
  - Student teachers who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of “F” by their faculty member.
- Student teaching can only be repeated one time.
- Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their two student teaching attempts.
Candidates who do not successfully complete the second student teaching experience will be removed from the program and are not eligible for re-entry and are not eligible for admission to the MAED/TED pre-licensure programs.

Candidates may be eligible to complete their student teaching in the classroom where they are currently employed as a full-time teacher. Students who are already teaching in an appropriate environment will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students must be teaching in a grade level and content area that corresponds with the certification they are pursuing. Students must complete the student teaching course and complete and upload the Teacher Work Sample.

Students should complete student teaching within twelve (12) months from the completion date of their last required course in the program.

Re-entry for the CERT/ALT-E

Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship, or practicum and can complete within their original deadline may reenter their original program version. However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching, internship, or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved.

Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship, or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

Only students who reside within the United States and its territories are eligible to enroll into a University of Phoenix bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

Alternative Pathway/Secondary Education (Florida)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Additional Admission Requirements for the CERT/ALT-S

All applicants are expected to meet the following admissions requirements:

- Students enrolled in this program must have an undergraduate degree from a regionally accredited college or university or equivalent undergraduate degree earned at a recognized foreign institution. Degrees from nationally accredited institutions will not be accepted. All coursework for the Undergraduate degree must have been taken from a regionally accredited institution. Coursework taken during an institution’s candidacy period is not acceptable for admission.
- A cumulative grade point average (GPA) of 3.0 on the undergraduate degree posted transcript.
- All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.
- Demonstration of basic skills proficiency.
• Verification of fingerprint clearance
• A signed Florida Alternative Pathways New Student Checklist.
• Students who reside outside of the US or US Territory are not eligible to apply.

**Minimum Grade Requirement for the CERT/ALT-S**
Candidates must earn a "B" or better in student teaching in order to complete the Florida Alternative Pathways program. Grades of "I" and "B-" are not accepted. Students who do not receive a "B" or better will be placed on Scholastic Disqualification and will be required to repeat the seminars and student teaching: SEC 598, SEC 599

If the candidate does not receive a grade of "B" or better on the second attempt, the candidate will be Scholastically Suspended, permanently withdrawn, from this program.

**Certificate Completion Requirements for the CERT/ALT-S**
- The completion of a minimum of 26 credits.
- A minimum grade point average (GPA) of 3.0.
- Satisfactory completion and uploading of the Teacher Work Sample (TWS).
- Satisfactory completion of any required practicum/student teaching courses.
- Completion of Field Experience assignments associated with course requirements.
- Completion of signature assignments.
- In order to receive state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.
- The certificate awarded for the CERT/ALT-S program will read as: Alternative Pathway - Secondary Education

**Academic Progression Requirements for the CERT/ALT-S**
- Candidates must provide verification of the following prior to beginning their student teaching experience. Candidates must provide:
  - Immunization or TB test results (District specific)
  - Passing scores on the designated state content knowledge exam (secondary content area specific)
- Candidates will be required to have the minimum GPA for the program prior to entering the Student Teaching experience.

**Residency Requirements and Course Waivers for the CERT/ALT-S**
Students in this program may waive a maximum of 3 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
- The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
- The course must be comparable in content and be a minimum of 3 credits and must be an equivalent level or higher level course (i.e., graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Student teaching may be waived with practical experience in teaching. Practical experience in teaching may be satisfied by one of the following methods:
- One year of full-time teaching experience in an elementary or secondary school as specific in Rule 6A-4.002, F.A.C., or
- Six semester hours earned in a college student teaching or supervised internship completed in an elementary or secondary school.

Candidates who do not meet the above requirements will not have their student teaching waived. However, candidates may be eligible to complete their student teaching in the classroom where they are currently employed as a full-time teacher. Students who are already teaching in an appropriate environment will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students must be teaching in the grade level and content area that corresponds with the certification they are pursuing. Students must complete the student teaching course and complete and upload the Teacher Work Sample.

The following courses in the Required Course of Study may not be waived: MTE 507

**Student Teaching and Field Experience for the CERT/ALT-S**
- Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.
- Students must complete student teaching hours as noted below:
  - Secondary candidates must complete eight (8) semester hours of supervised student teaching.
- Student teachers who are removed from a placement at the request of a school district administrator will be withdrawn from class and will be issued a grade of "F" by their faculty member.
- Student teaching can only be repeated one time.
- Unapproved self-terminations of student teaching will result in the candidate receiving a failing grade for the student teaching experience and the associated student teaching seminar. This experience counts as one of their two student teaching attempts.
- Candidates who do not successfully complete the second student teaching experience will be removed from the program and are not eligible for re-entry and are not eligible for admission to the MAED/TED pre-licensure programs.
- Candidates may be eligible to complete their student teaching in the classroom where they are currently employed as a full-time teacher. Students who are already teaching in an appropriate environment will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students must be teaching in a grade level and content area that corresponds with the certification they are pursuing. Students must complete the student teaching course and complete and upload the Teacher Work Sample.
- Students should complete student teaching within twelve (12) months from the completion date of their last required course in the program.

**Re-entry for the CERT/ALT-S**
Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum and can complete within their original deadline may reenter their original program version. However, if the state certification requirements have changed since a candidate went out of attendance needing only student teaching,
internship or practicum, in addition to the admissions paperwork required by the University Re-entry policy, the candidate must complete an Enrollment Agreement Addendum before reentry to the original program version will be approved. Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

Only students who reside within the United States and its territories are eligible to enroll into a University of Phoenix bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

Principal Licensure Certificate Program (Utah)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Principal Licensure professional certificate program is designed for educators interested in obtaining a license as a P-12 school principal. The standards-based program is designed to provide principal candidates with the knowledge, skills, and dispositions necessary to be successful school leaders who can apply theory to practice. The program encompasses instructional leadership, organizational management, technology management, and data-driven decision-making. An administrative internship is an integral component of the program, providing candidates with a field-based experience in the various aspects of school administration and supervision.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/plc.

Program Purpose

The Principal Licensure Certificate is a graduate-level certificate program intended to prepare candidates for K-12 school principal licensure in select states. The program includes a clinical component requiring field experiences and an administrative internship above and beyond program coursework. As licensure requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed school principal. There may be additional qualifications and/or disqualifications applicable in order to work as a principal with any local, state or federal entity.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and implement school leadership practices to produce a positive impact on P-12 student learning.
- Students will be able to evaluate effective professional practice.
- Students will be able to apply professional ethics to their leadership practices.
- Students will be able to evaluate community factors to address the needs of diverse populations.
- Students will be able to evaluate research and synthesize information from multiple sources.

Required Course of Study for the PLC

The University reserves the right to modify the required course of study. Program and Certification requirements are subject to change based on Department of Education or University Policy.

Additional Admission Requirements for the PLC

All applicants are expected to meet the following admissions requirements:

- A masters degree from a regionally accredited college or university or equivalent graduate degree earned at a recognized foreign institution.
- A minimum equivalent of three (3) years post-high school work experience including 18 months of instructional experience in a P-12 setting.
- The teaching or instructional experience must be as a contracted teacher in either a traditional or year-round public or private school.
- Teaching experience is defined as stand-up teaching or facilitation with a pre-school (P)-12 school-age population.

The following constitutes teaching experience:

* Verifiable (contracted) P-12 instructional classroom experience - 40 hours per week
Utah students in the MAED/ADM program can have experience as a licensed school counselor.

- All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.
- A cumulative grade point average (GPA) of 3.0 on the graduate degree posted transcript is required for admission.
- A signed PLC New Student Checklist

**Certificate Completion Requirements for the PLC**

- Completion of a minimum of 28 credits.
- A minimum grade point average (GPA) of 3.0.
- Satisfactory completion of the Administration Internship courses ADMIN 591A, ADMIN 591B, and ADMIN 591C.
- Completion of Field Experience Observation Record.
- Students may need to meet additional requirements set forth by their State Department of Education.
- The certificate awarded for this program will read as: Principal Licensure Certificate.

**Residency Requirements and Course Waivers for the PLC**

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following courses in the Required Course of Study may not be waived: COM 516, ADMIN 591A, ADMIN 591B, ADMIN 591C

**Minimum Grade Requirement for the PLC**

A candidate must earn a grade of “B” (grades of “I” and “B-” are not accepted) or better in the following courses: ADMIN 591A, ADMIN 591B, ADMIN 591C

Candidates who earn less than a grade of "B" in any of these courses must complete a remediation plan and repeat the course. If the candidate does not receive a grade of "B" or better on the second attempt, the candidate will be Scholastically Suspended, permanently withdrawn, from the program.

**Re-entry for the PLC**

Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

Only students who reside within the United States and its territories are eligible to enroll into a University of Phoenix bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

**Institutional Recommendation for the PLC**

- Candidates must meet all current state certification requirements prior to being issued an Institutional Recommendation (IR) (request for principal certification). Refer to the New Student Checklist and your state certification agency for specific requirements.
- Passing scores on state exam(s) for principal licensure.
- Upon completion, candidates must complete a University of Phoenix Diploma Application in order to receive a diploma and official transcript. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.
CERTIFICATE PROGRAMS FOR THE COLLEGE OF INFORMATION SYSTEMS AND TECHNOLOGY

Storage Management Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The certificate program in Storage Management focuses on the tasks and skills involved in various information storage management job roles, and the technologies used to perform those tasks. The certificate includes information system fundamentals, foundations of networking, information systems security, storage and management of data, and cloud infrastructure. This certificate supports preparation for industry certifications relevant to information storage management.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cert-sm.

General Information for the CERT/SM

This certificate program may be taken on its own or may be earned en-route to earning a degree.

Additional Admission Requirements for the CERT/SM

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.
- Signed Hardware/Software Agreement

Certificate Completion Requirements for the CERT/SM

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their associate or bachelor program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for this program will read as: Storage Management (Undergraduate)

Residency Requirements and Course Waivers for the CERT/SM

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:
- The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
- The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
Students must meet the following requirements prior to enrolling in NTC 270:

- The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Through an approved articulation agreement, students who have successfully completed equivalent courses may waive, without credit, up to six (6) credits of the Required Course of Study. Students must substitute other upper division coursework to satisfy the upper division credit requirement of their degree program (each program has specific substitution requirements). This policy also applies to upper division courses which are used to fulfill certificate degree requirements. In order to be granted a waiver, without credit, for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed and transcripted from a regionally or nationally accredited institution with which the University of Phoenix has an approved articulation agreement.
- The course must have been completed with a grade of "C" (2.0) or better during the effective dates of the approved articulation agreement.
- The course must be approved through the articulation agreement and must be comparable in content and credits to the University course it is replacing.

Eligible students who have attended a SOC Member Institution or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.

Nationally recognized and/or industry accepted certifications may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: NTC 270, NTC 275

Applied Capstone Policies for the CERT/SM

- Students in this program may elect to complete a Storage Management Applied Capstone course, NTC 270, to coincide with a real-world applied capstone location. The applied capstone course is 5 weeks in length and the real-world applied capstone location must be a minimum of 5 weeks in length to coincide with the Storage Management Applied Capstone course.
- Students must meet the following requirements prior to enrolling in NTC 270:
  - Must be in good academic standing. Good academic standing is defined as not on academic probation, academic disqualification, and no student code of conduct violation on their record.
  - Must receive campus Academic Affairs approval for the student's selected site.

- NTC 270 is 5 weeks in length. This course require a minimum of 25 hours, or an average of 5 hours per week at an approved applied capstone location.
- If the applied capstone course is cancelled, terminated, or the student self-terminates from the approved applied capstone course location without campus Academic Affairs approval, the student will be withdrawn from class and will be issued a grade of "F" by their faculty member. Student must take NTC 275 Storage Management Capstone. Students will not be permitted to have a second attempt at passing the applied capstone course.
- If the applied capstone course is not completed with a passing grade, the student must take NTC 275 Storage Management Capstone. Students will not be permitted to have a second attempt at passing the applied capstone course.
- At the discretion of the Campus DAA or designee, outstanding student code of conduct issues may prevent a candidate’s progression to the applied capstone course experience until the issue is resolved.
- The Student Code of Conduct applies to student behavior and actions that occur at approved real-world applied capstone location.

Re-Entry for the CERT/SM

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Advanced Cyber Security Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Cyber Security Certificate concentrates on the concepts and principles of securing and protecting the information assets of the organization. The areas of information assurance, systems security, risk management, cryptography, cyber security and enterprise security are covered in this certificate. This program helps prepare for industry certifications such as the ISC2 Systems Security Certified Practitioner (SSCP) and Certified Information Systems Security Professional (CISSP).

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cert-acs.

**Advanced Software Developer Certificate (Undergraduate)**

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Advanced Software Developer Certificate concentrates on principles of software application development. This certificate explores modern software development though the use of multiple modern application programming languages as well as mobile programming and software architecture principles. This program helps preparation for industry certifications such as the C++ Certified Professional Programmer, Oracle Certified Professional JAVA SE Associate and Professional Programmer (OCP) and Microsoft C# and VB certifications.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cert-asd.

**Program Student Learning Outcomes**

In addition to the knowledge and skills related to the University Learning Goals, College of Information Systems and Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to explain and apply fundamentals of software application development.
- Students will be able to apply concepts learned toward industry certifications.

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
• Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
• The certificate awarded for this program will read as: Advanced Software Developer (Undergraduate)

Residency Requirements and Course Waivers for the CERT/ASD

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:
• The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
• The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
• The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Through an approved articulation agreement, students who have successfully completed equivalent courses may waive, without credit, up to six (6) credits of the Required Course of Study. Students must substitute other upper division coursework to satisfy the upper division credit requirement of their degree program (each program has specific substitution requirements). This policy also applies to upper division courses which are used to fulfill certificate degree requirements. In order to be granted a waiver, without credit, for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
• The course must have been completed and transcripted from a regionally or nationally accredited institution with which the University of Phoenix has an approved articulation agreement.
• The course must have been completed with a grade of "C" (2.0) or better during the effective dates of the approved articulation agreement.
• The course must be approved through the articulation agreement and must be comparable in content and credits to the University course it is replacing.

Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.

Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student's required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy.

Re-entry for the CERT/ASD

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Programming Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in their Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The programming certificate focuses on the tasks involved in various programming management job roles, and the skills and technologies to perform those tasks. The certificate includes information system fundamentals and available coursework in logic for computer programming, programming in HTML5, C++, Java Programming, JavaScript applied to Microsoft Windows® application development.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cert-prg.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Information Systems and Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.
• Students will be able to describe and explain fundamental programming concepts.
• Students will be able to apply fundamentals of programming.

General Information for the CERT/PRG

This certificate program may be taken on its own or may be earned en-route to earning a degree.

Additional Admission Requirements for the CERT/PRG

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Tennessee: Students residing in Tennessee who are attending local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.
- Signed Hardware/Software Agreement

Certificate Completion Requirements for the CERT/PRG

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their associate or bachelor program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for this program will read as: Programming (Undergraduate)

Residency Requirements and Course Waivers for the CERT/PRG

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:

- The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
- The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of “C” (2.0) or better or comparable passing benchmark for nontraditional credits.
- The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request. Through an approved articulation agreement, students who have successfully completed equivalent courses may waive, without credits, up to six (6) credits of the Required Course of Study. Students must substitute other upper division coursework to satisfy the upper division credit requirement of their degree program (each program has specific substitution requirements). This policy also applies to upper division courses which are used to fulfill certificate degree requirements. In order to be granted a waiver, without credit, for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
- The course must have been completed and transcripted from a regionally or nationally accredited institution with which the University of Phoenix has an approved articulation agreement.
- The course must have been completed with a grade of “C” (2.0) or better during the effective dates of the approved articulation agreement.
- The course must be approved through the articulation agreement and must be comparable in content and credits to the University course it is replacing.
- Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.
- Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student’s required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy.

Re-entry for the CERT/PRG

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.
Advanced Networking Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Advanced Networking Certificate is designed to provide complete coverage of networking topics including the OSI model, network topologies, network protocols, network operating systems, as well as network architecture, network design and management. Comprehensive coverage of local area, wide area, and wireless networks including performance and service levels are addressed in this concentration. This certificate also provides an exposure to network modeling and measuring of network performance. This program helps preparation for industry certifications such as the Microsoft Certified Solutions Associate (MCSA) and Expert (MCSE) as well as the CompTIA Linux+ Powered by LPI certification.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cert-an

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Information Systems and Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

• Students will be able to apply fundamentals of networking.
• Students will be able to design and administer Windows Server infrastructure.

Program Category Requirements for the CERT/AN

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

- Network Web Services

The University reserves the right to modify the required course of study.

General Information for the CERT/AN

This certificate program may be taken on its own or may be earned en-route to earning a degree.

Additional Admission Requirements for the CERT/AN

• High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.

• Tennessee: Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.

• Signed Hardware/Software Agreement

Certificate Completion Requirements for the CERT/AN

• Completion of a minimum of 18 credits.
• A minimum grade point average (GPA) of 2.0.

• Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
• Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.

• The certificate awarded for this program will read as: Advanced Networking (Undergraduate)

Residency Requirements and Course Waivers for the CERT/AN

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:
• The activity must have been completed at a regionally or nationally accredited institution.
• The activity must have been completed within the past ten (10) years from the last date of positive recorded attendance in a program.
• The activity must have been completed at a regionally or nationally accredited institution.
• The activity must have been completed with a grade of "C" (2.0) or better.
• The activity must have been completed with a grade of "C" (2.0) or better during the effective dates of the approved articulation agreement.
• The activity must have been completed within the past ten (10) years.

The Advanced Multimedia Development Certificate (Undergraduate) features the following requirements:

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Advanced Multimedia Development Certificate focuses on the application of effective design principles in the development of various digital media. The skill set obtained in this certificate cover digital design, 3D design, image editing, web design, desktop publishing, electronic publishing and multimedia development. This program helps preparation for industry certifications such as the Adobe Certified Expert (ACE) as well as the Autodesk 3ds Max Design certification.

Database Administration Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The certificate program in Database Administration focuses on the tasks and skills involved in various database management job roles, and the technologies used to perform those tasks. The certificate includes information system fundamentals, logic for computer programming, database applications, querying and administering a SQL Server, managing the database environment, and applied database management. This concentration addresses the fundamental technical skills specified in the Microsoft® Certified Solutions Associate (MCSA) body of knowledge.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cert-da.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Information Systems and Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program:

- Students will be able to describe and explain fundamentals of database administration.
- Students will be able to apply concepts from the Microsoft® Certified Solutions Associate (MCSA) body of knowledge.

- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for the program will read as: Cisco Networking (Undergraduate)

**Residency Requirements and Course Waivers for the CERT/CCNA**

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix. Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:

- The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
- The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
- The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
- Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.

Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student’s required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy.

**Re-entry for the CERT/CCNA**

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.
Desktop Support Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Desktop Support Certificate offers coursework in the technologies and methods necessary to provide technical support to information technology and computer system users. Students will learn the customer support aspects of personal computer desktop software applications, computer hardware and software according to the A+ body of knowledge, including diagnosis and solutions. For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cert-ds.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Information Systems and Technology graduating students are intended to attain certain program-specific knowledge, skills, and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to apply knowledge and skills in IT customer support.
- Students will be able to apply knowledge and skills in desktop support.

Preferred Sequence for the CERT/DS

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Foundation, 3 total credits

CIS 207 ............................................................................................................. 3 credits
Information Systems Fundamentals

Computer Systems Maintenance

The University reserves the right to modify the required course of study.

General Information for the CERT/DS

This certificate program may be taken on its own or may be earned en-route to earning a degree.

Additional Admission Requirements for the CERT/DS

All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Tennessee: Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.

Certificate Completion Requirements for the CERT/DS

- Successful completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their associate program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for the program will read as: Desktop Support (Undergraduate)

Residency Requirements and Course Waivers for the CERT/DS

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:

Network Support Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Network Support Certificate offers coursework in the specific theories, competencies, and skills necessary for success as a network administrator. This certificate is developed with a focus on the Network+ body of knowledge including local area networks, wireless networks, and wide area networks.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cert-ns.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, College of Information Systems and Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to explain network security concepts.
- Students will be able to apply fundamentals of networking.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Web Administration Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Web Administration Certificate focuses on the tasks involved in various web technology job roles, and the skills and technologies to perform those tasks. The coursework includes information system fundamentals, image editing and formatting, information system security, website development, Internet business concepts and network technology. This certificate addresses the objectives specified in the CIW® Web Foundations, CompTIA® IT Fundamentals and CompTIA® Security+ certificates.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cert-wa.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Information Systems and Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

• Students will be able to explain network security concepts.

• Students will be able to design, develop and administer web-based solutions using professional principles and standards.

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the CERT/APLUS
All applicants are expected to meet the following admissions requirements:
- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HSPE examination with a passing score.
- Tennessee: Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.
- No work experience is required.
Certificate Completion Requirements for the CERT/APLUS
Credit Bearing Certificate completion requirements are the following:
• Completion of the 6 credits in the Required Course of Study.
• All students must meet residency requirements as set by the Dean for each Certificate program. Students who have completed the courses required for this certificate program as part of a University of Phoenix degree program are not eligible to enroll in and earn this certificate.
• A minimum program grade point average (GPA) of 2.0.
• The certificate awarded for this program will read as: A+ Fundamentals

Residency Requirements and Course Waivers for the CERT/APLUS
• Students may not waive any credits in this certificate program.
• The following courses in the required course of study may not be waived: CIS 290, CIS 292

Re-entry for the CERT/APLUS
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
Select programs may have additional re-entry requirements/ restrictions. Re-entry students should consult their Academic Advisor for guidance.

Health Care Information Technology Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Health Care IT certificate offers coursework focused on technical knowledge and IT skills applied to health care business operations. This certificate focuses on technical skills and interactive, hands-on experience in Information Systems (IS) fundamentals, personal computer hardware and operating systems support, and Health Care Information Technology (HIT).
For more information about our graduation rates, the median debt completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, College of Information Systems and Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.
• Students will be able to apply knowledge and skills in desktop support.
• Students will be able to implement and support IT systems in the health care industry.

Required Course of Study for the CERT/HIT
Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Foundation, 3 total credits
CIS 208 ~ ..................................................................................3 credits

Introduction to Health Care Industry Terms
HCS 235 ~ ................................................................................3 credits
Health Care Delivery in the U.S.
CIS 298 ~ ..................................................................................3 credits
Healthcare IT

The University reserves the right to modify the required course of study.

General Information for the CERT/HIT
This certificate program may be taken on its own or may be earned en-route to earning an associates degree.
Students who completed a certificate in its entirety and who later choose to enroll in an associates program with a concentration in the same area of focus as the completed certificate will not earn a second certificate en-route to completing the associates program.

Additional Admission Requirements for the CERT/HIT
All applicants are expected to meet the following admissions requirements:
• High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
• Tennessee: Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.
• Signed Hardware/Software Agreement
• Successful completion of a minimum of 18 credits.
• A minimum grade point average (GPA) of 2.0.
• Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
• Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
• The certificate awarded for this program will read as: Health Care Information Technology
• Students who have earned an Associate (A or B Track) or undergraduate degree in Information Technology may not receive a certificate in the same area of focus. Example: a student may not earn an AAIT/HIT Track A or B first and come back to earn an HIT certificate; however, students who have completed a certificate may return to receive an associates or bachelors in Information Technology with a concentration in the same area as the completed certificate or another approved concentration.

Residency Requirements and Course Waivers for the CERT/HIT

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:
• The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
• The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
• The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.

Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student’s required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy. The following course(s) in the Required Course of Study may not be waived: CIS 298

Re-entry for the CERT/HIT

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Network+ Technologies Certificate

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depends on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

This program is designed to help students become competent in the areas of managing, maintaining, troubleshooting, installing, and configuring basic network infrastructure. The program covers local area networks (LAN), wireless networking systems (W-LAN), and wide area networks (WAN).

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/netplus.

Note: Although the completion of courses for this certificate program does not result in Network + certification, there are course materials available including simulations, hands-on exercises, and video lectures which the student can use for certification preparation if they choose to take the certification exam.

Required Course of Study for the NETPLUS

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

NCT 245 ................................................................. 3 credits
NTC 247 ................................................................. 3 credits
NTC 249 ................................................................. 3 credits

Foundation of Local Area Networks
Wireless Networking Concepts
Wide Area Networking Concepts

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the NETPLUS

All applicants are expected to meet the following admissions requirements:
• High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
• Tennessee: Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.

• No work experience is required.

Certificate Completion Requirements for the NETPLUS
• Completion of a minimum of 9 credits of the required course of study to meet University residency requirements.
• All students must meet residency requirements as set by the Dean for each Certificate program. Students who have completed the courses required for this certificate program as part of a University of Phoenix degree program are not eligible to enroll in and earn this certificate.

• A minimum grade point average (GPA) of 2.0.
• The certificate awarded for this program will read as:
  Residency Requirements and Course Waivers for the NETPLUS
Students may not waive any credits in this certificate program.
The following courses in the required course of study may not be waived: NTC 245, NTC 247 and NTC 249

Re-entry for the NETPLUS
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Cisco Networking Fundamentals
The following Cisco Networking Fundamentals (CCNA) certificate may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state.

Please contact your enrollment representative for more information.

The Cisco Networking Fundamentals certificate offers coursework designed to help students acquire the knowledge to install, configure and operate Local Area Network (LAN), Wide Area Network (WAN) as well as routing and switching implementations and management. This certificate covers the body of knowledge for the Cisco® Certified Network Associate (CCNA®) exam in preparing the student to install and configure Cisco® switches and routers in multiprotocol internetworks using LAN and WAN interfaces.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/ccna

Preferred Sequence for the CCNA
Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Routing and Switching Management

The University reserves the right to modify the required course of study.

**Note: Students enrolled in this certificate program are ineligible to receive Federal Student Financial Aid.

Additional Admission Requirements for the CCNA
All applicants are expected to meet the following admissions requirements:
• High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.

• Tennessee: Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations, must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school attended and date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.

• No work experience is required.

Certificate Completion Requirements for the CCNA
• Completion of 12 credits in the Required Course of Study
• All students must meet residency requirements as set by the Dean for each Certificate program.
• A minimum grade point average (GPA) of 2.0.
• The certificate awarded for this program will read as:
  Cisco Networking Fundamentals

Residency Requirements and Course Waivers for the CCNA
• Students may not waive any credits in this certificate program.
• The following courses in the required course of study may not be waived: CIT 245, CIT 249, CIT 274, CIT 276

Re-entry for the CCNA
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.
Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version. Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

**Graduate Cyber Security Certificate**

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment advisor for more information.

The Graduate Cyber Security certificate will examine a number of methodologies and tools important to the discipline such as Information Systems Concepts; Financial Accounting; IS Auditing Processes; IT Governance and Management; Acquisition, Development, and Support of IS, and Information Assets Protection. Courses in this certificate can be used to help prepare for ISACA industry certifications.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at [http://www.phoenix.edu/programs/cert-g-cs](http://www.phoenix.edu/programs/cert-g-cs).

**General Information for the CERT/G-CS**

This certificate program may be taken on its own or may be earned en-route to earning a graduate degree.

**Additional Admission Requirements for the CERT/G-CS**

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e. JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- Applicants must have access to a suitable work environment for the completion of course assignments.
- A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.
- Signed Hardware/Software Agreement

**Certificate Completion Requirements for the CERT/G-CS**

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 3.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their graduate program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a graduate program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for this program will read as: Graduate Cyber Security

**Residency Requirements and Course Waivers for the CERT/G-CS**

Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to waive a course in the required course of study, the student must have completed a previous course that meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university;
- The course must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "B" (3.0) or better;
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

**Re-entry for the CERT/G-CS**

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

**Graduate Business Analytics Certificate**

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment advisor for guidance.

In addition to the knowledge and skills related to the University Learning Goals, College of Information Systems and Technology, students are expected to meet the following admissions requirements:

- An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- Applicants must have access to a suitable work environment for the completion of course assignments.
- A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.
- A signed Hardware/Software Agreement

**Certificate Completion Requirements for the CERT/G-BA**

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 3.0.
  - Students earning the certificate en-route will only be placed on Academic Probation if their graduate program GPA falls below the minimum requirement.
  - Students earning this certificate en-route to completion of a graduate program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.

The certificate awarded for this program will read as: Graduate Business Analytics

**Residency Requirements and Course Waivers for the CERT/G-BA**

Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to waive a course in the required course of study, the student must have completed a previous course that meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university;
- The course must have been completed at University of Phoenix.

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

**Program Student Learning Outcomes**

In addition to the knowledge and skills related to the University Learning Goals, College of Information Systems and Technology, graduating students are expected to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to develop and plan for the maintenance of databases for storage of business data and use in business analytics.
- Students will be able to retrieve and analyze data using appropriate statistical operations for use in decision making within an organization.

**Required Course of Study for the CERT/G-BA**

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

**Students must select 18 credits from the following course selections:**

- **BSA 590** ..........................................................3 credits
- **IT Architecture**
  - **BSA 540** ..........................................................3 credits
- **Data Relationship Management**
  - **BSA 550** ..........................................................3 credits

  - **DBM 502** ..........................................................3 credits
- **Database Management**
  - **MTH 540** ..........................................................3 credits
- **Statistics**
  - **MTH 540** ..........................................................3 credits
• The course must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Re-entry for the CERT/G-BA
Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.
Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Graduate Information Systems Management Certificate

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Graduate Information Systems Management Certificate is designed to provide Information Systems Professionals an essential understanding of the Information Systems and Business environment in which they will work. This certificate contains courses on information systems, programming concepts, database management, and information system leadership. The certificate also provides an understanding of business areas such as accounting, marketing and human resources and their importance for an information systems leader.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/g-ism.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, College of Information Systems and Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.
• Students will be able to apply knowledge and skills to manage business systems.
• Students will be able to determine business information system needs through analysis and planning.

**CERTIFICATE PROGRAMS FOR THE COLLEGE OF SECURITY AND CRIMINAL JUSTICE**

**Enterprise Security Administration Certificate (Undergraduate)**

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

Enterprise Security is focused on applying a comprehensive structure to an organization’s security processes, systems, and personnel so that they align with the organization’s strategic goals and direction. This program aligns with ASIS International’s Certified Protection Professional knowledge domains to ensure students obtain the skills and training necessary to function in a global security environment.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cert-esa.

**Program Purpose**

The Enterprise Security Administration (ESA) Certificate is an educational certificate that provides a foundation of knowledge to pursue a career in security management with a public or private agency concentrating in personnel security, executive protection and investigations. This certificate does not prepare students for any type of professional certification or licensure.

**Preferred Sequence and Prerequisites for the CERT/ESA**

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

SEC 311 ~ Security Management Fundamentals ............................................................3 credits
SEC 371 ~ Finance and Budgeting Practices .................................................................3 credits
SEC 411 ~ Principles of Investigation ...........................................................................3 credits
SEC 421 ~ Physical Security .......................................................................................3 credits
SEC 431 ~ Personnel Security and Executive Protection ............................................3 credits
SEC 491 ~ Enterprise Security Administration Capstone .............................................3 credits

**Re-entry for the CERT/G-ISM**

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

**Additional Admission Requirements for the CERT/G-ISM**

A Credit Bearing Certificate program is one that bears UOPX credits. Credit Bearing Certificate programs are developed and maintained by the Dean of each School.

All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
• An associate’s degree or higher from a regionally or approved nationally accredited college or university, or candidate for accreditation, or foreign equivalent program earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

• Minimum of one year full-time post high school work experience in Security field or closely related experience is required.

• Signed Acknowledgement Form

Certificate Completion Requirements for the CERT/ESA

• Completion of a minimum of 18 credits.
• A minimum grade point average (GPA) of 2.0.
• Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
• Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
• The certificate awarded for this program will read as: Enterprise Security Administration (Undergraduate)

Residency Requirements and Course Waivers for the CERT/ESA

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the required course of study, must be completed at University of Phoenix. Students in this program may waive a maximum of 3 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit-bearing activity in transfer which meets the following criteria:

• The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.

• The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of ‘C’ (2.0) or better or comparable passing benchmark for nontraditional credits.

• The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.

Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student’s required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy.

Re-Entry for the CERT/ESA

• Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

• Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.

• Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

• Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Physical Security Operations Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

An in depth understanding of physical security principles is requisite to protecting critical infrastructure, organizational assets, and personnel in today’s global environment. This program aligns with ASIS International’s Physical Security Professional knowledge domains to ensure students are obtaining advanced skills and training in threat assessment, risk analysis, integrated physical security systems, and the appropriate identification, implementation, and ongoing evaluation of security measures.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cert-pso.

Program Purpose

The Physical Security Operations (PSO) Certificate is an educational certificate that provides a foundation of knowledge to pursue a career in security management with a public or private agency concentrating in security systems measures, threat assessment and physical security. This certificate does not prepare students for any type of professional
certain or licensure.

**Preferred Sequence and Prerequisites for the CERT/PSO**

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

- SEC 319: Computers and Information Processing in Security (3 credits)
- SEC 371: Finance and Budgeting Practices (3 credits)
- SEC 401: Threat and Vulnerability Management (3 credits)
- SEC 411: Physical Security (3 credits)
- SEC 489: Implementation of Security System Measures (3 credits)
- SEC 490: Physical Security Operations Capstone (3 credits)
- SEC 491: Threat and Vulnerability Management (3 credits)
- SEC 492: Physical Security Operations (3 credits)

The University reserves the right to modify the required course of study.

The University’s Criminal Justice programs are educational degree programs. For those interested in pursuing a career in law enforcement, corrections, or as a peace officer with any particular local, state, federal, or international agency, there are numerous additional qualifications (and often disqualifications) depending on the position. Before enrolling in a Criminal Justice program, potential students are highly encouraged to check with the relevant agency for a complete list of position requirements. The University makes no representations regarding whether any particular University program will qualify a graduate for any such position.

**Additional Admission Requirements for the CERT/PSO**

A Credit Bearing Certificate program is one that bears UOPX credits. Credit Bearing Certificate programs are developed and maintained by the Dean of each School. All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation. For those attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations, the University accepts high school transcripts or official GED scores (if applicable). The college transcript which documents high school completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.
- Tennessee: Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the University with an official High School transcript or official GED score (if applicable). The college transcript which documents high school completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.
- An associate’s degree or higher from a nationally accredited college or university, or candidate for accreditation, or foreign equivalent program earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- Minimum of one year full-time post high school work experience in Security field or closely related experience is required.
- Signed Acknowledgement Form

**Certificate Completion Requirements for the CERT/PSO**

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for this program will read as: Physical Security Operations (Undergraduate)

**Residency Requirements and Course Waivers for the CERT/PSO**

Students must meet established University residency requirement for certificate conferral. The University reserves the right to modify the required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:

- The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
- The activity must have been completed within the past ten years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of “C” (2.0) or better or comparable passing benchmark for nontraditional credits.
- The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request. Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.
- Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student’s required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy.

**Re-Entry for the CERT/PSO**

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline.
The courses included in this degree concentration focus primarily on the management and administration skill sets associated with the police, the courts, and with corrections. The theories and principles behind criminal justice are also examined. Students learn about policies, procedures associated with management functions, as well as many administrative practices and factors impacting criminal justice agency operations. This will not only give you the insight into what these specific departments are and what they do, but how to maintain and evaluate organizational operations from an administrative viewpoint. The certificate does not lead to certification; however, the coursework aligns provides an emphasis of academic content that upon mastery is a source of in-depth knowledge and skills for effectively managing criminal justice organizations.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cj.

**Required Course of Study for the CERT/CJM**

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

- CJA 474 ~ ................................................................................... 3 credits
- Managing Criminal Justice Personnel
- CJA 475 ~ ................................................................................... 3 credits
- Forecasting and Strategic Planning
- CJA 484 ~ ................................................................................... 3 credits
- Criminal Justice Administration Capstone

The University reserves the right to modify the required course of study.

The University’s Criminal Justice programs are educational degree programs. For those interested in pursuing a career in law enforcement, corrections or as a peace officer with any particular local, state, federal or international agency, there are numerous additional qualifications (and often disqualifications) depending on the position. Before enrolling in a Criminal Justice program, potential students are highly encouraged to check with the relevant agency for a complete list of position requirements. The University makes no representations regarding whether any particular University program will qualify a graduate for any such position.

**Additional Admission Requirements for the CERT/CJM**

All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Tennessee: Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.
- An associate’s degree or higher from a regionally or approved nationally accredited college or university, or candidate for accreditation, or foreign equivalent program earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- A minimum of one year full-time post high school work experience in the Criminal Justice industry is required.
- Signed Acknowledgement Form
- A minimum of one year full-time post high school work experience in the Criminal Justice industry is required.

**Certificate Completion Requirements for the CERT/CJM**

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
  - Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
  - Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for this program will read as: Criminal Justice Management (Undergraduate)

**Additional Residency Requirements and Course Waivers for the CERT/CJM**

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 3 credits from
their required course of study. 
In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:

- The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
- The activity must have been completed within the past ten (10) years (5 years for Is&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
- The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request. Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.
- Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student’s required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy.
- The following courses in the required course of study may not be waived: CJA 484

Re-entry for the CERT/CJM

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Critical Incident Response Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The mission of the Critical Incident Response certificate is to academically prepare students from diverse backgrounds for positions as private industry security practitioners. Students actively participating in the Critical Incident Response certificate program will receive core instruction to:

- introduce Security Management business and security issues, including the role of the Chief Security Officer.
- Review facilities of physical security measures, including active and passive protection systems.
- Review personal security measures including employee, general public and VIP protection systems and methods.
- Address global socioeconomic, political, and environmental security issues as well as an introduction to the US State Department International Traffic in Arms Regulation and the US Commerce Department Export Administration Regulations on global business operations.
- Address domestic and international terrorism and its impact on corporate security operations as well as national security interest and its impact on international operations.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cir.

Required Course of Study for the CERT/CIR

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

SEC 471 ~ ................................................................................................. 3 credits
Critical Incident Management

The University reserves the right to modify the required course of study.

The University's Criminal Justice programs are educational degree programs. For those interested in pursuing a career in law enforcement, corrections or as a peace officer with any particular local, state, federal or international agency, there are numerous additional qualifications (and often disqualifications) depending on the position. Before enrolling in a Criminal Justice program, potential students are highly encouraged to check with the relevant agency for a complete list of position requirements. The University makes no representations regarding whether any particular University program will qualify a graduate for any such position.

Additional Admission Requirements for the CERT/CIR

All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
• Tennessee: Students residing in Tennessee who are attending classes via the Online modality and students attending a local campus in Tennessee, including from any cross-border locations must provide the university with an official High School transcript or official GED score (if applicable). A college transcript which documents high school date of completion or a copy of a DD-214 showing high school graduation or equivalency may be submitted to satisfy this requirement.

• An associate’s degree or higher from a regionally or approved nationally accredited college or university, or candidate for accreditation, or foreign equivalent program earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

• Signed Acknowledgement Form

Certificate Completion Requirements for the CERT/CIR

• Completion of a minimum of 18 credits.

• A minimum grade point average (GPA) of 2.0.

  • Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.

  • Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.

• The certificate awarded for this program will read as: "Critical Incident Response (Undergraduate)"

Residency Requirements and Course Waivers for the CERT/CIR

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 3 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:

• The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.

• The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.

• The activity must be comparable in content and semester academic credits to the University course it is replacing and be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request. Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.

Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student’s required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy.

Re-entry for the CERT/CIR

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Asset Protection/Loss Prevention Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The mission of the Asset Protection Loss Prevention certificate is to develop critical thinking, creative decision-making, and management capabilities of public and private industry security practitioners that will enable professional success. Specifically, the program prepares graduates to employ current security, management, and leadership theories and evidence-based practices to:

• Introduce the development of emergency response plan including risk assessments
• Introduce processes that facilitate an enhanced understanding of global and national security implications, as well as procedures to mitigate potential risks.
• Develop critical thinking skills that facilitate improved security management decision making.
• Introduce the theoretical underpinnings of homeland security risk management and presents principles and practices that support public safety programs.
• Introduce the practice of avoidance, minimization, or elimination of unacceptable risks to an enterprise, including loss prevention.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/aplp.

Cybercrimes Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Online, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Students may want to consider completing certain courses in the Online classroom at Online rates if the program is available via the Online modality in their state. Please contact your enrollment representative for more information.

The Cybercrimes certificate area coursework provides students with the basic knowledge and skills needed to recognize relevant sources of electronic evidence and determine how electronic evidence can be used in court proceedings and as part of an organizational security plan. The concentration combines academic instruction in criminal justice and cybercrime domains to include: the evolution of cybercrime, cybercrime forensics, electronic evidence gathering, and cybercrime investigation and prevention.

Students are prepared to provide services in a variety of private and public settings within the criminal justice domains of policing, the courts, corrections, and security organizations. The certificate does not lead to specific industry certification; however, the coursework alignment is an emphasis of academic content and skills based knowledge designed to develop a strong foundational understanding of cybercrime models and issues.

If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
• A minimum of one year full-time post high school work experience in the Criminal Justice industry is required.
• Signed Acknowledgement Form
• A minimum of one year full-time post high school work experience in the Criminal Justice industry is required.

Certificate Completion Requirements for the CERT/SEC

• Completion of a minimum of 18 credits.
• A minimum grade point average (GPA) of 2.0.
• Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
• Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.

The certificate awarded for this program will read as: Criminal Justice Security (Undergraduate)

Additional Residency Requirements and Course Waivers for the CERT/SEC

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 3 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:

• The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
• The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
• The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request. Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.

Eligible students who have attended a SOC Member Institution and have successfully completed equivalent courses according to the SOC Transfer Tables may transfer all equivalent courses into a student’s required course of study as a waiver if the courses meet the minimum grade and timeframe as stated in policy.

The following courses in the required course of study may not be waived: CJA 484

Re-entry for the CERT/SEC

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the current version in their state or jurisdiction and the student has the ability to satisfy all program requirements within their original program completion deadline. Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/ restrictions. Re-entry students should consult their Academic Advisor for guidance.

Certificate Awards

Upon completion of all courses in a certificate program and submission of the Request for Certificate form, a certificate of completion and a certificate posted transcript will be processed.
Accreditation and Affiliations

The following agencies have supported the development of the certificate program that relates to their specific field:

- The Society for Human Resource Management (SHRM)
- Project Management Institute (PMI), Globally Registered Education Provider (R.E.P)
- Call Center Industry Advisory Council (CIAC)

NONCREDIT-BEARING PROGRAMS

School of Continuing Education provides noncredit instructional opportunities for a variety of learners to develop their knowledge, build essential skills, and expand career paths in flexible and dynamic formats. The professional development courses and programs offered through the School of Continuing Education are documented on an official University of Phoenix noncredit transcript designated for the School of Continuing Education.

School of Continuing Education students must adhere to the standard University of Phoenix student and university policies. Students intending to use professional development courses to satisfy continuing education or professional development requirements are responsible for determining whether professional development courses taken at University of Phoenix will satisfy such requirements.

Professional development educational measurements differ based on category. Continuing Education Units (CEU) are awarded at the ratio of 10 hours of qualified instruction to 1 CEU. Professional Development Units (PDU) are awarded at the ratio of 1 hour of qualified instruction to 1 PDU. Contact Hours are awarded at the ratio of 60 minutes of qualified instruction to 1 contact hour.

Grading Procedures

Formal grade reports are available through the student web site upon completion of each course. Grade reports indicate the course taken, credits received, and grade assigned. A student who has failed to make payment for tuition of a course will have the grade withheld until payment is made.

Faculty members are required to post final grades within seven days of completion of the course.

P = Passing. Student satisfactorily completed the course.
F = Failing. Student performance demonstrates unsatisfactory or below minimally acceptable achievement in accomplishing course goals and objectives.
W = Withdrawal

Student withdrawn due to exceeding the maximum allowable absences from the course or has been administratively withdrawn by the university. A "W" grade will be issued in the following scenarios:

- The student recorded positive class attendance in at least one scheduled class and failed to meet the class attendance requirements due to exceeding the maximum allowable absences.
- The student recorded positive class attendance in at least one scheduled class and has been administratively withdrawn from the university and/or program during.

Grade Disputes and Grade Corrections

Students should raise concerns or questions about perceived assignment and course grading errors directly with faculty promptly after receiving feedback and grades. No one other than the faculty member teaching the course may determine assignment or course grades for a student. Students are not allowed to submit extra work to raise their grade. Students' grades represent the work and knowledge level attained within the regularly scheduled course dates.

Grades on individual assignments may be changed by the faculty at any time while the course is in session. Students' grades may not be changed by the faculty member after final grades have been submitted unless the student initiates the grade dispute process or if the faculty member determines the original grade was improperly calculated.

Students disputing a grade received may contact their Academic Representative, who will assist the student with initiating a grade dispute. However, the decision regarding whether to change the grade rests solely with the faculty member. A grade dispute must be initiated within six (6) weeks of the grade posting date. Grade disputes are not appealable beyond the campus level.

FACULTY

For a list of all faculty in each School and College, visit the Faculty Credentials section at http://www.phoenix.edu/faculty.html.

COLLEGE OF HUMANITIES AND SCIENCES

Assistant Dean
Jessica Philipp, PHD

Dean of Faculty
Elena Mastors, PHD

Dean of Assessment
Bruce Brydges, EDD

Campus College Chairs
Colorado
Mindy Brubaker, MBA

Dallas
James Chapman, MAS/MS

Detroit
Kevin Walsh, MA

Phoenix
Nicole Konrad, MCSW

Atlanta
Linlin Lu, MS/ECE

Charlottesville
Melissa Nethery, PHD

South Florida
Jerry Kaber, MS/ED

Virginia Beach
Eerica Flippin, PHD

Washington DC
Michelle Orzech, MA

Bay Area
William Chun, MA

Central Valley
Barbara Melton-Ball, MA

Las Vegas
Mohammed Miah, EDD

San Diego
Karim Gottfredson, MS

Southern California
Jackie Shahzadi, PHD

Program Managers
Central Valley
Maribel Rodriguez, MA

San Diego
Maurice Nelson, MAED

Southern California
Rada Chandrakumar, PHD

Campus Area Chairs
Area Chairs for the following content areas are appointed at each campus. Not all programs are offered at every campus.

- English
- Communication
- Humanities
- Mathematics
- Sciences

COLLEGE OF SECURITY AND CRIMINAL JUSTICE

Executive Dean
James A. Marks, MA

Dean of Assessment
Donald Munday, EDD

Program Dean
Franzi Walsh, DBA

Academic Dean
Garland Williams, PHD

Dean of Faculty
Lisa Correw, MM/PA

Dean of Specialized
Kathy Gamboa, MBA

Assistant Dean of Specialized Programs
Charles Andrews, MS

Justin Randall, MBA

Mark Logan, MAED

Dean of Operations
Kathy Gamboa, MBA

Assistant Dean of Operations
Brian Ishmael, MBA

Regina Limon, MS/P

Campus College Chairs
Phoenix
Reggie Grigsby, MAOM

Central Valley
Ana Moore, JD

Las Vegas
Daniel Barry, MA

Sacramento Valley
Steven Campos, MS

San Diego
Donna Hernandez, MPS

Southern California
J. Phil Parker, MBA

Program Managers

<tbody>
<tr>
<td>ACC/210</td>
<td>ACCOUNTING INFORMATION SYSTEMS</td>
<td>3</td>
<td>School of Business</td>
<td>This course introduces accounting students to the use of technology and real-world applications. Areas of study include fundamental concepts and technologies (what computers can do for business), the Internet, intranets, electronic commerce, information systems development, basic project management principles, decision support systems, and the benefits of computer and human synergy.</td>
</tr>
<tr>
<td>ACC/220</td>
<td>SURVEY OF ACCOUNTING: THE MAZE OF NUMBERS</td>
<td>3</td>
<td>School of Business</td>
<td>Every business depends on its accountants to organize and maintain financial information. The maze of numbers that most people see, accountants translate into valuable information that keeps a company going. This course introduces students to the accounting profession. It covers the role accounting plays in business and career options in accounting. Students will learn the fundamentals of accounting principles and the accounting cycle.</td>
</tr>
<tr>
<td>ACC/230</td>
<td>FINANCIAL REPORTING: PEEKING UNDER THE FINANCIAL HOOD</td>
<td>3</td>
<td>School of Business</td>
<td>In this course, students will study how to analyze financial statements and methods used to value companies. Financial reports help managers choose between business paths. They also help investors and analysts evaluate the financial health of companies. This course is a practical means of discovering how financial data are generated and their limitations; techniques for analyzing the flow of business funds; and methods for selecting and interpreting financial ratios. It also presents analytical tools for predicting and testing assumptions about a firm's performance.</td>

<td>ACC/290</td>
<td>PRINCIPLES OF ACCOUNTING I</td>
<td>3</td>
<td>School of Business</td>
<td>This course covers the fundamentals of financial accounting as well as the identification, measurement, and reporting of the financial effects of economic events on an enterprise. Students will learn to examine financial information from the perspective of management. Other topics include decision-making, planning, and controlling from the perspective of a practicing manager.</td>
</tr>
<tr>
<td>ACC/291</td>
<td>PRINCIPLES OF ACCOUNTING II</td>
<td>3</td>
<td>School of Business</td>
<td>This course introduces accounting concepts in a business environment. Students learn to create and apply accounting documents in making better business decisions. Other topics include plant assets, liabilities, accounting for corporations, investments, statements of cash flows, financial statement analysis, time value of money, payroll accounting, and other significant liabilities.</td>
</tr>
<tr>
<td>ACC/300</td>
<td>PRINCIPLES OF ACCOUNTING</td>
<td>3</td>
<td>School of Business</td>
<td>This course focuses on principles of accounting for the non-accounting student. Emphasis will be placed on the accounting equation and transactions, financial statement preparation and analysis, internal controls, regulatory environment, compliance, and global business implications.</td>
</tr>
<tr>
<td>ACC/340</td>
<td>ACCOUNTING INFORMATION SYSTEMS I</td>
<td>3</td>
<td>School of Business</td>
<td>This course is designed to provide accounting students with the proper mix of technical information and real-world applications. Areas of study include fundamental concepts and technologies (what computers do for a business), internets, intranets, electronic commerce, information systems development, basic project management principles, Decision Support Systems, and the benefits of computer/human synergy.</td>

<tr>
<td>ACC/349</td>
<td>COST ACCOUNTING</td>
<td>3</td>
<td>School of Business</td>
<td>This course introduces cost terminology and flows, standard cost systems, relevant costing, budgeting, inventory control, capital asset selection, responsibility accounting, and performance measurement.</td>
</tr>
<tr>
<td>ACC/400</td>
<td>ACCOUNTING FOR DECISION MAKING</td>
<td>3</td>
<td>School of Business</td>
<td>This course concentrates on effective decision making as it relates to financial activities in a business enterprise. Course topics will include financial assets, liabilities, equity, business operations, financial management, and financial statement analysis. Students will have the necessary analytical tools to enhance business operations.</td>
</tr>
<tr>
<td>ACC/421</td>
<td>INTERMEDIATE FINANCIAL ACCOUNTING I</td>
<td>3</td>
<td>School of Business</td>
<td>This course examines the conceptual framework of accounting, cash vs. accrual accounting, the income statement and balance sheet, time value of money, cash, receivables, and inventory.</td>
</tr>
<tr>
<td>ACC/422</td>
<td>INTERMEDIATE FINANCIAL ACCOUNTING II</td>

<td>3</td>
<td>School of Business</td>
<td>This course examines auditing standards, professional ethics, evidence, legal liability, audit planning and documentation, materiality and risk, internal control and the overall audit plan and program.</td>
</tr>
<tr>
<td>ACC/492</td>
<td>CONTEMPORARY AUDITING II</td>
<td>3</td>
<td>School of Business</td>
<td>This course examines auditing from a balance sheet perspective, completion of the audit, internal, operational and compliance auditing, auditors’ reports and other attestation services.</td>
</tr>
<tr>
<td>ACC/497</td>
<td>ADVANCED TOPICS IN ACCOUNTING RESEARCH</td>
<td>3</td>
<td>School of Business</td>
<td>This course in accounting research provides students with an in-depth examination of the Generally Accepted Accounting Principles (GAAP) and acceptable alternative reporting practices. Through comprehensive case studies, students will develop the research application skills necessary to analyze and make decisions regarding accounting reporting dilemmas in for-profit and not-for-profit companies.</td>
</tr>
<tr>
<td>ACC/537</td>
<td>FINANCIAL ACCOUNTING</td>
<td>3</td>
<td>School of Business</td>
<td>In this course, students are introduced to the basic concepts and methods used in corporate financial statements for information of investors and other interested external parties. Topics include University of Phoenix tools, basic accounting concepts, financial statements, inventory and fixed assets, present value of bonds and stockholders’ equity, statement of cash flows, and error correction and accounting changes.</td>

<tr>
<td>ACC/541</td>
<td>ACCOUNTING THEORY &amp; RESEARCH</td>
<td>3</td>
<td>School of Business</td>
<td>In this introductory course to the Master of Science in Accounting, students analyze the major approaches underlying accounting research and the principle tools for performing that research. Topics include a program and course overview; inventory and fixed assets; leases; derivative instruments, debt, and contingencies; segment reporting and pensions; and combinations, consolidations, and stockholder’s equity.</td>
</tr>
<tr>
<td>ACC/542</td>
<td>ACCOUNTING INFORMATION SYSTEMS</td>
<td>3</td>
<td>School of Business</td>
<td>In this course, students examine the fundamentals of accounting systems design. Topics include business information systems, business processes and data flows, database concepts and tools, internal control and risks, auditing the information system, and using the information system to perform audit functions.</td>
</tr>
<tr>
<td>ACC/543</td>
<td>MANAGERIAL ACCOUNTING &amp; LEGAL ASPECTS OF BUSINESS</td>
<td>3</td>
<td>School of Business</td>
<td>In this course, students examine managerial accounting as part of the business’s accounting information system and legal aspects of the business enterprise. Topics include managerial accounting and capital budgeting, cost analysis; management planning and control, negotiable instruments, secured transactions, debtor/creditor relationships, property and insurance, and legal aspects of employment and environment.</td>
</tr>
<tr>
<td>ACC/544</td>
<td>INTERNAL CONTROL SYSTEMS</td>
<td>3</td>
<td>School of Business</td>
<td>In this course, students gain a broad perspective of accounting and control that considers attainment of all goals of the organization, including those concerned with financial objectives. Topics include an overview of control, risk management, internal control systems, controls for current asset functions, controls for other accounting classifications, controls for information technology systems, and reporting on controls.</td>

<td>ACC/545</td>
<td>FINANCIAL REPORTING</td>
<td>3</td>
<td>School of Business</td>
<td>This course prepares students to address concepts of financial reporting for roles as CPA’s. Students learn important criteria for calculating capital changes, applying concepts of fixed assets and cost determination, and preparing consolidated financial statements. Other topics include the professional responsibilities of CPAs, deferred taxes, cash flow statements, balance sheet preparation, restructuring of troubled debt, and the intricacies of comprehensive income.</td>
</tr>
<tr>
<td>ACC/546</td>
<td>AUDITING</td>
<td>3</td>
<td>School of Business</td>
<td>In this course, students focus on the auditing practice performed by public accountants. Topics include the CPA profession and the auditor’s role, planning the audit, audit reporting and required communications, evaluating internal controls, audit programs for current assets and liabilities, and audit programs for other business cycles.</td>
</tr>
<tr>
<td>ACC/547</td>
<td>TAXATION</td>
<td>3</td>
<td>School of Business</td>
<td>In this course, students develop an understanding of the taxation of business entities and the individuals who own those entities. Topics include tax entities, property transactions, calculating basis, gains and losses, alternative minimum tax, S-corporations and partnerships.</td>
</tr>
<tr>
<td>ACC/548</td>
<td>NOT-FOR-PROFIT &amp; GOVERNMENT ACCOUNTING</td>
<td>3</td>
<td>School of Business</td>
<td>In this course, students receive an overview of the budgeting, accounting, financial reporting, and auditing required of government and not-for-profit organizations. Topics include the governmental accounting, accounting records in government, fund allocation, government-wide reporting, not-for-profit accounting, and governmental performance measures.</td>

<td>FORENSIC ACCOUNTING</td>
<td>3</td>
<td>School of Business</td>
<td>In this course, students are introduced to the conduct of fraud examinations, including a discussion of specific procedures used in forensic accounting examinations and the reasoning behind these procedures. Topics include an overview of fraud and abuse, forensic evidence, substantive procedures for cash outflow irregularities, substantive procedures for asset irregularities, financial statement fraud, and examination reporting.</td>
</tr>
<tr>
<td>ACC/561</td>
<td>ACCOUNTING</td>
<td>3</td>
<td>School of Business</td>
<td>This course applies accounting tools to make management decisions. Students learn to evaluate organizational performance from accounting information. Other topics include financial statements, cost behavior, cost allocation, budgets, and control systems.</td>
</tr>
<tr>
<td>ACC/561PR</td>
<td>ACCOUNTING</td>
<td>3</td>
<td>School of Business</td>
<td>This course applies accounting tools to make management decisions in Puerto Rico. Students learn to evaluate performance for a Puerto Rican organization using accounting information. Other topics include financial statements, cost behavior, cost allocation, budgets, and control systems.</td>
</tr>
<tr>
<td>ACC/574</td>
<td>PUBLIC BUDGETING</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>In this course students learn the accounting and budgeting tools and theories used in the public sector. Students will analyze the relationship between public policy and the public budget process. Other topics, at the state and local level, include budgetary decision making, basics of government and not-for-profit accounting, reporting, capital and operating expenditures, and inter-period equity.</td>

<tr>
<td>ACC/HCS61</td>
<td>ACCOUNTING IN A HEALTH CARE ENVIRONMENT</td>
<td>School of Business</td>
<td>This course presents the concepts of financial accounting important to the understanding of the financial environment of the health care industry. Students interpret financial statements, prepare analyses of financial data necessary to make decisions, describe the different third party payment methods, experiment with cost finding and price setting, and conduct break-even analyses. The course provides students with experience in capital and operating budgets, and financial forecasts.</td>
<td></td>
</tr>
<tr>
<td>ACC/SB561</td>
<td>SMALL BUSINESS ACCOUNTING</td>
<td>School of Business</td>
<td>This course applies accounting tools to make management decisions. Students learn to evaluate organizational performance from accounting information using software tools. Other topics include financial statements, cost behavior, cost allocation, budgets, and control systems.</td>
<td></td>
</tr>
<tr>
<td>ACC/SB591</td>
<td>SMALL BUSINESS RISK AND TAX MANAGEMENT</td>
<td>School of Business</td>
<td>This course applies principles of controllership to managing small business risk and taxes. Students learn to evaluate financial risks and tax consequences of alternative elections. Other topics include business formation and registration, separation of owner from entity, internal controls, insurance, common tax issues affecting small business, and succession planning.</td>
<td></td>
</tr>
<tr>
<td>ACCX/574</td>
<td>PUBLIC BUDGETING</td>
<td>College of Criminal</td>
<td>In this course students learn the accounting and budgeting tools and theories used in the public sector. Students will analyze the relationship between public policy and the public budget process. <tr>
<td>ADM/505</td>
<td>PERSONNEL ADMINISTRATION FOR EDUCATORS</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on the responsibilities of educational administrators related to human resources. Participants examine three main components in human resources administration: utilization, development, and environment. Topics covered include selection, placement, induction, compensation, motivation, staff development, unionism, collective bargaining, and the legal aspects of personnel administration.</td>
</tr>
<tr>
<td>ADM/506</td>
<td>LEADERSHIP STRATEGIES FOR EDUCATORS</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to guide participants in the practical application of current trends and strategies of school leadership and organizational culture. Participants explore the roles and responsibilities of leadership, including decision making, communication, collaboration, and conflict management. A further emphasis is responsiveness to legislation and implementation of standards, including Common Core, to facilitate positive school change.</td>
</tr>
<tr>
<td>ADM/507</td>
<td>SCHOOL LAW FOR EDUCATORS</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to provide opportunities for participants to explore the practical application of public school law, including the origin and initial intent of the writers, while recognizing their administrative limitations. Participants examine the constitutional framework and amendments, court systems, and current legal issues, as well as the effect each has on the educational environment. Landmark cases are reviewed and analyzed to develop a cognitive base for legal principles and to improve the administrative management of a school.</td>
</tr>
<tr>
<td>ADM/508</td>
<td>SCHOOL FINANCE FOR EDUCATORS</td>
<td>3</td>
<td>College of Education</td>
<td>This course examines public educational funding and provides an overview for school leaders in the basic concepts of school finance. Topics include economic and social considerations for financing education adequately, equitable, and equally, as well as state and federal roles in education financing, school finance and litigation, finance procedures and practices, and the role of human resources in educational finance. Participants have the opportunity to experience the practical application of these concepts through various tasks, discussions, and scenarios addressing budget and finance issues, culminating in a project to develop their own school district financial plan and budget.</td>

<tr>
<td>ADM/509</td>
<td>ETHICAL AND LEGAL ISSUES FOR EDUCATORS</td>
<td>3</td>
<td>College of Education</td>
<td>This course explores the ethical and legal framework necessary to guide responsible teaching practices. Policy, statute, and case law is analyzed and applied to current educator practices. Participants make decisions about teacher-student relationships and appropriate boundaries based on a framework of ethical and legal principles to support building a professional practice that bears public scrutiny and inspires confidence.</td>
</tr>
<tr>
<td>ADM/519</td>
<td>ETHICAL AND LEGAL ISSUES FOR ADMINISTRATORS</td>
<td>3</td>
<td>College of Education</td>
<td>This course will examine the ethical principles of an administrator in the educational setting. Participants develop and refine the skills necessary to analyze and integrate constructive ethics into practices that lead to success. Emphasis is placed on the understanding and history of ethics, exploring the development of ethics, gaining an appreciation for the professionalism of ethics in action, analyzing the ethical and legal implications of issues that school administrators may face, and examining accountability factors related to ethics. Participants create their own personal code of ethics.</td>
</tr>
<tr>
<td>ADM/536</td>
<td>SPECIAL EDUCATION PROGRAM ADMINISTRATION</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to provide educational leaders with information and strategies for administering the legal requirements related to providing an inclusive education to students with special needs to determine effective programs and services. Participants receive a practical guide to the history, laws, and policies of special education, as well as the steps involved in the referral and evaluation processes from Response to Intervention (RTI) through the development of Individualized Education Programs (IEPs) and transition plans. Another focus addresses the roles, responsibilities, and relationships that parents/guardians and advocates have within processes to ensure appropriate services are provided to a diverse population. Budget management for special education programs is also examined.</td>
</tr>
<tr>
<td>ADM/543</td>
<td>THE ROLE OF WOMEN IN EDUCATIONAL LEADERSHIP</td>
<td>3</td>
<td>College of Education</td>
<td>This course explores the role of women in educational leadership. Participants learn how women’s paths to leadership differ from those of men, what the unique styles and skills of women in leadership are, and which motivation and communication strategies are effective for women. The course focuses on expanding acknowledging, and developing women’s leadership skills and on developing plans to mentor women to take on educational leadership roles. It concludes with a section on how women can lead organizational change. Note: This course is beneficial for both male and female leaders.</td>

<td>ADM/590</td>
<td>INTERNSHIP ON THE PRINCIPALSHIP</td>
<td>3</td>
<td>College of Education</td>
<td>This internship provides opportunities for the student to engage in experiences relevant to the principal and to obtain knowledge of the role and responsibility of the principal. The students gain first-hand knowledge of the day-to-day operations of the principal through many internship activities. The internship includes a supervised experience at a district located outside the university environment. This is an Arizona-specific, on-ground only course.</td>
</tr>
<tr>
<td>ADM/591</td>
<td>INTERNSHIP ON THE SUPERINTENDENCY</td>
<td>3</td>
<td>College of Education</td>
<td>This internship provides opportunities for the student to engage in experiences relevant to the superintendent and to obtain knowledge of the role and responsibility of the superintendent. The students gain first-hand knowledge of the day-to-day operations of the superintendent through many internship activities. The internship includes a supervised experience at a district located outside the university environment. This is an Arizona-specific, on-ground only course.</td>
</tr>
<tr>
<td>ADM/592</td>
<td>INTERNSHIP OF THE SUPERVISOR</td>
<td>3</td>
<td>College of Education</td>
<td>This internship provides opportunities for the student to engage in experiences relevant to the supervisor and to obtain knowledge of the role and responsibility of the supervisor. The students gain first-hand knowledge of the day-to-day operations of the supervisor through many internship activities. The internship includes a supervised experience at a district located outside the University environment. This is an Arizona-specific, on-ground only course.</td>
</tr>
<tr>
<td>ADM/596</td>
<td>INTERNSHIP ON THE PRINCIPALSHIP (6 WEEK)</td>

<td>ART/101</td>
<td>INTRODUCTION TO ART</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course introduces students to the elements and principles of art as well as the creation of various media, such as painting, sculpture, architecture, design, photography, and the decorative arts. Students apply techniques for viewing art critically to build an appreciation of various art forms. Themes within the course include contemporary topics in the arts, cultural diversity in the arts, and the arts in a historical context.</td>
</tr>
<tr>
<td>ARTS/100</td>
<td>INTRODUCTION TO THE VISUAL AND PERFORMING ARTS</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course examines traditions and developments in the visual and performing arts genres including music, dance, theater, cinema, visual arts, and architecture. Students will be introduced to the elements of each genre along with an overview of their historical development in Western European tradition.</td>
</tr>
<tr>
<td>ARTS/125</td>
<td>POP CULTURE AND THE ARTS</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course explores the interactions between the arts and advertising, media, and lifestyle and cultural trends in contemporary American society. Familiarity will be gained with the various art forms and their relationship to personal and professional life, and in particular to how they contribute to the current conception of popular culture. Students are asked to examine current trends and cultural changes and to assess the role the arts have played in creating them.</td>
</tr>
<tr>
<td>ARTS/230</td>
<td>SURVEY OF THE VISUAL ARTS</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course offers a foundation in the visual arts, elements, styles, and critical analysis for beginning art students. Emphasis is on identifying and explaining styles of visual arts from various cultures, eras, and places. The course focuses on the interpretation of art to understand meaning, and the ability to make critical judgment based on principles of art. Students learn to communicate ideas and expression through their own creative work in a two-dimensional, three-dimensional, video, or other time-based media.</td>

<td>COMMUNICATION AND SOCIALIZATION IN AUTISM</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to address common social skill deficits in Autism Spectrum Disorders: social cognition, social communication, social initiation, and social reciprocity. Identification of various ways to assess social skills is addressed. Participants focus on interventions that promote social skill acquisition and enhance social skill performance. Instructional tools and adaptations necessary to foster the development of social skills are also explored.</td>
</tr>
<tr>
<td>AUT/504</td>
<td>AUTISM SPECTRUM DISORDERS: CURRICULUM AND INSTRUCTION</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on the instructional and organizational skills necessary for teaching students with Autism Spectrum Disorders. Participants learn to develop and implement Individualized Education Plans and to create effective, efficient, and engaging instruction for students with Autism Spectrum Disorders. Instructional accommodations and inclusion are also addressed.</td>
</tr>
<tr>
<td>AUT/505</td>
<td>AUTISM SPECTRUM DISORDERS AND BEHAVIOR MANAGEMENT</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on behavioral characteristics of students with Autism Spectrum Disorders and identifies assessment tools to be used across learning environments. Participants develop behavior intervention plans that include sensory supports and structured routines to enhance students’ lives and learning. Behavior generalization and self-monitoring strategies are also explored.</td>
</tr>
<tr>
<td>AUT/506</td>
<td>AUTISM SPECTRUM DISORDERS: COLLABORATION AND CONSULTATION</td>
<td>3</td>
<td>College of Education</td>
<td>This course explores needs and techniques for collaboration. Topics include: interpersonal communication, problem solving, cultural diversity, teaming, and family systems theory. Participants explore strategies that promote effective collaboration among service providers, community agencies, and families in a culturally and ethically responsive manner in order to promote desirable life outcomes for individuals with Autism Spectrum Disorder.</td>

<td>LEGAL AND ETHICAL ISSUES: AUTISM SPECTRUM DISORDERS</td>
<td>3</td>
<td>College of Education</td>
<td>This course explores legislative and ethical standards for individuals with Autism Spectrum Disorder. Participants discuss and explore legal requirements and analyze ethical responsibilities to gain an understanding of the current tensions, critical issues, and debates within special education and related policy domains.</td>
</tr>
<tr>
<td>BCC/395</td>
<td>CONTEMPORARY ISSUES AND FUTURES IN CYBERCRIMES</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course examines both the principle topics in the field of cybercrime investigation as well as the examination of the varying issues regarding the futures within the field of technology-facilitated crime. Students will focus on relevant exploration of technology crimes that reflect key fundamentals of current conditions and what may be expected in technology and cybercrime in the years to come. Students will apply critical review of current technological crimes and engage in in-depth discussions of these concepts as a basis for comprehensive understanding at the local and global levels of cybercrime investigation and prevention.</td>
</tr>
<tr>
<td>BCC/400</td>
<td>INFORMATION SYSTEMS FUNDAMENTALS</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course introduces the fundamentals of computer systems and the role of information processing in current business environments. Students receive an overview of information systems, systems development, operating systems, networking, telecommunications, security concerns, and the Internet. Completing this course provides students new skills and knowledge that better prepares them for the Cybercrime specialization courses, and aids their present or future organizations as leaders, providing service to their communities.</td>
</tr>
<tr>
<td>BCC/401</td>
<td>CYBERCRIME IN THE 21ST CENTURY</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course explores developments and changes in the practice of criminal justice brought about by technology and crime as well as the rapid technological change in computers, and other Internet access devices. Specific topics include: cybercrime, how different cybercrimes are committed, the rapid evolution of technology and its effects on crime, cybercrimes against persons, and criminal justice agencies involved in the investigation and prevention of cybercrimes. The new skills and knowledge gained in this course will add to the protection, safety, and security of our society.</td>

<td>CYBERCRIME AND ROLE OF LAW ENFORCEMENT SECURITY PERSONNEL</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course explores the developments and changes in the role of law enforcement and security officials in their investigation of cybercrimes. Specific topics include: cybercrime forensics, obtaining search warrants for cybercrimes, jurisdictional issues in cybercrimes, law enforcement issues in cybercrimes, and personal and corporate security and the prevention of cybercrimes. Upon completion of this cybersecurity course, students will have new skills and knowledge that will aid their present or future organizations, and as leaders provide service to their communities.</td>
</tr>
<tr>
<td>BCC/403</td>
<td>GLOBAL TECHNOLOGY AND CYBERCRIME</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>In this course, students will study how global technology is used to further cybercrime. Topics in this course include homeland security and cybertechnology, global technology, threats to the United States, preventing and fighting global technology crime, and the role of local and federal agencies in preventing and investigating global technology crimes. Students will also explore the future of law enforcement and security to prevent and fight global cybercrimes. The new skills and knowledge gained by the students will aid them in their current or future professional endeavors.</td>
</tr>
<tr>
<td>BCOM/231</td>
<td>BUSINESS COMMUNICATION FOR ACCOUNTANTS</td>
<td>3</td>
<td>School of Business</td>
<td>This course introduces students to the foundations of communication in a business accounting setting. Students are exposed to various topics related to interpersonal and group communication within the context of applications to the accounting field. Students will develop skills in the forms of written communication, including memos, emails, business letters, and reports. Other topics include communication ethics, collaboration, information utilization, critical thinking, and professional competence and values.</td>
</tr>
<tr>
<td>BEH/225</td>
<td>INTRODUCTION TO BEHAVIORAL SCIENCE</td>

<td>BIO/100</td>
<td>INTRODUCTION TO LIFE SCIENCE WITH LAB</td>
<td>4</td>
<td>College of Humanities and Sciences</td>
<td>This course applies a broad, conceptual understanding of biology. Students are introduced to scientific ideologies and concepts that not only shape the biological world, but also shape humans. Students examine the scientific method, evolution and biodiversity, the biology of cells, physiology, the dynamics of inheritance, and the effect humans have on the environment. The text emphasizes methods and the theoretical foundations of ideas, while minimizing isolated facts. It stresses the integration of ideas, making connections that form an understanding of the living world. The weekly online labs add a practical component to the class. The labs build upon the concepts in the text and offer a chance to interact with the material and further their understanding.</td>
</tr>
<tr>
<td>BIO/101</td>
<td>PRINCIPLES OF BIOLOGY</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course is designed to introduce biology at an entry level by examining the hierarchy that ranges from the fundamentals of cell biology to the physiology of organisms, and the interactions among those organisms in their environment. The topics in this course include cell biology, genetics, molecular biology, evolution, physiology, and ecology.</td>
</tr>
<tr>
<td>BIO/204</td>
<td>PLANT PHYSIOLOGY</td>

<td>SUPPLY CHAIN INFORMATION MANAGEMENT IN ONLINE ENVIRONMENTS</td>
<td>3</td>
<td>School of Business</td>
<td>This course introduces students to the theory and practice of conducting supply chain functions over the Internet. It addresses various business strategies for buying, selling, or exchanging products, services, and information via computer networks. Legal and ethical requirements for handling supply chain business over the Internet are addressed.</td>
</tr>
<tr>
<td>BLE/503</td>
<td>FOUNDATIONS OF INSTRUCTION</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to introduce historical, legal, and theoretical frameworks of education for bilingual learners in the United States. Participants identify effective bilingual instructional approaches and strategies with emphasis on content area instruction. Evaluation and assessment strategies for bilingual learners are also addressed.</td>
</tr>
<tr>
<td>BLE/504</td>
<td>INSTRUCTIONAL TECHNIQUES AND METHODS</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides educators with an overview of techniques and methods that support the instruction of bilingual learners. Participants examine culturally responsive practices for instruction and assessment. Teaching in the content areas, honoring cultural diversity, and involving parents/guardians and community are also explored.</td>
</tr>
<tr>
<td>BLE/505</td>
<td>ASSESSMENT</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides educators with a foundational understanding of assessment practices for bilingual learners. Participants examine the relationship between language acquisition and assessment and its affect on teaching and learning. Content area instruction, reading instruction, and writing instruction as they relate to assessment are also explored.</td>

<td>OVERVIEW OF LINGUISTICS</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to introduce K-12 educators to the study of the nature, structure, development, and acquisition of language. Participants explore the integration of theory into practice, teaching methods, cultural implications of language, and first- and second-language acquisition. Particular emphasis is given to psycholinguistics, sociolinguistics, communication, and assessment.</td>
</tr>
<tr>
<td>BLE/507</td>
<td>SCHOOL, COMMUNITY, AND FAMILY CULTURE</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to examine multicultural education in the classroom, in the community, and globally. The primary focus is to provide participants with an understanding and appreciation of the beliefs, customs, and traditions of diverse cultures. Participants integrate multicultural curriculum featuring a variety of instructional strategies for bilingual learners that promote culturally responsive teaching.</td>
</tr>
<tr>
<td>BPA/200</td>
<td>PUBLIC SECTOR COMMUNICATIONS</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course introduces students to the foundations of communication in a business setting. Students are exposed to various topics related to interpersonal and group communication within the context of applications in an office or virtual office setting. Students will develop skills in various mediums of written communication to include: memos, emails, business letters, and reports. Communication ethics and cross-cultural communications are also explored. Upon completing the course, students will have an awareness of their personal communication style and be able to identify areas for further exploration of communication as a business skill.</td>
</tr>
<tr>
<td>BPA/201</td>
<td>FOUNDATIONS OF PUBLIC ADMINISTRATION</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course serves as an introduction to the study of public administration. During this course, students will review the political and social theories of public administration. Students will review leadership, human resources, finance, and ethics within a public policy-making environment. This course guides students to become familiar with the contemporary, complex issues facing local, state, and federal public administrators.</td>

<tr>
<td>BSCOM/100</td>
<td>INTRODUCTION TO COMMUNICATION</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course is an introduction to the field of communication with emphasis on the history of communication study, concepts important to all areas of communication, the contexts in which communication occurs, and the issues that must be faced by students of communication. The course serves as an introduction to the strands of communication: interpersonal, small groups and teams, mass communication, organizational, intercultural, and rhetoric.</td>
</tr>
<tr>
<td>BSCOM/234</td>
<td>FOUNDATIONS OF INTERPERSONAL COMMUNICATION</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course includes the application of communication principles, theory, and research to the process of interpersonal communication; includes verbal, nonverbal, listening, conflict management, and communication skills most relevant to a broad range of interpersonal settings.</td>
</tr>
<tr>
<td>BSCOM/240</td>
<td>INFORMATION LITERACY</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course addresses information literacy topics which may include gathering, analysis, evaluation, and synthesis of information. Within a context of professional ethics, students recognize the need for information, formulate meaningful questions to guide their search, assess what is cogent, interpret bias, and integrate material for a compelling presentation.</td>

<td>COMMUNICATION COMPETENCE IN THE WORKPLACE</td>
<td>3</td>
<td></td>
<td>Within the context of developing technical writing skills, students examine how culture generates expectations regarding how communication should occur within a professional environment. Students develop greater sensitivity to intercultural differences to foster effective information exchange using best practices for written communication in the workplace.</td>
</tr>
<tr>
<td>BSCOM/268</td>
<td>FOUNDATIONS OF MASS COMMUNICATION</td>
<td>3</td>
<td></td>
<td>This course surveys the basic theories of mass communication. Ethical and related problems of mass communication will be studied from contemporary and historical viewpoints. The course will encourage a critical analysis of the performance of mass media.</td>
</tr>
<tr>
<td>BSCOM/300</td>
<td>ADVERTISING AND THE MEDIA</td>
<td>3</td>
<td></td>
<td>This course addresses the elements of advertising and the media. Topics include advertising concepts, selection of media, and the use of media and advertising as marketing communications tools. The course also emphasizes the ongoing convergence of media content and commercial messages and how it is redefining marketing communications.</td>
</tr>
<tr>
<td>BSCOM/324</td>
<td>COMMUNICATION RESEARCH</td>
<td>3</td>
<td></td>
<td>This course focuses on the research methods employed in the communication discipline and enhancing the understanding of credible sources and accurate information. Students will learn of the most frequently applied components of communication research. Topics may include descriptive statistics, sampling, measures, research design, methodologies, and content analysis.</td>

<td>HISTORICAL DEVELOPMENT OF HUMAN SERVICES: AN INTRODUCTION</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>In this course students will learn the historical roots of human services and the creation of the human services profession. An investigation of current and historical legislation and how legislation is influenced by public and private attitudes provides a foundational understanding of basic human services ideology. A deep exploration of economic and governance systems affecting service delivery serves to develop essential skills for understanding and interpreting historical dynamics related to advocacy and social change initiatives in human services. Analysis of historical data and exposure to the range of political perspectives facilitates a general introduction and integration to the overall experience of the human service worker’s investment in the multidimensional field. Students will complete Module 1 of the MHF training. (3 credits).</td>

<td>DELIVERY OF HUMAN SERVICES: THEORY AND PRACTICE</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course facilitates identification of specific human needs and conditions, which are the core of the human services profession, and the range of human service delivery systems that address them. The conditions most often encountered with addictions and chemical dependency, aging populations, crime, mental and physical illnesses, poverty, delinquency and developmental disabilities will be explored in depth. On completion of this course students will demonstrate knowledge of theory and skills necessary for employing the major models of human service delivery at individual, group and community levels with attention to global influences effecting social policy and the political and ideological perspectives on human services delivery internationally. Students will complete Module 2 of the MHF training.</td>
</tr>
<tr>
<td>BSHS/361</td>
<td>CHILD DEVELOPMENT</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>In this course students learn about human growth and development from conception through adolescence. Physical, cognitive, and psychosocial developmental domains are studied. Within those domains, language development, moral development, and multicultural issues are addressed. Practical application of developmental theory is included to help students appreciate the impact human services workers have on children, adolescents, and their caregivers.</td>
</tr>
<tr>
<td>BSHS/371</td>
<td>ADULT AND FAMILY DEVELOPMENT</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>In this course, students learn about the physical, social, emotional, and cognitive development of the adult in today's society. They explore each of the major stages of adult development: young adulthood, middle age, and late life. Myths about aging are examined, and current research is reviewed. Factors influencing physical and mental health throughout the life cycle are explored, including those that contribute to developmental problems and those that foster greater life satisfaction and health. Students examine the resources and services for the aged population.</td>

<td>This course provides an overview of the role of the human service worker as a change agent with a focus on the application of theory and skills necessary for providing interventions and direct service delivery to individuals and groups. Specifically, students will develop competence in professional skills such as case management, client intake and interviewing, and basic group and individual counseling techniques. Additionally, students will learn how to access resources, use consultation, and make referrals. Students will complete Module 16 of the MHF training. (3 credits) Prerequisite: BSHS 395.</td>
</tr>
<tr>
<td>BSHS/406</td>
<td>FAMILY AND SOCIAL SYSTEMS: CONTEMPORARY TRENDS AND ISSUES</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>Theories of public and private families, as differentiated by societal interaction, are explored with a focus on family systems as they exist within social systems. Micro and macro family environments are investigated. Students will examine theories involving the interconnected and interdependent features of contemporary families in a range of social systems. Topics include the family, the state, and social policy with historical perspectives from federal and state legislation. Students will debate current trends in social policy, the efficacy of social welfare systems on a global scale, and demonstrate an understanding of the concept of practical compromise. Roles of the human service worker as advocate and service provider in the family systems context will be addressed.</td>
</tr>
<tr>
<td>BSHS/407</td>
<td>FAMILY VIOLENCE ACROSS THE LIFESPAN: A MULTI-STRATA PROBLEM</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course explores the phenomenon and social problem of family violence with both macro- and micro-theory explanations and an in-depth literature review. Students will demonstrate an understanding of assessment strategies, consequences and contributing factors of family violence across socio-economic strata and the full range of diverse populations experiencing family violence. Attention is focused on professional and social responses that include clinical interventions, educational initiatives within schools, and responses to the disclosure of family violence in agency and private settings. Skills to develop a human services approach to preventing family violence are enhanced in this course; students are required to outline their own personal and professional roles in the movement to end family violence.</td>

<td>CHILDHOOD ABUSE AND NEGLECT</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course focuses on the segment of family violence involving physical child abuse, child sexual abuse and exploitation, child neglect and psychological maltreatment of children. Students will examine the scope of these problems and the characteristics of both victims and perpetrators while conducting a search for patterns and dynamics of each distinction. Students will demonstrate knowledge and understanding of reporting requirements, treatment interventions, repressed memory controversy, working within the criminal justice system and the tenets of the Children’s Justice Act addressing investigation, prosecution and judicial handling of abuse and neglect cases. Areas of focus involve various forms of each category including indicators for the range of abuses on an international scale with child labor, slavery, and child prostitution issues.</td>

<td>FIELD EXPERIENCE/PART II</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>Curriculum Guide Description 04/01/2004: This course will provide relevant information and support to assist students in their second field experience placement experience in a human service organization. Students will conduct interviews, create learning contracts, and develop a further understanding of their role in the human service delivery system. Weekly workshops are provided to offer support and supervision of student activities in the field. Students will complete a total of 100 hours of field experience during a 10-week period. Supervision will be provided on a weekly basis in 2-hour group sessions. Students will be exposed to the 12 Core Competencies of the BSHS program, with an emphasis on Assessment, Documentation, Facilitation of Services, and Community Living Skills and Supports.</td>
</tr>
<tr>
<td>BSHS/415</td>
<td>FIELD EXPERIENCE I</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This is a 15-week course requiring at least 175 hours of field experience, or an average of 12 hours per week committed to a field placement site. Students will work in a human services setting under the supervision of a qualified professional. In addition to providing direct service, students will attend a weekly 2-hour class for faculty supervision and evaluation of core competency development. Typical activities of a field placement involve employing skills acquired so far in the program progression: conducting interviews, working directly with clients and groups, developing action plans and documenting. Students will complete Modules 13 and 14 of the MHF training.</td>

<td>HUMAN SERVICES MANAGEMENT: THEORY &amp; PRACTICE</td>
<td>3</td>
<td></td>
<td>This course traces the historical context of human services management as it relates to current theory and practice. Students will examine strategies for managing an integrated, diverse workforce and prepare to be generalists, understanding the scope of leading an organization with commonly encountered agency pressures. Students will employ learned management practices to inspect, distinguish, and measure the important attributes of program management and supervision. By demonstrating a basic understanding of organizational behavior and the challenges of embracing workforce diversity, dynamic systems change, performance evaluation and effective communication with a range of Para-professional and professionals, students will explore their roles as managers in the growing human services field. (3 credits). Prerequisite: BSHS/425</td>
</tr>
<tr>
<td>BSHS/427</td>
<td>CRITICAL THINKING SKILLS IN MANAGEMENT DECISION-MAKING</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course will familiarize students with strategies related to making sustainable decisions. Techniques used to make decisions, solve problems and lead environments will be explored. Concepts of strategic planning, organizing and leading are examined to link these basic principles to create a healthy and thriving workplace environment. Specific details to human services are considered and methods for service delivery to needs-based populations and the workers who serve in this capacity. Students are introduced to, and will demonstrate understanding of, the Six Sigma elements and five-step approach for process improvement. (3 credits). Prerequisite: BSHS/426</td>
</tr>
<tr>
<td>BSHS/428</td>
<td>HUMAN SERVICES PROGRAM DESIGN AND PROPOSAL WRITING</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course introduces students to the purposes, challenges and benefits of program design and grant writing. Students will review components of each and conduct a needs assessment and develop a business case for implementation on program design. Special attention will be given to research for finding available funding sources and how to form important partnerships. Students explore the methods of research using quantitative, qualitative and mixed-method program design concepts. Students will examine concepts of logic models and their impact on people, processes, and conditions related to program design. Using a specific framework, learners will uncover funding possibilities and use tools to prepare for the rigor related with grant writing. Resources and tools to secure funding for state, federal and private human services programs and agencies are examined. Students will be introduced to the processes, obstacles and costs associated to grant writing and program design.</td>

<td>CARE FOR AGING POPULATIONS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>The course is an exploration of various living environments for aging and elderly including retirement communities, living with relatives and/or children, independency, assisted living, the goodness-of-fit between lifestyle and housing, and managing long-term care. Students will demonstrate knowledge of segregated versus age-integrated residential settings and the impact on residents. An in-depth investigation of care-related issues across the growing aging population will include topics such as chronic illness, subsidized and un-subsidized healthcare related expenses, and needs assessment protocol. The basic model and principles of integrative, interdisciplinary healthcare is presented as the foundation for a team approach to the development of intervention plans, strategies of care, and implementation.</td>

<td>PERSONALITY THEORIES AND COUNSELING MODELS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course enables students to differentiate among the primary theoretical models of personality theory and counseling practice, including psychodynamic, affective, cognitive behavioral, humanistic, interpersonal, multicultural, and systems theory. A focus on evidence-based practices that incorporate cultural diversity issues with population-specific approaches is significant feature of this course. Emphasis is on the importance of students recognizing belief systems that accurately reflect their own personal style and to recognize strategies and approaches likely to be most successful with a particular client population. Students have opportunities to establish a strong theoretical foundation as the basis of clinical practice and to evaluate and assess clinical situations for implementation of therapeutic interventions that are gender and culturally appropriate. Assessment and intervention for emergency/crisis is introduced.</td>

<td>SEMINAR CLINICAL MENTAL HEALTH</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course integrates mental health foundations with historical, philosophical and contextual dimensions of clinical mental health counseling practice, and reviews the trends in both the knowledge and skills necessary to practice clinical mental health counseling. Additionally, this course explores current national and local issues relevant to the practice of mental health counseling. Community resources and professional networks are explored as a means of demonstrating the integration of the profession in a social context. Issues surrounding the need for ongoing professional identity development, including membership in professional organizations, are examined as a strategy for counselor involvement in advocacy processes. Students will investigate professional roles, functions, and relationships with other human services providers. Additionally, application of counseling models for diverse needs and settings, including crisis and trauma, are investigated in-depth.</td>
</tr>
<tr>
<td>CCMH/581</td>
<td>SUPERVISION/MANAGEMENT IN CLINICAL MENTAL HEALTH COUNSELING</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course is an overview of supervision and management as they relate to the practice of counseling. Models of supervision and counselor development, supervision and management processes, assessment and evaluation issues, and ethical and legal aspects of supervision are emphasized. Students explore their skills in management, supervision, and consultation, particularly as they relate to recent changes in the mental health care delivery system.</td>
</tr>
<tr>
<td>CCMH/585</td>
<td>COMMUNITY COUNSELING</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course examines principles, theories, and practices of community counseling and interventions. Topics include needs assessment, design and utilization of programs and facilities for inpatient, outpatient, partial treatment, and aftercare, as well as the utilization of the public and private mental health counseling services networks in local communities. Other topics addressed include community-based strategies for crisis intervention, interdisciplinary community outreach, and trauma counseling. Related ethical practice is integrated.</td>
</tr>
<tr>
<td>CCMH/592</td>
<td>PRACTICUM IN CLINICAL MENTAL HEALTH COUNSELING</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course focuses on the assessment and continuing development of student counseling skills. Students have a variety of opportunities to receive feedback and to evaluate their ability to integrate theory into practice. Students determine their styles and strengths as professional counseling practitioners, as well as identify areas needing further development. Individualized practice sessions and feedback are designed into the course.</td>

<td>CHM/150</td>
<td>GENERAL CHEMISTRY I</td>
<td>4</td>
<td>College of Humanities and Sciences</td>
<td>This course provides students with an in-depth knowledge of the principles and applications of chemistry. Topics include chemical nomenclature, atomic theory, stoichiometry, periodicity, chemical bonding, thermochemistry, gas laws, and properties of solids and liquids. Students apply these concepts using practical examples, facilitated discussions, and experiments conducted through hands-on labs. This course is the first half of the general chemistry sequence, which is completed in CHM/151: General Chemistry II.</td>
</tr>
<tr>
<td>CHM/151</td>
<td>GENERAL CHEMISTRY II</td>
<td>4</td>
<td>College of Humanities and Sciences</td>
<td>This course continues the examination of principles and applications of chemistry that was begun in CHM 150: General Chemistry I. Topics include properties of solutions, acids and bases, kinetics, equilibrium, thermodynamics, oxidation-reduction, ionic and redox equations, and electrochemistry. Students apply these concepts using practical examples, facilitated discussions, and experiments conducted through hands-on labs.</td>
</tr>
<tr>
<td>CIS/105</td>
<td>SURVEY OF COMPUTER INFORMATION SYSTEMS</td>
<td>3</td>
<td>College of Information Systems and Technology</td>
<td>This course presents an overview of the various technologies imbedded in every aspect of society. Students gain a basic understanding of how a computer functions as a single unit, in a network, and as a connection to the Internet. Other topics include security issues and the use of productivity software, such as word processing, spreadsheets, and presentation applications. The course also addresses social and ethical issues related to using computers.</td>
</tr>
<tr>
<td>CIS/207</td>
<td>INFORMATION SYSTEMS FUNDAMENTALS</td>
<td>3</td>
<td>College of Information Systems and Technology</td>
<td>This course introduces the fundamentals of computer systems and the role of information processing in today's business environment. An overview is presented of information systems, systems development, operating systems and programming, database management, networking and telecommunications, and the Internet.</td>

<td>CIT/245</td>
<td>LOCAL AREA NETWORKING FUNDAMENTALS</td>
<td>3</td>
<td>College of Information Systems and Technology</td>
<td>This course addresses the fundamentals of local area network (LAN) and provides the basic networking components and their functions. The OSI model is introduced and the TCP/IP protocol stack and its layers are examined. Students learn how to install, operate, configure, and verify a basic IPv4 network, including implementing IPv4 addressing, configuring a LAN switch, configuring an IP router, and troubleshooting common LAN switch issues.</td>
</tr>
<tr>
<td>CIT/249</td>
<td>WIDE AREA NETWORK ENVIRONMENT</td>
<td>3</td>
<td>College of Information Systems and Technology</td>
<td>This course provides students with the knowledge and skills necessary to design, build, and maintain routing and switching technologies. Students learn routing and switching operations, including implementing VLANs and trunking, implementing and troubleshooting single-area open shortest path first (OSPF) routing protocol and introduce IPv6 main features, addresses and basic configuration. Advanced IP services are described such as applying and troubleshooting access control lists (ACLs) and managing IP address space using network address translation (NAT) and port address translation (PAT).</td>
</tr>
<tr>
<td>CIT/274</td>
<td>ROUTING AND SWITCHING IMPLEMENTATIONS</td>
<td>3</td>
<td>College of Information Systems and Technology</td>
<td>This course describes implementing scalable medium-sized switched and routed networks. Students learn to build and improve redundant networks using spanning tree protocol (STP) and EtherChannel, implement and troubleshoot EIGRP and multi-area OSPF routing protocols, and troubleshoot IPv6 network connectivity issues.</td>
</tr>
<tr>
<td>CIT/276</td>
<td>ROUTING AND SWITCHING MANAGEMENT</td>
<td>3</td>
<td>College of Information Systems and Technology</td>
<td>This course provides the knowledge and skills necessary for routing and switching management. Topics include extending local area network (LAN) into a wide area network (WAN), virtual private network (VPN) solutions, and frame relay connectivity. Students learn network device, IOS file and licensing management.</td>

<td>CRIMINAL LAW</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course is an introduction to the study of criminal law, general legal principles, and how the criminal law functions in and affects modern society. This course highlights a variety of key topics, including the concept of crime and the development of criminal law, defenses to criminal charges, and a number of specific types of crimes, including personal crimes, property crimes, public order crimes, and offenses against public morality. Legal issues affecting punishment and the way criminal law impacts crime victims are also discussed.</td>
</tr>
<tr>
<td>CJA/313</td>
<td>CONTEMPORARY ISSUES IN CRIMINAL JUSTICE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course explores developments and changes in the practice of criminal justice brought about by the war on terrorism, as well as rapid technological change, and other social dynamics. Specific topics include: homeland security, the police response to terrorism, police accountability, racial profiling, and the expanded participation of the community in ensuring public safety. Students also learn about how technology has altered the way crimes are committed as well as the ways that law enforcement and the communities they serve confront the problem and address emerging public safety issues.</td>
</tr>
<tr>
<td>CJA/314</td>
<td>CRIMINOLOGY</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>Criminology is an introductory course in the study of crime and criminal behavior, focusing on the various theories of crime causation. This course highlights the causes of crime, criminal behavior systems, societal reaction to crime, and criminological methods of inquiry.</td>
</tr>
<tr>
<td>CJA/315</td>
<td>CRIMINAL PROCEDURE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course explores the basic core knowledge of constitutional criminal procedure. Emphasis is placed on the Fourth, Fifth and Sixth Amendments; searches and seizures; interrogations and confessions; identifications; and pre-trial and trial processes. In addition, the United States Constitution as interpreted by the U.S. Supreme Court is examined along with philosophical policy considerations. Application of core knowledge is developed through simulation exercises and examining homeland security issues.</td>
</tr>
<tr>
<td>CJA/323</td>
<td>CRIMINOLOGY</td>
<td>3</td>

</table>
CJA/444 ORGANIZATIONAL BEHAVIOR AND MANAGEMENT

This course in organizational behavior encompasses the study of individual and group behavior as they apply to criminal justice organizations - court systems, law enforcement, and corrections. Managing organizational behavior challenges individuals to understand organizational structure and systems, leadership, motivation, effective communication, change management, and performance systems. A comprehensive review of these processes, as well as others, will allow students to examine their role in criminal justice systems in our rapidly changing society.

CJA/453 CRIMINAL JUSTICE ADMINISTRATION

This course applies management and financial principles to criminal justice organizations. Emphasis is placed on budgets, financial accounting principles and assessing the effectiveness of the activities of criminal justice organizations. Constitutional requirements, court decisions, and legislation (such as EEOC requirements) as they impact management in criminal justice are discussed. Basic accounting and financial terminology, and purposes and formats of financial statements are introduced: depreciation of assets, capital budgeting, cash management, lease versus purchase, and inventory management.

CJA/454 CRIMINAL JUSTICE MANAGEMENT THEORY AND PRACTICE

This course applies management and financial principles to criminal justice organizations. Emphasis is placed on budgets, financial accounting principles and assessing the effectiveness of the activities of criminal justice organizations. Constitutional requirements, court decisions, and legislation (such as EEOC requirements) as they impact management in criminal justice organizations are discussed. Basic accounting and financial terminology, and purposes and formats of financial statements are introduced: depreciation of assets, capital budgeting, cash management, lease versus purchase, and inventory management.

CJA/463 CRIMINAL JUSTICE POLICY ANALYSIS

This course examines the history of federal- and state-level crime control initiatives and explores the development of effective anticrime policies. The analysis of contemporary crime control policy is included.

<td>This course is a survey of important personnel issues inherent to organizations and especially to Criminal Justice organizations. Problems, procedures and solutions to common personnel issues will be explored.</td>
</tr>
<tr>
<td>CJA/475</td>
<td>FORECASTING AND STRATEGIC PLANNING</td>
<td>3</td>
<td></td>
<td>This course provides pre- or in-service administrators/managers the knowledge, skills and tools necessary to consider the long-term mission and direction of various criminal justice agencies and to build strategy and operations from both internal and external stakeholders to achieve identified mission goals. Students consider strategic planning as a process and method for implementing effective strategic management. Students receive a high-level overview of data collection and analysis methods for strategic planning that provide the ability to develop long-term solutions to continually evolving organizational challenges. Students explore long-term strategic management options, and how to use that information in planning, decision making, and developing strategies for more efficient organizational management of operations and programs.</td>
</tr>
<tr>
<td>CJA/483</td>
<td>FUTURES OF CRIMINAL JUSTICE</td>
<td>3</td>
<td></td>
<td>This course examines possible criminal justice futures. Issues that police, corrections, and courts are likely to confront in the 21st century and beyond will be researched and discussed, along with established predictive techniques in the field of futures research. This is a capstone course requiring students to apply all they have learned throughout the program to the issues that will define possible criminal justice futures.</td>

<td>CRIMINAL JUSTICE ADMINISTRATION CAPSTONE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This capstone course for the criminal justice administration undergraduate degree program provides students with an integration of acquired knowledge of theory to practical applications. Particular attention is given to integrating core content of criminal justice administration with specialized content from students' selected concentration area. Students will assess the impact of their educational experiences on their professional competence and values, critical thinking and problem solving, communication, information utilization, and collaboration skills.</td>
</tr>
<tr>
<td>CJA/490</td>
<td>SURVEY OF CRIMINAL JUSTICE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course is a survey which explores the organizational differences and jurisdictions of local, state, and federal law enforcement, judicial and corrections agencies; and the related processes involved in the criminal justice system. It surveys the historical aspects of the police, the courts, and the correctional system, as well as explains the foundational relevance of these components to the overall functioning of the criminal justice system. Additionally, special issues and challenges faced by each of these areas will be considered.</td>
</tr>
<tr>
<td>CJA/491</td>
<td>SURVEY OF CRIMINAL COURT SYSTEMS</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course is a survey to the historical aspects of the courts and various components of the legal system. It examines the different types of court at the state and federal levels, courtroom players, courtroom processes, and post conviction process of the court system. Additionally, it illustrates the correlation among all courtroom participants, differentiates roles and responsibilities, and examines how they relate to one another.</td>
</tr>
<tr>
<td>CJA/492</td>
<td>SURVEY OF CORRECTIONAL PROCESSES AND PENAL SYSTEMS</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course is a survey to the various components of the correctional system and penal reform within the criminal justice system. It provides an overview of corrections, jails and prisons including their history, the players involved and their roles, and organizations that manage convicted offenders. Other topics that are covered include policy and procedure, sentencing, probation, and rehabilitations rehabilitation of prisoners. The course ends with international perspectives of imprisonment and global correctional systems.</td>

<td>FIELD EXPERIENCE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>In the Criminal Justice and Security Field Experience course, students gain exposure to and a greater understanding of the criminal justice or security systems in their assigned fields. Criminal Justice and Security majors have the opportunity to apply the knowledge and skills they have gained through academic coursework in a practical setting and to obtain additional knowledge and skills in preparation for professional work. Students are required to choose an agency field experience site that is relevant to their field of criminal justice or security and participate in related activities to gain pertinent experience to their field. Time in this course is spent completing the field experience goals and related outcomes, which are accomplished individually at each student’s field experience site.</td>
</tr>
<tr>
<td>CIA/495A</td>
<td>FIELD EXPERIENCE ORIENTATION</td>
<td>0</td>
<td>College of Criminal Justice and Security</td>
<td>This course is designed to provide an orientation to the BSCJA Field Experience course, CIA/495. Students are introduced to the documents that must be completed before entering the field experience course. Students also learn how to locate a Criminal Justice and Security field experience agency.</td>
</tr>
<tr>
<td>CIA/520</td>
<td>MANAGEMENT OF INSTITUTIONAL RISK</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course will help the student understand the various element of risk in justice and security organizations. Topics will focus on legal risks regarding, EEO, ADEA, ADA, FMLA, FLSA, OSHA, IFC, and workers’ compensation.</td>
</tr>
<tr>
<td>CIA/560</td>
<td>CRITICAL INCIDENT MANAGEMENT</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course provides an overview of the critical incident management process, covering a variety of events that impact justice and security organization. This course will discuss planning, prevention, response and post-incident management, as well as inter-agency coordination.</td>

<td>ISSUES AND FUTURES IN HUMAN SERVICES IN CRIMINAL JUSTICE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course examines both the principle issues in contemporary human services in the criminal justice system as well as the extrapolation of such issues toward possible futures within human services in the criminal justice field. Students will focus on relevant research that reflects key elements of current conditions and what may be expected in the years to come. Such research will reflect case management, mental health care, crisis and trauma situations, and legal requirements affecting children and families as they relate to policing, courts, and corrections; the main components of the criminal justice system. Students will apply critical review and engage in in-depth discussion of these concepts as a basis for comprehensive understanding at local, state, national, and global levels of human services in the criminal justice system as addressed by criminal justice administration.</td>
</tr>
<tr>
<td>CJHS/400</td>
<td>THEORY AND PRACTICE: HUMAN SERVICES IN CRIMINAL JUSTICE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>Students explore major theoretical areas in human services, including psychotherapeutic, behavioral, cognitive, multicultural, and systems theories. Students learn the foundational concepts associated with the major theories, approaches to change, and techniques and interventions used by practitioners. This course emphasizes the development of a personal theory and approach to human services within criminal justice. In addition, students analyze the practical applications of theory-based techniques that criminal justice and human services professionals use while working in the criminal justice system.</td>
</tr>
<tr>
<td>CJHS/410</td>
<td>MENTAL HEALTH AND CRISIS INTERVENTIONS IN CRIMINAL JUSTICE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>Students learn about human services delivery, crisis intervention, and mental health services within the criminal justice system. Students explore the skills associated with crisis intervention and mental health services and how they are applied in the field. Strategies for providing services to various populations in the criminal justice system also are examined.</td>
</tr>
<tr>
<td>CJHS/420</td>
<td>CASE MANAGEMENT AND SERVICES PROVIDED IN CRIMINAL JUSTICE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course covers principles, practices, and issues in case management. Students learn about the nature of diagnoses, basic interviewing skills, and how to identify treatment resources in the criminal justice system. Ethics and professional boundaries in case management are also examined.</td>

<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course examines the collaboration between human service professionals and those working in the criminal justice system. Students analyze the roles of mediator, advocate, and agency representatives to include forensic evaluation. Overcoming barriers to effective service delivery through the use of collaboration is also considered.</td>
</tr>
<tr>
<td>CJH/400</td>
<td>HEALTH CARE DELIVERY IN CRIMINAL JUSTICE SYSTEMS</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course examines the various ways health care is administered and delivered within criminal justice systems. Students review the evolution of the United States health care system and examine its various functions, provider models, and service delivery systems. Private, public, and criminal justice-based health care sectors are contrasted including ambulatory, acute, mental, and long-term care. Students also consider financial aspects that influence health care delivery and quality.</td>
</tr>
<tr>
<td>CJH/410</td>
<td>COMMON DISEASE PROCESSES IN CRIMINAL JUSTICE SYSTEMS</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course reviews disease processes and trends commonly encountered in criminal justice systems. Students review potential bloodborne pathogens and their transmission. Various methods of protection are also discussed.</td>
</tr>
<tr>
<td>CJH/420</td>
<td>HEALTH CARE LEGAL ISSUES IN CRIMINAL JUSTICE AND SECURITY</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course examines various legal issues, laws, regulations, and policies that affect health care administration and criminal justice systems. Topics range from patient rights to corporate responsibility and focus on laws relevant to the criminal justice and security professional in a health care setting. Students examine specific health care litigation and the impact of public and private health care regulatory agencies on the operation of health care as a business.</td>

<td>FORENSIC HEALTH CARE POLICY: THE PAST AND THE FUTURE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course examines complex public policy issues affecting various forensic populations that must receive health care while under the control or custody of various governmental agencies. Students examine the role of political and economic theory, the role of interest groups, and the need for security in medical settings. Students also discuss historical trends and consider future challenges that forensic populations will face in health care delivery.</td>
</tr>
<tr>
<td>CIS/200</td>
<td>FOUNDATIONS OF THE CRIMINAL JUSTICE SYSTEM</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course is an introduction to the foundational elements of the criminal justice system. Students will begin to examine this system from its influential past to its multi-faceted present to its theorized future. This course gives the student an interactive pathway through the laws that protect the system, through the people that enforce the system, and through the courts that govern this system. It also provides an overview of the correctional systems, their impact, and their roles in our society. Other topics include crime causation, terrorism.</td>
</tr>
<tr>
<td>CIS/201</td>
<td>INTRODUCTION TO CRIMINAL JUSTICE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course is an introductory overview of the organization and jurisdictions of local, state, and federal law enforcement, judicial and corrections agencies, and processes involved in the criminal justice systems. It examines the historical and philosophical aspects of the police, the courts, and the correctional system, as well as the philosophy. Additionally, career opportunities and qualifying requirements, terminology and constitutional limitations of the system will also be covered.</td>
</tr>
<tr>
<td>CIS/205</td>
<td>COMPOSITION FOR COMMUNICATION IN THE CRIMINAL JUSTICE SYSTEM</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course prepares students to communicate effectively in both verbal and nonverbal forms. Students explore best practices of investigative reporting and composing written communications, such as administrative reports and memos, interpreting and using body language, and interpersonal interactions within criminal justice settings. This includes interactions with victims, suspects, incarcerated persons, as well as government officials, staff, and civilians.</td>

<td>FUNDAMENTALS OF POLICING</td>
<td>3</td>
<td>This course provides students with the opportunity to gain a basic understanding of policing in the United States. It examines the history of the police, the emerging role of private security, and the organizational structure of police departments. This course will also discuss the relationships between the police department and their respective communities. Other topics include recruitment processes, diversity, culture, and laws that govern policing. Students will have the opportunity to research their local police department for a closer look at policing in their community.</td>
<td></td>
</tr>
<tr>
<td>CIS/211</td>
<td>ETHICS IN CRIMINAL JUSTICE</td>
<td>3</td>
<td>This course explores the standards and codes of professional responsibility in criminal justice professions. It also explores ethical dilemmas, professional organizations and agencies, ethics and community relations, ethics in criminal justice laws and procedures, and civil responsibility in law enforcement and correctional environments.</td>
<td></td>
</tr>
<tr>
<td>CIS/215</td>
<td>INTRODUCTION TO FORENSICS</td>
<td>3</td>
<td>This course provides an introduction to forensic science. This survey course is developed specifically for non-science majors to familiarize them with the different forensic science disciplines, the types of examinations crime laboratories conduct, and how forensic science is applied in current American criminal justice systems. Students gain a basic understanding of the principles of science, specifically the scientific method and its application.</td>
<td></td>
</tr>
<tr>
<td>CIS/220</td>
<td>INTRODUCTION TO CRIMINAL COURT SYSTEM</td>
<td>3</td>
<td>This course is an introduction to the fundamental elements of the courts in our criminal justice system. Students will examine the many complexities affecting the court system, from the theory behind the creation of laws to the implementation of such laws. This course provides an in-depth look into the roles and functions of the professionals interacting within the court while outlining the courtroom process. Other topics include punishments, appeals, and plea bargains.</td>
<td></td>
</tr>
<tr>
<td>CJS/221</td>
<td>CULTURAL DIVERSITY IN CRIMINAL JUSTICE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course offers a comprehensive, critical, and balanced examination of the issues of crime and justice with respect to race and ethnicity. Procedures and policy in a pluralistic and multicultural society are examined relative to law enforcement, courts, and corrections environments.</td>
</tr>

<td>College of Criminal Justice and Security</td>
<td>This course introduces students to the topic of victimology, the scientific study of victims, and an overview of current theory, research, and trends within the context of specific victimization types. Specific crime types, the impact of crime on victims and society, the role of victims within the criminal justice system, specific remedies, and victim rights and services are also examined.</td>
</tr>
<tr>
<td>CJS/240</td>
<td>INTRODUCTION TO JUVENILE JUSTICE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course is a general orientation to the concept of delinquency and the field of juvenile justice. Students will examine the nature of delinquency, as well as a variety of theories and explanations for delinquent behavior. Students will study factors related to delinquency and/or prevention including gender, family, peers, school, and drug use. This course will also familiarize students with the evolution of juvenile justice and the roles of the police with juvenile offenders. Additionally, students will develop an understanding of the juvenile court process, as well as juvenile detention, restitution, and treatment.</td>
</tr>
<tr>
<td>CJS/241</td>
<td>INTRODUCTION TO POLICE THEORY AND PRACTICES</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course provides an overview of policing theories and practices used in United States law enforcement systems. It surveys the basics of police functions, from individual and organizational roles to the issues faced on a daily basis. This course also examines the procedures and methods of operation of police and critical issues in law enforcement.</td>
</tr>
<tr>
<td>CJS/245</td>
<td>JUVENILE JUSTICE SYSTEMS AND PROCESSES</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course is a general orientation to the field of juvenile justice, including causation theories and the development of system responses to delinquent behavior. The problems facing juveniles today are addressed, and adult and juvenile justice systems are compared, including initial apprehension, referral, and preventive techniques. Specific issues examined include chemical dependency, mental illness, and compulsive and habitual offenders. Special attention is given to the problems inherent in the police handling of juveniles and the function of juvenile courts.</td>

<td>RESIDENCY I</td>
<td>1</td>
<td></td>
<td>This residency course is 2-weeks in length, with the last 3 days of the second week involving face-to-face interaction with faculty and peers at a ground campus is the last requirement for formal admission into the counseling program. The residency is experiential, with organized opportunities for students to observe, practice, and demonstrate fundamental counseling and helping skills. Topics in this course include counselor self-efficacy, oral and written communication skills, basic interviewing skills, application of counseling theory to counseling models and practice, and finally an evaluation of students’ readiness to move forward in the program. (1 credit)</td>
</tr>
<tr>
<td>CNSL/513R</td>
<td>RESIDENCY II</td>
<td>1</td>
<td></td>
<td>This residency course is 2-weeks in length, with the last 3 days of the second week involving face-to-face interaction with faculty and peers at a ground campus. The 3-day in person residency provides an opportunity for students to observe, practice, and demonstrate competency in intermediate counseling skills. Topics include professional and personal development, oral communication skills, research methodologies, and sensitivity to diversity issues. Students will demonstrate intake, assessment, provisional diagnoses, and treatment planning abilities. Students also practice facilitation of group therapy and demonstrate skills in clinical case staffing. The core of this residency focuses on practicing group work theory and application in a variety of group therapy simulations. The capstone of the residency is staffing a clinical case and role play. (1 credit)</td>
</tr>
<tr>
<td>CNSL/516</td>
<td>LEGAL AND ETHICAL ISSUES IN COUNSELING</td>
<td>3</td>
<td></td>
<td>This course covers the legal and ethical responsibilities of the counseling professional. Students learn to interpret and act upon situations appropriately and effectively. Content includes issues such as client rights, confidentiality, duty to warn and protect, dual relationships, supervision and consulting, ethics with special populations, and ethical decision-making models.</td>
</tr>
<tr>
<td>CNSL/523R</td>
<td>RESIDENCY III</td>
<td>1</td>
<td></td>
<td>This residency course is 2-weeks in length, with the last 3 days of the second week involving face-to-face interaction with faculty and peers at a ground campus. The final 3-day in person residency in the Clinical Mental Health Counseling online program focuses on advanced clinical counseling skills and competencies. This residency is used to determine the student’s readiness for work with diverse populations during clinical placement in practicum and internship courses. Students demonstrate skills in case conceptualization, diagnosis and rationalization, treatment planning using evidence-based approaches, and cultural and career awareness. Additional counseling topics include crisis and trauma, professional orientation and identity, personal growth and self-care concepts, and completion of a scenario-based exam. (1 credit)</td>

<td>PROJECT MANAGEMENT CAPSTONE</td>
<td>3</td>
<td>School of Business</td>
<td>This course is the capstone of the project management courses. Students will demonstrate project management skills learned via preparation of a project plan and presentation of that plan to the executive board in a role-play environment. Key project management concepts and processes studied in prior five courses will be integrated and applied to the class project.</td>
</tr>
<tr>
<td>CPSS/210</td>
<td>INTRODUCTION TO CRIMINAL JUSTICE</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course is an overview of the organization and jurisdictions of local, state, and federal law enforcement, the judicial system, and corrections agencies involved in the criminal justice system. Special issues affecting the criminal justice system including prevention efforts, recidivism, and evidence-based practices are reviewed.</td>
</tr>
<tr>
<td>CPSS/215</td>
<td>SURVEY OF CORRECTIONS IN THE UNITED STATES</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course introduces the various components of the corrections system within the criminal justice system. It provides an overview of corrections, including corrections history and the people, agencies, and organizations who manage convicted offenders. Other topics covered include policies and procedures, sentencing, community supervision, and rehabilitations of prisoners.</td>

<td>This course addresses cultural awareness and effective collaboration among teachers, English learners, their families, paraprofessionals, and the community to improve literacy development and learning.</td>
</tr>
<tr>
<td>CUR/505</td>
<td><strong>SOCIAL AND GLOBAL PERSPECTIVES OF TEACHER LEADERSHIP</strong></td>
<td>3</td>
<td>College of Education</td>
<td>Learners in this course have the opportunity to analyze the field of education from a social and global perspective. Learners investigate the implications of the globalization of knowledge on micro and macro educational systems. Multicultural implications, diversity, and the use of technology as a vehicle of pedagogy are explored. Emphasis is on building collaborative organizational communities and empowering teacher leaders to think strategically about school change.</td>
</tr>
<tr>
<td>CUR/506</td>
<td><strong>THEORIES AND BEST PRACTICES OF CURRICULUM AND INSTRUCTION</strong></td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on applying curricular theory to best practices in the 21st century classroom. Candidates explore the social and political foundations of curriculum and instruction and current research in this area. They analyze curriculum philosophy and planning as well as practical applications and innovations in curriculum design. Special attention is given to the use of technology in the development of effective learning environments and instruction in the 21st century classroom.</td>
</tr>
<tr>
<td>CUR/508</td>
<td><strong>SOCIAL, POLITICAL, AND CULTURAL CONTEXTS OF SCHOOLS</strong></td>
<td>3</td>
<td>College of Education</td>
<td>This course explores the historical, political, social, and cultural constructs of contemporary education. The course includes an investigation of how social, political, and cultural contexts have contributed to the current state of national, state, and local educational settings. Additionally, the course examines how policies influence school decision making and teacher practice. Candidates apply an inquiry-based process to identify individual, social, and cultural contexts in education; explore contemporary issues in diversity and equity in education; and demonstrate an understanding of education in a global community in order to evaluate and determine their individual role in taking action in their local setting.</td>

<td>TEACHERS AS LEADERS</td>
<td>3</td>
<td>College of Education</td>
<td>In this course, teachers define, clarify, and reflect on their role as a leader. They explore leadership processes that utilize collaboration, coaching, mentoring, and inclusion. Additionally, they examine broad educational issues, as well as school-based issues and determine possibilities for initiating, sustaining, and building upon systemic change.</td>
</tr>
<tr>
<td>CUR/515</td>
<td>CRITICAL THINKING AND INNOVATIVE SKILLS</td>
<td>3</td>
<td>College of Education</td>
<td>Learners in this course explore the development and application of critical thinking skills for all academic content areas in elementary, middle school, and high school settings. Participants identify the educational needs of students by exploring current instructional theories, models, and strategies; and state, local, and national standards as they relate to developing critical thinking skills in classroom teaching. Prospective educators develop skills in selecting and adapting delivery methods and behavior management plans for diverse individual students and student populations.</td>
</tr>
<tr>
<td>CUR/516</td>
<td>CURRICULUM THEORY AND INSTRUCTIONAL DESIGN</td>
<td>4</td>
<td>College of Education</td>
<td>In this course, learners focus on applying theory and systematic approaches to design and implementation of instruction for diverse adult learners. Learners identify and analyze trends, issues, models, methods, various instructional strategies, technology, and classroom management strategies in instructional design for adults. In addition, learners design an instructional unit, applying research-based best practices and employing instructional design models.</td>
</tr>
<tr>
<td>CUR/518</td>
<td>MULTICULTURAL STRATEGIES FOR THE ADULT LEARNER</td>
<td>3</td>
<td>College of Education</td>
<td>In this course, learners acquire a rich and deep framework to understand what diversity means in the workplace, in the training and development environment, and in the higher education classroom. Learners explore dimensions of diversity which include race, gender, age, ethnicity, sexual orientation, gender identity and expression, religion, education, and socioeconomic status. Learners acquire an awareness of diversity and understand how to design, deliver, and evaluate training and education programs that are sensitive to the challenges and opportunities that a multicultural context presents.</td>

<td>ADVOCATING FOR LEARNING</td>
<td>3</td>
<td>College of Education</td>
<td>Learners examine dispositions and beliefs regarding teaching and learning for all students. This course includes discussions about supportive and engaging learning environments, along with collaboration with other professionals to develop strategies that promote student learning. Using assessment data, learners will differentiate instruction and employ appropriate strategies for students. Learners will explore advocacy through course materials, practical exercises and engaging group activities.</td>
</tr>
<tr>
<td>CUR/525</td>
<td>ETHICAL ISSUES IN EDUCATION</td>
<td>3</td>
<td>College of Education</td>
<td>Learners examine the ethical framework and challenges of teachers and teacher leaders in today's schools. The professional educational leader fosters ethical practices and engages in purposeful ethical decision-making. Learners will ethically respond to social and political issues in education through case studies, field experiences, and other readings and interactions. Ethical leadership and decision-making will be analyzed and discussed to determine how educational leaders will be able to provide support to teachers, students, and other constituents with the purpose of improving current educational practices.</td>
</tr>
<tr>
<td>CUR/528</td>
<td>ASSESSMENT OF LEARNING</td>
<td>3</td>
<td>College of Education</td>
<td>Learners focus on developing the skills necessary to become effective assessors of adult learners in corporate training and in other adult education learning environments. Learners examine the fundamentals of planning, implementing, and learning. Additionally, learners explore purposes and methods of evaluation for courses, programs, and training.</td>
</tr>
<tr>
<td>CUR/530</td>
<td>ASSESSMENT AND EVALUATION MODELS</td>
<td>3</td>
<td>College of Education</td>
<td>In this course, learners use assessment data through a systematic process to make informed decisions and to evaluate classroom and school-wide learning outcomes. Emphasis is placed on the design, implementation, and analysis of formative assessments while other types of assessments are explored. Learners will use this assessment knowledge to design and analyze a comprehensive assessment plan in a K-12 setting.</td>

<td>FACILITATING ONLINE LEARNING</td>
<td>3</td>
<td>College of Education</td>
<td>Learners explore practical strategies for aligning effective principles of instruction with the use of technology in adult learning and training environments. Learners develop the knowledge and skills required for effectively engaging adult learners in distance learning experiences using a variety of web-based course management and information systems. In addition, learners apply and evaluate audio, video, and collaborative technology tools; mobile learning technologies; and corporate online training techniques. Learners discuss essential aspects of learning in online training programs and classrooms such as engagement, time management, reflection, and assessment strategies.</td>
</tr>
<tr>
<td>CUR/535</td>
<td>RESEARCH FOR IMPROVED PRACTICE</td>
<td>4</td>
<td>College of Education</td>
<td>Learners examine the process of conducting their own classroom-based or school-based research. The course provides practical experience with action research components in the educational setting for everyday instruction. Learners will use research and data to enhance the instructional environment and to promote lifelong learning.</td>
</tr>
<tr>
<td>CUR/540</td>
<td>METHODS OF COACHING IN THE INSTRUCTIONAL SETTING</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides an examination of how systemic processes, experiential learning, and coaching strategies positively affect teaching and learning outcomes. Learners examine the interchangeable competencies of coaching and mentoring including roles, fostering relationships, ethical guidelines, building learning communities, effective communication, self-reflective problem solving, conflict resolution, facilitating learning, and accountability. Learners will be equipped with content knowledge, real life application opportunities, tools, and specific strategies that can be applied in both instructional leadership and coaching situations.</td>
</tr>
<tr>
<td>CUR/545</td>
<td>USING TECHNOLOGY FOR TEACHING AND LEARNING</td>
<td>3</td>
<td>College of Education</td>
<td>Learners evaluate technology use and technology integration for teaching and learning while considering the value of current technologies and tools as part of an interactive experience in a 21st century classroom. Learners will review the considerations and responsibilities of using and maintaining technology in today’s schools, including safety, ethics, resources, and financial needs. Using the knowledge gained in this course, learners will determine how they will advocate and be change-agents for technology integration within their districts, schools, classrooms, and the community.</td>

<td>SUPERVISION OF CURRICULUM AND INSTRUCTION</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course explores the supervision and evaluation of instructional programs. Topics include effective techniques for managing curriculum, effective evaluation instruments, conferencing, classroom management, and recommendations for improvement. Traditional and alternative methods of evaluating student achievement will be discussed.</td>
</tr>
<tr>
<td>CUR/732</td>
<td>PROGRAM EVALUATION</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>In this course, students explore program evaluation models and methods utilized in learning organizations. Both formative and summative methods are discussed, and their merits and faults are debated. Accreditation issues are among the key topics, and the influence of leadership style on program evaluation methods is examined.</td>
</tr>
<tr>
<td>DAT/565</td>
<td>DATA ANALYSIS AND BUSINESS ANALYTICS</td>
<td>3</td>
<td>School of Business</td>
<td>This course introduces students to a variety of data analytic solutions. Students will learn how to retrieve real business data and create reports, support business decisions with visual representations of data, manage and improve a business process based on quantitative analysis, analyze long-term trends and patterns in the data, and develop actionable results that drive the business decision-making process.</td>
</tr>
<tr>
<td>DBM/280</td>
<td>FUNDAMENTALS OF ACCESS DATABASE</td>
<td>3</td>
<td>College of Information Systems and Technology</td>
<td>This course will cover the use of desktop database software to create small database applications. Emphasis will be placed on creating and managing a database, creating tables, and building forms. Emphasis is placed on hands-on experience in the installation, design, and debugging of desktop database software.</td>

<td>ADMINISTRATION OF COMPLEX HEALTH CARE SYSTEMS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>Students will focus on administration of complex health systems rather than singular organizations. Topics include organizational analysis, strategic planning, multi-organizational management issues, and evolving governance structures. Students are expected to discuss and critically analyze theories and methods in health care administration. This course is intended to serve as an arena for discussion and inquiry regarding both current and historical issues in strategic decision-making at the policy and the organizational level. 3 credits.</td>
</tr>
<tr>
<td>DHA/712</td>
<td>RISK MANAGEMENT IN COMPLEX ORGANIZATIONS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>Managing risk in an organization requires demonstration of an understanding of legal, licensure, certification, and accreditation dynamics, as well as litigation management within the context of corporate compliance. The student will apply concepts from labor law, risk financing, contract law, partnership agreements, and professional credentialing. Discussion will also include human subjects research, data security, and biotechnology. 3 credits.</td>
</tr>
<tr>
<td>DHA/713</td>
<td>MANAGING RESOURCES IN HEALTH ORGANIZATIONS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>Understanding the complexity of managing the vast resources needed to deliver quality health care is essential. Although human resources comprise the majority of needed assets, other resources include facilities and industry suppliers. This course will examine how these resources are interwoven and need to be successfully managed. The course is a combination of theoretical and practical approaches for resource management. 3 credits.</td>

<td>HEALTH CARE MARKETING</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>Survival of health care institutions is primarily dependent on how well marketing succeeds at acquiring market share. This course examines key marketing concepts within the health care industry. Students will examine the financial success of health care institutions from a market share perspective including pricing, promotion, and distribution of services. 3 credits.</td>
</tr>
<tr>
<td>DHA/715</td>
<td>RISK MANAGEMENT IN COMPLEX HEALTH ORGANIZATIONS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>Managing risk in health care organizations involves strategic resource management to reduce loss, maximize financial stability, and protect assets. Practitioners must have an understanding of insurance and finance principles as well as litigation management within the context of corporate compliance. Students will apply concepts from claims administration, human resource management, and information technology to analyze how integrated resource management promotes operational efficiency, ethical leadership, and employee retention.</td>
</tr>
<tr>
<td>DHA/721</td>
<td>HEALTH CARE ECONOMICS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course focuses on the application of economic theory to the amount, organization, and distribution of health care services in the United States. Students will apply principles such as supply and demand, margin analysis, and cost effectiveness analysis. Students will discuss issues and controversies surrounding the government’s role in financing and regulating health services. 3 credits.</td>
</tr>
<tr>
<td>DHA/722</td>
<td>POLICY AND REGULATION IN HEALTH CARE</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>Contemporary administration requires a thorough understanding of governmental policy and regulatory development process. Students analyze the history of health financing legislation and regulatory implications of the Medicare and Medicaid programs. This course examines the impact of emerging social, economic, ethical, legal, and political issues on the future of the health care system. Emphasis is on the creation of innovative models of health care delivery.</td>

<tr>
<td>ECE/205</td>
<td>DEVELOPMENTALLY-EFFECTIVE LEARNING ENVIRONMENTS</td>
<td>3</td>
<td>College of Education</td>
<td>This course examines developmentally-effective strategies used to create a positive and active early childhood learning environment for young children, birth through age 8. Topics include classroom management techniques, motivational strategies for young children, family/school relationships, instructional planning and assessment, and arranging an effective learning space. Participants develop a classroom management plan for an early childhood setting.</td>
</tr>
<tr>
<td>ECE/206</td>
<td>CURRICULUM AND INSTRUCTION IN EARLY CHILDHOOD EDUCATION</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides a foundation of curriculum and instruction in early childhood education, from a historical and theoretical perspective through the application of current developmentally-appropriate best practices. Participants discover lesson plan development and methodologies for instruction. Additionally, strategies for assessment, diversity of populations, and the importance of collaborative partnerships with family and community are also explored.</td>
</tr>
<tr>
<td>ECE/207</td>
<td>ASSESSMENT IN EARLY CHILDHOOD EDUCATION</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides an overview of assessment techniques used in early childhood education, including assessment of children with special needs. Participants focus on structured observations, use of behavioral rating scales, psycho-educational screening tests, and assessment of parent-child interactions. Formal and informal parent contacts, interviewing techniques, the use of technology in the assessment process, and referrals to school and community resources are also explored. Participants examine developmental and differentiated assessment strategies for children, birth through age eight.</td>

<td>EFFECTIVE INSTRUCTION FOR EARLY CHILDHOOD EDUCATION</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on the attributes and pedagogy specific to young children, in addition to theoretical models of curriculum development, instruction, and assessment that optimize teaching and learning in the early childhood setting. Participants examine methods for designing lessons and explore effective teaching strategies to promote learning.</td>
</tr>
<tr>
<td>ECE/506</td>
<td>LANGUAGE AND LITERACY METHODS IN EARLY CHILDHOOD EDUCATION</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on theoretical and developmentally appropriate teaching methods in language and literacy for children from birth to age eight. Theories in language development, including second language acquisition, as well as the needs of English Language Learners are examined. Participants will explore research-based early literacy teaching strategies for engaging children in integrated listening, speaking, reading, and writing experiences. There is an emphasis on incorporating content area standards and developing hands-on learning experiences for young children. Additionally, developmentally effective assessments are discussed as a means of guiding instruction.</td>
</tr>
<tr>
<td>ECE/507</td>
<td>EARLY CHILDHOOD ASSESSMENT</td>
<td>3</td>
<td>College of Education</td>
<td>This course examines the role, purpose, and applications of assessment in early childhood education. Participants explore developmentally appropriate assessment techniques and strategies in early childhood education to meet the needs of diverse learners as well as approaches to effectively select, design, and record assessments. Participants examine how to interpret and evaluate assessment outcomes to evaluate student development and to enhance curriculum planning. Additionally, this course provides an overview of collaborative partnerships such as school districts, parents, and community resources in the assessment process.</td>
</tr>
<tr>
<td>ECE/508</td>
<td>EARLY CHILDHOOD GROWTH AND DEVELOPMENT</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on the research, theories, and concepts related to early childhood growth and development. Participants examine the physical, motor, cognitive, language, literacy, social and emotional development of diverse children from birth through age eight. Family and cultural influences on early childhood growth and development are also explored.</td>

</table>

This course examines tools and models for promoting positive school relations with families, the community, and local media. Candidates will study and practice techniques for involving stakeholders, using conflict resolution and decision making tools, forming business and community partnerships, and using public relations concepts to support school policy. Candidates also will participate in field experiences related to media and community relations.

This course focuses on the role of the school principal as a catalyst for developing and for maintaining collaborations with families, business and community groups, and the media to support a school's vision and programs. Candidates analyze the research on school and community relations and its implications for their particular school. They also examine ways of learning about the nature of community resources, interests, and needs; establishing reciprocal relationships; the use of conflict resolution and decision making tools; and ethical issues when working with families, business, community, and media groups. In addition, candidates plan a social action project that involves school, families, community, and the media.

The practicum experience provides comprehensive field-based training designed to develop competencies needed by school principals. Application of all principles and techniques of planning, managing, leadership, problem-solving, organizing, community relations, program and personnel evaluation, and budgeting will be addressed.

<td>FAMILY ENGAGEMENT AND COMMUNITY INVOLVEMENT</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on family engagement and community involvement in K-12 education. Participants examine strategies for establishing and maintaining collaborative relationships with culturally diverse parents, families, and communities. The emphasis is on building relationships, family outreach, and developing an understanding and appreciation of families from diverse backgrounds. Participants explore methods to improve communication and collaboration to support learning and explore ways to connect students, parents, families, and schools with the community.</td>
</tr>
<tr>
<td>EDD/553</td>
<td>ORGANIZATION AND ADMINISTRATION FOR EDUCATORS</td>
<td>3</td>
<td>College of Education</td>
<td>In this course, students explore the roles and responsibilities of the school administrator and learn how educational leadership emerges. Participants examine leadership as it relates to leadership styles, policy- and decision-making, personnel management, delegation of authority, collaboration, communication, and diversity. Current research in the area of educational leadership and schools as organized systems is also emphasized.</td>
</tr>
<tr>
<td>EDD/554</td>
<td>ASSESSMENT AND EVALUATION FOR EDUCATORS</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to provide P-12 teachers and administrators with a deeper appreciation of the role of assessment in education. Participants develop skills to evaluate the alignment of curriculum, instruction, and assessment for school improvement. Participants will focus on standards-based assessments, data-driven instruction, and accountability to increase achievement.</td>
</tr>
<tr>
<td>EDD/555</td>
<td>COACHING AND MENTORING</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to provide an overview of coaching and mentoring. Participants examine coaching and mentoring theories and models, the roles and responsibilities of the coach and mentor, common elements and issues related to coaching and mentoring strategies, and the development of communicative, nurturing relationships. Feedback, self-evaluation, reflection, and monitoring and evaluating performance are also explored.</td>

<td>3</td>
<td>College of Education</td>
<td>This course examines growing and learning theories from birth through adolescence. The stages of life and the developmental domains including physical, language, cognitive, and emotional, social, and moral are emphasized. In addition, participants explore investigative methods and research processes in human development.</td>
</tr>
<tr>
<td>EDD/559</td>
<td>PROMOTING SAFE SCHOOL ENVIRONMENTS</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides participants with practical skills in fostering school safety, preventing school violence, promoting digital and cyber security, and preparing for and responding to crisis events that may adversely impact the school community. Current research that outlines professional best practices and provides fundamental information to support a safe school environment is explored. In addition, communication, collaboration, and continuous improvement are addressed. Participants prepare a comprehensive safe school plan.</td>
</tr>
<tr>
<td>EDD/560</td>
<td>HUMAN RELATIONS AND MULTICULTURALISM FOR EDUCATORS</td>
<td>3</td>
<td>College of Education</td>
<td>This course emphasizes the practical application of human relations and multiculturalism in the educational setting. The focus is on building an awareness of diversity, relating effectively with all groups in a pluralistic society, and building respect for human dignity and individual rights. Dealing with dehumanizing biases and translating knowledge of human relations into techniques that result in positive experiences for students is also emphasized.</td>
</tr>
<tr>
<td>EDD/561</td>
<td>COMMUNITY COLLEGE OVERVIEW</td>
<td>3</td>
<td>College of Education</td>
<td>This course examines the history, function, governance, and organization of the community college in the United States. Participants examine funding, student services, and faculty roles. Curriculum and instruction, instructional methodologies and delivery modalities, assessment, diversity, and technology are also explored.</td>

<td>OVERVIEW OF ADOLESCENT PSYCHOLOGY</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides an overview of theory and research on adolescent development aligned to the following domains: physical, cognitive, emotional, social, moral, and identity. Participants review how adolescents react to and cope with the influence of sociocultural context in society. In addition, participants analyze adolescent interactions with peers and family, gender and multicultural issues, and school and community settings.</td>
</tr>
<tr>
<td>EDD/566</td>
<td>COMMUNICATION STRATEGIES FOR EDUCATORS AND ADMINISTRATORS</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to help school educators and administrators develop and implement effective strategies for communicating with internal and external stakeholders to create a positive learning community. Participants explore and apply the communication essentials necessary for working with diverse students, staff, and stakeholders, including active listening; information gathering and delivery; negotiation; persuasion; written, verbal, and nonverbal messages; cultural sensitivity; and the use of technology and social media. Critical issues, common barriers, and ethical questions regarding school communication are also examined.</td>
</tr>
<tr>
<td>EDD/567</td>
<td>INTRODUCTION TO ACTION RESEARCH: DATA DRIVEN DECISION MAKING</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on the foundations of action research. The course will explore research as it impacts decision-making and educational practices. Students will be introduced to the various elements of an action research project, including problem statement and purpose, research design and writing skills, literature review, and action research requirements. Inferential and descriptive measures are examined, and methods for collecting, evaluating and analyzing data are discussed. Students will identify ethical issues related to research, including basic theory and practice, professional code of ethics, confidentiality, and research using human subjects.</td>
</tr>
<tr>
<td>EDD/568</td>
<td>ACTION RESEARCH</td>
<td>3</td>
<td>College of Education</td>
<td>In this course, students learn the basic steps required to write an action research project proposal. Students complete a basic sentence outline and Chapters I through IV of an action research project proposal. The proposal includes an introduction, documentation of the problem, a review of the literature, a recommended solution strategy, and methods for analyzing results. Students will learn about the components of Chapter V of an action research project.</td>

<td>INTRODUCTION TO EDUCATIONAL RESEARCH</td>
<td>2</td>
<td>College of Education</td>
<td>This course focuses on the foundations of educational research. The purpose of research, as it impacts decision-making and educational practices, will be explored. Students will be introduced to the various elements of an action research project, including problem and purpose statements, writing style, literature review, research design, data collection and data analyses. The steps involved in the process of conducting research will be discussed.</td>
</tr>
<tr>
<td>EDD/574</td>
<td>ACTION RESEARCH OUTLINE</td>
<td>1</td>
<td>College of Education</td>
<td>Students may begin work on the outline component of the action research project upon successful completion of EDD 570 and the approval of their problem statements and matrices by their faculty member. Students complete a sentence outline of Chapters 1-4 for the action research proposal, including an introduction, documentation of the problem, a review of the literature, a recommended solution strategy, and possible methods for analyzing “anticipated” results. The outline is used as a basis for writing the formal proposal.</td>
</tr>
<tr>
<td>EDD/575</td>
<td>ACTION RESEARCH PROPOSAL</td>
<td>1</td>
<td>College of Education</td>
<td>Using the outline as a framework, students create an implementation proposal for their research project. The proposal contains the same sections as the outline, but is re-written in formal text. A timeline of specific actions is included. Students must obtain faculty approval of their proposal in order to move on to the implementation phase.</td>
</tr>
<tr>
<td>EDD/576</td>
<td>ACTION RESEARCH PRESENTATION</td>
<td>1</td>
<td>College of Education</td>
<td>The final phase of the research project is the formal report using data you created and proof of outside presentation. Students will analyze their “anticipated” results and rewrite the proposals into report form, including Chapter 5. The final chapter for the action research report includes an analysis of findings and recommendations for change.</td>
</tr>
</tbody>
</table>
This course examines action research and its role in decision-making and in educational practices. Students are introduced to various types of action research and to the elements of the action research process, including identifying a problem, determining a problem statement and a purpose, conducting a literature review, planning for the collection and the analysis of data, and creating a plan of action. Methods for collecting, evaluating, and analyzing data are discussed. Students identify ethical issues related to research as well, including a research using human subjects. In addition, they synthesize and apply the content of the course by writing a proposal for an action research study.

This course introduces participants to the elements of online teaching at the K-12 level. Participants examine a variety of online instructional skills and strategies related to teaching and delivering curriculum in the online environment. Participants collaborate with others and authentically integrate technology tools, as well as mobile learning technologies. Classroom management, engagement, time management, and assessment strategies are also discussed. Additionally, participants explore the International Association for K-12 Online Learning (iNACOL) standards, as well as copyright, FERPA, and other issues related to academic integrity in the online classroom. Each participant must have computer and Internet access for this course.

This course introduces and examines the major functions traditionally housed in the academic wing of a given institution. Specifically, the following faculty roles and responsibilities will be addressed: those in institutional governance, those in curriculum development and design, those in curriculum delivery, those in student recruitment and retention, and those in institutional advancement. Delivery methods; relationship between curriculum and finances (subsiding); selection, development, termination of programs; responsiveness to the marketplace; using data to make curricular decisions; Student learning outcomes (balancing with budgetary constraints); politics and curriculum.

An in-depth analysis of the development of education in Canada, Central America, South American nations, and the United States will form the basis of this course. Topics will include indigenous educational perspectives, the development of education (K-post-secondary), major forces affecting educational development at all levels, and the political, social, economic, and cultural contexts of educational development. Public and private endeavors in education through the 20th century will be presented.

This course will explore the history, philosophy, and purposes of student affairs administration, examining both its theoretical and practical foundations. Students will investigate issues and problems currently facing student affairs administration in the ever-changing educational climate and focus on the future of the profession.

<td>College of Education</td>
<td>This course focuses on methodology and assessment strategies that enhance learning in mathematics. Integration of content, and instructional strategies, as well as curriculum and assessment issues are emphasized. Multiple perspectives of students as learners of mathematics, along with current research on mathematics pedagogy, are explored. Students evaluate and use instructional methods, curricular materials and resources, and appropriate assessment strategies. Special attention is given to the use of manipulatives in math instruction and to developing students' problem-solving skills.</td>

<td>PROJECT PLANNING AND IMPLEMENTATION IN HEALTH CARE</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course provides the foundation for understanding the broad concepts of successful planning, organization, and implementation within the realm of health care information technology. This course uses real-world examples to support and expand a student's skills in project management. Topics covered include project scoping, estimating, budgeting, scheduling, tracking and controlling.</td>
</tr>
<tr>
<td>HCIS/420</td>
<td>INFORMATION SYSTEMS RISK MANAGEMENT IN HEALTH CARE</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course identifies and defines the types of risks that information systems professionals need to consider during the development and implementation of health care information systems. This course will survey remedies and prevention techniques available to address risk and security management. Health care organizational policies and current regulatory considerations will also be examined relative to development, implementation and use of computer based information systems.</td>
</tr>
<tr>
<td>HCP/210</td>
<td>INTRO TO PHARMACY PRACTICE: THE ALCHEMY OF HEALTH CARE</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course provides students the opportunity to explore fundamental career skills and knowledge associated with pharmacy procedures. Courses include pharmacy ethics, terminology, route and dosage formulations, and operations in community and institutional settings. A review of the 200 most commonly distributed medications includes origins, therapeutic usage, generic names, and naming systems. Students examine basic procedures and equipment requirements for compounding and sterile preparation.</td>
</tr>
<tr>
<td>HCP/220</td>
<td>PHARMACY CALCULATIONS: JUST FOR GOOD MEASURE</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>Fundamental math skills required in pharmaceutical calculations are covered in this course. Topics review basic math skills-number systems, fractions, decimals, ratios, proportion, and percents- and conversion of measurement systems-metric, apothecary, avoirdupois and household. Students interpret prescriptions, analyze drug labeling, calculate drug dosages, and distinguish procedures and equipment for oral, injectable, and intravenous medications.</td>

<td>HEALTH CARE INFORMATICS</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course is designed to examine computer and electronic modalities that assist patient and client management. The automation of data management through information systems, expert systems, and telecommunications will be examined in the context of health care informatics. The use of technology to help make decisions and to improve the health status of the individual, family, and community will be emphasized.</td>
</tr>
<tr>
<td>HCS/483</td>
<td>HEALTH CARE INFORMATION SYSTEMS</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>The course provides an overview of the integration of technology in the health care setting. Students will examine the processes used in the selection, application and evaluation of computer software and hardware. Methods and processes to make informed business decisions related to the application and use of technology in health care will be discussed.</td>
</tr>
<tr>
<td>HCS/490</td>
<td>HEALTH CARE CONSUMER - TRENDS AND MARKETING</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>In this course students will have the opportunity to examine the traits, trends and needs of today's health care consumer. Students will examine current consumer information for readability, implications for the selection of products and services and differentiation of health care web sources.</td>
</tr>
<tr>
<td>HCS/499</td>
<td>HEALTH CARE STRATEGY CAPSTONE</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This capstone course examines the techniques and perspectives of strategic planning in the health care industry. Students will be required to demonstrate mastery of program Student Learning Outcomes through the strategic planning process by formulating strategies to manage various challenges encountered in the dynamic health care environment.</td>
</tr>

<td>INTRODUCTION TO GRADUATE STUDY IN HEALTH SCIENCES/NURSING</td>
<td>1</td>
<td>College of Health Sciences and Nursing</td>
<td>This course provides new graduate students in the college with an introduction to strategies for success within the University's adult learning model. Topics include program standards and objectives, graduate-level oral and written communication, locating, evaluating, and citing scholarly resources, and purposes and use of portfolios.</td>
</tr>
<tr>
<td>HCS/507</td>
<td>ADVANCED PHARMACOTHERAPEUTICS</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course is designed to provide the nurse practitioner student with the information and skills to initiate and monitor drug therapy. This course will integrate advanced knowledge regarding the clinical application of pharmacology and pharmacokinetics, techniques and methods of drug prescribing, approaches to data collection, and problem solving with discussions about drug therapy for common acute and chronic diseases. Emphasis will be on the practical application of important concepts used in clinical practice for clients across the life span.</td>
</tr>
<tr>
<td>HCS/510</td>
<td>ADVANCED PATHOPHYSIOLOGY</td>
<td>4</td>
<td>College of Health Sciences and Nursing</td>
<td>This course provides students with advanced anatomy, physiology, and pathophysiology of systems in relation to an individual's health across the lifespan. Focus is given to the physiological and biological manifestations and adaptive and maladaptive changes that occur. The knowledge gained in this course lays a foundation for the management of primary care issues of the family and its members.</td>
</tr>
<tr>
<td>HCS/514</td>
<td>MANAGING IN TODAY’S HEALTH CARE ORGANIZATIONS</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course focuses on the adaptation of organizational management to evolving health systems. Students will examine organizational theory, organizational performance, structure, change management and human resource management. Students apply various organizational theories to contemporary issues.</td>

<td>LEADERSHIP</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course examines organizational leadership in the context of the health care organization. Principles, theories and models of leadership are explored. Collaborative relationships, concepts of power and professional culture are explored. Students will articulate a personal vision of leadership and ways of providing direction within today's complex health care system.</td>
</tr>
<tr>
<td>HCS/529</td>
<td>CONTEMPORARY HEALTH CARE FACILITY DESIGN</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course will provide students the opportunity to analyze and create plausible designs for a health care organization. Students will discuss current and future health care consumer utilization trends and environmental impacts, as well as examine the regulatory compliance requirements. Practical application of design and planning for a health care facility will be demonstrated.</td>
</tr>
<tr>
<td>HCS/531</td>
<td>HEALTH CARE ORGANIZATIONS AND DELIVERY SYSTEMS</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course is a comprehensive approach to health care delivery systems that provides the student with an in-depth understanding of health systems and organizations. Students will examine historical evolutions of the health care industry and recent impacts that influence the delivery of health care.</td>
</tr>
<tr>
<td>HCS/533</td>
<td>HEALTH INFORMATION SYSTEMS</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course provides administrators and managers an overview of the information systems used in the health care industry. The effective use of data requires an understanding of how the data is captured as well as the HIPAA and security issues related to this confidential material. The course provides students with a general background to communicate more effectively with technical personnel and provide general management oversight of information systems within health care organizations.</td>

<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course addresses the epidemiological and sociological perspectives and techniques for analyzing the health status of populations. Topics focus on disease trends, distribution and detriments of health and disease, models and concepts of health and wellness, and the development of a proactive response to community health issues.</td>
</tr>
<tr>
<td>HCS/539</td>
<td>MARKETING FOR HEALTH CARE</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course examines marketing principles as they are applied within various health delivery systems. Special attention is focused on consumer behavior, market segmentation, environmental scanning, and identification of new market opportunities. The role of social marketing, data base research, and evaluation design and interpretation are addressed.</td>
</tr>
<tr>
<td>HCS/542</td>
<td>HEALTH CARE RESEARCH</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course focuses on the application of health care research methods. Emphasis will be placed on using evidenced based concepts to analyze current health care workplace issues, including the development of an effective research question, literature reviews, and concepts related to data design and collection.</td>
</tr>
<tr>
<td>HCS/545</td>
<td>HEALTH LAW AND ETHICS</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>Students analyze current ethical and bioethical issues in healthcare and the legal foundations of the health industry. Students will explore topics that include legal aspects of legislation, regulation, and ethics and their impact on stakeholders.</td>

<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course introduces students to the field of gerontology and focuses on the aspect of aging. Emphasis will be placed on the basic conceptual and theoretical perspectives on aging using a multidisciplinary framework. Students will uncover the myths and stereotypes of aging, demographic changes occurring in the U.S., available programs and services, and current issues affecting older adults.</td>
</tr>
<tr>
<td>HCS/549</td>
<td>EVALUATION METHODOLOGY</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course provides the student with the research methodology for health services research. Models of evaluation are examined and components such as stakeholder analysis, cost benefit effectiveness, decision-modeling, and statistical techniques are applied to decision making in health care organizations.</td>
</tr>
<tr>
<td>HCS/550</td>
<td>HEALTH CARE POLICY</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course will provide students with an understanding of how health care policy influences systems and the delivery of care. Policymakers who influence the health status of a society will be identified as well as the role of economic health, interest groups, and the various levels of government involved in policymaking will be examined. Challenges, stakeholder impact, and organizational behavior, all caused by policy requirements, will be identified.</td>
</tr>
<tr>
<td>HCS/551</td>
<td>BIOLOGICAL AND PSYCHOLOGICAL ASPECTS OF AGING</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course examines the physical process of aging and the effects on physical and mental health. These topics are applied to disease prevention, health maintenance, and selected disorders that effect health and independent living. Public policy and program development issues will also be addressed to promote the health of the aging population.</td>

<td>HEALTH CARE ECONOMICS</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course focuses on the application of macro and micro economic tools to the health care industry. Content includes demand management; concepts of efficiency, production and distribution of health care services; impact of regulation and reimbursement; and economic incentives in health care. Students apply principles to a variety of business models.</td>
</tr>
<tr>
<td>HCS/557</td>
<td>SOCIAL AND CULTURAL ASPECTS OF AGING</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course examines the social and cultural perspectives on aging. Public and personal aspects of aging will be addressed through historical, theoretical, cultural, and social venues. Topics will include work and retirement, social policy, older people as social and political forces, care needs, diversity, economics, social support, and disability.</td>
</tr>
<tr>
<td>HCS/565</td>
<td>ORGANIZATION AND MANAGEMENT OF AGING SERVICES</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course examines a variety of services currently available for aging adults and their families. Students will learn the basic principles for planning, organizing, implementing, and coordinating programs and services intended for maturing adults. Topics include community programs, policy, institutional services, religious-based and other nonprofit resources, contracted service providers, and residential facilities.</td>
</tr>
<tr>
<td>HCS/567</td>
<td>ENTREPRENEURSHIP IN HEALTH CARE</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course will set up the context of entrepreneurship and new business development; examine the characteristics of entrepreneurs, identifying and quantifying market opportunities in the health care market, as well conceptualizing the resources and capabilities needed. Topics include opportunity assessment, regulated industry implications and requirements, as well as the challenges of expansion within an existing enterprise.</td>

<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>Processes of budget preparation, analysis, and monitoring are essential for analyzing the financial performance of an organization, service, or system. Concepts of financial accounting and reporting, as well as basic economic principles, are applied. Students use budgetary and economic concepts and principles for financial decision-making for a health care service or unit.</td>
</tr>
<tr>
<td>HCS/577</td>
<td>FINANCIAL MANAGEMENT IN HEALTH CARE</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course presents the concepts of financial accounting important to the understanding of the financial environment of the health care industry. Students interpret financial statements, prepare analyses of financial data necessary to make decisions, describe the different third party payment methods, experiment with cost finding and price setting, and conduct break-even analyses. The course provides students with experience in capital and operating budgets, and financial forecasts.</td>
</tr>
<tr>
<td>HCS/578</td>
<td>ETHICAL, LEGAL, AND REGULATORY ISSUES IN HEALTH CARE</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>Ethical principles and decision-making models are used to address and understand complex health care issues. Legal concepts and regulatory agency and other public policies influence the direction and financing of health care.</td>
</tr>
<tr>
<td>HCS/586</td>
<td>HEALTH CARE STRATEGIC MANAGEMENT</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This is the capstone course for the graduate health care programs. The development and presentation of health care organization’s strategic plan will demonstrate mastery of the critical content as the principles relate to the health care industry. Special emphasis is placed upon consumer demand, market volatility, regulatory and fiscal constraints from the perspective of strategic management. The learner will demonstrate understanding of the critical importance of strategic management and planning within the dynamic, complex, and evolving nature of the health care industry.</td>

<td>HIS/301</td>
<td>UNITED STATES CONSTITUTION</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course is a five-week introduction to the historical, political, philosophical, and economic roots of the U.S. Constitution. It first reviews the philosophical arguments of the Federalists and the Anti-Federalists, those that supported and opposed ratification of the Constitution. The course then examines milestone Supreme Court decisions and their evolving interpretations of the Constitution. This course focuses on the first ten amendments of the Constitution known as the Bill of Rights as well as later amendments and the issues of slavery and civil rights as seen through major court decisions.</td>
</tr>
<tr>
<td>HIS/305</td>
<td>CALIFORNIA STATE HISTORY</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course provides students with the political, economic, and social history of California. Topics include Pre-Columbian California; the early exploration and founding of California; the Gold Rush, the Railroad Era, and current challenges faced by the state.</td>
</tr>
<tr>
<td>HIS/310</td>
<td>COLONIAL AND REVOLUTIONARY HISTORY</td>

<td>IST/710</td>
<td>FOUNDATIONS OF INFORMATION SYSTEMS MANAGEMENT</td>
<td>3</td>
<td>Advanced Studies</td>
<td>This course surveys the major content areas of information systems management that will be examined at various organizational levels of the Information Systems and Technology Specialization of the Doctor of Management program. The major content areas (IT domains) to be surveyed include information technology management, networking, Web, database, programming, and systems development. Upon completion of this course, the learners will be prepared to analyze, define, and research the unique management considerations of each domain within various organization levels.</td>
</tr>
<tr>
<td>IST/721</td>
<td>KNOWLEDGE WORKER INFORMATION SYSTEMS</td>
<td>3</td>
<td>Advanced Studies</td>
<td>In this course, the learner will research and evaluate the information systems and technology tools necessary to support the individual knowledge worker in today’s environment. This analysis of the systems and tools will be conducted from the viewpoint of the program domains and how the individual worker must be supported to create a productive and efficient environment. The scope of this course will include hardware and software product considerations for management.</td>
</tr>
<tr>
<td>IST/722</td>
<td>INFORMATION TECHNOLOGY FOR TEAMS</td>
<td>3</td>
<td>Advanced Studies</td>
<td>Learners in this course will further evaluate the application of the domains studied in IST/721 and how those domains are applied in a team setting. The application of the program domains will be examined in the context of support necessary to implement various organizational team models, ranging from co-located teams to geographically distributed virtual teams. Upon completion of this course, the learner will be prepared to define and analyze issues related to the management and support of information technology necessary for organizational teams’ operations.</td>

<td>DEPARTMENTAL INFORMATION SYSTEMS</td>
<td>School</td>
<td>This course will continue the analysis of the application of the domains used by individuals and teams studied in previous content courses. The student will evaluate the application of the program domains to departmental operations and strategy. The student will research and evaluate information systems support techniques, both internal and external to the departmental interfaces.</td>
<td></td>
</tr>
<tr>
<td>IST/724</td>
<td>ORGANIZATIONAL INFORMATION SYSTEMS MANAGEMENT</td>
<td>School</td>
<td>This course will build upon the considerations examined in the prior IST courses. Upon completion of this course, the learner will be prepared to evaluate and develop integrated strategies for the implementation of the IT domains within an organization.</td>
<td></td>
</tr>
<tr>
<td>IST/731</td>
<td>PARTNERSHIP AND INDUSTRY INFORMATION SYSTEMS</td>
<td>School</td>
<td>This course extends the learning from previous intra-company relationships to external IS organizational relationships. Upon completion of this course, the learner will be prepared to define, evaluate, and plan the application of IT domains that must be considered when developing partnerships and common industry relationships.</td>
<td></td>
</tr>
<tr>
<td>IST/732</td>
<td>GLOBAL INFORMATION SYSTEMS MANAGEMENT</td>
<td>School</td>
<td>This course extends the examination of the IT domains studied throughout the program to the global level. The learner will examine the application of the IT domains in the setting of a global economy and international business environment. The learners will be prepared to define the common IS management approaches for the development of business systems that can support global information systems requirements.</td>

<td>DIGITAL SKILLS FOR THE 21ST CENTURY</td>
<td>3</td>
<td>College of Information Systems and Technology</td>
<td>Digital Skills for the 21st Century is a course focus on the impact of digital technology on today’s businesses, the economy, and society. Rapid advances in technologies are creating benefits and efficiencies for those businesses that recognize their advantages and pitfalls, and harness them to its advantages; those who can’t are left behind with competitive disadvantages. Today’s workforce need to understand these trends, recognize key differences among features and approaches of these technologies, and apply them effectively. Specific topics in this course includes cloud computing, unified communication platforms, cyber security, social media and mobile computing.</td>
</tr>
<tr>
<td>IT/205</td>
<td>MANAGEMENT OF INFORMATION SYSTEMS</td>
<td>3</td>
<td>College of Information Systems and Technology</td>
<td>This course introduces students to the world of information technology. Students will examine the technology concepts included in business systems, networking, and project management and explore the systems development life cycle. Specific topics for the course include: hardware components, software applications, operating systems, databases, programming, as well as the security, privacy, and safety issues associated with information technology.</td>
</tr>
<tr>
<td>IT/206</td>
<td>PC APPLICATIONS SUPPORT</td>
<td>3</td>
<td>College of Information Systems and Technology</td>
<td>This course will prepare students to support Microsoft Office applications. The student will learn the product features of Word, Excel, PowerPoint, Outlook and Access. This course is based on the requirements of the Microsoft Office Specialist certification.</td>

<td>RESEARCH FOR JOURNALISM</td>
<td>College of Humanities and Sciences</td>
<td>This course focuses on the research methods employed in journalistic writing and reporting. The goal of this course is to enhance the understanding of the characteristics of credible sources and accurate information. Information will be assembled and evaluated to support journalistic goals by interpreting information needs, choosing accurate and unbiased sources, and selecting relevant and reliable information. The importance of employing ethical practices to research techniques is emphasized throughout the course.</td>
<td></td>
</tr>
<tr>
<td>JRN/330</td>
<td>JOURNALISTIC WRITING I</td>
<td>College of Humanities and Sciences</td>
<td>This course focuses on understanding journalistic writing styles. The course begins by categorizing historical media and associating past writing styles with current 21st century styles. Differences will be identified in writing for various audiences and for print, digital, and broadcast media. The rationale for using certain writing styles will be illustrated and expressed. Throughout the course, the roles of research, editing, and ethics in journalistic writing will be emphasized.</td>
<td></td>
</tr>
<tr>
<td>JRN/340</td>
<td>JOURNALISTIC WRITING II</td>
<td>College of Humanities and Sciences</td>
<td>This course focuses on the application of the diverse journalistic writing techniques used by today’s changing media landscape. The goal is to enhance storytelling skills by informing and engaging audiences using various delivery methods. Written media messages will be designed and assessed by determining which writing styles should be utilized given the target audience. Within the new convergent media landscape, credible resources will be identified, materials evaluated, and details of written work summarized. The association between research and responsible writing will be explored, as writing strategies to craft effective messages are developed. The role of ethics in journalism is emphasized throughout the course.</td>
<td></td>
</tr>
<tr>
<td>JRN/350</td>
<td>CONTROVERSIAL ISSUES IN</td>
<td>College of Humanities and Sciences</td>
<td>This course examines the rise of social media and the immediacy in which controversial issues are communicated in journalism. This course focuses on developing the writer/reporter’s ability to critically examine and react to specific media elements, including public opinion, trends, celebrity commentary, and the public’s need to know. Emphasis is placed on understanding the nature and characteristics of thought-provoking mass media occurrences. Concepts of idea generation and storytelling in an ethical and personally responsible manner are highlighted.</td>

<td>ADOLESCENT PSYCHOLOGY</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides an overview of adolescent development, including the biological, cognitive, and social changes during the period between childhood and adulthood. The psychosocial developmental period is explored, and current trends and methods of teaching and learning in a middle school are examined and practiced.</td>
</tr>
<tr>
<td>MAT/538</td>
<td>MIDDLE SCHOOL FOUNDATIONS AND PHILOSOPHY</td>
<td>3</td>
<td>College of Education</td>
<td>This course examines middle level education. It evaluates the structure of middle schools and their characteristics, including curriculum, instruction, and learning in middle level education. It also addresses issues such as managing the middle level environment. Students in this course will demonstrate knowledge through application, analysis, and observation of middle level environments.</td>
</tr>
<tr>
<td>MATH/500</td>
<td>MATHEMATICS: CURRICULUM AND ASSESSMENT</td>
<td>3</td>
<td>College of Education</td>
<td>This course explores curriculum, instructional techniques, and assessment strategies related to mathematics instruction. Participants identify the educational needs of students by investigating current instructional theory, National Council of Teachers of Mathematics Standards, and social issues that impact the mathematics classroom. Participants also develop skills in selecting and adapting instruction for diverse student populations with emphasis on classroom management skills as they relate to mathematics instruction.</td>
</tr>
<tr>
<td>MATH/501</td>
<td>MATHEMATICS: LINEAR ALGEBRA</td>
<td>3</td>
<td>College of Education</td>
<td>The purpose of this course is to provide an introduction to linear algebra, a branch of mathematics dealing with matrices and vector spaces. This course describes the use of linear algebra as a compilation of diverse, but interrelated ideas that provide a way of analyzing and solving problems in many applied fields. Linear algebra has three sides: computational techniques, concepts, and applications. One of the goals of this course is to help you master all facets of the subject and see the interplay among them. The material presented in this course involves theorems, proofs, formulas, and computations of various kinds.</td>

<td>MFCC/556</td>
<td>FAMILY SYSTEMS THEORY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course provides an overview of the development of family systems theory as a discipline and the therapeutic approaches that have emerged. Fundamental assumptions and concepts of general systems theory are introduced and contrasted with individual theories of psychology. The historic development of family systems thinking is explored. Evolving therapeutic models are introduced and contrasted with family systems concepts. In this course, students will explore the major systems theories' approaches to diagnosis, treatment, and change and explore ethnic differences in family patterns and attitudes toward therapy. Critiques of systems theory and research issues are discussed.</td>
</tr>
<tr>
<td>MFCC/561</td>
<td>FAMILY INTERVENTIONS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course introduces fundamental concepts and practices that underlie couples and family therapy in human systems. It teaches an integrative approach to the treatment of the broad range of presenting problems that arise within marriage and family relationships. The course will introduce culture-specific interventions used for the treatment of culturally different families.</td>
</tr>
<tr>
<td>MFCC/562</td>
<td>COUPLES COUNSELING</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course provides students with intensive skill building in working with couples using current developmental and systemic modes. The relationship between theory, interventions, and treatment goals are addressed including communication strategies, managing stress and conflict, and effectively promoting decision-making and problem-solving strategies. Students have opportunities to practice and demonstrate these skills using culturally-diverse case studies.</td>
</tr>
<tr>
<td>MFCC/566</td>
<td>ADVANCED MARRIAGE AND FAMILY THERAPY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course requires students to apply marriage and family theory and skills acquired throughout the program and allows them to gain a deeper understanding of working with diverse families. Students will go through the process, from intake to termination, of working with a family in a role-play setting incorporating practical applications of assessment, treatment planning, therapeutic interventions, progress notes, and termination summaries. Family interventions will be emphasized, including interventions for families in acute and chronic crisis, and for various ethnic family systems.</td>

<tr>
<td>MLFC/560</td>
<td>HISTORICAL AND CULTURAL PERSPECTIVES OF THE MILITARY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course focuses on understanding the historical and cultural perspectives of the military. The unique characteristics of military life, the effect on individuals in military families, and the differences between required service during the draft and voluntary service since the early 1970s are presented. Issues such as military jargon, differences between the services, rank and pay-grade categories, and culture are covered. In addition, the course provides an overview of the need for additional mental health services and trained mental health professionals who can work with military families. Ethical and legal issues involved in counseling military families are also introduced.</td>
</tr>
<tr>
<td>MLFC/561</td>
<td>DEPENDENCY AND ADDICTIONS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course addresses addiction concepts and counseling practices. Topics include an overview of dependency theories, major substances of abuse, assessment, diagnosis, treatment modalities, special topics, and working with diverse populations.</td>
</tr>
<tr>
<td>MLFC/565</td>
<td>FAMILY, COUPLE AND CHILD COUNSELING</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course is an overview of models in the intervention and treatment of children, adolescents, and families. Students address integrative approaches to assessment and diagnosis in family therapy and explore systemic approaches to treatment of issues common to families and children in clinical settings. Additionally, students contrast fundamental assumptions of systems theory with intrapsychic theories.</td>

<td>GRIEF/LOSS AND TRANSITION ISSUES FOR MILITARY FAMILIES</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course focuses on the transitions that military family members face regularly and discusses the experiences of bereavement and grief usually associated with these transitions. Frequent family disruptions, such as the deployment cycle and its effect on the family, are reviewed. A foundational model is presented where all transitions are understood by clinicians and by the families with which they are working. Coping and counseling strategies are presented to assist families through the cycles and transitions. Trauma and posttraumatic stress issues are also presented.</td>
</tr>
<tr>
<td>MLFC/567</td>
<td>COUNSELING MILITARY FAMILIES</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course focuses on the strengths, vulnerabilities, and capabilities of a military family, including the unique aspects of guard and reserve families. The family systems model is used to address issues that different family members face, including spouses, children, and families of unmarried service members. Parenting issues relevant to military families are also addressed. During the course, local resources are explored to assist families throughout their military service.</td>
</tr>
<tr>
<td>MLFC/568</td>
<td>ASSESSMENT AND INTERVENTION STRATEGIES FOR MILITARY FAMILIES</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>The focus of this course is on the assessments and interventions used to work with military families. When providing assessments and interventions, it is crucial to understand that the military has a distinct culture. This course explores how professionals can address the stigma associated with service members seeking mental health care, which may deter them from receiving therapy. Ethically and culturally appropriate, theory-based assessment and interventions strategies are explored. In addition, current research on best practices is considered, and case conceptualizations are required.</td>
</tr>

This course examines second language acquisition theories, strategies, and the nature of cognitive and affective language development to assist the secondary teacher of the English Language Learner student. The course focuses on language acquisition development within alternative language service programs, and it provides the basis for effective instructional strategies including methods, techniques, and materials to be used with linguistically diverse secondary students. It examines the critical elements of learning issues associated with linguistically diverse students, including the learning styles and interconnected variables that interact in second language learning, thought processes, and the relationship to content mastery. The course also focuses on the structure and use of the English language to ensure oral and written accuracy and correct punctuation and intonation for those working with linguistically diverse secondary populations.

This course explores the application of basic instructional met content areas and strategies of teaching the visual and performing arts in middle school and high school. Participants identify the educational needs of secondary students by exploring current instructional theory, National and state standards, assessment practices, and social issues that impact the arts in the classroom. The course also helps prospective educators develop skills in adapting delivery methods and behavior management plans for individual students and diverse populations. The course will also emphasize classroom management skills as they relate to visual and performing arts instruction.

This course explores the secondary mathematics classroom, curriculum, and teaching and assessment strategies. Participants identify the educational needs of secondary students by exploring current instructional theory, National Council of Teachers of Mathematics Standards, state standards, and social issues that impact the mathematics classroom. The course also helps prospective educators develop skills in selecting and adapting instruction for diverse student populations. The course will also emphasize classroom management skills as they relate to mathematics instruction.

<td>NSG/425</td>
<td>NURSING ETHICS AND PROFESSIONALISM</td>
<td>4</td>
<td>College of Health Sciences and Nursing</td>
<td>This course addresses ethical aspects of the professional nurse's role in health care delivery and management. Topics include interprofessional collaboration and communication, ethical and professional responsibilities, state Nurse Practice Acts, and decision-making models. Students are required to successfully complete 45 clinical hours.</td>
</tr>
<tr>
<td>NSG/430</td>
<td>EVIDENCE-BASED PRACTICE &amp; INFORMATION TECH IN HEALTH CARE</td>
<td>4</td>
<td>College of Health Sciences and Nursing</td>
<td>Students will compare and contrast nursing research and evidence-based practice. The focus of the course examines nursing practices related to patient safety and quality of patient care. The effect of technology in health care delivery will be explored in relation to patient safety. Students are required to successfully complete 15 clinical hours to pass the course.</td>
</tr>
<tr>
<td>NSG/435</td>
<td>MATERNAL - CHILD NURSING</td>
<td>4</td>
<td>College of Health Sciences and Nursing</td>
<td>This course focuses on the use of Watson's Theory of Human Caring in the care of the material-child dyad and family. Students are required to successfully complete 60 clinical hours to pass the course to include immersive simulation learning.</td>
</tr>
<tr>
<td>NSG/440</td>
<td>PEDIATRIC NURSING</td>
<td>4</td>
<td>College of Health Sciences and Nursing</td>
<td>This course focuses on the utilization of Watson's Theory of Human Caring with patients from birth to 18 years. Students will examine the management of acute and chronic illness in the pediatric patient in a variety of settings. The understanding of human growth and development is the foundational framework for the course. Students are required to successfully complete 60 clinical hours to pass the course that includes immersive simulation learning.</td>

<td>EPIDEMIOLOGY AND GLOBAL HEALTH</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>Epidemiology provides the basis for significant public and global health decisions. Through the use of global statistics and the exploration of epidemiology, students will track the natural history of a disease and identify its frequency, distribution, and cause for the purpose of understanding issues related to global and public health. Students are required to successfully complete 45 clinical hours to pass the course that includes immersive simulation learning.</td>
</tr>
<tr>
<td>NSG/455</td>
<td>EVIDENCE-BASED PRACTICE AND STATISTICS</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course emphasizes the role of evidence-based practice in the nursing profession. Topics include formulating research questions; collecting, summarizing, and interpreting data; and understanding the elements of research designs. The key concept is the role of the nurse as researcher.</td>
</tr>
<tr>
<td>NSG/467</td>
<td>INFLUENCING QUALITY IMPROVEMENT</td>
<td>4</td>
<td>College of Health Sciences and Nursing</td>
<td>This course examines quality management processes, functions, and tools that improve health systems and outcomes. Topics include nursing-sensitive indicators, core measures, Quality &amp; Safety Education for Nurses (QSEN) competencies, and legislative mandates. Key concepts are patient safety, quality improvement, and accountability. Students are required to successfully complete 45 clinical hours.</td>
</tr>
<tr>
<td>NSG/470</td>
<td>NURSING LEADERSHIP AND MANAGEMENT</td>
<td>4</td>
<td>College of Health Sciences and Nursing</td>
<td>This course emphasizes leadership and management theory including systems theory, leadership styles, and organizational change in a variety of health care settings. The course provides students with tools to assume various responsibilities in delegation, managing change, and patient advocacy. Students are required to successfully complete 60 clinical hours to pass the course that includes immersive simulation learning.</td>

<td>PROMOTING HEALTHY COMMUNITIES</td>
<td>4</td>
<td>College of Health Sciences and Nursing</td>
<td>This course addresses the role of nursing in community and public health. Topics include theories and models of community and public health nursing, diversity, advocacy, family and community assessment, and health education. A key focus is health promotion and preventive care of individuals, families, and communities. Students are required to successfully complete 45 clinical hours.</td>
</tr>
<tr>
<td>NSG/480</td>
<td>NURSING SYNTHESIS</td>
<td>4</td>
<td>College of Health Sciences and Nursing</td>
<td>This capstone course provides opportunities for students in their final course of study to analyze and synthesize content and experience from all nursing courses. This course requires the student to prepare, practice, and test for the national examination for registered nurses. This course prepares the student for the application process for RN licensure.</td>
</tr>
<tr>
<td>NSG/485</td>
<td>PUBLIC HEALTH: HEALTH PROMOTION AND DISEASE PREVENTION</td>
<td>4</td>
<td>College of Health Sciences and Nursing</td>
<td>This course explores public and global health issues relevant to professional nursing practice. Topics include social responsibility and determinants of health; epidemiology, disease prevention, and health promotion for populations at risk; and national and global health organizations. A key focus is the application of public health principles. Students are required to successfully complete 45 clinical hours.</td>
</tr>
<tr>
<td>NSG/495</td>
<td>SENIOR LEADERSHIP PROJECT</td>
<td>4</td>
<td>College of Health Sciences and Nursing</td>
<td>In this capstone course, students integrate and synthesize the content and experiences from all nursing courses into a final leadership project. Students are required to successfully complete 45 clinical hours.</td>

<td>AN INTEGRATED APPROACH TO PATHOPHYSIOLOGY AND PHARMACOLOGY</td>
<td>4</td>
<td>College of Health Sciences and Nursing</td>
<td>This course presents an integrated approach to pathophysiology, pharmacokinetics, and pharmacodynamics of medications throughout the life span. A key focus is developing clinical decision-making skills essential to safe and effective pharmacological intervention based on pathophysiology. Topics include a holistic approach to changes associated with disease states, improving physiological status through nursing interventions, and the nurse’s role in health promotion and disease management.</td>
</tr>
<tr>
<td>NSG/505</td>
<td>COMPREHENSIVE HEALTH ASSESSMENT</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course presents theories and techniques for performing and documenting comprehensive health assessments across the life span. Topics include physiological, psychological, spiritual, sociocultural, and developmental variables of patients. This course requires 10 lab hours allowing students to demonstrate a complete health assessment.</td>
</tr>
<tr>
<td>NSG/510</td>
<td>THEORETICAL FOUNDATIONS OF NURSING ROLES AND PRACTICE</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course introduces the School of Nursing’s philosophical framework for professional practice. Topics include theories and models of the interrelated roles of the nurse as researcher, practitioner, and leader.</td>
</tr>
<tr>
<td>NSG/515</td>
<td>NURSING RESEARCH AND EVIDENCE-BASED PRACTICE</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course focuses on research and evidence-based practice in nursing science. A key focus is the process of translating knowledge influenced from quantitative and qualitative research into clinical guidelines. Topics include research methodologies and designs, statistical measures, and the role of the nurse as scientist.</td>

<td>NURSING LEADERSHIP</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course integrates the principles, theories, and models of leadership used in advanced nursing roles. A key focus is determining one's personal identity as a nurse leader. Topics include complexities in global health care, delivery systems, leadership in the current health care environment, and the future of nursing. Students begin developing a project to be finalized and presented in the capstone course.</td>
</tr>
<tr>
<td>NSG/525</td>
<td>ROLE OF THE NURSE EDUCATOR</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course examines the role of the nurse educator in research, education, community, service, and practice. Topics focus on emerging trends and issues that influence nursing education and the rights and responsibilities inherent in educational positions. This course requires 20 hours of clinical practicum.</td>
</tr>
<tr>
<td>NSG/530</td>
<td>THEORY AND PRINCIPLES OF NURSING EDUCATION</td>
<td>4</td>
<td>College of Health Sciences and Nursing</td>
<td>This course focuses on andragogy, educational frameworks, and learning theories. A key focus is for nurse educators to understand how students acquire knowledge. Topics include teaching strategies in diverse settings for nursing education. This course requires 20 hours of clinical practicum.</td>
</tr>
<tr>
<td>NSG/535</td>
<td>CURRICULUM DEVELOPMENT</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course focuses on curriculum design and development theories and research. A key focus is preparing educators to meet learning needs of students in changing social, cultural, and technological environments. Topics focus on aligning curriculum and course design to program mission, objectives, and outcomes. This course requires 20 hours of clinical practicum.</td>

<td>INSTRUCTIONAL DESIGN AND TECHNOLOGY</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course examines instructional design and development theories and research as a necessary foundation for meeting goals of outcome-based curriculum. Topics include current instructional design models and learning theories. Students apply the systematic process of analysis, design, development, implementation, and evaluation to create instructional products and solutions. This course requires 20 hours of clinical practicum.</td>
</tr>
<tr>
<td>NSG/545</td>
<td>ASSESSMENT, MEASUREMENT, AND EVALUATION</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>The course presents the use of statistical designs, qualitative data, and quantitative data in determining educational outcomes. A key focus is on assessment, measurement, and evaluation of clinical practice and nursing curriculum. This course requires 20 hours of clinical practicum.</td>
</tr>
<tr>
<td>NSG/550</td>
<td>ROLE OF THE NURSE ADMINISTRATOR</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course introduces the role of the nurse administrator in health care organizations. Topics include organizational theory, performance, and structure; change management; systematic processes; and human resource management. This course requires 20 hours of clinical practicum.</td>
</tr>
<tr>
<td>NSG/580</td>
<td>PRACTICUM</td>
<td>4</td>
<td>College of Health Sciences and Nursing</td>
<td>This capstone course integrates and synthesizes concepts addressed throughout the program. Students finalize and present a completed project including an implementation and evaluation plan. This course requires 80 hours of clinical practicum.</td>

Additionally, participants determine specific intervention strategies to address identified disabilities.</td>
</tr>
<tr>
<td>PHI/105</td>
<td>INTRODUCTION TO PHILOSOPHY</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>In this course, philosophical thinking and reasoning are introduced through the evaluation of the historical development, key contributors, and principle issues of philosophy. Topical areas include both Western and Eastern philosophy, moral and political philosophy, religious philosophy, as well as feminism. Student activities include, but are not limited to, creating campaign ads for fictional political parties, writing a letter in persona of a historical philosopher, and creating a PowerPoint® presentation that expresses personal philosophies.</td>
</tr>
<tr>
<td>PHI/215</td>
<td>PHILOSOPHY: METHODS AND APPLICATIONS</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course offers an intensive introduction to philosophic problems and methodologies as developed by major figures in the history of philosophy. Applications of philosophic methods to problem-solving, decision making, ethical thought, and strategic thinking are considered.</td>

<td>THEORIES OF PERSONALITY: I THINK, THEREFORE WHO AM I?</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>What is theory? What is personality? What is your theory of your personality? This course introduces the student to a number of personality theorists, their personalities, and their views in offering insight into the question of the self. Psychoanalytic, social behavioral, traits, biological, humanistic, and cognitive are some of the theories that will be discussed in this course.</td>

<td>This course is designed to introduce basic principles and methods of statistics, reasoning, and understanding of psychological data. Statistical and research concepts will be reviewed, and students will be introduced to statistical analysis.</td>
</tr>
<tr>
<td>PSY/250</td>
<td>PSYCHOLOGY OF PERSONALITY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course is an introduction to the study of personality. An examination of classic theoretical explorations of personality development, including analysis of how factors such as trauma, mental disorders, intelligence, creativity, and family structure affect personality. Focus is on approaches psychology has developed for understanding personality with applications for personal growth, interpersonal relationships, and organizational processes.</td>
</tr>
<tr>
<td>PSY/265</td>
<td>PSYCHOLOGY OF HUMAN SEXUALITY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course is a comprehensive view of the psychosocial and physiological aspects of sexual health in our contemporary society. The student will have opportunities to explore numerous relevant topics including love, intimacy, and relationships; sex and marketing; sexual diseases; sexual abuse; gender identity and sex roles; and socio-cultural influences and values in decision making. The course is designed for the student to understand attitudes and behaviors as they relate to sexual well-being and integrity.</td>

<td>College of Social Sciences</td>
<td>General Psychology is a survey course which introduces the student to the major topics in scientific psychology as applied to human behavior. Applications of these principles will be made to the human experience</td>
</tr>
<tr>
<td>PSY/301</td>
<td>EMOTIONAL INTELLIGENCE</td>
<td>1</td>
<td>College of Social Sciences</td>
<td>This course examines the concepts and practical applications of emotional intelligence. Emotional intelligence is the ability to manage one's own internal emotional environment and one's ability to participate in relationships with others in such a way as to maximize individual success in life as a functioning human being and member of society. Through a highly interactive format, the course will focus on how to assess basic skills in emotional intelligence, how to develop strategies to improve and enhance basic skill levels, and how to experiment with techniques that facilitate dealing with others of varying emotional backgrounds and competency levels.</td>
</tr>
<tr>
<td>PSY/305</td>
<td>PROFESSIONAL ORIENTATION IN PSYCHOLOGY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course is designed for students to explore issues professionals face in the field of psychology. Specifically, the course emphasizes legal and ethical concerns in psychological research and in practice. Emphasis will also be placed on knowledge of APA Ethical Principles and the integration of selected core competencies for professions related to psychology.</td>
</tr>
<tr>
<td>PSY/310</td>
<td>HISTORY AND SYSTEMS IN PSYCHOLOGY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>The purpose of this course is to familiarize the student with the various methods of inquiry, terminologies, and theoretical systems that comprise the history of psychology. A broader view is used to introduce the modern era of psychology and its use. These include: structuralism, functionalism, Gestalt, behaviorism, psychoanalysis, and phenomenological/existential approaches.</td>

</tr>
<tr>
<td>PSY/320</td>
<td>HUMAN MOTIVATION</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course seeks to synthesize the many theories of human motivation with the practical application of motivating employees. To this end, the course will examine historical theories as well as recent developments in the field of motivation and their relationship to management practices. The primary concepts of goals, quality of work, and rewards will be examined and applied to the workplace.</td>
</tr>
<tr>
<td>PSY/335</td>
<td>RESEARCH METHODS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course covers the fundamentals of research and evaluation in the field of psychology. Topics include critical analysis of research literature, quantitative methodologies, and an introduction to qualitative methods. Emphasis will be placed on understanding connections between research design, theories, and the application of results in psychology. Legal and ethical issues pertaining to research with human subjects will also be covered.</td>
</tr>
<tr>
<td>PSY/340</td>
<td>BIOLOGICAL FOUNDATIONS IN PSYCHOLOGY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course is designed to expose you to the underlying physiological mechanisms of behavior. Physiological psychology is a complex but fascinating field of study. It explores the relationship between our biological systems and behavior. Structure and function of the nervous system from the neuron to the brain, as well as the interrelationships between the brain and such behaviors as eating, sleeping, learning, memory, emotion, and mental disorders will be discussed using examples from the behavior of both humans and lower organisms.</td>

<td>THEORIES OF BEHAVIOR</td>
<td>3</td>
<td></td>
<td>This course is an introduction to principles of learning and behavior analysis and how they relate to the profession of psychology. Topics to be covered include conditioning, social learning, and philosophical and historical antecedents of behaviorism. The environmental influences of behavior, to understand the antecedent-consequence link and functions of behaviors, will also be covered. An emphasis will be placed on behavior-analytic strategies in a variety of settings including business and industry, education, and health and human services.</td>
</tr>
<tr>
<td>PSY/425</td>
<td>CHEMICAL DEPENDENCY IN THE WORKPLACE</td>
<td>3</td>
<td></td>
<td>Using an issues-based approach, this course examines drugs of abuse and the impact of abuse on the individual, family, and society with an emphasis on the employer and work environment. Legal and ethical implications of chemical dependency in the workplace are addressed, and the hallmarks of creating drug-free workplace programs are examined.</td>
</tr>
<tr>
<td>PSY/428</td>
<td>ORGANIZATIONAL PSYCHOLOGY</td>
<td>3</td>
<td></td>
<td>This course is concerned with analyzing the external and internal system dynamics that maximize performance excellence through individual and work groups. The course applies psychological factors to enhance work outcomes. Understanding external customer relationships is also explored.</td>
</tr>
<tr>
<td>PSY/430</td>
<td>TEAM DYNAMICS FOR MANAGERS</td>
<td>3</td>
<td></td>
<td>This course provides an exploration into how managers and employees work in groups for the completion of organizational objectives. Emphasis of the growing dependency on self-directed work teams is provided. This course equips students with the ability to work in teams successfully, to manage work teams, and to obtain results via team dynamics. Impacts upon customer satisfaction are explored.</td>

<td>3</td>
<td>College of Social Sciences</td>
<td>Students in this course will gain an appreciation for the processes I/O psychologists use to recruit, select, place, and develop employees, managers, and executives. This includes discussions about tests, assessment centers, interviews, succession planning, and departure. Students will examine the role of the I/O psychologist in awareness, preparedness, and response to behavioral problems or issues in the workplace.</td>
</tr>
<tr>
<td>PSYCH/645</td>
<td>PERSONALITY THEORIES</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course enables students to differentiate among the primary theoretical approaches to the study of personality, including psychodynamic, affective, cognitive-behavioral, and systems theories. Students examine the underlying assumptions inherent in various personality models and learn how the tenets of these models are investigated through empirical research.</td>

<td>HUMAN PERFORMANCE, ASSESSMENT, AND FEEDBACK</td>
<td>3</td>
<td></td>
<td>In this course students are familiarized with behaviors associated with the accomplishment of expected, specified, or formal role requirements on the part of individual organizational members as well as means for appraising and providing feedback to employees.</td>
</tr>
<tr>
<td>PSYCH/650</td>
<td>PSYCHOPATHOLOGY</td>
<td>3</td>
<td></td>
<td>This course will introduce students to the major categories of psychopathology as presented in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM). Mental disorders and their etiologies will be conceptualized from different perspectives, including cultural, biological, psychodynamic, cognitive-behavioral, existential and systemic. Ethical issues related to research and practice in the field will be addressed. Students will be challenged to consider various definitions of normality/abnormality, the process of rendering a diagnosis, and the symptoms, causes and interventions for commonly occurring mental disorders.</td>
</tr>
<tr>
<td>PSYCH/655</td>
<td>PSYCHOMETRICS</td>
<td>3</td>
<td></td>
<td>This course will introduce students to the science and practice of psychological testing and assessment. Students will learn to evaluate the quality of various psychological tests and develop an understanding of the complex process of test development. Social, cultural and ethical issues will be addressed as students examine the psychometric properties and appropriate applications of commonly used educational, intelligence and personality assessment instruments.</td>

<td>WORK MOTIVATION AND JOB ATTITUDES</td>
<td>3</td>
<td></td>
<td>Students will evaluate various theories of motivation and develop a familiarity and understanding of pertinent research in the field. Students will be able to adapt motivational constructs to the enhancement of employee attitudes, effectiveness, and well-being across a range of organizational contexts.</td>
</tr>
<tr>
<td>PSYCH/660</td>
<td>ETHICS AND PROFESSIONAL ISSUES</td>
<td>3</td>
<td></td>
<td>This course surveys various professional activities in psychology with emphasis on the legal and ethical responsibilities of psychological researchers and practitioners. Students will study the APA Code of Ethics and analyze case studies involving assessment, research and practice in psychology. Topics include ethics in research, the purpose and function of internal review boards (IRBs), participant and client rights, informed consent, confidentiality, duty to warn and protect, dual relationships, supervision, consultation, ethical considerations when working with diverse populations, and the application of ethical decision-making models.</td>
</tr>
<tr>
<td>PSYCH/665</td>
<td>INTEGRATIVE CAPSTONE: PSYCHOLOGY PAST AND PRESENT</td>
<td>3</td>
<td></td>
<td>This course will trace the historical progression of ideas and concepts in Psychology with emphasis on pivotal experiments that influenced our understanding of human behavior. Students will select a specific area of study and explore the historical roots of their selected topic. Students will conduct a comprehensive literature review of a contemporary issue or problems related to their selected topic and develop either an applied project or research proposal.</td>
</tr>
<tr>
<td>PSYCH/670</td>
<td>MASTER'S THESIS</td>
<td>3</td>
<td></td>
<td>Only those students who have developed a detailed and manageable research proposal in PSYCH/665 may enroll in this course. During the course, the student will implement a small-scale or quantitative study, analyze the data and document the research in an APA style manuscript.</td>

<td>PSYCH/700</td>
<td>INTRODUCTION TO I/O</td>
<td>3</td>
<td>This survey course introduces the domains of the Industrial Organizational (I-O) PhD program. The topics include an overview of the four primary domains of I-O psychology: human resource management, factors influencing employee performance, organization development, and research relevance within the I-O field of study. Furthermore, the learner will gain a firm understanding of: The evolution of the I-O field of study from the foundations of the field to the present day; the various ways that I-O psychologists contribute to organizations; the unique contributions of I-O psychology to the broader scientific community; and the main ethical issues likely to be encountered in the field. The survey course covers a wide variety of topics, with the goal of exposing students to the main issues influenced by I-O psychologists. Students will be engaged in academic writing and APA style.</td>
<td></td>
</tr>
<tr>
<td>PSYCH/701</td>
<td>HISTORY AND SYSTEMS OF PSYCHOLOGY</td>
<td>3</td>
<td>In this course learners examine the history of and different systems in psychology, the development of the discipline of psychology, and key factors that guided its evolution into present form. Different aspects of natural science, including rational and paradigmatic approaches, and how these aspects relate to social science are also examined.</td>
<td></td>
</tr>
<tr>
<td>PSYCH/702</td>
<td>SOCIAL PSYCHOLOGY</td>
<td>3</td>
<td>This course covers the basic theoretical foundations and recurrent themes in social psychology (including attitudes, stereotyping, conformity, power, aggression, pro-social behavior, the social self, emotions, group dynamics, and inter-group relations). The emphasis is on recent empirical and theoretical developments and includes models of social cognition that are a focus of contemporary social psychological theories.</td>
<td></td>
</tr>
<tr>
<td>PSYCH/703</td>
<td>PERSONALITY THEORIES</td>
<td>3</td>
<td>This course enables students to differentiate among the primary theoretical models of personality theory, such as psychodynamic, affective, cognitive-behavioral, and humanistic theories. Emphasis is on the importance of learners recognizing belief systems and underlying assumptions inherent in various personality models that accurately reflect their own personal perspectives and to recognize strategies and approaches in psychology that reflect identified personality theories as foundation.</td>

<tr>
<td>RDG/503</td>
<td>PHONOLOGICAL THEORY AND APPLICATION</td>
<td>3</td>
<td>College of Education</td>
<td>This course addresses the linguistic, neurological, cognitive, and socio-cultural factors that influence readers and writers. The No Child Left Behind (NCLB) Act, national and state standards in literacy, and high stakes assessments have resulted in more attention placed on the role of phonics in students' reading and writing achievement. Participants study relevant research, theories, and instructional approaches, including technology and multimedia, to support phonics as a fundamental component of effective reading, writing, and spelling programs.</td>
</tr>
<tr>
<td>RDG/524</td>
<td>TEACHER LEADERSHIP</td>
<td>3</td>
<td>College of Education</td>
<td>This course prepares participants to define, clarify, and reflect on their roles as educational leaders in diverse school communities. Participants explore leadership strategies for collaboration, coaching and mentoring, communication, and lifelong learning. Defining trends in teacher leadership, building a leadership supportive culture, and becoming a change agent are examined. Participants create a model for collaborating with school and community stakeholders to foster positive change in the school environment.</td>

<td><strong>ELEMENTARY READING AND WRITING STRATEGIES</strong></td>
<td>3</td>
<td>College of Education</td>
<td>This course empowers participants to support diverse elementary students to read and write with ease and confidence. Participants explore the principles, theories, and standards that help students read and write well. In particular, participants explore reading and writing materials, instructional tools and strategies, and assessment techniques.</td>
</tr>
<tr>
<td>RDG/526</td>
<td><strong>ADOLESCENT LITERATURE</strong></td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on evaluating, selecting, and integrating adolescent literature in 6th-12th grade classrooms. Participants investigate gender, language, and other individual preferences in literature. Participants analyze various techniques for teaching diverse learners using an array of culturally responsive, age-appropriate, classic, contemporary, and award-winning literature. Participants examine the use of text sets, choice books, technology links, audio books, author studies, performance assessments, and book-to-film features to incorporate across the curriculum.</td>
</tr>
<tr>
<td>RDG/527</td>
<td><strong>CONTENT AREA READING AND WRITING FOR ADOLESCENTS</strong></td>
<td>3</td>
<td>College of Education</td>
<td>In this course, participants explore the teaching of reading and writing in 6-12 content area classrooms. Participants learn instructional strategies, comprehension strategies, and techniques for using reading and writing to learn. Also, methods for differentiating reading and writing for adolescents are examined.</td>
</tr>
<tr>
<td>RDG/528</td>
<td><strong>READING ASSESSMENT</strong></td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on K-12 reading assessment. Participants examine various types of assessment for use in the classroom, the school, the district, and the state. Participants explore objective tests, performance assessments, and standardized testing. Topics include evaluation of curriculum and assessment, data-driven decision making, Response to Intervention for struggling readers, diversity and assessment, and ethical and legal considerations.</td>
</tr>
<tr>
<td>RDG/529</td>
<td>CHILDREN'S LITERATURE</td>
<td>3</td>
<td>College of Education</td>
<td>This course prepares participants to use culturally diverse literature to improve speaking, reading, and writing skills. Participants learn to judge the literary quality and cultural authenticity of diverse literature, create and share learning activities, and explore communication opportunities. An additional focus is the design of instructional strategies that emphasize multicultural and gender-sensitive literature.</td>

<td>DIAGNOSIS AND REMEDIATION OF READING DIFFICULTIES</td>
<td>3</td>
<td>College of Education</td>
<td>This course addresses instructional reading or language arts strategies, student activities, and resources that can be utilized, based on students’ contextual information and assessment results. It provides foundational information about stages of reading, factors that impact reading ability, and the nature of reading difficulties. This information serves as a context for learning about the administration and interpretation of formal and informal classroom assessments for the purposes of screening, diagnosing difficulties, monitoring progress, and evaluating instruction. In addition, a final case study report and intervention plan is developed based on student data provided.</td>
</tr>
<tr>
<td>RDG/536</td>
<td>READING METHODS: PRIMARY</td>
<td>3</td>
<td>College of Education</td>
<td>This course explores current theories and methods to support the literacy development of pre-kindergarten through third grade children. Participants explore foundations of language and literacy, children’s transitions from oral language to concepts of print, and the techniques, technology, and texts to build a community of readers and writers using a balanced, integrated approach. Participants analyze effective ways to plan for, differentiate, extend, and assess children’s literacy learning while respecting differences in experiential background, language, culture, and special learning needs.</td>

</tbody>
</table>
RES/711 FUNDAMENTAL PRINCIPLES OF SOUND RESEARCH

3 School of Advanced Studies

RES/711 emphasizes epistemologies and ontologies of research, along with similarities and differences between the major research approaches. Learners will develop an understanding of the foundations and origins of research, the nature of research, paradigms underlying different major research approaches, the process of research, quantitative and qualitative research basics, and critical issues in conducting research.

RES/713 STATISTICS

3 School of Advanced Studies

This course provides learners with a foundation in the design of statistical research. This course builds on the material covered in Quantitative Methods and Statistical Analysis by elaborating on the various statistical techniques used in the analysis of data generated by empirical research. The course includes both descriptive and inferential statistical methods and spans parametric and non-parametric statistical methods including multi-variant research designs.

RES/714 QUANTITATIVE METHODS AND STATISTICAL ANALYSES

3 School of Advanced Studies

This course is designed to provide students with an overview of quantitative research approaches and their application to decision making in higher education. Various methodologies for data collection and statistical analyses will be discussed, with an emphasis on the ways in which quantitative analyses are utilized in educational settings.

RES/714A QUANTITATIVE METHODS AND STATISTICAL ANALYSIS

3 School of Advanced Studies

This course is designed to provide students with an overview of quantitative research approaches and their application to decision making in higher education institutions. Students will apply critical thinking skills to address research problems. Various quantitative methods for data collection and statistical analyses will be explored, with an emphasis on ways in which quantitative analyses are utilized in higher education settings.

<td>3</td>
<td>School of Advanced Studies</td>
<td></td>
</tr>
<tr>
<td></td>
<td>This course focuses on statistical analysis methods and reporting of results when describing and comparing data from groups. Learners will explore the assumptions, advantages, limitations, and appropriate applications of these quantitative approaches. The methods covered will include comparison of means for various forms of data including multiple means using methods of basic and advanced factorial ANOVA. Multivariate comparisons will also be explored under conditions of multiple independent and dependent variables using techniques including Hoetelling’s T, MANOVA and related techniques. Depending on the learners’ needs other approaches may be covered.</td>

<tr>
<td>RES/729</td>
<td>ETHNOMETHODOLOGY AND THE STUDY OF CULTURE</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>In this course, students will build knowledge of and competence with data analysis techniques developed in the anthropological tradition of ethnography. Integrating data from multiple collection methods (e.g. observational field notes, interviews, analyses of cultural artifacts), students will develop coding/thematic grouping protocols as well as strategies to develop findings into comprehensive interpretation of a particular culture. The course will conclude with a comprehensive overview of the process and practice of writing up ethnographic texts, centering largely on “thick description” as a critical mode of representation.</td>
</tr>
<tr>
<td>RES/731</td>
<td>RESEARCH METHODS AND STATISTICS IN I/O (I)</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course provides learners with a foundation in the design of psychological research. The importance of how to select appropriate measures for a study, different research designs - experimental, quasi-experimental, and correlational, and threats to reliability and validity are discussed.</td>
</tr>
<tr>
<td>RES/732</td>
<td>RESEARCH METHODS AND STATISTICS IN I/O (II)</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course builds on the material covered in Research Methods and Statistics I by elaborating on the various statistical techniques used in the analysis of data generated by empirical research. The course includes both descriptive and inferential statistical methods and spans parametric and non-parametric statistical methods.</td>
</tr>
<tr>
<td>RES/733</td>
<td>CRITERION DEVELOPMENT, PERFORMANCE EVALUATION, AND APPRAISAL</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course focuses on key issues related to the development of measurement criterion in organizations. Theoretical and practical issues related to performance evaluation and appraisal are also discussed.</td>
</tr>
<tr>
<td>RES/741</td>
<td>TESTING AND MEASUREMENT</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>A comprehensive overview of the psychological tests and measurements used by I-O psychology practitioners. Basic psychometric principles, such as reliability, validity, and standardization, will be explored. Students will also learn about the steps involved in test development and considerations surrounding the interpretation of test scores. Professional and ethical standards and guidelines for testing are reviewed.</td>
</tr>
<tr>
<td>RES/745</td>
<td>GROUNDED THEORY METHODS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course is designed to provide advanced graduate students with instruction in qualitative approaches as applied to social science research, where the research objective is the development of theory. Building upon an existing understanding of qualitative inquiry, students explore the concept of data within grounded theory as well as the techniques and processes traditionally found within grounded theory, such as the constant comparative method. Focus is placed on the steps and procedures for analyzing data within a grounded theory context.</td>
</tr>
<tr>
<td>RES/746</td>
<td>MIXED METHODS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>The Mixed-Methods course focuses on both conceptual issues surrounding the use of mixed methods in business, education, nursing and social science research and the analysis of data using mixed methods. The course will involve scrutiny of published mixed-method research throughout, and uses published research for reference purposes throughout the course. Students are expected to develop skills in mixed-method research by engaging in actual analysis of data using mixed methods. Thus, the course will blend conceptualization, design, and analysis. Content of the course represents a clear recognition of the importance of mixed methods in research and the growing importance of a solid knowledge of both quantitative and qualitative approaches -- and their blending -- to actually design and conduct meaningful doctoral level research.</td>
</tr>
<tr>
<td>RES/750</td>
<td>APPROACHES TO RESEARCH: QUANTITATIVE/QUALITATIVE I</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>In this course, students will learn about foundational quantitative and qualitative research designs and their appropriateness for achieving a study's objectives. Topics include research methods and design, the development of problem statements, purpose statements, research questions, and hypotheses. Learners will create the foundational components of a concept paper for the two topics identified by the student during PSYCH/720R.</td>
</tr>
</tbody>

<th>School of Studies</th>
</tr>
</thead>
<tbody>
<tr>
<td>RES/751</td>
<td>Approaches to Research: Quantitative/Qualitative II</td>
<td>3</td>
<td>School of Advanced Studies</td>
</tr>
</tbody>
</table>

In this course, students will critically evaluate the two research topics developed into draft concept papers during RES/750 to determine which topic is most viable for their dissertation study. After selecting a topic, students will more deeply examine quantitative and qualitative research designs, including key methodological approaches. They will continue to develop key components of their dissertation concept paper and focus on a brief review of the literature, a summary of the theoretical or conceptual framework, and a justification of their research methods and design choices.

### RES/752 Research Constructs and Design

<td>INTRODUCTION TO SECURITY MANAGEMENT</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>Introduction to the basics of corporate security management, including the development, documentation, and implementation of policies and procedures for protecting corporate assets. Identifies security management procedures that support information classification, risk assessment, and risk analysis to identify threats, categorize assets, and rate system vulnerabilities. Course also introduces concepts that will be further developed in the next five courses.</td>
</tr>
<tr>
<td>SEC/110</td>
<td>INTRODUCTION TO THE CRIMINAL JUSTICE SYSTEM AND PATRIOT ACT</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>An overview of the criminal justice system in the United States. Insights will be provided on the history, philosophy and social development of both federal and state criminal justice systems and the impact of the Patriot Act on these systems.</td>
</tr>
<tr>
<td>SEC/120</td>
<td>CORPORATE SECURITY ESSENTIALS</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>Introduction to the systems and processes that identify and effectively mitigate activities that may threaten the resilience and continued survival of an enterprise. Overview of corporate activities that oversee and manage the close coordination of all functions within a company that are concerned with security, continuity and safety.</td>
</tr>
<tr>
<td>SEC/130</td>
<td>PRIVATE SECURITY ISSUES AND CONFLICTS</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>Introduction to private security guidelines that are essential to the success and safety of individuals and professional private policing organizations. Course also examines, through case study, examples of private security firm failures and successes.</td>

<td>INCIDENT COMMUNICATION PLANS AND SYSTEMS</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>Overview of plans that swiftly and effectively communicate incident details and subsequent response actions. Course also introduces concepts to pre-plan standardized methods and notification procedures that will allow companies to rapidly communicate in the event of a crisis condition. Course will establish that well planned communication procedures will streamline anticipated methods and assure messages are received promptly during a crisis situation.</td>
</tr>
<tr>
<td>SEC/150</td>
<td>INSIDER THREATS FUNDAMENTALS</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>Course provides an overview of threats to an organization that come from people within the organization, such as employees, former employees, contractors or business associates, who have inside information concerning the organization’s security practices, data and computer systems. Insider threats may involve fraud, the theft of confidential or commercially valuable information, the theft of intellectual property, or the sabotage of computer systems, either directly or through indirect access.</td>
</tr>
<tr>
<td>SEC/200</td>
<td>EMERGENCY MANAGEMENT AND RESPONSE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>Introduction to the development of an emergency response plan which includes conducting risk assessments to identify potential emergency scenarios. Course will provide insights on potential threats and the need to respond with appropriate resources. Course will also review actual corporate emergency plans that include building evacuation (“fire drills”), sheltering from severe weather such as tornadoes, &quot;shelter- in-place&quot; from an exterior airborne hazard such as a chemical release and lockdown procedures when confronted with an act of violence.</td>
</tr>
<tr>
<td>SEC/210</td>
<td>PHYSICAL ASSET PROTECTION</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course introduces students to examining physical assets and evaluating risk as a result of associated threats and identified vulnerabilities. Based on a risk analysis model, students will evaluate assets, prioritize threats, and apply critical thinking to countermeasures with consideration for a cost- benefit analysis.</td>

<td>INTRODUCTION TO SUSTAINABLE AGRICULTURE</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course introduces principles in sustainable agriculture as it relates to environmental and socioeconomic issues. Students evaluate the environmental impact of conventional agriculture, and the solutions that sustainable agriculture provides. Students examine the principles and effectiveness of sustainable agriculture and its ability to meet the global demand for food. Upon completion of the course, students are able to analyze issues regarding sustainable agriculture and its effects on society and the environment.</td>
</tr>
<tr>
<td>SUS/350</td>
<td>GREEN BUILDING AND URBAN PLANNING</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course introduces students to the practices of green building design and urban planning. Students examine the principles of green building with a focus on land use and urban design and development. Upon completion of the course, students are able to evaluate sustainable design considerations, including economic analysis, environmental policies and strategies, land and energy usage, resource and waste reduction, transportation, and urbanization.</td>

<td>SUSTAINABLE ECOSYSTEMS</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>In this course, students evaluate the principles of sustainable practices in aquatic and terrestrial environments. Students analyze the factors that govern ecosystems sustainability which include density-dependent regulations, mechanisms of biodiversity, invasive species, and equilibrium dynamics. The impact of human activities and management practices on the environment is examined. Emphasis is placed on applying ecological theory to restore and manage habitats and populations.</td>
</tr>
<tr>
<td>SUS/380</td>
<td>SUSTAINABLE PLANNING AND LAND USE</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>In this course, students evaluate strategies that lead to the promotion of sustainable development, planning, and land use. Students develop a sustainable land use plan for natural and human-dominated landscapes and its impact on socioeconomic issues. Upon completion of the course, students are able to apply management strategies and relevant land use practices to achieve sustainability.</td>
</tr>
<tr>
<td>SUS/385</td>
<td>SUSTAINABLE OCEAN USE</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>In this course, students evaluate the principles of sustainable ocean use. Students analyze the environmental and economic role of the oceans. The sources and impact of ocean environmental degradation are examined. Topics include fisheries, aquaculture, natural resources and uses, and pollution. Sustainable management practices are analyzed by examining global environmental policies and regulations.</td>
